OFFICIAL STATEMENT
OF
MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK

$138,020,000 SERIES 29 BONDS
$98,980,000 SERIES 30 BONDS

PART 1 - INTRODUCTION

Certain factors and additional information that may affect decisions to invest in the Series 29 and 30 Bonds are described throughout this Official Statement which should be read in its entirety. Certain terms used in this Official Statement are defined in the Appendix.

The Corporation ... The Municipal Assistance Corporation For The City of New York is a public benefit corporation of the State created for the purpose of providing financing assistance and fiscal oversight for the City.

The Bonds ... The Series 29 and 30 Bonds will be issued pursuant to the Corporation's Second General Bond Resolution. Certain revenues of the Corporation described below are pledged to the payment of the Series 29 and 30 Bonds, which are general obligations of the Corporation and are not obligations of either the State or the City.

Payment of the Bonds and Debt Service Coverage.... The Corporation's revenues pledged to the payment of Second Resolution Bonds are derived from moneys that are paid to the Trustee, subject to annual appropriation by the State Legislature, from three sources: Per Capita Aid and (after satisfying debt service, operating expenses and capital reserve funding requirements under the Corporation's First General Bond Resolution) the Sales Tax and the Stock Transfer Tax. "Per Capita Aid" consists of amounts that otherwise would have been payable to the City under the State law that provides for a general revenue sharing program applicable to localities throughout the State. The "Sales Tax" consists of a State sales tax imposed within the City, at the rate of 4%, on most retail and certain other sales. The "Stock Transfer Tax" consists of the State tax on the transfer of stocks and certain other securities. The Corporation has no taxing power.

Assuming that amounts available to the Corporation from Per Capita Aid, Sales Tax and Stock Transfer Tax continue at present levels, Available Revenues for debt
service on all outstanding Second Resolution Bonds, including the Series 29 and 30 Bonds, and assuming the issuance of $100 million of previously authorized Series 28 Bonds to be issued upon the exercise of outstanding Warrants of the Corporation, would be as follows:

The authority of the State to impose and collect the Sales Tax and pay the Sales Tax and Stock Transfer Tax revenues to the Corporation has been affirmed by the
State's highest court, and the United States Supreme Court dismissed the appeal of the State court's decision for lack of a substantial Federal question.

For further information with respect to the Corporation's revenues and debt service, as well as estimated coverage ratios, see "PART 5 -- PAYMENT OF THE BONDS" and "PART 6 -- DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS."

The Corporation has covenanted not to issue additional Second Resolution Bonds unless available revenues, calculated substantially in the manner outlined above, would cover estimated maximum annual debt service payments on Second Resolution Bonds at least 2 times. The Corporation has covenanted with the holders of its Warrants to consider the $100 million of Series 28 Bonds outstanding for purposes of such calculation.

The Corporation has covenanted not to issue additional First Resolution obligations if the maximum annual debt service payments on all First Resolution obligations would exceed $425 million. Maximum annual debt service on currently outstanding First Resolution obligations is $358 million.

The Legislature has appropriated Per Capita Aid, the Sales Tax and the Stock Transfer Tax for the benefit of the Corporation for each of the State's fiscal years since the inception of the Corporation. The Corporation expects that the Legislature will continue to make such appropriations so long as the Corporation's bonds are outstanding. Under the State Constitution, however, the Legislature cannot be bound or obligated to appropriate such revenues for the benefit of the Corporation.

The Corporation believes that any failure by the State to make annual appropriations as expected would have a serious impact on the ability of the State and its agencies to raise funds in the public credit markets.

After the issuance of the Series 29 and 30 Bonds, and assuming the issuance of $100 million Series 28 Bonds, the Corporation will have outstanding an aggregate of $6.940 billion of its bonds; $4.558 billion issued under the Second
To enable the Corporation to assist in financing the City's capital needs during its 1983 and 1984 fiscal years, the State enacted legislation in June 1980 increasing the amount of obligations which the Corporation may issue to $10 billion (excluding refunding obligations and short-term notes) and extending through December 31, 1984 the period during which such obligations, other than refunding obligations, may be issued. The additional $1.2 billion of issuance authority provided by the 1980 legislation is limited to funding City capital needs and the Corporation's required reserve funds. The 1980 legislation provides sufficient bond issuance authority to enable the Corporation to fulfill its role through December 31, 1984 under the Debt Issuance Plan.

Outstanding Debt of the Corporation

After the issuance of the Series 29 and 30 Bonds and assuming the issuance of $100 million of Series 28 Bonds, the Corporation will have issued approximately $7.646 billion aggregate principal amount of bonds and notes for purposes of the $10 billion statutory issuance limit (which limit excludes refunding obligations). After such issuances, the Corporation will have outstanding (excluding bonds that have been refunded) $4.558 billion aggregate principal amount of bonds issued under the Second General Bond Resolution and $2.382 billion aggregate principal amount of bonds issued under the First General Bond Resolution. The Second General Bond Resolution provides that all outstanding Second Resolution Bonds will be on a parity with each other, regardless of the date of issuance.

First Resolution obligations have no claim on Per Capita Aid, which is a principal source of payment for the Second Resolution Bonds. First Resolution obligations have a claim prior to that of Second Resolution Bonds on all amounts available to the Corporation from the Sales Tax and the Stock Transfer Tax. The Corporation has covenanted not to issue additional First Resolution obligations if the maximum annual debt service payments on all First Resolution obligations would exceed $425 million.

For additional information concerning the financial condition of the Corporation, see the audited financial statements of the Corporation as at June 30, 1980, and the unaudited financial statements for the nine months ended March 31, 1981, annexed hereto as Exhibit A, and "PART 19--FINANCIAL STATEMENTS."

PART 3—USE OF PROCEEDS

The proceeds of the sale of the Series 29 and 30 Bonds will be $237 million, all of which will be used to provide funds to the City for capital improvements includable in the City's capital budget. Such funds will be made available to the City through the subsequent purchase by the Corporation of bonds issued by the City to finance such improvements and will be paid to the City upon certification by the Mayor that the amount is required by the City to pay for items permitted by law to be included in the City's capital budget during the fiscal year in which the funds are paid to the City. Neither the City bonds acquired by the Corporation with the proceeds of this offering nor the payments of principal and interest with respect to such bonds will be subject to the lien created by the pledge under the First or Second General Bond Resolution, except to the extent such payments are actually paid into one of the Corporation's accounts as to which such lien applies.
PART 4—DEBT ISSUANCE PLAN

In November 1978, the Corporation in conjunction with the City developed the Debt Issuance Plan to provide up to $4.5 billion of long-term financing for the City during the 1979 through 1982 fiscal years. For a description of the City's financial plan for such fiscal years, see "PART 9--CERTAIN DEVELOPMENTS AFFECTING THE CITY--Recent Financial History." The Corporation and the City have successfully implemented the 1979 and 1980 fiscal year components of the Debt Issuance Plan. The Debt Issuance Plan assumed that the City would be able (i) to sell to the public $300 million and $650 million of its bonds during its 1981 and 1982 fiscal years, respectively, in order to meet a portion of its capital needs in those years, while the balance of those needs would be met from financing commitments under the Debt Issuance Plan, and (ii) to meet fully its capital needs through the public sale of its bonds after the 1982 fiscal year.

Despite the progress made by the City as reflected in its adoption of an operating budget for the 1981 fiscal year balanced in accordance with GAAP and the implementation of other budgetary and accounting reforms, it became apparent that the City would not be able to issue long-term bonds to the public in the full amount or at the times projected in the Debt Issuance Plan, as adopted in 1978, to meet its capital needs. Accordingly, the Debt Issuance Plan has been supplemented.

The City currently projects its capital needs to be approximately $823 million and $821 million during its 1981 and 1982 fiscal years, respectively, and approximately $1 billion during each of its 1983 through 1985 fiscal years. The Plan, as supplemented, is intended to enable the Corporation to assist the City in financing these needs. The City's capital needs would be met through the following sources: (figures in parentheses indicate the amount issued to date, including the Series 29 and 30 Bonds but excluding the unissued Series 28 Bonds) (i) completion of the previously scheduled sales of $861.7 million of the Corporation's bonds ($537 million) to the Financial Institutions and the City Pension Funds during the 1981 and 1982 fiscal years, (ii) sales to the public of $1.85 billion of the Corporation's bonds ($200 million) through December 31, 1984, (iii) sales of $900 million of federally guaranteed City bonds ($300 million) to the City and State Pension Funds during the 1981 and 1982 fiscal years, and (iv) public sales of $1.7 billion of City bonds ($75 million) through its 1985 fiscal year. The Plan requires that a portion of the proceeds from the sales of the Corporation's bonds during the City's 1981 and 1982 fiscal years be retained by the Corporation to provide for the City's 1983 and 1984 capital needs. The table set out below shows the sources and amounts of funds to be provided during each fiscal year through 1985 under the Plan. The Plan assumes that the City will be able to meet, through sales of its bonds, its full capital needs after its 1985 fiscal year.
PART 5--PAYMENT OF THE BONDS

General

The Second Resolution Bonds are general obligations of the Corporation payable out of certain pledged revenues as well as any other available revenues of the Corporation. The Second Resolution Bonds are entitled to a first lien, created by the pledge under the Second General Bond Resolution, on all moneys and securities paid or deposited into the Corporation's Bond Service Fund and Capital Reserve Aid Fund under the Second General Bond Resolution, which are held by United States Trust Company of New York, as Trustee. Such moneys and securities include the following:

(i) amounts derived from Per Capita Aid, less certain prior statutory claims, none of which has been asserted since the inception of the Corporation;

(ii) amounts derived from the Sales Tax and Stock Transfer Tax, after satisfying annual funding requirements for the Corporation's outstanding First Resolution obligations and operating expenses of the Corporation;

(iii) amounts received from the State to replenish the Capital Reserve Aid Fund, see "Maintenance of Capital Reserve Aid Fund" in this Part 5; and

(iv) any interest or income earned on investments of amounts deposited into the Bond Service Fund and Capital Reserve Aid Fund.

The amounts described in (i) and (ii) above are paid to the Corporation from two special funds established by the Finance Law and held in the custody of the State Comptroller, the Municipal Assistance State Aid Fund and Municipal Assistance Tax Fund, respectively. The Finance Law provides that the State Comptroller shall make payments from these special funds to the Corporation's Bond Service Fund and Capital Reserve Aid Fund, in accordance with certificates of the Corporation setting forth the amount and timing of its cash requirements on a quarterly basis in order to deposit these amounts in advance of interest and principal payment dates and capital reserve funding dates. (Although quarterly payments of Per Capita Aid are provided for by the Finance Law, substantially all of the Per Capita Aid payable to the Corporation is paid on an annual basis in June.) Payments of Sales Tax and Stock Transfer Tax revenues are made to the Corporation to meet requirements under the Second General Bond Resolution only to the extent such revenues are not needed to meet requirements under the First General Bond Resolution.

After the Corporation's certified requirements have been satisfied in full for a particular quarter, excess moneys in such special funds are paid to the City. Stock Transfer Tax revenues not required by the Corporation are paid to a fund established to provide rebates of such Tax and then any excess moneys are paid to the City. Pursuant to the Finance Law, the State Comptroller may not disburse Sales or Stock Transfer Tax revenues or Per Capita Aid held by him to the City or any other entity so long as an amount certified by the Corporation as required to be paid by the date of disbursement to the City remains unpaid.

Payments to the Corporation by the State are required to be made by the State only if and to the extent that such amounts have been appropriated by the State.
Legislature or that revenues have otherwise been made available therefor by the State.

The holders of the Second Resolution Bonds do not have any lien on Per Capita Aid, Sales Tax or Stock Transfer Tax until the moneys derived therefrom are paid into the Corporation's Bond Service Fund and Capital Reserve Aid Fund. The Act provides that any provisions of the Second General Bond Resolution and the Second Resolution Bonds with respect to provision for payment by the State to the Corporation of Per Capita Aid, the Sales Tax or the Stock Transfer Tax are executory only to the extent of the moneys available from time to time from such Aid and Tax sources and held by the State, which moneys shall have been theretofore appropriated to the Corporation, and no liability on account thereof shall be incurred by the State beyond the moneys available from such sources.

The Corporation currently holds substantial amounts of bonds and notes of the City and will, as required by the Act, acquire substantial additional amounts of bonds in connection with providing capital financing for the City. Such obligations held from time to time by the Corporation are not subject to the lien created by the pledge under the First or Second General Bond Resolution. In certifying its requirements, the Corporation may not take into account any amounts payable on such City obligations but not yet received by the Corporation. However, the requirements for any fund may be reduced to the extent that such moneys are received and deposited into such fund of the Corporation.

The Corporation is a corporate governmental agency and instrumentality of the State and not of the City. The Corporation has no taxing power. The Second Resolution Bonds do not constitute an enforceable obligation, or a debt, of either the State or the City, and neither the State nor the City is liable thereon. Neither the faith and credit nor the taxing power of the State or the City is pledged to the payment of principal of or interest on the Second Resolution Bonds.

If the Corporation were to become insolvent or unable to meet its debts as they mature, the Corporation could file a petition for relief under Chapter 9 of the Federal Bankruptcy Code pursuant to which the Corporation's securities could be adjusted or modified, if the Corporation were to be authorized by State law to file such a petition and if it were to meet other conditions specified in Chapter 9. The Corporation is not now authorized by the State to file a Chapter 9 petition and the Corporation does not anticipate that it will seek such authorization or need the relief provided by Chapter 9.

Appropriation by Legislature

The Finance Law provides that the State Legislature shall appropriate Per Capita Aid, the Sales Tax and the Stock Transfer Tax for the benefit of the Corporation, and the Legislature has so appropriated Per Capita Aid, the Sales Tax and the Stock Transfer Tax for each of the State's fiscal years since the inception of the Corporation. The Corporation expects that the Legislature will continue to make such appropriations so long as the Corporation's bonds are outstanding. Under the State Constitution, however, the Legislature cannot be bound or obligated to appropriate such revenues for the benefit of the Corporation.
The Corporation believes that any failure by the Legislature to make appropriations as expected would have a serious impact on the ability of the State and its agencies to raise funds in the public credit markets. See "PART 8 --CERTAIN DEVELOPMENTS AFFECTING THE STATE."

The State is not bound or obligated to continue payment of Per Capita Aid or to impose either the Sales Tax or the Stock Transfer Tax or to make any appropriations to the Corporation of the revenues received therefrom. The Second General Bond Resolution, however, provides that each of the following shall constitute an event of default with respect to the Second Resolution Bonds: (i) the failure of the State to continue to pay Per Capita Aid, as the laws relating to Per Capita Aid may be amended, or a reduction by the State of the amount of Per Capita Aid payable during any fiscal year to an amount less than the maximum annual debt service payable on the outstanding Second Resolution Bonds; (ii) the failure of the State to continue the imposition of either the Sales Tax or the Stock Transfer Tax, each imposed by the Tax Law, as such Law may be amended, or a reduction of the rates of such taxes to rates less than those in effect on July 2, 1975; or (iii) the failure of the State Comptroller to pay to the Corporation the amounts certified by the Corporation.

The Finance Law provides that in no event shall the State Comptroller pay over and distribute to the City or any other entity other than the Corporation any Sales or Stock Transfer Tax revenues or Per Capita Aid held in the special funds (other than for State administrative charges), unless and until the aggregate of all cash required by the Corporation at the date of such distribution has been appropriated and has been paid to the Corporation.

Provisions of the State Constitution and the Finance Law require the setting aside of the first revenues received that are applicable to the State's General Fund if the State Legislature fails to make an appropriation for the payment of State indebtedness. Although the Sales Tax and the Stock Transfer Tax are revenues of the State, they are applicable to special funds, rather than the State's General Fund. Consequently, under existing law, the provisions requiring moneys to be set aside to pay State obligations would not apply to the Sales Tax and Stock Transfer Tax. However, Per Capita Aid is apportioned and paid from the State's General Fund and may be subject to being set aside to pay State obligations in the event the State fails to pay such obligations.

Per Capita Aid

Per Capita Aid consists of revenues that would otherwise be paid to the City as the City's share of the State's general revenue sharing program for localities throughout the State. The State has appropriated moneys which have been apportioned among local governmental entities, including the City, in each year since 1946 and has provided some measure of assistance to local governments since 1800.

The apportionment of general revenue sharing among localities is based on a statutory formula which takes into account the distribution of the State's population, the total assessed valuation of real property taxable within the State, personal income, and other factors. Both the determination of the amount of statewide general revenue sharing and the apportionment of such revenue sharing among localities are legislative
acts and the Legislature may amend or repeal the statutes relating to statewide general revenue sharing and the formulas which determine the amount of Per Capita Aid payable to the Corporation. Such amendments could result in the increase or decrease of the amount of Per Capita Aid available for the payment of debt service on Second Resolution Bonds. However, certain of such acts by the Legislature would be events of default under the Second General Bond Resolution, see "Appropriation by Legislature" in this PART 5. The financial condition of the State may affect the amount of Per Capita Aid appropriated by the Legislature.

The following table, which presents data obtained from the City Office of Management and Budget, the State Comptroller's office and the State Division of the Budget, indicates the aggregate payments of Per Capita Aid apportioned and paid to the City and, since 1976, to the Corporation, for the nine fiscal years ended June 30, 1980 and the amount apportioned and available to be paid to the Corporation during the fiscal year ending June 30, 1981.

**Sales Tax**

In addition to the 4% sales and compensating use taxes levied statewide, the Sales Tax is imposed within the City at the rate of 4% on receipts from most retail sales of tangible personal property and certain services. The Sales Tax is also imposed on receipts from parking, garaging or storing motor vehicles in the City at the rate of 6%. The Sales Tax is subject to certain limited exceptions, exemptions and exclusions. Under the Finance Law, the Sales Tax is paid into a special fund held by the State Comptroller on a monthly basis.

The Sales Tax is imposed on substantially the same tax base as the sales and compensating use taxes previously imposed by the City and collected by the State. A tax on sales of certain tangible personal property and services had been imposed by the City since 1934.
Collections of the Sales Tax and the sales and compensating use taxes previously imposed by the City have increased in each of the last ten years, although the primary cause of the growth of Sales Tax collections in recent years has been inflation. The level of Sales Tax receipts is necessarily dependent upon economic and demographic conditions in the City, and there can be no assurance that the historical data with respect to collections of such Tax are necessarily indicative of future receipts. The City has experienced adverse trends in certain economic and demographic factors which contributed in some years to a slowing of the growth rate of Sales Tax collections.

The following table sets forth State collections of the sales and compensating use taxes imposed by the City prior to July 1, 1975, and the Sales Tax imposed by the State since July 1, 1975, on a quarterly basis for the last ten complete fiscal years of the City, after deductions of the costs of administration, collection and distribution. Footnotes to the tables detail changes in law and administrative procedures affecting the collection and distribution of the Sales Tax which are important to an understanding of the tables.

(a) Commencing March 1976, quarterly collections were distributed to localities based on historical collection data. Commencing June 1980, quarterly collections are distributed to localities based on historical collection and current unverified vendor data. Subsequent quarterly distributions to localities are adjusted to compensate for overdistributions or underdistributions when data on actual collections by locality are available. Such adjustments are reflected in the table for the quarter in which the subsequent distributions are made. Since March 1976, adjustments have ranged from $493,000 to $11.1 million to reflect overdistributions for certain three-month periods and from $753,000 to $72 million to reflect underdistributions for other three-month periods. Periods subsequent to September 1980 remain subject to the ongoing process of adjustment.

(b) The amounts of sales and compensating use taxes collected for fiscal 1975 and all subsequent years reflect the increases in the sales and compensating use taxes from 3% to 4%, effective July 1, 1974. The 6% tax on sales of certain parking services had remained the same.

(c) Commencing March 1976, certain large vendors (those with taxable receipts of $300,000 or more in any quarter of the preceding four quarters) are required to prepay in March estimated amounts of Sales Tax liability for March in addition to filing their normal quarterly reports for the December-February quarter. Any adjustments necessary to reflect actual amounts of Sales Tax liability for the month of March are reflected in the June collection figures.

Stock Transfer Tax

The Stock Transfer Tax is imposed at rates ranging from 1¼¢ to 5¢ (based on the selling price per share) on sales, agreements to sell, memoranda of sale and deliveries or transfers made within the State of shares or certificates of stock and certain other
certificates. The imposition of the Stock Transfer Tax is subject to certain limited exceptions and is subject to a maximum tax of $350 on any taxable transaction which involves a sale on a single day of shares or certificates of the same class issued by the same issuer.

The level of Stock Transfer Tax revenues is related to the rate of tax imposed, the price of the shares traded and the volume of transactions on the securities exchanges located in the City. Such volume has fluctuated widely so that there can be no assurance that the historical data with respect to collections of such tax are necessarily indicative of future revenues.

The Corporation believes that it is not possible to predict the effect of developments with respect to the City's economic condition or other related economic developments in the City on Stock Transfer Tax collections. The volume of taxable securities transactions in the State may be adversely affected by (i) the evolution of a centralized nationwide securities market, (ii) the possible movement out of the State of the stock exchanges now located in the State, and (iii) other proposals which if implemented might tend to facilitate the execution of securities transactions not subject to the Stock Transfer Tax.

The revenues derived from the Stock Transfer Tax, including amounts subject to rebate as discussed below, after deduction of the costs of administration, collection and distribution of such Tax, are shown below for the previous ten complete fiscal years of the City, based upon the various rates prevailing and types of transactions taxable during the periods shown:

(a) Includes collections of the 25% surcharge imposed upon the Stock Transfer Tax effective as of August 1, 1975, which surcharge expired July 31, 1978.
In 1977, the State enacted a program of gradually increasing rebates for all Stock Transfer Tax payers. Rebates began October 1, 1977 with respect to transactions by non-residents subject to tax and began October 1, 1979 with respect to transactions by residents. Rebates are to increase gradually to equal 100% of the tax beginning October 1, 1981. The legislation provides that taxpayers are to continue to pay the Stock Transfer Tax at the above-stated rates and that revenues are to continue to be paid into the Stock Transfer Tax Fund, although a substantial portion of such revenues (the rebateable portion of the tax) will be paid in to the Stock Transfer Tax Fund only at the end of each calendar quarter. To the extent that the Corporation does not require the use of Stock Transfer Tax revenues for debt service on its outstanding obligations, such revenues are available on a quarterly basis for payment of rebates. Any such revenues not used by the Corporation or to pay rebates are to be paid to the City.

To date, the Corporation has not found it necessary to use the revenues derived from the Stock Transfer Tax to pay its debt service. Based on present projections, the Corporation does not anticipate that it will be necessary to utilize these revenues in the future, although no assurance can be given that they will not be so required. See "PART 6--DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS." If the Corporation were to require a substantial portion of the Stock Transfer Tax revenues otherwise subject to rebate, the resulting reduction in the amounts available for rebate could have an adverse affect upon the New York securities industry.

Maintenance of Capital Reserve Aid Fund

Under the Act, additional payments are to be made by the State, subject to appropriation by the Legislature, to the Capital Reserve Aid Fund if for any reason (including a payment from such Fund to the Bond Service Fund to make up a deficiency in the Bond Service Fund) the Capital Reserve Aid Fund falls below specified levels. The amount of any such payment, if required, is to be in accordance with a certificate of the Corporation, to be delivered on or before December 1, stating the sum, if any, required to restore the Capital Reserve Aid Fund to the required level. The specified level equals 100% of the amount of debt service payable in the succeeding calendar year on any Second Resolution Bonds then to be issued and on all other Second Resolution Bonds outstanding on the date of calculation. Such Fund is currently funded at an amount not less than the required level.

Moneys in the Capital Reserve Aid Fund may not be withdrawn at any time in such amounts as would reduce the amount of such Fund to less than the amount of debt service payable on the Second Resolution Bonds in the succeeding calendar year, except for the purpose of paying debt service on such Bonds if other moneys of the Corporation are not available.

The provision of the Act referred to above does not constitute an enforceable obligation or debt of the State and no moneys may be paid to the Corporation pursuant thereto absent an appropriation by the Legislature. See " Appropriation by Legislature" in this PART 5.
PART 6—DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS

In order to estimate coverage ratios for the Second Resolution Bonds that will be outstanding after the issuance of the Series 29 and 30 Bonds and assuming the issuance of $100 million of Series 28 Bonds, the Corporation has assumed certain amounts of Per Capita Aid and Sales Tax and Stock Transfer Tax collections. There is shown below the basis on which such amounts were calculated. The debt service payment requirements for the First and Second Resolution Bonds as well as certain coverage ratios are also shown below.

Adjusted Per Capita Aid

The Corporation has sought to estimate the amounts of the following potential claims and liabilities on Per Capita Aid that are payable prior to the payment of Per Capita Aid to the Corporation, although since the inception of the Corporation no such claims have been asserted.
Per Capita Aid available to the Corporation during the Corporation's 1981 fiscal year

Less annual potential claims and liabilities:

(a) City University Construction Fund ("CUCF").

Amounts equal to 50% of CUCF's share of certain State Dormitory Authority debt service and other expenses would be a claim against Per Capita Aid if not paid by the City to CUCF. The Corporation has been informed by CUCF that such debt service and other expenses are approximately $78.91 million during its current fiscal year. State law permits a maximum claim of $65 million in any fiscal year of the City*

(b) New York City Housing Development Corporation ("HDC").

Amounts required to restore the HDC capital reserve fund to the amount to be on deposit in such fund would be a claim against Per Capita Aid if not otherwise paid. The Corporation has been informed by HDC that the maximum capital reserve fund requirement on all outstanding bonds of HDC as of this date is approximately $19.9 million. HDC has outstanding $35.8 million in bond anticipation notes which, if funded by the issuance of bonds, would have the effect of increasing the maximum capital reserve fund requirement by an amount approximately equivalent to the annual debt service on the bonds issued therefor. State law currently permits a maximum claim of $30 million in any fiscal year

(c) New York City Transit Authority ("NYCTA").

Amounts required to retire $5.1 million of NYCTA notes through 1982 would be a claim against Per Capita Aid if not paid by the City to NYCTA

(d) New York City Police Pension Fund.

* Although State law purports to limit claims on Per Capita Aid, such limitation may not be effective in the event that the then outstanding bonds of the State Dormitory Authority issued to finance CUCF facilities are accelerated pursuant to the occurrence of an event of default under the related Dormitory Authority bond resolutions. In such event, all such outstanding bonds of the Dormitory Authority could be due and payable and could, to the extent of fifty percent of such principal amount, have a prior claim on Per Capita Aid. The Dormitory Authority has outstanding $905 million in such bonds. The State has, however, enacted legislation under which it commits, subject to annual appropriation, to reimburse the City for a portion of the CUCF share of the Dormitory Authority's debt service. The portion will increase to 100% in the City's 1983 fiscal year with respect to debt issued for senior colleges.

Aggregate Sales and Stock Transfer Taxes

Assuming that the Sales Tax and Stock Transfer Tax collections (after deduction of costs of administration, collection and distribution) in each fiscal year remain at the levels for the 12 months ended April 30, 1981, see "PART 5 -- PAYMENT OF THE BONDS -- Sales Tax" and "Stock Transfer Tax", and operating expenses of the Corporation are $6.4 million (the estimate for the current fiscal year), the aggregate annual amount which would be available from the Sales Tax and the Stock Transfer Tax, if needed (the "Aggregate Sales and Stock Transfer Taxes"), to pay debt service of the Corporation is shown below:

Debt Service Requirements and Estimated Coverage Ratios

As shown above, Adjusted Per Capita Aid is approximately $419 million and Aggregate Sales and Stock Transfer Taxes are approximately $1,838 million, for a total of $2,257 million.

The following table shows the aggregate annual debt service payment requirements on the First Resolution obligations which have a prior claim to that of the
Second Resolution Bonds on the Sales and Stock Transfer Taxes. The Series 29 and 30 Resolutions and certain other resolutions include a covenant by the Corporation that it will not issue any obligations under the First General Bond Resolution, if the aggregate annual debt service in any fiscal year on all obligations issued and outstanding under the First General Bond Resolution would exceed $425 million (with certain adjustments with respect to up to $25 million of small denomination obligations).

In addition, the table shows the annual principal payments, interest payments and the aggregate debt service payment requirements on all outstanding Second Resolution Bonds after giving effect to the issuance of the Series 29 and 30 Bonds and assuming the issuance of $100 million of Series 28 Bonds as of May 25, 1981. The table also shows the coverage of aggregate annual debt service on Second Resolutions Bonds by all revenues (Adjusted Per Capita Aid plus Aggregate Sales and Stock Transfer Taxes) after deducting from such revenues the aggregate annual debt service requirements with respect to the First Resolution obligations.

There is no assurance that Adjusted Per Capita Aid, Aggregate Sales and Stock Transfer Taxes or operating expenses will in fact remain at the levels referred to above in subsequent years. Furthermore, the Corporation reserves the right to issue additional obligations pursuant to the First and Second General Bond Resolutions within the limitations contained in such Resolutions and the Series 29 and 30 Resolutions.

(a) Includes Sinking Fund Installments.

(b) Coverage ratios for the years 1996 to 2009 are not shown because of the relatively small amount of debt service in such years compared to the amount of revenues.

All revenues (Adjusted Per Capita Aid plus Aggregate Sales and Stock Transfer Taxes) would cover the aggregate of the debt service on all First and Second Resolution obligations, shown in the table above for the fiscal years 1982 through 1995, ranging from a low of 2.55 times in 1989 to a high of 3.40 times in 1982 and such coverages average approximately 2.85 times.
The Corporation anticipates that after the issuance of the Series 29 and 30 Bonds and assuming the issuance of $100 million of Series 28 Bonds, an aggregate of approximately $1.863 billion of additional First Resolution obligations and Second Resolution Bonds will be issued pursuant to the Debt Issuance Plan and that such issuance can be made within the issuance coverage tests imposed under the First and Second General Bond Resolutions, the Series 29 and 30 Resolutions, and certain other resolutions of the Corporation, see "PART 7--BONDS BEING OFFERED--Additional Bonds and Notes", on the basis of the assumptions described in this PART 6 and reflected in the above coverage table.

In addition to the aggregate debt service payments with respect to the First Resolution obligations shown in the above table, the Corporation is required to make deposits into the Capital Reserve Fund established pursuant to the First General Bond Resolution, which Fund is currently funded at not less than the required level.

The Series 29 and 30 Bonds will be issued pursuant to the Second General Bond Resolution and the Series 29 and 30 Resolutions. The Series 29 and 30 Bonds will be dated, bear interest, and mature as set forth on the cover of this Official Statement.

The Series 29 and 30 Bonds will be issued as coupon bonds in the denomination of $5,000 and $100,000 each, registrable as to principal only, or as fully registered bonds in the denomination of $5,000 or any integral multiple of $5,000. Coupon bonds and fully registered bonds will be interchangeable. The Series 29 and 30 Bonds will be registrable on the books of the Corporation at the corporate trust office of the Trustee.

For every exchange or transfer of the Series 29 or 30 Bonds, the Corporation or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. The cost of preparing each new Series 29 or 30 Bond issued upon such exchange or transfer and any other expenses of the Corporation or the Trustee incurred in connection therewith (except any applicable tax, fee or other governmental charge) will be paid by the Corporation as operating expenses.

Pursuant to the Act, the Series 29 and 30 Bonds will include the 1978 State Covenant to the effect that the State will not take certain actions, including any action that will substantially impair the authority of the Control Board to act in specified respects with regard to the City. See "PART II--AGREEMENT OF THE STATE OF NEW YORK."
Optional Redemption

The Series 29 and 30 Bonds are subject to redemption at the option of the Corporation on or after July 1, 1991, as a whole on any date, or in part by lot on any interest payment date or dates, at the following redemption prices (expressed as percentages of the principal amount), plus accrued interest to the date of redemption:

* Payment at maturity.
Giving effect to the Sinking Fund Installments set forth above, the average life of the Series 29 and 30 Bonds would be approximately 11.22 years, calculated from June 1, 1981.

The Corporation may from time to time direct the Trustee to purchase with moneys in the Bond Service Fund, Series 29 and 30 Bonds at or below par plus unpaid interest accrued to the date of such purchase, and apply any Bonds so purchased as a credit, at par, against and in fulfillment of a required Sinking Fund Installment on the Series of Bonds so purchased. See "PART 14--SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION--Bond Service Fund." To the extent the Corporation fulfills its obligations to make Sinking Fund Installments in a particular year through such purchases of such Bonds, the likelihood of redemption by lot of any holder's Bonds of such Series through the operation of the sinking fund will be reduced for such year. The Corporation has in the past made such purchases with respect to certain Series of its Second Resolution Bonds and may in the future do so with respect to the Series 29 and 30 Bonds. Under the Financing Agreement, no Financial Institution or City Pension Fund may sell Series 29 or 30 Bonds in a direct placement to the Corporation or the Trustee.

Trustee

United States Trust Company of New York is the Trustee under the Second General Bond Resolution. Its corporate trust office is located at 45 Wall Street, New York, New York 10005. For further information concerning the Trustee, see "PART 15--TRUSTEE."

Additional Bonds and Notes

Pursuant to the Act, the Corporation is authorized to issue bonds and notes in an aggregate principal amount not exceeding $10 billion (exclusive of bonds and notes issued to refund outstanding bonds and notes, and notes issued to meet the City's seasonal borrowing requirements). For purposes of this authorization, the Corporation will have issued approximately $7.646 billion after issuance of the Series 29 and 30 Bonds and assuming the issuance of $100 million of Series 28 Bonds. All bonds, other than refunding bonds, are required to be issued under the First or Second General Bond Resolutions.

Additional Second Resolution Bonds may be issued on a parity with the Series 29 and 30 Bonds, provided that (a) an amount equal to the lesser of (i) the most recent collections of the Sales Tax and Stock Transfer Tax for 12 consecutive calendar months ended not more than two months prior to the date of such determination or (ii) the amounts estimated by the State Commission of Taxation and Finance to be collectible during the succeeding 12-month period from such sources, plus (b) the estimated or actual amount of Per Capita Aid to be or theretofore apportioned and paid to the Municipal Assistance State Aid Fund for the fiscal year of the State during which such additional bonds are to be issued, less (c) the maximum annual debt service on outstanding First Resolution obligations, less (d) estimated operating expenses of the Corporation for its then current fiscal year, is at least 2 times (e) the maximum
annual debt service on outstanding Second Resolution Bonds (including the particular series of such additional Bonds then proposed to be issued).

Pursuant to the Series 29 and 30 Resolutions and certain other series resolutions of the Corporation, the Corporation may issue additional First Resolution obligations only to the extent that the issuance thereof would not cause the maximum annual debt service on outstanding First Resolution obligations to equal or exceed $425 million (with certain adjustments with respect to up to $25 million of small denomination obligations that the Corporation may offer to the public under the First General Bond Resolution).

In February 1981, the Corporation issued Warrants to purchase $100 million of its Series 28 Bonds. The Warrants are exercisable through January 18, 1983. The Corporation has covenanted with holders of the Warrants that it will treat as issued and outstanding the aggregate authorized amount of Series 28 Bonds for purposes of the issuance and coverage tests set forth in this section.

The Second General Bond Resolution contains further limitations upon the issuance by the Corporation of additional obligations under the First General Bond Resolution. See "PART 14--SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION."

PART 8--CERTAIN DEVELOPMENTS AFFECTING THE STATE

Although the Series 29 and 30 Bonds are not obligations of the State, financial developments with respect to the State may affect the market for and market price of the Series 29 and 30 Bonds and the sources of payment of the Series 29 and 30 Bonds. As described under "PART 5--PAYMENT OF THE BONDS", the revenues of the Corporation that are pledged to payment of debt service on the Second Resolution Bonds derive from Per Capita Aid and the Sales Tax and, in certain circumstances, the Stock Transfer Tax. The payment of these revenues to the Corporation is subject to appropriation by the State Legislature. The State Legislature has made appropriations to the Corporation for each of the State's fiscal years since the inception of the Corporation, including appropriations for the State's current fiscal year, and it is expected, but the Corporation has no assurance, that the State Legislature will make such appropriations for subsequent fiscal years. It is possible that the willingness of the State Legislature to make such appropriations in the future may be affected by the financial condition of the State, which may in turn depend upon the financial condition of the City. Such willingness might also be adversely affected if the Secretary of the Treasury withheld payments to the State as an offset against any claim the Secretary might have in connection with the issuance of Federal guarantees of obligations of the City. See "PART 4--DEBT ISSUANCE PLAN."

The factors affecting the State's financial condition are complex, and the following description constitutes only a brief summary. This PART 8 is based entirely on information supplied by the State.
Long-Term Trends

The State and the City face serious potential long-term economic problems. The City accounts for approximately 40% of the State's population and personal income, and the City's financial health affects the State in numerous ways.

The State has long been one of the wealthiest states in the nation. For decades, however, the State economy has grown more slowly than that of the nation as a whole, resulting in the gradual erosion of its relative economic affluence. The causes of this relative decline are varied and complex, in many cases involving national and international developments beyond the State's control. Part of the reason for the long-term relative decline in the State economy has been attributed to the combined state and local tax burden, which is among the highest in the nation. The existence of this tax burden limits the State's ability to impose higher taxes in the event of future financial difficulties.

Since the financial difficulties of the mid-1970's, attempts have been made to bring the rate of growth in the public sector in the State into line with the slower expansion in the private economy. Prior to those efforts, annual increases in expenditures at both the State and local levels exceeded the increases in revenues generated by economic growth and were therefore financed in part through tax increases at both levels of government.

The burdens of State and local taxation, in combination with the many other causes of regional economic dislocation, may have contributed to the decisions of businesses and individuals to relocate outside, or not locate within, the State. In order to bring about a reversal of these trends, the State has implemented a series of tax reductions and other programs that are intended both to limit expansion in the public sector and to encourage expansion in the private sector. The State has commenced a new long-range tax reduction program designed to reduce taxes on business and individuals. While no immediate reversal of the erosion of the State's economic position relative to the nation as a whole has been projected, the State anticipates that actions taken thus far will help to reverse or slow this trend over time.

Financial Developments--Fiscal Years 1975-1981

During the last several years, some of the State's public benefit corporations (the "Authorities") and municipalities (in particular, the City) have faced extraordinary financial difficulties, which have affected the State's own financial condition. These events, including a default on short-term notes issued by the New York State Urban Development Corporation ("UDC") in February 1975, which default was cured shortly thereafter, and a continuation of the financial difficulties of the City, created substantial investor resistance to securities issued by the State and by some of its municipalities and Authorities. For a time, in late 1975 and early 1976, these difficulties resulted in a virtual closing of public credit markets for State and many State-related securities.

In response to the financial problems confronting it, the State developed and implemented programs for its 1977 fiscal year that included (i) the adoption of a balanced budget (a deficit of $92 million that actually resulted was financed by issuing
notes that were paid during the first quarter of the State's 1978 fiscal year), (ii) a $4.53 billion borrowing plan, (iii) a plan (the "Authority Build-Out Plan") to meet the borrowing requirements through September 30, 1978 of four Authorities (the "Build-Out Authorities") including the New York State Housing Finance Agency ("HFIA"), and (iv) provisions for appropriations to certain Authorities as part of a program to complete projects under construction and to avoid defaults on their outstanding obligations. In addition, legislation was enacted limiting the incurrence of additional so-called "moral obligation" and certain other Authority debt, which legislation does not, however, apply to debt of the Corporation.

The 1978 fiscal year saw an improvement in the financial condition of the State, its Authorities and municipalities generally, although certain municipalities (including the City) and certain Authorities continued to face financial difficulties. The State adopted and adhered to a balanced budget, with receipts and expenditures of approximately $11.18 billion.

For its 1979 and 1980 fiscal years, the State achieved balanced budgets with receipts and expenditures of $11.9 billion and $13.2 billion, respectively.

For its 1981 fiscal year, the State achieved a balanced budget with receipts and expenditures of $15.182 billion. During the 1981 fiscal year, the State also implemented a $3.01 billion borrowing plan including $2.8 billion in seasonal borrowings, with full access to the public credit markets.

Program for the 1982 Fiscal Year

Adoption of the budget for the State's 1982 fiscal year was delayed as a result of a legislative impasse until mid-May 1981. The State's financial plan for its 1982 fiscal year (the "1982 Financial Plan") provides for a balanced budget (on a cash basis) in such fiscal year with projected General Fund receipts and expenditures of $16.582 billion, an increase of 9.2% over the 1981 expenditure total.

The 1982 Financial Plan reflects the following major increases in projected expenditures: (i) $898 million in increased aid to local governments and school districts reflecting a $340 million increase in State support for elementary, secondary, and higher education, a $333 million increase in public assistance and medical assistance funding, including a 15% increase in public assistance grants with the State assuming the local share of such increase, and $79 million to fund a new local aid program for certain towns, villages and upstate cities; (ii) $379 million in increased spending on State operations; (iii) $65 million in increased capital spending, primarily for transportation, mental hygiene and correctional facilities; (iv) $28 million in increased general State charges; and (v) $30 million in additional debt service and lease-purchase payments.

Projected revenues in the 1982 Financial Plan reflect: (i) payment during the final quarter of the State's 1982 fiscal year of $100 million in personal income tax refunds on 1981 income; (ii) $283 million in increased receipts reflecting legislation which conforms personal and business tax payment dates more closely to Federal practice, increases miscellaneous fees and interest charges on late tax payments, and transfers excess balances from the State Insurance Fund and the State of New York.
Mortgage Agency to the General Fund; (iii) the loss of approximately $75 million in revenue resulting from tax reductions; (iv) timely reimbursement by the Federal government of State expenditures made on behalf of the mentally disabled which is estimated to amount to $183 million in increased revenues to the State in the State’s 1982 fiscal year; and (v) the loss of Federal revenue sharing which in the 1981 fiscal year amounted to $186.2 million.

The State anticipates an aggregate borrowing of approximately $300 million for capital purposes during its 1982 fiscal year, as compared with aggregate capital borrowing of $210 million in its 1981 fiscal year. Much of the increase from its 1982 fiscal year is accounted for by Local Assistance expenditures under the safe streets and highways portion of the Energy Conservation through Improved Transportation Bond Act. If, during its 1982 fiscal year, the State incurs an unanticipated deficit, it could issue, toward the end of its fiscal year, short-term notes to be repaid in the following fiscal year.

The executive branch of the Federal government has proposed major changes in current Federal spending authorizations and previously proposed Federal budget requests for the 1981 and 1982 Federal fiscal years and has proposed major reductions in Federal personal and corporate taxes. Such changes, if adopted, would result in reduced Federal funding of programs conducted by State and local governments in New York and reduced State revenues from taxes which conform to those of the Federal government. Either of these developments would increase the difficulty of maintaining a balanced 1982 Financial Plan.

Problems of Authorities and Localities

The fiscal stability of the State is related, at least in part, to the fiscal stability of its localities and Authorities. Various Authorities have issued bonds secured, in part, by non-binding statutory provisions for State appropriations to maintain various debt service reserve funds established for such bonds (commonly referred to as "moral obligation" provisions).

At March 31, 1981, there was outstanding $15.5 billion aggregate principal amount of bonds issued by Authorities which are either guaranteed by the State or supported by the State through lease-purchase arrangements or moral obligation provisions. Debt service on outstanding Authority obligations is normally paid out of revenues generated by the Authorities’ projects, but in recent years the State has provided special financial assistance, in some cases of a recurring nature, to certain Authorities for operating and other expenses and for debt service pursuant to moral obligation indebtedness provisions or otherwise. The State’s 1982 Financial Plan provides $346 million for further financial assistance for certain Authorities. Additional assistance is expected to be required in future years.

Certain Authorities continue to experience financial difficulties, especially those Authorities conducting housing programs. Rising operating costs and interest rates require increased rents or fees on projects financed by various Authorities. The inability or unwillingness of the residents or users of such projects to pay such increases has led to increasingly serious financial difficulties at a number of such projects; these difficulties could adversely affect the fiscal stability of certain of the
programs of the Authorities involved and have increased the likelihood that the State will be requested to make appropriations to such Authorities pursuant to moral obligation provisions or otherwise.

HFA and UDC face significant financial difficulties with some of the projects on which they hold mortgages. It is likely that during the State's 1982 fiscal year HFA will be unable to meet fully the debt service on certain housing project bonds without making withdrawals from the debt service reserve funds securing such bonds, creating the need for State appropriations to replenish such funds pursuant to the moral obligation provisions pertaining to such bonds. At March 31, 1981, nine HFA housing projects were more than one month in arrears in their required monthly mortgage payments. The most significant of the projects in arrears is Co-op City, on which HFA holds a mortgage with an original principal amount of $390 million. Co-op City has been in arrears from time to time in its monthly mortgage payments and, since August 1980, has made no payments. The arrearages of Co-op City, and to a substantially lesser extent, mortgage arrearages of certain other mortgagors, have caused HFA on several occasions to withdraw funds from certain of its debt service reserve funds. Withdrawals made prior to the State's 1982 fiscal year have been timely restored by the State and HFA. The approximately $31.2 million withdrawn during the State's 1981 fiscal year from the debt service reserve funds securing certain of its housing program bonds was restored through State payments of $24.3 million made prior to April 1, 1981, and from funds otherwise legally available to HFA. In addition, HFA withdrew approximately $14.5 million from such debt service reserve funds since the beginning of the State's 1982 fiscal year. The 1982 Financial Plan contains an amount expected to be sufficient to replenish such debt service reserve funds, if appropriated by the Legislature, for such withdrawals and all further withdrawals made in the State's 1982 fiscal year.

UDC has approximately $947 million of long-term general purpose bonds outstanding. Of the $1.14 billion principal amount of mortgages held or made by UDC, mortgages having an aggregate principal amount of $1.03 billion were in default at March 31, 1981. At that date the debt service arrears on such mortgages aggregated approximately $106 million. UDC is, and for an extended period of time is expected to be, dependent upon the State for appropriations of a substantial amount to enable it to meet its financial requirements including debt service on its general purpose bonds. In early 1979, the State Comptroller made projections that indicated that UDC could require State appropriations through 1988 aggregating $300 million.

In 1972, the Battery Park City Authority ("BPCA") issued $200 million of moral obligation bonds for the development of a residential and commercial project in New York City, of which $198 million remain outstanding. Construction commenced at the BPCA site in early 1980. BPCA has been paying interest on the bonds, in part, out of the original bond proceeds. In the opinion of its counsel, BPCA does not have the power to use bond proceeds, except those held in BPCA's debt service reserve fund securing such bonds, to make principal payments on such bonds. To enable it to make its first principal payment which came due in November 1980, the State paid $1.35 million to BPCA. The annual debt service of approximately $14.2 million on its bonds could exhaust BPCA's financial resources available to pay debt service (other than amounts in such debt service reserve fund) prior to 1984 without significantly reducing its outstanding indebtedness. Unless the Legislature provides additional appropriations
to BPCA or additional sources of revenue for BPCA are obtained, BPCA will be compelled to withdraw money from such debt service reserve fund to make future payments and the State would then be called upon to replenish the fund pursuant to the moral obligation provision of the bonds. The Legislature has appropriated and the 1982 Financial Plan provides for the payment of $1.95 million to BPCA to enable it to meet its November 1981 principal payment.

In May 1980, BPCA issued $97.5 million in construction loan bonds ("CLBs") and $95.5 million in housing revenue bonds to finance residential construction at the site. A ruling of the Internal Revenue Service ("IRS") issued November 7, 1980 raised questions with respect to the tax exempt status of interest on notes of a character similar to the CLBs. No determination of taxability as to any holder of CLBs has been made. Efforts are being made to have the IRS declare the ruling nonretroactive. If such declaration is not made, it is not possible to determine the effect, if any, on the market for securities of the State and its authorities and localities.

Another problem faced by certain Authorities is that future increases in operating costs and interest rates may result in a need for increased rents, fees or user charges in Authority-financed projects, particularly residential housing projects and medical care facilities. Inability or unwillingness to pass increased costs on to residents or users of such projects would adversely affect the fiscal stability of the Authorities, and possibly cause the State to be requested to make appropriations to support such projects. There is no assurance, however, that the Legislature would make such appropriations.

Failure of the State to appropriate necessary amounts or to take other action to permit the Authorities to meet their obligations could result in a default by one or more of the Authorities. If a default were to occur, it would likely have a significant adverse effect on the market price of obligations of the State and its Authorities, including the Corporation.

Certain localities other than the City may face financial problems during the State's 1982 fiscal year and thereafter. The anticipated and potential problems stem, in part, from the litigations and judicial decisions relating to property tax assessments and rates and pension contributions by such localities, as well as from longer range economic trends. Such factors may result in the inability of certain localities to achieve balanced budgets during the State's 1982 fiscal year. Legislation has been enacted to provide additional State aid to certain localities during the State's 1981 fiscal year. In addition, the State's 1982 Financial Plan contains an appropriated reserve of $79 million that will be distributed to certain localities, based upon a yet to be determined formula, during the State's 1982 fiscal year.

Litigation

Certain litigations pending against the State or its officers or employees could have a substantial or long-term, adverse effect on State finances. Among the more significant of these litigations are those that involve: (i) the constitutionality of the present system of apportioning state assistance among public school districts; (ii) the
validity and fairness of agreements and treaties by which the Oneida and Cayuga Indians transferred title to the State to approximately 6 million acres of land in central New York; (iii) the constitutionality of State legislation providing for a gross receipts tax on oil company revenues; (iv) certain aspects of the State's Medicaid rates and regulations, including standards for determining medical assistance eligibility and reimbursements to providers of Medicaid services; (v) the level of public assistance grants; (vi) the treatment provided at several State Mental Hygiene facilities and the alleged differentiation between institutionalized and non-institutionalized retarded children in the State's provision of assistance for at-home care by family members; (vii) the conduct of the State, HFA, and the State Commissioner of Housing and Community Renewal in the construction, financing, supervision and management of the Co-op City; (viii) the State's action in recouping certain Social Services aid from New York City and recoupment of additional amounts of such aid from the City; (ix) contamination in the Love Canal area of Niagara Falls; (x) the valuation of a major utility company's franchise in 43 municipalities and the taxes based on such valuation; (xi) the constitutionality of State legislation providing for construction of a new stock exchange facility in New York City, financed in part by State appropriations to the UDC; (xii) the State's method of determining the level of learning disability which is required before children become eligible for educational assistance for handicapped children; (xiii) the constitutionality of the expenditure without legislative appropriation by the State of certain funds in the State treasury received from the Federal government; (xiv) certain actions of the Commissioner of Motor Vehicles under the Federal Clean Air Act; (xv) the State's plan to construct Westway; (xvi) educational accommodations for learning disabled students at a State university; (xvii) alleged employment discrimination by the State University of New York; (xviii) alleged State negligence following polychlorinated biphenyls contamination of the Binghamton State Office Building; (xix) alleged negligence of the State causing deaths in the Stouffer Hotel fire in 1980; and (xx) claims on behalf of State employees injured in the Attica prison uprising.

In 1978, the State Court of Appeals held unconstitutional State legislation that authorized certain cities and school districts to impose a special increase of real property tax rates in order to raise funds for pension contributions and for certain other uses. Over $100 million annually was collected pursuant to rates in excess of the State constitutional limits in reliance on this legislation. State loans aggregating up to $52 million were authorized to be made in the 1980 fiscal year for certain school districts; approximately $20 million of such loans were made in April 1979. Such loans were also made during the 1981 and 1982 fiscal years for certain school districts.

PART 9--CERTAIN DEVELOPMENTS AFFECTING THE CITY

Although bonds of the Corporation are not obligations of the City, financial developments with respect to the City may affect the market for or market prices of the Corporation's securities. The Corporation believes that its ability to repay the Second Resolution Bonds is not dependent upon the financial condition of the City. However, economic and demographic conditions in the City may affect the levels of Sales Tax receipts and Per Capita Aid. During the time the Series 29 and 30 Bonds are outstanding, financial developments and other matters concerning the City will be the subject of reviews and reports by various agencies of Federal and State Government, see "PART 10--VARIOUS CONTROL PROGRAMS."
This section describes the City's actual operating results for the first half of fiscal 1981 and projections for the remainder of the year, major assumptions and uncertainties with respect to such projections, and some of the financial difficulties the City is expected to face in the future. It provides only a brief summary of the complex factors affecting the City's financial condition. This section is based entirely on information reported to the Corporation by the City, the Control Board, and the Office of the Special Deputy Comptroller, or as presented in the City's four-year financial plans or the Official Statements prepared by the City in connection with the issuance of its securities, or contained in other reports and statements referred to herein.

Recent Financial History

During 1975 the City became unable to market its securities and entered a period of extraordinary financial difficulties. In response to this crisis, the State created the Corporation and enacted the Emergency Act, which created the Control Board. See "PART IO -- VARIOUS CONTROL PROGRAMS." Among other State actions was an advance to the City at the end of the City's 1975 fiscal year of $800 million of State assistance moneys due the City in the succeeding fiscal year (an action repeated in each of the next three fiscal years).

The City took a number of steps which were intended to enable it to balance its budget and to regain access to the public credit markets. As required by the Emergency Act, these included accounting reforms and development of a three-year financial plan (the "Three Year Financial Plan") to provide for a budget balanced in accordance with accounting principles permitted by State law by the 1978 fiscal year. State law permits two major deviations from GAAP: (1) accounting for contributions to employee retirement systems and recipients of supplemental benefits on a cash basis rather than on an accrual basis, and (2) inclusion of certain expense items in the City's Capital Budget in decreasing amounts during a phase-out period.

In order to provide both seasonal and long-term financing for the City, a number of actions were taken. The City and the Federal Government entered into an agreement which provided the City with seasonal financing until June 30, 1978. Certain City pension funds agreed to provide the City with long-term financing through June 30, 1978, by purchasing City bonds and the City's sinking funds exchanged City notes for City bonds. In addition, bonds of the Corporation were: (1) purchased by certain commercial banks and City pension funds, (2) sold to the public, and (3) exchanged for outstanding City notes. In November 1975, the State Legislature enacted the New York State Emergency Moratorium Act, which suspended the rights of holders of short-term notes of the City to bring suit to enforce payment of such notes. The State Court of Appeals subsequently held the Moratorium Act unconstitutional and provision was made for the payment of such notes.

During the 1976 through 1978 fiscal years, the City, among other actions, took steps to reduce the number of its employees, entered into labor contracts consistent with the assumptions contained in the Three Year Financial Plan and with the wage guidelines adopted by the Control Board, began charging general tuition at the City University of New York, and received additional State and Federal aid. Under the Three Year Financial Plan, the City Comptroller reported, in accordance with the
accounting principles permitted by State law, operating deficits of $968 and $329 million, for the 1976 and 1977 fiscal years, respectively. The City Comptroller has estimated that without the two major deviations from GAAP permitted by State law the reported deficits for the 1976 and 1977 fiscal years would have been approximately $1.870 billion and $1.039 billion, respectively. The financial statements for those two years, however, are unaudited and may contain substantial errors as well as other deviations from GAAP.

As required by the Act, the City's 1978 and 1979 financial statements were audited by a consortium of independent accounting firms headed by Peat, Marwick, Mitchell & Co. The statements report results both in accordance with the accounting principles permitted by State law and in accordance with GAAP. Under the accounting principles permitted by State law, the General Fund balances for fiscal 1978 and 1979 showed surpluses of $32 million and $216 million, respectively; when reported in accordance with GAAP, the General Fund showed a deficit of $712 million and $422 million, respectively.

Although the City accomplished the budgetary and accounting objectives of the Three Year Financial Plan, it did not regain access to the public credit markets during its 1978 fiscal year. The City, the Corporation, the Control Board and others, therefore, proposed a combination of actions intended to provide for the City's long-term financing through the 1982 fiscal year and to enable the City to reenter the public credit markets. These proposals resulted in: (1) the development of the Debt Issuance Plan and a financial plan for the 1979 through the 1982 fiscal years, (2) an extension of the Control Board, (3) an increase in the Corporation's debt issuance authority, (4) authorization for the Federal guarantee of certain City bonds, (5) elimination of the State advance and (6) reduction of the City's seasonal financing requirements. The State and Federal legislation necessary to undertake this program was enacted, and in November 1978 the Agreements implementing the Debt Issuance Plan were signed. For a description of some of the conditions which must be satisfied for successful implementation of the Debt Issuance Plan, see "PART 4--DEBT ISSUANCE PLAN."

As required by the Act, the City's 1980 financial statements were also audited by a consortium of independent accounting firms headed by Peat, Marwick, Mitchell & Co. The City's audited year-end figures for the 1980 fiscal year indicate that operations for the 1980 fiscal year resulted in a $143 million surplus in the General Fund when reported in accordance with State law, but a deficit of $356 million when reported in accordance with GAAP. The opinion of the consortium concluded that the City's 1980 financial statements, which for the first time included a Statement of General Fixed Assets, present fairly the financial position and result of operations of the City in accordance with GAAP. The opinion of the consortium, as with previous years' opinions, was subject to pending real estate tax certiorari proceedings, which, if decided adversely to the City, could have a substantial financial impact on the City. See "Litigation" in this PART 9. The opinion further stated that the City's ability to obtain financing and balance its budget in accordance with GAAP depends on assumptions and events which cannot be assured.

Pursuant to the Act and the Emergency Act, the City is required to submit by May 12 of each year for review and approval by the Control Board a financial plan for
the next four fiscal years, covering the City and certain agencies subject to the
provisions of the Emergency Act (the "Covered Organizations"). The four year
financial plan may be modified from time to time during the fiscal year upon request
of the City and approval of the Control Board. The Emergency Act requires that the
City provide for a budget balanced in accordance with State law through fiscal year
1981 and in accordance with GAAP thereafter.

Fiscal Years 1981-1984

The City's four year financial plan approved by the Control Board on September
18, 1980 (as modified through June 3, 1981, and exclusive of the modification approved
June 4, 1981, the "1981 Four Year Plan") projects revenues and expenditures of $14.067
billion for fiscal 1981 and is balanced according to GAAP one year earlier than
required by State law. The Plan projects a GAAP-balanced budget for fiscal year
1982. The projection for such year, however, assumes the achievement of actions
which, if not fully undertaken during that fiscal year, could result in a gap projected to
be $421 million. The Plan also projects potential budget gaps of $723 million and $768
million in fiscal years 1983 and 1984, respectively, to be closed through a combination
of actions to be implemented during the four year period. These projections also
assume achievement of the actions required to be undertaken during the 1982 fiscal
year, and the projected budget gaps for the 1983 and 1984 fiscal years could be larger
if such actions are not achieved. For fiscal years 1982 through 1984, the Plan assumes
substantial increases in real estate tax revenues as a result of increased real property
assessments. The Plan also reflects wage increases yet to be negotiated of 3% for
each of the 1983 and 1984 fiscal years. Neither the balanced budget projected for
fiscal year 1982 nor the projected gaps for fiscal years 1983 and 1984 include provision
for the significant deficits which have been projected for the Transit Authority in
fiscal years 1982 through 1984, estimated to be $161 million, $243 million and $329
million, respectively.

In connection with the 1981 Four Year Plan, the City proposed a combination of
gap-closing actions which, if realized, would produce GAAP-balanced budgets in each
of the 1983 and 1984 fiscal years. These actions include further expenditure
reductions, revenue enhancement programs such as expansion of the scope of the Off
Track Betting Corporation ("OTB") to include "sports betting" estimated to provide
approximately $75 million each year, $35 million per year from accelerated payment
of real estate taxes beginning in fiscal year 1983, debt service savings of
approximately $50 million per year, new State aid of $136 million, $315 million and
$768 million for fiscal years 1982 through 1984, respectively, primarily from the State
takeover of the local share of medicaid costs and new Federal aid of $88 million, $50
million and $50 million for each of those years, respectively. The 1981 Four Year Plan
is based on numerous assumptions which could, if not realized, result in either
increased budget gaps or shortfalls in gap closing programs.

In February 1981, the office of the Special Deputy Comptroller issued a report
on the 1981 Four Year Plan which considered actual operating results through the
second quarter of such year. The report projects a fiscal 1981 budgetary surplus in
accordance with GAAP of approximately $140 million, including the budgeted general
reserve. The report concludes that the surplus arises primarily from greater than
expected local tax revenues which will be offset by a shortfall in anticipated State aid.
For fiscal year 1982, the report cites numerous uncertainties, including: (i) the impact

35.
to the taxing authority. An adverse decision to the City involving this issue could have a substantial adverse impact on the City. The City has reported that as of June 30, 1980, the estimated potential exposure to the City in these cases could amount to approximately $1.6 billion. Provision was made in the City's 1981 Four Year Plan for estimated adjustments for overpayments of real estate taxes in amounts of approximately $60 million annually in the 1981 through 1984 fiscal years. Remedial legislation has been enacted by the State to limit and reduce such liability; however, this legislation is also being challenged and has been held to be unconstitutional in one Appellate Division case and in certain lower court decisions. On May 14, 1981, the Appellate Division, First Department affirmed a lower court holding that the City's classified system of taxation was authorized by special legislation. In view of this special legislation governing special assessments, and challenges thereto, the court stated that the 1978 and 1979 remedial legislation is not relevant in proceedings involving City assessments.

In an action currently pending, a retired City teacher seeks, among other relief, to enjoin further investments by the Teacher's Retirement System of The City of New York ('the "TRS") in obligations of the City and to rescind previous purchases of obligations of the City and of the Corporation. On November 30, 1978, the United States Court of Appeals for the Second Circuit, without discussing the merits of the plaintiff's claim, reversed, in part, a lower court's dismissal of the suit and held that a retired teacher, as a beneficiary of the TRS, has standing to assert his claim that the TRS trustees violated the anti-fraud provisions of the Federal securities laws in connection with such purchases. On July 19, 1979, the Second Circuit denied the TRS trustees' petition for a rehearing. On December 10, 1979, the United States Supreme Court denied the request of the TRS trustees for a writ of certiorari. On March 31, 1980, plaintiff served an amended complaint naming the TRS trustees, certain banks, and the Governor as defendants. Plaintiff, among other things, seeks (i) damages for the loss incurred by selling TRS securities and purchasing City securities and the loss of interest resulting from the exchange of bonds of the Corporation, (ii) a judgment requiring the defendants to fund fully certain reserve funds and to segregate and not commingle those funds with other assets of the City and (iii) a judgment restoring certain investment standards with regard to such reserve funds. On May 20, 1980, the City answered the amended complaint in part, denying all material allegations and all liability, and moved to dismiss such complaint in part. On January 15, 1981, the District Court granted the City's motion to dismiss with regard to the Federal constitutional allegations. An adverse decision in this action could deprive the City of funds under the Debt Issuance Plan.

On October 31, 1979, a suit was filed in Federal District Court for the Eastern District of New York challenging the State Department of Education's implementation of Federal regulations regarding the public education of children with learning disabilities. Among other things, plaintiffs alleged that the State Department of Education's interpretation of the term "severe," which appears in a Federal regulation relating to the required level of learning disability in children, is too narrow as applied to the qualification of children in the State for educational assistance for handicapped children. The City is presently not a party to this action. On June 30, 1980, the court found for plaintiffs. The State appealed this decision to the Second Circuit Court of Appeals. Because a final decision adverse to the Department of Education in this case could result in many more children so qualifying and a concomitant mandatory substantial increase in expenditures by the City's Board of Education, the City filed a brief as amicus curiae. On May 19, 1981, the Second Circuit Court of Appeals reversed the lower court decision.
On August 1, 1975, Women in City Government United, purporting to represent all female employees of the City and certain Covered Organizations, commenced an alleged class action in the United States District Court for the Southern District of New York against the City, the City Employees' Retirement System and its officers and trustees and others. Plaintiffs allege that certain retirement plans discriminate against employees in violation of the United States Constitution, certain Federal statutes and regulations and the State Human Rights Law. The complaint seeks a declaratory judgment that the alleged discriminatory practices are illegal and unconstitutional and injunctive relief. Both parties have moved for summary judgement. On April 24, 1981, the District Court granted plaintiffs' motion for summary judgment on the merits of their federal statutory claim, but deferred judgment as to the appropriate relief. The City has estimated that an adverse decision applicable to the relevant actuarial pension systems could result in a liability of up to $950 million over ten years. If the refunding of excess contributions were required, an additional annual pension cost of approximately $25 million would be incurred. On April 25, 1978, in a case involving a similar issue, the United States Supreme Court held, on a prospective basis, that mandatory contributory pension plans cannot provide for different rates of member contributions on the basis of sex (City of Los Angeles v. Manhart).

Federal Bankruptcy Legislation

The City projects meeting its cash needs through the 1985 fiscal year from its own revenues, Federal and State aid, seasonal borrowings, and the sale of the City's and the Corporation's bonds pursuant to the Debt Issuance Plan. If the City's cash sources are insufficient to meet its obligations, Federal and State statutes provide for certain remedies under Chapter 9 of the Federal Bankruptcy Code.

Chapter 9 permits any State political subdivision or agency to file a petition for relief under its provisions if the subdivision or agency is authorized to do so by State law. Both the City and the Control Board (on behalf of the City) are so authorized, and either could file such a petition if the City were (a) insolvent or unable to meet its debts as they mature, (b) desirous of effecting a plan to adjust its debts, and (c) able to meet the other prerequisites for filing a Chapter 9 petition with respect to negotiations between the City and its creditors and other matters. Any plan to adjust the City's debts would become effective only upon Court approval, after the requisite approval by creditors of the City has been obtained.

If a Chapter 9 petition were filed, certain financial institutions and City pension funds would not be required to purchase bonds of the Corporation; and the Secretary of the Treasury could refuse to guarantee any additional City bonds.

Although the filing of such petition might have a general adverse effect on the economic health of the City, the Corporation believes that such a filing would not have a materially adverse effect on the Corporation's ability to repay its obligations, including the Series 29 and 30 Bonds. The filing of such a petition, as with other financial developments with respect to the City, might affect the market for and market prices of the Corporation's securities.
PART 10--VARIOUS CONTROL PROGRAMS

This Part describes the powers of the Corporation to aid the City, the requirements imposed upon the City by the Act and the Emergency Act, and the powers of the Corporation and the Control Board to review and take action with respect to the City's compliance with such requirements.

The Corporation

The Act authorizes the Corporation to make direct payments to or purchase obligations of the City. At the time of any payment to the City, the City is required to agree to observe and perform a number of statutory conditions which the Corporation may modify from time to time, but may not waive. The Act provides that the statutory conditions, as modified by the Corporation and agreed to by the City, shall cease to apply when all bonds and notes of the Corporation have been repaid or such repayment is provided for as specified in the Act.

The statutory conditions are designed to (i) reform and unify the City's system of accounting, (ii) provide independent review of the City's expenditures, and (iii) establish limits and controls over the City's debt-incurring power. These conditions, and the City's compliance therewith to date, may be briefly summarized as follows:

(i) The City has adopted as its method of accounting the accounting principles permitted by State law. The City's audited financial statements provided to the Corporation for the City's 1978, 1979 and 1980 fiscal years were prepared and those to be prepared for each subsequent fiscal year are to be prepared in accordance with GAAP, with the adjustments necessary to show results in accordance with the accounting principles permitted by State law for fiscal years through 1981.

(ii) The Act requires the City to comply with various provisions of the Emergency Act relating to balanced budgets, provisions for debt service and other financial requirements. The City is required to submit its proposed operating budgets (and any subsequent increases in expenditures therein) and operations reports for each fiscal year and each quarter to the Corporation for review to determine whether the City is adhering to an operating budget in which revenues equal or exceed expenditures under the accounting principles permitted by State law.

(iii) The Act sets forth limitations for the issuance by the City of its short-term notes. The Corporation is required to police these limitations by making an advance determination as to whether a proposed issuance of short-term obligations by the City violates these limitations and by reporting any adverse determination to the City Comptroller, who is then prohibited from issuing such obligations. The Corporation anticipates that these limitations will not prevent the City from issuing any short-term obligations to meet its seasonal needs.
If the Board of Directors of the Corporation determines, after review of the City's books and records and consultation with the Mayor, that the City's operating budget will not be balanced in accordance with State law, or that any of the conditions summarized above have not been fulfilled or should be modified, the Corporation must notify the Governor, the Mayor and certain other State and City officials and must disclose such determinations to the public.

Control Board

The Control Board, created pursuant to the Emergency Act in 1975, is composed of the Governor and the Comptroller of the State, the Mayor and the Comptroller of the City and three appointees of the Governor: G. G. Michelson, Stanley S. Shuman and Lee P. Oberst. Comer S. Coppie is the Executive Director of the Control Board. Sidney Schwartz is Special Deputy State Comptroller and assists the Control Board and the Corporation in carrying out their functions.

The most significant powers of the Control Board are exercisable during a "control period," defined in the Emergency Act to mean the period ending when (i) there is no longer effective or outstanding any Federal guarantee (see "PART 4--DEBT ISSUANCE PLAN"), (ii) the Control Board has determined that the City has adopted and adhered to an operating budget balanced in accordance with GAAP for each of the three immediately preceding fiscal years, and (iii) the State and City Comptrollers have jointly certified that securities sold by or for the benefit of the City during the preceding and current fiscal year in the public market satisfied the capital and seasonal financing requirements of the City during such period and that there is a substantial likelihood that such securities can be sold in the public credit markets through the end of the next succeeding fiscal year in amounts that will satisfy substantially all of the capital and seasonal financing requirements of the City during such period. Thereafter, a control period is to be reimposed by the Control Board at such times and for such durations as are made necessary by the actual (or substantially likely and imminent) occurrence of certain events relating to the City's ability to pay debt service on its bonds and notes when due or its ability to adopt or adhere to a balanced operating budget or to satisfy its capital and seasonal financing needs in the public credit markets. After the termination of a control period, the Control Board is required to consider annually whether, in its judgment, any of the specified events has occurred. No control period may extend beyond the earlier of (i) July 1, 2008 or (ii) such date as no bonds or notes containing the 1978 State Covenant remain outstanding and there is no longer effective or outstanding any Federal guarantee.

During a control period, the four year financial plans for the City and the Covered Organizations, including modifications thereof, are subject to review and approval by the Control Board. In addition, the Control Board must formulate and adopt a financial plan, in the event a plan shall not have been approved prior to the beginning of the first fiscal year covered by such plan, and may modify a plan, in the event a modification required pursuant to the Emergency Act shall not have been approved within the time period specified by such Act. The Control Board is required
to disapprove a financial plan or financial plan modification if the plan or modification is incomplete or fails to comply with the applicable standards specified in the Emergency Act, except that the Control Board may authorize a method of phasing into the operating budgets the requirements of any changes in GAAP over a reasonable period if immediate compliance would cause a substantial adverse impact on the delivery of essential services. The Control Board may also approve modifications to a financial plan that would cause the financial plan to no longer be in compliance with the applicable standards if compliance would result in a material adverse impact upon the delivery of essential services because of unforeseen events during the fiscal year. Beginning with the 1983 fiscal year, any deficit in the results of the City's operations must be provided for in the following fiscal year.

The Control Board's current program for determining the City's compliance with its financial plan includes monitoring the City's system of monthly expenditure projections and quarterly allocations for each agency, review of cost reduction programs, and review of revenue by category on an ongoing basis.

For the duration of a control period all revenues, funds and accounts of the City and any covered organization are revenues, funds and accounts of a fund established pursuant to the Emergency Act (the "Board Fund") and are held for the account of the City or the appropriate covered organization except to the extent prohibited by law or previous agreement relating to outstanding securities and except for moneys deposited into the City general debt service fund or repayment accounts for tax or revenue anticipation notes. Responsibility for disbursements from and day-to-day management of the Board Fund is in the hands of the City, although the Control Board has established procedures through which it may assume immediate control of such fund, subject to certain conditions. The Control Board has the power to exempt revenues, funds or accounts from these requirements.

In addition to its responsibilities with respect to the four year financial plans, during a control period the Control Board is also charged with responsibility for the review and approval of proposed contracts and certain obligations of the City and the covered organizations, and, in coordination with the Corporation, the approval of long-term or short-term borrowing by the City or any covered organization.

PART II--AGREEMENT OF THE STATE OF NEW YORK

In the legislation which established the Corporation in 1975, the State pledged to and agreed with the holders of the Corporation's bonds, that the State will not limit or alter the rights vested by the Act in the Corporation to fulfill the terms of any agreements made with holders of any such bonds, or in any way impair the rights and remedies of such holders, until any such bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. The Corporation has included such pledge in the Second General Bond Resolution.
In addition, pursuant to legislation enacted in 1978, the City is authorized and the Corporation is required to include the 1978 State Covenant in any agreement with holders or guarantors of their notes or bonds. By the terms of the 1978 State Covenant, the State agrees not to take any action that will (a) substantially impair the authority of the Control Board during a control period to approve, disapprove or modify any financial plan or modification, to disapprove contracts of the City or covered organizations, to approve or disapprove proposed borrowings of the City or covered organizations, and to establish procedures for deposits to and disbursements from the Board Fund; (b) substantially impair the authority of the Control Board to review financial plans and modifications, contracts and proposed borrowings of the City or covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the Control Board so that a majority of the voting members are not elected State officials or appointees of the Governor; (e) terminate the existence of the Control Board before the earlier of July 1, 2008 or the date when all notes or bonds containing the 1978 State Covenant are no longer outstanding and there is no longer effective or outstanding any Federal guarantee; (f) substantially modify the requirement that the City's financial statements be independently audited; or (g) alter the definition of control period or substantially alter the authority of the Control Board to reimpose or terminate a control period. The Emergency Act provides that the pledge and agreement of the State shall cease to be effective when notes and bonds subject to the pledge are no longer outstanding or when sufficient moneys have been set aside for their payment.

Enactment of the 1978 State Covenant was considered by the Financial Institutions to be an essential condition to their participation in the Debt Issuance Plan. In the opinion of Bond Counsel, given to the Financial Institutions and City Pension Funds pursuant to the Financing Agreement, while the matter is not free from doubt, the 1978 State Covenant is enforceable, provided a court would hold that the pledge is an "important security provision" of the bonds, "subject at all times to the proper exercise of the State's reserved police power." The enforceability of the 1978 State Covenant is subject to various factual requirements and legal uncertainties and there can be no assurance that any purchaser seeking to enforce the 1978 State Covenant will be able to meet such factual requirements or that such legal uncertainties will be resolved in favor of such enforcement.
PART 12--MANAGEMENT

Under the Act, the Corporation is administered by a Board of Directors (the "Board"), consisting of nine directors. All of the directors are appointed by the Governor with the advice and consent of the State Senate; four of the directors are appointed upon written recommendation of the Mayor. The Act also provides for the appointment of representatives to the Board (the "Representatives") by certain State or City officials or bodies politic. The Representatives are entitled to receive notice of and to attend all meetings of the Board but are not entitled to vote. In addition, the State Comptroller or his representative is entitled to attend and participate in the meetings of the Board but is not entitled to vote.

The Act provides that no director (and no Representative) may be an officer or employee of the Federal Government or of the State or of any political subdivision thereof.

Maintenance of Certain Funds

In order to assure the maintenance of the Operating Fund, the Bond Service Fund and the Capital Reserve Fund, not less than 120 days before the beginning of each Fiscal Year (but prior to February 12 in each calendar year), the Chairman of the Corporation shall certify to the State Comptroller and to the Mayor, with a copy of such Certificate to the Trustee, a schedule setting forth the cash requirements of the Corporation for such Fiscal Year and the time or times when such cash is required, which certification shall be revised from time to time as required. In order further to secure the Bonds, each payment (to be made on or before
April 12, June 25, October 12 and January 12) by the State Comptroller to the Corporation in accordance with such certification shall be an amount, after taking into account moneys then in the Bond Service Fund and available for purposes of the Bond Service Fund during such Fiscal Year, not less than the sum of (A) 50% of the interest on all outstanding Bonds payable within six months after the end of the quarterly period for which such payment is made plus (B) 25% of the principal and premium, if any, on all Bonds and Sinking Fund Installments of the Corporation payable within one year after the end of the quarterly period for which such payment is made and of such amount, if any, as may be required to be paid into the Capital Reserve Fund during the Fiscal Year of the Corporation of which such quarterly period is a part. If any increase shall occur in the cash requirements specified above, or if payments are required at a time or times earlier than previously certified, or if the City shall for any reason fail to make timely payment of the principal and accrued interest due on any obligation issued by the City to the Corporation and maturing within the same Fiscal Year, the Chairman shall certify a revised schedule of cash requirements for such Fiscal Year to the State Comptroller and to the Mayor. The schedule accompanying each certification (or revision thereof) shall provide for such payment dates as the Corporation deems appropriate to assure that sufficient funds will be available to meet the obligations of the Corporation as they become due. The Chairman shall exclude from consideration in making any such certification with respect to the funds required by the Corporation for payment of principal of or interest on the Bonds, any amounts due to be received as payment of principal of or interest on obligations of the City held by the Corporation.

The Corporation shall not amend the First General Bond Resolution in any manner which would have a material adverse effect on the Bondholders, provided, however, that nothing shall prevent the issuance of obligations upon the terms as provided in the First General Bond Resolution. No such obligations shall be issued if such issuance would cause the amounts available for debt service on the Bonds to be less than 1.2 times the maximum aggregate amount of debt service on the Bonds for each Fiscal Year of the Corporation.

(Resolution, Section 909)
Additional Obligations

The Corporation reserves the right to issue its obligations under a separate resolution so long as the same are not entitled to a prior or equal lien with respect to the moneys pledged under the Resolution or with respect to proceeds from the Per Capita Aid, the Sales Tax or the Stock Transfer Tax.

(e) the Corporation shall fail or refuse to comply with the provisions of the Act, other than as provided in (c) or (d) above, or shall default in the performance or observance of any other of the covenants, agreements or conditions on its part contained in the Resolution, any Series Resolution, any Supplemental Resolution, or in the Bonds, and such failure, refusal or default shall continue for a period of 45 days after written notice thereof by the holders of not less than 5% in principal amount of the Outstanding Bonds; or

(f) the State shall for any reason fail or refuse to continue the imposition of either the Sales Tax imposed by the Tax Law as the same may be from time to time amended or the Stock Transfer Tax imposed by such Law as the same may be from time to time amended or if the rates of such taxes shall be reduced to rates less than those in effect on July 2, 1975; or

(g) the State shall fail to maintain the existence of either the special account in the Municipal Assistance Tax Fund or the Stock Transfer Tax Fund; or

(h) the State shall for any reason fail or refuse to apportion and pay Per Capita Aid or shall fail to maintain the State Aid Fund and the Special Aid
Account therein or shall reduce the amount of Per Capita Aid payable during the current Fiscal Year to an amount less than the maximum amount of principal of and interest on the Outstanding Bonds maturing or otherwise coming due in the current or any future Fiscal Year.

MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK

NOTES TO FINANCIAL STATEMENTS

(All data relating to March 31, 1981 and the period then ended are unaudited.)

Note 1--Organization and Functions of the Corporation:

Municipal Assistance Corporation For the City of New York (the "Corporation") is a corporate governmental agency and instrumentality of the State of New York (the "State") constituting a public benefit corporation. The Corporation was created by State legislation adopted in June 1973 (as amended to date, the "Act") for purposes of providing financing assistance and fiscal oversight for the City of New York (the "City"). To carry out such purposes, the Corporation, among other things, issues and sells bonds and notes to pay or loan funds received from such sales to the City and exchanges the Corporation's obligations for those of the City.

Note 2--Summary of Significant Accounting Policies:

The Debt Service Fund follows the modified accrual basis of accounting. Receipts from tax allocations are recorded as received and disbursements to the City are recorded as made. Interest income from investments and interest expense on the Corporation's debt are recorded on the accrual basis. The Corporation's debt is recorded at the principal amount of the obligations outstanding. Original issue discounts are charged to the Debt Service Fund as incurred and become part of funding requirements. Amounts required for the payment of debt service due on July 1 and January 1 are accounted for as if paid on the immediately preceding June 30 and December 31, respectively, by which dates such amounts are segregated for that purpose by the Trustee under the bond resolutions. The funding requirements of the Corporation reported in the Statement of Financial Position do not include future interest requirements.

The Operating Fund provides for the expenses of carrying out the Corporation's duties and functions and is funded from the Municipal Assistance Tax Fund. The Operating Fund accounts have been prepared on the accrual basis of accounting. The Corporation's administrative expenses of debt issuance and service are charged to the Operating Fund as incurred.

Generally, investments in marketable securities which mature more than one year from date of purchase are carried at amortized cost; those maturing in one year or less are carried at cost.

Note 3--Bonds of the Corporation; Authorization, Funding, Payment and Refunded Bonds:

Debt Authorization: The Corporation is authorized by the Act to issue obligations in an aggregate principal amount of $10 billion, exclusive of obligations issued to refund outstanding obligations of the Corporation and of notes issued to enable the City to fulfill its seasonal borrowing requirements. Pursuant to the Act,
MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK

NOTES TO FINANCIAL STATEMENTS--(Continued)

(All data relating to March 31, 1981 and the period then ended are unaudited.)

new obligations of the Corporation may not mature later than July 1, 2008 and no new obligation may be issued after December 31, 1984 except to renew or refund outstanding obligations. The Corporation may issue such obligations provided their issuance would not cause certain debt service limitations and debt service coverage ratios to be exceeded.

Funding Methods: The Corporation funds its debt service requirements and operating expenses from the State's collection of sales tax imposed by the State within the City at the rates formerly imposed by the City, the stock transfer tax and certain per capita aid, subject in each case to appropriation by the State Legislature. Net collections of such taxes and per capita aid not required by the Corporation are available to the City.

All outstanding bonds are general obligations of the Corporation. The Corporation has no taxing power. The bonds are entitled to liens, created by pledges under the respective resolutions, on moneys paid into the Debt Service and Capital Reserve Funds.

Debt service for obligations issued under the First General Bond Resolution is payable from funds paid into the Debt Service Fund from the State's Municipal Assistance Tax Fund, which is funded from revenues collected, less the State's charges for collection and administration, from the sales tax and, if necessary, the stock transfer tax. The net revenues from such sales and stock transfer taxes which were collected by the State during the 12 months ended June 30, 1980 and March 31, 1981 amounted to $1,598 million and $1,842.0 million, respectively. Payments made to the Corporation from the Municipal Assistance Tax Fund are to be made quarterly and at such other times as the Corporation requests.

Debt service for obligations issued under the Second General Bond Resolution is payable from two sources: funds paid annually into the Debt Service Fund from the Municipal Assistance State Aid Fund, which is funded from per capita aid otherwise payable by the State to the City, and, after satisfying the debt service requirements for obligations issued under the First General Bond Resolution as described above, funds paid quarterly from the Municipal Assistance Tax Fund. Per capita aid is subject to prior claims asserted by certain other State or City entities; however, no such claims have been asserted since the inception of the Corporation. Total per capita aid paid into the Municipal Assistance State Aid Fund during the 12 months ended June 30, 1980 and March 31, 1981 amounted to $484 million.

To the extent that funds are available from investment income, receipt of principal and interest payments on obligations of the City and other sources, they may be used to reduce the Corporation's funding requirements.

The Corporation certified to and was paid on April 10, 1981, $50.5 million and $55.1 million of sales tax revenues from the Municipal Assistance Tax Fund for First and Second General Bond Resolution purposes, respectively.

NOTES TO FINANCIAL STATEMENTS--(Continued)

(All data relating to March 31, 1981 and the period then ended are unaudited.)

Payment Dates: Principal payments at maturity or mandatory sinking fund calls are made February 1 and interest is paid semiannually on February 1 and August 1 for bonds outstanding under the First General Bond Resolution. Principal payments at maturity or mandatory sinking fund calls are made July 1 and interest is paid semiannually on July 1 and January 1 for bonds outstanding under the Second General Bond Resolution. The Corporation may from time to time purchase at a price equal to or less than par certain of its securities to satisfy its sinking fund requirements.

Refunded Bonds: The Corporation's bonds may be refunded in advance of their maturity in accordance with provisions of the First and Second General Bond Resolutions by placing in trust with the Trustee sufficient money or certain securities which together with investment income will be sufficient to pay principal and interest when due on the bonds which have been refunded. During the year ended June 30, 1980 the Corporation issued $706.1 million of bonds to advance refund or in exchange for $656.7 million of previously issued bonds. Although they remain valid debt instruments with regard to principal and interest payable thereon from the moneys or securities placed in trust, advance refunded bonds are deemed to have been paid within the meaning of the First and Second General Bond Resolutions and are therefore no longer presented as liabilities of the Corporation. At June 30, 1980, approximately $709.5 million of the Corporation's bonds which have been advance refunded remain valid debt instruments. At March 31, 1981, approximately $596.3 million of the Corporation's bonds which have been advance refunded remain valid debt instruments.

Note 4--Capital Reserve Fund:

The Act provides for the establishment of a Capital Reserve Fund to provide security for payment of interest on and principal of the Corporation's bonds. The amount required to be on deposit in the Capital Reserve Fund is a fixed percentage of principal (including sinking fund installments) and interest maturing or otherwise due or becoming due on outstanding bonds during a calendar year. For 1980, the percentage is 100% of such year's requirements. Following 1980, the percentage is 100% of the succeeding year's requirements.

The Capital Reserve Fund balance at June 30, 1980 of $682.0 million, which included accrued interest of $13.8 million, comprised $296.9 million relating to First General Resolution Bonds and $385.1 million relating to Second General Resolution Bonds. The Capital Reserve Fund balance at March 31, 1981 of $791.0 million, which included accrued interest of $17.7 million, comprised $316.5 million relating to First General Resolution Bonds and $474.5 million relating to Second General Resolution Bonds.

The Capital Reserve Fund may be invested only in direct obligations of, or obligations guaranteed by, the State or the United States of America, or in certain other permitted investments. At June 30, 1980, the amortized cost of the investments
exceeded market value by approximately $37.5 million. At March 31, 1981, the amortized cost of the investments exceeded market value by approximately $96.4 million.

Note 5--Guaranty Fund:

In connection with the issuance by the City of Federally guaranteed obligations, a Guaranty Fund has been established by the Corporation. The moneys on deposit in the Guaranty Fund, up to a specified amount, are available for the benefit of the United States of America in the event the City is unable to meet debt service requirements on certain City obligations for which the payment of principal and interest is guaranteed by the United States of America. Such specified amount is presented as a liability of the Corporation. To the extent moneys on deposit in the Guaranty Fund exceed the amount required, the Corporation is entitled to withdraw such excess from the Guaranty Fund and the United States of America has no further claim on such moneys. At March 31, 1981, no claim had been asserted. Moneys on deposit in the Guaranty Fund are invested in direct obligations of the United States of America.

Note 6--Investments in Marketable Securities:

Debt service funds paid to the Corporation in advance of disbursement to bondholders are temporarily invested pursuant to the terms of the bond resolutions and the income therefrom is credited to the Debt Service Fund. Proceeds of debt issues may also be temporarily invested. Such funds may be invested as described in Note 4, include certain obligations of the Corporation and are carried at cost which approximates market value.

Note 7--New York City Obligations Held by the Corporation:

At June 30, 1980, the Corporation held $665 million of City obligations which it had acquired previously as a result of various exchanges and payments to the City. When acquired, such obligations were not recorded in the Statement of Financial Position pending resolution of certain terms and conditions of repayment.

During the second quarter of the current fiscal year, the Corporation acquired $112 million of City bonds as the initial component of a program to provide for a significant portion of the City's capital financing requirements through 1984. With the commencement of this program, and the prior resolution of the payment terms of the obligations, the Corporation has recognized the City obligations in the Statement of Financial Position and, accordingly, $683 million par value of City obligations, including accrued interest, were recorded as assets as of July 1, 1980.

The $614 million principal amount of City obligations held at March 31, 1981, bear interest at rates ranging from 8% to 10-3/4% and mature from 1981 to 2007. At

FOR THE CITY OF NEW YORK
SERIES 29 BOND

The Municipal Assistance Corporation For The City Of New York (hereinafter sometimes called the "Corporation"), a corporate governmental agency and instrumentality of the State of New York (herein sometimes called the "State") constituting a public benefit corporation, organized and existing under and pursuant to the laws of the State of New York, acknowledges itself indebted to, and for value received, hereby promises to pay to the bearer or, if this Bond be registered as herein provided, to the registered owner hereof, upon presentation and surrender of this Bond, the principal sum of FIVE THOUSAND DOLLARS ($5,000) (ONE HUNDRED THOUSAND DOLLARS ($100,000)) on the first day of July, 2000, unless redeemed prior thereto as hereinafter provided, and to pay interest thereon at the rate of per centum (%) per annum, payable on January 1, 1982 and on July 1, 1982 and semi-annually
thereafter on January 1 and on July 1, in each year, from the date hereof to the date of maturity or earlier redemption of this Bond and thereafter at the same rate, until the Corporation's obligation with respect to the payment of such principal sum shall be discharged, but with respect to interest due on or before the maturity of this Bond only according to the tenor and upon presentation and surrender of the attached coupons as they respectively become due and payable. Both principal and redemption premium, if any, of and interest on this Bond are payable in any coin or currency of the United States of America which, on the respective dates of payment thereof, shall be legal tender and upon presentation and surrender of the attached coupons as they respectively become due and payable. Both principal and redemption premium, if any, of and interest on this Bond are payable in any coin or currency of the United States of America which, on the respective dates of payment thereof, shall be legal tender for the payment of public and private debts, at the corporate trust office of Citibank, N.A., in the Borough of Manhattan, City and State of New York, or, at the option of the holder, at the corporate trust office of Bank of America National Trust and Savings Association, in the City and County of San Francisco, State of California. The principal of this Bond, if registered, is payable only at the corporate trust office of United States Trust Company of New York, in the Borough of Manhattan, City and State of New York, as trustee under the resolution of the Corporation adopted November 25, 1975, as amended and supplemented, entitled "Second General Bond Resolution" (herein called the "Second General Bond Resolution"), or its successor as trustee (herein called the "Trustee"), in like coin or currency.

The Bond is one of a duly authorized issue of bonds of the Corporation designated as its "Bonds" (herein called the "Bonds"), issued and to be issued in various series under and pursuant to the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the City of New York Act, said Acts being Titles I, II and III of Article 10 of the Public Authorities Law (Chapter 43-A of the Consolidated Laws of the State of New York), as amended (herein called the "Act"), and under and pursuant to the Second General Bond Resolution and the series resolution authorizing each such series.

The Bonds are general obligations of the Corporation payable out of any payments to the Corporation pursuant to Sections
3036 and 3036-a of the Act except for amounts pledged pursuant to the General Bond Resolution of the Corporation adopted July 2, 1975, as amended and supplemented (the “First General Bond Resolution”), and the rights of the holders of the Bonds to such amounts are declared to be expressly subordinated to the rights of the holders of obligations issued pursuant to the First General Bond Resolution and any payments to the Corporation for credit to the Operating Fund as defined in and established pursuant to the First General Bond Resolution. The Bonds are entitled to a first lien created by the pledge under the Second General Bond Resolution of all revenues, moneys and securities in the Bond Service Fund and the Capital Reserve Fund (as defined therein). The Second General Bond Resolution provides for the application of the amounts in the Capital Reserve Fund and in the Bond Service Fund to the payment, when due, of the principal or redemption price, if any, of and interest on the Bonds. Pursuant to the Second General Bond Resolution, such revenues, moneys and securities include each of the following: (i) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Aid Fund established by the State Finance Law (Chapter 56 of said Consolidated Laws), which are required to be made only if and to the extent that moneys appropriated by the Legislature of the State of New York as per capita aid pursuant to Section 54 of the State Finance Law payable to The City of New York (herein sometimes called the "City") shall have been apportioned and paid into and be available in the Special Aid Account established within such Municipal Assistance Aid Fund for the Corporation; (ii) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Tax Fund established by the State Finance Law, which are required to be made only if and to the extent that moneys from the sales and compensating use taxes as imposed by Section 1107 of Article 28 of the Tax Law (Chapter 60 of said Consolidated Laws) and, if required, the stock transfer tax imposed by Article 12 of said Tax Law, have been appropriated by the Legislature of the State of New York from the Special Tax Account established within such Municipal Assistance Tax Fund for the Corporation or that revenues shall have otherwise been made available therefor by the State of New York; (iii) all amounts received by the Corporation from the State of New York as payments for deposit into the Capital Reserve Fund (pursuant to the Act by certification annually on or before December 1, of the Chairman to the Governor
and the Director of the Budget of the State of New York, of the amount necessary to restore the Capital Reserve Fund and Bond Service Funds) provided, however, that pursuant to the Act, any provision therein or in the Resolutions or in any other agreement between the Corporation and the holders of Bonds, relating to said per capita aid, taxes and such Municipal Assistance Aid Fund, the Special Aid Account, the Municipal Assistance Tax Fund, the Special Tax Account and the Stock Transfer Tax Fund established by the State Finance Law, shall be deemed executory only to the extent of the moneys available to the State of New York in such Funds from time to time and the State of New York shall incur no liability on account thereof beyond such moneys.

As provided in the Second General Bond Resolution, the Bonds may be issued from time to time pursuant to series resolutions in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Second General Bond Resolution. The aggregate principal amount of Bonds which may be issued pursuant to the Second General Bond Resolution is not limited except as provided in the Second General Bond Resolution and in certain other resolutions of the Corporation, or as may be limited by law, and all Bonds issued and to be issued pursuant to the Second General Bond Resolution are and will be equally secured by the pledges and covenants made therein, except as otherwise expressly provided or permitted in the Second General Bond Resolution.

This Bond is one of a series of Bonds designated "Series 29 Bonds" (herein called the "Series 29 Bonds"), issued in the aggregate principal amount of $138,020,000 pursuant to the Second General Bond Resolution and the series resolution of the Corporation, adopted June 2, 1981, entitled "Series 29 Resolution Authorizing $138,020,000 Series 29 Bonds" (said resolutions being herein collectively called the "Resolutions"), for purposes authorized by the Act. Copies of the Resolutions are on file at the office of the Corporation and at the corporate trust office of the Trustee and reference to the Resolutions and any and all supplements thereto and modifications and amendments thereof and to the Act is made for a description of the pledges and covenants securing the Series 29 Bonds, the nature, extent and manner of enforcement of such pledges, the rights and remedies of the bearers or registered owners of the Series 29 Bonds with respect thereto and the terms and conditions upon which the Series 29 Bonds are issued and may be issued thereunder.
Pursuant to the provisions of Section 10-a of the New York State Financial Emergency Act for the City of New York, as amended (constituting Chapter I of Title I6 of McKinney's Unconsolidated Laws of the State of New York) (herein called the "Control Act"), the State has authorized and requires the Corporation to include in any agreement made by the Corporation with holders of its bonds issued after September 28, 1978, including the Series 29 Bonds, and the Corporation hereby includes in this Series 29 Bond, a pledge and agreement of the State that it will not take any action which will (a) substantially impair the authority of the board (as defined in the Control Act) during a control period, as defined in subdivision twelve of Section two of the Control Act as in effect on the date the Series 29 Bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraphs a, c, d, e and f of subdivision one of Section eight of the Control Act as in effect on the date the Series 29 Bonds are issued and paragraph b of such subdivision one as in effect from time to time, (ii) to disapprove a contract of the City or a covered organization (as defined in the Control Act) if the performance of such contract would be inconsistent with the financial plan or to approve or disapprove a proposed short-term or long-term borrowing of the City or a covered organization or any agreement or other arrangement referred to in subdivision four of Section seven of the Control Act, or (iii) to establish and adopt procedures with respect to the deposit in and disbursement from the board fund (as defined in the Control Act) of City revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the City or the covered organizations and proposed short-term or long-term borrowings of the City and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the State elected in a statewide election or appointees of the Governor of the State; (e) terminate the existence of the board prior to the time to be determined in accordance with Section thirteen of the Control Act as in effect on the date the Series 29 Bonds are issued; (f) substantially modify the requirement that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the
definition of a control period set forth in such subdivision twelve of Section two of the Control Act, as in effect on the date the Series 29 Bonds are issued, or substantially alter the authority of the Board, as set forth in said subdivision twelve to reissue or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect with respect to a holder of a Series 29 Bond if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 29 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 29 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holder of this Series 29 Bond is in full force and effect.

To the extent and in the manner permitted by the terms of the Resolutions, the provisions of the Resolutions or any resolution amendatory thereof or supplemental thereto, may be modified or amended by the Corporation with the written consent of the holders of at least two-thirds in principal amount of the Bonds then Outstanding (as defined in the Second General Bond Resolution), or, in case less than all of the series of Bonds would be affected thereby, with such consent of the holders of at least two-thirds in principal amount of the Bonds of each series so affected then Outstanding, or, in case of a Sinking Fund Installment (as defined in the Second General Bond Resolution) change, with such consent of the holders of at least two-thirds in principal amount of the Outstanding Bonds affected thereby; provided, however, that, if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds.

This Series 29 Bond is transferable by delivery except when registered as to principal otherwise than to bearer. It may be
registered as to principal in the name of the owner on the books of the Corporation kept for that purpose at the corporate trust office of the Trustee, such registration to be noted hereon, after which no transfer hereof shall be valid unless made on said books by the registered owner in person, or by his attorney duly authorized in writing, and similarly noted hereon; but this Series 29 Bond may be discharged from registration by being in like manner transferred to bearer, after which it shall again become transferable by delivery; and this Series 29 Bond may again and from time to time be registered or discharged from registration in the same manner. Registration of this Series 29 Bond shall not affect the negotiability of the coupons, which shall continue to be payable to bearer and transferable by delivery.

The Series 29 Bonds are issuable in the form of coupon Bonds payable to bearer in the denomination of $5,000 or $100,000 and in the form of registered Bonds without coupons in the denomination of $5,000 or an integral multiple thereof, not exceeding the aggregate principal amount of the Series 29 Bonds. MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK

SERIES 29 BOND

% Due July 1, 2000

This Bond is one of a duly authorized issue of bonds of the Corporation designated as its "Bonds" and herein so referred to, issued and to be issued in various series under and pursuant to the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the City of New York Act, said Acts being Titles I, II and III of Article 10 of the Public Authorities Law (Chapter 43-A of the Consolidated Laws of the State of New York), as amended (herein called the "Act"), and under and pursuant to the resolution of the Corporation adopted November 25, 1975, as amended and supplemented, entitled "Second General Bond Resolution" and herein so referred to, and the series resolution authorizing each such series.

The Bonds are general obligations of the Corporation payable out of any payments to the Corporation pursuant to Sections 3036 and 3036-a of the Act except for amounts pledged pursuant to the General Bond Resolution of the Corporation adopted July 2, 1975, as amended and supplemented (the "First General Bond Resolution"), and the rights of the holders of the Bonds to such amounts are declared to be expressly subordinate to the rights of the holders of obligations issued pursuant to the First General Bond Resolution and any payments to the Corporation for credit to the Operating Fund as
defined in and established pursuant to the First General Bond Resolution. The Bonds are entitled to a first lien created by the pledge under the Second General Bond Resolution of all revenues, moneys and securities in the Bond Service Fund and the Capital Reserve Fund (as defined therein). The Second General Bond Resolution provides for the application of the amounts in the Capital Reserve Fund and in the Bond Service Fund to the payment, when due, of the principal or redemption price, if any, of and interest on the Bonds. Pursuant to the Second General Bond Resolution, such revenues, moneys and securities include each of the following: (i) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Aid Fund established by the State Finance Law (Chapter 56 of said Consolidated Laws), which are required to be made only if and to the extent that moneys appropriated by the Legislature of the State of New York as per capita aid pursuant to Section 54 of the State Finance Law payable to The City of New York shall have been apportioned and paid into and be available in the Special Aid Account established within such Municipal Assistance Aid Fund for the Corporation; (ii) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Tax Fund established by the State Finance Law, which are required to be made only if and to the extent that moneys from the sales and compensating use taxes as imposed by Section 1107 of Article 28 of the Tax Law (Chapter 60 of said Consolidated Laws) and, if required, the stock transfer tax imposed by Article 12 of said Tax Law, have been appropriated by the Legislature of the State of New York from the Special Tax Account established within such Municipal Assistance Tax Fund for the Corporation or that revenues shall have otherwise been made available therefor by the State of New York; (iii) all amounts received by the Corporation from the State of New York as payments for deposit into the Capital Reserve Fund (pursuant to the Act by certification annually on or before December 1, of the Chairman to the Governor and the Director of the Budget of the State of New York, of the amount necessary to restore the Capital Reserve Fund to its required amount); and (iv) investment earnings of moneys in the Capital Reserve Fund and Bond Service Fund; provided, however, that pursuant to the Act, any provision therein or in the Resolutions or in any other agreement between the Corporation and the holders of Bonds, relating to said per capita aid, taxes and such Municipal Assistance Aid Fund, the Special Aid Account, the Munici-
pal Assistance Tax Fund, the Special Tax Account and the Stock Transfer Tax Fund established by the State Finance Law, shall be deemed executory only to the extent of the moneys available to the State of New York in such Funds from time to time and the State of New York shall incur no liability on account thereof beyond such moneys.

The Bonds may be issued from time to time in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Second General Bond Resolution. The aggregate principal amount of Bonds which may be issued pursuant to the Second General Bond Resolution is not limited except as provided therein and in certain other resolutions of the Corporation, or as may be limited by law, and all Bonds issued and to be issued pursuant to the Second General Bond Resolution are and will be equally secured by the pledges and covenants made therein, except as otherwise expressly provided or permitted in the Second General Bond Resolution.

This Bond is one of a series of Bonds designated "Series 29 Bonds" (herein called the "Series 29 Bonds"), issued in the aggregate principal amount of $138,020,000 pursuant to the Second General Bond Resolution and the series resolution of the Corporation, adopted June 2, 1981, entitled "Series 29 Resolution Authorizing $138,020,000 Series 29 Bonds" (said resolutions being herein collectively called the "Resolutions"), for purposes authorized by the Act. Copies of the Resolutions are on file at the office of the Corporation and at the corporate trust office of United States Trust Company of New York, in the Borough of Manhattan, City and State of New York, as trustee under the Second General Bond Resolution (said trustee and any successor thereto being herein referred to as the "Trustee"), and reference to the Resolutions and any and all supplements thereto and modifications and amendments thereof and to the Act is made for a description of the pledges and covenants securing the Series 29 Bonds, the nature, extent and manner of enforcement of such pledges, the rights and remedies of the bearers or registered owners of the Series 29 Bonds with respect thereto and the terms and conditions upon which the Series 29 Bonds are issued and may be issued thereunder.
Pursuant to the provisions of Section 10-a of the New York State Financial Emergency Act for The City of New York, as amended (constituting Chapter I of Title 16 of McKinney's Unconsolidated Laws of the State of New York) (herein called the "Control Act"), the State has authorized and requires the Corporation to include in any agreement made by the Corporation with holders of its bonds issued after September 28, 1978, including the Series 29 Bonds, and the Corporation hereby includes in this Series 29 Bond, a pledge and agreement of the State that it will not take any action which will (a) substantially impair the authority of the board (as defined in the Control Act) during a control period, as defined in subdivision twelve of Section two of the Control Act as in effect on the date the Series 29 Bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraphs a, c, d, e and f of subdivision one of Section eight of the Control Act as in effect on the date the Series 29 Bonds are issued and paragraph b of such subdivision one as in effect from time to time, (ii) to disapprove a contract of the City or a covered organization (as defined in the Control Act) if the performance of such contract would be inconsistent with the financial plan or to approve or disapprove a proposed short-term or long-term borrowing of the City or a covered organization or any agreement or other arrangement referred to in subdivision four of Section seven of the Control Act, or (iii) to establish and adopt procedures with respect to the deposit in and disbursement from the board fund (as defined in the Control Act) of City revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the City or the covered organizations and proposed short-term or long-term borrowings of the City and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the State elected in a state-wide election or appointees of the Governor of the State; (e) terminate the existence of the board prior to the time to be determined in accordance with Section thirteen of the Control Act as in effect on the date the Series 29 Bonds are issued; (f) substantially modify the requirements that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the
definition of a control period set forth in such subdivision twelve of Section two of the Control Act, as in effect on the date the Series 29 Bonds are issued, or substantially alter the authority of the board, as set forth in said subdivision twelve to reimpose or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect with respect to a holder of a Series 29 Bond if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 29 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 29 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holder of this Series 29 Bond is in full force and effect.

To the extent and in the manner permitted by the terms of the Resolutions, the provisions of the Resolutions or any resolution amendatory thereof or supplemental thereto, may be modified or amended by the Corporation with the written consent of the holders of at least two-thirds in principal amount of the Bonds then Outstanding (as defined in the Second General Bond Resolution), or, in case less than all of the Series of Bonds would be affected thereby, with such consent of the holders of at least two-thirds in principal amount of the Bonds of each Series so affected then Outstanding, or, in case of a Sinking Fund Installment (as defined in the Second General Bond Resolution) change, with such consent of the holders of at least two-thirds in principal amount of the Outstanding Bonds affected thereby; provided, however, that, if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds.

This Series 29 Bond is transferable as provided in the Resolutions, only upon the books of the Corporation kept for that
purpose at the corporate trust office of the Trustee, by the registered owner hereof in person or by his attorney duly authorized in writing, upon surrender hereof together with a written instrument of transfer satisfactory to the Trustee duly executed by the registered owner or such duly authorized attorney, and thereupon the Corporation shall issue in the name of the transferee, a new registered Series 29 Bond or Bonds and/or, at the option of the transferee, a coupon Series 29 Bond or Bonds of the denomination of $5,000 or $100,000 each with appropriate coupons attached, of the same aggregate principal amount, maturity and interest rate as the surrendered Series 29 Bond, as provided in the Resolutions and upon the payment of the charges, if any, therein prescribed. Both principal and redemption premium, if any, of any interest on this Bond are payable in any coin or currency of the United States of America which, on the respective dates of payment thereof, shall be legal tender and upon presentation and surrender of the attached coupons as they respectively become due and payable. Both principal and redemption premium, if any, of and interest on this Bond are payable in any coin or currency of the United States of America which, on the respective dates of payment thereof, shall be legal tender for the payment of public and private debts, at the corporate trust office of Citibank, N.A., in the Borough of Manhattan, City and State of New York, or, at the option of the holder, at the corporate trust office of Bank of America National Trust and Savings Association, in the City and County of San Francisco, State of California. The principal of this Bond, if registered, is payable only at the corporate trust office of United States Trust Company of New York, in the Borough of Manhattan, City and State of New York, as trustee under the resolution of the Corporation adopted November 25, 1975, as amended and supplemented, entitled "Second General Bond Resolution" (herein called the "Second General Bond Resolution"), or its successor as trustee (herein called the "Trustee"), in like coin or currency.

This Bond is one of a duly authorized issue of bonds of the Corporation designated as its "Bonds" (herein called the "Bonds"), issued and to be issued in various series under and pursuant to the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the City of New York Act, said Acts being Titles I, II and III of Article 10 of the Public Authorities Law (Chapter 43-A of the Consolidated Laws of the State of New York), as amended (herein called the "Act"), and under and pursuant to the Second General Bond Resolution and the series resolution authorizing each such series.

The Bonds are general obligations of the Corporation payable out of any payments to the Corporation pursuant to Sections

The Second General Bond Resolution provides for the application of the amounts in the Capital Reserve Fund and in the Bond Service Fund to the payment, when due, of the principal or redemption price, if any, of and interest on the Bonds. Pursuant to the Second General Bond Resolution, such revenues, moneys and securities include each of the following: (i) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Aid Fund established by the State Finance Law (Chapter 56 of said Consolidated Laws), which are required to be made only if and to the extent that moneys appropriated by the Legislature of the State of New York as per capita aid pursuant to Section 54 of the State Finance Law payable to The City of New York (herein sometimes called the "City") shall have been apportioned and paid into and be available in the Special Aid Account established within such Municipal Assistance Aid Fund for the Corporation; (ii) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Tax Fund established by the State Finance Law, which are required to be made only if and to the extent that moneys from the sales and compensating use taxes as imposed by Section 1107 of Article 28 of the Tax Law (Chapter 60 of said Consolidated Laws) and, if required, the stock transfer tax imposed by Article 12 of said Tax Law, have been appropriated by the Legislature of the State of New York from the Special Tax Account established within such Municipal Assistance Tax Fund for the Corporation or that revenues shall have otherwise been made available therefor by the State of New York; (iii) all amounts received by the Corporation from the State of New York as payments for deposit into the Capital Reserve Fund (pursuant to the Act by certification annually on or before December 1, of the Chairman to the Governor
and the Director of the Budget of the State of New York, of the amount necessary to restore the Capital Reserve Fund and Bond Service Fund(s) provided, however, that pursuant to the Act, any provision therein or in the Resolutions or in any other agreement between the Corporation and the holders of Bonds, relating to said per capita aid, taxes and such Municipal Assistance Aid Fund, the Special Aid Account, the Municipal Assistance Tax Fund, the Special Tax Account and the Stock Transfer Tax Fund established by the State Finance Law, shall be deemed executory only to the extent of the moneys available to the State of New York in such Funds from time to time and the State of New York shall incur no liability on account thereof beyond such moneys.

As provided in the Second General Bond Resolution, the Bonds may be issued from time to time pursuant to series resolutions in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Second General Bond Resolution. The aggregate principal amount of Bonds which may be issued pursuant to the Second General Bond Resolution is not limited except as provided in the Second General Bond Resolution and in certain other resolutions of the Corporation, or as may be limited by law, and all Bonds issued and to be issued pursuant to the Second General Bond Resolution are and will be equally secured by the pledges and covenants made therein, except as otherwise expressly provided or permitted in the Second General Bond Resolution.

This Bond is one of a series of Bonds designated "Series 30 Bonds" (herein called the "Series 30 Bonds"), issued in the aggregate principal amount of $98,980,000 pursuant to the Second General Bond Resolution and the series resolution of the Corporation, adopted June 2, 1981, entitled "Series 30 Resolution Authorizing $98,980,000 Series 30 Bonds" (said resolutions being herein collectively called the "Resolutions"), for purposes authorized by the Act. Pursuant to the provisions of Section 10-a of the New York State Financial Emergency Act for The City of New York, as amended (constituting Chapter I of Title 16 of McKinney's Unconsolidated Laws of the State of New York) (herein called the "Control Act"), the State has authorized and requires the Corporation to include in any agreement made by the Corporation with holders of its bonds issued after September 28, 1978, including the Series 30 Bonds, and the Corporation hereby includes in this Series 30 Bond, a pledge and agreement of the State that it will not take any action which will (a) substantially impair the authority of the board (as defined in the Control Act) during a control period, as defined in subdivision twelve of Section two of the Control Act as in effect on the date the Series 30 Bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraphs a, c, d, e and f of subdivision one of Section eight of the Control Act as in effect on the date the Series 30 Bonds are issued and paragraph b of such subdivision one as in effect from time to time, (ii) to disapprove a contract of the City or a covered organization (as defined in the Control Act) if the performance of such contract would be inconsistent with the financial plan or to approve or disapprove a proposed short-term or long-term borrowing of the City or a covered organization or any agreement or other arrangement referred to in subdivision four of Section seven of the Control Act, or (iii) to establish and adopt procedures with respect to the deposit in and disbursement from the board fund (as defined in the Control Act) of City revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the City or the covered organizations and proposed short-term or long-term borrowings of the City and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the State elected in a statewide election or appointees of the Governor of the State; (e) terminate the existence of the board prior to the time to be determined in accordance with Section thirteen of the Control Act as in effect on the date the Series 30 Bonds are issued; (f) substantially modify the requirement that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the
definition of a control period set forth in such subdivision twelve of Section two of the Control Act, as in effect on the date the Series 30 Bonds are issued, or substantially alter the authority of the Board, as set forth in said subdivision twelve to re impose or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect with respect to a holder of a Series 30 Bond if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 30 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 30 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holder of this Series 30 Bond is in full force and effect.

To the extent and in the manner permitted by the terms of the Resolutions, the provisions of the Resolutions or any resolution amendatory thereof or supplemental thereto, may be modified or amended by the Corporation with the written consent of the holders of at least two-thirds in principal amount of the Bonds then Outstanding (as defined in the Second General Bond Resolution), or, in case less than all of the series of Bonds would be affected thereby, with such consent of the holders of at least two-thirds in principal amount of the Bonds of each series so affected then Outstanding, or, in case of a Sinking Fund Installment (as defined in the Second General Bond Resolution) change, with such consent of the holders of at least two-thirds in principal amount of the Outstanding Bonds affected thereby; provided, however, that, if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds.

This Series 30 Bond is transferable by delivery except when registered as to principal otherwise than to bearer. It may be
registered as to principal in the name of the owner on the books of the Corporation kept for that purpose at the corporate trust office of the Trustee, such registration to be noted hereon, after which no transfer hereof shall be valid unless made on said books by the registered owner in person, or by his attorney duly authorized in writing, and similarly noted hereon; but this Series 30 Bond may be discharged from registration by being in like manner transferred to bearer, after which it shall again become transferable by delivery; and this Series 30 Bond may again and from time to time be registered or discharged from registration in the same manner. Registration of this Series 30 Bond shall not affect the negotiability of the coupons, which shall continue to be payable to bearer and transferable by delivery.

The Series 30 Bonds are issuable in the form of coupon Bonds payable to bearer in the denomination of $5,000 or $100,000 and in the form of registered Bonds without coupons in the denomination of $5,000 or an integral multiple thereof, not exceeding the aggregate principal amount of the Series 30 Bonds. In like manner, subject to such conditions and upon payment of such charges, if any, registered Series 30 Bonds, upon surrender thereof at the corporate trust office of the Trustee, with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Series 30 Bonds with appropriate coupons attached, and/or Series 30 Bonds without coupons, of any other authorized denominations, of the same maturity and bearing the same rate of interest.

MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK

SERIES 30 BOND

% Due July 1, 2000

This Bond is one of a duly authorized issue of bonds of the Corporation designated as its "Bonds" and herein so referred to, issued and to be issued in various series under and pursuant to the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the City of New York Act, said Acts being Titles I, II and III of Article 10 of the Public Authorities Law (Chapter 43-A of Laws of the State of New York), as amended (herein called the "Act"), and under and pursuant to the resolution of the Corporation adopted November 25, 1975, as amended and supplemented, entitled "Second General Bond Resolution" and herein so referred to, and the series resolution authorizing each such series.

The Bonds are general obligations of the Corporation payable out of any payments to the Corporation pursuant to Sections 3036 and 3036-a of the Act except for amounts pledged pursuant to the General Bond Resolution of the Corporation adopted July 2, 1975, as amended and supplemented (the "First General Bond Resolution"), and the rights of the holders of the Bonds to such amounts are declared to be expressly subordinate to the rights of the holders of obligations issued pursuant to the First General Bond Resolution and any payments to the Corporation for credit to the Operating Fund as
defined in and established pursuant to the First General Bond Resolution. The Bonds are entitled to a first lien created by the pledge under the Second General Bond Resolution of all revenues, moneys and securities in the Bond Service Fund and the Capital Reserve Fund (as defined therein). The Second General Bond Resolution provides for the application of the amounts in the Capital Reserve Fund and in the Bond Service Fund to the payment, when due, of the principal or redemption price, if any, of and interest on the Bonds. Pursuant to the Second General Bond Resolution, such revenues, moneys and securities include each of the following: (i) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Aid Fund established by the State Finance Law (Chapter 56 of said Consolidated Laws), which are required to be made only if and to the extent that moneys appropriated by the Legislature of the State of New York as per capita aid pursuant to Section 54 of the State Finance Law payable to The City of New York shall have been apportioned and paid into and be available in the Special Aid Account established within such Municipal Assistance Aid Fund for the Corporation; (ii) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Tax Fund established by the State Finance Law, which are required to be made only if and to the extent that moneys from the sales and compensating use taxes as imposed by Section 1107 of Article 28 of the Tax Law (Chapter 60 of said Consolidated Laws) and, if required, the stock transfer tax imposed by Article 12 of said Tax Law, have been appropriated by the Legislature of the State of New York from the Special Tax Account established within such Municipal Assistance Tax Fund for the Corporation or that revenues shall have otherwise been made available therefor by the State of New York; (iii) all amounts received by the Corporation from the State of New York as payments for deposit into the Capital Reserve Fund (pursuant to the Act by certification annually on or before December 1, of the Chairman to the Governor and the Director of the Budget of the State of New York, of the amount necessary to restore the Capital Reserve Fund to its required amount); and (iv) investment earnings of moneys in the Capital Reserve Fund and Bond Service Fund; provided, however, that pursuant to the Act, any provision therein or in the Resolutions or in any other agreement between the Corporation and the holders of Bonds, relating to said per capita aid, taxes and such Municipal Assistance Aid Fund, the Special Aid Account, the Munici-
pal Assistance Tax Fund, the Special Tax Account and the Stock Transfer Tax Fund established by the State Finance Law, shall be deemed executory only to the extent of the moneys available to the State of New York in such Funds from time to time and the State of New York shall incur no liability on account thereof beyond such moneys.

The Bonds may be issued from time to time in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Second General Bond Resolution. The aggregate principal amount of Bonds which may be issued pursuant to the Second General Bond Resolution is not limited except as provided therein and in certain other resolutions of the Corporation, or as may be limited by law, and all Bonds issued and to be issued pursuant to the Second General Bond Resolution are and will be equally secured by the pledges and covenants made therein, except as otherwise expressly provided or permitted in the Second General Bond Resolution.

This Bond is one of a series of Bonds designated "Series 30 Bonds" (herein called the "Series 30 Bonds"), issued in the aggregate principal amount of $98,980,000 pursuant to the Second General Bond Resolution and the series resolution of the Corporation, adopted June 2, 1981, entitled "Series 30 Resolution Authorizing $98,980,000 Series 30 Bonds" (said resolutions being herein collectively called the "Resolutions"), for purposes authorized by the Act. Copies of the Resolutions are on file at the office of the Corporation and at the corporate trust office of United States Trust Company of New York, in the Borough of Manhattan, City and State of New York, as trustee under the Second General Bond Resolution (said trustee and any successor thereto being herein referred to as the "Trustee"), and reference to the Resolutions and any and all supplements thereto and modifications and amendments thereof and to the Act is made for a description of the pledges and covenants securing the Series 30 Bonds, the nature, extent and manner of enforcement of such pledges, the rights and remedies of the bearers or registered owners of the Series 30 Bonds with respect thereto and the terms and conditions upon which the Series 30 Bonds are issued and may be issued thereunder.
Pursuant to the provisions of Section 10-a of the New York State Financial Emergency Act for The City of New York, as amended (constituting Chapter 1 of Title 16 of McKinney's Unconsolidated Laws of the State of New York) (herein called the "Control Act"), the State has authorized and requires the Corporation to include in any agreement made by the Corporation with holders of its bonds issued after September 28, 1978, including the Series 30 Bonds, and the Corporation hereby includes in this Series 30 Bond, a pledge and agreement of the State that it will not take any action which will (a) substantially impair the authority of the board (as defined in the Control Act) during a control period, as defined in subdivision twelve of Section two of the Control Act as in effect on the date the Series 30 Bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraphs a, c, d, e and f of subdivision one of Section eight of the Control Act as in effect on the date the Series 30 Bonds are issued and paragraph b of such subdivision one as in effect from time to time, (ii) to disapprove a contract of the City or a covered organization (as defined in the Control Act) if the performance of such contract would be inconsistent with the financial plan or to approve or disapprove a proposed short-term or long-term borrowing of the City or a covered organization or any agreement or other arrangement referred to in subdivision four of Section seven of the Control Act, or (iii) to establish and adopt procedures with respect to the deposit in and disbursement from the board fund (as defined in the Control Act) of City revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the City or the covered organizations and proposed short-term or long-term borrowings of the City and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the State elected in a state-wide election or appointees of the Governor of the State; (e) terminate the existence of the board prior to the time to be determined in accordance with Section thirteen of the Control Act as in effect on the date the Series 30 Bonds are issued; (f) substantially modify the requirements that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the
definition of a control period set forth in such subdivision twelve of Section two of the Control Act, as in effect on the date the Series 30 Bonds are issued, or substantially alter the authority of the board, as set forth in said subdivision twelve to reimpose or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect with respect to a holder of a Series 30 Bond if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 30 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 30 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holder of this Series 30 Bond is in full force and effect.

To the extent and in the manner permitted by the terms of the Resolutions, the provisions of the Resolutions or any resolution amendatory thereof or supplemental thereto, may be modified or amended by the Corporation with the written consent of the holders of at least two-thirds in principal amount of the Bonds then Outstanding (as defined in the Second General Bond Resolution), or, in case less than all of the Series of Bonds would be affected thereby, with such consent of the holders of at least two-thirds in principal amount of the Bonds of each Series so affected then Outstanding, or, in case of a Sinking Fund Installment (as defined in the Second General Bond Resolution) change, with such consent of the holders of at least two-thirds in principal amount of the Outstanding Bonds affected thereby; provided, however, that, if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds.

This Series 30 Bond is transferable as provided in the Resolutions, only upon the books of the Corporation kept for that
purpose at the corporate trust office of the Trustee, by the
registered owner hereof in person or by his attorney duly authorized
in writing, upon surrender hereof together with a written instrument

registered owner or such duly authorized attorney, and thereupon the
Corporation shall issue in the name of the transferee, a new

the payment of the charges, if any, therein prescribed. The Corpora-
tion and the Trustee may treat and consider the person in whose
name this Series 30 Bond is registered as the holder and absolute
owner hereof for the purpose of receiving payment of, or on account
of, the principal or Redemption Price (as defined in the Resolutions)
hereof and interest due hereon and for all other purposes whatsoever.

The Series 30 Bonds are issuable in the form of coupon
Bonds payable to bearer in the denomination of $5,000 or $100,000
and in the form of registered Bonds without coupons in the denomina-
tion of $5,000 or an integral multiple thereof, not exceeding the
aggregate principal amount of the Series 30 Bonds. Coupon Series 30
Bonds, upon surrender thereof at the corporate trust office of the
Trustee, with all unmatured coupons attached, may, at the option of
the holder thereof, be exchanged for an equal aggregate principal
amount of coupon Series 30 Bonds and/or registered Series 30 Bonds,
of any of the authorized denominations, of the same maturity and
bearing the same rate of interest, in the manner, subject to the
conditions, and upon the payment of the charges, if any, provided in
the Resolutions. In like manner, subject to such conditions and upon
payment of such charges, if any, registered Series 30 Bonds, upon
surrender thereof at the corporate trust office of the Trustee, with a
written instrument of transfer satisfactory to the Trustee, duly
executed by the registered owner or his attorney duly authorized in
writing, may, at the option of the registered owner thereof, be
exchanged for an equal aggregate principal amount of Series 30 Bonds

SECTION 401. Special Covenants. (1) As used in this subsection (1) all defined terms other than Series 30 Bonds are as defined in the First General Bond Resolution. The Corporation covenants hereby with the holders of the Series 30 Bonds that it shall not issue any Bonds, Notes or Other Obligations which would cause the aggregate amount of the principal on Serial Bonds, the Sinking Fund Installments, maturities of Term Bonds not required to be paid from Sinking Fund Installments and interest on all Outstanding Bonds, and the principal of and interest on Notes and the interest on Other Obligations to be paid in any one Fiscal Year to exceed four hundred twenty-five million dollars. Notwithstanding the foregoing sentence,
with respect to up to an aggregate principal amount of twenty-five million dollars of small denomination Notes, as defined in the First General Bond Resolution, for purposes of the foregoing test, debt service shall be determined by assuming that a pro rata amount of such Notes will be redeemed in each Fiscal Year during the period from the date of issuance to the stated date of maturity and interest will accrue on such Notes from the date of issuance and be paid at such assumed dates of redemption; provided, however, that such debt service shall be so determined in such manner only if the resolution or other instrument authorizing the issuance of such small denomination Notes requires the Corporation to deposit annually in a sinking fund established for the payment of such small denomination Notes an amount at least equal to such pro rata amount and interest thereon.

(2) The Corporation covenants further hereby with the holders of the Series 30 Bonds that it shall not issue any additional Bonds unless, in addition to the certificates required pursuant to subsection 3 of Section 202 of the Resolution, it delivers to the Trustee at the time of the delivery of such additional Bonds a certificate of an Authorized Officer setting forth that the aggregate of the amounts set forth in paragraphs (1) and (2) of such subsection after deducting the amount set forth pursuant to paragraph (3)(a) of subsection 3 and the Operating Expenses set forth pursuant to paragraph (3)(c) of such subsection, will be at least 2.0 times the aggregate amount set forth in (3)(b) of such subsection for each Fiscal Year.

(3) The Corporation shall publish (a) within forty-five (45) days after the end of each calendar quarter on an unaudited basis and (b) within ninety (90) days after the end of each Fiscal Year, on the basis of an audit conducted by independent certified public accountants of recognized national standing, a statement of financial position of the Corporation at the end of the period, and the related Debt Service Fund and Capital Reserve Fund statement of transactions and the Operating Fund statement of transactions for the period then ended, together with notes and exhibits thereto, similar in form to the notes and exhibits (which in any case shall include exhibits showing (i) all Bonds and Notes of the Corporation then Outstanding, (ii) a summary of annual debt service funding requirements, and (iii) a summary of total annual debt service payment requirements) pub-
lished by the Corporation for the Fiscal Year ended June 30, 1978, and both such audited and unaudited financial statements to be prepared in accordance with generally accepted accounting principles consistently applied.

SECTION 402. State Covenant. issued; (f) substantially modify the requirement that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the definition of a control period set forth in such subdivision twelve of Section two of the Control Act, as in effect on the date the Series 30 Bonds are issued, or substantially alter the authority of the board, as set forth in said subdivision twelve to reimpose or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 30 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 30 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holders of these Series 30 Bonds is in full force and effect.

(2) If the State shall take any action which is described in Section 402(1) hereinbefore, as an action which the State will not take the Trustee may, on advice of counsel, (i) by suit, action or proceeding in accordance with the New York Civil Practice Law and Rules enforce all rights of Bondholders and (ii) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of Bondholders.

201. Authorization of Bonds. There is hereby established and created an issue of Bonds of the Corporation to be known and designated as "Bonds," which Bonds may be issued as hereinafter provided without limitation as to amount except as provided in this Resolution or as may be limited by law. There is hereby created by this Resolution, in the manner and to the extent provided herein, a continuing pledge and lien to secure the full and final payment of the principal, Sinking Fund Installments, if any, and Redemption Price of and interest on all of the Bonds issued pursuant to this Resolution. The Bonds shall be general obligations of the Corporation and are secured by the pledge effected pursuant to Section 601 hereof.

The Bonds of the Corporation shall not be a debt of either the State or The City, and neither the State nor The City shall be liable thereon, nor shall they be payable out of any funds other than those of the Corporation; and such Bonds shall contain on the face thereof a statement to such effect.

of the Corporation adopted subsequent hereto and the Bonds may be issued in one or more Series. The Bonds of each Series, including Refunding Bonds, shall contain an appropriate Series designation.

Each Series Resolution authorizing the issuance of a Series of Bonds shall also specify:

(1) The authorized principal amount of said Series of Bonds;

(6) The Paying Agent or Paying Agents and, subject to the provisions of Section 802, the place or places of payment of the principal, Sinking Fund Installments, if any, and Redemption Price, if any, of and interest on the Bonds of such Series; provided, however, that such Paying Agent or Paying Agents may be appointed by resolution of the Corporation adopted prior to authentication and delivery of such Series of Bonds in accordance with the provision of Section 802;

(7) The Redemption Price or Redemption Prices, if any, and, subject to Article IV, the redemption terms, if any, for the Bonds of such Series;

2. All of the Bonds of such Series shall be executed by the Corporation for issuance under the Resolution and delivered to the Trustee and thereupon shall from time to time and in such amounts as directed by the Corporation be authenticated by the Trustee and by it delivered to the Corporation or upon its order, but only upon the receipt by the Trustee of:

(1) A Counsel's Opinion dated as of the date of such delivery by the Trustee to the effect that (i) the Corporation has the right and power under the Act as amended to the date of such Opinion to adopt the Resolution (with such approvals as may be required by the Act as so amended), and the Resolution has been duly and lawfully adopted by the Corporation and such approvals given, is in full force and effect and is valid and binding upon the Corporation and enforceable in accordance with its terms, and no other authorization for the Resolution is required; (ii) the Resolution creates the valid pledge which it purports to create of the Revenues, moneys, securities and funds held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution; and (iii) the Bonds of such Series are valid and binding obligations of the Corporation as provided in the Resolution, enforceable in accordance with their terms and the terms of the Resolution and entitled to the benefits of the Resolution and of the Act as amended to the date of such Opinion, and such Bonds have been duly and validly authorized and issued in accordance with law, including the Act as amended to the date of such Opinion, and in accordance with the Resolution;

(2) A written order as to the delivery of such Bonds, signed by an Authorized Officer of the Corporation;
(3) A copy of the Series Resolution authorizing such Bonds, certified by an Authorized Officer of the Corporation;

(4) Except in the case of Refunding Bonds, a certificate of an Authorized Officer of the Corporation stating that the Corporation is not in default in the performance of any of the covenants, conditions, agreements or provisions contained in the Resolution or in the First General Bond Resolution; and

(5) Such further documents, moneys and securities as are required by the provisions of this Section 202, and Section 203, or Article X or any Supplemental Resolution adopted pursuant to Article X.

3. No Series of Bonds, other than any Series of Bonds authorized by one or more Series Resolutions adopted prior to November 30, 1975, issued under the Resolution shall be authenticated and delivered by the Trustee except upon receipt by the Trustee of:

(1) A certificate by the New York State Commissioner of Taxation and Finance setting forth the most recent collections for the 12 consecutive calendar months ended not more than two months prior to the date of such certificate, of the Sales Tax and Stock Transfer Tax, and such other taxes, which as of the date of issuance of any such Series of Bonds are levied and collected by the State and are payable into the special account in the Municipal Assistance Tax Fund established for the Corporation.

Where the amount for such 12 consecutive calendar months is greater than the revenue expected by said Commissioner for the next succeeding 12 months from such Sales Tax, Stock Transfer Tax and such other taxes, the certificate shall set forth the estimated amount which is expected to be levied and collected in such next succeeding 12 months and paid into such special account. Any distortion for any such prior 12 consecutive month period occasioned by a change in payment dates, prepayments, and late payments of such Sales Tax, Stock Transfer Tax or such other taxes shall be taken into account in such certification by increasing or decreasing the estimated amount of Sales Tax, Stock Transfer Tax or such other taxes to be levied and collected. In the event the Sales Tax or such other taxes have not been in effect for 12 calendar months
said Commissioner shall use, respectively, collections of the sales and compensating use taxes previously imposed by the City or collections of the tax similarly based to the other taxes referred to above if such tax was previously imposed by the City, as the amount to be certified in lieu of actual collections of the Sales Tax or other taxes, for those months the Sales Tax or other taxes were not in effect;

(2) A certificate of the State Comptroller or the State Director of the Budget setting forth the estimated amount of Per Capita Aid available to be apportioned and paid (or to the extent previously apportioned and paid, the actual amount so apportioned and paid and the estimated amount, if any, available to be apportioned and paid) into the Special Aid Account for the fiscal year of the State during which such Series of Bonds are issued, provided, however, that for the fiscal year of the State ending March 31, 1976, such certificate shall set forth the amount actually apportioned and paid to the City;

(3) A certificate by an Authorized Officer setting forth (a) the maximum amount of principal and interest maturing or otherwise coming due in the current or any succeeding Fiscal Year on any outstanding obligations issued pursuant to the First General Bond Resolution and the Outstanding Note Resolutions (b) the aggregate amount of the principal on Serial Bonds, the Sinking Fund Installments, maturities of Term Bonds not required to be paid from Sinking Fund Installments and interest on all Outstanding Bonds, including such Series, for each Fiscal Year and (c) the aggregate amount of Operating Expenses as estimated by an Authorized Officer for the current Fiscal Year; and

(4) A certificate by an Authorized Officer stating that the aggregate of the amounts set forth pursuant to paragraphs (1) and (2) above after deducting the amount set forth pursuant to paragraph (3)(a) above and the Operating Expenses set forth pursuant to paragraph (3)(c) above, will be at least 1.2 times such aggregate amount set forth in (3)(b) above for each Fiscal Year set forth pursuant to paragraph (3)(b) above.

203. Provisions for Refunding Bonds. (1) All or any part of one or more Series of Refunding Bonds may be authenticated and delivered
upon original issuance to refund all Outstanding Bonds or any part of one or more Series of Outstanding Bonds. No part of a Series of Bonds may be refunded if the Bonds being refunded bear interest at a rate lower than the Bonds of such Series not being refunded. Refunding Bonds shall be issued in a principal amount sufficient, together with other moneys available therefor, to accomplish such refunding and to make such deposits required by the provisions of the Act, this Section and of the Series Resolution authorizing said Series of Refunding Bonds.

(2) A Series of Refunding Bonds may be authenticated and delivered only upon receipt by the Trustee (in addition to the receipt by it of the documents required by Section 202) of:

(a) Irrevocable instructions to the Trustee, satisfactory to it, to give due notice of redemption of all the Bonds to be refunded on the redemption date specified in such instructions;

(b) Irrevocable instructions to the Trustee, satisfactory to it, to make due publication of the notice provided for in Section 1401 to the Holders of the Bonds and coupons being refunded;

(c) Either (i) moneys in an amount sufficient to effect payment at the applicable Redemption Price of the Bonds to be refunded, together with accrued interest on such Bonds to the redemption date, which moneys shall be held by the Trustee or any one or more of the Paying Agents in a separate account irrevocably in trust for and assigned to the respective Holders of the Bonds to be refunded, or (ii) direct obligations of the United States of America in such principal amounts, of such maturities, bearing such interest, and otherwise having such terms and qualifications, as shall be necessary to comply with the provisions of subsection 2 of Section 1401 and any moneys required pursuant to said subsection 2, which direct obligations of the United States of America and moneys shall be held in trust and used only as provided in said subsection 2; and

(d) A certificate of an Authorized Officer containing such additional statements as may be reasonably necessary to show compliance with the requirements of subsection 1 and this subsection 2 of this Section 203.
204. Additional Obligations. The Corporation reserves the right to issue bonds, notes or any other obligations, under another and separate resolution so long as the same are not entitled to a charge or lien or right prior or equal to the charge or lien created by, or prior or equal to the rights of the Corporation and Holders of the Bonds provided by, this Resolution and the Act, or with respect to the monies pledged under the Resolution or with respect to proceeds from the Per Capita Aid, the Sales Tax or the Stock Transfer Tax or the sources set forth in the Act, provided however, that, except as otherwise provided in Section 909 hereof the foregoing shall not limit any right, including the right to issue additional obligations, which the Corporation has on the date of adoption of this Resolution under the First General Bond Resolution.

ARTICLE III

General Terms and Provisions of Bonds

301. Medium of Payment; Form and Date. The Bonds shall be payable, with respect to interest, principal and Redemption Price, in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts.

The Bonds of each Series shall be issued in the form of coupon Bonds, registrable as to principal only, or in the form of fully registered Bonds without coupons, or in both such forms.

Coupon Bonds of each Series shall be dated as of the date specified in the Series Resolution authorizing the issuance thereof. Coupon Bonds of each Series shall bear interest from the date specified in the Series Resolution authorizing the issuance thereof, payable in accordance with, and upon surrender of, the appurtenant interest coupons as they severally mature. Registered Bonds of each Series issued prior to the first interest payment date thereof shall be dated as of the date specified in the Series Resolution authorizing the issuance thereof. Registered Bonds issued on or subsequent to the first interest payment date thereof shall be dated as of the date six months preceding the interest payment date next following the date of delivery thereof, unless such date of delivery shall be an interest payment date, in which case they shall be dated as of such date of delivery; provided, however, that if, as shown by the records of the Trustee, interest on the Bonds of any Series shall be in default, the registered Bonds of such Series issued in lieu of Bonds surrendered for transfer or ex-
change may be dated as of the date to which interest has been paid in full on the Bonds surrendered. Registered Bonds of each Series shall bear interest from their date except as may be otherwise provided in a Series Resolution.

For all purposes of the Act relating to or dealing with the date of the Bonds, registered Bonds of any Series shall be deemed to be dated as of the date specified for the Bonds of such Series in the Series Resolution authorizing the issuance thereof.

All Bonds of each Series shall mature on July 1 of each year in which a maturity is fixed by a Series Resolution. Interest on all Bonds of each Series, except the first installment of interest due on the Bonds of a Series, shall be payable semi-annually on July 1 and January 1 of each year in which an installment of interest becomes due as fixed by a Series Resolution. The first installment of interest due on the Bonds of a Series may be for such period as the Corporation shall fix by Series Resolution provided that the due date thereof shall be January 1 or July 1.

302. Legends. The Bonds of each Series may contain or have endorsed thereon such provisions, specifications and descriptive words not inconsistent with the provisions of this Resolution as may be necessary or desirable to comply with custom, or otherwise, as may be determined by the Corporation prior to the delivery thereof.

303. Execution and Authentication. (1) The Bonds shall be executed in the name of the Corporation by the manual or facsimile signature of its Chairman or other Authorized Officer and its corporate seal (or a facsimile thereof) shall be thereunto affixed, imprinted, engraved or otherwise reproduced, and attested by the manual or a facsimile signature of such officer or employee of the Corporation as shall be authorized and directed pursuant to the Series Resolution authorizing the issuance thereof, or in such other manner as may be required by law. In case any one or more of the officers or employees who shall have signed or sealed any of the Bonds shall cease to be such officer or employee before the Bonds so signed and sealed shall have been actually authenticated and delivered by the Trustee, such Bonds may, nevertheless, be authenticated and delivered as herein provided, and may be issued as if the persons who signed or sealed such Bonds
had not ceased to hold such offices or be so employed. Any Bond of a Series may be signed and sealed on behalf of the Corporation by such persons as at the actual time of the execution of such Bond shall be duly authorized or hold the proper office in or employment by the Corporation, although at the date of the Bonds of such Series such persons may not have been so authorized or have held such office or employment.

(2) The coupons to be attached to the coupon Bonds of each Series shall be signed by the facsimile signature of the present or any future Chairman of the Corporation, or in such other manner as may be required by law, and the Corporation may adopt and use for that purpose the facsimile signature of any person or persons who shall have been Chairman of the Corporation at any time on or after the date of the Bonds of such Series, notwithstanding that he may not have been such Chairman at the date of any such Bond or may have ceased to be such Chairman at the time when any such Bond shall be actually authenticated and delivered.

(3) The Bonds of each Series shall bear thereon a certificate of authentication, in the form set forth in the Series Resolution authorizing such Bonds, executed manually by the Trustee unless the Series Resolution shall authorize execution by the Trustee by facsimile signature. Only such Bonds as shall bear thereon such certificate of authentication shall be entitled to any right or benefit under the Resolution and no Bond and no coupon thereunto appertaining shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Trustee. Such certificate of the Trustee upon any Bond executed on behalf of the Corporation shall be conclusive evidence that the Bond so authenticated has been duly authenticated and delivered under the Resolution and that the Holder thereof is entitled to the benefits of the Resolution.

(4) Except as otherwise provided in Section 309, the Trustee, before authenticating and delivering any coupon Bonds, shall cut off, cancel and destroy all matured coupons thereto attached, except matured coupons for which payment in full has not been provided; provided, however, that when coupon Bonds are issued in exchange for registered Bonds of any Series upon which interest is in default, as shown by the records of the Trustee, such coupon Bonds shall have attached thereto all coupons maturing after the date to which interest has been paid.
in full, as shown by the records of the Trustee, and in case any interest installments shall have been paid in part, appropriate notation shall be made on the coupons to evidence such fact.

304. *Interchangeability of Bonds.* Coupon Bonds, upon surrender thereof at the corporate trust office of the Trustee with all unmatured coupons attached, may, at the option of the Holder thereof, be exchanged for an equal aggregate principal amount of registered Bonds of the same Series and maturity of any of the authorized denominations.

Registered Bonds, upon surrender thereof at the corporate trust office of the Trustee with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of coupon Bonds of the same Series and maturity with appropriate coupons attached, or of registered Bonds of the same Series and maturity of any other authorized denominations.

305. *Negotiability, Transfer and Registry.* All the Bonds issued under this Resolution shall be negotiable as provided in the Act, subject to the provisions for registration and transfer contained in this Resolution and in the Bonds. So long as any of the Bonds shall remain Outstanding, the Corporation shall maintain and keep, at the corporate trust office of the Trustee, books for the registration and transfer of Bonds; and, upon presentation thereof for such purpose at said office, the Corporation shall register or cause to be registered therein, and permit to be transferred thereon, under such reasonable regulations as it or the Trustee may prescribe, any Bond entitled to registration or transfer. So long as any of the Bonds remain Outstanding, the Corporation shall make all necessary provisions to permit the exchange of Bonds at the corporate trust office of the Trustee.

306. *Transfer and Registration of Coupon Bonds.* All coupon Bonds shall pass by delivery, unless registered as to principal other than to bearer in the manner provided in this Section 306. Any coupon Bond may be registered as to principal on the books of the Corporation at the corporate trust office of the Trustee, upon presentation
thereof at said office and the payment of a charge sufficient to reimburse the Corporation or the Trustee for any tax, fee or other governmental charge required to be paid with respect to such registration, and such registration shall be noted on such Bond. After said registration no transfer thereof shall be valid unless made on said books by the registered owner in person or by his attorney duly authorized in writing, and similarly noted on such Bond; but such Bond may be discharged from registration by being in like manner transferred to bearer, after which it shall again become transferable by delivery. Thereafter such Bond may again, from time to time, be registered or discharged from registration in the same manner. Registration of any coupon Bond as to principal, however, shall not affect the negotiability by delivery of the coupons appertaining to such Bond, but every such coupon shall continue to pass by delivery and shall remain payable to bearer.

As to any coupon Bond registered as to principal other than to bearer the person in whose name the same shall be registered upon the books of the Corporation may be deemed and treated as the absolute owner thereof, whether such Bond shall be overdue or not, for all purposes, except for the purpose of receiving payment of coupons; and payment of, or on account of, the principal or Redemption Price, if any, of such Bond shall be made only to, or upon the order of, such registered owner thereof, but such registration may be changed as above provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid. The Corporation, the Trustee and any Paying Agent may deem and treat the bearer of any coupon as the absolute owner thereof, whether such coupon shall be overdue or not, for the purpose of receiving payment thereof and for all other purposes whatsoever, and may deem and treat the bearer of any coupon Bond which shall not at the time be registered as to principal other than to bearer, or the person in whose name any coupon Bond for the time being shall be registered upon the books of the Corporation, as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of the principal or Redemption Price thereof and for all other purposes whatsoever except for the purpose of receiving payment of coupons, and neither the Corporation, nor the Trustee nor any Paying Agent shall be affected by any notice to the contrary. The Corporation agrees to indemnify and save the Trustee and each Paying Agent harmless from
and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such bearer or registered owner.

307. Transfer of Registered Bonds. Each registered Bond shall be transferable only upon the books of the Corporation, which shall be kept for the purpose at the corporate trust office of the Trustee, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer satisfactory to the Trustee duly executed by the registered owner or his duly authorized attorney. Upon the transfer of any such registered Bond, the Corporation shall issue in the name of the transferee a new registered Bond or Bonds or, at the option of the transferee, coupon Bonds, with appropriate coupons attached, of the same aggregate principal amount and Series and maturity as the surrendered Bond.

The Corporation and the Trustee may deem and treat the person in whose name any Outstanding registered Bond shall be registered upon the books of the Corporation as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and Redemption Price, if any, of and interest on such Bond and for all other purposes whatsoever, and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the Corporation nor the Trustee shall be affected by any notice to the contrary. The Corporation agrees to indemnify and save the Trustee harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such registered owner.

308. Regulations with Respect to Exchanges and Transfers. In all cases in which the privilege of exchanging Bonds or transferring registered Bonds is exercised, the Corporation shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All Bonds and coupons surrendered in any such exchanges or transfers shall forthwith be cancelled by the Trustee, provided however, the Trustee is authorized to retain any coupon Bond so surrendered and to re-issue any Bond so retained with unmatured coupons representing interest to become due attached thereto in exchange for a registered Bond or Bonds in accordance with the provisions of Section 304 hereof (any Bond or coupons so retained by the Trustee
shall not be deemed Outstanding while so retained). For every such exchange or transfer of Bonds, whether temporary or definitive, the Corporation or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. Notwithstanding any other provision of this Resolution, the cost of preparing each new coupon Bond or registered Bond upon each exchange or transfer, and any other expenses of the Corporation or the Trustee incurred in connection therewith (except any applicable tax, fee or other governmental charge) shall be paid by the Corporation as an Operating Expense. The Corporation shall not be obliged to make any such exchange or transfer of Bonds of any Series during the ten (10) days next preceding an interest payment date on the Bonds of such Series or, in the case of any proposed redemption of Bonds of such Series, next preceding the date of the selection of Bonds to be redeemed.

309. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Corporation shall execute and the Trustee shall authenticate and deliver a new Bond (with appropriate coupons attached in the case of coupon Bonds) of like Series, maturity and principal amount as the Bond and attached coupons, if any, so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond and attached coupons, if any, or in lieu of and substitution for the Bond and coupons, if any, destroyed, stolen or lost, upon filing with Corporation evidence satisfactory to the Corporation and the Trustee that such Bond and attached coupons, if any, have been destroyed, stolen or lost and proof of ownership thereof, and upon furnishing the Corporation and the Trustee with indemnity satisfactory to them and complying with such other reasonable regulations as the Corporation and the Trustee may prescribe and paying such expenses as the Corporation and the Trustee may incur in connection therewith. All Bonds and coupons so surrendered to the Trustee shall be cancelled by it and evidence of such cancellation shall be given to the Corporation.

310. Preparation of Definitive Bonds; Temporary Bonds. The definitive Bonds of each Series shall be lithographed or printed on steel engraved borders. Until the definitive Bonds of any Series are prepared, the Corporation may execute, in the same manner as is provided in
Section 303, and upon the request of the Corporation, the Trustee shall authenticate and deliver, in lieu of definitive Bonds, but subject to the same provisions, limitations and conditions as the definitive coupon Bonds, except as to the denominations thereof and as to exchangeability for registered Bonds, one or more temporary Bonds (which may be registrable as to principal and interest), substantially of the tenor of the definitive coupon Bonds in lieu of which such temporary Bond or Bonds are issued, but with or without coupons, in authorized denominations or any whole multiples thereof authorized by the Corporation, and with such omissions, insertions and variations as may be appropriate to temporary Bonds. The installments of interest payable on such temporary Bonds in bearer form shall be payable only upon the presentation and surrender of the coupons therefor attached thereto or, if no coupons for such interest are attached thereto, then only upon presentation of such temporary Bonds for notation thereon of the payment of such interest. The Corporation at its own expense shall prepare and execute and, upon the surrender at the corporate trust office of the Trustee of such temporary Bonds, with all unmatured coupons, if any, and all matured coupons, if any, for which no payment or only partial payment has been provided, attached, for exchange and the cancellation of such surrendered temporary Bonds and coupons, the Trustee shall authenticate and, without charge to the Holder thereof, deliver in exchange therefor, at the corporate trust office of the Trustee, definitive coupon Bonds, with appropriate coupons attached, or, at the option of the Holder, definitive registered Bonds, of the same aggregate principal amount and Series and maturity as the temporary Bonds surrendered. Until so exchanged, the temporary Bonds shall in all respects be entitled to the same benefits and security as definitive Bonds authenticated and issued pursuant to this Resolution.

All temporary Bonds surrendered in exchange for a definitive Bond or Bonds shall be forthwith cancelled by the Trustee.

ARTICLE IV
REDEMPTION OF BONDS

401. Privilege of Redemption and Redemption Price. Bonds subject to redemption prior to maturity pursuant to the provisions of a Series Resolution shall be redeemable, upon published notice as provided in this Article IV, at such times, at such Redemption Prices and upon such terms as may be specified in the Series Resolution authorizing such Series.
402. Redemption at the Election or Direction of the Corporation. In the case of any redemption of Bonds other than as provided in Section 403, the Corporation shall give written notice to the Trustee of its election or direction so to redeem, of the redemption date, of the Series, of the principal amounts of the Bonds of each maturity of such Series to be redeemed (which Series, maturities and principal amounts thereof to be redeemed shall be determined by the Corporation in its sole discretion, subject to any limitations with respect thereto contained in the Act or this Resolution and any Series Resolution) and of the monies to be applied to the payment of the Redemption Price. Such notice shall be given at least sixty (60) days prior to the redemption date or such shorter period as shall be acceptable to the Trustee. In the event notice of redemption shall have been given as in Section 405 provided, the Trustee, if it holds the monies to be applied to the payment of the Redemption Price, or otherwise the Corporation, shall, prior to the redemption date, pay to the Trustee and the appropriate Paying Agent or Paying Agents an amount in cash which, in addition to other monies, if any, available therefor held by the Trustee and such Paying Agent or Paying Agents, will be sufficient to redeem, on the redemption date at the Redemption Price thereof, together with interest accrued to the redemption date, all of the Bonds to be redeemed. The Corporation shall promptly notify the Trustee in writing of all such payments made by the Corporation to a Paying Agent.

403. Redemption Other Than at Corporation’s Election or Direction. Whenever by the terms of this Resolution the Trustee is required to redeem Bonds other than at the election or direction of the Corporation, the Trustee shall select the Bonds to be redeemed, give the notice of redemption and pay the Redemption Price thereof, together with interest accrued to the redemption date, to itself and the appropriate Paying Agents in accordance with the terms of this Article IV and, to the extent applicable, the provisions of Section 605.

404. Selection of Bonds to Be Redeemed by Lot. In the event of redemption of less than all of the Outstanding Bonds of like Series and maturity, the Trustee shall assign to each such Outstanding registered Bond of the Series and maturity to be redeemed a distinctive number for each unit of the principal amount of such Bond equal to the lowest
denomination of the coupon Bonds of such Series and shall select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers of all such coupon Bonds then Outstanding and the numbers assigned to such registered Bonds as many numbers as, at such unit amount equal to the lowest denomination of coupon Bonds of such Series for each number, shall equal the principal amount of such Bonds to be redeemed. In making such selections the Trustee may draw the Bonds by lot (a) individually or (b) by one or more groups, the grouping for the purpose of such drawing to be by serial numbers (or, in the case of Bonds of a denomination of more than the lowest denomination of the coupon Bonds of such Series, by the numbers assigned thereto as in this Section 404 provided) which end in the same digit or in the same two digits. In case, upon any drawing by groups, the total principal amount of Bonds drawn shall exceed the amount to be redeemed, the excess may be deducted from any group or groups so drawn in such manner as the Trustee may determine. The Trustee may in its discretion assign numbers to aliquot portions of Bonds and select part of any Bond for redemption. The Bonds to be redeemed shall be the coupon Bonds bearing the numbers so selected and the registered Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of each such registered Bond of a denomination of more than the lowest denomination of the coupon Bonds of such Series shall be redeemed as shall equal the lowest denomination of the coupon Bonds of such Series for each number assigned to it and so selected.

405. Notice of Redemption. When the Trustee shall receive notice from the Corporation of its election or direction to redeem Bonds pursuant to Section 402, and when redemption of Bonds is required by this Resolution pursuant to Section 403, the Trustee shall give notice, in the name of the Corporation, of the redemption of such Bonds, which notice shall specify the Series and maturities of the Bonds to be redeemed, the redemption date and the place or places where amounts due upon such redemption will be payable and, if less than all of the Bonds of any like Series and maturity are to be redeemed, the letters and numbers or other distinguishing marks of such Bonds so to be redeemed; and, in the case of registered Bonds to be redeemed in part only, such notice shall also specify the respective portions of the principal amount thereof to be redeemed. Such notice shall further state
that on such date there shall become due and payable upon each Bond to be redeemed the Redemption Price thereof, or the Redemption Price of the specified portions of the principal thereof in the case of registered Bonds to be redeemed in part only, together with interest accrued to the redemption date, and that from and after such date interest thereon shall cease to accrue and be payable. Such notice shall be given by publication once a week for at least two (2) successive weeks in an Authorized Newspaper, the first such publication to be not less than thirty (30) days nor more than sixty (60) days prior to the redemption date. In case, by reason of the temporary or permanent suspension of publication of any newspaper, or by reason of any other cause, it shall be impossible to make publication of any required notice as herein provided, then such publication or other notice in lieu thereof as shall be made with the approval of the Trustee shall constitute a sufficient publication of such notice, provided that such publication or other notice shall, so far as may be possible, approximate the terms and conditions of the publication in lieu of which it is given. The Trustee shall also mail a copy of such notice, postage prepaid, not less than thirty (30) days before the redemption date, to the registered owners of any Bonds or portions of Bonds which are to be redeemed, at their last addresses, if any, appearing upon the registry books, but such mailing shall not be a condition precedent to such redemption and failure so to mail any such notice shall not affect the validity of the proceedings for the redemption of Bonds.

406. Payment of Redeemed Bonds. Notice having been given by publication in the manner provided in Section 405, the Bonds or portions thereof so called for redemption shall become due and payable on the redemption date so designated at the Redemption Price, plus interest accrued and unpaid to the redemption date, and, upon presentation and surrender thereof at the offices specified in such notice, together with, in the case of Bonds registered other than to bearer presented by other than the registered owner, a written instrument of transfer duly executed by the registered owner or his duly authorized attorney, and, in the case of coupon Bonds, all appurtenant coupons maturing subsequent to the redemption date, such Bonds, or portions thereof, shall be paid at the Redemption Price plus interest accrued and unpaid to the redemption date not represented by coupons for matured interest installments. All interest installments represented by
coupons which shall have matured on or prior to the redemption date shall continue to be payable to the bearers of such coupons. If there shall be drawn for redemption less than all of a registered Bond, the Corporation shall execute and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the owner thereof, for the unredeemed balance of the principal amount of the registered Bond so surrendered, at the option of the owner thereof, either coupon Bonds or registered Bonds of like Series and maturity in any of the authorized denominations. If, on the redemption date, monies for the redemption of all the Bonds or portions thereof of any like Series and maturity to be redeemed, together with interest to the redemption date, shall be held by the Trustee and Paying Agents so as to be available therefor on said date and if notice of redemption shall have been published as aforesaid, then, from and after the redemption date, interest on the Bonds or portions thereof of such Series and maturity so called for redemption shall cease to accrue, and the coupons for interest appertaining thereto maturing subsequent to the redemption date shall be void. If said monies shall not be so available on the redemption date, such Bonds or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

ARTICLE V

CUSTODY AND APPLICATION OF CERTAIN PROCEEDS OF BONDS

501. Application of Certain Proceeds. (1) The Corporation shall apply the amount of the proceeds derived from the sale of each Series of Bonds as shall be specified in the Series Resolution authorizing such Series.

(2) Accrued interest, if any, received upon the delivery of such Series of Bonds shall be deposited in the Bond Service Fund unless such amount is to be otherwise applied as provided in the Series Resolution authorizing such Series. The amount received as a premium over the principal amount of such Series of Bonds, if any, upon the delivery of such Series shall be applied as provided in the Series Resolution authorizing such Series.
ARTICLE VI

ESTABLISHMENT OF FUNDS AND APPLICATION THEREOF

601. The Pledge Effectuated by the Resolution. The proceeds of sale of the Bonds, the Revenues, and all funds established by the Resolution, and other monies and securities referred to herein (other than monies and securities in the Operating Fund) are hereby pledged for the payment of the principal of and interest on the Bonds in accordance with their terms and the provisions of the Resolution, subject only to the provisions of the Resolution permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution. The pledge created by this Resolution, insofar as it relates to revenues, monies and securities and funds pledged either under the First General Bond Resolution or the Outstanding Note Resolutions is, and is hereby expressly declared to be, subordinate in all respects to the pledge of such revenues, monies and securities and funds created by the First General Bond Resolution or the Outstanding Note Resolutions. This pledge shall be valid and binding from and after the time of adoption of this Resolution, and the proceeds of sale of the Bonds, the Revenues as received by the Corporation, all funds and other monies and securities herein pledged shall immediately be subject to the lien of this pledge without any physical delivery thereof or further act, and the lien of this pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Corporation irrespective of whether such parties have notice thereof.

602. Establishment of Funds. The following funds are hereby established:

(1) Bond Service Fund, to be held by the Trustee,

(2) Capital Reserve Fund, to be held by the Trustee.

603. Application of Payments. The payments received in accordance with subdivision 1 of Section 3036-a of the Act shall be applied to the Operating Fund, the Bond Service Fund and to the Capital Reserve Fund in accordance with certificates of the Chairman pursuant to which the payment is made, provided, however, that if the amount
of the payment is less than the amount certified, the payment shall be applied pro rata to the respective Funds on the basis of the respective amounts certified. No Revenues received as such payments shall be deposited in the Operating Fund.

604. Operating Fund. The Corporation shall pay out of the Operating Fund the amounts required for the payment of Operating Expenses.

605. Bond Service Fund.

1. The Trustee shall on or before the business day preceding each interest payment date for any of the Bonds pay, out of the amounts then held in the Bond Service Fund, to itself and the Paying Agents, the amounts respectively required for the payment of principal, Sinking Fund Installments, if any, and Redemption Price of, if any, and interest on any Bonds due and payable on such date, and such amounts so paid out shall be irrevocably pledged to and applied to such payments.

2. In the event that on the business day preceding any interest payment date, the amount in the Bond Service Fund shall be less than the amounts respectively required for payment of interest on the Outstanding Bonds and for the payment of the principal and Sinking Fund Installments of the Outstanding Bonds of any Series due and payable on such interest payment date, the Trustee shall withdraw from the Capital Reserve Fund and deposit into the Bond Service Fund such amounts as will increase the amount in the Bond Service Fund to an amount sufficient to make such payment or payments.

3. As soon as practicable after the 45th day preceding the due date of any such Sinking Fund Installment, the Trustee shall proceed to call for redemption, pursuant to Section 403 hereof on such due date, Term Bonds of the Series and maturity for which such Sinking Fund Installment was established in such amount as shall be necessary to complete the retirement of the principal amount specified for such Sinking Fund Installment of the Term Bonds of such Series and maturity. The Trustee shall so call such Term Bonds for redemption whether or not it then has monies in the Bond Service Fund sufficient to pay the applicable principal amount thereof, together with interest thereon to the redemption date. The Trustee shall pay out of the Bond Service Fund
to the appropriate Paying Agents, on the day preceding each such redemption date, the amount required for the redemption of the Term Bonds so called for redemption, and such amount shall be applied by such Paying Agents to such redemption.

4. The Corporation may, at any time subsequent to the second day of July of any year but in no event less than forty-five (45) days prior to the succeeding first day of July on which a Sinking Fund Installment is scheduled to be due, direct the Trustee to purchase, with monies in the Bond Service Fund, at a price not in excess of par, plus unpaid interest accrued to the date of such purchase, Term Bonds payable from such Sinking Fund Installment and any Term Bonds so purchased prior to the first day of July shall be cancelled by the Trustee and evidence of such cancellation shall be given to the Corporation and the aggregate principal amount of the Term Bonds so purchased shall be credited against the Sinking Fund Installment due on such first day of July.

606. Capital Reserve Fund.

1. The Corporation shall deposit into the Capital Reserve Fund (i) all monies paid to the Corporation pursuant to subdivisions 1, 2 and 3 of Section 3036-a of the Act for the purpose of maintaining or restoring the amount in the Capital Reserve Fund to the amount of the Capital Reserve Fund Requirement; (ii) such portion of the proceeds of sale of Bonds, if any, as shall be prescribed by Series Resolution; and (iii) any other monies which may be made available to the Corporation for the purposes of the Capital Reserve Fund from any other source or sources.

2. Monies and securities held for the credit of the Capital Reserve Fund shall be withdrawn by the Trustee and deposited to the credit of the Bond Service Fund at the times and in the amounts required to comply with the provisions of paragraph 2 of Section 605. At any time after December 31, 1980, monies and securities in the Capital Reserve Fund in excess of the Capital Reserve Fund Requirement, upon direction of the Corporation, may be withdrawn by the Trustee and deposited to the credit of the Bond Service Fund.

3. In order further to assure the maintenance of the Capital Reserve Fund in an amount equal to the Capital Reserve Fund Requirement and in compliance with the requirements of subdivision 3 of Section 3036-a of the Act, the Chairman shall annually, on or before December 1, make and deliver to the Governor and Director of the
Budget of the State (with a copy to the Trustee) his certificate stating
the sum, if any, required to restore the Capital Reserve Fund to an
amount equal to the Capital Reserve Fund Requirement. All monies
received by the Corporation from the State pursuant to any such cer-
tification, in accordance with the provisions of subdivision 3 of Section
3036-a of the Act, as amended, shall be deposited in the Capital Reserve
Fund, as required by paragraph 1 of this Section 606.

4. Monies and securities held for the credit of the Capital Reserve
Fund may, and at the direction of the Corporation shall, be withdrawn
from the Capital Reserve Fund by the Trustee and deposited in the Bond
Service Fund for the purchase or redemption of Bonds at any time
provided that subsequent to such purchase or redemption the amount in
the Capital Reserve Fund will not be less than the Capital Reserve Fund
Requirement.

607. Certificate to the State Comptroller and to the Mayor of The
City of New York. In order to assure the maintenance of the Operating
Fund, the Bond Service Fund and the Capital Reserve Fund, not less
than one hundred and twenty days before the beginning of each Fiscal
Year (but prior to February 12 in each calendar year) (but not later
than March 1, 1976 for the Fiscal Year ending June 30, 1976), the Chair-
man shall certify to the State Comptroller and to the Mayor (with
a copy to the Trustee) a schedule setting forth the cash require-
ments of the Corporation for such Fiscal Year and the time or times
when such cash is required, which certification shall be revised from
time to time as required. The total amount so certified by such Chair-
man for such Fiscal Year shall be equal to: (i) the amounts which
are required to be deposited in the Capital Reserve Fund during
such Fiscal Year in order to maintain the Capital Reserve Fund at
the Capital Reserve Fund Requirement; (ii) the amounts required to
be deposited in the Bond Service Fund to pay all interest on and
all payments of principal, Sinking Fund Installments, if any, and
Redemption Price, if any, of Bonds maturing or otherwise coming due
during such Fiscal Year; and (iii) the amounts required to be depos-
ited in the Operating Fund as determined by the Corporation, to meet
the Operating Expenses of the Corporation during such Fiscal Year.
In order further to secure the obligations of the Corporation, including
the Bonds, each quarterly payment (to be made on or before April 12,
June 25, October 12 and January 12) by the State Comptroller to the
Corporation in accordance with such certification, shall be an amount,
after taking into account monies then in the Bond Service Fund and available for the purposes of such Fund during such Fiscal Year, not less than the sum of (A) 50% of the interest on all outstanding Bonds the interest on which is payable from the Bond Service Fund of the Corporation payable within six months after the end of the quarterly period for which such payment is made plus (B) 25% of the principal and premium, if any, on all Bonds and Sinking Fund Installments of the Corporation payable within one year after the end of the quarterly period for which such payment is made and of such amount, if any, as may be required to be paid into the Capital Reserve Fund during the Fiscal Year of which such quarterly period is a part. Notwithstanding the foregoing, the Corporation hereby covenants to make the certifications referred to in this Section at such times and in such amounts as shall be necessary to coincide with the State procedures for payment of Per Capita Aid or other sources of revenues and as shall be necessary to make the deposits required herein and to pay the principal of, Redemption Price, if any, and interest on the Bonds when due. If any increase shall occur in the cash requirements specified above, or if payments are required at a time or times earlier than previously certified or if the City shall for any reason fail to make timely payment of the principal and accrued interest due on any obligation issued by the City to the Corporation and maturing within the same Fiscal Year, the Chairman shall certify a revised schedule of cash requirements for such Fiscal Year to the State Comptroller and to the Mayor (with a copy to the Trustee). The schedule accompanying each certification (or revision thereof) shall provide for such payment dates as the Corporation deems appropriate to assure that sufficient funds will be available to meet the obligations of the Corporation as they become due. The Chairman shall exclude from consideration in making any such certification with respect to the funds required by the Corporation for payment of principal of or interest on the Bonds any amounts due to be received as payment of principal of or interest on obligations of the City held by the Corporation.

ARTICLE VII
SECURITY FOR DEPOSITS AND INVESTMENT OF FUNDS

701. Security for Deposits. All monies held hereunder by the Trustee shall be continuously and fully secured, for the benefit of the Corporation and the Holders of the Bonds by direct obligations of the State or of the United States of America or obligations the principal
and interest of which are guaranteed by the State or the United States of America of a market value equal at all times to the amount of the deposit so held by the Trustee; provided, however, (a) that if the securing of such monies is not permitted by applicable law, then in such other manner as may then be required or permitted by applicable state or federal laws and regulations regarding the security for, or granting a preference in the case of, the deposit of trust funds, and (b) that it shall not be necessary for the Trustee or any Paying Agent to give security for the deposit of any monies with them held in trust for the payment of the principal or Redemption Price of or interest on any Bonds, or for the Trustee to give security for any monies which shall be represented by obligations purchased under the provisions of this Resolution as an investment of such monies.

702. Investment of Funds and Accounts Held by the Trustee.

(1) Monies in the Bond Service Fund and the Capital Reserve Fund shall, as nearly as may be practicable, be invested by the Trustee upon direction of the Corporation in writing, signed by an Authorized Officer (which direction shall specify the amount thereof to be so invested and the Corporation in issuing such direction shall take into consideration the dates and times when monies in such Fund will be required for the purposes of this Resolution) in (a) direct obligations of the United States of America, direct obligations of the State or obligations the principal and interest of which are guaranteed by the United States of America or the State, (b) any bond, debenture, note, participation or other similar obligation issued by any of the following Federal agencies: Government National Mortgage Association, Federal Land Banks, Federal Home Loan Banks, Federal Intermediate Credit Banks, Banks for Cooperatives, Tennessee Valley Authority, Farmers’ Home Administration and Export-Import Bank, (c) if permitted by law, any bond, debenture, note, participation or other similar obligation issued by the Federal National Mortgage Association to the extent such obligations are guaranteed by the Government National Mortgage Association, and (d) any other obligation of the United States of America or any Federal agencies which may then be purchased with funds belonging to the State of New York or held in the State treasury. The maturity or redemption date at the option of the holder of any such investment shall coincide as nearly as practicable with but in no event later than the times at which monies in the Bond Service Fund and Capital Reserve Fund will be required for the purposes in this Resolution provided.
(2) Obligations purchased as an investment of monies in any fund or account held by the Trustee under the provisions of this Resolution shall be deemed at all times to be a part of such fund or account and the income or interest earned, profits realized or losses suffered by a fund or account due to the investment thereof shall be retained in, credited or charged, as the case may be, to such fund or account.

(3) In computing the amount in any fund or account held by the Trustee under the provisions of this Resolution, excepting the Capital Reserve Fund, obligations purchased as an investment of monies therein shall be valued at the cost or market price thereof, whichever is lower, inclusive of accrued interest. In computing the amount of the Capital Reserve Fund, obligations purchased as an investment of monies therein shall be valued at par if purchased at par or at Amortized Value if purchased at other than par. Amortized Value, when used with respect to an obligation purchased at a premium above or a discount below par, means the value as of any given time obtained by dividing the total premium or discount at which such obligation was purchased by the number of interest payments remaining on such obligation after such purchase and deducting the amount thus calculated for each interest payment date after such purchase from the purchase price in the case of an obligation purchased at a premium and adding the amount thus calculated for each interest payment date after such purchase to the purchase price in the case of an obligation purchased at a discount. Valuation on any particular date shall include the amount of interest then earned or accrued to such date on any monies or investments in the Capital Reserve Fund.

(4) Except as otherwise provided in the Resolution, the Trustee shall sell at the best price obtainable, or present for redemption or exchange, any obligation purchased by it as an investment pursuant to this Resolution whenever it shall be necessary in order to provide monies to meet any payment or transfer from the fund or account for which such investment was made. The Trustee shall advise the Corporation in writing, on or before the twentieth day of each calendar month, of the details of all investments held for the credit of each fund and account in its custody under the provisions of this Resolution as of the end of the preceding month.
(5) In lieu of the investments of monies in obligations authorized in paragraph (1) above, the Trustee shall, to the extent permitted by the Act then in effect, upon direction of the Corporation in writing, signed by an Authorized Officer, deposit monies from any fund or account held by the Trustee under the terms of this Resolution, in interest-bearing time deposits, or shall make other similar investment arrangements, including, but not limited to, repurchase agreements covering obligations of issuers enumerated as authorized for investments pursuant to the provisions of paragraph (1) above, with itself or a member bank or banks of the Federal Reserve System or banks the deposits of which are insured by the Federal Deposit Insurance Corporation or securities dealers approved by an Authorized Officer; provided, that each such interest-bearing time deposit or other similar investment arrangement shall permit the monies so placed to be available for use at the times provided with respect to the investment or reinvestment of such monies; and provided further, that all monies in each such interest-bearing time deposit or other similar investment arrangement shall be continuously and fully secured by obligations of issuers enumerated as authorized for investments pursuant to the provisions of paragraph (1) above, of a market value equal at all times to the amount of the deposit or of the other similar investment arrangement.

(6) No part of the proceeds of any Series of Bonds or any other funds of the Corporation shall be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any Bond to be an “arbitrage bond” as defined in subsection (d)(2) of section 103 of the Internal Revenue Code of 1934 [Title 26 of the United States Code] as then in effect and to be subject to treatment under subsection (d)(1) of said section as an obligation not described in subsection (a) of said section.

703. Liability of Trustee for Investments. The Trustee shall not be liable or responsible for the making of any investment authorized by the provisions of this Article, in the manner provided in this Article, or for any loss resulting from any such investment so made.

ARTICLE VIII

THE TRUSTEE AND THE PAYING AGENTS

801. Appointment and Acceptance of Duties of Trustee. United States Trust Company of New York, in the City, County and State of
New York, is hereby appointed as Trustee. The Trustee shall signify its acceptance of the duties and obligations imposed upon it by this Resolution by written instrument of acceptance deposited with the Corporation.

802. Appointment and Acceptance of Duties of Paying Agents. The Corporation shall appoint one or more Paying Agents for the Bonds of any Series in the Series Resolution authorizing such Bonds or shall appoint such Paying Agent or Paying Agents by resolution of the Corporation adopted prior to the authentication and delivery of such Bonds, and may at any time or from time to time appoint one or more other Paying Agents in the manner and subject to the conditions set forth in Section 812 for the appointment of a successor Paying Agent. The Trustee may be appointed to act as Paying Agent notwithstanding that it may then be acting in the capacity of Trustee.

Each Paying Agent shall signify its acceptance of the duties and obligations imposed upon it by this Resolution by written instrument of acceptance deposited with the Corporation and the Trustee.

The corporate trust offices of the Paying Agents are hereby designated as the respective agencies of the Corporation for the payment of the interest on and principal or Redemption Price of the Bonds, except that interest on all registered Bonds and the principal and Redemption Price of all registered Bonds and of all coupon Bonds registered as to principal shall be payable at the corporate trust office of the Trustee.

803. Responsibilities of Trustee and Paying Agents. The recitals of fact herein and in the Bonds contained shall be taken as the statements of the Corporation and neither the Trustee nor any Paying Agent assumes any responsibility for the correctness of the same. Neither the Trustee nor any Paying Agent shall be deemed to make any representations as to the validity or sufficiency of this Resolution or of any Bonds or coupons issued hereunder or in respect of the security afforded by this Resolution, and neither the Trustee nor any Paying Agent shall incur any responsibility in respect thereof. Neither the Trustee nor any Paying Agent shall be under any responsibility or duty with respect to the issuance of the Bonds for value or the applica-
tion of the proceeds thereof or the application of any monies paid to the Corporation. Neither the Trustee nor any Paying Agent shall be under any obligation or duty to perform any act which would involve it in expense or liability or to institute or defend any suit in respect thereof, or to advance any of its own monies, unless properly indemnified. Neither the Trustee nor any Paying Agent shall be liable in connection with the performance of its duties hereunder except for its own negligence or default. Neither the Trustee nor any Paying Agent shall be under any responsibility or duty with respect to the application of any monies paid to any one of the others.

804. Evidence on Which Fiduciaries May Act. The Trustee and any Paying Agent shall be protected in acting upon any notice, direction, resolution, request, consent, order, certificate, report, opinion, bond or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. The Trustee and any Paying Agent may consult with counsel, who may or may not be of counsel to the Corporation, and the opinion or advice of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under this Resolution in good faith and in accordance therewith.

Whenever the Trustee or any Paying Agent shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Resolution, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an Authorized Officer, and such certificate shall be full warrant for any action taken or suffered in good faith under the provisions of this Resolution upon the faith thereof, but in its discretion the Trustee or any Paying Agent may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as to it may seem reasonable.

Except as otherwise expressly provided in this Resolution, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision thereof by the Corporation to the Trustee or any Paying Agent shall be sufficiently executed if executed in the name of the Corporation by an Authorized Officer.
805. Compensation. The Corporation shall pay to the Trustee and to each Paying Agent from time to time reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents and employees, incurred in and about the performance of their powers and duties under this Resolution, and the Trustee and each Paying Agent shall have a lien therefor on any and all monies in the Operating Fund. The Corporation further agrees to indemnify and save the Trustee and each Paying Agent harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its negligence or default.

806. Permitted Acts and Functions. The Trustee and any Paying Agent may become the owner of any Bonds and coupons, with the same rights it would have if it were not such Trustee or Paying Agent. The Trustee and any Paying Agent may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Resolution, whether or not any such committee shall represent the Holders of a majority in principal amount of the Bonds then Outstanding.

807. Resignation of Trustee. The Trustee may at any time resign and be discharged of the duties and obligations created by this Resolution by giving not less than sixty (60) days' written notice to the Corporation and publishing notice thereof, specifying the date when such resignation shall take effect, once in an Authorized Newspaper, and such resignation shall take effect upon the day specified in such notice unless previously a successor shall have been appointed, as provided in Section 809, in which event such resignation shall take effect immediately on the appointment of such successor.

808. Removal of Trustee. The Trustee shall be removed by the Corporation if at any time so requested by an instrument or concurrent instruments in writing, filed with the Trustee and the Corporation, and
signed by the Holders of a majority in principal amount of the Bonds then Outstanding or their attorneys-in-fact duly authorized, excluding any Bonds held by or for the account of the Corporation.

809. Appointment of Successor Trustee. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, the Corporation covenants and agrees that it will thereupon appoint a successor Trustee. The Corporation shall publish notice of any such appointment made by it in an Authorized Newspaper, such publication to be made within twenty (20) days after such appointment.

If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within forty-five (45) days after the Trustee shall have given to the Corporation written notice, as provided in Section 807, or after a vacancy in the office of the Trustee shall have occurred by reason of its inability to act, the Trustee or the Holder of any Bond may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any Trustee appointed under the provisions of this Section 809 in succession to the Trustee shall be a bank or trust company organized under the laws of the State of New York, or a national banking association doing business and having its principal office in such State, and having a capital and surplus aggregating at least Fifty Million Dollars ($50,000,000) if there be such a bank or trust company or national banking association willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by this Resolution.

810. Transfer of Rights and Property to Successor Trustee. Any successor Trustee appointed under this Resolution shall execute, acknowledge and deliver to its predecessor Trustee, and also to the Corporation, an instrument accepting such appointment, and thereupon
such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all monies, estates, properties, rights, powers, duties and obligations of such predecessor Trustee, with like effect as if originally named as Trustee; but the Trustee ceasing to act shall nevertheless, on the written request of the Corporation, or of the successor Trustee, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right, title and interest of the predecessor Trustee in and to any property held by it under this Resolution, and shall pay over, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions herein set forth. Should any deed, conveyance or instrument in writing from the Corporation be required by such successor Trustee for more fully and certainly vesting in and confirming to such successor Trustee any such estates, rights, powers and duties, any and all such deeds, conveyances and instruments in writing shall, on request, and so far as may be authorized by law, be executed, acknowledged and delivered by the Corporation. Any such successor Trustee shall promptly notify the Paying Agents of its appointment as Trustee.

811. Merger, Conversion or Consolidation. Nothing herein shall be deemed to limit the right of the Corporation to issue Refunding Bonds as provided in Section 203 and such issuance shall not be deemed to constitute an extension of maturity of Bonds or the time of payment of any of the coupons or claims for interest.

903. Offices for Payment and Registration of Bonds and Coupons. The Corporation shall at all times maintain an office or agency in the Borough of Manhattan, City and State of New York where Bonds and coupons may be presented for payment. The Corporation further covenants that it
shall cause the Chairman to make and deliver the certificates referred to in sub-section 3 of Section 606 and Section 607 hereof at the times required therein and shall cause the amounts received to be deposited in the appropriate Funds, respectively.

905. Power to Issue Bonds and Make Pledges. The Corporation is duly authorized pursuant to law to create and issue the Bonds and to adopt this Resolution and to pledge the Revenues and other monies, securities and funds purported to be pledged by this Resolution in the manner and to the extent provided in this Resolution. Except to the extent otherwise provided in Section 601, the Revenues and other monies, securities and funds so pledged are and will be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledge created by this Resolution, and all corporate action on the part of the Corporation to that end has been duly and validly taken. The Bonds and the provisions of this Resolution are and will be the valid and legally enforceable obligations of the Corporation in accordance with their terms and the terms of this Resolution. The Corporation shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Revenues and other monies, securities and funds pledged under this Resolution and all the rights of the Bondholders under this Resolution against all claims and demands of all persons whomsoever.

906. Agreement of the State. In accordance with the provisions of Section 3015 of the Act, the Corporation hereby includes in this Resolution the pledge of and agreement with the Holders of the Bonds that the State will not limit or alter the rights vested pursuant to the Act in the Corporation to fulfill the terms of any agreements made with Bondholders, or in any way impair the rights and remedies of such Holders until the Bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such Holders, are fully paid and discharged.

907. Creation of Liens. The Corporation shall not issue any bonds or other evidences of indebtedness, other than the Bonds, secured by a pledge of the revenues, monies and securities in the Capital Reserve Fund, and shall not create or cause to be created any lien or charge
prior to the Bonds on revenues, monies and securities in the Bond Service Fund; provided, however, that nothing contained in this Resolution shall prevent the Corporation from issuing (i) bonds, notes, or any other obligations under another and separate resolution so long as the charge or lien created by such resolution is not prior or equal to the charge or lien created by the Resolution, (ii) obligations issued in accordance with Article II of the First General Bond Resolution except as limited in Section 909 hereof and (iii) obligations issued in lieu of or in substitution for other obligations pursuant to Sections 304 and 306 through 310 or Sections 406 or 1106 of the First General Bond Resolution.

908. Accounts and Reports. The Corporation shall keep or cause to be kept proper books of record and account in which complete and correct entries shall be made for its transactions relating to all Funds established by this Resolution which shall at all reasonable times be subject to the inspection of the Holders of an aggregate of not less than five per cent (5%) in the principal amount of the Bonds then Outstanding or their representatives duly authorized in writing.

909. General. The Corporation shall do and perform or cause to be done and performed all acts and things required to be done or performed by or on behalf of the Corporation under the provisions of the Act as then in effect and the Resolution in accordance with the terms of such provisions.

If the Corporation shall exercise its power to limit the implementation of the conditions set forth in Section 3038 of the Act or thereafter to permit such conditions to be further limited, any such action shall
be taken by resolution of the Board. When so acting the Board shall make a determination that any such limitation is not so substantial as effectively to constitute a waiver of any of the conditions in Section 3038, or shall make a determination that the conditions shall impose a further condition on the City which determination shall be conclusive and binding upon the holders of the Bonds and the Trustee. A copy of such resolution shall promptly be delivered to the Trustee and to the Governor, the State Legislature, the State Comptroller, the Mayor, the Board of Estimate, the City Council and the City Comptroller and promptly be published by the Corporation.

Subject to the rights of holders of obligations issued pursuant to the First General Bond Resolution, the Corporation shall not modify or amend the First General Bond Resolution in any manner which would have a material adverse effect on the Bondholders, provided, however, that nothing herein shall prevent the Corporation from amending or supplementing the First General Bond Resolution to provide for the issuance of Bonds, Notes or Other Obligations (as such terms are defined in the First General Bond Resolution) as provided in the First General Bond Resolution. No such Bonds, Notes or Other Obligations shall be issued in accordance with Article II of the First General Bond Resolution if such issuance would cause the amounts stated in paragraph (1) and (2) of Subsection 3 of Section 202 after making the deductions provided in subparagraphs 3(a) and 3(c) to be less than 1.2 times such aggregate amount set forth in paragraph 3(b) of Subsection 3 of Section 202 for each Fiscal Year set forth pursuant to said paragraph 3(b) if such certifications required to be made pursuant to such Subsection 3 had been made at the time of, and gave effect to, the issuance of such Bonds, Notes or Other Obligations.

The Corporation hereby covenants and agrees with all who may be Holders of the Bonds that it shall not issue and the Corporation represents hereby that there are presently not outstanding any Bonds, Notes, or Other Obligations (as such terms are defined in the First General Bond Resolution), or any bonds, notes or other obligations pursuant to any resolution, including the Outstanding Note Resolutions, of the Corporation, the holders of which would have a right to payment from the State Aid Fund prior or equal to the right of the Holders of the Bonds to payment from such Fund.
ARTICLE X

SERIES RESOLUTIONS AND SUPPLEMENTAL RESOLUTIONS

1001. Modification and Amendment Without Consent. Notwithstanding any other provisions of this Article X, or Article XI, the Corporation may adopt at any time or from time to time Series Resolutions or Supplemental Resolutions for any one or more of the following purposes, and any such Series Resolution or Supplemental Resolution shall become effective in accordance with its terms upon the filing with the Trustee of a copy thereof certified by an Authorized Officer:

(2) To add additional covenants and agreements of the Corporation for the purpose of further securing the payment of the Bonds, provided such additional covenants and agreements are not contrary to or inconsistent with the covenants and agreements of the Corporation contained in this Resolution;

(3) To prescribe further limitations and restrictions upon the issuance of Bonds and the incurring of indebtedness by the Corporation which are not contrary to or inconsistent with the limitations and restrictions thereon theretofore in effect;

(4) To surrender any right, power or privilege reserved to or conferred upon the Corporation by the terms of this Resolution, provided that the surrender of such right, power or privilege is not contrary to or inconsistent with the covenants and agreements of the Corporation contained in this Resolution;

(5) To confirm as further assurance any pledge under and the subject to any lien, claim or pledge created or to be created by the provisions of this Resolution, of the Revenues or of any other monies, securities or funds;

(6) To modify any of the provisions of this Resolution or any previously adopted Series Resolution in any other respects, provided that such modifications shall not be effective until after all Bonds of any Series of Bonds Outstanding as of the date of adop-
tion of such Series Resolution or Supplemental Resolution shall cease to be Outstanding, and all Bonds issued under such resolutions shall contain a specific reference to the modifications contained in such subsequent resolutions; or

(7) With the consent of the Trustee, to cure any ambiguity or defect or inconsistent provision in this Resolution or to insert such provisions clarifying matters or questions arising under this Resolution as are necessary or desirable in the event any such modifications are not contrary to or inconsistent with this Resolution as theretofore in effect.

1002. **Supplemental Resolutions Effective With Consent of Bondholders.** The provisions of this Resolution may also be modified or amended at any time or from time to time by a Supplemental Resolution, subject to the consent of Bondholders in accordance with and subject to the provisions of Article XI hereof, such Supplemental Resolution to become effective upon the filing with the Trustee of a copy thereof certified by an Authorized Officer.

1003. **General Provisions Relating to Series Resolutions and Supplemental Resolutions.** This Resolution shall not be modified or amended in any respect except in accordance with and subject to the provisions of this Article X and Article XI. Nothing contained in this Article X or Article XI shall affect or limit the rights or obligations of the Corporation to adopt, make, do, execute or deliver any resolution, act or other instrument pursuant to the provisions of Section 904 or the right or obligation of the Corporation to execute and deliver to the Trustee or any Paying Agent any instrument elsewhere in this Resolution provided or permitted to be delivered to the Trustee or any Paying Agent.

A copy of every Series Resolution and Supplemental Resolution adopted by the Corporation when filed with the Trustee shall be accompanied by a Counsel’s Opinion stating that such Series Resolution or Supplemental Resolution has been duly and lawfully adopted in accordance with the provisions of this Resolution, is authorized or permitted by this Resolution and is valid and binding upon the Corporation and enforceable in accordance with its terms,
The Trustee is hereby authorized to accept delivery of a certified copy of any Series Resolution or Supplemental Resolution permitted or authorized pursuant to the provisions of this Resolution and to make all further agreements and stipulations which may be contained therein, and, in taking such action, the Trustee shall be fully protected in relying on Counsel's Opinion that such Series Resolution or Supplemental Resolution is authorized or permitted by the provisions of this Resolution.

No Series Resolution or Supplemental Resolution changing, amending or modifying any of the rights or obligations of the Trustee or of any Paying Agent may be adopted by the Corporation without the written consent of the Trustee or Paying Agent affected thereby.

ARTICLE XI

Amendments of Resolutions

1101. Powers of Amendment. Any modification or amendment of this Resolution and of the rights and obligations of the Corporation and of the Holders of the Bonds and coupons hereunder, in any particular, may be made by a Supplemental Resolution, with the written consent given as hereinafter provided in Section 1102, (a) of the Holders of at least two-thirds in principal amount of the Bonds Outstanding at the time such consent is given, or (b) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of the Holders of at least two-thirds in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given, or (c) in case the modification or amendment changes the amount or date of any Sinking Fund Installment, of the Holders of at least two-thirds in principal amount of the Bonds of the particular Series, maturity and interest rate entitled to such Sinking Fund Installment Outstanding at the time such consent is given; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the Holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this Section. No such modification or amendment shall permit a change in the terms of redemption or
maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Holder of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Holders of which is required to effect any such modification or amendment. For the purposes of this Section, a Series shall be deemed to be affected by a modification or amendment of this Resolution if the same adversely affects or diminishes the rights of the Holders of Bonds and coupons of such Series. The Trustee may in its discretion determine whether or not in accordance with the foregoing provisions Bonds of any particular Series or maturity would be affected by any modification or amendment of this Resolution and any such determination shall be binding and conclusive on the Corporation and all Holders of Bonds. The Trustee may receive an opinion of counsel, including Counsel’s Opinion, as conclusive evidence as to whether Bonds of any particular Series or maturity would be so affected by any such modification or amendment of this Resolution.

1102. Consent of Bondholders. The Corporation may at any time adopt a Supplemental Resolution making a modification or amendment permitted by the provisions of Section 1101 to take effect when and as provided in this Section. A copy of such Supplemental Resolution (or brief summary thereof or reference thereto in form approved by the Trustee) together with a request to Bondholders for their consent thereto in form satisfactory to the Trustee, shall promptly after adoption be mailed by the Corporation to Bondholders and be published at least once a week for two (2) successive weeks (but failure to mail such copy and request shall not affect the validity of the Supplemental Resolution when consented to as in this Section provided). Such Supplemental Resolution shall not be effective unless and until (a) there shall have been filed with the Trustee (i) the written consents of Holders of the percentages of Outstanding Bonds specified in Section 1101 and (ii) a Counsel’s Opinion stating that such Supplemental Resolution has been duly and lawfully adopted and filed by the Corporation in accordance with the provisions of this Resolution, is authorized or permitted by this Resolution, and is valid and binding upon the Corporation and enforceable in accordance with its terms, and (b) a notice shall have been published as hereinafter in this Section 1102
provided. Each such consent shall be effective only if accompanied by proof of the holding at the date of such consent, of the Bonds with respect to which such consent is given, which proof shall be such as is permitted by Section 1301. A certificate or certificates by the Trustee filed with the Trustee that it has examined such proof and that such proof is sufficient in accordance with Section 1301 shall be conclusive that the consents have been given by the Holders of the Bonds described in such certificate or certificates of the Trustee. Any such consent shall be binding upon the Holder of the Bonds giving such consent and, anything in Section 1301 to the contrary notwithstanding, upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing with the Trustee, prior to the time when the written statement of the Trustee hereinafter in this Section 1102 provided for is filed, such revocation and, if such Bonds are transferable by delivery, proof that such Bonds are held by the signer of such revocation in the manner permitted by Section 1301. The fact that a consent has not been revoked may likewise be proved by a certificate of the Trustee filed with the Trustee to the effect that no revocation thereof is on file with the Trustee. At any time after the Holders of the required percentages of Bonds shall have filed their consents to the Supplemental Resolution, the Trustee shall make and file with the Corporation and the Trustee a written statement that the Holders of such required percentages of Bonds have filed such consents. Such written statement shall be conclusive that such consents have been so filed. At any time thereafter notice, stating in substance that the Supplemental Resolution (which may be referred to as a Supplemental Resolution adopted by the Corporation on a stated date, a copy of which is on file with the Trustee) has been consented to by the Holders of the required percentages of Bonds and will be effective as provided in this Section 1102, shall be given to Bondholders by the Corporation by mailing such notice to Bondholders (but failure to mail such notice shall not prevent such Supplemental Resolution from becoming effective and binding as in this Section 1102 provided) and by publishing the same at least once not more than ninety (90) days after the Holders of the required percentages of Bonds shall have filed their consents to the Supplemental Resolution and the written statement of the Trustee herein-
above provided for is filed. The Corporation shall file with the Trustee proof of the publication of such notice, and, if the same shall have been mailed to Bondholders, of the mailing thereof. A transcript, consisting of the papers required or permitted by this Section 1102 to be filed with the Trustee, shall be proof of the matters therein stated. Such Supplemental Resolution making such amendment or modification shall be deemed conclusively binding upon the Corporation, the Trustee, each Paying Agent and the Holders of all Bonds and coupons at the expiration of thirty (30) days after the filing with the Trustee of the proof of the first publication of such last mentioned notice, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Resolution in a legal action or equitable proceeding for such purpose commenced within such thirty (30) day period; provided, however, that the Corporation, the Trustee and any Paying Agent during such thirty (30) day period and any such further period during which any such action or proceeding may be pending shall be entitled in their reasonable discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Resolution as they may deem expedient.

1103. Modifications by Unanimous Consent. The terms and provisions of this Resolution and the rights and obligations of the Corporation and of the Holders of the Bonds and coupons thereunder may be modified or amended in any respect upon the adoption and filing with the Trustee by the Corporation of a copy of a Supplemental Resolution certified by an Authorized Officer and the consent of the Holders of all of the Bonds then Outstanding, such consent to be given as provided in Section 1102, except that no notice to Bondholders either by mailing or publication shall be required.

1104. Mailing and Publication. (1) Any provision in this Article for the mailing of a notice or other document to Bondholders shall be fully complied with if it is mailed postage prepaid only (i) to each registered owner of Bonds then Outstanding at his address, if any, appearing upon the registry books of the Corporation, (ii) to each Holder of any Bond payable to bearer who shall have filed with the Trustee within two (2) years preceding such mailing an address for notices, and (iii) to the Trustee.

(2) Any provision in this Article for publication of a notice or
other matter shall require the publication thereof only in an Authorized Newspaper.

1105. Exclusion of Bonds. Bonds owned or held by or for the account of the Corporation shall not be deemed Outstanding for the purpose of consent or other action or any calculation of Outstanding Bonds provided for in this Resolution, and the Corporation shall not be entitled with respect to such Bonds to give any consent or take any other action provided for in this Resolution. At the time of any consent or other action taken under this Resolution, the Corporation shall furnish the Trustee a certificate of an Authorized Officer, upon which the Trustee may rely, describing all Bonds so to be excluded.

1106. Notation on Bonds. Bonds delivered after the effective date of any action taken as in Article X or this Article XI provided may, and if the Trustee so determines, shall, bear a notation by endorsement or otherwise in form approved by the Corporation and the Trustee as to such action, and in such case upon demand of the Holder of any Bond Outstanding at such effective date and upon presentation of his Bond for such purpose at the corporate trust office of the Trustee suitable notation shall be made on such Bond by the Trustee as to any such action. If the Corporation or the Trustee shall so determine, new Bonds so modified as in the opinion of the Trustee and the Corporation to conform to such action shall be prepared and delivered, and upon demand of the Holder of any Bond then Outstanding shall be exchanged, without cost to such Bondholder, for Bonds of the same Series and maturity then Outstanding, upon surrender of such Bonds with all unpaid coupons, if any, appertaining thereto.

Second: To the payment to the persons entitled thereto of the unpaid principal, Sinking Fund Installments or Redemption Price of any Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference.

The provisions of this Section 1204 are in all respects subject to the provisions of Section 902.

Whenever monies are to be applied by the Trustee pursuant to the provisions of this Section, such monies shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such monies available for application and the likelihood of additional money becoming available for such application in the future; the deposit of such monies with the Paying Agents, or otherwise setting aside such monies in trust for the proper purpose, shall constitute proper application by the Trustee; and the Trustee shall incur no liability whatsoever
to the Corporation, to any Bondholder or to any other person for any delay in applying any such monies, so long as the Trustee acts with reasonable diligence, having due regard for the circumstances, and ultimately applies the same in accordance with such provisions of this Resolution as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such monies, it shall fix the date (which shall be an interest payment date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate for the fixing of any such date. The Trustee shall not be required to make payment to the Holder of any unpaid coupon or any Bond unless such coupon or such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

1205. Termination of Proceedings. In case any proceeding taken by the Trustee on account of any event of default shall have been discontinued or abandoned for any reason, then in every such case the Corporation, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no such proceeding had been taken.

1206. Bondholders’ Direction of Proceedings. Anything in this Resolution to the contrary notwithstanding, the Holders of the majority in principal amount of the Bonds then Outstanding shall have the right by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings to be taken by the Trustee hereunder, provided that such direction shall not be otherwise than in accordance with law or the provisions of this Resolution, and that the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would be unjustly prejudicial to Bondholders not parties to such direction.

1207. Limitation on Rights of Bondholders. No Holder of any Bond shall have any right to institute any suit, action, mandamus or other proceeding in equity or at law hereunder, or for the protection or
enforcement of any right under this Resolution or any right under law unless such Holder shall have given to the Trustee written notice of the event of default or breach of duty on account of which such suit, action or proceeding is to be taken, and unless the Holders of not less than twenty-five per centum (25%) in principal amount of the Bonds then Outstanding shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have occurred, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers herein granted or granted under the law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time; and such notification, request and offer of indemnity are hereby declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers under this Resolution or for any other remedy hereunder or under law. It is understood and intended that no one or more Holders of the Bonds hereby secured shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of this Resolution, or to enforce any right hereunder or under law with respect to the Bonds or this Resolution, except in the manner herein provided, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the benefit of all Holders of the Outstanding Bonds and coupons. Notwithstanding the foregoing provisions of this Section or any other provisions of this Article XII, the obligation of the Corporation shall be absolute and unconditional to pay the principal and Redemption Price of and interest on the Bonds to the respective Holders thereof and the coupons pertaining thereto at the respective due dates thereof, and nothing herein shall affect or impair the right of action, which is absolute and unconditional, of such Holders to enforce such payment.

Anything to the contrary notwithstanding contained in this Section 1207, or any other provision of this Resolution, each Holder of any Bond by his acceptance thereof shall be deemed to have agreed that any court in its discretion may require, in any suit for the enforcement of any right or remedy under this Resolution or any Series Resolution, or in any suit against the Trustee for any action taken or omitted by
it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the reasonable costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in any such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this paragraph shall not apply to any suit instituted by the Trustee, to any suit instituted by any Bondholder, or group of Bondholders, holding at least twenty-five per centum (25%) in principal amount of the Bonds Outstanding, or to any suit instituted by any Bondholder for the enforcement of the payment of the principal or Redemption Price of or interest on any Bond on or after the respective due date thereof expressed in such Bond.

1208. Possession of Bonds by Trustee Not Required. All rights of action under this Resolution or under any of the Bonds, enforceable by the Trustee, may be enforced by it without the possession of any of the Bonds or the coupons appertaining thereto or the production thereof on the trial or other proceeding relative thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all the Holders of such Bonds and coupons, subject to the provisions of this Resolution.

1209. Remedies Not Exclusive. No remedy herein conferred upon or reserved to the Trustee or to the Holders of the Bonds is intended to be exclusive of any other remedy or remedies, and each and every such remedy shall be cumulative and shall be in addition to any other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

1210. No Waiver of Default. No delay or omission of the Trustee or of any Holder of the Bonds to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Resolution to the Trustee and the Holders of the Bonds, respectively, may be exercised from time to time and as often as may be deemed expedient.

1211. Notice of Event of Default. The Trustee shall give to the Bondholders notice of each event of default hereunder known to the Trustee within ninety (90) days after knowledge of the occurrence
thereof, unless such event of default shall have been remedied or cured before the giving of such notice; provided that, except in the case of default in the payment of the principal, Sinking Fund Installment, or Redemption Price of or interest on any of the Bonds, or in the making of any payment required to be made into the Operating Fund, the Bond Service Fund or the Capital Reserve Fund, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee, or a trust committee of directors or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the interests of the Bondholders. Each such notice of event of default shall be given by the Trustee by mailing written notice thereof: (1) to all registered Holders of Bonds, as the names and addresses of such Holders appear upon the books for registration and transfer of Bonds as kept by the Trustee; (2) to such Bondholders as have filed their names and addresses with the Trustee for that purpose; and (3) to such other persons as is required by law.

ARTICLE XIII

Execution of Instruments By Bondholders and Proofs of Ownership of Bonds

1301. Evidence of Signatures of Bondholders and Ownership of Bonds. Any request, direction, consent, revocation of consent, or other instrument in writing required or permitted by this Resolution to be signed or executed by Bondholders may be in any number of concurrent instruments of similar tenor, and may be signed or executed by such Bondholders in person or by their attorneys or agents appointed by an instrument in writing for that purpose, or, in the case of coupon Bonds, by any bank, trust company, or other depository of such Bonds. Proof of the execution of any such instrument, or of any instrument appointing any such attorney or agent, and of the holding and ownership of Bonds shall be sufficient for any purpose of this Resolution (except as otherwise herein provided), if made in the following manner:

(a) The fact and date of the execution by any Bondholder or his attorney or agent of any such instrument and of any instrument appointing any such attorney or agent, may be proved by delivery of a certificate, which need not be acknowledged or veri-
fied, of an officer of any bank, trust company, or other depository, 
or of any notary public, or other officer authorized to take acknowledgments. Where any such instrument is executed by an officer 
of a corporation or association or a member of a partnership on 
behalf of such corporation, association or partnership, such certificate shall also constitute sufficient proof of his authority.

(b) The fact of the holding of coupon Bonds by any Bondholder and the amount and the numbers of such Bonds and the date 
of his holding the same (unless such Bonds be registered as to principal other than to bearer) may be proved by a certificate executed 
by an officer of any bank, trust company, or other depository, if 
such certificate shall be deemed by the Trustee to be satisfactory, 
showing that at the date therein mentioned such person had on 
deposit with or exhibited to such bank, trust company, or other 
depository the Bonds described in such certificate. The Trustee 
may conclusively assume that such ownership continues until written notice of the contrary is served upon the Trustee. The ownership 
of registered Bonds shall be proved by the registry books kept 
by the Trustee under the provisions of this Resolution.

Nothing contained in this Article shall be construed as limiting the 
Trustee to such proof, it being intended that the Trustee may accept 
any other evidence of the matters herein stated which may seem sufficient. Any request or consent of the Holder of any Bond shall bind 
every future Holder of the same Bond in respect of anything done or 
suffered to be done by the Corporation, the Trustee or any Paying 
Agent in pursuance of such request or consent.

ARTICLE XIV

Defeasance

1401. Defeasance. 1. If the Corporation shall pay or cause to be 
paid to the Holders of all Bonds and coupons then Outstanding, the 
principal and interest and Redemption Price, if any, to become due 
thereon, at the times and in the manner stipulated therein and in the 
Resolution, then, at the option of the Corporation, expressed in an 
instrument in writing signed by an Authorized Officer and delivered to 
the Trustee, the covenants, agreements and other obligations of the
Corporation to the Bondholders shall be discharged and satisfied. In such event, the Trustee shall, upon the request of the Corporation, execute and deliver to the Corporation all such instruments as may be desirable to evidence such discharge and satisfaction and the Fiduciaries shall pay over or deliver to the Corporation all money, securities and funds held by them pursuant to the Resolution which are not required for the payment or redemption of Bonds or coupons not theretofore surrendered for such payment or redemption.

2. Bonds or coupons or interest installments for the payment or redemption of which monies shall have been set aside and shall be held in trust by the Fiduciaries (through deposit by the Corporation of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with effect expressed in subsection 1 of this Section. All Outstanding Bonds of any Series and all coupons appertaining to such Bonds shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with effect expressed in subsection 1 of this Section if (a) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Corporation shall have given to the Trustee in form satisfactory to it irrevocable instructions to publish as provided in Article IV of the Resolution notice of redemption on said date of such Bonds, (b) there shall have been deposited with the Trustee either monies in an amount which shall be sufficient, or direct obligations of the United States of America the principal of and the interest on which when due will provide monies which, together with the monies, if any, deposited with the Trustee at the same time, shall be sufficient, to pay, when due, the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event said Bonds are not by their terms subject to redemption within the next succeeding 60 days, the Corporation shall have given the Trustee in form satisfactory to it irrevocable instructions to publish, as soon as practicable, at least twice, at an interval of not less than seven days between publications, in an Authorized Newspaper a notice to the Holders of such Bonds and coupons that the deposit required by (b) above has been made with the Trustee and that said Bonds and coupons are deemed to have been paid in accordance with this Section and stating such maturity or
redemption date upon which monies are to be available for the payment of the principal or Redemption Price, if applicable, on said Bonds. Neither direct obligations of the United States of America or monies deposited with the Trustee pursuant to this Section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if applicable, and interest on said Bonds; provided that any cash received from such principal or interest payments on such direct obligations of the United States of America deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in direct obligations of the United States of America maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if applicable, and interest to become due on said Bonds on and prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestment shall be paid over to the Corporation, as received by the Trustee, free and clear of any trust, lien or pledge.

3. Anything in the Resolution to the contrary notwithstanding, any monies held by a Fiduciary in trust for the payment and discharge of any of the Bonds or coupons which remain unclaimed for six years after the date when such Bonds have become due and payable, either at their stated maturity dates or by call for earlier redemption, if such monies were held by the Fiduciary at such date, or for six years after the date of deposit of such monies if deposited with the Fiduciary after the said date when such Bonds became due and payable, shall, at the written request of the Corporation, be repaid by the Fiduciary to the Corporation, as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect thereto and the Bondholders shall look only to the Corporation for the payment of such Bonds and coupons; provided, however, that before being required to make any such payment to the Corporation, the Fiduciary shall, at the expense of the Corporation, cause to be published at least twice, at an interval of not less than seven days between publications, in an Authorized Newspaper, a notice that said monies remain unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of the first publication of such notice, the balance of such monies then unclaimed will be returned to the Corporation.
ARTICLE XV

1504. Severability. If any one or more of the covenants, stipulations, promises, agreements or obligations provided in this Resolution on the part of the Corporation, Trustee or any Paying Agent to be performed should be determined by a court of competent jurisdiction to be contrary to law, then such covenant or covenants, stipulation or stipu-

Dear Mr. Regan:

This letter is to request your approval of the simultaneous sales, pursuant to the Bond Purchase Agreement (the "Agreement") dated as of November 15, 1978, among the Municipal Assistance Corporation For The City of New York (the "Corporation") and various Financial Institutions and Pension Funds, as those terms are defined in the Agreement, of $138,020,000 of Series 29 Bonds and $98,980,000 of Series 30 Bonds of the Corporation (collectively, the "Bonds") to be issued pursuant to its Second General Bond Resolution, to certain of the Financial Institutions and Pension Funds. Enclosed for your information is a copy of the Corporation's Official Statement, dated May 27, 1981, with respect to the sales.

The Corporation is issuing the Bonds to each of the Financial Institutions and Pension Funds in the respective amounts set forth in the annexed notices to them dated March 6, 1981 and March 12, 1981, at a purchase price of 100%. All of the $237 million proceeds of sale will be used to finance a portion of the City of New York's capital program through the purchase of City bonds.

The Bonds will bear interest at the rate of 11-3/8%, and will mature July 1, 2000, subject to certain optional redemption and mandatory sinking fund installments after July 1, 1983, as fully described in the Series 29 and 30 Official Statement. In accordance with Section 1.3 of the Agreement, the rate at which the Bonds will bear interest was determined in the manner described in Schedule III of the Agreement.

While the approvals required by Sections 3012(1)(e) and 3013(4) of the New York State Municipal Assistance Corporation Act, relating to the issuance of all bonds to be issued pursuant to the Agreement, including the Bonds, and the system of accounts prescribed in the Second General Resolution of the Corporation and the series resolutions annexed to the Agreement, were obtained by your predecessor's endorsement upon the Corporation's letter to him, dated November 15, 1978, a copy of which is annexed hereto, the Corporation requests your approval of the issuance of the Bonds upon the specific terms described in this letter. Your approval of the system
of accounts of the Corporation to the extent the same is
prescribed in the Second General Resolution of the Corporation,

ONE HUNDRED THOUSAND DOLLARS ($100,000)

The bond or bonds hereinafter referred to as the "bonds" or "certificates" are to be issued in denominations of $1,000 or any integral multiple of $1,000 in excess thereof, except that the Corporation may from time to time issue and sell, without restriction, bonds or certificates in denominations of $25,000 or any integral multiple thereof.

The bonds are not secured by any real or personal property of the State, the City of New York, or any of their agencies or instrumentalities, but the Corporation may, from time to time, as and when necessary, in such manner and to such extent as the Board of Directors of the Corporation shall determine, create and pledge certain revenues and assets of the Corporation for the payment of such bonds as hereinafter described.

The Corporation does hereby covenant that it will provide and maintain from and after the first day of June, 1983, a current and sufficient reserve for the retirement of the bonds in accordance with the terms of the bonds and the agreements under which the bonds are issued, but in any event, not less than a reserve sufficient to pay the principal of and interest on all the bonds

JAMES H. TULLY, JR.
COMMISSIONER OF TAXATION AND FINANCE
PRESIDENT TAX COMMISSION

CERTIFICATE OF THE COMMISSIONER
OF TAXATION AND FINANCE

I, James H. Tully, Jr., Commissioner of Taxation and Finance
of the State of New York, do HEREBY CERTIFY as follows:

A. Reference is made to the Second General Bond Resolution
(the "Resolution") adopted November 25, 1975 by the
Municipal Assistance Corporation for the City of New
York (the "Corporation"). All terms defined in the
Resolution are used in this certificate with the meanings
ascribed to them at the indicated page in the Resolution.

B. 1. The most recent collections for the twelve (12)
consecutive calendar months ended April 30, 1981
of the Sales Tax (p. 4) after deduction of cost
of administering, collecting and distributing
such tax was

$ 1,265,807,913

2. The most recent collections for the twelve (12)
consecutive calendar months ended April 30, 1981
of the Stock Transfer Tax (p. 5) after deduction
of cost of administering, collecting and distrib-
uting such tax was

$  578,903,943

3. The most recent collections for the twelve (12)
consecutive calendar months ended April 30, 1981
of other taxes which, as of the date hereof, are
levied and collected by New York State and are
payable into the Special Account in the Municipal
Assistance Tax Fund described in section 92-d of
the State Finance Law established for the Corpora-
tion was

$     0

Total of

$1,844,711,856
C. The total amount of $1,844,711,856 for the twelve (12) consecutive calendar months ended April 30, 1981 as set forth in Paragraph B above (taking into account, among other factors, those factors set forth in Paragraph E below), is less than the revenues expected by me, taking into account the statements set forth in Paragraph D below, for the next succeeding twelve (12) consecutive calendar months from the Sales Tax and Stock Transfer Tax.

D. While the undersigned believes that it is not presently possible to predict the effect of a future material adverse change in the economic and/or financial conditions of the State of New York and/or the City of New York upon the Sales Tax and Stock Transfer Tax revenue the undersigned, as of this date, has no reasonable basis upon which to form a conclusion that the total revenues for the next succeeding twelve (12) consecutive calendar months commencing May 1, 1981 from the Sales Tax and Stock Transfer Tax will be less than $1,844,711,856.

E. With respect to Sales Tax collection for the twelve (12) consecutive calendar months ended April 30, 1981, several factors which occasioned a change in the pattern of revenue flow from and distribution of Sales Tax during the period should be noted. Such factors include the requirement of monthly filing by certain large vendors, an authorized method of monthly payments on a historical basis and distribution of Sales Tax on such basis.

Commencing March 1976, in addition to regular quarterly reporting, a monthly sales tax report and remittance was required from certain large vendors, i.e., all vendors with taxable receipts of $300,000 or more in any quarter of the preceding four quarters. Such vendors are also required to make an estimated payment of Sales Tax liability for the month of March by the twentieth (20th) day thereof. In filing and making such monthly report and remittance, such large vendors may estimate sales tax liability for certain months based upon historical experience rather than upon actual sales tax liability for such months. Moreover,
commencing March, 1976, Sales Tax distribution to the Special Tax Account of the Corporation is made upon a historical rather than upon an actual basis and commencing June 1, 1980, a greater consideration is given to current unverified vendor quarterly collection data in making distribution for a quarterly period. As a consequence, in order to reflect actual experience, adjustments to subsequent distributions to such Special Account will be required to be made from time to time during the twelve (12) consecutive calendar months commencing May, 1981. Overdistributions were made to the Special Account which ranged from $492,723 to $11,122,699 for certain three-month periods. The State Department of Taxation and Finance has made reductions in subsequent distributions to the Special Account to reflect these overpayments and, in addition, has made increases in distributions commencing January, 1976 in approximate amounts ranging from $750,000 to $7.2 million to reflect under-distributions for certain prior periods. The statements herein do not purport to be a full and complete statement of existing law and its effect and reference is made to Chapter 89 of the Laws of 1976 and all amendments thereto.

In addition, legislation (Chapter 878 of the Laws of 1977) with respect to the Stock Transfer Tax alters the pattern of flow of Stock Transfer Tax moneys into the Stock Transfer Tax fund. However, it is not expected, at the present time, that such legislation or the implementation of a nationwide market system in securities pursuant to Congressional mandate and Securities and Exchange Commission rules would occasion a change in my expectations set forth in Paragraph C above.

IN WITNESS WHEREOF, I have hereunto set my hand on this 4th day of June 1981.

ARBITRAGE CERTIFICATE

Municipal Assistance Corporation For The City of New York
Series 29 Bonds
Series 30 Bonds

I. GENERAL

1.1. I, Steven J. Kantor, Treasurer of the Municipal Assistance Corporation For The City of New York (the "Corporation"), HEREBY CERTIFY with respect to the Corporation's $138,020,000 Series 29 Bonds and $98,980,000 Series 30 Bonds (collectively, the "Bonds"), which are being issued and delivered on the date of this certificate pursuant to a general bond resolution of the Corporation dated November 25, 1975 (the "Second Resolution"), and series resolutions adopted June 2, 1981, as follows:

1.2. I am an officer of the Corporation charged with the responsibility for issuing the Bonds.

1.3. This certificate is made for the purpose of establishing the reasonable expectations of the Corporation as to the amount and use of the proceeds of the Bonds. It is intended and may be relied upon as a certification described in Section 1.103-13(a)(2)(ii) of the Treasury Regulations under Section 103(c) of the Internal Revenue Code of 1954 (the "Code") and is being executed and delivered as part of the record of proceedings in connection with the Bonds.
1.4. The Commissioner of Internal Revenue has not published notice of, nor has the Corporation been notified of any listing or proposed listing of the Corporation by the Internal Revenue Service as an issuer whose certification may not be relied upon for arbitrage purposes by holders of its obligations.

1.5. This certificate sets forth the facts, estimates and circumstances now in existence which are the basis for the Corporation's expectation that the proceeds of the Bonds will not be used in a manner that would cause the Bonds to be arbitrage bonds under Section 103(c) of the Code. To the best of my knowledge and belief, the expectations contained herein, including the expectations relating to the use of the proceeds of the Bonds, are reasonable and there are no other facts, estimates or circumstances that would materially change such expectations.

II. PURPOSES OF ISSUE

2.1. The Corporation is issuing the Bonds pursuant to the modification to and extension of the four year plan of financing developed in November 1978 (the "Four Year Plan"), which is designed to provide alternative methods of financing the capital program of the City of New York (the "City") until such time as the City has regained full access to the long-term public credit markets. In order to implement the objectives of the modified Four Year Plan, the proceeds of the Bonds will be used to finance a portion of the City's capital requirements through the purchase of bonds issued by the City (the "City Bonds").
2.2. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issue.

III. AMOUNT AND USE OF PROCEEDS

3.1. The proceeds from the sale of the Bonds are $237,000,000 (exclusive of accrued interest on the Bonds for 3 days of $224,656.28). Such proceeds will be applied to the purchase of City Bonds.

3.2. The accrued interest on the Bonds of $224,656.28, representing 3 days' interest, will be applied on January 1, 1982, to payment of interest on all bonds of the Corporation issued pursuant to the Second Resolution and may be invested prior to such expenditure without restriction as to yield.

3.3. With respect to the proceeds of the Bonds to be used to finance City capital requirements through the purchase of the City Bonds:

a. The City Bonds will be purchased pursuant to an agreement between the City and the Corporation to be entered into on or before July 1, 1981 (the "Bond Purchase Agreement") which will obligate the City to sell, and the Corporation to purchase, City Bonds in a principal amount equal to such proceeds of the Bonds. The Corporation expects to hold the City Bonds to maturity.
b. The City will use the proceeds of sale of the City Bonds to finance a portion of its capital program. The Corporation reasonably expects, on the basis of a letter from the Comptroller's office and the Office of Management and Budget of the City attached hereto as Exhibit B and an arbitrage certificate of the City to be delivered at such time(s) as the City Bonds are purchased pursuant to the Bond Purchase Agreement, that such proceeds will be used in a manner consistent with the arbitrage regulations promulgated under Section 103(c) of the Code as though the City Bonds had been issued as of the date hereof.

c. All such proceeds will be expended on or before June 4, 1984, upon certification by the City for its capital financing requirements as described in Exhibit B, and will be invested without restriction as to yield during the interim. Interest received from the investment of these proceeds will be deposited in the Bond Service Fund, will be applied to the payment of debt service on all Second Resolution Bonds within one year of receipt, and will be invested without restriction as to yield during the interim.

3.4. The Corporation will use principal and interest payments to be received on the City Bonds for debt service on all its outstanding obligations. Such payments will be deposited in either the Debt Service Fund (for obligations issued under a general bond resolution of the Corporation dated July 2, 1975) or
the Bond Service Fund (for Second Resolution Bonds), will be so used within one year of receipt, and will be invested without restriction as to yield during the interim.

IV. TERMS OF THE BONDS AND THE PURCHASE THEREOF

4.1. The date, maturity, rate of interest and redemption features of the Bonds are shown on Exhibit A attached hereto.

4.2. The Bonds are being purchased by the Purchasers named in the Series Resolutions (collectively, the "Purchasers") pursuant to an agreement (the "Purchase Agreement") by and among the Corporation and the commercial banks, savings banks, insurance companies, and pension funds listed in Schedule I thereto, at a purchase price of par. The Corporation has no control over the disposition of the Bonds by the Purchasers and therefore has no reasonable expectations as of the date hereof with respect to the final disposition of the Bonds.

V. DEBT SERVICE

5.1. The Corporation expects to pay debt service on the Bonds from amounts received from the State of New York (the "State") as per capita state aid and, to the extent necessary and available, from revenues from the State sales tax imposed only in the City of New York and State stock transfer tax (collectively, the "Revenues"), which are deposited in the Bond Service Fund, as well as monies received as principal and interest payments on the City Bonds.
5.2. The Bond Service Fund is a debt service fund for all bonds of the Corporation issued pursuant to the Second Resolution. It is expected that the amount of Revenues and principal and interest payments on City Bonds deposited in the Bond Service Fund will be expended on the payment of debt service on all such bonds within 13 months of the date of deposit. Further it is expected that the amount deposited in the Bond Service Fund will be depleted at least once a year except possibly for a carryover amount which will not exceed the greater of one year's earnings on such Fund or one-twelfth of annual debt service. Consequently, moneys deposited in the Bond Service Fund may be invested without restriction as to yield.

5.3. The Bonds will be secured by the Capital Reserve Fund established under the Second Resolution. Such Capital Reserve Fund is a debt service reserve fund for all bonds issued pursuant to the Second Resolution. Moneys in such fund are derived both from Revenues (as defined in Section 5.1 hereof) and from proceeds of the Corporation's bonds and are approximately equal, on any given date, to debt service on all Second Resolution Bonds coming due in the succeeding calendar year (the "Requirement"), including any increase in the Requirement reasonably expected within the next fiscal year. This amount has never exceeded, and will never exceed, 15% of the face amount of all bonds issued pursuant to the Second Resolution, taking into account the terms of a letter ruling (as supplemented and
clarified) issued to the Corporation by the Internal Revenue Service on April 29, 1980. No proceeds of the Bonds will be deposited in such Fund, but $10 million of Revenues will be deposited therein on the date hereof in order to maintain the Fund at the Requirement and such amount will be invested without restriction as to yield.

5.4. The Corporation has not created, nor intends to create or establish, any funds other than the Bond Service Fund and the Capital Reserve Fund established under the Second Resolution for the payment of debt service on the Bonds or which may be pledged as security for the Bonds. While other funds and accounts of the Corporation are subject to a general pledge in favor of the holders of the Bonds, if amounts in such funds and accounts are needed for corporate purposes of the Corporation other than the payment of debt service on the Bonds, they will be so used. Accordingly, it cannot be said with any reasonable assurance that any of these amounts will be available for the payment of debt service on the Bonds if such need should ever arise.

5.5. Interest received from the investment of amounts deposited in the Bond Service Fund will be expended on the payment of debt service within one year of receipt and will be invested without restriction as to yield during the interim.

5.6. Interest received from the investment of amounts deposited in the Capital Reserve Fund established under the Second Resolution will be retained for investment in such Fund to
the extent necessary to meet the Requirement. Any excess amount will be transferred to the Bond Service Fund and expended on the payment of debt service within one year of receipt.

IN WITNESS WHEREOF, I have hereunto set my hand this 4th day of June, 1981.

for the City of New York
One World Trade Center
New York, New York 10048

Attn: Mr. Steven Kantor

Re: $237 Million Series 29 and 30 Bonds
Dated as of June 1, 1981

Dear Sirs:

In connection with the issuance by the Municipal Assistance Corporation for the City of New York (the "Corporation") of its $237 million Series 29 and 30 Bonds, dated as of June 1, 1981, and the proposed use of all the proceeds thereof to purchase bonds to be issued by the City of New York (the "City"), we hereby advise you that the City will sell to the Corporation, before June 4, 1984, its bonds (the "Bonds") in an aggregate principal amount equal to $237 million, and that, on or before such date, the City will use the proceeds of the Bonds for the purpose of financing capital expenditures for capital improvement projects included in its capital budget for the fiscal year during which the City issues the Bonds, or to reimburse its General Fund for temporary advances authorized to be made for such purposes. The City has incurred as of the date hereof, or reasonably expects to incur
within 6 months or, to the extent there are good business reasons, within one year, from the date hereof, substantial binding obligations to commence or acquire capital improvement projects undertaken for the purpose for which the Bonds will be issued.

In addition, the City reasonably expects to proceed with due diligence to completion on capital improvement projects, including those to be financed with proceeds of the Series 29 and 30 Bonds, having at least the periods of probable usefulness set forth in Exhibit A after substantial binding obligations have been incurred.

Very truly yours,

Thomas DeRogatis
Deputy Comptroller for Finance

To the Board of Directors of

Municipal Assistance Corporation
For The City of New York
and
The Purchasers referred to in the
Official Statement described herein

Dear Sirs:

We have examined the financial statements of Municipal Assistance Corporation For The City of New York (the "Corporation") as of June 30, 1980, and for the year then ended (the "Financial Statements"), included in the Supplemented Official Statement of the Corporation dated June 4, 1981 for the Series 29 and Series 30 Bonds (the "Official Statement"); our report with respect thereto is also included in such Official Statement. In connection with the Official Statement, we hereby advise you as follows:

1. We are independent public accountants for the Corporation and as such have examined the Corporation's Financial Statements for the year ended June 30, 1980 and expressed our opinion thereon dated July 28, 1980. We have not examined any financial statements of the Corporation as of any date or for any period subsequent to June 30, 1980; although we have made an examination for the year ended June 30, 1980, the purpose (and therefore the scope) of such examination was to enable us to express our opinion on the financial statements as of June 30, 1980 and for the year then ended. Therefore, we are unable to and do not express any opinion on the unaudited Statement of Financial Position as of March 31, 1981, the related unaudited Debt Service, Capital Reserve or Operating Fund Statements of Transactions or schedules for the nine-month period ended March 31, 1981, included in the Official Statement; or on the financial position, transactions or schedules as of any date or for any period subsequent to June 30, 1980.
To the Board of Directors of
Municipal Assistance Corporation
For The City of New York
and
The Purchasers referred to in the
Official Statement described herein
- 4 -
June 4, 1981

B. With respect to the data set forth in column 4 of the Table, we reviewed an unaudited calculation sheet which showed the addition of the pro forma debt service payment amounts on the Series 29 and 30 Bonds for each year to the Corporation’s Second Resolution debt service payment requirements for each year, as shown in the fourth column of the table appearing on page 22 of the Corporation’s Official Statement for the Series 27 Bonds (which includes the assumed issuance of $100 million of Series 28 Bonds on February 25, 1981) assuming, for the purposes of such calculations, the maturity, interest and redemption provisions set forth or referred to on the cover page of the Official Statement for the Series 29 and 30 Bonds. Such addition appears to be correctly applied to the debt service amounts.

C. With respect to the data set forth in column 5 of the Table, we divided the total of all revenues including the total of the Aggregate Sales and Stock Transfer Taxes and Adjusted Per Capita Aid appearing on page 20 of the Official Statement (which revenue amounts have been reduced by $6.4 million, representing the Corporation's current estimate of its operating expenses for the fiscal year ending June 30, 1981) less the debt service amounts appearing in column 1 of the Table, by the corresponding debt service amount in column 4 for the years 1982 through 1995 and found such ratios to be correct.

D. With respect to the coverage ratios set forth in the paragraph immediately following the Table, we reviewed an unaudited calculation sheet showing the division of the total of all revenues, referred to in 5C above, by the total of each year's debt service amount appearing in columns 1 and 4 of the Table and found the range of coverage for the years 1982 through 1995 stated in such paragraph to be correct.

E. With respect to the average coverage ratio stated in such paragraph, we reviewed an unaudited calculation sheet showing the addition of the coverage ratios for the years 1982 through 1995, referred to in 5D above, divided by the number of ratios included in the addition, and found the average of such ratios to be correct.

The procedures referred to above do not constitute an examination made in accordance with generally accepted auditing standards. Also, such procedures would not necessarily reveal matters of significance with respect to the comments in such paragraphs. Accordingly, we make no representations as to questions of legal interpretation or as to the sufficiency of such procedures for your
purposes. Further, we have addressed ourselves solely to the foregoing data as set forth in the Official Statement and make no representation as to whether additional information may be required to be set forth in the Official Statement to render such data not misleading.

6. This letter is solely for the information of the Board of Directors of the Corporation and for the information of and assistance to the Purchasers referred to in the Official Statement described herein in conducting and documenting their review of the affairs of the Corporation in connection with the delivery of its Official Statement. This letter is not to be used, circulated, quoted or otherwise referred to for any other purpose, nor is it to be filed with or referred to in whole or in part in the Official Statement or any other document, except the Bond Purchase Agreement between the Corporation and the Purchasers and related closing documents.

Yours very truly,

JAMES H. TULLY, JR.
Commissioner
CERTIFICATE OF THE DIRECTOR OF MANAGEMENT AND BUDGET OF THE CITY OF NEW YORK

Pursuant to Section 1.11 of the Closing Memorandum Relating to the Series 29 and 30 Bonds

I, JAMES R. BRIGHAM, JR., Director of Management and Budget of The City of New York (the "City"), on behalf of the City and to the best of my knowledge and belief, do HEREBY CERTIFY as follows:

1. I have reviewed the information contained in the Official Statement relating to the Series 29 and 30 Bonds, dated May 27, 1981, of the Municipal Assistance Corporation For The City of New York (the "Corporation") under the section captioned "Part 9 -- Certain Developments Affecting the City." Certain of such information which is referred to in the paragraphs numbered 2 through 12 of this certificate represents certain public information contained in the official reports, statements or other documents of the City, including a final Official Statement issued March 15, 1981 by the City in connection with the sale of $75 million aggregate principal amount of its general obligation bonds. Reference should be made to such official reports, statements, Official Statement, or other documents for a more complete explanation of such information.
2. The information set forth in such section under the subheading "Recent Financial History" to the effect that the City, after it lost access to the public credit markets, took a number of steps which were intended to enable it to balance its budget and to regain access to the public credit markets, including accounting reforms and development of a three-year financial plan (the "Three Year Financial Plan"), is accurate and not misleading in any material respect.

3. The information contained in such section under the subheading "Recent Financial History" to the effect that the City, among other actions, took steps to reduce the number of its employees, entered into labor contracts consistent with the assumptions contained in the Three Year Financial Plan and with the wage guidelines adopted by the Control Board (as defined in the Official Statement), began charging general tuition at the City University of New York, and received additional State and Federal aid, is accurate and not misleading in any material respect.

4. The information set forth in such section under the subheading "Recent Financial History" with respect to (a) the City's failure to regain access to the public credit markets during its 1978 fiscal year, (b) actions proposed by the City and others to provide for the City's long-term financing through the 1982 fiscal year and to enable the City to re-
enter the public credit markets, and (c) the results of those proposals, is accurate and not misleading in any material respect.

5. The information set forth in such section under the subheading "Recent Financial History" to the effect that (a) pursuant to the Act and the Emergency Act, the City is required to submit to the Control Board at least fifty days prior to the beginning of each fiscal year of the City a financial plan for the next four fiscal years, covering the City and certain agencies subject to the provisions of Emergency Act (the "covered organizations"), (b) the four year financial plan may be modified from time to time during the fiscal year upon request of the City and approval of the Control Board, and (c) the Emergency Act requires that the City provide for a budget balanced in accordance with State law through fiscal year 1981 and in accordance with GAAP thereafter, is accurate and not misleading in any material respect.

6. The information set forth in such section under the subheading "Fiscal Years 1981-1984" to the effect that (a) the City's four year financial plan for the 1981 through 1984 fiscal years, which was approved by the Control Board on September 18, 1980 (as modified through June 3, 1981, the "1981 Four Year Plan"), projects revenues and expenditures of $14.067 billion for fiscal 1981 and is balanced according to GAAP
one year earlier than required by State law, (b) the Plan projects a GAAP-balanced budget for fiscal year 1982, but the projection for such year assumes the achievement of action which, if not fully undertaken during that fiscal year, could result in a gap projected to be $421 million, (c) the Plan also projects potential budget gaps of $723 million and $768 million in fiscal years 1983 and 1984, respectively, to be closed through a combination of actions to be implemented during the four year period, (d) these projections also assume achievement of the actions required to be undertaken during the 1982 fiscal year, and the projected budget gaps for the 1983 and 1984 fiscal years could be larger if such actions are not achieved, (e) for fiscal years 1982 through 1984, the Plan assumes substantial increases in real estate tax revenues as a result of increased real property assessments, (f) the Plan also reflects wage increases of 3% for each of the 1983 and 1984 fiscal years, and (g) neither the balanced budget for fiscal year 1982 nor the projected gaps for fiscal years 1983 and 1984 include provision for the significant deficits which have been projected for the Transit Authority in fiscal years 1982 through 1984, estimated to be $161 million, $243 million and $329 million, respectively, is accurate and not misleading in any material respect.

7. The information set forth in such section under the subheading "Fiscal Years 1981-1984" to the effect
that (a) in connection with the 1981 Four Year Plan, the City has proposed a combination of gap-closing actions which, if realized, would produce GAAP-balanced budgets in each of the 1983 through 1984 fiscal years, and (b) these actions include further expenditure reductions, revenue enhancement programs such as expansion of the scope of the Off Track Betting Corporation ("OTB") to include "sports betting" estimated to provide approximately $75 million each year, $35 million per year from accelerated payment of real estate taxes beginning in fiscal year 1983, debt service savings of $50 million per year, new State aid of $136 million, $315 million and $768 million for fiscal years 1982 through 1984, respectively, primarily from the State take-over of the local share of medicaid costs, and new Federal aid of $88 million, $50 million and $50 million for each of those years, respectively, is accurate and not misleading in any material respect.

8. The information set forth in such section under the subheading "Fiscal Years 1981-1984" to the effect that (a) on June 4, 1981, the Control Board approved a modification of the financial plan for fiscal year 1981, which reflects increases in projected revenues and expenditures of $137 million, (b) the modification projects a GAAP balanced budget with revenues and expenditures of $14.204 billion, and includes a
general reserve of $187 million, which represents a potential surplus, and (c) such surplus is anticipated to be greater by $137 million, as a result of the City's proposed deferral until fiscal 1982 of the early redemption of certain bonds held by the Corporation, is accurate and not misleading in any material respect.

9. The information set forth in such section under the subheading "Fiscal Years 1981-1984" to the effect that (a) the Mayor presented the Executive Budget for fiscal year 1982 on May 12, 1981, (b) the budget submission had been delayed for nearly a month past its normal submission date because of the delay in adoption of a State budget, (c) the Executive Budget projects a GAAP balanced budget with revenues and expenditures of $14.690 billion, an increase of $527 million over the amount forecast for fiscal 1981 in the proposed modification to the 1981 Four Year Plan, (d) such budget includes an increase of $299 million over the forecast for fiscal 1981 in real estate taxes anticipated to come from higher real estate assessments, increased State education and other unrestricted aid of $131 million, including $57 million representing the initial step of the proposed medicaid take-over by the State, and increases in local tax and miscellaneous revenues of $205 million, including anticipated revenues
of $50 million from the expansion of the activities of the Off Track Betting Corporation, (e) the Executive Budget also provides funds for service improvements for certain programs and agencies, such as criminal justice, education, fire, sanitation and police, assumes an overall increase in the City-funded workforce of 6,940 positions over the projected workforce on June 30, 1981, includes a total of $193 million in City funds to offset $297 million of reductions in Federal aid for CETA and other programs, and provides $247 million to cover increased energy costs and medical assistance payments as well as higher fringe benefit costs due to inflation, (f) the Executive Budget also projects debt service costs during fiscal 1982 to be $223 million lower than previously projected, which reduction is largely attributable to the availability of $178 million of real estate taxes collected during fiscal years 1980 and 1981 in excess of debt service payments scheduled for those years, including $137 million of real estate taxes collected in fiscal 1981 to redeem certain City bonds held by the Corporation, the redemption of which has been deferred by the City until fiscal year 1982, and (g) the Executive Budget may be revised prior to adoption by the Board of Estimate and the City Council, is accurate and not misleading in any material respect.
10. The information set forth in such section under the subheading "Fiscal Years 1981-1984" to the effect that (a) on May 12, 1981, the City also submitted to the Control Board a proposed financial plan for fiscal years 1982 through 1985, (b) the proposed plan projects local tax revenues which are significantly higher than such projections in the 1981 Four Year Plan for fiscal years 1983 and 1984, and also includes expenditure increases to maintain the proposed staffing levels and other service enhancements contained in the Executive Budget for fiscal 1982, (c) the proposed plan reflects the potential impact of further reductions in certain Federal aid programs which have been proposed in the Federal budget presented by the President on March 10, 1981, (d) for fiscal years 1983 through 1985, the proposed plan projects budget gaps of $739 million, $935 million, and $963 million, respectively, representing increases of $16 million, $167 million and $157 million in the budget gaps projected for those years in the 1981 Four Year Plan, (e) the proposed plan includes revised gap-closing programs consisting of various City, State, and Federal actions, including the proposed take-over of local medicaid costs by the State and a gradual phase-out commencing in fiscal 1983 of the City's budgeted general reserve to be replaced by a cash reserve, sufficient to close projected budget gaps for those years,
(f) neither the Executive Budget nor the proposed financial plan includes provision for significant deficits which have been projected for the Transit Authority for the 1982 through 1985 fiscal years, (g) the proposed financial plan for fiscal years 1982 through 1985 is subject to review and approval by the Control Board and may be revised prior to approval, and (h) the State has not yet adopted legislation authorizing the take-over of local medicaid costs and no assurance can be given that legislation, if any, will result in the savings projected in the proposed plan, is accurate and not misleading in any material respect.

11. The information set forth in such section under the subheading "Litigation" in relation to (a) the 1981 Four Year Plan containing provisions for the settlement of judgments and claims, other than real estate tax certiorari proceedings, in the amount of $70 million in each of the 1981 through 1984 fiscal years, (b) numerous real estate tax certiorari proceedings presently pending against the City on grounds of alleged overvaluation of assessed property, inequality of assessments and illegality of assessments and the possible impact on the City of an adverse decision involving these issues, (c) the City has reported that as of June 30, 1980, the estimated potential exposure to the City in these proceedings could amount to approximately $1.6 billion, (d) provision in the 1981 Four Year Plan for
estimated adjustments for overpayments of real estate taxes
in amounts of approximately $40 million annually in the 1981
through 1984 fiscal years, and (e) remedial legislation with
respect to such liability and litigation challenging that
legislation, is accurate and not misleading in any material
respect.

12. The information set forth in such section under
the subheading "Litigation" with respect to (a) the pending
action challenging purchases of City bonds by the Teacher's
Retirement System, and (b) the action challenging the State
Department of Education's implementation of Federal regula-
tions regarding the public education of children with learn-
ing disabilities, and (c) the action challenging alleged dis-
criminatory practices of certain City retirement systems, is
accurate and not misleading in any material respect.

IN WITNESS WHEREOF, I have hereunto set my hand this
4th day of June, 1981.

4. The representations and warranties of the City in the Adherence Agreement are true and correct on and as of the date hereof as if made on and as of the date hereof.

5. No bonds or bond anticipation notes have been issued to fund expense items which were included in the City's capital budget for any Fiscal Year after Fiscal Year 1978 in excess of the amounts permitted under Section 6.13 of the Agreement to Guarantee; the amounts included are consistent with making substantial progress toward elimination of all such amounts from the City's capital budget for Fiscal Year 1982 and thereafter in accordance with Section 8.1.a of the New York State Financial Emergency Act for The City of New York, as amended.

6. The Monthly Financial Plan Statements for New York City (the "Monthly Statement") submitted to the Secretary pursuant to Section 6.7.2 of the Agreement to Guarantee and to the Control Board, is based on certain assumptions and methods of estimation concerning revenues, expenditures, cash flow
and other matters which are reasonable and appropriate for purposes of such report. The most recent Monthly Statement dated May 29, 1981 forecasts that Total Revenues of the City during the current Fiscal Year will be $14,204,000,000 and that the City will not incur a Deficit. Such Monthly Statement forecasts that seasonal borrowing of the City during the current Fiscal Year will aggregate $550,000,000, which is equal to 3.87% of such Total Revenues.

7. Although all forecasts are based on assumptions concerning future events which cannot be predicted with certainty, and no certification can be given that the forecasted results will in fact be achieved, the undersigned have no knowledge or notice of events subsequent to those addressed by such Monthly Statement which, in their judgment, if reflected in such Monthly Statement restated as of the date of this certificate, would result in a forecast for the current Fiscal Year of a Deficit in excess of 2% of Total Revenues or aggregate seasonal borrowings in excess of 9% of Total Revenues.

8. As used herein, the terms "Deficit" and "Total Revenues" have the meanings set forth in Section 3.7 of the Bond Purchase Agreement dated as of November 15, 1978, as amended, among the Corporation and the Purchasers listed on Schedule I thereto.

IN WITNESS WHEREOF, we have hereunto set our hands this 4th day of June, 1981.

THE CITY OF NEW YORK

Approved as to form:

Corporation Counsel

By
First Deputy Comptroller

Director of Management and Budget
NEW YORK STATE FINANCIAL CONTROL BOARD

Comer S. Coppie, the Executive Director of the New York State Financial Control Board (the "Control Board"), hereby certifies for and on behalf of the Control Board as follows:

1. On September 18, 1980, the Control Board approved a financial plan for the City and the covered organizations, as that term is defined in the New York State Financial Emergency Act for The City of New York, as amended (the "Act"), which it determined was consistent with applicable provisions of Section 8 of the Act and which covers Fiscal Year 1981 through Fiscal Year 1984. On October 2, 1980 and January 22, February 26, March 6, April 23, and June 4, 1981, the Control Board approved modifications to such financial plan and determined that such modifications were consistent with applicable provisions of Section 8 of the Act (such financial plan, as so modified, is hereafter referred to as the "Financial Plan"). A true and complete copy of the Financial Plan is attached hereto as Exhibit A.

2. The Financial Plan is based on certain assumptions and methods of estimation concerning revenues, expenditures, cash flow and other matters which the Control Board has determined are reasonable and appropriate for purposes of fulfilling its statutory obligations under the Act to review and approve or disapprove a financial plan and financial plan modifications. On the basis of such assumptions and methods of estimation, the Financial Plan currently projects that (a) Total Revenues of the City during the current Fiscal Year will be $14,204,000,000 and that the City will not incur a Deficit during the current Fiscal Year, and (b) actual and anticipated seasonal borrowings of the City during the current Fiscal Year will aggregate $550,000,000 which is equal to 3.87% of projected Total Revenues. As of June 4, 1981, the Control Board determined pursuant to its statutory obligations under the Act, that no further modification of the Financial Plan would then be required.
3. On the basis of audited financial reports of the City for Fiscal Years 1978, 1979 and 1980, in the judgment of the Control Board the City has made substantial progress in each of Fiscal Years 1979 and 1980 toward achieving a budget prepared and balanced so that the results thereof would not show a deficit when reported in Fiscal Year 1982 and thereafter in accordance with generally accepted accounting principles, subject to the provisions of Section 8.2-a of the Act.

4. In the judgment of the Control Board, the City is in substantial compliance with all outstanding orders of the Control Board.

5. The Control Board is not aware of any violation of the Act by the City which would substantially impair the ability of the City to adopt or maintain a budget balanced in accordance with the provisions of the Act during each of the Fiscal Years covered by the Financial Plan.

6. As used herein, the terms "Deficit" and "Total Revenues" have the meanings set forth in Section 3.7 of the Bond Purchase Agreement dated as of November 15, 1978 among the Municipal Assistance Corporation For The City of New York and the Purchasers named in Schedule I thereto.

IN WITNESS WHEREOF, I have hereunto set forth my hand this 4th day of June, 1981.

* Currently the subject of litigation in Federal and State courts.
** The effect of financing the 1981 deficit and meeting the working capital requirement in 1982 of $10.0 million could increase the projected gap and thus the gap closing actions for FY1982 by $46.3 million.
NEW YORK STATE FINANCIAL CONTROL BOARD

Comer S. Coppie, the Executive Director of the New York State Financial Control Board (the "Control Board"), hereby certifies for and on behalf of the Control Board as follows:

1. Reference is made to the financial plan for The City of New York (the "City") and the covered organizations, as that term is defined in the New York State Financial Emergency Act for The City of New York as amended (the "Covered Organizations"), covering Fiscal Years 1979 through 1982, as modified and in effect at the end of Fiscal Year 1979 (the "1979 financial plan").

2. Reference is made to the financial plan for the City and the Covered Organizations, covering Fiscal Years 1980 through 1983, as modified and in effect at the end of Fiscal Year 1980 (the "1980 financial plan").

3. Reference is made to the financial plan for the City and the Covered Organizations, covering Fiscal Years 1981 through 1984, which was approved by the Control Board on September 18, 1980. On October 2, 1980 and January 22, February 26, March 6, April 23, and June 4, 1981, the Control Board approved modifications to such financial plan (such financial plan, as so modified, is hereafter referred to as the "Financial Plan").

4. In the judgment of the Control Board:

   (i) borrowings during Fiscal Year 1979, as set forth on the borrowing schedule attached hereto as Exhibit A, were consistent with the projections of the City's seasonal and long-term borrowing requirements for such Fiscal Year as reflected in the 1979 financial plan;

   (ii) borrowings during Fiscal Year 1980, as set forth on the borrowing schedule attached hereto as Exhibit B, were consistent with the projections of the City's seasonal and long-term borrowing requirements for such Fiscal Year as reflected in the 1980 financial plan;
(iii) actual and projected borrowings during Fiscal Year 1981, as set forth on the borrowing schedule attached hereto as Exhibit C, are consistent with the projections of the City's seasonal and long-term borrowing requirements for such Fiscal Year as reflected in the Financial Plan; and

(iv) actual and projected borrowings, as set forth on the borrowing schedule attached hereto as Exhibit C, have been taken into consideration by the Control Board in determining that the cash flow projections included in the Financial Plan are based on reasonable and appropriate assumptions as to sources and uses of cash for the entire period covered by the Financial Plan.

IN WITNESS WHEREOF, I have hereunto set forth my hand this 4th day of June, 1981.

Mr. Steven J. Kantor, Treasurer
Municipal Assistance Corporation
for the City of New York
One World Trade Center, Suite 8901
New York, New York 10048

Re: $237,000,000 Municipal Assistance Corporation for the City of New York (A Public Benefit Corporation of the State of New York), $138,020,000 Series 29 Bonds, $98,980,000 Series 30 Bonds (Issued Pursuant to the Second General Bond Resolution), dated: June 1, 1981

Dear Mr. Kantor:

Pursuant to request for a Standard & Poor's rating on the above debt obligations, which are to be sold privately, we have reviewed the information furnished to us and have assigned a rating of "A" to the obligations.

These obligations have been rated on the basis of the information furnished to us, but not on any subsequently available information. A permanent record of this rating has been made in our files, but it will not be published as the issuer plans to place the obligations privately. Final documentation should be sent to us as soon as it is available. Should such documentation not be received by us within a reasonable amount of time after the closing, we reserve the right to nullify our rating.

In the event that this rating is disseminated to a third party or parties, it must be plainly indicated that S&P is not required to review or modify any private placement rating at a later date. Moreover, should the rating be published in a Bond Fund Prospectus, it must be footnoted "Private Placement Rating as of __________", with the date of this letter inserted therein.

We are pleased to have had the opportunity to be of service to you. Our bill will be sent in due course. If you have any questions, please contact us.

Very truly yours,

MUNICIPAL ACCOUNTING AND FINANCIAL REPORTING

Standard & Poor's Policy Statement

An integral part of Standard & Poor's municipal rating process is the timely receipt and analysis of financial statements certified by independent certified public accountants, or appropriate state or local auditing agencies. With the 1979 Restatement of Governmental Accounting and Financial Reporting by the National Council on Governmental Accounting (NCGA), GAAPFR for municipal purposes is recognized as GAAP, generally accepted accounting principles.

With the need for improved, timely and standardized financial accounting and reporting becoming increasingly evident to many of the participants in the municipal marketplace, including issuers, analysts, underwriters and investors, as well as the Congress and state legislatures, it is appropriate that S&P state its position on this subject.

Although S&P does not and cannot perform an audit function, S&P can and must take into account in its rating process the type and quality of reporting and accounting standards being used by the issuers under review.

All financial statements submitted to S&P, either in connection with a rating request for a bond sale or for a review, are expected to be prepared in accordance with Generally Accepted Accounting Principles (GAAP). Where legal requirements for recording transactions differ from GAAP, the accounting system employed should make provision for both, but in the preparation of general financial statements, GAAP must take precedence.

These statements should be independently audited, either by a certified public accounting firm, or by a qualified independent State or local agency, on a timely basis, i.e. no later than six months after the fiscal year-end. The audit should include the auditor's opinion, as well as comprehensive disclosure notes covering such items as a summary of significant accounting policies (fund accounting, encumbrances, reserves, investments, etc.), any departures from GAAP which materially impact results, status of pension plans, lease obligations if applicable, contingent liabilities (such as vacation and sick leave), and any pending litigation. Also, although not part of the audit itself, the auditor's management letter is an extremely useful document in that it may point out any weaknesses or deficiencies in financial and/or management controls. If such a management letter exists, it should be furnished to S&P; if none exists, a written statement to that effect should be furnished to S&P.

The standards of accounting employed refer to the point in time when revenues, expenditures/expenses, transfers and the relative assets and liabilities are recognized in the accounts and reported in the financial statements. They relate specifically to the timing of the measurements being made on either the cash or accrual method. Under the cash basis of accounting, revenues and transfers in are not recorded until cash is received, and expenditures or expenses and transfers out are recorded only when cash is disbursed.

Under the accrual basis of accounting, most transactions are recorded when they occur, regardless of when cash is received or disbursed. Items not practicably measurable until cash is received or disbursed are accounted for at that time in both commercial and governmental accounting, as may be items whose measurements would be approximately the same under either basis or which are immaterial.

The accrual basis is the superior method of accounting for the economic resources of any organization. It results in accounting measurements based on the substance of transactions and events, rather than merely when cash is received or disbursed, and thus enhances their relevance, objectivity, timeliness, completeness, and comparability. With this in mind, the use of the accrual basis to the fullest extent practicable in the government environment is preferred. The accrual basis is necessarily applied somewhat differently in the enterprise funds than in the general governmental funds where the modified accrual basis is used. However, the cash basis of accounting is not appropriate. The modified accrual basis has been extensively defined in the GAAPFR Restatement with the above standards.

To each of the Purchasers listed on Schedule I annexed hereto

Dear Sirs:

We have been requested by our client, Municipal Assistance Corporation For The City of New York, a corporate governmental agency and instrumentality of the State of New York constituting a public benefit corporation (the "Corporation"), to furnish you our opinion as to the matters herein set forth in connection with the issuance and sale by the Corporation of $237,000,000 aggregate principal amount of its Series 29 and 30 Bonds (the "Bonds") to you pursuant to the bond purchase agreement, dated as of November 15, 1973 (the "Agreement"), by and among the Corporation and each of you and certain other institutional purchasers, severally, as purchasers. Unless the context otherwise requires, all capitalized terms used herein have the same meaning ascribed to them in the Agreement.
In this connection, we have examined the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation For The City of New York Act, being Titles I, II and III of Article 10 of the Public Authorities Law, each as further amended (the "Act"), the New York State Financial Emergency Act For The City of New York, as amended (the "FCE Act"), the By-laws of the Corporation, records of its corporate proceedings, including the Second General Bond Resolution adopted by the Board of Directors of the Corporation on November 25, 1975 (the "Second Bond Resolution"), the Series 29 Resolution and the Series 30 Resolution each adopted by the Board of Directors of the Corporation on June 2, 1981 (the Second Bond Resolution and such Series Resolutions are herein collectively called the "Resolutions"), the Agreement and the schedules and exhibits annexed thereto, and have made such further examinations of law and fact as we considered necessary in order to form the opinions herein expressed.

Based on the foregoing, we are of the opinion that:

1. The Corporation is a corporate governmental agency and instrumentality of the State of New York (the "State") constituting a public benefit corporation, duly created by and validly existing under the
Act, with the right and power under the Act to execute and deliver and to perform its obligations under the Agreement and to adopt the Resolutions and to issue the Bonds thereunder.

2. The execution and delivery of, and the performance of the obligations under, the Agreement have been authorized by proper corporate proceedings of the Corporation and no other authorization for, or filing or recording of, the Agreement or the Bonds is required. The Agreement constitutes a valid and legally binding agreement of the Corporation enforceable in accordance with its terms, except as enforceability may be limited by applicable bankruptcy, moratorium, insolvency or similar laws validly enacted and applicable to the rights created pursuant to the Agreement. The Resolutions have been duly and lawfully adopted by the Corporation and are in full force and effect and are valid and legally binding upon the Corporation and enforceable in accordance with their terms, except as enforceability may be limited by bankruptcy, moratorium, insolvency or similar laws validly enacted and applicable to the rights of the holders of the Bonds, and no other authorization for, or filing or recording of, the Resolutions is required. Anything
in this opinion to the contrary notwithstanding, we express no opinion with respect to the State Covenant.

3. The Bonds have been duly authorized, executed, authenticated, issued and delivered and constitute valid, legally binding, direct and general obligations of the Corporation and are entitled to the benefits of the Resolutions, except as enforceability may be limited by bankruptcy, moratorium, insolvency or similar laws validly enacted and applicable to the rights of holders of the Bonds.

4. The execution, delivery and performance of the Agreement, the Bonds and the Resolutions under the circumstances contemplated by the Agreement and compliance with the provisions thereof, will not conflict with or constitute on the part of the Corporation a breach of, or a default under, any existing law, court or administrative regulation, decree, order, or any agreement, indenture, mortgage, lease or other instrument, in each such case of which we have knowledge, to which the Corporation is subject or by which it is bound.

5. To the best of our knowledge, there is no action, suit, proceeding or investigation before or by any court, any legislature or governmental official,
department, commission, board, bureau, agency, instrumentality or body or public benefit corporation, pending, or threatened, against the Corporation wherein an unfavorable decision, ruling or finding would (a) in any material respect impair the powers, limit the duties or shorten the duration of the Control Board, each as referred to in the State Covenant, (b) in any material respect limit the obligations of the City referred to in the State Covenant or contained in Section 9-a or 9-b of the FCB Act or the obligations of the City under the FCB Act to adopt and adhere to balanced budgets, to adopt and adhere to financial plans or to comply with orders of the Control Board, (c) declare the State Covenant or the Adherence Agreement invalid or unenforceable in whole or in material part, (d) in any other manner adversely affect provisions for or materially adversely affect sources for payment of the principal of or premium, if any, or interest on the Bonds as described in the Official Statement of the Corporation dated as of November 17, 1978 issued in connection with the execution of the Agreement, or (e) declare the Resolutions, the Act or the Corporation's obligations under the Bonds to be invalid or unenforceable in whole or in material part.
6. The issuance and delivery of the Bonds by the Corporation are exempt from registration under the Securities Act of 1933, as amended, pursuant to Section 3(a)(2) of such Act and there is no requirement for the qualification of the Resolutions or any indenture with respect to the Bonds pursuant to the Trust Indenture Act of 1939, as amended. The Bonds constitute "municipal securities" as such term is defined in the Securities Exchange Act of 1934, as amended.

All opinions rendered herein relating to the effect of the Constitution of the State, or state or local finance laws, upon the validity, binding effect or enforceability of the Resolutions or the Bonds are rendered in reliance upon the opinion of Hawkins, Delafield & Wood, Bond Counsel, of even date herewith addressed to the Corporation and delivered to you in accordance with the Agreement, and, although we have made no independent investigation with respect thereto, such opinion is in form and substance satisfactory to us, and we believe that you and we are justified in relying thereon.

Very truly yours,

New York, New York

Dear Sirs:

We have examined a record of proceedings relating to the issuance of $138,020,000 aggregate principal amount of Series 29 Bonds (the "Series 29 Bonds") of the Municipal Assistance Corporation For The City of New York (the "Corporation"), a corporate governmental agency and instrumentality of the State of New York (the "State") constituting a public benefit corporation, created and existing under and pursuant to the Constitution and statutes of the State, including the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the City of New York Act, being Titles I, II and III of Article 10 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State, as amended to the date hereof (the "Act").

The Series 29 Bonds are authorized and issued under and pursuant to the Act and the Second General Bond Resolution of the Corporation, adopted November 25, 1975, as amended and supplemented to the date hereof (the "Second General Bond Resolution"), and the Series 29 Resolution, adopted June 2, 1981 (the "Series Resolution"). Said resolutions are herein collectively called the "Resolutions".

The Series 29 Bonds are part of an issue of bonds of the Corporation (the "Bonds") which the Corporation has established and created under the terms of the Second General Bond Resolution and is authorized to issue from time to time for the corporate purposes of the Corporation authorized by the Act, as then in effect and without limitation as to amount except as provided in the Resolutions and certain agreements of the Corporation or as may be limited by law. The Corporation has covenanted with the holders of certain bonds of the Corporation and with certain others to limit the issuance of additional bonds. The Series 29 Bonds are being issued for purposes set forth in the Resolutions.
The Corporation is authorized to issue Bonds, in addition to the Series 29 Bonds, only upon the terms and conditions set forth in the Second General Bond Resolution and such Bonds, when issued, shall with the Series 29 Bonds and with all other such Bonds theretofore issued, be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Second General Bond Resolution.

The Series 29 Bonds are dated June 1, 1981 except as otherwise provided in the Resolutions with respect to fully registered Series 29 Bonds, will mature on July 1, 2000 and will bear interest payable January 1, 1982 and semi-annually thereafter on July 1 and January 1 in each year at the rate of eleven and three-eighths per centum (11 3/8%) per annum.

The Series 29 Bonds are issued either in coupon form in the denomination of $5,000 or $100,000, registrable as to principal only, or in fully registered form without coupons in the denomination of $5,000 or an integral multiple thereof. Coupon and fully registered Series 29 Bonds are interchangeable as provided in the Resolutions. Coupon Series 29 Bonds in the denomination of $5,000 are numbered 29-00-, coupon Series 29 Bonds in the denomination of $100,000 are numbered and lettered 29C-00- and fully registered Series 29 Bonds are numbered and lettered 29R-00-, followed, in each case, by the number of the Series 29 Bonds. Coupon Series 29 Bonds and fully registered Series 29 Bonds are numbered consecutively from one upward in order of issuance.

The Series 29 Bonds are subject to redemption, commencing on July 1, 1983 and on each July 1 thereafter prior to maturity, in part, as provided in the Resolutions, by operation of the Bond Service Fund through application of Sinking Fund Instalments as defined in the Second General Bond Resolution in the amounts set forth in the Series Resolution, at the redemption price of 100% of the principal amount of each Series 29 Bond or portion thereof to be redeemed, plus accrued interest, if any, to the date of redemption.

In addition, the Series 29 Bonds are subject to redemption at the election of the Corporation on and after July 1, 1991, as a whole on any date or in part, by lot, on any interest payment date, at the redemption prices (expressed as percentages of the principal amount), plus accrued interest, if any, to the date of redemption, as set forth in the Series Resolution.
Chapters 168, 169, 868 and 870 of the Laws of 1975, as amended to the date hereof, each enacted by the People of the State, represented in Senate and Assembly of the State and signed into law by the Governor of the State (the "Enabling Legislation") provide for, among other things, the insertion of the Act in the Public Authorities Law, creating the Corporation as aforesaid, adding a new section 92-e to Article 6 of the State Finance Law, constituting Chapter 56 of such Consolidated Laws, establishing a municipal assistance aid fund (the "Aid Assistance Fund") and a special account for the Corporation within the Aid Assistance Fund (the "Special Aid Account"), amending section 54 of the State Finance Law to provide for the apportionment and payment into the Special Aid Account of amounts of per capita aid appropriated by the Legislature of the State and otherwise payable out of the General Fund of the State to The City of New York, New York ("The City") thereunder subject to payments being made as follows: (i) any amounts required to be paid to the City University Construction Fund pursuant to the City University Construction Fund Act, Article 125-B of the Education Law, constituting Chapter 16 of such Consolidated Laws; (ii) any amounts required to be paid to the New York City Housing Development Corporation pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law, constituting Chapter 41 of such Consolidated Laws; (iii) any amounts required to be paid by The City to the New York City Transit Authority pursuant to the provisions of Chapter seven of the laws of the State of nineteen hundred seventy-two; (iv) any amounts required to be paid by The City to the State to repay an advance made in nineteen hundred seventy-four to subsidize the fare of the New York City Transit Authority; and (v) five hundred thousand dollars to the chief fiscal officer of The City for payment to the trustees of the police pension fund of such City pursuant to the provisions of paragraph e of subdivision 7 of such section 54 of the State Finance Law, suspending the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes pursuant to sections 1210 and 1212-A of Article 29 of the Tax Law, constituting Chapter 60 of such Consolidated Laws, and the taxes imposed pursuant to said sections, until all notes and bonds of the Corporation, including the Series 29 Bonds, and interest thereon have been fully paid and discharged, adding a new section 92-d to Article 6 of the State Finance Law establishing a municipal assistance tax fund (the "Tax Assistance Fund") and a special account for the Corporation within the Tax Assistance Fund (the "Special Tax Account"), and adding a new section 1107 to Article 28 of said Tax Law imposing sales and compensating use taxes in The City at a rate of four percent (4%) on certain items therein described and at a rate of six percent (6%) on the sale of certain parking services (the "Sales Tax"), the revenues derived from which, less such amounts as
the Commissioner of Taxation and Finance determines to be necessary for reasonable costs in administering, collecting and distributing such taxes, are required to be paid into the Special Tax Account, together with, after deducting such costs, such amounts as may be required under the Enabling Legislation to be transferred from the Stock Transfer Tax Fund established by section 92-b of Article 6 of said State Finance Law, into which the revenues derived from a tax imposed by Article 12 of the Tax Law (the "Stock Transfer Tax") are deposited.

We are of the opinion that:

1. The Corporation is duly created and validly exists as a corporate governmental agency and instrumentality of the State constituting a public benefit corporation under the laws of the State, including the Constitution of the State and the Act, with the good right and lawful authority and power to adopt the Resolutions, to issue the Bonds including the Series 29 Bonds thereunder, and to perform the obligations and covenants contained in the Resolutions and the Series 29 Bonds. Under the laws of the State, including the Constitution of the State, and under the Constitution of the United States, the Enabling Legislation, including the Act, is valid with respect to all provisions thereof material to the subject matters of this opinion letter.

2. The Series Resolution has been duly and lawfully adopted in accordance with the provisions of the Second General Bond Resolution and is authorized and permitted by the Second General Bond Resolution. The Resolutions have been duly and lawfully adopted by the Corporation and both are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms, except for the covenant on behalf of the State required to be set forth in each Series 29 Bond pursuant to Chapter 201 of the Laws of New York of 1978 (the "State Covenant") as to which a separate opinion has been rendered on the date hereof, and no other authorization for the Resolutions is required. The Resolutions create the valid pledge and lien which they purport to create of the revenues, moneys, securities and funds held or set aside under the Resolutions, subject only to the application thereof to the purposes and on the conditions permitted by the Resolutions. The lien created by the Resolutions on such revenues, moneys, securities and funds in the Bond Service Fund and Capital Reserve Fund is and will be prior to all other liens thereon. All revenues, moneys and securities, as and when received, in the Bond Service Fund and the Capital Reserve Fund in accordance with the Resolutions, will be validly subject to the pledge and lien created by the Resolutions.
3. The Series 29 Bonds have been duly and validly authorized and issued by the Corporation in accordance with the laws of the State, including the Constitution of the State and the Act, and in accordance with the Resolutions. The Series 29 Bonds are valid and binding general obligations of the Corporation payable as provided in the Resolutions, are enforceable in accordance with their terms, respectively, and the terms of the Resolutions, except as the enforceability thereof may be limited by bankruptcy, insolvency or similar laws validly enacted affecting creditors' rights or remedies generally, and, except as otherwise set forth with respect to the State Covenant as to which a separate opinion has been rendered as aforesaid, are entitled, together with additional Bonds issued under the Second General Bond Resolution, to the equal benefit, protection and security of the provisions, covenants and obligations of the Second General Bond Resolution and of the Act.

4. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenanted that the Chairman of the Corporation shall annually, on or before December 1, make and deliver to the Governor and Director of the Budget of the State his certificate stating such sum, if any, as shall be necessary to restore the amount in such Capital Reserve Fund to an amount equal to the Capital Reserve Fund requirement under the Second General Bond Resolution. Subdivision 3 of Section 3036-a of the Act providing for the appropriation and payment to the Corporation for deposit in the Capital Reserve Fund of such sum as shall be so certified by the Chairman, does not constitute an enforceable obligation or debt of the State, the amount of such sum being subject to annual appropriation for such purpose by the Legislature of the State, which is empowered, but is not bound or obligated, to appropriate such amount.

5. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenanted that the Chairman of the Corporation shall certify to the State Comptroller and the Mayor of the City, the amounts required, pursuant to subdivision 1 of Section 3036 and of Section 3036-a of the Act, for deposit in the funds established by the Second General Bond Resolution at the time or times and in the manner provided therein, including the amounts required for deposit in the Bond Service Fund to pay all interest and all principal and redemption premium, if any, on bonds maturing or otherwise coming due and for deposit in the Capital Reserve Fund to maintain such Fund at such Capital Reserve Fund requirement. Said subdivisions provide for the State Comptroller to pay such amounts to the Corporation for deposit as aforesaid, the source of such payments being the Aid Assistance Fund into which is
paid such per capita aid, subject to certain prior claims as described above, and, to the extent required, subject to the prior claim of the holders of obligations of the Corporation issued or to be issued pursuant to the First General Bond Resolution (as such term is defined in the Second General Bond Resolution), the Tax Assistance Fund into which is paid the Sales Tax, and to the extent required, out of the Stock Transfer Tax Fund, the Stock Transfer Tax. The amount of per capita aid payable to The City and available for apportionment and payment from the General Fund of the State treasury and of such payments out of the Aid and Tax Assistance Funds to the Corporation are subject to annual appropriation for such purposes by the Legislature of the State which is empowered, but is not bound or obligated, to appropriate any such amounts so certified by the Chairman, as aforesaid.

6. The Series 29 Bonds do not constitute a debt either of the State or of The City, and neither the State nor The City shall be liable thereon, nor shall the Series 29 Bonds be payable out of any funds other than those of the Corporation.

7. The State has the good right and lawful authority:

(a) to provide for the appropriation of, and at least annually to appropriate out of the General Fund of the State amounts for the purpose of per capita aid and to provide, with respect to certain amounts of such per capita aid payable to The City in accordance with the provisions of section 54 of the State Finance Law, for the apportionment and payment into the Special Aid Account, of amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make any, or maintain any level of, such appropriation of per capita aid or to continue such procedure for apportionment and payment of such aid;

(b) to provide for the appropriation of, and at least annually to appropriate to, the Corporation, from the Special Tax Account and from the Stock Transfer Tax Fund, amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make such appropriations;

(c) to suspend the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes and the taxes levied thereunder, in accordance with the Enabling Legislation;
(d) to impose and to increase or decrease the Sales Tax and the Stock Transfer Tax but the State is not bound or obligated to continue the imposition of said taxes; and

(e) to establish the Aid Assistance Fund and the Special Aid Account within the Aid Assistance Fund, the Stock Transfer Tax Fund, the Tax Assistance Fund and the Special Tax Account within the Tax Assistance Fund but the State is not bound or obligated to maintain the existence of said funds or accounts.

8. The Corporation, the holders of the Bonds, holders of any evidence of indebtedness of the Corporation or the holders of bonds or notes of The City do not have or will they have a lien on the per capita aid referred to hereinbefore or the Stock Transfer Tax or the Stock Transfer Tax Fund, the Sales Tax, or the Special Accounts for the Corporation in the Aid and Tax Assistance Funds. We are further of the opinion that, in any suit, action or other proceeding (whether under Chapter 9 of the Federal Bankruptcy Act or otherwise) wherein a creditor of The City or The City seeks to assert a right to any such Taxes, such Stock Transfer Tax Fund or such Special Accounts superior or equal to the rights of holders of bonds issued under the Second General Bond Resolution, neither The City nor such creditor will prevail in the court of final jurisdiction.

9. Under existing law, upon any failure of the State Legislature to make required appropriations for State debt obligations or upon the establishment of a note repayment account pursuant to Section 55 of the State Finance Law, moneys on deposit in the Stock Transfer Tax Fund and the Tax Assistance Fund, including the Special Tax Account therein (each such account or fund as presently constituted being a special fund of the State), would not constitute revenues applicable to the General Fund of the State and hence neither Article 7, Section 16 of the State Constitution nor said Section 55 authorizes or mandates such moneys to be set apart by the State Comptroller either for the payment of State obligations or for deposit into such note repayment account. We are further of the opinion that, under existing law, collections of the Sales Tax and the Stock Transfer Tax which are to be deposited into the Special Tax Account and the Stock Transfer Tax Fund, do not constitute revenues applicable to the General Fund of the State and hence such collections would likewise not be authorized or mandated to be set apart or applied by the State Comptroller either for the payment of the State obligations or for deposit into such note repayment account. Per capita aid is, under existing law, derived from the General Fund of the State and hence, in the event of a failure to appropriate as above described, revenues of the State, otherwise applicable to the General Fund and therefore available for appropriation as per capita aid will be subject to being set apart, or applied as aforesaid.
10. Under existing statutes and court decisions, interest on the Series 29 Bonds is exempt from Federal income taxes and shall at all times be free from New York State and New York City personal income taxes.

11. No registration with, consent of, or approval by any governmental agency or commission is necessary for the execution and delivery and the issuance of the Series 29 Bonds.

12. The adoption and performance of, and compliance with, all of the terms and conditions of the Resolutions and the Series 29 Bonds, and the execution and delivery of the Series 29 Bonds, will not result in a violation of or be in conflict with any term or provision of any existing law.

We have examined the executed Series 29 Bond numbered 29R-00-1 and, in our opinion, the form of said Bond and its execution are regular and proper.

Very truly yours,

Municipal Assistance Corporation
For The City of New York
New York, New York

Dear Sirs:

We have examined a record of proceedings relating to the issuance of $98,980,000 aggregate principal amount of Series 30 Bonds (the "Series 30 Bonds") of the Municipal Assistance Corporation For The City of New York (the "Corporation"), a corporate governmental agency and instrumentality of the State of New York (the "State") constituting a public benefit corporation, created and existing under and pursuant to the Constitution and statutes of the State, including the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the City of New York Act, being Titles I, II and III of Article 10 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State, as amended to the date hereof (the "Act").

The Series 30 Bonds are authorized and issued under and pursuant to the Act and the Second General Bond Resolution of the Corporation, adopted November 25, 1975, as amended and supplemented to the date hereof (the "Second General Bond Resolution"), and the Series 30 Resolution, adopted June 2, 1981 (the "Series Resolution"). Said resolutions are herein collectively called the "Resolutions".

The Series 30 Bonds are part of an issue of bonds of the Corporation (the "Bonds") which the Corporation has established and created under the terms of the Second General Bond Resolution and is authorized to issue from time to time for the corporate purposes of the Corporation authorized by the Act, as then in effect and without limitation as to amount except as provided in the Resolutions and certain agreements of the Corporation or as may be limited by law. The Corporation has covenanted with the holders of certain bonds of the Corporation and with certain others to limit the issuance of additional bonds. The Series 30 Bonds are being issued for purposes set forth in the Resolutions.
The Corporation is authorized to issue Bonds, in addition to the Series 30 Bonds, only upon the terms and conditions set forth in the Second General Bond Resolution and such Bonds, when issued, shall with the Series 30 Bonds and with all other such Bonds theretofore issued, be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Second General Bond Resolution.

The Series 30 Bonds are dated June 1, 1981 except as otherwise provided in the Resolutions with respect to fully registered Series 30 Bonds, will mature on July 1, 2000 and will bear interest payable January 1, 1982 and semi-annually thereafter on July 1 and January 1 in each year at the rate of eleven and three-eighths per centum (11 3/8%) per annum.

The Series 30 Bonds are issued either in coupon form in the denomination of $5,000 or $100,000, registrable as to principal only, or in fully registered form without coupons in the denomination of $5,000 or an integral multiple thereof. Coupon and fully registered Series 30 Bonds are interchangeable as provided in the Resolutions. Coupon Series 30 Bonds in the denomination of $5,000 are numbered 30-00- , coupon Series 30 Bonds in the denomination of $100,000 are numbered and lettered 30C-00- , and fully registered Series 30 Bonds are numbered and lettered 30R-00- , followed, in each case, by the number of the Series 30 Bonds. Coupon Series 30 Bonds and fully registered Series 30 Bonds are numbered consecutively from one upward in order of issuance.

The Series 30 Bonds are subject to redemption, commencing on July 1, 1983 and on each July 1 thereafter prior to maturity, in part, as provided in the Resolutions, by operation of the Bond Service Fund through application of Sinking Fund Instalments as defined in the Second General Bond Resolution in the amounts set forth in the Series Resolution, at the redemption price of 100% of the principal amount of each Series 30 Bond or portion thereof to be redeemed, plus accrued interest, if any, to the date of redemption.

In addition, the Series 30 Bonds are subject to redemption at the election of the Corporation on and after July 1, 1991, as a whole on any date or in part, by lot, on any interest payment date, at the redemption prices (expressed as percentages of the principal amount), plus accrued interest, if any, to the date of redemption, as set forth in the Series Resolution.
Chapters 168, 169, 868 and 870 of the Laws of 1975, as amended to the date hereof, each enacted by the People of the State, represented in Senate and Assembly of the State and signed into law by the Governor of the State (the "Enabling Legislation") provide for, among other things, the insertion of the Act in the Public Authorities Law, creating the Corporation as aforesaid, adding a new section 92-e to Article 6 of the State Finance Law, constituting Chapter 56 of such Consolidated Laws, establishing a municipal assistance aid fund (the "Aid Assistance Fund") and a special account for the Corporation within the Aid Assistance Fund (the "Special Aid Account"), amending section 54 of the State Finance Law to provide for the apportionment and payment into the Special Aid Account of amounts of per capita aid appropriated by the Legislature of the State and otherwise payable out of the General Fund of the State to The City of New York, New York ("The City") thereunder subject to payments being made as follows: (i) any amounts required to be paid to the City University Construction Fund pursuant to the City University Construction Fund Act, Article 125-8 of the Education Law, constituting Chapter 16 of such Consolidated Laws; (ii) any amounts required to be paid to the New York City Housing Development Corporation pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law, constituting Chapter 41 of such Consolidated Laws; (iii) any amounts required to be paid by The City to the New York City Transit Authority pursuant to the provisions of Chapter seven of the laws of the State of nineteen hundred seventy-two; (iv) any amounts required to be paid by The City to the State to repay an advance made in nineteen hundred seventy-four to subsidize the fare of the New York City Transit Authority; and (v) five hundred thousand dollars to the chief fiscal officer of The City for payment to the trustees of the police pension fund of such City pursuant to the provisions of paragraph e of subdivision 7 of such section 54 of the State Finance Law, suspending the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes pursuant to sections 1210 and 1212-A of Article 29 of the Tax Law, constituting Chapter 60 of such Consolidated Laws, and the taxes imposed pursuant to said sections, until all notes and bonds of the Corporation, including the Series 30 Bonds, and interest thereon have been fully paid and discharged, adding a new section 92-d to Article 6 of the State Finance Law establishing a municipal assistance tax fund (the "Tax Assistance Fund") and a special account for the Corporation within the Tax Assistance Fund (the "Special Tax Account"), and adding a new section 1107 to Article 28 of said Tax Law imposing sales and compensating use taxes in The City at a rate of four percent (4%) on certain items therein described and at a rate of six percent (6%) on the sale of certain parking services (the "Sales Tax"), the revenue derived from which, less such amounts as
the Commissioner of Taxation and Finance determines to be necessary for reasonable costs in administering, collecting and distributing such taxes, are required to be paid into the Special Tax Account, together with, after deducting such costs, such amounts as may be required under the Enabling Legislation to be transferred from the Stock Transfer Tax Fund established by section 92-b of Article 6 of said State Finance Law, into which the revenues derived from a tax imposed by Article 12 of the Tax Law (the "Stock Transfer Tax") are deposited.

We are of the opinion that:

1. The Corporation is duly created and validly exists as a corporate governmental agency and instrumentality of the State constituting a public benefit corporation under the laws of the State, including the Constitution of the State and the Act, with the good right and lawful authority and power to adopt the Resolutions, to issue the Bonds including the Series 30 Bonds thereunder, and to perform the obligations and covenants contained in the Resolutions and the Series 30 Bonds. Under the laws of the State, including the Constitution of the State, and under the Constitution of the United States, the Enabling Legislation, including the Act, is valid with respect to all provisions thereof material to the subject matters of this opinion letter.

2. The Series Resolution has been duly and lawfully adopted in accordance with the provisions of the Second General Bond Resolution and is authorized and permitted by the Second General Bond Resolution. The Resolutions have been duly and lawfully adopted by the Corporation and both are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms, except for the covenant on behalf of the State required to be set forth in each Series 30 Bond pursuant to Chapter 201 of the Laws of New York of 1978 (the "State Covenant") as to which a separate opinion has been rendered on the date hereof, and no other authorization for the Resolutions is required. The Resolutions create the valid pledge and lien which they purport to create of the revenues, moneys, securities and funds held or set aside under the Resolutions, subject only to the application thereof to the purposes and on the conditions permitted by the Resolutions. The lien created by the Resolutions on such revenues, moneys, securities and funds in the Bond Service Fund and Capital Reserve Fund is and will be prior to all other liens thereon. All revenues, moneys and securities, as and when received, in the Bond Service Fund and the Capital Reserve Fund in accordance with the Resolutions, will be validly subject to the pledge and lien created by the Resolutions.
3. The Series 30 Bonds have been duly and validly authorized and issued by the Corporation in accordance with the laws of the State, including the Constitution of the State and the Act, and in accordance with the Resolutions. The Series 30 Bonds are valid and binding general obligations of the Corporation payable as provided in the Resolutions, are enforceable in accordance with their terms, respectively, and the terms of the Resolutions, except as the enforceability thereof may be limited by bankruptcy, insolvency or similar laws validly enacted affecting creditors' rights or remedies generally, and, except as otherwise set forth with respect to the State Covenant as to which a separate opinion has been rendered as aforesaid, are entitled, together with additional Bonds issued under the Second General Bond Resolution, to the equal benefit, protection and security of the provisions, covenants and obligations of the Second General Bond Resolution and of the Act.

4. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenantated that the Chairman of the Corporation shall annually, on or before December 1, make and deliver to the Governor and Director of the Budget of the State his certificate stating such sum, if any, as shall be necessary to restore the amount in such Capital Reserve Fund to an amount equal to the Capital Reserve Fund requirement under the Second General Bond Resolution. Subdivision 3 of Section 3036-a of the Act providing for the appropriation and payment to the Corporation for deposit in the Capital Reserve Fund of such sum as shall be so certified by the Chairman, does not constitute an enforceable obligation or debt of the State, the amount of such sum being subject to annual appropriation for such purpose by the Legislature of the State, which is empowered, but is not bound or obligated, to appropriate such amount.

5. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenantated that the Chairman of the Corporation shall certify to the State Comptroller and the Mayor of The City, the amounts required, pursuant to subdivision 1 of Section 3036 and of Section 3036-a of the Act, for deposit in the funds established by the Second General Bond Resolution at the time or times and in the manner provided therein, including the amounts required for deposit in the Bond Service Fund to pay all interest and all principal and redemption premium, if any, on bonds maturing or otherwise coming due and for deposit in the Capital Reserve Fund to maintain such Fund at such Capital Reserve Fund requirement. Said subdivisions provide for the State Comptroller to pay such amounts to the Corporation for deposit as aforesaid, the source of such payments being the Aid Assistance Fund into which is
paid such per capita aid, subject to certain prior claims as described above, and, to the extent required, subject to the prior claim of the holders of obligations of the Corporation issued or to be issued pursuant to the First General Bond Resolution (as such term is defined in the Second General Bond Resolution), the Tax Assistance Fund into which is paid the Sales Tax, and to the extent required, out of the Stock Transfer Tax Fund, the Stock Transfer Tax. The amount of per capita aid payable to The City and available for apportionment and payment from the General Fund of the State treasury and of such payments out of the Aid and Tax Assistance Funds to the Corporation are subject to annual appropriation for such purposes by the Legislature of the State which is empowered, but is not bound or obligated, to appropriate any such amounts so certified by the Chairman, as aforesaid.

6. The Series 30 Bonds do not constitute a debt either of the State or of The City, and neither the State nor The City shall be liable thereon, nor shall the Series 30 Bonds be payable out of any funds other than those of the Corporation.

7. The State has the good right and lawful authority:

(a) to provide for the appropriation of, and at least annually to appropriate out of the General Fund of the State amounts for the purpose of per capita aid and to provide, with respect to certain amounts of such per capita aid payable to The City in accordance with the provisions of section 54 of the State Finance Law, for the apportionment and payment into the Special Aid Account, of amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make any, or maintain any level of, such appropriation of per capita aid or to continue such procedure for apportionment and payment of such aid;

(b) to provide for the appropriation of, and at least annually to appropriate to, the Corporation, from the Special Tax Account and from the Stock Transfer Tax Fund, amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make such appropriations;

(c) to suspend the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes and the taxes levied thereunder, in accordance with the Enabling Legislation;
(d) to impose and to increase or decrease the Sales Tax and the Stock Transfer Tax but the State is not bound or obligated to continue the imposition of said taxes; and

(e) to establish the Aid Assistance Fund and the Special Aid Account within the Aid Assistance Fund, the Stock Transfer Tax Fund, the Tax Assistance Fund and the Special Tax Account within the Tax Assistance Fund but the State is not bound or obligated to maintain the existence of said funds or accounts.

8. The Corporation, the holders of the Bonds, holders of any evidence of indebtedness of the Corporation or the holders of bonds or notes of The City do not have or will they have a lien on the per capita aid referred to hereinbefore or the Stock Transfer Tax or the Stock Transfer Tax Fund, the Sales Tax, or the Special Accounts for the Corporation in the Aid and Tax Assistance Funds. We are further of the opinion that, in any suit, action or other proceeding (whether under Chapter 9 of the Federal Bankruptcy Act or otherwise) wherein a creditor of The City or The City seeks to assert a right to any such Taxes, such Stock Transfer Tax Fund or such Special Accounts superior or equal to the rights of holders of bonds issued under the Second General Bond Resolution, neither The City nor such creditor will prevail in the court of final jurisdiction.

9. Under existing law, upon any failure of the State Legislature to make required appropriations for State debt obligations or upon the establishment of a note repayment account pursuant to Section 55 of the State Finance Law, moneys on deposit in the Stock Transfer Tax Fund and the Tax Assistance Fund, including the Special Tax Account therein (each such account or fund as presently constituted being a special fund of the State), would not constitute revenues applicable to the General Fund of the State and hence neither Article 7, Section 16 of the State Constitution nor said Section 55 authorizes or mandates such moneys to be set apart by the State Comptroller either for the payment of State obligations or for deposit into such note repayment account. We are further of the opinion that, under existing law, collections of the Sales Tax and the Stock Transfer Tax which are to be deposited into the Special Tax Account and the Stock Transfer Tax Fund, do not constitute revenues applicable to the General Fund of the State and hence such collections would likewise not be authorized or mandated to be set apart or applied by the State Comptroller either for the payment of the State obligations or for deposit into such note repayment account. Per capita aid is, under existing law, derived from the General Fund of the State and hence, in the event of a failure to appropriate as above described, revenues of the State, otherwise applicable to the General Fund and therefore available for appropriation as per capita aid will be subject to being set apart, or applied as aforesaid.
10. Under existing statutes and court decisions, interest on the Series 30 Bonds is exempt from Federal income taxes and shall at all times be free from New York State and New York City personal income taxes.

11. No registration with, consent of, or approval by any governmental agency or commission is necessary for the execution and delivery and the issuance of the Series 30 Bonds.

12. The adoption and performance of, and compliance with, all of the terms and conditions of the Resolutions and the Series 30 Bonds, and the execution and delivery of the Series 30 Bonds, will not result in a violation of or be in conflict with any term or provision of any existing law.

We have examined the executed Series 30 Bond numbered 30R-00-1 and, in our opinion, the form of said Bond and its execution are regular and proper.

Very truly yours,

Municipal Assistance Corporation
For the City of New York, each
adopted June 2, 1981

Gentlemen:

We are bond counsel to the Municipal Assistance
Corporation For The City of New York (the "Corporation") and
have this day delivered to such Corporation opinions dated the
date hereof with respect to the issuance of the Series 29 and
Series 30 Bonds of the Corporation, an opinion dated the date
hereof with respect to an arbitrage certificate of the Corpora-
tion of even date herewith and an opinion dated the date
hereof as to the validity of the New York State Financial
Emergency Act For The City of New York and a certain covenant
of the State of New York, copies of which are annexed hereto.

We are further of the opinion that the Bond Purchase

Corporation and the Purchasers named in Schedule I thereto, as
amended, has been duly authorized, executed and delivered by,
and constitutes a binding agreement of, the Corporation,
enforceable against the Corporation, in accordance with its
terms.

For The City of New York
New York, New York

Gentlemen:

We have reviewed the accompanying arbitrage certificate of Mr. Steven J. Kantor, Treasurer of the Municipal Assistance Corporation For The City of New York (herein called the "Corporation") relating to the reasonable expectation as of the date of issuance of the Corporation's Series 29 Bonds and Series 30 Bonds, dated June 1, 1981 (herein called the "Bonds"), that the proceeds of the Bonds will not be used in a manner that would cause the Bonds to be "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended to the date hereof.

Based upon our examination of law and review of such certification, it is our opinion that the facts, estimates and circumstances set forth in such certification are sufficient to satisfy the criteria which are necessary under said Section 103(c) and Sections 1.103-13, 1.103-14 and 1.103-15 of the regulations thereunder to support the conclusion that the Bonds will not be "arbitrage bonds" within the meaning of said Section of the Code. No matters have come to our attention which, in our opinion, makes unreasonable or incorrect the representations made in such certification.

Very truly yours,

Gentlemen:

You have requested our opinion as to (i) the validity of the New York State Financial Emergency Act For The City of New York (Chapter 868 of the Laws of New York of 1975) as amended to the date hereof (the "Act") and (ii) the enforceability by a holder of obligations of the Municipal Assistance Corporation For The City of New York (the "Corporation") of the covenant of the State of New York authorized and required to be included in certain of such obligations pursuant to Section 10-a of the Act (the "State Covenant") assuming the State Covenant is included in such obligation.

Although the matter is not free from doubt, we are of the opinion that a court of final jurisdiction would hold:

1. That the Act has been duly enacted, and under the Constitution and laws of the State, is valid; provided, however, that we expressed no opinion with respect to those portions of the Act relating to collective bargaining.

2. That the State Covenant is enforceable against the State by any holder of an obligation of the Corporation reciting the State Covenant, provided that the court in which enforcement is sought holds that its inclusion in such obligation constitutes an important security provision of such obligation.

The foregoing is limited to the extent that the enforceability of the Act or any part thereof is subject at all times to the proper exercise of the State's reserve police power.

Very truly yours,

MR. FELIX G. ROHATYN
Chairman
Municipal Assistance Corporation
For the City of New York
New York, New York

Dear Mr. Rohatyn:

This is to acknowledge receipt of your letter of June 1, 1981, relating to the authorization, sale and issuance of the Series 29 and 30 Bonds, dated June 1, 1981, in the aggregate principal amount of $237,000,000 (herein called the "Series 29 and 30 Bonds") by the Municipal Assistance Corporation For the City of New York (herein called the "Corporation") to the Purchasers named in Schedule I (herein called the "Purchasers") to the Bond Purchase Agreement, dated as of November 15, 1978, between the Purchasers and the Corporation (herein called the "Bond Purchase Agreement").

I have examined the pertinent provisions of the Constitution and statutes of the State of New York.

Based on the foregoing, it is my opinion that:

1. The Corporation is a corporate governmental agency and instrumentality of the State constituting a public benefit corporation, created pursuant to Chapters 168 and 169 of the Laws of 1975, as amended by Chapters 863, 870, 874, 875, 889 and 891 of the Laws of 1975, by Chapters 135 and 456 of the Laws of 1977, by Chapters 201, 466 and 777 of the Laws of 1978 and by Chapters 561 and 562 of the Laws of 1980 (herein referred to as the "Acts"). The passage of these Acts conforms to the provisions of Article III, Section 14 and, where applicable, Article IX, Section 2 of the Constitution of the State of New York. I conclude, therefore, that they have been validly enacted and have become law in accordance with the Constitution and laws of the State of New York and are in full force and effect.
2. The Acts, among other things, establish a municipal assistance aid fund (the "Aid Assistance Fund") and a special account for the Corporation within the Aid Assistance Fund (the "Special Aid Account"), amending section 54 of the State Finance Law to provide for the apportionment and payment into the Special Aid Account of amounts of per capita aid appropriated by the Legislature and otherwise payable out of the General Fund of the State to the City of New York, New York ("The City") subject to payments being made as follows: (i) any amounts required to be paid to the City University Construction Fund pursuant to the City University Construction Fund Act, Article 125-B of the Education Law; (ii) any amounts required to be paid to the New York City Housing Development Corporation pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law; (iii) any amounts required to be paid by The City to the New York City Transit Authority pursuant to the provisions of Chapter 7 of the Laws of 1972; (iv) any amounts required to be paid by The City to the State to repay an advance made in 1974 to subsidize the fares of the New York City Transit Authority; (v) five hundred thousand dollars to the chief fiscal officer of The City for payment to the trustees of the police pension fund of such City pursuant to the provisions of subdivision 7 of such section 54 of the State Finance Law; and (vi) eighty million dollars to the special account ("Special Tax Account") for the Corporation in the municipal assistance tax fund ("Tax Assistance Fund") created pursuant to section 92-d of the State Finance Law to the extent that such amount has been included by the Corporation in any computation for the issuance of bonds on a parity with outstanding bonds pursuant to a contract with the holders of such bonds prior to the issuance of any other bonds secured by payments from the Aid Assistance Fund.

3. Subdivision 6 of Section 3036-a of the Public Authorities Law as added by the Acts provides that the Corporation shall create the Bond Service Fund. Subdivision 1 of such section provides that not less than one hundred and twenty days before the beginning of each fiscal year of the Corporation, the Chairman shall certify to the State Comptroller and Mayor of The City a schedule setting forth the cash requirements of the Corporation, including the amounts required to be deposited in the Bond Service Fund to pay all interest and all payments of principal and redemption premium, if any, on notes and bonds payable from the sources set forth in this paragraph and maturing or otherwise coming due during such fiscal year. Said subdivision provides for the State Comptroller to pay such amounts to the Corporation for deposit in the Bond Service Fund, the source of such payments being the Aid Assistance Fund into which is paid the above described per capita aid, subject to certain prior claims as described in paragraph "2" above, and subject to agreements with holders of outstanding bonds and notes of the Corporation, the Special Tax Account established for the Corporation in the Tax

2
Assistance Fund created pursuant to Section 92-d of the State Finance Law and consisting of the revenues derived from the imposition of Municipal Assistance Sales and Compensating Use Tax for The City and any amount transferred to the Tax Assistance Fund from the Stock Transfer Tax Fund pursuant to Section 92-b of the State Finance Law. The amount of per capita aid payable to The City and available for apportionment and payment from the General Fund of the State Treasury and payments of such amount out of the Aid and Tax Assistance Funds to the Corporation are subject to prior appropriation for such purpose by the Legislature, which is not obligated to appropriate any such amounts so certified by the Chairman, as aforesaid.

4. Subdivision 2 of Section 3036-a of the Public Authorities Law as added by the Acts provides that the Corporation shall create as an additional and separate fund, a Capital Reserve Fund. Subdivision 4 of such section provides that for any calendar year, the Capital Reserve Fund Requirement for such fund shall equal the amount of principal and interest maturing or otherwise due or becoming due in the succeeding calendar year on all bonds of the Corporation secured by such fund, provided however that for the 1980 calendar year, the Capital Reserve Fund Requirement as of any given date, shall equal 100 per cent of the amount of the principal and interest maturing or otherwise due or becoming due during the 1980 calendar year on all bonds of the Corporation secured by the Capital Reserve Fund outstanding on such date. Subdivision 3 of such section provides that the Chairman of the Board of Directors of the Corporation ("the Chairman") shall annually on or before December 1, certify to the Governor and Director of the Budget of the State the amount, if any, necessary to restore the Capital Reserve Fund to an amount equal to the Capital Reserve Fund Requirement. Such subdivision further provides that the sum or sums so certified shall be appropriated and paid to the Corporation during the then current State fiscal year. This subdivision does not constitute an enforceable obligation of the State, as the amount of such sum or sums is subject to annual appropriation for such purpose by the State Legislature, which is not obligated to appropriate such amount.

5. The State has the lawful authority, based on the Acts and court decisions:

(a) to establish the Aid Assistance Fund, the Special Aid Account within the Aid Assistance Fund, the Stock Transfer Tax Fund, the Tax Assistance Fund and the Special Tax Account within the Tax Assistance Fund, but the State is not bound or obligated to maintain the existence of such funds or accounts;

(b) at least annually, to appropriate out of the General Fund of the State amounts for the purpose of per capita aid and to provide, with respect to certain amounts of such per capita
aid payable to The City in accordance with the provisions of section 54 of the State Finance Law, for the apportionment and payment into the Special Aid Account of amounts sufficient to enable the Corporation to carry out its corporate purposes, but the State is not bound or obligated to make any, or maintain any level of, such appropriation of per capita aid or to continue such procedure for apportionment and payment of such aid;

(c) at least annually to appropriate to the Corporation, from the Special Tax Account and from the Stock Transfer Tax Fund, amounts sufficient to enable the Corporation to carry out its corporate purposes, but the State is not bound or obligated to make such appropriations; and

(d) to impose and to increase or decrease the Municipal Assistance Sales and Compensating Use Tax and the Stock Transfer Tax, but the State is not bound or obligated to continue the imposition of said taxes, and pursuant to Chapter 878 of the Laws of 1977, the Legislature has provided for certain rebates of stock transfer taxes, which rebates are payable from the Stock Transfer Incentive Fund created by Section 92-i of the State Finance Law as added by such chapter, which fund consists of funds of the Stock Transfer Tax Fund after transfer therefrom of any moneys required for the Special Tax Account, plus any other moneys appropriated, transferred or credited to the Stock Transfer Incentive Fund pursuant to law.

6. The Legislature appropriated per capita aid, including aid for the benefit of the Corporation for the fiscal year ending March 31, 1982, to the Department of Taxation and Finance in the maximum amount of $80,860,900 by Chapter 53 of the Laws of 1981. The Appropriation Act entitled "An Act (Local Assistance Budget)" (A. 1904-B; S. 1204-C) was passed on a Message of Necessity from the Governor in the Assembly and Senate on May 12, 1981, and was approved by the Governor on May 15, 1981. The passage of this bill conforms to the provisions of Article III, Section 14 and Article VII, Section 4 of the Constitution of the State of New York and I conclude, therefore, that such Act has been validly enacted and has become law and is in full force and effect.

7. The Series 29 and 30 Bonds do not constitute a legally enforceable obligation upon the part of the State nor create a debt of the State and the State shall not be liable thereon, nor shall the Series 29 and 30 Bonds be payable out of any funds other than those of the Corporation.

This opinion constitutes my only opinion on the Acts as to the Series 29 and 30 Bonds, is solely for the information of the Board of Directors of the Corporation and is not to be used or circulated
except to the Purchasers in accordance with the Bond Purchase Agreement, or quoted or referred to for any other purpose, or filed with or referred to in any document except the Bond Purchase Agreement between the Corporation and the Purchasers and related closing documents. In no event may this opinion be printed on the Series 29 and 30 Bonds, or otherwise made available to the public by the Purchasers as it is intended to be relied upon only by you and the Purchasers.

Very truly yours,

MR. FELIX G. ROHATYN
Chairman
Municipal Assistance Corporation
For the City of New York
New York, New York

Dear Mr. Rohatyn:

This is to acknowledge receipt of your letter of June 1, 1981, relating to the authorization, sale and issuance of the Series 29 and 30 Bonds, dated June 1, 1981, in the aggregate principal amount of $237,000,000 (herein called the "Series 29 and 30 Bonds") by the Municipal Assistance Corporation For the City of New York (herein called the "Corporation") to the Purchasers named in Schedule I (herein called the "Purchasers") to the Bond Purchase Agreement, dated as of November 15, 1978, between the Purchasers and the Corporation (herein called the "Bond Purchase Agreement").

It is my opinion that:

1. The Financial Emergency Act For The City of New York was added by Chapter 368 of the Laws of 1975, as amended by Chapter 869 and 870 of the Laws of 1975, Chapters 201, 777 and 778 of the Laws of 1978, and Chapter 562 of the Laws of 1980 (the "Act"). The passage of these acts conformed to Article III, Section 14 of the Constitution of the State of New York. I conclude, therefore, that the Act and above-referenced amendments have been validly enacted and have become law in accordance with the Constitution and laws of the State of New York and are in full force and effect.

2. Since there is no controlling judicial decision on the Act directly in point, the matter is not free from doubt; nevertheless, it is my opinion that a court would hold for the following reasons that the Act as amended is valid.
In extensive findings which preface the Act the Legislature has found that its provisions are "necessary, proper, reasonable and appropriate means by which the State can and should implement its overriding State concern with respect to the financial condition of the City and can and should exercise its duty under Article VIII, Section 12 of the Constitution to prevent abuses by the City in taxation and in the contracting of indebtedness."

Furthermore, the Act as amended was validly enacted as stated above in "1", and under the Constitution and laws of the State, is entitled to the exceedingly strong presumption of constitutionality afforded to all acts of the Legislature which are validly enacted. Our Court of Appeals has said that "as a matter of substantive law every legislative enactment is deemed to be constitutional until its challengers have satisfied the courts to the contrary." Montgomery v. Daniels, 38 NY 2d 41, 54, and cases there cited. On another occasion the Court has stated, in an oft-cited opinion, that "legislative enactments (are) supported by a presumption of validity so strong as to demand of those who attack them a demonstration of invalidity beyond a reasonable doubt, and the courts strike them down only as a last unavoidable result." Matter of Van Berkel v. Power, 16 NY 2d 37, 40.

3. The New York State Financial Control Board for the City of New York (the "Board") was created by the Act and is a governmental agency and instrumentality of the State of New York, having the powers and functions conferred upon it by the Act, as amended, including power to control the fiscal affairs of the City of New York, as there specifically set forth, so long as bonds of the Corporation containing the pledge of the State of New York under Section 10-a, subdivision one of the Act are outstanding and in no event beyond July 1, 2008, as provided by Section 13 of the Act.

4. Section 10-a, subdivision one of the Act authorizes and requires the Corporation to include the pledge of the State of New York therein set forth in bonds issued by the Corporation.

This opinion constitutes my full and only opinion on the Act as to the Series 29 and 30 Bonds, is solely for the information of the Board of Directors of the Corporation and is not to be used or circulated except to the Purchasers in accordance with the Bond Purchase Agreement, or quoted or referred to for any other purpose, or filed with or referred to in any document except the Bond Purchase Agreement between the Corporation and the Purchasers and related closing documents. In no event may this opinion be printed on the Series 29 and 30 Bonds, or otherwise made available to the public by the Purchasers as it is intended to be relied upon only by you and the Purchasers.

Very truly yours,

Robert Abrams
Attorney General

The Financial Institutions named on Schedule I to the Bond Purchase Agreement dated as of November 15, 1978 with the Municipal Assistance Corporation For The City of New York

Dear Sirs:

We have acted as special counsel for the commercial banks, savings banks and insurance companies named on Schedule I (the "Financial Institutions") to the Bond Purchase Agreement dated as of November 15, 1978 (the "Bond Purchase Agreement") between the Municipal Assistance Corporation For The City of New York (the "Corporation") and the Financial Institutions and certain New York City pension funds which are also named on Schedule I thereto.

As provided in the Bond Purchase Agreement the Financial Institutions have agreed, severally, to purchase from the Corporation an aggregate of up to $1,174,700,000 principal amount of the Corporation's bonds issued during its 1979, 1980, 1981 and 1982 fiscal years pursuant to the Corporation's Second General Bond Resolution adopted November 25, 1975, as supplemented and amended (the "Second Resolution"). On June 2, 1981 the Corporation adopted the Series 29 Resolution under the Second Resolution pursuant to which Series 29 Bonds (the "Bonds") in the aggregate
principal amount of $138,020,000 are being issued to
 certain of the Financial Institutions pursuant to the
 Bond Purchase Agreement on the date hereof. (The
 Second Resolution and the Series 29 Resolution are
 sometimes hereinafter referred to as the "Resolu-
tions").

We have examined originals or copies, certi-
fied or otherwise identified to our satisfaction, of
 such documents and other instruments as we have deemed
 necessary to render the following opinions.

On the basis of the foregoing, we are of the
 opinion that:

1. The Corporation is duly created and
   validly exists as a corporate governmental agency and
   instrumentality of the State of New York (the "State"),
   constituting a public benefit corporation under the
   laws of the State.

2. The Resolutions have been duly and
   validly adopted by the Corporation and are in full
   force and effect and no further authorization for the
   Resolutions is required.

3. The Bonds have been duly authorized and
   issued by the Corporation in accordance with the laws
   of the State and the Resolutions.

4. The Bond Purchase Agreement has been duly
   authorized, executed and delivered by the Corporation
   and is a valid and legally binding agreement of the
   Corporation.

5. The offering and sale of the Bonds by the
   Corporation to the Financial Institutions do not
   require registration of the Bonds under the Securities
   Act of 1933, as amended, or qualification of the Reso-
   lutions under the Trust Indenture Act of 1939, as
   amended. The Bonds constitute exempted securities
   within the meaning of the Securities Act of 1933, as
   amended, and constitute "municipal securities" within
   the meaning of the Securities Exchange Act of 1934, as
   amended.

We have not independently passed upon the
validity or tax exempt status of the Bonds. We hereby
confirm that all proceedings of the Corporation and (i) the opinion of Paul, Weiss, Rifkind, Wharton & Garrison, general counsel for the Corporation, delivered pursuant to Section 3.12(a) of the Bond Purchase Agreement, (ii) the opinions of Hawkins, Delafield & Wood, bond counsel for the Corporation, delivered pursuant to Section 3.12(b) of the Bond Purchase Agreement, and (iii) the opinion of Rogers & Wells, bond counsel for The City of New York, delivered pursuant to Section 3.12(e) of the Bond Purchase Agreement, each of even date herewith, are satisfactory in form and substance to us and we believe that you are justified in relying thereon.

We are also of the opinion that the certificates delivered on the date hereof pursuant to the requirements of the Bond Purchase Agreement are appropriately responsive to such requirements.

This opinion is being furnished by us as special counsel to the Financial Institutions solely for their benefit in connection with their several purchases of the Bonds on the date hereof pursuant to the Bond Purchase Agreement. This opinion may not be furnished to, relied upon or used by, any other person, including any other party to the Bond Purchase Agreement or any person purchasing or otherwise acquiring any Bonds from or through any of the Financial Institutions.

Very truly yours,

To each of the Purchasers
Referred to Below

Dear Sirs:

Reference is made to an agreement, dated as of November 15, 1978, as amended (the "Bond Purchase Agreement"), among the Municipal Assistance Corporation For The City of New York (the "Corporation") and each of the Purchasers named in Schedule I thereto (the "Purchasers") in connection with which you have requested my opinion as to certain matters concerning an agreement, dated November 15, 1978, among each of you and The City of New York (the "Adherence Agreement"), and concerning the New York State Financial Emergency Act for The City of New York, constituting Chapter 868 of the Laws of 1975, as amended to the date hereof (the "Act").

I have examined such portions of the Constitution of the United States of America, the Constitution and statutes of the State of New York (the "State") and the Charter of The City of New York, and such applicable court decisions as I have deemed necessary or relevant for the purposes of the opinion set forth below. Based upon the foregoing, I advise you that in my opinion under existing law:

1. The Act has been duly enacted and the New York State Financial Control Board (the "Board") has been duly created under the Act.

2. While there is no judicial authority directly in point, the Board has lawfully been granted the powers set forth in the Act, including without limitation, the grant of power to approve, disapprove or modify financial plans submitted by The City of New York (the "City") to ensure compliance with the standards set forth in subdivision one of Section 8 of the Act. Such powers may be validly exercised by the Board as necessary in the interests of the State during the control period as defined in the Act.
3. The Act validly requires that (a) the City develop financial plans which conform to the standards set forth in subdivision one of Section 8 of the Act and modify such financial plans to the extent necessary to make them conform or continue to conform to those standards, (b) the financial plans developed by the City and information relating to them be submitted to the Board, (c) the operations under the budgets of the City at all times be in conformance and compliance with the City's financial plan, (d) the City enable a nationally recognized independent certified public accounting firm or a consortium of firms to perform an annual audit of the City's financial statements in accordance with generally accepted auditing standards, (e) the City establish a general debt service fund in accordance with Section 9-a of the Act and deposit certain monies in that fund and the Comptroller of the State administer and maintain that fund and disburse monies out of that fund in accordance with Section 9-a of the Act, (f) the Comptroller of the State establish and maintain a TAN debt service account and a RAN debt service account (as those terms are defined in the Act) within the general debt service fund, pay certain sums into those accounts and make payments of principal of tax anticipation notes and revenue anticipation notes out of those accounts.

4. The Act validly prohibits the City from (a) entering into contracts or issuing obligations which are inconsistent with the City's financial plan in effect at the time the proposed contracts are to be entered into or the proposed obligations are to be issued or (b) issuing obligations which are inconsistent with the provisions of subdivisions one through five of Section 9-b of the Act.
5. The Adherence Agreement has been duly executed and is a valid agreement of the City and the covenants made by the City with each of you in Section 2 of the Adherence Agreement are legally binding on the City except that to the extent the covenant and agreement by the City to comply with the provisions of the Act includes compliance with actions taken by the Board pursuant to the Act, my opinion as to such covenant and agreement of the City is limited to the same extent as my opinion in paragraph 2 as to the exercise by the Board of the powers granted to it by the Act.

6. Enforcement of the covenants contained in the Adherence Agreement would require proof by you that the covenants constituted important security provisions in connection with your purchase of bonds of the Corporation on the date hereof and continue to constitute important security provisions to you.

The foregoing is limited to the extent that the enforceability of the Act or any part thereof and the enforceability of the covenants contained in the Adherence Agreement are subject at all times to the overriding State interest in promoting the health, safety and welfare of the people of the State.

I have rendered this opinion solely for your use in connection with the requirements imposed by the Bond Purchase Agreement with respect to the receipt by you of a favorable opinion as to the matters addressed herein. This opinion is not to be employed, referred to or quoted by any other person and should not be relied upon for any other purpose.

Very truly yours,

To each of the Purchasers
Referred to Below

Dear Sirs:

Reference is made to an agreement, dated as of November 15, 1978, among the Municipal Assistance Corporation For The City of New York (the "Corporation") and each of the Purchasers named in Schedule I thereto (the "Purchasers") in which you agree, severally and not jointly, to purchase certain bonds (the "Bonds") to be issued by the Corporation. In connection with such agreement and your purchases, severally and not jointly, of $237,000,000 aggregate principal amount of Bonds on the date hereof, you have requested our opinion, as bond counsel to The City of New York (the "City"), a municipal corporation of the State of New York (the "State"), as to certain matters concerning an agreement, dated November 15, 1978, among each of you and the City (the "Adherence Agreement"), and concerning the New York State Financial Emergency Act for The City of New York, constituting Chapter 868 of the Laws of 1975 as amended to the date hereof (the "Control Board Act").

The Control Board Act, among other things, establishes the New York State Financial Control Board (the "Board") and authorizes the City to make certain covenants and agreements with any purchaser, holder or guarantor of obligations issued by the City. Sections 2 and 3 of the Adherence Agreement contain certain covenants made by the City with each of you (herein referred to as the "City Covenants") and a pledge and agreement (the "Pledge and Agreement") of the State included in the Adherence Agreement by the City pursuant to subdivision 3 of Section 19-a of the Control Board Act.

We have examined such portions of the Constitution of the United States of America, the Constitution and statutes of the State and the Charter of the City, and such applicable court decisions as we have deemed necessary or relevant for the purposes of the opinions set forth below. Based upon the foregoing, we advise you that in our opinion under existing law:

1. The Board has been duly created under the Control Board Act and has lawfully been granted and may exercise the power to:

   (a) consult with the City and the covered organizations, as defined in the Control Board Act (the "Covered Organizations"), in the preparation of financial plans, specify the form of and information to be
contained in financial plans, specify the supporting information required in connection therewith, and review and state its approval of any financial plan or of any modification of a financial plan, or state its disapproval of any financial plan or of any modification which it determines is incomplete or does not comply with the standards set forth in the Control Board Act; and

(b) review and make reports and recommendations relating to the operations of the City and the Covered Organizations, audit compliance with any financial plan and obtain information from the City and the Covered Organizations relating to their respective financial conditions and needs.

2. While there is no judicial authority directly in point, the Board has lawfully been granted the powers set forth in the Control Board Act in addition to those enumerated in paragraph 1 above, and the Control Board Act and the Constitution of the State permit the exercise, at the times contemplated in the Control Board Act, of any of those powers in accordance with the procedures of the Control Board Act, including subdivision 3 of Section 8 thereof, to the extent required to assure that, as required by the Control Board Act, (a) the City will have a financial plan which in all material respects conforms to the standards set forth in subdivision 1 of Section 8 of the Control Board Act, (b) contracts entered into by the City, and borrowings of the City, will be in compliance with a financial plan which in all material respects conforms to the standards set forth in subdivision 1 of Section 8 of the Control Board Act, and (c) the disbursement of funds by the City, or by the Board for the account of the City in accordance with subdivision 3 of Section 9 of the Control Board Act, will be in compliance with a financial plan which in all material respects conforms to the standards set forth in subdivision 1 of Section 8 of the Control Board Act.

3. The Control Board Act validly requires that (a) the City develop financial plans in the form, and containing the information, specified by the Board, which conform to the standards set forth in subdivision 1 of Section 8 of the Control Board Act and modify those financial plans to the extent necessary to make them conform or continue to conform to those standards, (b) the financial plans developed by the City and information relating to them be submitted to the Board, (c) the budgets and operations of the City and the Covered Organizations at all times be in conformance and compliance with the financial plan of the City (whether developed by the City or adopted by the Board in the lawful exercise of its powers), (d) the City enable a nationally recognized independent certified public accounting firm or a consortium of firms to perform an annual audit of the City's financial statements in accordance with generally accepted auditing standards, (e) the City establish a general debt service fund in accordance with Section 9-a of the Control Board Act and deposit certain monies in that fund and the Comptroller of the State administer and maintain that fund and disburse monies in that fund in accordance with Section 9-a of the Control Board Act,
(f) the Comptroller of the State establish and maintain a TAN debt service account and a RAN debt service account (as those terms are defined in the Control Board Act) within the general debt service fund, pay certain sums into those accounts and make payments of principal of tax anticipation notes and revenue anticipation notes out of those accounts, and (g) the officials of the City comply with any orders of the Board issued to those officials in the lawful exercise by the Board of its powers.

4. The Control Board Act validly prohibits the City from (a) entering into contracts or issuing obligations which are inconsistent with the financial plan of the City (whether developed by the City or adopted by the Board in the lawful exercise by the Board of its powers) in effect at the time the proposed contracts are to be entered into or the proposed obligations are to be issued or (b) issuing obligations which are inconsistent with the provisions of subdivisions one through five of Section 9-b of the Control Board Act.

5. The Pledge and Agreement is a valid and legally binding pledge and agreement of the State which the City is authorized to include and has validly included in the Adherence Agreement.

6. The Adherence Agreement has been duly executed and delivered on behalf of the City.

7. The City is authorized to include the City Covenants in the Adherence Agreement.

8.
