Writing Program Workshop

October 9, 2013

English Department Conference Room

Using Our Handbook

Facilitators:

Frank Cioffi, Baruch College

John LaVacca III, Pearson Learning

Heather Peck, Pearson Learning

As you know, we are into our second year of adoption of the *Little Brown Essential Handbook*, and if students purchase the whole package that we ordered, they have access to an online support program. This has been called MyCompLab.

Pearson is now introducing a new version of this support program, and it's called MyWritingLab. This workshop will be one in which some representatives from Pearson Longman, John LaVacca and Heather Peck, explain to us how the new program works and how we might best use it in our courses.

Please join us for this first workshop of the year. You will be reimbursed at the usual rate. Lunch will be provided.
