MEMORANDUM

To: Campus Presidents
From: Frederick P. Schaffer
Re: Donation of Used Equipment

Many of you have brought questions to me concerning your wish to donate equipment which is no longer useful to the college, rather than sending it to salvage. Often, the college has made full use of computer equipment, in particular, but knows that it may still be useful to other not-for-profit concerns. Because computer equipment may contain both proprietary software and confidential information and data, particular care is warranted before transferring the equipment outside the college.
To facilitate your donation process while protecting the university, my office has prepared an Agreement for Donation, including instructions for your staff. I have attached a copy of both. Both are simultaneously being distributed in electronic form <h:donate.wpd> to members of your staff, listed below. If you have any questions, feel free to contact Daphna Mitchell (212) 794-5381, my Deputy Jane Sovern (212) 794-5589 or me.

   Suggestions for wiping:
   
   □ Manual for government-level wipe for moderately sensitive information:

   http://nsi.org/Library/Govt/Nispom.html

   □ Search here, using term "wipe":

   □ Recommended commercial software:

   [look for "wipefile"]

   http://www.jetico.com/
   [look for BCWipe™]

2. Donee signs form
   
   • The Donee must sign the attached “Agreement for Donation” before taking possession of the equipment. This will protect the College and the University.
   
   • Insert the relevant data in the first paragraph and the removal date in Section I (c) (2).

3. College installs open source, freeware or shareware operating system, browser, office suite, etc.
