The Series 45 Bonds are issued pursuant to the Second General Bond Resolution and are payable from certain per capita State aid and, to the extent not required for payment of certain other obligations of the Corporation, including bonds issued under the Corporation's First General Bond Resolution, revenues derived from certain sales and compensating use taxes imposed by the State of New York within the City of New York and, under certain conditions, the State stock transfer tax. The State is not bound or obligated to continue to appropriate such per capita State aid or to continue the imposition of such taxes or to make the necessary payments of such per capita State aid or the necessary appropriations of the revenues derived from such taxes. The Corporation has no taxing power. The Series 45 Bonds do not constitute an enforceable obligation, or a debt, of either the State or the City, and neither the State nor the City shall be liable thereon. Neither the faith and credit nor the taxing power of the State or the City is pledged to the payment of principal or interest on the Series 45 Bonds.

The Series 45 Bonds are offered when, as and if issued by the Corporation and received by the Underwriters and subject to approval of legality by Hawkins, Delafield & Wood, New York, New York, Bond Counsel to the Corporation. Certain legal matters will be passed on for the Corporation by its General Counsel, Paul, Weiss, Rifkind, Wharton & Garrison, New York, New York. It is expected that the Series 45 Bonds in definitive form will be available for delivery on or about May 5, 1983. At the option of any Underwriter, delivery will be available at The Depository Trust Company, New York, New York.

PART 1—INTRODUCTION

Certain factors and additional information that may affect decisions to invest in the Series 45 Bonds are described throughout this Official Statement which should be read in its entirety. Certain terms used in this Official Statement are defined in the Appendix.

The Corporation ......... The Municipal Assistance Corporation For The City of New York is a public benefit corporation of the State created for the purpose of providing financing assistance and fiscal oversight for the City.

The Bonds ............... The Series 45 Bonds will be issued pursuant to the Corporation's Second General Bond Resolution. Certain revenues of the Corporation described below are pledged to the payment of the Series 45 Bonds, which are general obligations of the Corporation and are not obligations of either the State or the City.

Payment of the Bonds and Debt Service Coverage .............. The Corporation's revenues pledged to the payment of Second Resolution Bonds are derived from moneys that are paid to the Trustee, subject to annual appropriation by the State Legislature; from three sources: Per Capita Aid and (after satisfying debt service, operating expenses and capital reserve funding requirements under the Corporation's First General Bond Resolution) the Sales Tax and the Stock Transfer Tax. "Per Capita Aid" consists of amounts that otherwise would have been payable to the City under the State law that provides for a general revenue sharing program applicable to localities throughout the State. The "Sales Tax" consists of a State sales tax imposed within the City, at the rate of 4%, on most retail and certain other sales. The "Stock Transfer Tax" consists of the State tax on the transfer of stocks and certain other securities. The Corporation has no taxing power.

Assuming that amounts available to the Corporation from Per Capita Aid, Sales Tax and Stock Transfer Tax continue at present levels, Available Revenues for debt service on all outstanding Second Resolution Bonds, including the Series 45 Bonds and assuming the issuance of all bonds which the Corporation is conditionally obligated to issue, would be as follows:

(Dollars in Millions)

\[
\begin{array}{ll}
\text{Sales Tax (12 months ended March 31, 1983)} & 1,389 \\
\text{Stock Transfer Tax (12 months ended March 31, 1983)} & 793 \\
\text{Operating expenses of the Corporation} & 11 \\
\text{Maximum annual debt service payment on currently outstanding First Resolution obligations (issuance test limits annual debt service to $425 million)} & 344 \\
\text{Available tax revenues after provision for First Resolution obligations} & 1,827 \\
\text{Available Per Capita Aid (for the Corporation's 1983 fiscal year), net of $75 million of potential prior claims (none of which has been asserted since the inception of the Corporation)} & 409 \\
\text{Available Revenues} & \$ 2,236 \\
\end{array}
\]

\[
\begin{align*}
\text{Maximum annual debt service payment on currently outstanding Second Resolution Bonds (including the Series 45 Bonds and assuming the issuance of all bonds which the Corporation is conditionally obligated to issue)} & \\
\text{Debt Service Coverage} & 2.71
\end{align*}
\]

The authority of the State to impose and collect the Sales Tax and pay the Sales Tax and Stock Transfer Tax revenues to the Corporation has been affirmed by the State's highest court; the United States Supreme Court dismissed the appeal of the State court's decision for lack of a substantial Federal question.
For further information with respect to the Corporation's revenues and debt service, as well as estimated coverage ratios, see "PART 6—PAYMENT OF THE BONDS" and "PART 7—DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS."

The Corporation has covenanted not to issue additional Second Resolution Bonds unless available revenues, calculated substantially in the manner outlined above, would cover estimated maximum annual debt service payments on Second Resolution Bonds at least two times. In addition, in connection with certain short-term note sales ("commercial paper program"), the Corporation has agreed that it will not issue short-term obligations except for refunding purposes unless debt service coverage equals or exceeds 2.2 times available revenues. For further information with respect to the Corporation's Commercial Paper Program, see "PART 5—DEBT ISSUANCE PLAN."

The Corporation has covenanted not to issue additional First Resolution obligations if the maximum annual debt service payments on all First Resolution obligations would exceed $425 million. Maximum annual debt service on currently outstanding First Resolution obligations is $344 million.

The Legislature has appropriated Per Capita Aid, the Sales Tax and the Stock Transfer Tax for the benefit of the Corporation for each of the State's fiscal years since the inception of the Corporation. The Corporation expects that the Legislature will continue to make such appropriations so long as the Corporation's bonds are outstanding. Under the State Constitution, however, the Legislature cannot be bound or obligated to appropriate such revenues for the benefit of the Corporation.

The Corporation believes that any failure by the State to make annual appropriations as expected would have a serious impact on the ability of the State and its agencies to raise funds in the public credit markets.

After the issuance of the Series 45 Bonds and assuming the issuance of all bonds which the Corporation is conditionally obligated to issue, the Corporation will have outstanding an aggregate of $7.906 billion of its bonds, $6.058 billion issued under the Second General Bond Resolution and $1.848 billion issued under the First General Bond Resolution. Bonds which the Corporation is conditionally obligated to issue are bonds issuable on the exercise of the Corporation’s warrants and bonds issuable under certain circumstances in connection with its Commercial Paper Program. In each case the Corporation has covenanted with certain parties to treat such conditionally issuable bonds as issued and outstanding and, accordingly, unless otherwise indicated, the issuance and coverage figures set forth in this Official Statement are presented on the basis of such an assumption.

The Corporation’s First and Second Resolution obligations each have the benefit of a capital reserve fund held by the Trustee. At December 31, 1982, there was on deposit in such funds securities valued in accordance with the Act at $375.5 million and $727.4 million, respectively, including accrued interest.

The Series 45 Bonds are being offered as part of the Debt Issuance Plan developed by the Corporation and the City. The Debt Issuance Plan is intended to provide necessary long-term financing for the City to enable the City to finance its capital needs through June 30, 1986.
Certain Factors. The Corporation believes that the market for and the market price of the Series 45 Bonds and the sources of payment of the Series 45 Bonds may be affected by certain other factors described elsewhere in this Official Statement. See, in particular, "PART 8—CERTAIN DEVELOPMENTS AFFECTING THE STATE" and "PART 9—CERTAIN DEVELOPMENTS AFFECTING THE CITY" with respect to serious potential imbalances in the financial plans of the State and City.

PART 2—BONDS BEING OFFERED

General

The Series 45 Bonds will be issued pursuant to the Second General Bond Resolution and the Series 45 Resolution. The Series 45 Bonds will be dated and bear interest from May 1, 1983. The Series 45 Bonds will be issued as coupon bonds in the denomination of $5,000 each, registrable as to principal only, or as fully registered bonds in the denomination of $5,000 or any integral multiple of $5,000. Coupon bonds and fully registered bonds will be interchangeable. The Series 45 Bonds will be registrable on the books of the Corporation at the corporate trust office of the Trustee. Principal of and premium, if any, on fully registered bonds and coupon bonds registered as to principal only is payable at the principal corporate trust office of the Trustee. Interest on fully registered bonds is payable by check or draft mailed to the registered owner.

For every exchange or transfer of the Series 45 Bonds, the Corporation or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. The cost of preparing each new Series 45 Bond issued upon such exchange or transfer and any other expenses of the Corporation or the Trustee incurred in connection therewith (except any applicable tax, fee or other governmental charge) will be paid by the Corporation as operating expenses.

Pursuant to the Act, the Series 45 Bonds will include the 1978 State Covenant to the effect that the State will not take certain actions, including any action that will substantially impair the authority of the Control Board to act in specified respects with regard to the City. See "PART 11—AGREEMENT OF THE STATE OF NEW YORK."

United States Trust Company of New York is the Trustee under the Second General Bond Resolution. Its corporate trust office is located at 45 Wall Street, New York, New York 10005. For further information concerning the Trustee, see "PART 15—TRUSTEE."

Optional Redemption

The Series 45 Bonds maturing after July 1, 1993 are subject to redemption at the option of the Corporation on or after July 1, 1993, as a whole on any date, or in part by lot on any interest payment date or dates, at the following redemption prices (expressed as percentages of the principal amount), plus accrued interest to the date of redemption:

Additional Bonds and Notes

Pursuant to the Act, the Corporation is authorized to issue bonds and notes in an aggregate principal amount not exceeding $10 billion (exclusive of bonds and notes issued to refund outstanding bonds and notes, and notes issued to meet the City’s seasonal borrowing requirements). For purposes of this authorization, the Corporation will have issued approximately $8.859 billion after issuance of the Series 45 Bonds, assuming the exercise of all outstanding warrants and including approximately $250 million of commercial paper notes. All bonds, other than refunding bonds, are required to be issued under the First or Second General Bond Resolutions.

Additional Second Resolution Bonds may be issued on a parity with the Series 45 Bonds, provided that (a) an amount equal to the lesser of (i) the most recent collections of the Sales Tax and Stock Transfer Tax for 12 consecutive calendar months ended not more than two months prior to the date of such determination or (ii) the amounts estimated by the State Commission of Taxation and Finance to be collectible during the succeeding 12-month period from such sources, plus (b) the estimated or actual amount of Per Capita Aid to be or theretofore apportioned and paid to the Municipal Assistance State Aid Fund for the fiscal year of the State during which such additional Bonds are to be issued, less (c) the maximum annual debt service on outstanding First Resolution obligations, less (d) estimated operating expenses of the Corporation for its then current fiscal year, is at least 2 times (e) the maximum annual debt service on outstanding Second Resolution Bonds (including the particular series of such additional Bonds then proposed to be issued). In addition, the Corporation has agreed that it will not issue obligations under the Commercial Paper Program except for refunding purposes unless available revenues equal or exceed 2.2 times maximum annual debt service.

Pursuant to the Series 45 Resolution and certain other series resolutions of the Corporation, the Corporation may issue additional First Resolution obligations only to the extent that the issuance thereof would not cause the maximum annual debt service on outstanding First Resolution obligations to equal or exceed $425 million (with certain adjustments with respect to up to $25 million of small denomination obligations that the Corporation may offer to the public under the First General Bond Resolution).

In November 1982, the Corporation issued Warrants to purchase $100 million of its Series 42 Bonds, exercisable through January 18, 1984. Covenants of the Corporation with holders of the Warrants for the purchase of Series 42 Bonds provide that it will treat as issued and outstanding the aggregate authorized amount of Series 42 Bonds for purposes of the issuance and coverage tests set forth in this section. The Corporation has also covenanted with certain banks under the Commercial Paper Program that it will treat the $250 million Second Resolution Bonds issuable under the terms of the credit agreements as issued and outstanding for purposes of the coverage tests set forth in this section for the period of time such bonds may be issued, as provided in such credit agreements.

The Second General Bond Resolution contains further limitations upon the issuance by the Corporation of additional obligations under the First General Bond Resolution. See "PART 14—SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION."

PART 3—USE OF PROCEEDS

The net proceeds of the sale of the Series 45 Bonds will be $116,048,095.95. All such proceeds will be used to provide funds to the City for capital improvements includable in the City’s capital budget. Funds used for such capital improvements will be made available to the City through the subsequent purchase by the Corporation of bonds issued by the City to finance such improvements and will be paid to the City upon certification by the Mayor that the amount is required by the City to pay for items permitted by law to be included in the City’s capital budget during the fiscal year in which the funds are paid to the City. Neither the City bonds acquired by the Corporation with the proceeds of this offering nor the payments of principal and interest with respect to such bonds will be subject to the lien created by the pledge under the First or Second General Bond Resolution, except to the extent such payments are actually paid into one of the Corporation’s accounts as to which such lien applies.
PART 4—THE CORPORATION

Background, Purposes and Powers

The Corporation is a corporate governmental agency and instrumentality of the State constituting a public benefit corporation. The Corporation was created by State legislation adopted in June 1975 (as amended to date, the “Act”), for the purpose of providing financing assistance and fiscal oversight for the City. To carry out such purpose, the Corporation was given the authority, among other things, to issue and sell bonds and notes, to pay or lend funds received from such sales to the City and to exchange the Corporation's obligations for those of the City and to issue bonds to refund outstanding bonds. Between June 1975 and June 1978, the Corporation issued its obligations in accordance with this purpose and the City was provided with seasonal loans by the Federal government and long-term financing by certain City pension funds and the Corporation. In September 1975, the Control Board was established to oversee the financial affairs of the City.

By June 1978, the City had brought its operating budget into balance in accordance with State law and accomplished other budgetary and accounting objectives. Despite this progress, it became clear that further actions would be necessary to enable the City to finance itself. As a result, the Debt Issuance Plan was developed to provide long-term financing to the City over the four fiscal years ending June 1982, during which time the City was required to follow a plan designed to bring its operating budget into balance in accordance with generally accepted accounting principles (“GAAP”) by the 1982 fiscal year and to enable it to regain access to the public credit markets. Although the City's operating budget for the 1981 fiscal year was balanced in accordance with GAAP, one year earlier than required, and its operating budget for its 1982 fiscal year was similarly balanced, the Debt Issuance Plan was supplemented to give the City additional time to regain full access to the public credit markets. The City sold $75 million of its bonds publicly during its 1981 fiscal year, $250 million of its bonds publicly during its 1982 fiscal year and $352 million of its bonds publicly to date during its 1983 fiscal year.

To enable the Corporation to assist in financing the City's capital needs during its 1983 through 1985 fiscal years, the State enacted legislation in June 1980 increasing the amount of obligations which the Corporation may issue to $10 billion (excluding refunding obligations and certain short-term notes) and extending through December 31, 1984 the period during which such obligations, other than refunding obligations, may be issued. The 1980 legislation provides sufficient bond issuance authority to enable the Corporation to fulfill its role under the Debt Issuance Plan.

Outstanding Debt of the Corporation

After issuance of the Series 45 Bonds and assuming the exercise of all outstanding warrants, the Corporation will have issued approximately $8.859 billion aggregate principal amount of bonds and notes for purposes of the $10 billion statutory issuance limit (which limit excludes all refunding obligations). The Corporation will have outstanding (excluding bonds that have been refunded) $6.058 billion aggregate principal amount of bonds issued under the Second General Bond Resolution and $1.848 billion aggregate principal amount of bonds issued under the First General Bond Resolution. The Second General Bond Resolution provides that all outstanding Second Resolution Bonds will be on a parity with each other, regardless of the date of issuance.

First Resolution Obligations have no claim on Per Capita Aid, which is a principal source of payment for the Second Resolution Bonds. First Resolution Obligations have a claim prior to that of Second Resolution Bonds on all amounts available to the Corporation from the Sales Tax and the Stock Transfer Tax. The Corporation has covenanted not to issue additional First Resolution Obligations if the maximum annual debt service payments on all First Resolution Obligations would exceed $425 million.

In addition to First and Second Resolution obligations, the Corporation is issuing commercial paper under separate resolutions on a continuing refunding basis. The Corporation presently has outstanding approximately $250 million of such obligations. The commercial paper has no claim on Per Capita Aid, the Sales Tax or the Stock Transfer Tax prior to or on a parity with First or Second Resolution Bonds. For
further information on the Corporation’s commercial paper program, see "PART 5—DEBT ISSUANCE PLAN."

For additional information concerning the financial condition of the Corporation, see the audited financial statements of the Corporation as at June 30, 1982, and the unaudited financial statements of the Corporation for the six months ended December 31, 1982, annexed hereto as Exhibit A, and “PART 19—FINANCIAL STATEMENTS.”

PART 5—DEBT ISSUANCE PLAN

In November 1978, the Corporation in conjunction with the City developed the Debt Issuance Plan to provide long-term financing for the City during the 1979 through 1982 fiscal years. The Debt Issuance Plan has been supplemented from time to time to include subsequent fiscal years and to adjust projections regarding the issuance of long-term obligations to the public and the City's capital needs.

(a) All $250 million of these commercial paper notes have been issued.
(b) Including the Series 45 Bonds, all of this amount will have been issued.
(c) All such bonds have been issued.
(d) Contingent upon the State enacting legislation for and the City developing a program for the financing of water and sewer projects through the issuance of revenue bonds.
(e) See discussion of Federally guaranteed City bonds in this Part 5.
(f) All proposed refundings are subject to market conditions.
(g) Differences between total sources and uses are a result of the deposit or withdrawal of funds held by the Corporation from the proceeds of sales of its bonds in prior fiscal years for use in fiscal years 1983 and 1984 or transfers from the City’s general fund for capital purposes. The Sources of Funds reflects the principal amount of obligations issued and the Use of Funds reflects the receipt of such sources without giving effect to costs of issuance.
The current Debt Issuance Plan is intended to enable the Corporation to assist the City in financing the City's capital needs which the City currently projects to be approximately $1.1 billion to $1.4 billion during each of its 1983 through 1986 fiscal years. Substantial portions of the Debt Issuance Plan have been completed to date. To complete the Debt Issuance Plan, the Corporation intends to sell publicly $768 million of its obligations through December 31, 1984 of which the Series 45 Bonds are a portion, and the City plans to sell publicly $2.2 billion of its bonds through its 1986 fiscal year. The Plan assumes that the City will be able to meet, through sales of its bonds, its full capital needs after its 1985 fiscal year.

The actual amount of the Corporation's obligations to be issued during each fiscal year will depend upon the City's actual capital requirements, the amount which can be raised through public sales of City bonds on reasonable terms, the Corporation's requirements and other factors.

In connection with the Debt Issuance Plan, the City issued an aggregate of $1.65 billion of Federally guaranteed bonds from fiscal 1978 through 1982. The Agreement to Guarantee providing for such Federal guarantees requires the City under certain circumstances to prepay such bonds beginning in its 1983 fiscal year according to a prescribed formula. The Secretary of the Treasury of the United States denied the City's request to waive this requirement for fiscal 1983. Approximately $52 million in the 1983 fiscal year, obtained from proceeds of publicly issued City bonds, will be required to prepay federally-guaranteed city bonds. If the waiver were denied in each of the 1984 through 1986 fiscal years, approximately $548 million in bond proceeds presently allocated to capital financing may be required for such purpose.

In July 1982 and January 1983, respectively, the Corporation commenced sales of its Series 1 and Series 2 commercial paper notes (the "Commercial Paper Program"). Under the Commercial Paper Program, approximately $100 million of Series 1 short-term obligations and approximately $150 million of Series 2 short-term obligations were issued and will be continually refunded through the issuance of additional short-term obligations. The payment of these short-term obligations is secured for Series 1 by an irrevocable credit agreement with Citibank, N.A., and for Series 2 by an irrevocable credit agreement with Citibank, N.A. and Manufacturers Hanover Trust Company, each providing $75 million of the total Series 2 credit facility. If the Series 1 credit agreement is used to pay maturing Series 1 commercial paper notes or the Series 2 credit agreement is used to pay maturing Series 2 commercial paper notes, the Corporation's resulting obligations to the respective banks will be repaid over a period of not less than five years from the expiration of the applicable credit agreement. The Corporation developed the Commercial Paper Program in order to take advantage of the existing differential between short-term and long-term tax-exempt interest rates so that it could provide the City with capital funds at a lower cost. The Corporation intends to fund the commercial paper with proceeds of long-term bonds at such time as the markets make such option attractive.

PART 6—PAYMENT OF THE BONDS

General

The Second Resolution Bonds are general obligations of the Corporation payable out of certain pledged revenues as well as any other available revenues of the Corporation. The Second Resolution Bonds are entitled to a first lien, created by the pledge under the Second General Bond Resolution, on all moneys and securities paid or deposited into the Corporation's Bond Service Fund and Capital Reserve Aid Fund under
the Second General Bond Resolution, which are held by United States Trust Company of New York, as Trustee. Such moneys and securities include the following:

(i) amounts derived from Per Capita Aid, less certain prior statutory claims, none of which has been asserted since the inception of the Corporation;

(ii) amounts derived from the Sales Tax and Stock Transfer Tax, after satisfying annual funding requirements for the Corporation's outstanding First Resolution obligations and operating expenses of the Corporation;

(iii) amounts received from the State to replenish the Capital Reserve Aid Fund, see "Maintenance of Capital Reserve Aid Fund" in this Part 6; and

(iv) any interest or income earned on investments of amounts deposited into the Bond Service Fund and Capital Reserve Aid Fund.

The amounts described in (i) and (ii) above are paid to the Corporation from two special funds established by the Finance Law and held in the custody of the State Comptroller, the Municipal Assistance State Aid Fund and the Municipal Assistance Tax Fund, respectively. The Finance Law provides that the State Comptroller shall make payments from these special funds to the Corporation's Bond Service Fund and Capital Reserve Aid Fund, in accordance with certificates of the Corporation setting forth the amount and timing of its cash requirements on a quarterly basis in order to deposit these amounts in advance of interest and principal payment dates and capital reserve funding dates. (Although quarterly payments of Per Capita Aid are provided for by the Finance Law, substantially all of the Per Capita Aid payable to the Corporation is paid on an annual basis in June.) Payments of Sales Tax and Stock Transfer Tax revenues are made to the Corporation to meet requirements under the Second General Bond Resolution only to the extent such revenues are not needed to meet requirements under the First General Bond Resolution.

After the Corporation's certified requirements have been satisfied in full for a particular quarter, excess moneys in such special funds are paid to the City. Stock Transfer Tax revenues not required by the Corporation are paid to a fund established to provide rebates of such Tax. Pursuant to the Finance Law, the State Comptroller may not disburse Sales or Stock Transfer Tax revenues or Per Capita Aid held by him to the City or any other entity so long as an amount certified by the Corporation as required to be paid by the date of disbursement to the City remains unpaid.

Payments to the Corporation by the State are required to be made by the State only if and to the extent that such amounts have been appropriated by the State Legislature or that revenues have otherwise been made available therefor by the State.

The holders of the Second Resolution Bonds do not have any lien on Per Capita Aid, Sales Tax or Stock Transfer Tax until the moneys derived therefrom are paid into the Corporation's Bond Service Fund and Capital Reserve Aid Fund. The Act provides that any provisions of the Second General Bond Resolution and the Second Resolution Bonds with respect to provision for payment by the State to the Corporation of Per Capita Aid, the Sales Tax or the Stock Transfer Tax are executory only to the extent of the moneys available from time to time from such Aid and Tax sources and held by the State, which moneys shall have been theretofore appropriated to the Corporation, and no liability on account thereof shall be incurred by the State beyond the moneys available from such sources.

The Corporation currently holds substantial amounts of bonds of the City and will, as required by the Act, acquire substantial additional amounts of bonds in connection with providing capital financing for the City. Such obligations held from time to time by the Corporation are not subject to the lien created by the pledge under the First or Second General Bond Resolution. Some of such obligations have been pledged for the benefit of certain banks in connection with the Commercial Paper Program of the Corporation and a portion of such obligations to be acquired in the future may be so pledged. In certifying its requirements, the Corporation may not take into account any amounts payable on such City obligations but not yet received by the Corporation. However, the requirements for any fund may be reduced to the extent that such moneys are received and deposited into such fund of the Corporation.
The following chart illustrates the flow of money as described above:

1. Subject to appropriation by the State Legislature.
2. Upon certification by the Corporation.
3. And operating expenses of the Corporation.
4. After deduction of the amounts needed for First Resolution debt service and capital reserve funding and operating expenses.
5. After payment of all amounts certified by the Corporation and after payment of rebates of the Stock Transfer Tax. Amounts paid to the City are paid directly by the State.
The Corporation is a corporate governmental agency and instrumentality of the State and not of the City. The Corporation has no taxing power. The Second Resolution Bonds do not constitute an enforceable obligation, or a debt, of either the State or the City, and neither the State nor the City is liable thereon. Neither the faith and credit nor the taxing power of the State or the City is pledged to the payment of principal of or interest on the Second Resolution Bonds.

If the Corporation were to be authorized by State law to file such a petition under Chapter 9 of the Federal Bankruptcy Code, and if it were to meet other conditions specified in such Chapter, the Corporation could file a petition for relief under Chapter 9 pursuant to which the Corporation’s securities could be adjusted or modified. The Corporation is not now authorized by the State to file a Chapter 9 petition and the Corporation does not anticipate that it will seek such authorization or need the relief provided by Chapter 9.

Appropriation by Legislature

The Finance Law provides that the State Legislature shall appropriate Per Capita Aid, the Sales Tax and the Stock Transfer Tax for the benefit of the Corporation, and the Legislature has so appropriated Per Capita Aid, the Sales Tax and the Stock Transfer Tax for each of the State’s fiscal years since the inception of the Corporation. The Corporation expects that the Legislature will continue to make such appropriations so long as the Corporation’s bonds are outstanding. Under the State Constitution, however, the Legislature cannot be bound or obligated to appropriate such revenues for the benefit of the Corporation.

The Corporation believes that any failure by the Legislature to make appropriations as expected would have a serious impact on the ability of the State and its agencies to raise funds in the public credit markets. See “PART 8—CERTAIN DEVELOPMENTS AFFECTING THE STATE.”

The State is not bound or obligated to continue payment of Per Capita Aid or to impose either the Sales Tax or the Stock Transfer Tax or to make any appropriations to the Corporation of the revenues received therefrom. The Second General Bond Resolution, however, provides that each of the following shall constitute an event of default with respect to the Second Resolution Bonds: (i) the failure of the State to continue to pay Per Capita Aid, as the laws relating to Per Capita Aid may be amended, or a reduction by the State of the amount of Per Capita Aid payable during any fiscal year to an amount less than the maximum annual debt service payable on the outstanding Second Resolution Bonds; (ii) the failure of the State to continue the imposition of either the Sales Tax or the Stock Transfer Tax, each imposed by the Tax Law, as such Law may be amended, or a reduction of the rates of such taxes to rates less than those in effect on July 2, 1975; or (iii) the failure of the State Comptroller to pay to the Corporation the amounts certified by the Corporation.

The Finance Law provides that in no event shall the State Comptroller pay over and distribute to the City or any other entity other than the Corporation any Sales or Stock Transfer Tax revenues or Per Capita Aid held in the special funds (other than for State administrative charges), unless and until the aggregate of all cash required by the Corporation at the date of such distribution has been appropriated and has been paid to the Corporation.

Provisions of the State Constitution and the Finance Law require the setting aside of the first revenues received that are applicable to the State’s General Fund if the State Legislature fails to make an appropriation for the payment of State indebtedness. Although the Sales Tax and the Stock Transfer Tax are revenues of the State, they are applicable to special funds, rather than the State’s General Fund. Consequently, under existing law, the provisions requiring moneys to be set aside to pay State obligations would not apply to the Sales Tax and Stock Transfer Tax. However, Per Capita Aid is apportioned and paid from the State’s General Fund and may be subject to being set aside to pay State obligations in the event the State fails to pay such obligations.
Per Capita Aid

Per Capita Aid consists of revenues that would otherwise be paid to the City as the City's share of the State's general revenue sharing program for localities throughout the State. The State has appropriated moneys which have been apportioned among local governmental entities, including the City, in each year since 1946 and has provided some measure of assistance to local governments since 1800.

The apportionment of general revenue sharing among localities is based on a statutory formula which takes into account the distribution of the State's population, the total assessed valuation of real property taxable within the State, personal income, and other factors. Both the determination of the amount of statewide general revenue sharing and the apportionment of such revenue sharing among localities are legislative acts and the Legislature may amend or repeal the statutes relating to statewide general revenue sharing and the formulas which determine the amount of Per Capita Aid payable to the Corporation. Such amendments could result in the increase or decrease of the amount of Per Capita Aid available for the payment of debt service on Second Resolution Bonds. However, certain of such acts by the Legislature would be events of default under the Second General Bond Resolution, see “Appropriation by Legislature” in this Part 6. The financial condition of the State may affect the amount of Per Capita Aid appropriated by the Legislature.

The following table, which presents data obtained from the City Office of Management and Budget, the State Comptroller's office and the State Division of the Budget, indicates the aggregate payments of Per Capita Aid apportioned and paid to the City and, since 1976, to the Corporation, for the ten fiscal years ended June 30, 1983.

Sales Tax

The Sales Tax is imposed within the City at the rate of 4% on receipts from most retail sales of tangible personal property and certain services and at the rate of 6% on receipts from parking, garaging or storing motor vehicles in the City. The Sales Tax is in addition to the 4% sales and compensating use taxes levied statewide and the 1/4 of 1% sales and compensating use tax levied in the regions served by the Metropolitan Transportation Authority. The Sales Tax is subject to certain limited exceptions, exemptions and exclusions. Under the Finance Law, the Sales Tax is paid into a special fund held by the State Comptroller on a monthly basis.

The Sales Tax is imposed on substantially the same tax base as the sales and compensating use taxes previously imposed by the City and collected by the State. A tax on sales of certain tangible personal property and services had been imposed by the City since 1934.
Collections of the Sales Tax and the sales and compensating use taxes previously imposed by the City have increased in each of the last ten years, although the primary cause of the growth of Sales Tax collections in recent years has been inflation. The level of Sales Tax receipts is necessarily dependent upon economic and demographic conditions in the City, and there can be no assurance that the historical data with respect to collections of such Tax are necessarily indicative of future receipts. The City has experienced adverse trends in certain economic and demographic factors which contributed in some years to a slowing of the growth rate of Sales Tax collections.

The following table sets forth State collections of the sales and compensating use taxes imposed by the City prior to July 1, 1975, and the Sales Tax imposed by the State since July 1, 1975, on a quarterly basis for the last ten complete fiscal years of the City, after deductions of the costs of administration, collection and distribution. Footnotes to the tables detail changes in law and administrative procedures affecting the collection and distribution of the Sales Tax which are important to an understanding of the tables.

(a) Commencing March 1976, quarterly collections were distributed to localities based on historical collection data. Commencing June 1980, quarterly collections are distributed to localities based on historical collection and current unverified vendor data. Subsequent quarterly distributions to localities are adjusted to compensate for overdistributions and underdistributions when data on actual collections by locality are available. Such adjustments are reflected in the table for the quarter in which the subsequent distributions are made. Since March 1976, adjustments have ranged from $493,000 to $11.1 million to reflect overdistributions for certain prior periods and from $116,971 to $9.8 million to reflect underdistributions for other prior periods. Periods subsequent to September 1982 remain subject to the ongoing process of adjustment.

(b) The amounts of sales and compensating use taxes collected for fiscal 1975 and all subsequent years reflect the increases in the sales and compensating use taxes from 3% to 4%, effective July 1, 1974. The 6% tax on sales of certain parking services has remained the same.

(c) Commencing March 1976, certain large vendors (those with taxable receipts of $300,000 or more in any quarter of the preceding four quarters) are required to prepay in March estimated amounts of Sales Tax liability for March in addition to filing their normal quarterly reports for the December-February quarter. Any adjustments necessary to reflect actual amounts of Sales Tax liability for the month of March are reflected in the June collection figures.
Stock Transfer Tax

The Stock Transfer Tax is imposed at rates ranging from \(1\frac{1}{4}c\) to 5c (based on the selling price per share) on sales, agreements to sell, memoranda of sale and deliveries or transfers made within the State of shares or certificates of stock and certain other certificates. The imposition of the Stock Transfer Tax is subject to certain limited exceptions and is subject to a maximum tax of $350 on any taxable transaction which involves a sale on a single day of shares or certificates of the same class issued by the same issuer.

The level of Stock Transfer Tax revenues is related to the rate of tax imposed, the price of the shares traded and the volume of transactions on the securities exchanges located in the City. Such volume has fluctuated widely so that there can be no assurance that the historical data with respect to collections of such tax are necessarily indicative of future revenues.

The Corporation believes that it is not possible to predict the effect of developments with respect to the City's economic condition or other related economic developments in the City on Stock Transfer Tax collections. The volume of taxable securities transactions in the State may be adversely affected by (i) the evolution of a centralized nationwide securities market, (ii) the possible movement out of the State of the stock exchanges now located in the State, and (iii) other proposals which if implemented might tend to facilitate the execution of securities transactions not subject to the Stock Transfer Tax.

The revenues derived from the Stock Transfer Tax, including amounts subject to rebate as discussed below, after deduction of the costs of administration, collection and distribution of such Tax, are shown below for the previous ten complete fiscal years of the City, based upon the various rates prevailing and types of transactions taxable during the periods shown:

(a) Includes collections of the 25% surcharge imposed upon the Stock Transfer Tax effective as of August 1, 1975, which surcharge expired July 31, 1978.

In 1977, the State enacted a program of gradually increasing rebates for all Stock Transfer Tax payers. Rebates began October 1, 1977 with respect to transactions by non-residents subject to tax and began October 1, 1979 with respect to transactions by residents. Rebates equal to 100% of the tax began on October 1, 1981. The legislation provides that taxpayers are to continue to pay the Stock Transfer Tax at the above-stated rates and that revenues are to continue to be paid into the Stock Transfer Tax Fund, although a substantial portion of such revenues (the rebatable portion of the tax) will be paid in to the Stock Transfer Tax Fund.
only at the end of each calendar quarter. To the extent that the Corporation does not require the use of Stock Transfer Tax revenues for debt service on its outstanding obligations, such revenues are available on a quarterly basis for payment of rebates.

To date, the Corporation has not found it necessary to use the revenues derived from the Stock Transfer Tax to pay its debt service. Based on present projections, the Corporation does not anticipate that it will be necessary to utilize these revenues in the future, although no assurance can be given that they will not be so required. See "PART 7—DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS." If the Corporation were to require a substantial portion of the Stock Transfer Tax revenues otherwise subject to rebate, the resulting reduction in the amounts available for rebate could have an adverse effect upon the New York securities industry.

The City, in its January 18, 1983 submission to the Control Board, has proposed enactment of a temporary three-year surcharge on the Stock Transfer Tax which it estimates would produce nonrebateable revenues of approximately $150 million annually, if enacted. Members of the securities industry have stated that the imposition of such a tax might have an adverse effect on the New York securities industry and the volume of taxable transactions within the State.

**Maintenance of Capital Reserve Aid Fund**

Under the Act, additional payments are to be made by the State, subject to appropriation by the Legislature, to the Capital Reserve Aid Fund if for any reason (including a payment from such Fund to the Bond Service Fund to make up a deficiency in the Bond Service Fund) the Capital Reserve Aid Fund falls below specified levels. The amount of any such payment, if required, is to be in accordance with a certificate of the Corporation, to be delivered on or before December 1, stating the sum, if any, required to restore the Capital Reserve Aid Fund to the required level. The specified level equals 100% of the amount of debt service payable in the succeeding calendar year on any Second Resolution Bonds then to be issued and on all other Second Resolution Bonds outstanding on the date of calculation. Such Fund is currently funded at an amount not less than the required level with securities valued in accordance with the requirements of the Act (which may differ from the market value of such securities). See Notes 4 and 9 to the financial statements of the Corporation contained in Exhibit A.

Moneys in the Capital Reserve Aid Fund may not be withdrawn at any time in such amounts as would reduce the amount of such Fund to less than the amount of debt service payable on the Second Resolution Bonds in the succeeding calendar year, except for the purpose of paying debt service on such Bonds if other moneys of the Corporation are not available. The Corporation has not found it necessary to use moneys in the Capital Reserve Fund to pay debt service on any of its bonds.

The provision of the Act referred to above does not constitute an enforceable obligation or debt of the State and no moneys may be paid to the Corporation pursuant thereto absent an appropriation by the Legislature. See “Appropriation by Legislature” in this PART 6.
PART 7—DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS

In order to estimate coverage ratios for the Second Resolution Bonds that will be outstanding, the Corporation has assumed certain amounts of Per Capita Aid and Sales Tax and Stock Transfer Tax collections. There is shown below the basis on which such amounts were calculated. The debt service payment requirements for the First and Second Resolution Bonds as well as certain coverage ratios are also shown below.

Adjusted Per Capita Aid

The Corporation has estimated the amounts of the following potential claims and liabilities on Per Capita Aid that are payable prior to the payment of Per Capita Aid to the Corporation, although since the inception of the Corporation no such claims have been asserted.

Per Capita Aid available to the Corporation during the Corporation’s 1983 fiscal year .................................................. $484,037

Less annual potential claims and liabilities:

(a) City University Construction Fund (“CUCF”).
   Amounts equal to 50% of CUCF’s share of certain State Dormitory Authority debt service and other expenses would be a claim against Per Capita Aid if not paid by the City to CUCF. The Corporation has been informed by CUCF that such debt service and other expenses are approximately $101.53 million during its current fiscal year. State law permits a maximum claim of $65 million in any fiscal year of the City* .......................................................... $50,766

(b) New York City Housing Development Corporation (“HDC”).
   Amounts required to restore the HDC capital reserve funds to the amount required to be on deposit in such funds would be a claim against Per Capita Aid if not otherwise paid. The Corporation has been informed by HDC that the aggregate capital reserve fund requirements on all outstanding bonds of HDC as of this date is approximately $24.1 million. State law currently permits a maximum claim of $30 million in any fiscal year .................................................. $24,118

(c) New York City Police Pension Fund.
   Amounts due annually from Per Capita Aid to the Trustees of the City Police Pension Fund .................................................. $500 $75,384

Adjusted Per Capita Aid .................................................. $408,653

* Although State law purports to limit claims on Per Capita Aid, such limitation may not be effective in the event that the then outstanding bonds of the State Dormitory Authority issued to finance CUCF facilities are accelerated pursuant to the occurrence of an event of default under the related Dormitory Authority bond resolutions. In such event, all such outstanding bonds of the Dormitory Authority could be due and payable and could, to the extent of fifty percent of such principal amount, have a prior claim on Per Capita Aid. The Dormitory Authority has outstanding $905 million in such bonds. The State has, however, enacted legislation under which it commits, subject to annual appropriation, to reimburse the City for a portion of the CUCF share of the Dormitory Authority's debt service. The portion has increased to 100% in the City’s 1983 fiscal year with respect to debt issued for senior colleges. See “PART 8—CERTAIN DEVELOPMENTS AFFECTING THE STATE—Problems of Authorities and Localities”. 
Aggregate Sales and Stock Transfer Taxes

Assuming that the Sales Tax and Stock Transfer Tax collections (after deduction of costs of administration, collection and distribution) in each fiscal year remain at the levels for the 12 months ended March 31, 1983, see “PART 6—PAYMENT OF THE BONDS—Sales Tax” and “Stock Transfer Tax”, and operating expenses of the Corporation are $11.2 million (the estimate for the current fiscal year), the aggregate annual amount which would be available from the Sales Tax and the Stock Transfer Tax, if needed (the “Aggregate Sales and Stock Transfer Taxes”), to pay debt service of the Corporation is shown below:

Debt Service Requirements and Estimated Coverage Ratios

As shown above, Adjusted Per Capita Aid is approximately $409 million and Aggregate Sales and Stock Transfer Taxes are approximately $2,170 million, for a total of $2,579 million.

The following table shows the aggregate annual debt service payment requirements on the First Resolution obligations which have a prior claim to that of the Second Resolution Bonds on the Sales and Stock Transfer Taxes. The Series 45 Resolution and certain other resolutions include a covenant by the Corporation that it will not issue any obligations under the First General Bond Resolution, if the aggregate annual debt service in any fiscal year on all obligations issued and outstanding under the First General Bond Resolution would exceed $425 million (with certain adjustments with respect to up to $25 million of small denomination obligations).

In addition, the table shows the annual principal payments, interest payments and the aggregate debt service payment requirements on all outstanding Second Resolution Bonds assuming the issuance of all bonds which the Corporation is conditionally obligated to issue but excluding the Series 45 Bonds. The table also shows the coverage of aggregate annual debt service on Second Resolution Bonds by all revenues (Adjusted Per Capita Aid plus Aggregate Sales and Stock Transfer Taxes) after deducting from such revenues the aggregate annual debt service requirements with respect to the First Resolution Obligations.

There is no assurance that Adjusted Per Capita Aid, Aggregate Sales and Stock Transfer Taxes or operating expenses will in fact remain at the levels referred to above in subsequent years. Furthermore, the Corporation reserves the right to issue additional obligations pursuant to the First and Second General Bond Resolutions within the limitations contained in such Resolutions, the Series 45 Resolution, the credit agreements with the banks under the Commercial Paper Program and the Act.

(a) Includes Sinking Fund Installments

(b) Coverage ratios for the years 1996 to 2009 are not shown because of the relatively small amount of debt service in such years compared to the amount of revenues.

All revenues (Adjusted Per Capita Aid plus Aggregate Sales and Stock Transfer Taxes) would cover the aggregate of the debt service on all First and Second Resolution obligations, shown in the table above for the fiscal years 1984 through 1995, ranging from a low of 2.43 times in 1989 to a high of 3.09 times in 1995 and such coverages average approximately 2.69 times.
The Corporation anticipates that an aggregate of approximately $768 million, of which the Series 45 Bonds are a portion (excluding the bonds which the Corporation is conditionally obligated to issue) of additional First Resolution obligations and Second Resolution Bonds will be issued pursuant to the Debt Issuance Plan and that such issuance can be made within the issuance coverage tests imposed under the First and Second General Bond Resolutions, the Series 45 Resolution and certain other resolutions of the Corporation, see "PART 2—BONDS BEING OFFERED—Additional Bonds and Notes", on the basis of the assumptions described in this PART 7 and reflected in the above coverage table.

In addition to the aggregate debt service payments with respect to the First Resolution obligations shown in the above table, the Corporation is required to make deposits into the Capital Reserve Fund established pursuant to the First General Bond Resolution, which Fund is currently funded at not less than the required level.

PART 8—CERTAIN DEVELOPMENTS AFFECTING THE STATE

Although bonds of the Corporation are not obligations of the State, financial developments with respect to the State may affect the market for or market prices of the Corporation's securities and the sources of payment for the Corporation's securities. As described under "PART 6—PAYMENT OF THE BONDS", the revenues of the Corporation that are pledged to payment of debt service on the Second Resolution Bonds derive from Per Capita Aid and the Sales Tax and, in certain circumstances, the Stock Transfer Tax. The payment of these revenues to the Corporation is subject to appropriation by the State Legislature. The State Legislature has made appropriations to the Corporation for each of the State's fiscal years since the inception of the Corporation, including appropriations for the State's current fiscal year, and it is expected, but the Corporation has no assurance, that the State Legislature will make such appropriations for subsequent fiscal years. It is possible that the willingness of the State Legislature to make such appropriations in the future may be affected by the financial condition of the State, which may in turn depend upon the financial condition of the City. Such willingness might also be adversely affected if the Secretary of the Treasury withheld payments to the State as an offset against any claim the Secretary might have in connection with the issuance of Federal guarantees of obligations of the State.

The factors affecting the State's financial condition are complex, and the following description constitutes only a brief summary. This PART 8 is based entirely on information supplied by the State.

Long-Term Trends

The State and the City face serious potential long-term economic problems. The City accounts for approximately 40% of the State's population and personal income, and the City's financial health affects the State in numerous ways.

The State has long been one of the wealthiest states in the nation. For decades, however, the State economy has grown more slowly than that of the nation as a whole, resulting in the gradual erosion of its relative economic affluence. The causes of this relative decline are varied and complex, in many cases involving national and international developments beyond the State's control. Part of the reason for the long-term relative decline in the State economy has been attributed to the combined state and local tax burden, which is among the highest in the nation. The existence of this tax burden limits the State's ability to impose higher taxes in the event of future financial difficulties.

Recently, the State has been relatively successful in bringing the rate of growth in the public sector in the State into line with the slower expansion in the private economy. Prior to those efforts, annual increases in expenditures at both the State and local levels exceeded the increases in revenues generated by economic growth and were therefore financed in part through tax increases at both levels of government.
The burden of State and local taxation, in combination with the many other causes of regional economic dislocation, may have contributed to the decisions of businesses and individuals to relocate outside, or not locate within, the State. Certain manufacturing facilities have relocated to other states. This trend has been partially offset by the location of some new manufacturing facilities in the State and by expansion of existing facilities in the State. While no sustained reversal of the State's relative economic position has been projected, the actions taken to date, in combination with many other causes of regional economic changes, have slowed this trend. During 1980 and 1981, personal income growth in the State exceeded that of the rest of the nation. In the second half of 1981 and for 1982 the State unemployment rate was below that of the nation. Overall economic activity declined less in the State than in the nation as a whole over the last two years.

Financial Developments—Fiscal Years 1975-1983

During the last several years, some of the State’s public benefit corporations (the “Authorities”) and municipalities (in particular, the City) have faced extraordinary financial difficulties, which have affected the State’s own financial condition. These events, including a default on short-term notes issued by the New York State Urban Development Corporation (“UDC”) in February 1975, which default was cured shortly thereafter, and a continuation of the financial difficulties of the City, created substantial investor resistance to securities issued by the State and by some of its municipalities and Authorities. For a time, in late 1975 and early 1976, these difficulties resulted in a virtual closing of public credit markets for State and many State-related securities.

In response to the financial problems confronting it, the State developed and implemented programs for its 1977 fiscal year that included (i) the adoption of a balanced budget on a cash basis (a deficit of $92 million that actually resulted was financed by issuing notes that were paid during the first quarter of the State’s 1978 fiscal year), (ii) a $4.53 billion borrowing plan, (iii) a plan (the “Authority Build-Out Plan”) to meet the borrowing requirements through September 30, 1978 of four Authorities (the “Build-Out Authorities”) and (iv) provisions for appropriations to certain Authorities as part of a program to complete projects under construction and to avoid defaults on their outstanding obligations. In addition, legislation was enacted limiting the incurrence of additional so-called “moral obligation” and certain other Authority debt, which legislation does not, however, apply to debt of the Corporation.

The 1978 fiscal year saw an improvement in the financial condition of the State, its Authorities and municipalities generally, although certain municipalities (including the City) and certain Authorities continued to face financial difficulties. The State adopted and adhered to a balanced budget, with receipts and expenditures of approximately $11.18 billion. For its 1979, 1980 and 1981 fiscal years, the State achieved balanced budgets with receipts and expenditures of $11.9 billion, $13.2 billion and $15.2 billion, respectively. For its 1982 fiscal year, the State achieved a balanced budget with receipts and expenditures of $16.782 billion. During the 1982 fiscal year, the State had full access to the public credit markets for its borrowing needs.

In addition to cash-based reports for fiscal years 1981 and 1982, the Comptroller has reported the State’s 1981 and 1982 comprehensive (all funds) operating results and financial position for such fiscal years in accordance with generally accepted accounting principles (“GAAP”). Because the State’s financial accounting system in effect during such fiscal years was designed to facilitate cash reporting and not GAAP modified accrual reporting, the Comptroller used certain accrual estimates and assumptions in preparing the GAAP financial statements. Such financial statements have not been audited by independent certified public accountants.

When reported in accordance with GAAP, the State’s governmental funds group shows a net operating deficit of $328 million for fiscal year 1982. This net operating deficit reflects operating deficits in the General Fund and Capital Projects Funds of $339 million and $82 million, respectively, which were offset by operating surpluses of $55 million and $38 million in Debt Service Funds and Special Revenue Funds, respectively.

19
The State's combined balance sheet as of March 31, 1982 reflects an accumulated deficit in the State's governmental funds in the amount of $2.071 billion. This deficit includes an accumulated deficit in the General Fund of $2.697 billion and a net accumulated surplus of $626 million in the other three governmental fund types.

For its 1981 fiscal year, the State reported a restated GAAP operating deficit for its governmental funds of $239 million. This governmental funds operating deficit included restated operating deficits of $278 million in the General Fund and $80.6 million in the Special Revenue Funds Group, partially offset by operating surpluses of $46 million in the Capital Projects Fund Group and $73.6 million in the Debt Service Funds Group.

Although the General Fund in the 1983 State Financial Plan was balanced when formulated in May 1982, the State incurred a cash basis operating deficit of $549 million in that year. The deficit was caused, in part, by a reduction in receipts due to the failure of the national and State economies to recover from the recent recession at the time assumed in the original budget projections, the actions of the Legislature in mandating, over the Governor's veto, certain additional disbursements and the failure of the Legislature to enact certain proposals designed to prevent diversion of General Fund receipts to support mass transit. These unfavorable developments were, in part, offset by available reserves in the original 1983 State Financial Plan, higher than projected lottery receipts, and a series of expenditure control actions. The State financed this cash basis operating deficit through the issuance of $500 million in tax and revenue anticipation notes issued in January 1983 and maturing in December 1983, and through the use of available General Fund balances.

Program for the 1984 Fiscal Year

Until the 1983 fiscal year the State maintained its financial records and reported the results of its operations on a cash basis. The Accounting, Financial Reporting and Budget Accountability Reform Act of 1981 ("Chapter 405") provides for a phased changeover of the State's financial reporting systems from a cash basis to a system which will conform with GAAP. In preparation for the presentation of the financial plan of the State in accordance with GAAP beginning with the 1985 fiscal year, the financial plan for the State's 1984 fiscal year, although presented on a cash basis, incorporates the fund classifications required by GAAP. Therefore, the 1984 State Financial Plan includes considerably more transactions than plans of prior years, which included transactions in only one fund, the general fund. The major operating fund of the State remains the General Fund (as restructured). Therefore, this section summarizes the 1984 State Financial Plan (as defined below), with particular emphasis on the General Fund.

The State's General Fund projections for the 1984 fiscal year show anticipated receipts of $19.154 billion, an increase of $2.103 billion (12%) over the total receipts in the 1983 fiscal year. Of the projected amount, $500 million will be impounded for payment of the tax and revenue anticipation notes issued in January 1983 to finance the major portion of the State's 1983 deficit. Total disbursements in the State's 1984 fiscal year are projected to be $18.603 billion and the year-end balance in the General Fund is required by law to be increased by $51 million to restore certain fund balances depleted in prior years. The projection of disbursements reflects an increase of $1.090 billion (6%) over the total amount disbursed in the 1983 fiscal year.

General Fund receipts are categorized in the 1984 State Financial Plan as taxes, miscellaneous receipts, Federal grants and transfers from other funds.

Taxes, which account for 94% of total General Fund receipts, are projected to total $17.926 billion, up $2.491 billion (16%) from the amount collected during the 1983 fiscal year. Of this increase, $975 million reflects increases in the rates or bases or both of certain taxes and fees and other revenue measures. Of the
increase in total taxes, approximately $1.301 billion represents higher personal income tax collections, $546 million represents higher receipts from user taxes and fees, and $601 million represents higher receipts from business taxes. The projection of personal income tax receipts does not reflect the payment of any refunds on calendar 1983 tax liability during the 1984 fiscal year.

Miscellaneous receipts and Federal grants, which account for approximately 4% of General Fund receipts, or $991 million, are projected to decline 17%, largely due to the absence of several nonrecurring transfers of cash balances from insurance-related funds.

General Fund disbursements are categorized in the 1984 State Financial Plan as grants to local governments, State operations, general State charges, debt service and transfers to other funds.

Disbursements for grants to local governments from the General Fund are projected at $11.145 billion, or approximately $593 million (5.6%) greater than during the 1983 fiscal year. Spending increases in this area include: (i) $359 million for the funding of the Human Services Overburden Program; (ii) $251 million for the funding of Medicaid and other social services programs; (iii) $234 million for education, higher education and tuition assistance programs; and (iv) $43 million for mental hygiene programs. These increases are offset, in part, by reductions in spending for special mass transportation operation assistance ($105 million) and changes in payment schedules for education aid and certain other local assistance programs that have the effect of deferring $235 million in spending into the 1985 fiscal year.

Disbursements for State operations from the General Fund are projected at $4.734 billion, an increase of $278 million (6.2%) from the 1983 fiscal year. This level of disbursements reflects the reduction in the size of the State’s workforce projected in the 1984 State Financial Plan by approximately 11,000 positions through layoffs, attrition and transfers of positions to other funds and through the implementation of an incentive program to encourage early retirement. This projected level of spending reflects increases of (i) $76 million for agencies involved in criminal justice activities; (ii) $68 million for health-related and mental health-related activities; and (iii) $68 million for human services and educational agencies.

Disbursements for general State charges from the General Fund are projected at $1.398 billion, an increase of $108 million (8.4%) from the 1983 fiscal year, including: (i) $38 million for retirement system payments; (ii) $20 million for increased employer social security costs; and (iii) $38 million for health and dental insurance and contributions to employee benefit funds.

Disbursements for the payment of interest on tax and revenue anticipation notes and bond anticipation notes are projected at $236 million, approximately $1 million more than during the 1983 fiscal year.

Transfers to other funds, projected to aggregate $1.090 billion, primarily reflect the need to place moneys in other State funds for payment of debt service on State general obligation debt and for tax supported capital construction.

The State Comptroller will issue GAAP-based financial statements for the State’s 1983 fiscal year by July 29, 1983. The State’s balance sheet as of March 31, 1983 is required by Chapter 405 to be certified by an independent firm of certified public accountants. Based on preliminary estimates made in March 1983, which could be materially different from the audited results, the State Comptroller projects that there will be a deficit on a GAAP basis in the General Fund of between $750 million and $850 million as compared to a GAAP operating deficit of $339 million in fiscal 1982. This GAAP-based operating deficit in the General Fund for the 1983 fiscal year, compared with the cash basis operating deficit of $549 million, is primarily attributable to an estimated decline in net receivables at March 31, 1983.

21
On November 10, 1982, Standard and Poor's Corporation reduced its rating on the general obligation bonds of the State from AA- to A+, citing the State's continued use of one-time revenues, increased use of income tax refund deferrals, rising seasonal cash requirements and borrowings and the increase in the size of the projected deficit for the 1983 fiscal year from the July 1982 projection. At the same time, Standard and Poor's Corporation also reduced its rating on certain bond issues of various Authorities, not including the Corporation. On November 12, 1982, Moody's Investors Service reduced its rating on outstanding State tax and revenue anticipation notes from MIG-1 to MIG-2. Ratings reflect the views of the respective rating agency and explanations of such ratings may be obtained from each of the rating agencies. Any action by a rating agency to lower the credit rating on any outstanding indebtedness of the State may have an adverse impact on the market for the Corporation's bonds.

Problems of Authorities and Localities

The fiscal stability of the State is related, at least in part, to the fiscal stability of its localities and Authorities. Various Authorities have issued bonds secured, in part, by non-binding statutory provisions for State appropriations to maintain various debt service reserve funds established for such bonds (commonly referred to as "moral obligation" provisions).

At March 31, 1983, there was outstanding $17 billion aggregate principal amount of bonds issued by Authorities which are either guaranteed by the State or supported by the State through lease-purchase arrangements or moral obligation provisions of which the Corporation's bonds totalled approximately $7.4 billion. Debt service on outstanding Authority obligations is normally paid out of revenues generated by the Authorities' programs or projects, but in recent years the State has provided special financial assistance, in some cases of a recurring nature, to certain Authorities for operating and other expenses and for debt service pursuant to moral obligation indebtedness provisions or otherwise. Additional assistance is expected to be required in the State's 1984 fiscal year and future years.

Certain Authorities continue to experience financial difficulties, especially those Authorities conducting housing programs. Rising operating costs require increased rents or fees on projects financed by various Authorities. The inability or unwillingness of the residents or users of such projects to pay such increases has led to increasingly serious financial difficulties at a number of such projects. These difficulties could adversely affect the fiscal stability of certain of the programs of the Authorities involved and have increased the likelihood that the State will be requested to make appropriations to such Authorities pursuant to moral obligation provisions or otherwise.

HFA and UDC face significant financial difficulties with some of the projects on which they hold mortgages. Seven HFA housing projects were more than one month in arrears in their monthly mortgage repayment escrow deposits due as of February 15, 1983. The most significant of the projects in arrears is Co-op City, on which HFA holds a mortgage with an original principal amount of $390 million. Co-op City has been in arrears from time to time in its monthly mortgage payments and, from August 1980 until October 1981, made no cash payments. As a result of mortgage payment delinquencies of Co-op City and, to a substantially lesser extent, of certain other projects, HFA has been required to withdraw a total of $117.4 million between November 1975 and March 31, 1983 from the debt service reserve fund securing the Non-Profit Housing project bonds to make debt service payments on such bonds. Approximately $22.3 million of such withdrawals were made during the State's 1983 fiscal year. At the end of each of the State's fiscal years, HFA's Non-Profit Housing debt service reserve fund must contain an amount equal to the maximum debt service on such bonds due in any succeeding calendar year. Such reserve fund has been replenished for all withdrawals made through March 31, 1983 by payments from the State of approximately $85.9 million pursuant to the moral obligation provisions of the statutes authorizing HFA's Non-Profit Housing project bonds and from funds otherwise legally available to HFA for such purposes. In addition, between November
1979 and March 31, 1983, HFA was required to withdraw $13.6 million from the debt service reserve fund securing its General Housing bonds to make debt service payments on such bonds. Such reserve fund has been replenished by payments of approximately $4.8 million from the State and from funds otherwise legally available to HFA for such purposes. The 1984 State Financial Plan contains a reserve for HFA which will not be appropriated until HFA certifies the amount required, but which the State expects to be sufficient to replenish HFA's debt service reserve funds for withdrawals from such funds made during the State's 1984 fiscal year.

UDC has approximately $913 million of long-term general purpose bonds outstanding as of November 30, 1982. At that date the debt service arrears on UDC/PFA mortgages aggregated approximately $124.9 million, excluding an aggregate of $16.9 million in payments deferred pursuant to various workout arrangements. UDC is, and for an extended period of time is expected to be, dependent upon the State for appropriations which will be substantial to enable it to meet its financial requirements including debt service on its general purpose bonds. In March 1982, UDC projected that it would need $192 million in State appropriations between 1980 and 1991. This projection included $92.5 million for State fiscal years 1984 through 1991. In a recent review of this projection, the State Comptroller, while recognizing the difficulty of accurately forecasting UDC's long-term requirements for State appropriations for UDC's housing programs and administrative expenses, determined that these requirements could be significantly higher than UDC's estimates. In addition, UDC expects that it will need no State appropriations for debt service during the State's 1984 fiscal year.

Battery Park City Authority ("BPCA"), which issued moral obligation bonds in 1972 to finance the development of Battery Park City in lower Manhattan, did not begin to receive revenues from this project until its 1981 fiscal year, but it is now receiving revenues from both residential and commercial development underway at the project site. The 1984 State Financial Plan includes $2.9 million for BPCA to cover debt service on BPCA's 1972 moral obligation bonds, and BPCA expects to continue to require State appropriations totalling an additional $28.3 million for these purposes through the State's 1987 fiscal year.

The Dormitory Authority (the "DA"), which finances facilities for various public and non-profit institutions in the State, had entered into approximately $504 million in repurchase agreements with Lombard-Wall, Incorporated when that firm filed for reorganization under the Federal Bankruptcy Code in August 1982. The DA believes, however, that the payments it has since received from Lombard-Wall, together with other moneys currently available to it, will enable the DA to complete the various projects for which moneys were invested in these repurchase agreements, and the State does not expect that the DA's losses of approximately $19.6 million will have a material adverse effect on the State's finances during the 1984 fiscal year.

Another problem faced by certain Authorities is that future increases in operating costs may result in a need for increased rents, fees or user charges in Authority-financed projects, particularly residential housing projects and medical care facilities. Inability or unwillingness to pass increased costs on to residents or users of such projects would adversely affect the fiscal stability of the Authorities, and possibly cause the State to be requested to make appropriations to support such projects. There is no assurance, however, that the Legislature would make such appropriations.

Failure of the State to appropriate necessary amounts or to take other action to permit the Authorities to meet their obligations could result in a default by one or more of the Authorities. If a default were to occur, it would likely have a significant adverse effect on the market price of obligations of the State and its Authorities, including the Corporation.

Certain localities other than the City may face financial problems during the State's 1983 fiscal year and thereafter. The anticipated and potential problems stem, in part, from the litigations and judicial decisions relating to property tax assessments and rates and pension contributions by such localities, as well as from
longer range economic trends. Such factors may result in the inability of certain localities to achieve balanced budgets during the State’s 1984 fiscal year.

New York City’s metropolitan area is heavily dependent on the subway and bus lines within the City operated by the New York City Transit Authority and the Manhattan and Bronx Surface Transit Operating Authority (collectively, the “TA”) and on the rail lines operated by the Metropolitan Transportation Authority (the “MTA”), which include the Long Island Railroad and rail lines serving suburban New York and Connecticut. Service levels on all such lines have been declining. The MTA attributes this decline in part to policies of equipment maintenance deferral and to the need to keep aging equipment and other assets in service as a result of low capital expenditure levels in recent years.

For the period ending December 31, 1983, the MTA is projecting a balanced budget, but only after receiving substantial assistance from the State. In 1981, several taxes were enacted to produce substantial revenues for the MTA and TA, but these revenues are expected to be substantially less than originally projected. In addition, the legality of certain of these taxes is the subject of pending litigation. In December 1982, in response to the MTA’s projection of a $300 million deficit for the period July 1, 1982 through December 31, 1983, the Legislature enacted a two-year surcharge on taxes paid by banks, insurance companies, utilities and other corporations on business activity attributable to the twelve-county region served by the MTA, which is expected to produce an aggregate of $270 million each year for transportation purposes, including $135 million each year to subsidize the TA and $95 million each year to subsidize the MTA’s commuter rail lines. The MTA expects the remaining funds needed to eliminate its projected deficit through December 31, 1983 to be derived from continued Federal operating subsidies enacted in December 1982.

Certain factors may affect the MTA’s projections through calendar year 1983. In his proposed budget for the Federal fiscal year ending September 30, 1984, the President has recommended measures that would reduce by as much as 68% the currently anticipated $108 million in these Federal operating subsidies expected to be available to the MTA in the fourth quarter of 1983. However, unless Congress, which has failed to adopt similar recommendations in prior years, adopts the President’s proposal, the level of such funding assumed by the MTA for 1983 will be available. In addition, the 1984 State Financial Plan includes an appropriation to the MTA under the mass transit operating assistance program of $115.7 million but, for the first time in several years, requires an equal appropriation from localities and counties within the MTA region, thus effectively increasing the local share of MTA operating assistance under this program by $19.1 million for the State’s 1984 fiscal year as compared to the State’s 1983 fiscal year. The MTA’s projection of a balanced budget in calendar 1983 depends upon timely payment of this additional local share requirement by localities and counties within the MTA region. Should any of the assumptions used by the MTA in arriving at its 1983 projections prove incorrect, the MTA could incur deficits in calendar year 1983 and would therefore be required to seek additional State assistance or increase fares.

As a result of projected increases in operating expenses, the MTA is currently projecting a TA operating deficit of $225 million (compared with a $205 million gap projected in February 1983 by the Office of the State Special Deputy Comptroller (“OSDC”) and a $232 million gap projected in the January Modification. For further information concerning the January Modification and the OSDC report, see “PART 9—Certain Developments Affecting the City”) and a commuter rail operating deficit of approximately $75 million in calendar year 1984. To eliminate these projected deficits, the MTA is expected to request additional State or local assistance, to seek additional Federal aid, to increase user charges, to reduce service levels, or to seek some combination of these actions, prior to the beginning of calendar year 1984.

Legislation was also enacted in 1981 to provide for additional sources of capital financing for mass transportation in the metropolitan region. This legislation, which recognizes and expressly does not relieve the City of its obligation to provide for the capital needs of the TA, also recognizes that the capital needs of the MTA and TA are far in excess of the funding sources authorized in the legislation. The Legislature
expressed its intentions to follow the progress of the projects financed from the sources therein authorized and to review the limitations therein contained as necessary.

Litigation

Certain litigations pending against the State or its officers or employees could have a substantial or long-term, adverse effect on State finances. Among the more significant of these litigations are those that involve: (i) the validity and fairness of agreements and treaties by which the Oneida and Cayuga Indians transferred title to the State of approximately 6 million acres of land in central New York; (ii) certain aspects of the State’s Medicaid rates and regulations, including reimbursements to providers of mandatory and optional Medicaid services; (iii) the care and housing for individuals released from State mental health facilities; (iv) the treatment provided at several State mental hygiene facilities; (v) the conduct of the State, HFA, and the State Commissioner of Housing and Community Renewal in the construction, financing, supervision and management of Co-op City; (vi) contamination in the Love Canal area of Niagara Falls; (vii) certain aspects of the State’s plan to construct Westway; (viii) educational accommodations for learning disabled students at a State University; (ix) alleged employment discrimination by the State University of New York; (x) alleged State negligence following polychlorinated biphenyl contamination of the Binghamton State Office Building; (xi) the constitutionality of State legislation providing for gross receipts taxes on oil company revenues, including the new tax enacted on March 28, 1983; and (xii) the constitutionality of the imposition of an additional sales tax in the MTA region.

Additionally, a suit was commenced on April 13, 1982, in Supreme Court, New York County, in which the plaintiffs challenge a section of the 1982 budget bill. That section required the transfer of $190 million from the State Insurance Fund’s assets to the State’s General Fund. The State Insurance Fund is a State agency which provides Workers’ Compensation Insurance for employers. Should the plaintiffs prevail, the State would be required to return the monies it has received, plus interest. In February 1983, the court upheld the transfer in all respects against the plaintiffs’ claims. An appeal is now pending.

On September 29, 1982, an additional suit was commenced which challenges the same section of the budget bill requiring the transfer of a total of $204 million from various other funds to the State’s General Fund. The State received these monies during its 1983 fiscal year. Should the plaintiffs prevail, the consequences would be similar to those discussed in the preceding paragraph.

PART 9—CERTAIN DEVELOPMENTS AFFECTING THE CITY

Although bonds of the Corporation are not obligations of the City, financial developments with respect to the City, may affect the market for or market prices of the Corporation’s securities. The Corporation believes that its ability to repay the Second Resolution Bonds is not dependent upon the financial condition of the City. However, economic and demographic conditions in the City may affect the levels of Sales Tax receipts and Per Capita Aid. During the time the Series 45 Bonds are outstanding, financial developments and other matters concerning the City will be the subject of reviews and reports by various agencies of Federal and State Government, see “PART 10—VARIOUS CONTROL PROGRAMS.”

This section describes the City’s actual operating results for the 1982 fiscal year, projections for the 1983 and 1984 fiscal years, major assumptions and uncertainties with respect to such projections, and some of the financial difficulties the City is expected to face in the future. It provides only a brief summary of the complex factors affecting the City’s financial condition. This section is based entirely on information reported to the Corporation by the City, the staff of the Control Board, and the OSDC, or as presented in the City’s four year financial plans or the Official Statements prepared by the City in connection with the issuance of its securities, or contained in other reports and statements referred to herein.

Fiscal Years 1975-1982

During 1975 the City became unable to market its securities and entered a period of extraordinary financial difficulties. In response to this crisis, the State created the Corporation and enacted the Emergency Act, which created the Control Board. See “PART 10—VARIOUS CONTROL PROGRAMS.” Among other State
actions was an advance to the City at the end of the City's 1975 fiscal year of $800 million of State assistance moneys due the City in the succeeding fiscal year (an action repeated in each of the next three fiscal years).

The City took a number of steps which were intended to enable it to balance its budget and to regain access to the public credit markets. As required by the Emergency Act, these included accounting reforms and development of a three year financial plan (the "Three Year Financial Plan") to provide for a budget balanced in accordance with accounting principles then permitted by State law by the 1978 fiscal year.

In order to provide both seasonal and long-term financing for the City for fiscal years 1976 through 1978, a number of actions were taken. The City and the Federal Government entered into an agreement which provided the City with seasonal financing for the period. Certain City pension funds agreed to provide the City with long-term financing by purchasing City bonds and the City's sinking funds exchanged City notes for City bonds. In addition, bonds of the Corporation were: (1) purchased by certain commercial banks and City pension funds, (2) sold to the public, and (3) exchanged for outstanding City notes. In November 1975, the State Legislature enacted the New York State Emergency Moratorium Act, which suspended the rights of holders of short-term notes of the City to bring suit to enforce payment of such notes. The State Court of Appeals subsequently held the Moratorium Act unconstitutional and all of such notes have either been paid or exchanged for bonds of the Corporation.

During the 1976 through 1978 fiscal years, the City, among other actions, took steps to reduce the number of its employees, entered into labor contracts consistent with the assumptions contained in the Three Year Financial Plan and with the wage guidelines adopted by the Control Board, began charging general tuition at the City University of New York, and received additional State and Federal aid. Under the Three Year Financial Plan, the City Comptroller reported, in accordance with the accounting principles permitted by State law, operating deficits of $968 and $329 million, for the 1976 and 1977 fiscal years, respectively. The City Comptroller has estimated that without the two major deviations from GAAP permitted by State law the reported deficits for the 1976 and 1977 fiscal years would have been approximately $1.870 billion and $1.039 billion, respectively. The financial statements for those two years, however, are unaudited and may contain substantial errors as well as other deviations from GAAP.

As required by the Act, beginning with its 1978 fiscal year, the City's financial statements have been audited by independent accounting firms. The statements for fiscal year 1978 through 1980 report results both in accordance with the accounting principles permitted by State law which allowed certain deviations from GAAP and in accordance with GAAP. Under the accounting principles permitted by State law, the General Fund balances for fiscal 1978, 1979, and 1980 showed surpluses of $32 million, $216 million and $145 million respectively; when reported in accordance with GAAP, the General Fund showed a deficit of $712 million, $422 million and $356 million, respectively. The City's financial statements for fiscal 1981 and 1982 were reported in accordance with GAAP and showed a surplus of $128 million and $41 million, respectively. During the 1982 fiscal year, the City took various measures which, had they not been taken, would have caused the surplus to increase by $338 million. These measures included $298 million of authorized transfers for debt service, $30 million representing the prepayment of a portion of the City's subsidy to the TA and $10 million prefunding of educational expenditures subject to Federal reimbursement. The opinion of the independent accountants for the 1982 audit was subject to pending real estate tax certiorari proceedings, which, if decided adversely to the City, could have a substantial financial impact on the City. See "Litigation" in this Part 9.

Although the City accomplished the budgetary and accounting objectives of the Three Year Financial Plan, it did not regain access to the public credit markets during its 1978 fiscal year. The City, the Corporation, the Control Board and others, therefore, proposed a combination of actions intended to provide for the City's long-term financing through the 1982 fiscal year and to enable the City to reenter the public credit markets. These proposals resulted in: (1) the development of the Debt Issuance Plan and a financial plan for the 1979 through the 1982 fiscal years, (2) an extension of the Control Board, (3) an increase in the Corporation's debt issuance authority, (4) authorization for the Federal guarantee of certain City bonds, (5)
elimination of the State advance and (6) reduction of the City's seasonal financing requirements. The State and Federal legislation necessary to undertake this program was enacted, and in November 1978 the Agreements implementing the Debt Issuance Plan were signed.

In March 1981, the City reentered the long-term public credit markets with an issue of $75 million of its bonds and in July and November 1981, the City sold another $100 million and $75 million of its bonds, respectively. In March 1982, the City sold an additional $75 million of its bonds, thereby exceeding its portion of the bonds to be sold publicly during the 1982 fiscal year under the Debt Issuance Plan. The City has sold publicly approximately $352 million of its bonds in the 1983 fiscal year. These bond issues received an investment grade rating from Standard & Poor's Corporation. Moody's Investors Service, Inc. rates City bonds at the highest non-investment grade rating. Since 1979, the City has been able to obtain an increasing portion of its seasonal financing needs through the sale of short-term notes to the public, and in the 1981 and 1982 fiscal years, the City obtained all of its seasonal financing requirements in that manner. The City has sold $700 million of its short-term obligations for seasonal financing purposes in the 1983 fiscal year, thereby satisfying its projected requirement for such year.

Pursuant to the Act and the Emergency Act, the City is required to submit by May 12 of each year for review and approval by the Control Board a financial plan for the next four fiscal years, covering the City and certain agencies subject to the provisions of the Emergency Act (the “Covered Organizations”). The four year financial plan must be reviewed quarterly and may be modified from time to time during the fiscal year upon request of the City and approval of the Control Board. The Emergency Act requires that the City provide for a budget balanced in accordance with GAAP for fiscal years 1982 and thereafter, a requirement that the City has fulfilled for the 1981 and 1982 fiscal years.

**Fiscal Years 1983-1986**

Pursuant to the Financial Emergency Act, the City submitted to the Control Board on May 12, 1982 a proposed financial plan for the City and its Covered Organizations covering the 1983 through 1986 fiscal years. Subsequently, the City withdrew the submitted plan stating that, due to the City's inability to project the cost of pending labor settlements and other uncertainties, it could not prepare a complete four year financial plan in conformance with the requirements of the Financial Emergency Act prior to the beginning of the fiscal year. Pursuant to State law, on June 30, 1982, the Control Board formulated and adopted for fiscal 1983 an interim financial plan for the City and its Covered Organizations (the “1983 Interim Plan”) on the basis of projections and assumptions developed and previously submitted by the City, the City's Adopted Budget and certain other information. Tentative labor settlements were not concluded until October 1982.

As a result of the continued uncertainty with respect to the local impact of the weak national economy and the labor settlements with the City’s employees, the Mayor in October 1982 instituted a temporary hiring freeze, and ordered all City agencies to prepare plans to achieve expenditure reductions aggregating 2.25% in the 1983 fiscal year and 7.5% in the 1984 fiscal year.

The City, on November 17, 1982, submitted to the Control Board a proposed modification to the 1983 Interim Plan covering the 1983 through 1986 fiscal years (the “1983 Proposed Plan”). The 1983 Proposed Plan cited the increased costs of the labor settlements and the effects of the lingering national recession as major factors necessitating revisions in revenue and expenditure projections from those stated in the adopted budget for the 1983 fiscal year (the “Adopted Budget”). The City estimated that an additional $248 million in labor costs and a $100 million shortfall in projected tax revenues, partially offset by a $7 million increase in projected miscellaneous revenues, would create a $341 million budget gap in the 1983 fiscal year and that an additional $755 million of labor costs and $103 million in tax revenue reductions in the 1984 fiscal year, when added to an already projected gap of $406 million and a projected reduction in miscellaneous revenues of $76 million, would result in a $1.34 billion budget gap for fiscal 1984. The 1983 Proposed Plan included the costs of the recent labor settlements between the City and various unions representing its employees for the 1983 and 1984 fiscal years but assumed a 2% increase in labor costs beginning in the 1985 fiscal year.
The 1983 Proposed Plan included certain actions to reduce expenditures and raise revenues which it projected would result in a budget surplus of $13 million in the 1983 fiscal year and budget gaps of $841 million, $1,084 billion, and $922 million in the 1984 through 1986 fiscal years, respectively.

The City, in the 1983 Proposed Plan, included a variety of measures to eliminate the 1983 projected gap and to partially alleviate the 1984 projected gap. Among proposed expenditure reductions were $148 million and $280 million in agency spending in the 1983 and 1984 fiscal years, respectively. Personnel reductions were to be achieved primarily through attrition and reorganization. The resulting loss of services was to be partially offset by productivity and management improvements. Cost savings were also expected to be achieved through reductions in previously projected debt service, a reduction in the general reserve, and amendments related to calculation of pension cost estimates.

Revenue enhancement programs as set forth in the 1983 Proposed Plan consisted largely of proposed additional tax measures and State aid. The proposed tax package included a number of proposed tax measures which, if enacted in their entirety, would yield a maximum of $388 million of new taxes for fiscal 1984. These taxes are subject to the approval of the State Legislature or City Council or both. The 1983 Proposed Plan included revenue from additional taxes of $22 million in fiscal 1983 and $200 million of the above-referenced $388 million in fiscal 1984. The package included a new 10% tax on capital gains realized from real estate transfers valued over $1 million, increases in the real estate tax and the commuter earnings tax rates, and accelerated collections of certain corporations' estimated tax liabilities, conforming City practice to Federal tax requirements. The 1983 Proposed Plan contained $200 million of additional State aid for the 1984 fiscal year, a reduction from $297 million assumed for that year in the revised financial plan for the 1982 through 1985 fiscal years submitted to the Control Board in April 1982.

The budget gaps remaining for the 1984 through 1986 fiscal years, after giving effect to the expenditure reductions and revenue enhancements set forth above, were expected to be closed through a combination of City and State actions for such years, including Federal actions in fiscal 1985 and 1986, certain of which were expected to be detailed in the January submission of the City's 1984 preliminary budget.

After the City's submission of the 1983 Proposed Plan, in a report issued December 15, 1982, the OSDC stated that after the City gap closing actions contained in the 1983 Proposed Plan, the City would still face a $112 million budget gap in fiscal 1983, and projected that the 1984 budget gap would be $893 million.

The State Comptroller, in a letter to the Mayor dated November 12, 1982, stated that the City's fiscal problem was critical, given the significant decline in revenue growth, State budget problems and decreased Federal aid, combined with the $1.5 billion labor settlement. He also stated, in a letter to the Mayor dated November 19, 1982, that the 1983 Proposed Plan as it related to the 1983 fiscal year did not adequately address the City's financial problems.

In response to discussions with the Control Board and its own ongoing monitoring of financial developments, the City revised the 1983 Proposed Plan and, on December 22, 1982, submitted a complete Financial Plan for the City and the Covered Organizations including the TA, covering the 1983 through 1986 fiscal years (the "1983 Revised Plan"). After giving effect to additional reductions in the City work force, the receipt of accelerated corporate tax payments, a component of the City's tax package set forth in the 1983 Proposed Plan which has been enacted at the State level, and an expected reduction in certain additional State aid which had been included in the projections contained in the 1983 Proposed Plan, the 1983 Revised Plan projected a City budget balanced for fiscal 1983 and a projected 1984 gap of $611 million. The City proposed to close the projected 1984 gap through a combination of expenditure reductions and enhanced revenues in addition to those contained in the 1983 Proposed Plan. The expenditure reductions in the 1983 Revised Plan included a decrease of 14,400 planned City-funded positions by the end of the 1984 fiscal year, such decrease being 9,400 above the reduction level reflected in the 1983 Proposed Plan. These reductions were comprised of 6,600 to be achieved through attrition, 1,200 through the elimination of planned personnel additions and up to 6,600 through layoffs by the end of the 1984 fiscal year. Additional revenues included a
further $100 million in taxes which may include a tax on securities transfers. The City did not withdraw its request for the additional State aid, the receipt of which would ameliorate the need to implement all or a portion of the expenditure reductions and revenue enhancements included in the 1983 Revised Plan.

The staff of the Control Board, in a report issued on December 21, 1982, concluded that the 1983 Revised Plan complied with the standards of the Financial Emergency Act and recommended its adoption. The 1983 Revised Plan was approved by the Control Board on December 22, 1982.

On January 18, 1983, the City submitted a proposed modification to the 1983 Revised Plan to the Control Board (the "January Modification"). This proposed modification, as supplemented for fiscal 1987 and prepared for submission to the City Council and Board of Estimate, also satisfies the requirement in the City Charter that the City prepare for submission to the Board of Estimate and City Council in January a financial plan for the four ensuing fiscal years and which, with respect to fiscal 1984, constitutes the 1984 Preliminary Budget. The January Modification projects a GAAP-balanced budget for the 1983 fiscal year with revenues and expenditures of $15,480 billion, and budget gaps of $580 million, $882 million, and $748 million for the 1984 through 1986 fiscal years, respectively. The supplemental information provided to the Board of Estimate and City Council projects a budget gap of $710 million for the 1987 fiscal year.

In the January Modification, the City includes measures necessary for it to increase its revenues and decrease its expenditures in order to balance its fiscal 1984 budget. The January Modification, in projecting balanced revenues and expenditures for fiscal 1984, takes account of continuing reductions of City tax revenues due to adverse developments with regard to the economy and new expenditure needs, while refining its expenditure reduction program.

The January Modification reflects the tax measures proposed in the 1983 Revised Plan with the addition of a proposed temporary stock transfer tax surcharge estimated to provide the City with additional revenues of approximately $150 million annually over a three year period, if enacted. Revenues from the proposed taxes are estimated to provide a maximum of $498 million, of which $260 million is sought by the City for the 1984 fiscal year. These taxes are subject to the approval of the State Legislature or City Council or both.

The City, in the January Modification, did not project State aid levels above those contained in the 1983 Revised Plan because of the State’s own continuing fiscal difficulties but continued to request additional aid from the State. The City did, however, propose measures which, if enacted by the State, would provide relief from certain mandated City expenditures. Among the proposed aid measures are the continuation of the State’s assumption of a greater portion of City Medicaid costs with a view to a phased total assumption of such costs and a redistribution of State aid to education in line with the issues set forth in Levittown v. Nyquist. Other revenue measures, such as expanded tax enforcement and increases in user fees, charges and fines, are also set forth in the January Modification.

The Governor, in his submission of the Executive Budget to the Legislature on February 1, 1983, proposed measures the net effect of which would provide in excess of $200 million in additional aid above the level projected for fiscal years 1983 and 1984 in the January Modification, including the continuation of current funding for Medicaid costs and a redistribution of State education aid. On March 28, 1983, the Legislature concluded action on the State budget for the State fiscal year commencing on April 1, 1983. The State budget provides the City with a net of $34 million in additional aid for fiscal years 1983 and 1984 above the aid levels projected in the January Modification. The Governor proposed a phased five-year takeover of all but 10 percent of the local costs of Medicaid and also proposed that the State assume 100% of the costs of growth in the Medicaid program commencing in calendar year 1984. The State estimates that these provisions, if enacted, would provide the City with an additional $195 million in aid in fiscal year 1984, which would represent a $75 million increase above the level of aid which would be received if existing Medicaid appropriation levels were to be continued in the State fiscal year commencing on April 1, 1984. For a discussion of the State’s financial difficulties, see "Part 8—Certain Developments Affecting the State."
The City, in the January Modification, has revised its estimate of agency spending, including the employee attrition and layoff program. Savings from management improvements, program reductions, changes in funding sources and other reductions are expected to provide $488 million in fiscal 1984. The City expects a reduction in personnel levels of 11,400 employees by the end of the 1984 fiscal year from the levels contained in the 1983 Adopted Budget. Of this amount, 4,600 is expected to result from layoffs. The City has also revised downward its debt service and general reserve estimates from the 1983 Revised Plan.

These revenue and expenditure measures, among others, are projected in the January Modification to result in a GAAP-balanced budget for the 1984 fiscal year. Budget gaps for the 1985 and 1986 fiscal years are projected to be closed by a combination of City, State and Federal actions.

On February 15, 1983, the OSDC issued a report on the January Modification. This report concludes that a GAAP-balanced budget for the 1983 fiscal year is clearly attainable, and that a surplus, potentially as great as $198 million (which would largely result from proposals contained in the State's Executive Budget submitted after the January Modification), is possible. The OSDC report, citing overly optimistic tax and revenue estimates by the City and the possibility of certain expenditures exceeding the City's forecasts, has estimated a fiscal 1984 gap of $729 million. After giving effect to continuing actions proposed to begin in the 1983 fiscal year, the carryforward of a portion of the 1983 potential surplus and those gap-closing actions proposed by the City which the OSDC considers likely to be realized for the 1984 fiscal year, the OSDC report has estimated a gap remaining of approximately $268 million in fiscal 1984.

The staff of the Control Board, in a report issued on February 16, 1983, has also concluded that the City should have little difficulty achieving a GAAP-balanced budget for fiscal 1983, taking into account the actions proposed in the State's Executive Budget and certain debt service adjustments occurring after the submission of the January Modification. The staff report has also projected a gap for fiscal 1984 of $530 million, an amount which does not give effect to any of the gap-closing programs in the January Modification scheduled to begin in the 1984 fiscal year. After giving effect to certain of these gap-closing programs and assuming legislative enactment of substantially all City-related actions proposed in the State's Executive Budget, the staff report has projected a GAAP-balanced budget for fiscal 1984 while citing various factors which could threaten the City's ability to close the 1984 projected gap. These factors include sharp reductions in planned levels of State assistance, presently unforeseen difficulties with the City's proposed expenditure reduction and revenue enhancement programs, and less favorable economic conditions.

The January Modification was approved by the Control Board on February 17, 1983. At a subsequent meeting held on April 8, 1983, the Control Board approved certain debt service payment and financing adjustments that would allow the use of $158 million of the current City-projected fiscal 1983 surplus over a two-year period commencing in the 1984 fiscal year.

The City expects to submit a proposed budget for the 1984 fiscal year to the City Council and Board of Estimate by April 26, 1983. The fiscal 1984 budget is expected to reflect a reduced need for additional taxes and lower workforce reductions than those projected in the January Modification, resulting from an improved outlook on the City economy and State aid since the adoption of the January Modification.

**Litigation**

The notes to the City's audited financial statements for the 1982 fiscal year report that the City is a defendant in a significant number of lawsuits pertaining to material matters including those claims asserted which are incidental to performing routine governmental and other functions. As of June 30, 1982, claims in excess of $42 billion were outstanding against the City for which the City estimated its aggregate potential future liability to be $936 million. The 1983 Revised Plan contains provisions for the settlement of judgments and claims, other than the real estate tax certiorari proceedings described below, in the amount of $120 million for each of the 1983 through 1986 fiscal years.

Numerous real estate tax certiorari proceedings are presently pending against the City on grounds of alleged overvaluation of assessed property, inequality of assessments and illegality of assessments. An adverse decision to the City involving the inequality issue could have a negative financial impact on the City. The City has reported that as of June 30, 1982, the estimated potential exposure to the City in these cases could amount to approximately $1.36 billion (in addition to $220 million provided for estimated refunds based on
overvaluation). Provision was made in the 1983 Revised Plan for estimated refunds for overpayments of real estate taxes in amounts of approximately $50 million in the 1983 through 1986 fiscal years based on an analysis of claims settled within recent fiscal years and pending certiorari proceedings. In response to these problems, on December 3, 1981, State legislation was enacted (the "1981 Legislation") which, among other things, authorized the City to assess real property according to four classes and makes certain evidentiary changes in real estate tax certiorari proceedings. On January 7, 1982, the State Court of Appeals held that assessments in the City may be challenged on the ground of inequality either on a section-wide or City-wide basis, and that the prohibition in the 1981 Legislation against introduction of the State equalization rate as a method of proving inequality in all such pending proceedings involving the City did not violate equal protection and due process rights. On June 17, 1982, the State Court of Appeals upheld the introduction at trial of the State equalization rate as a method of proving inequality where a judgment had been entered before the enactment of the 1981 Legislation.

Also pending are various proceedings commenced by Consolidated Edison Company of New York, Inc., against the City and others alleging that the assessments of its real property within the City for the fiscal years 1975 through 1982 were erroneous on several grounds, including inequality and overvaluation. The City has denied all material allegations and all liability.

On February 10, 1977, Alfred Kirchner, a retired City teacher, commenced an action in the United States District Court for the Southern District of New York against the trustees of the Teachers' Retirement System of The City of New York ("TRS") and certain other defendants. The complaint, as subsequently amended in November 1981, alleges that: (i) the TRS defendants have breached their fiduciary duties and violated the Federal securities laws in connection with certain TRS transactions in City securities and (ii) the City has failed to provide for its unfunded accrued liability to active members of the TRS in violation of the State Constitution. Plaintiff seeks: (i) damages from the allegedly improper TRS transactions; (ii) a ruling requiring the defendants to fund fully and segregate from other assets of the City certain reserve funds; and (iii) a judgment restoring certain investment standards with regard to such reserve funds. On December 23, 1981, the City answered, denying plaintiff's allegations. On March 8, 1983, the District Court granted the defendants' motion for summary judgment and dismissed the complaint. The plaintiff has filed a Notice of Appeal in the United States Court of Appeals for the Second Circuit.

On August 1, 1975, Women in City Government United, purporting to represent all female employees of the City and certain Covered Organizations, commenced a class action in the United States District Court for the Southern District of New York against the City, the City Employees' Retirement System and its officers and trustees and others. Plaintiffs allege that certain retirement plans discriminate against female employees in violation of the United States Constitution and certain Federal statutes and regulations. The complaint seeks a declaratory judgment that the alleged discriminatory practices are illegal and unconstitutional and injunctive relief. On April 24, 1981, the Court granted plaintiffs' motion for summary judgment in regard to liability on their federal statutory claim, but deferred judgment, pending a trial, as to the appropriate relief to be granted. On December 21, 1982, the District Court granted plaintiffs leave to amend the complaint to include claims under the Federal Equal Pay Act and the State Human Rights Law. The pension systems' chief actuary has estimated that an adverse decision applicable to the relevant actuarial pension systems could result in prospective liability of approximately $862 million present valued on an actuarial basis at 7½ percent per annum. The actual payments required to fund this liability over a period of 16 years covering the expected future working life of affected pension systems members total $991 million, consisting of $82 million per year for the first ten years, $31 million for the eleventh year and $28 million for each of the subsequent five years. If past benefit levels were required to be increased to the levels of the advantaged sex, an additional annual cost of approximately $29.8 million would be required for each year such levels were made retroactive. An adverse decision based on the Equal Pay Act may increase the estimated cost of such retroactive relief.

Federal Bankruptcy Legislation

The City projects meeting its cash needs through the 1986 fiscal year from its own revenues, Federal and State aid, seasonal borrowings, and the sale of the City's and the Corporation's bonds pursuant to the Debt
Issuance Plan. If the City’s cash sources are insufficient to meet its obligations, Federal and State statutes provide for certain remedies under Chapter 9 of the Federal Bankruptcy Code.

Chapter 9 permits any State political subdivision or agency to file a petition for relief under its provisions if the subdivision or agency is authorized to do so by State law. Both the City and the Control Board (on behalf of the City) are so authorized, and either could file such a petition if the City were (a) insolvent or unable to meet its debts as they mature, (b) desirous of effecting a plan to adjust its debts, and (c) able to meet the other prerequisites for filing a Chapter 9 petition with respect to negotiations between the City and its creditors and other matters. Any plan to adjust the City’s debts would become effective only upon court approval, after the requisite approval by creditors of the City has been obtained.

Although the filing of such petition might have a general adverse effect on the economic health of the City, the Corporation believes that such a filing would not have a materially adverse effect on the Corporation’s ability to repay its obligations, including the Series 45 Bonds. The filing of such a petition, as with other financial developments with respect to the City, might affect the market for and market prices of the Corporation’s securities.

PART 10—VARIOUS CONTROL PROGRAMS

This Part describes the powers of the Corporation to aid the City, the requirements imposed upon the City by the Act and the Emergency Act, and the powers of the Corporation and the Control Board to review and take action with respect to the City’s compliance with such requirements.

The Corporation

The Act authorizes the Corporation to make direct payments to or purchase obligations of the City. At the time of payment to the City, the City is required to agree to observe and perform a number of statutory conditions which the Corporation may modify from time to time, but may not waive. The Act provides that the statutory conditions, as modified by the Corporation and agreed to by the City, shall cease to apply when all bonds and notes of the Corporation have been repaid or such payment is provided for as specified in the Act.

The statutory conditions are designed to (i) reform and unify the City’s system of accounting, (ii) provide independent review of the City’s expenditures, and (iii) establish limits and controls over the City’s debt-incurring power. These conditions, and the City’s compliance therewith to date, may be briefly summarized as follows:

(i) The City has adopted as its method of accounting the accounting principles permitted by State law. The City’s audited financial statements provided to the Corporation for the City’s 1978, 1979 and 1980 fiscal years were prepared and those to be prepared for each subsequent fiscal year are to be prepared in accordance with GAAP, with the adjustments necessary to show results in accordance with the accounting principles permitted by State law for fiscal years through 1981.

(ii) The Act requires the City to comply with various provisions of the Emergency Act relating to balanced budgets, provisions for debt service and other financial requirements. The City is required to submit its proposed operating budgets (and any subsequent increases in expenditures therein) and operations reports for each fiscal year and each quarter to the Corporation for review to determine whether the City is adhering to an operating budget in which revenues equal or exceed expenditures under the accounting principles permitted by State law.

(iii) The Act sets forth limitations for issuance by the City of its short-term notes. The Corporation is required to police these limitations by making an advance determination as to whether a proposed issuance of short-term obligations by the City violates these limitations and by reporting any adverse determination to the City Comptroller, who is then prohibited from issuing such obligations.
The Corporation anticipates that these limitations will not prevent the City from issuing any short-term obligations to meet its seasonal needs.

If the Board of Directors of the Corporation determines, after review of the City's books and records and consultation with the Mayor, that the City's operating budget will not be balanced in accordance with State law, or that any of the conditions summarized above have not been fulfilled or should be modified, the Corporation must notify the Governor, the Mayor and certain other State and City officials and must disclose such determinations to the public.

Control Board

The Control Board, created pursuant to the Emergency Act in 1975, is composed of the Governor and the Comptroller of the State, the Mayor and the Comptroller of the City and three appointees of the Governor: G.G. Michelson, Stanley S. Shuman and Lee P. Oberst. Comer S. Coppie is the Executive Director of the Control Board. The Office of the Special Deputy State Comptroller assists the Control Board and the Corporation in carrying out their functions. Elinor B. Bachrach is Special Deputy State Comptroller.

The most significant powers of the Control Board are exercisable during a "control period," defined in the Emergency Act to mean the period ending when (i) there is no longer effective or outstanding any Federal guarantee (see "PART 5—DEBT ISSUANCE PLAN"), (ii) the Control Board has determined that the City has adopted and adhered to an operating budget balanced in accordance with GAAP for each of the three immediately preceding fiscal years, and (iii) the State and City Comptrollers have jointly certified that securities sold by or for the benefit of the City during the preceding and current fiscal year in the public market satisfied the capital and seasonal financing requirements of the City during such period and that there is a substantial likelihood that such securities can be sold in the public credit markets through the end of the next succeeding fiscal year in amounts that will satisfy substantially all of the capital and seasonal financing requirements of the City during such period. Thereafter, a control period is to be reimposed by the Control Board at such times and for such durations as are made necessary by the actual (or substantially likely and imminent) occurrence of certain events relating to the City's ability to pay debt service on its bonds and notes when due or its ability to adopt or adhere to a balanced operating budget or to satisfy its capital and seasonal financing needs in the public credit markets. After the termination of a control period, the Control Board is required to consider annually whether, in its judgment, any of the specified events has occurred. No control period may extend beyond the earlier of (i) July 1, 2008 or (ii) the date when all notes or bonds containing the 1978 State Covenant remain outstanding and there is no longer effective or outstanding any Federal guarantee.

During a control period, the four year financial plans for the City and the Covered Organizations, including modifications thereof, are subject to review and approval by the Control Board. In addition, the Control Board must formulate and adopt a financial plan, in the event a plan shall not have been approved prior to the beginning of the first fiscal year covered by such plan, and may modify a plan, in the event a modification required pursuant to the Emergency Act shall not have been approved within the time period specified by such Act. The Control Board is required to disapprove a financial plan or financial plan modification if the plan or modification is incomplete or fails to comply with the applicable standards specified in the Emergency Act, except that the Control Board may authorize a method of phasing into the operating budgets the requirements of any changes in GAAP over a reasonable period if immediate compliance would cause a substantial adverse impact on the delivery of essential services. The Control Board may also approve modifications to a financial plan that would cause the financial plan to no longer be in compliance with the applicable standards if compliance would result in a material adverse impact upon the delivery of essential services because of unforeseen events during the fiscal year. Beginning with the 1983 fiscal year, any deficit in the results of the City's operations must be provided for in the following fiscal year.

The Control Board's current program for determining the City's compliance with its financial plan includes monitoring the City's system of monthly expenditure projections and quarterly allocations for each agency, review of cost reduction programs, and review of revenue by category on an ongoing basis.
For the duration of a control period all revenues, funds and accounts of the City and any covered organization are revenues, funds and accounts of a fund established pursuant to the Emergency Act (the "Board Fund") and are held for the account of the City or the appropriate covered organization except to the extent prohibited by law or previous agreement relating to outstanding securities and except for moneys deposited into the City general debt service fund or repayment accounts for tax or revenue anticipation notes. Responsibility for disbursements from and day-to-day management of the Board Fund is in the hands of the City, although the Control Board has established procedures through which it may assume immediate control of such fund, subject to certain conditions. The Control Board has the power to exempt revenues, funds or accounts from these requirements.

In addition to its responsibilities with respect to the four year financial plans, during a control period the Control Board is also charged with responsibility for the review and approval of proposed contracts and certain obligations of the City and the covered organizations, and, in coordination with the Corporation, the approval of long-term or short-term borrowing by the City or any covered organization.

PART II—AGREEMENT OF THE STATE OF NEW YORK

In the legislation which established the Corporation in 1975, the State pledged to and agreed with the holders of the Corporation's bonds, that the State will not limit or alter the rights vested by the Act in the Corporation to fulfill the terms of any agreements made with holders of any such bonds, or in any way impair the rights and remedies of such holders, until any such bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. The Corporation has included such pledge in the Second General Bond Resolution.

In addition, pursuant to legislation enacted in 1978, the City is authorized and the Corporation is required to include the 1978 State Covenant in any agreement with holders or guarantors of their notes or bonds. By the terms of the 1978 State Covenant, the State agrees not to take any action that will (a) substantially impair the authority of the Control Board during a control period to approve, disapprove or modify any financial plan or modification, to disapprove contracts of the City or covered organizations, to approve or disapprove proposed borrowings of the City or covered organizations, and to establish procedures for deposits to and disbursements from the Board Fund; (b) substantially impair the authority of the Control Board to review financial plans and modifications, contracts and proposed borrowings of the City or covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the Control Board so that a majority of the voting members are not elected State officials or appointees of the Governor; (e) terminate the existence of the Control Board before the earlier of July 1, 2008 or the date when all notes or bonds containing the 1978 State Covenant are no longer outstanding and there is no longer effective or outstanding any Federal guarantee; (f) substantially modify the requirement that the City's financial statements be independently audited; or (g) alter the definition of control period or substantially alter the authority of the Control Board to impose or terminate a control period. The Emergency Act provides that the pledge and agreement of the State shall cease to be effective when notes and bonds subject to the pledge are no longer outstanding or when sufficient moneys have been set aside for their payment.

Enactment of the 1978 State Covenant was considered by the Financial Institutions to be an essential condition to their participation in the Debt Issuance Plan. In the opinion of Bond Counsel, given to the Financial Institutions and City Pension Funds pursuant to the Financing Agreement, while the matter is not free from doubt, the 1978 State Covenant is enforceable, provided a court would hold that the pledge is an "important security provision" of the bonds, "subject at all times to the proper exercise of the State's reserved police power." The enforceability of the 1978 State Covenant is subject to various factual requirements and legal uncertainties and there can be no assurance that any purchaser seeking to enforce the 1978 State Covenant will be able to meet such factual requirements or that such legal uncertainties will be resolved in favor of such enforcement.
PART 12—MANAGEMENT

Under the Act, the Corporation is administered by a Board of Directors (the “Board”), consisting of nine directors. All of the directors are appointed by the Governor with the advice and consent of the State Senate; four of the directors are appointed upon written recommendation of the Mayor. The Act also provides for the appointment of representatives to the Board (the “Representatives”) by certain State or City officials or bodies politic. The Representatives are entitled to receive notice of and to attend all meetings of the Board but are not entitled to vote. In addition, the State Comptroller or his representative is entitled to attend and participate in the meetings of the Board but is not entitled to vote.

The Act provides that no director (and no Representative) may be an officer or employee of the Federal Government or of the State or of any political subdivision thereof.

The present members of the Board and the Representatives of the Corporation, and the expiration dates of their respective terms of office are as follows:

Mr. Scaff is a resident of New York City.
PART 13—LITIGATION

The Corporation is not party to any litigation. Various actions challenging the constitutionality of the imposition and appropriation of the Sales Tax and Stock Transfer Tax to the Corporation have all been dismissed with the State’s highest court affirming the constitutionality of the Sales Tax and Stock Transfer Tax as security and sources of payment for the Corporation’s obligations. The United States Supreme Court dismissed an appeal from the State court ruling for lack of a substantial Federal question.

PART 14—SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION

The following is a summary of certain provisions of the Second General Bond Resolution. The summary is not comprehensive or definitive and is subject to all of the terms and provisions of the Resolution, to which reference is hereby made and copies of which are available from the Corporation. The Capital Reserve Aid Fund is referred to hereinafter as the “Capital Reserve Fund,” Section references, unless otherwise indicated, are to the Resolution.

Certain Defined Terms

“Bonds” means all bonds issued pursuant to the Second General Bond Resolution.

“Bond Service Fund” means the fund by that name established by Section 602.

“Capital Reserve Fund” means the fund by that name established by Section 602.

“Capital Reserve Fund Requirement” means, as of any date of calculation, the amount referred to as the capital reserve fund requirement in subdivision 4 of Section 3036-a of the Act, including, as provided in Section 901 for such purposes, any unpaid and matured amounts of principal and interest on the Bonds or such larger amounts as may hereafter be authorized pursuant to the Act as amended from time to time.

“First General Bond Resolution” means the General Bond Resolution dated July 2, 1975, as heretofore and hereafter supplemented in accordance with the terms thereof.

“Fiscal Year” means any twelve consecutive calendar months commencing with the first day of July and ending on the last day of the following June.

“Operating Expenses” means the Corporation’s expenses of carrying out and administering its powers, duties and functions, as authorized by the Act, as then in effect, and includes administrative expenses, legal, accounting and consultants’ services and expenses, payments to pension, retirement, health and hospitalization funds, and any other expenses required or permitted to be paid by the Corporation under the provisions of the Act, as then in effect, or the Resolution or the First General Bond Resolution or otherwise.

“Operating Fund” means the fund by the name established by Section 604 of the First General Bond Resolution.

“Outstanding” means, as of any date, Bonds theretofore or then being delivered under the provisions of the Resolution, except: (i) any Bonds cancelled by the Trustee at or prior to such date, (ii) any Bonds for the payment or redemption of which monies equal to the principal amount or Redemption Price thereof, with interest to the date of maturity or redemption date, shall be held by the Trustee or the Paying Agents in trust, (iii) any Bonds in lieu of or in substitution for which other Bonds shall have been delivered pursuant to Article III or Section 406 or Section 1106, and (iv) Bonds deemed to have been defeased.
“Paying Agent” for the Bonds of any Series means the bank or trust company and its successor or successors, appointed pursuant to the Resolution and a Series Resolution or any other resolution of the Corporation adopted prior to authentication and delivery of the Series of Bonds for which such Paying Agent or Paying Agents is so appointed.

“Per Capita Aid” shall mean the amounts of per capita aid payable to the City pursuant to Section 54 of the State Finance Law, as the same may be amended from time to time.

“Redemption Price” means, with respect to any Bonds, the principal amount thereof, plus the applicable premium, if any, payable upon redemption thereof pursuant to the Resolution and the Series Resolution.

“Resolution” means the Second General Bond Resolution as from time to time amended or supplemented by Supplemental Resolutions or Series Resolutions in accordance with the terms and provisions thereof.

“Revenues” means all payments to the Corporation pursuant to Section 3036 and 3036-a of the Act except any payments to the Operating Fund.

“Serial Bonds” means the Bonds so designated in a Series Resolution.

“Series of Bonds” or “Bonds of a Series” or words of similar meaning means the Series of Bonds authorized by a Series Resolution.

“Series Resolution” means a resolution of the Corporation authorizing the issuance of a Series of Bonds in accordance with the terms and provisions thereof adopted by the Corporation in accordance with Article X of the Resolution.

“Sinking Fund Installment” means as of any date of calculation and with respect to any Series of Bonds, so long as any Bonds thereof are outstanding, the amount of money required, by the relevant Series Resolution, to be paid at all events by the Corporation on a single future July 1 for the retirement of any Outstanding Bonds of that Series which mature after such July 1, but does not include any amount payable by the Corporation by reason only of the maturity of a Bond.

“Special Aid Account” means the special account created for the Corporation in the State Aid Fund.

“State” means the State of New York.

“State Aid Fund” means the Municipal Assistance State Aid Fund established pursuant to Section 92-c of the State Finance Law.

“Stock Transfer Tax” means the tax on the sale or transfer of stock or other certificates imposed by Article 12 of the Tax Law of the State.

“Supplemental Resolution” means a resolution supplemental to or amendatory of the Resolution, adopted by the Corporation in accordance with Article X of the Resolution.

“Term Bonds” means the bonds so designated in a Series Resolution and payable from Sinking Fund Installments.

“Trustee” means United States Trust Company of New York and its successor or successors and any other bank or trust company at any time substituted in its place pursuant to the Resolution.

(Resolution, Section 101)
The Pledge Effected by the Resolution

The proceeds of the sale of the Bonds, the Revenues and all Funds established by the Resolution (except for the Operating Fund) are pledged to the payment of the Bonds. The pledge created by the Resolution is subordinate to the pledge of the revenues, moneys and securities and funds pledged under the First General Bond Resolution.

(Resolution, Section 601)

Establishment of Funds

The Resolution establishes the Bond Service Fund and Capital Reserve Fund, both of which are held by the Trustee.

(Resolution, Section 602)

Application of Payments

If the amount of any payment received is less than the amount certified by the Chairman of the Corporation, such amount shall be applied pro rata to the respective Funds on the basis of the amounts as certified.

(Resolution, Section 603)

Operating Fund

The Corporation shall pay out of the Operating Fund the amounts required for the payment of Operating Expenses.

(Resolution, Section 604)

Bond Service Fund

1. On or before the business day preceding each date of a required payment on any Bonds, the Trustee shall pay, from the Bond Service Fund, to itself and the Paying Agents, the amount required for such payment.

2. If the amount in the Bond Service Fund shall be less than the amounts required to be paid pursuant to paragraph 1 above, the Trustee shall withdraw from the Capital Reserve Fund such amount as will be sufficient to make such payment.

3. As soon as practicable after the 45th day preceding the date of any Sinking Fund Installment, the Trustee shall call for redemption the specified amount of Term Bonds to be retired by such Sinking Fund Installment.

4. The Corporation may, after July 2 in any year but not less than 45 days prior to the date on which a Sinking Fund Installment is due, direct the Trustee to purchase, with moneys in the Bond Service Fund, at a price not in excess of par, plus unpaid interest accrued to the date of such purchase, Term Bonds payable from such Sinking Fund Installment. Term Bonds so purchased shall be credited against the Sinking Fund Installment due on such date.

(Resolution, Section 605)

Capital Reserve Fund

1. The Corporation shall deposit into the Capital Reserve Fund (i) all moneys paid to the Corporation pursuant to Section 3036-a of the Act for the purpose of maintaining or restoring the amount in such Fund to the Capital Reserve Fund Requirement; (ii) such portion of the proceeds of sale of Bonds as shall be prescribed by a Series Resolution; and (iii) any other moneys which may be made available to the Corporation for such purposes.
2. At any time after December 31, 1980, moneys and securities in the Capital Reserve Fund in excess of the Capital Reserve Fund Requirement, upon direction of the Corporation, may be deposited to the credit of the Bond Service Fund.

3. The Chairman of the Corporation shall annually, on or before December 1, make and deliver to the Governor and Director of the Budget of the State a certificate stating the sum, if any, required to restore the Capital Reserve Fund to an amount equal to the Capital Reserve Fund Requirement.

4. Moneys and securities held in the Capital Reserve Fund may, and at the direction of the Corporation shall, be withdrawn therefrom by the Trustee and deposited in the Bond Service Fund for the purchase or redemption of Bonds at any time; provided that subsequent to such withdrawal, the amount in the Capital Reserve Fund will not be less than the Capital Reserve Fund Requirement.

(Resolution, Section 606)

**Maintenance of Certain Funds**

In order to assure the maintenance of the Operating Fund, the Bond Service Fund and the Capital Reserve Fund, not less than 120 days before the beginning of each Fiscal Year (but prior to February 12 in each calendar year), the Chairman of the Corporation shall certify to the State Comptroller and to the Mayor, with a copy of such Certificate to the Trustee, a schedule setting forth the cash requirements of the Corporation for such Fiscal Year and the time or times when such cash is required, which certification shall be revised from time to time as required. The total amount so certified by such Chairman for such Fiscal Year shall be equal to: (i) the amounts which are required to maintain the Capital Reserve Fund at the Capital Reserve Fund Requirement; (ii) the amounts required to be deposited in the Bond Service Fund to make all principal and interest payments on Bonds due during such Fiscal Year; and (iii) the amounts required to be deposited in the Operating Fund as determined by the Corporation, to meet the Operating Expenses of the Corporation during such Fiscal Year. In order further to secure the Bonds, each payment (to be made on or before April 12, June 25, October 12 and January 12) by the State Comptroller to the Corporation in accordance with such certification shall be an amount, after taking into account moneys then in the Bond Service Fund and available for purposes of the Bond Service Fund during such Fiscal Year, not less than the sum of (A) 50% of the interest on all outstanding Bonds payable within six months after the end of the quarterly period for which such payment is made plus (B) 25% of the principal and premium, if any, on all Bonds and Sinking Fund Installments of the Corporation payable within one year after the end of the quarterly period for which such payment is made and of such amount, if any, as may be required to be paid into the Capital Reserve Fund during the Fiscal Year of the Corporation of which such quarterly period is a part. Notwithstanding the foregoing, the Corporation covenanted to make the certifications referred to above at such times and in such amounts as shall be necessary to coincide with the State procedures for payment of Per Capita Aid or other sources of revenues and as shall be necessary to make the deposits required herein and to make principal and interest payments on the Bonds when due. If any increase shall occur in the cash requirements specified above, or if payments are required at a time or times earlier than previously certified, or if the City shall for any reason fail to make timely payment of the principal and accrued interest due on any obligation issued by the City to the Corporation and maturing within the same Fiscal Year, the Chairman shall certify a revised schedule of cash requirements for such Fiscal Year to the State Comptroller and to the Mayor. The schedule accompanying each certification (or revision thereof) shall provide for such payment dates as the Corporation deems appropriate to assure that sufficient funds will be available to meet the obligations of the Corporation as they become due. The Chairman shall exclude from consideration in making any such certification with respect to the funds required by the Corporation for payment of principal of or interest on the Bonds, any amounts due to be received as payment of principal of or interest on obligations of the City held by the Corporation.

(Resolution 607)
Creation of Liens

The Corporation shall not issue any indebtedness, other than the Bonds secured by the Capital Reserve Fund, and shall not create any lien prior to the Bonds on the Bond Service Fund, provided, however, that nothing shall prevent the Corporation from issuing (i) indebtedness under a separate resolution if the lien created by such resolution is not prior or equal to the charge or lien created by the Resolution and (ii) obligations issued in accordance with the applicable provisions of the First General Bond Resolution.

(Resolution, Section 907)

General

The Corporation shall not amend the First General Bond Resolution in any manner which would have a material adverse effect on the Bondholders, provided, however, that nothing shall prevent the issuance of obligations upon the terms as provided in the First General Bond Resolution. No such obligations shall be issued if such issuance would cause the amounts available for debt service on the Bonds to be less than 1.2 times the maximum aggregate amount of debt service on the Bonds for each Fiscal Year of the Corporation.

(Resolution, Section 909)

Additional Obligations

The Corporation reserves the right to issue its obligations under a separate resolution so long as the same are not entitled to a prior or equal lien with respect to the moneys pledged under the Resolution or with respect to proceeds from the Per Capita Aid, the Sales Tax or the Stock Transfer Tax.

(Resolution, Section 204)

Events of Default

The Resolution provides that it shall constitute an “event of default” if:

(a) the Corporation shall default in the payment of the principal of any Bond when due; or

(b) the Corporation shall default in the payment of interest on any of the Bonds and such default shall continue for a period of 30 days; or

(c) the Corporation shall fail or refuse to comply with the provisions of the Act relating to the certification of its quarterly requirements, or the State Comptroller shall fail to pay to the Corporation any amount or amounts as shall be certified by the Chairman of the Corporation pursuant to such provisions of the Act; or

(d) the Corporation shall fail or refuse to comply with the provisions of the Act relating to the certification of the amount required to maintain the Capital Reserve Fund at the Capital Reserve Fund Requirement, or the State shall fail to appropriate and pay to the Corporation any amount or amounts as shall be certified by the Chairman pursuant to such provisions of the Act; or

(e) the Corporation shall fail or refuse to comply with the provisions of the Act, other than as provided in (c) or (d) above, or shall default in the performance or observance of any other of the covenants, agreements or conditions on its part contained in the Resolution, any Series Resolution, any Supplemental Resolution, or in the Bonds, and such failure, refusal or default shall continue for a period of 45 days after written notice thereof by the holders of not less than 5% in principal amount of the Outstanding Bonds; or

(f) the State shall for any reason fail or refuse to continue the imposition of either the Sales Tax imposed by the Tax Law as the same may be from time to time amended or the Stock Transfer Tax
imposed by such Law as the same may be from time to time amended or if the rates of such taxes shall be reduced to rates less than those in effect on July 2, 1975; or

(g) the State shall fail to maintain the existence of either the special account in the Municipal Assistance Tax Fund or the Stock Transfer Tax Fund; or

(h) the State shall for any reason fail or refuse to apportion and pay Per Capita Aid or shall fail to maintain the State Aid Fund and the Special Aid Account therein or shall reduce the amount of Per Capita Aid payable during the current Fiscal Year to an amount less than the maximum amount of principal and interest on the Outstanding Bonds maturing or otherwise coming due in the current or any future Fiscal Year.

(Resolution, Section 1202)

Remedies

The Resolution vests the Trustee with all rights, powers and duties of a trustee appointed by Bondholders pursuant to the Act.

(Resolution, Section 1201)

Upon the happening and continuance of any event of default specified in paragraph (a) or (b) of Section 1202 of the Resolution, the Trustee shall proceed, or upon the happening and continuance of any event of default specified in paragraph (c), (d), (e), (f), (g), or (h), of said Section, the Trustee may proceed, and upon the written request of the holders of not less than 25% in principal amount of the Outstanding Bonds shall proceed, in its own name, to protect and enforce its rights and the rights of the Bondholders by such one or more of the following remedies, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights;

(a) by mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the Bondholders and to require the Corporation to carry out any other covenant or agreement with Bondholders and to perform its duties under the Act;

(b) by bringing suit upon the Bonds;

(c) by action or suit in equity, to require the Corporation to account as if it were the trustee of an express trust for the holders of the Bonds;

(d) by action or suit in equity, to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the Bonds; or

(e) in accordance with the provisions of the Act (including the requirement of 30 days notice to the Governor, the Corporation and the Attorney General of the State) to declare all Bonds due and payable, and if all defaults shall be made good, then, with the written consent of the holders of not less than 25% in principal amount of the Outstanding Bonds, to annul such declaration and its consequences.

In the enforcement of any remedy under the Resolution, the Trustee shall be entitled to sue for, enforce payment on and receive any and all amounts then or during any default becoming, and at any time remaining, due under any provision of the Resolution or a Series Resolution or of the Bonds, together with any and all costs and expenses of collection and of all proceedings thereunder, without prejudice to any other right or remedy of the Trustee or of the Bondholders.

(Resolution, Section 1203)

Series Resolutions and Supplemental Resolutions

The Corporation may adopt (without the consent of any Bondholders) a Series Resolution or Supplemental Resolution not inconsistent with the Resolution, to provide for the issuance of a Series of Bonds and specify the terms thereof; to add additional covenants and agreements for the purpose of further
securing the payment of the Bonds; to prescribe further limitations and restrictions on the issuance of Bonds; to surrender any right, power, or privilege reserved to the Corporation; and, with the consent of the Trustee, to cure any ambiguity or defect or inconsistent provision in the Resolution.

(Resolution, Section 1001)

Any of the provisions of the Resolution may be amended by a Supplemental Resolution with the written consent of the holders of at least 66²/₃% in principal amount in each case of (a) all Bonds then Outstanding, and (b) if less than all the Series of Bonds then Outstanding are affected, the Bonds of each affected Series; excluding, in each case, from such consent, and from the Outstanding Bonds, the Bonds of any specific Series and maturity, if such amendment by its terms will not take effect so long as any such Bonds remain Outstanding; provided that any such amendment shall not permit a change in the terms of redemption or maturity of the principal of or any installment of interest on any such Bond or make any reduction in principal, Redemption Price, or interest without the consent of the affected holder, or reduce the percentages of consents required for a further amendment.

(Resolution, Section 1101)

Amendments may be made in any respect with the written consent of the holders of all of the Bonds then Outstanding.

(Resolution, Section 1103)

**Investment of Funds**

The Corporation may direct the Trustee to invest moneys in the Bond Service Fund and the Capital Reserve Fund in (a) direct obligations of the United States of America, direct obligations of the State or obligates the principal and interest of which are guaranteed by the United States of America or the State, (b) any obligation issued by certain Federal agencies, (c) any other obligation of the United States of America or any Federal agencies which may then be purchased with funds belonging to the State of New York or held in the State Treasury, (d) interest-bearing time deposits, and (e) repurchase agreements covering obligations of issuers enumerated as aforesaid.

The Trustee shall not be liable or responsible for the making of any authorized investment made in the manner provided in the Resolution or for any loss resulting therefrom.

(Resolution, Sections 702 and 703)

**Defeasance**

1. If the Corporation shall pay or cause to be paid to the holders of all Bonds and coupons then Outstanding, the principal and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Resolution, then the covenants, agreements and other obligations of the Corporation to the Bondholders shall be discharged and satisfied.

2. Bonds or coupons or interest installments for the payment or redemption of which moneys shall have been set aside and shall be held in trust by the Trustee or any Paying Agent (through deposit by the Corporation of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and, with the effect expressed in paragraph 1 above. All Outstanding Bonds of any Series and all coupons appertaining to such Bonds shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with the effect expressed in such paragraph 1 above if (a) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or direct obligations of the United States of America, the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Trustee at the same time, shall be sufficient to pay, when due, the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (b), the Corporation shall have given the Trustee in form
satisfactory to it irrevocable instructions to publish a notice to the effect and in accordance with the procedures provided in the Resolution. Neither direct obligations of the United States of America or moneys deposited with the Trustee nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if applicable, and interest on said Bonds.

(Resolution, Section 1401)

PART 15—TRUSTEE

United States Trust Company of New York (the "Trust Company") is the Trustee under the First and Second General Bond Resolutions. Its principal offices are located at 45 Wall Street, New York, New York 10005. The Trustee has accepted the duties and responsibilities imposed upon it by the First and Second General Bond Resolutions and is vested with all of the rights, powers and duties of a trustee appointed by Bondholders pursuant to the Act. Upon the happening of an "event of default" as defined in the Second General Bond Resolution, the Trustee may, and in certain circumstances is required to, proceed to protect and enforce its rights and the rights of the Bondholders. See "PART 14—SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION." In the performance of its duties, the Trustee is entitled to indemnification for any act which would involve it in expense or liability and will not be liable as a result of any action taken in connection with the performance of its duties except for its own negligence or default. The Trustee is protected in acting upon any direction or document believed by it to be genuine and to be signed by the proper party or parties or upon the opinion or advice of counsel. The Trustee may resign at any time upon 60 days' written notice to the Corporation and publication thereof. Any such resignation shall take effect on the date specified in the notice, but in the event that a successor has been appointed, the resignation shall take effect immediately.

As of the date hereof, the Trust Company, which is a party to the Financing Agreement, owns $6,633 million of First Resolution obligations and $9,710 million of Second Resolution Bonds for its own account. The Trust Company has performed, and may in the future perform, certain banking services for the Corporation, including acting as warrant agent in connection with the issuance of warrants by the Corporation. In addition, the Trust Company acts as collateral agent on behalf of certain commercial banks in connection with the Commercial Paper Program.

PART 16—LEGAL INVESTMENT

The Second Resolution Bonds are legal investments, under present provisions of State law, for all public officers and bodies of the State and political subdivisions of the State and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks, and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of the State. Pursuant to the Act, the Second Resolution Bonds may be deposited with, and may be received by, all public officers and bodies of the State and all political subdivisions thereof and public corporations for any purpose for which the deposit of bonds or other obligations of the State is now or may hereafter be authorized.

PART 17—TAX EXEMPTION

In the opinion of Bond Counsel, interest on the Series 45 Bonds is exempt from (i) Federal income taxes under the existing statutes, and (ii) personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York), and the Series 45 Bonds are exempt from all taxation
directly imposed thereon by or under authority of said State, except for estate or gift taxes and taxes on transfers.

PART 18—LEGAL OPINIONS

All legal matters incident to the authorization, issuance, sale and delivery of the Series 45 Bonds are subject to the approval of Hawkins, Delafield & Wood, New York, New York, Bond Counsel to the Corporation. The approving opinion of Bond Counsel with respect to the Series 45 Bonds will be in substantially the form attached to this Official Statement as Exhibit B. Certain legal matters, including the accuracy and completeness of this Official Statement, will be passed on for the Corporation by its General Counsel, Paul, Weiss, Rifkind, Wharten & Garrison, New York, New York. Carter, Ledyard & Milburn, New York, New York, have acted as counsel for the Trustee.

PART 19—FINANCIAL STATEMENTS

The audited financial statements of the Corporation as at June 30, 1982 and the accompanying report thereon by Price Waterhouse, the Corporation’s independent accountants, and the unaudited financial statements of the Corporation for the six months ended December 31, 1982 are annexed hereto as Exhibit A. These statements do not give effect to: (i) the receipt on January 12, 1983, of sales tax revenues in the amount of $49 million for First Resolution purposes and $56.8 million for Second Resolution purposes; (ii) the prepayment by the City on January 11, 1983 of $72.1 million of obligations of the City held by the Corporation; (iii) the issuance in January 1983 of $28.965 million of Series 28 Bonds and $12.98 million of Series 36 Bonds; (iv) the issuance in January 1983 of approximately $150 million of Series 2 commercial paper notes; (v) the payment on February 1, 1983 of $66.9 million principal amount of First Resolution Bonds; (vi) the issuance on March 3, 1983 of $210 million of Series 44 Bonds and the dealliance of $184.16 million of Series JJ Bonds; and (vii) the receipt on April 12, 1983 of sales tax revenues in the amount of $167 million for Second Resolution purposes. The exhibits to the financial statements give effect to certain of such events.

MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK
NOTES TO FINANCIAL STATEMENTS

(All data relating to December 31, 1982 and the period then ended are unaudited)

NOTE 1—Organization and Functions of the Corporation:

Municipal Assistance Corporation For The City of New York (the "Corporation") is a corporate
governmental agency and instrumentality of the State of New York (the "State") constituting a public
benefit corporation. The Corporation was created by State legislation adopted in June 1975 (as amended to
date, the "Act") for purposes of providing financing assistance and fiscal oversight for The City of New York
(the "City"). To carry out such purposes, the Corporation, among other things, issues and sells bonds and
notes to pay or loan funds received from such sales to the City and exchanges the Corporation's obligations
for those of the City.

NOTE 2—Summary of Significant Accounting Policies:

The Debt Service Fund follows the modified accrual basis of accounting. Receipts from tax allocations
are recorded as received. Interest income from investments and interest expense on the Corporation's debt
are recorded on the accrual basis. The Corporation's debt is recorded at the principal amount of the
obligations outstanding. Original issue discounts are charged to the Debt Service Fund as incurred and
become part of funding requirements. Amounts required for the payment of debt service due on July 1 and
January 1 are accounted for as if paid on the immediately preceding June 30 and December 31, respectively,
by which date such amounts are segregated for that purpose by the Trustee under the bond resolutions. The
funding requirements of the Corporation reported in the Statement of Financial Position do not include
future interest requirements.

Debt service funds paid to the Corporation in advance of disbursement to bondholders are temporarily
invested pursuant to the terms of the bond resolutions and the income therefrom is credited to the Debt
Service Fund.

Investments in marketable securities held in the Capital Reserve and Guaranty Funds are carried at
amortized cost and investments in marketable securities in the Debt Service Fund are carried at the lower of
cost or market value, inclusive of accrued interest, in accordance with the bond resolutions pursuant to which
they were established. These investments consist of direct obligations of, or obligations guaranteed by, the
State or the United States of America, or in certain other permitted investments.

NOTE 3—Bonds of the Corporation; Authorization, Funding, Payment and Refunded Bonds:

Debt Authorization: The Corporation is authorized by the Act to issue obligations in an aggregate
principal amount of $10 billion, exclusive of obligations issued to refund outstanding obligations of the
Corporation and of notes issued to enable the City to fulfill its seasonal borrowing requirements. Pursuant to
the Act, new obligations of the Corporation may not mature later than July 1, 2008 and no new obligation
may be issued after December 31, 1984 except to renew or refund outstanding obligations. The Corporation
may issue such obligations provided their issuance would not cause certain debt service limitations and debt
service coverage ratios to be exceeded. See Exhibits I, II and III, which are an integral part of the
Corporation's Financial Statements.

Funding Methods: The Corporation funds its debt service requirements and operating expenses from the
State's collection of sales tax imposed by the State within the City at the rates formerly imposed by the City,
the stock transfer tax and certain per capita aid, subject in each case to appropriation by the State
Legislature. Net collections of such taxes and per capita aid not required by the Corporation are available to
the City.

MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK

NOTES TO FINANCIAL STATEMENTS—(Continued)

(All data relating to December 31, 1982 and the period then ended are unaudited)

All outstanding bonds are general obligations of the Corporation. The Corporation has no taxing power. The bonds are entitled to liens, created by pledges under the respective resolutions, on moneys paid into the debt service and capital reserve funds.

Debt service for obligations issued under the First General Bond Resolution is payable from funds paid into the Debt Service Fund from the State's Municipal Assistance Tax Fund, which is funded from revenues collected, less the State's charges for collection and administration, from the sales tax and, if necessary, the stock transfer tax. In 1977, the State enacted a program of gradually increasing rebates for all stock transfer tax payers. Rebates equal to 100% of the tax began on October 1, 1981. The legislation provides that taxpayers are to continue to pay the stock transfer tax at the present rate but will be entitled to a 100% rebate should the Corporation not require the funds. To date, the Corporation has not found it necessary to use the revenues derived from the stock transfer tax to pay its debt service. Based on present projections, the Corporation does not anticipate that it will be necessary to utilize these revenues in the future, although no assurance can be given that they will not be so required.

The net revenues from such sales and stock transfer taxes which were collected by the State during the twelve month periods ending June 30, 1982 and December 31, 1982 amounted to $1,932.1 million and $2,106.8 million, respectively. Payments made to the Corporation from the Municipal Assistance Tax Fund are to be made quarterly and at such other times as the Corporation requests.

Debt service for obligations issued under the Second General Bond Resolution is payable from two sources: funds paid annually into the Debt Service Fund from the Municipal Assistance State Aid Fund, which is funded from per capita aid otherwise payable by the State to the City, and, after satisfying the debt service requirements for obligations issued under the First General Bond Resolution as described above, funds paid quarterly from the Municipal Assistance Tax Fund. Per capita aid is subject to prior claims asserted by certain other State or City entities; however, no such claims have been asserted since the inception of the Corporation. Total per capita aid paid into the Municipal Assistance State Aid Fund during the twelve months ended June 30, 1982 and December 31, 1982 amounted to $484 million.

To the extent that funds are available from investment income, receipt of principal and interest payments on obligations of the City and other sources, they may be used to reduce the Corporation's funding requirements.

The Corporation certified to and was paid on January 12, 1983, $49.0 million and $56.8 million of sales tax revenues from the Municipal Assistance Tax Fund for First General Bond Resolution and Second General Bond Resolution, respectively.

Payment Dates: Principal payments at maturity or mandatory sinking fund calls are made February 1 and interest is paid semiannually on February 1 and August 1 for bonds outstanding under the First General Bond Resolution. Principal payments at maturity or mandatory sinking fund calls are made July 1 and interest is paid semiannually on July 1 and January 1 for bonds outstanding under the Second General Bond Resolution. The Corporation may from time to time purchase at a price equal to or less than par certain of its securities to satisfy its sinking fund requirements.
Refunded Bonds: The Corporation's bonds may be refunded in advance of their maturity in accordance with provisions of the First and Second General Bond Resolutions by placing in trust with the Trustee sufficient moneys or certain securities which together with investment income will be sufficient to pay principal and interest when due on the bonds which have been refunded. Although they remain valid debt instruments with regard to principal and interest payable thereon from the moneys or securities placed in trust, advance refunded bonds are deemed to have been paid within the meaning of the First and Second General Bond Resolutions and are therefore no longer presented as liabilities of the Corporation. In November 1982, the Corporation issued $175 million of its Second General Resolution Series 40 Bonds and $100 million of its Second Resolution Series 41 Bonds and used $269.1 million to advance refund its previously issued Series CC Bonds in the aggregate principal amount of $256.3 million. At June 30, 1982 and December 31, 1982, $499.6 million and $755.9 million, respectively, of the Corporation's bonds which have been advance refunded remain valid debt instruments.

NOTE 4—Capital Reserve Fund:

The Act provides for the establishment of a Capital Reserve Fund to provide security for payment of interest on and principal of the Corporation's bonds. The amount required to be on deposit in the Capital Reserve Fund is 100% of the principal (including sinking fund installments) and interest maturing or otherwise due or becoming due on outstanding bonds during the succeeding calendar year.

The Capital Reserve Fund balance at June 30, 1982 of $1,038.1 million comprised $356.5 million relating to First General Resolution Bonds and $681.6 million relating to Second General Resolution Bonds.

The Capital Reserve Fund balance at December 31, 1982 of $1,102.9 million comprised $375.5 million relating to First General Resolution Bonds and $727.4 million relating to Second General Resolution Bonds.

NOTE 5—Guaranty Fund:

In connection with the issuance by the City of Federally guaranteed obligations, a Guaranty Fund has been established by the Corporation. The Corporation is required, at the time of each issuance of guaranteed City obligations, to have on deposit in the Guaranty Fund a specified amount. The moneys on deposit in the Guaranty Fund, up to a specified amount, are available for the benefit of the United States of America in the event the City is unable to meet debt service requirements on certain City obligations for which the payment of principal and interest is guaranteed by the United States of America. Such specified amount is presented as a liability of the Corporation. To the extent moneys on deposit in the Guaranty Fund exceed the amount required, the Corporation is entitled to withdraw such excess from the Guaranty Fund and the United States of America has no further claim on such moneys. At December 31, 1982, no claim has been asserted. Moneys on deposit in the Guaranty Fund are invested in direct obligations of the United States of America.

NOTE 6—Operating Fund:

The Operating Fund provides for the expenses of carrying out the Corporation's duties and functions and is funded from the Municipal Assistance Tax Fund. The Operating Fund accounts have been prepared on the accrual basis of accounting. The Corporation's administrative expenses of debt issuance and service are charged to the Operating Fund as incurred. The assets of the Operating Fund at June 30, 1982 include $1,737,000 of securities purchased under agreements to resell and approximately $421,000 for computer and related software which is being depreciated on a straight line basis over a five year period beginning January 1, 1982. The assets of the Operating Fund at December 31, 1982 include $121,000 of securities purchased.
under an agreement to resell and approximately $495,000 for computer and related software which is being
deprecated on a straight line basis over a five year period beginning January 1, 1982. The Corporation
entered into a loan agreement in fiscal 1982 with the United States Trust Company of New York to finance
the cost of the computer and related software. The $400,000 balance of this loan at June 30, 1982 and
December 31, 1982 bears interest at 9 1/2% and is due in four equal annual installments of principal with
interest due semiannually. This loan is included in total operating fund liabilities.

NOTE 7—New York City Obligations Held by the Corporation:
At June 30, 1982 and December 31, 1982, the Corporation held $743.8 million and $987.6 million
respectively principal amount of City bonds. The City obligations held at December 31, 1982 bear interest at
rates ranging from 7 1/2% to 13 3/8% and will mature on September 15 in each year as shown below:

On July 26, 1982 and January 6, 1983, the Corporation, in connection with the issuance of commercial
paper, entered into credit agreements under which it pledged certain City obligations as collateral. The City
has agreed that all bonds pledged as collateral may be sold without the consent of the City. All bonds not
pledged as collateral may not be sold without the consent of the City. At January 6, 1983, approximately
$332 million of bonds were pledged.

On January 11, 1983 the City redeemed $72.146 million of its bonds maturing in 2000-2004 held by the
Corporation.

The Corporation, in making its certification for funds, is required to exclude from consideration any
amounts it expects to receive as payment on city obligations until such amounts are received.

NOTE 8—Commitments:
The Corporation and the City have developed a Debt Issuance Plan (the “Plan”) to provide for a
significant portion of the City’s long-term financing requirements through 1984. Under the Plan, proceeds of
debt issuances of the Corporation will be used principally to purchase obligations of the City when issued to
provide a source of funding for a portion of the City’s capital program. At June 30, 1982 and December 31,
1982, $812.7 million and $618.6 million, respectively, was available to purchase City obligations. The Plan
provides for additional public sales of $860 million of the Corporation’s obligations through 1984.
MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK
NOTES TO FINANCIAL STATEMENTS—(Continued)
(All data relating to December 31, 1982 and the period then ended are unaudited)

The amount of the Corporation's obligations to be sold publicly under the Plan will depend upon many conditions, including the City's actual capital requirements, the City's ability to continue raising funds in the public bond markets and the general conditions in the public bond markets.

In November 1982, the Corporation sold $100 million of Second General Resolution Series 41 Bonds with detachable Warrants which entitle the holders of those Warrants to purchase up to an aggregate of $100 million principal amount of Series 42 Bonds periodically between November 19, 1982 and January 18, 1984. As of December 31, 1982, Warrants were exercised for the issuance of $5,000 of Series 42 Bonds. The financial statements and Exhibits I and II do not give effect to the remaining unissued principal amounts of $99,995 million Series 42 Bonds however, such are included in Exhibit III in summarizing the pro forma future payment requirements as explained therein.

On July 26, 1982, the Corporation issued short-term obligations secured by a credit arrangement with Citibank, N.A. Such short-term obligations have a claim on the sales tax, stock transfer tax or per capita aid revenues subordinate to First and Second Resolution Bonds. If the credit arrangement is used to pay the short-term obligations, the Corporation's obligation to Citibank, N.A. will be repayable over a period of at least five years through the issuance of bonds or otherwise. The Corporation has authorized the issuance of up to $100 million of such short-term obligations, which will serve as an alternative to selling bonds publicly in such amount during its 1983 fiscal year. At December 31, 1982, the Corporation had $99 million of such short-term obligations outstanding at interest rates ranging from 4.25% to 5.625% and maturities ranging from 3 days to 45 days. On January 6, 1983, the Corporation entered into an agreement which calls for Citibank, N.A. and Manufacturers Hanover Trust Company to provide an additional $150 million line of credit to secure the issuance by the Corporation of an additional $150 million of short-term obligations of which $148 million were subsequently issued during January 1983.

On January 25, 1983, the Corporation issued $28.965 million of Series 28 Bonds and $12.98 million of Series 36 Bonds. As the period for exercising warrants for Series 28 and Series 36 Bonds ended on January 18, 1983, no additional Series 28 or Series 36 Bonds will be issued by the Corporation. The financial statements do not give effect to these transactions, although the exhibits do.

The Corporation has agreed to reimburse the New York State Office of the Special Deputy Comptroller for the City of New York and the Financial Control Board for the cost of providing certain oversight services of the City's financial affairs.

MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK
NEW YORK, NEW YORK

DEAR SIRS:

We have examined a record of proceedings relating to the issuance of $118,345,000 aggregate principal amount of Series 45 Bonds (the "Series 45 Bonds") of the Municipal Assistance Corporation For The City of New York (the "Corporation"), a corporate governmental agency and instrumentality of the State of New York (the "State") constituting a public benefit corporation, created and existing under and pursuant to the Constitution and statutes of the State, including the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the city of New York Act, being Titles I, II and III of Article 10 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State, as amended to the date hereof (the "Act").

The Series 45 Bonds are authorized and issued under and pursuant to the Act and the Second General Bond Resolution of the Corporation, adopted November 25, 1975, as amended and supplemented to the date hereof (the "Second General Bond Resolution") and the Series 45 Resolution, adopted April 12, 1983 (the "Series Resolution") and are authorized in accordance with the Certificate of Determination of the Corporation dated ___, 1983 (the "Certificate of Determination"). The Second General Bond Resolution and the Series Resolution are herein collectively called the "Resolutions".

The Series 45 Bonds are part of an issue of bonds of the Corporation (the "Bonds") which the Corporation has established and created under the terms of the Second General Bond Resolution and is authorized to issue from time to time for the corporate purposes of the Corporation authorized by the Act, as then in effect and without limitation as to amount except as provided in the Resolutions and certain agreements of the Corporation or as may be limited by law. The Corporation has covenanted with the holders of certain bonds of the Corporation and with certain others to limit the issuance of additional bonds. The Series 45 Bonds are being issued for purposes set forth in the Resolutions.

The Corporation is authorized to issue Bonds, in addition to the Series 45 Bonds, only upon the terms and conditions set forth in the Second General Bond Resolution and such Bonds, when issued, shall with the Series 45 Bonds and with all other such Bonds theretofore issued, be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Second General Bond Resolution.

The Series 45 Bonds are dated May 1, 1983 except as otherwise provided in the Resolutions with respect to registered Series 45 Bonds, will mature on July 1 in each of the years and will bear interest payable
semi-annually on January 1 and July 1 of each year, commencing on January 1, 1984 at the respective rates per annum shown below:

The Series 45 Bonds are issued either in coupon form in the denomination of $5,000, registrable as to principal only, or in registered form without coupons in the denomination of $5,000 or an integral multiple thereof. Coupon and fully registered Series 45 Bonds are interchangeable as provided in the Resolutions. Coupon Series 45 Bonds are numbered 45- - and fully registered Series 45 Bonds are lettered and numbered 45R- - followed, in each case, by the last two digits of the year of maturity and the number of the Series 45 Bond. Coupon Series 45 Bonds and fully registered Series 45 Bonds are numbered consecutively from one upward in order of issuance.

The Series 45 Bonds are subject to redemption at the election of the Corporation on and after July 1, 1993, as a whole on any date or in part, by lot, on any interest payment date, at the redemption prices (expressed as percentages of the principal amount), plus accrued interest, if any, to the date of redemption, as set forth in the Series Resolution.

Chapters 168, 196, 868 and 870 of the Laws of 1975, as amended to the date hereof, each enacted by the People of the State, represented in Senate and Assembly of the State and signed into law by the Governor of the State (the “Enabling Legislation”) provide for, among other things, the insertion of the Act in the Public Authorities Law, creating the Corporation as aforesaid, adding a new section 92-e to Article 6 of the State Finance Law, constituting Chapter 56 of such Consolidated Laws, establishing a municipal assistance aid fund (the “Aid Assistance Fund”) and a special account for the Corporation within the Aid Assistance Fund (the “Special Aid Account”), amending section 54 of the State Finance Law to provide for the apportionment and payment into the Special Aid Account of amounts of per capita aid appropriated by the Legislature of the State and otherwise payable out of the General Fund of the State to The City of New York, New York (“The City”) thereunder subject to payments being made as follows: (i) any amounts required to be paid to the City University Construction Fund pursuant to the City University Construction Fund Act, Article 125-B of the Education Law, constituting Chapter 16 of such Consolidated Laws; (ii) any amounts required to be paid to the New York City Housing Development Corporation pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law, constituting Chapter 41 of such Consolidated Laws; (iii) any amounts required to be paid by The City to the New York City Transit Authority pursuant to the provisions of Chapter seven of the laws of the State of nineteen hundred seventy-two; (iv) any amounts required to be paid by The City to the State to repay an advance made in 1974 to subsidize the fare of the New York City Transit Authority; and (v) five hundred thousand dollars to the chief fiscal officer of The City for payment to the trustees of the police pension fund of such City pursuant to the provisions of paragraph e of subdivision 7 of such section 54 of the State Finance Law.
suspending the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes pursuant to sections 1210 and 1212-A of Article 29 of the Tax Law, constituting Chapter 60 of such Consolidated Laws, and the taxes imposed pursuant to said sections, until all notes and bonds of the Corporation, including the Series 45 Bonds, and interest thereon have been fully paid and discharged, adding a new section 92-d to Article 6 of the State Finance Law establishing a municipal assistance tax fund (the "Tax Assistance Fund") and a special account for the Corporation within the Tax Assistance Fund (the "Special Tax Account"), and adding a new section 1107 to Article 28 of said Tax Law imposing sales and compensating use taxes in The City at a rate of four percent (4%) on certain items therein described and at a rate of six percent (6%) on the sale of certain parking services (the "Sales Tax"), the revenues derived from which, less such amounts as the Commissioner of Taxation and Finance determines to be necessary for reasonable costs in administering, collecting and distributing such taxes, are required to be paid into the Special Tax Account, together with, after deducting such costs, such amounts, as may be required under the Enabling Legislation to be transferred from the Stock Transfer Tax Fund established by section 92-b of Article 6 of said State Finance Law, into which the revenues derived from a tax imposed by Article 12 of the Tax Law (the "Stock Transfer Tax") are deposited.

We are of the opinion that:

1. The Corporation is duly created and validly exists as a corporate governmental agency and instrumentality of the State constituting a public benefit corporation under the laws of the State, including the Constitution of the State and the Act, with the good right and lawful authority and power to adopt the Resolutions, to issue the Bonds including the Series 45 Bonds thereunder and to perform the obligations and covenants contained in the Resolutions and the Series 45 Bonds. Under the laws of the State, including the Constitution of the State, and under the Constitution of the United States, the Enabling Legislation, including the Act, is valid with respect to all provisions thereof material to the subject matters of this opinion letter.

2. The Series Resolution has been duly and lawfully adopted in accordance with the provisions of the Second General Bond Resolution and is authorized and permitted by the Second General Bond Resolution. The Resolutions have been duly and lawfully adopted by the Corporation and both are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms, except for the covenant on behalf of the State required to be set forth in each Series 45 Bond pursuant to Chapter 201 of the Laws of New York of 1978 (the "State Covenant") as to which a separate opinion has been rendered on the date hereof, and no other authorization for the Resolutions is required. The Resolutions create the valid pledge and lien which they purport to create of the revenues, moneys, securities and funds held or set aside under the Resolutions, subject only to the application thereof to the purposes and on the conditions permitted by the Resolutions. The lien created by the Resolutions on such revenues, moneys, securities and funds in the Bond Service Fund and the Capital Reserve Fund is and will be prior to all other liens thereon. All revenues, moneys and securities, as and when received, in the Bond Service Fund and the Capital Reserve Fund in accordance with the Resolutions, will be validly subject to the pledge and lien created by the Resolutions.

3. The Series 45 Bonds have been duly and validly authorized and issued by the Corporation in accordance with the laws of the State, including the Constitution of the State and the Act, and in accordance with the Resolutions and the Certificate of Determination. The Series 45 Bonds are valid and binding general obligations of the Corporation payable as provided in the Resolutions, are enforceable in accordance with their terms, respectively, and the terms of the Resolutions, except as the enforceability thereof may be limited by bankruptcy, insolvency or similar laws validly enacted affecting creditors' rights or remedies generally, and, except as otherwise set forth with respect to the State Covenant as to which a separate opinion has been rendered as aforesaid, are entitled, together with additional Bonds issued under the Second General Bond Resolution, to the equal benefit, protection and security of the provisions, covenants and obligations of the Second General Bond Resolution and of the Act.

B-3
4. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenanted that the Chairman of the Corporation shall annually, on or before December 1, make and deliver to the Governor and Director of the Budget of the State his certificate stating such sum, if any, as shall be necessary to restore the amount in the Capital Reserve Fund to an amount equal to the Capital Reserve Fund requirement under the Second General Bond Resolution. Subdivision 3 of Section 3036-a of the Act providing for the appropriation and payment to the Corporation for deposit in the Capital Reserve Fund of such sum as shall be so certified by the Chairman, does not constitute an enforceable obligation or debt of the State, the amount of such sum being subject to annual appropriation for such purpose by the Legislature of the State, which is empowered, but is not bound or obligated, to appropriate such amount.

5. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenanted that the Chairman of the Corporation shall certify to the State Comptroller and the Mayor of The City, the amounts required, pursuant to subdivision 1 of Section 3036 and of Section 3036-a of the Act, for deposit in the funds established by the Second General Bond Resolution at the time or times and in the manner provided therein, including the amounts required for deposit in the Bond Service Fund to pay all interest and all principal and redemption premium, if any, on bonds maturing or otherwise coming due and for deposit in the Capital Reserve Fund to maintain such Fund at such Capital Reserve Fund requirement. Said subdivisions provide for the State Comptroller to pay such amounts to the Corporation for deposit as aforesaid, the source of such payments being the Aid Assistance Fund into which is paid such per capita aid, subject to certain prior claims as described above, and, to the extent required, subject to the prior claim of the holders of obligations of the Corporation issued or to be issued pursuant to the First General Bond Resolution (as such term is defined in the Second General Bond Resolution), the Tax Assistance Fund into which is paid the Sales Tax, and to the extent required, out of the Stock Transfer Tax Fund, the Stock Transfer Tax. The amount of per capita aid payable to The City and available for apportionment and payment from the General Fund of the State treasury and of such payments out of the Aid and Tax Assistance Funds to the Corporation are subject to annual appropriation for such purposes by the Legislature of the State which is empowered, but is not bound or obligated, to appropriate any such amounts so certified by the Chairman, as aforesaid.

6. The Series 45 Bonds do not constitute a debt either of the State or of The City, and neither the State nor The City shall be liable thereon, nor shall the Series 45 Bonds be payable out of any funds other than those of the Corporation.

7. The State has the good right and lawful authority:

(a) to provide for the appropriation of, and at least annually to appropriate out of the General Fund of the State amounts for the purpose of per capita aid and to provide, with respect to certain amounts of such per capita aid payable to The City in accordance with the provisions of section 54 of the State Finance Law, for the apportionment and payment into the Special Aid Account, of amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make any, or maintain any level of, such appropriation of per capita aid or to continue such procedure for apportionment and payment of such aid;

(b) to provide for the appropriation of, and at least annually to appropriate to, the Corporation, from the Special Tax Account and from the Stock Transfer Tax Fund, amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make such appropriations;

(c) to suspend the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes and the taxes levied thereunder, in accordance with the Enabling Legislation;

(d) to impose and to increase or decrease the Sales Tax and the Stock Transfer Tax but the State is not bound or obligated to continue the imposition of said taxes; and
(c) to establish the Aid Assistance Fund and the Special Aid Account within the Aid Assistance Fund, the Stock Transfer Tax Fund, the Tax Assistance Fund and the Special Tax Account within the Tax Assistance Fund but the State is not bound or obligated to maintain the existence of said funds or accounts.

8. The Corporation, the holders of the Bonds, holders of any evidence of indebtedness of the Corporation or the holders of bonds or notes of The City do not have nor will they have a lien on the per capita aid referred to hereinbefore or the Stock Transfer Tax or the Stock Transfer Tax Fund, the Sales Tax, or the Special Accounts for the Corporation in the Aid and Tax Assistance Funds. We are further of the opinion that, in any suit, action or other proceeding (whether under Chapter 9 of the Federal Bankruptcy Code or otherwise) wherein a creditor of The City or The City seeks to assert a right to any such Taxes, such Stock Transfer Tax Fund or such Special Accounts superior or equal to the rights of holders of bonds issued under the Second General Bond Resolution, neither The City nor such creditor will prevail in the court of final jurisdiction.

9. Under existing law, upon any failure of the State Legislature to make required appropriations for State debt obligations or upon the establishment of a note repayment account pursuant to Section 55 of the State Finance Law, moneys on deposit in the Stock Transfer Tax Fund and the Tax Assistance Fund, including the Special Tax Account therein (each such account or fund as presently constituted being a special fund of the State), would not constitute revenues applicable to the General Fund of the State and hence neither Article 7, Section 16 of the State Constitution nor said Section 55 authorizes or mandates such moneys to be set apart by the State Comptroller either for the payment of State obligations or for deposit into such note repayment account. We are further of the opinion that, under existing law, collections of the Sales Tax and the Stock Transfer Tax which are to be deposited into the Special Tax Account and the Stock Transfer Tax Fund, do not constitute revenues applicable to the General Fund of the State and hence such collections would likewise not be authorized or mandated to be set apart or applied by the State Comptroller either for the payment of the State obligations or for deposit into such note repayment account. Per capita aid is, under existing law, derived from the General Fund of the State and hence, in the event of a failure to appropriate as above described, revenues of the State, otherwise applicable to the General Fund and therefore available for appropriation as per capita aid will be subject to being set apart, or applied as aforesaid.

10. Interest on the Series 45 Bonds is exempt from (i) Federal income taxes under the existing statutes, and (ii) personal income taxes imposed by the State of New York or any political subdivision thereof (including the City of New York), and the Series 45 Bonds are exempt from all taxation directly imposed thereon by or under authority of said State, except for estate or gift taxes and taxes on transfers.

11. No registration with, consent of, or approval by any governmental agency or commission is necessary for the execution and delivery and the issuance of the Series 45 Bonds.

12. The adoption and performance of, and compliance with, all of the terms and conditions of the Resolutions and the Series 45 Bonds, and the execution and delivery of the Series 45 Bonds, will not result in a violation of or be in conflict with any term or provision of any existing law.

We have examined the executed Series 45 Bond numbered 45-84-1 and, in our opinion, the form of said Bond and its execution are regular and proper.

Very truly yours,
NEW ISSUE

In the opinion of Bond Counsel, interest on the Series 45 Bonds is exempt from (i) Federal income taxes under the existing statutes, and (ii) personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York), and the Series 45 Bonds are exempt from all taxation directly imposed thereon by or under authority of said State except for estate or gift taxes and taxes on transfers.

$118,345,000

MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK

(A Public Benefit Corporation of the State of New York)

SERIES 45 BONDS

Dated May 1, 1983

Due July 1,

Principal of and interest on the Series 45 Bonds are payable at the corporate trust office of Citibank, N.A., New York, New York, unless registered. Interest on the Series 45 Bonds is payable semi-annually on each January 1 and July 1, commencing January 1, 1984. The Series 45 Bonds will be issued as coupon bonds in the denomination of $5,000 each, registrable as to principal only, or as fully registered bonds in the denomination of $5,000 or any integral multiple of $5,000. Coupon and registered bonds are interchangeable as more fully described herein.

The Series 45 Bonds maturing after July 1, 1993 are subject to redemption at the option of the Corporation on or after July 1, 1993, as a whole on any date, or in part on any interest payment date or dates, at an initial redemption price of 102% of the principal amount thereof, plus accrued interest to the redemption date, all as more fully described herein.

The Trustee under the Second General Bond Resolution is United States Trust Company of New York.

The Series 45 Bonds will mature on July 1 in some or all of the years 1984 through 1998, and will be comprised of Serial Bonds or Term Bonds or both. The Series 45 Serial Bonds and the Series 45 Term Bonds with mandatory sinking fund installments together will require the following principal payments to be made in each of those years.

The Series 45 Bonds are issued pursuant to the Second General Bond Resolution and are payable from certain per capita State aid and, to the extent not required for payment of certain other obligations of the Corporation, including bonds issued under the Corporation's First General Bond Resolution, revenues derived from certain sales and compensating use taxes imposed by the State of New York within the City of New York and, under certain conditions, the State stock transfer tax. The State is not bound or obligated to continue to appropriate such per capita State aid or to continue the imposition of such taxes or to make the necessary payments of such per capita State aid or the necessary appropriations of the revenues derived from such taxes. The Corporation has no taxing power. The Series 45 Bonds do not constitute an enforceable obligation, or a debt, of either the State or the City, and neither the State nor the City shall be liable thereon. Neither the faith and credit nor the taxing power of the State or the City is pledged to the payment of principal of or interest on the Series 45 Bonds.

The Series 45 Bonds are offered when, as and if issued by the Corporation and subject to approval of legality by Hawkins, Delafield & Wood, New York, New York, Bond Counsel to the Corporation. Certain legal matters will be passed on for the Corporation by its General Counsel, Paul, Weiss, Rifkind, Wharton & Garrison, New York, New York. It is expected that the Series 45 Bonds in definitive form will be available for delivery on about May 5, 1983.

The date of this Official Statement is April 13, 1983.

PART I—INTRODUCTION

Certain factors and additional information that may affect decisions to invest in the Series 45 Bonds are described throughout this Official Statement which should be read in its entirety. Certain terms used in this Official Statement are defined in the Appendix.

The Corporation ........... The Municipal Assistance Corporation for the City of New York is a public benefit corporation of the State created for the purpose of providing financing assistance and fiscal oversight for the City.

The Bonds ............... The Series 45 Bonds will be issued pursuant to the Corporation’s Second General Bond Resolution. Certain revenues of the Corporation described below are pledged to the payment of the Series 45 Bonds, which are general obligations of the Corporation and are not obligations of either the State or the City.

Payment of the Bonds and Debt Service Coverage ............. The Corporation’s revenues pledged to the payment of Second Resolution Bonds are derived from moneys that are paid to the Trustee, subject to annual appropriation by the State Legislature, from three sources: Per Capita Aid and (after satisfying debt service, operating expenses and capital reserve funding requirements under the Corporation’s First General Bond Resolution) the Sales Tax and the Stock Transfer Tax. “Per Capita Aid” consists of amounts that otherwise would have been payable to the City under the State law that provides for a general revenue sharing program applicable to localities throughout the State. The “Sales Tax” consists of a State sales tax imposed within the City, at the rate of 4%, on most retail and certain other sales. The “Stock Transfer Tax” consists of the State tax on the transfer of stocks and certain other securities. The Corporation has no taxing power.

Assuming that amounts available to the Corporation from Per Capita Aid, Sales Tax and Stock Transfer Tax continue at present levels, Available Revenues for debt service on all outstanding Second Resolution Bonds, including the Series 45 Bonds and assuming the issuance of all bonds which the Corporation is conditionally obligated to issue, would be as follows:

The authority of the State to impose and collect the Sales Tax and pay the Sales Tax and Stock Transfer Tax revenues to the Corporation has been affirmed by the State's highest court; the United States Supreme Court dismissed the appeal of the State court's decision for lack of a substantial Federal question.

For further information with respect to the Corporation's revenues and debt service, as well as estimated coverage ratios, see "PART 6—PAYMENT OF THE BONDS" and "PART 7—DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS."

The Corporation has covenanted not to issue additional Second Resolution Bonds unless available revenues, calculated substantially in the manner outlined above, would cover estimated maximum annual debt service payments on Second Resolution Bonds at least two times. In addition, in connection with certain short-term note sales ("commercial paper program"), the Corporation has agreed that it will not issue short-term obligations except for refunding purposes unless debt service coverage equals or exceeds 2.2 times available revenues. For further information with respect to the Corporation's Commercial Paper Program, see "PART 5—DEBT ISSUANCE PLAN."

The Corporation has covenanted not to issue additional First Resolution obligations if the maximum annual debt service payments on all First Resolution obligations would exceed $425 million. Maximum annual debt service on currently outstanding First Resolution obligations is $344 million.

The Legislature has appropriated Per Capita Aid, the Sales Tax and the Stock Transfer Tax for the benefit of the Corporation for each of the State's fiscal years since the inception of the Corporation. The Corporation expects that the Legislature will continue to make such appropriations so long as the Corporation's bonds are outstanding. Under the State Constitution, however, the Legislature cannot be bound or obligated to appropriate such revenues for the benefit of the Corporation.

The Corporation believes that any failure by the State to make annual appropriations as expected would have a serious impact on the ability of the State and its agencies to raise funds in the public credit markets.

After the issuance of the Series 45 Bonds and assuming the issuance of all bonds which the Corporation is conditionally obligated to issue, the Corporation will have outstanding an aggregate of $7.906 billion of its bonds, $6.058 billion issued under the Second General Bond Resolution and $1.848 billion issued under the First General Bond Resolution. Bonds which the Corporation is conditionally obligated to issue are bonds issuable on the exercise of the Corporation's warrants and bonds issuable under certain circumstances in connection with its Commercial Paper Program. In each case the Corporation has covenanted with certain parties to treat such conditionally issuable bonds as issued and outstanding and, accordingly, unless otherwise indicated, the issuance and coverage figures set forth in this Official Statement are presented on the basis of such an assumption.
The Corporation's First and Second Resolution obligations each have the benefit of a capital reserve fund held by the Trustee. At December 31, 1982, there was on deposit in such funds securities valued in accordance with the Act at $375.5 million and $727.4 million, respectively, including accrued interest.

Debt Issuance Plan

The Series 45 Bonds are being offered as part of the Debt Issuance Plan developed by the Corporation and the City. The Debt Issuance Plan is intended to provide necessary long-term financing for the City to enable the City to finance its capital needs through June 30, 1986.

Certain Factors

The Corporation believes that the market for and the market price of the Series 45 Bonds and the sources of payment of the Series 45 Bonds may be affected by certain other factors described elsewhere in this Official Statement. See, in particular, "PART 8—CERTAIN DEVELOPMENTS AFFECTING THE STATE" and "PART 9—CERTAIN DEVELOPMENTS AFFECTING THE CITY" with respect to serious potential imbalances in the financial plans of the State and City.

PART 2—BONDS BEING OFFERED

General

The Series 45 Bonds will be issued pursuant to the Second General Bond Resolution and the Series 45 Resolution. The Series 45 Bonds will be dated and bear interest from May 1, 1983. The Series 45 Bonds will be issued as coupon bonds in the denomination of $5,000 each, registrable as to principal only, or as fully registered bonds in the denomination of $5,000 or any integral multiple of $5,000. Coupon bonds and fully registered bonds will be interchangeable. The Series 45 Bonds will be registrable on the books of the Corporation at the corporate trust office of the Trustee. Principal of and premium, if any, on fully registered bonds and coupon bonds registered as to principal only is payable at the principal corporate trust office of the Trustee. Interest on fully registered bonds is payable by check or draft mailed to the registered owner.

For every exchange or transfer of the Series 45 Bonds, the Corporation or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. The cost of preparing each new Series 45 Bond issued upon such exchange or transfer and any other expenses of the Corporation or the Trustee incurred in connection therewith (except any applicable tax, fee or other governmental charge) will be paid by the Corporation as operating expenses.

Pursuant to the Act, the Series 45 Bonds will include the 1978 State Covenant to the effect that the State will not take certain actions, including any action that will substantially impair the authority of the Control Board to act in specified respects with regard to the City. See "PART 11—AGREEMENT OF THE STATE OF NEW YORK."

United States Trust Company of New York is the Trustee under the Second General Bond Resolution. Its corporate trust office is located at 45 Wall Street, New York, New York 10005. For further information concerning the Trustee, see "PART 15—TRUSTEE."

Optional Redemption

The Series 45 Bonds maturing after July 1, 1993 are subject to redemption at the option of the Corporation on or after July 1, 1993, as a whole on any date, or in part by lot on any interest payment date or
dates, at the following redemption prices (expressed as percentages of the principal amount), plus accrued interest to the date of redemption:

<table>
<thead>
<tr>

</tr>
<tr>

</tr>
</tbody>
</table>

**Sinking Fund Redemption**

The Series 45 Bonds maturing on July 1, are also subject to redemption, in part by lot, on July 1 in each of the years and in the respective principal amounts set forth below, at 100% of the principal amount thereof, plus accrued interest to the date of redemption, from mandatory “Sinking Fund Installments” which are required to be made in amounts sufficient to redeem on July 1 of each year, the principal amount of such Series 45 Bonds specified for each of the years shown below:

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

* Payment at maturity.

Giving effect to the Sinking Fund Installments set forth above, the average life of the Series 45 Bonds maturing on July 1, would be approximately years, calculated from May 1, 1983.

The Corporation may from time to time direct the Trustee to purchase with moneys in the Bond Service Fund, Series 45 Bonds at or below par plus unpaid interest accrued to the date of such purchase, and apply any Bonds so purchased as a credit, at par, against and in fulfillment of a required Sinking Fund Installment on the Bonds, so purchased. See “PART 14—SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION—Bond Service Fund.” To the extent the Corporation fulfills its obligations to make Sinking Fund Installments in a particular year through such purchases of such Bonds, the likelihood of redemption by lot of any holder's Bonds of such Series through the operation of the sinking fund will be reduced for such year. The Corporation has in the past made such purchases with respect to certain series of its Second Resolution Bonds and may, but is not obligated to do so with respect to the Series 45 Bonds.

**Additional Bonds and Notes**

Pursuant to the Act, the Corporation is authorized to issue bonds and notes in an aggregate principal amount not exceeding $10 billion (exclusive of bonds and notes issued to refund outstanding bonds and notes, and notes issued to meet the City’s seasonal borrowing requirements). For purposes of this authorization, the Corporation will have issued approximately $8.859 billion after issuance of the Series 45 Bonds, assuming the exercise of all outstanding warrants and including approximately $250 million of commercial paper notes. All bonds, other than refunding bonds, are required to be issued under the First or Second General Bond Resolutions.

Additional Second Resolution Bonds may be issued on a parity with the Series 45 Bonds, provided that (a) an amount equal to the lesser of (i) the most recent collections of the Sales Tax and Stock Transfer Tax
for 12 consecutive calendar months ended not more than two months prior to the date of such determination or (ii) the amounts estimated by the State Commission of Taxation and Finance to be collectible during the succeeding 12-month period from such sources, plus (b) the estimated or actual amount of Per Capita Aid to be or theretofore apportioned and paid to the Municipal Assistance State Aid Fund for the fiscal year of the State during which such additional Bonds are to be issued, less (c) the maximum annual debt service on outstanding First Resolution obligations, less (d) estimated operating expenses of the Corporation for its then current fiscal year, is at least 2 times (c) the maximum annual debt service on outstanding Second Resolution Bonds (including the particular series of such additional Bonds then proposed to be issued). In addition, the Corporation has agreed that it will not issue obligations under the Commercial Paper Program except for refunding purposes unless available revenues equal or exceed 2.2 times maximum annual debt service.

Pursuant to the Series 45 Resolution and certain other series resolutions of the Corporation, the Corporation may issue additional First Resolution obligations only to the extent that the issuance thereof would not cause the maximum annual debt service on outstanding First Resolution obligations to equal or exceed $425 million (with certain adjustments with respect to up to $25 million of small denomination obligations that the Corporation may offer to the public under the First General Bond Resolution).

In November 1982, the Corporation issued Warrants to purchase $100 million of its Series 42 Bonds, exercisable through January 18, 1984. Covenants of the Corporation with holders of the Warrants for the purchase of Series 42 Bonds provide that it will treat as issued and outstanding the aggregate authorized amount of Series 42 Bonds for purposes of the issuance and coverage tests set forth in this section. The Corporation has also covenanted with certain banks under the Commercial Paper Program that it will treat the $250 million Second Resolution Bonds issuable under the terms of the credit agreements as issued and outstanding for purposes of the coverage tests set forth in this section for the period of time such bonds may be issued, as provided in such credit agreements.

The Second General Bond Resolution contains further limitations upon the issuance by the Corporation of additional obligations under the First General Bond Resolution. See "PART 14—SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION."

PART 3—USE OF PROCEEDS

The net proceeds of the sale of the Series 45 Bonds will be $ million. All such proceeds will be used to provide funds to the City for capital improvements includable in the City's capital budget. Funds used for such capital improvements will be made available to the City through the subsequent purchase by the Corporation of bonds issued by the City to finance such improvements and will be paid to the City upon certification by the Mayor that the amount is required by the City to pay for items permitted by law to be included in the City's capital budget during the fiscal year in which the funds are paid to the City. Neither the City bonds acquired by the Corporation with the proceeds of this offering nor the payments of principal and interest with respect to such bonds will be subject to the lien created by the pledge under the First or Second General Bond Resolution, except to the extent such payments are actually paid into one of the Corporation's accounts as to which such lien applies.

PART 4—THE CORPORATION

Background, Purposes and Powers

The Corporation is a corporate governmental agency and instrumentality of the State constituting a public benefit corporation. The Corporation was created by State legislation adopted in June 1975 (as
amended to date, the "Act"), for the purpose of providing financing assistance and fiscal oversight for the City. To carry out such purpose, the Corporation was given the authority, among other things, to issue and sell bonds and notes, to pay or lend funds received from such sales to the City and to exchange the Corporation's obligations for those of the City and to issue bonds to refund outstanding bonds. Between June 1975 and June 1978, the Corporation issued its obligations in accordance with this purpose and the City was provided with seasonal loans by the Federal government and long-term financing by certain City pension funds and the Corporation. In September 1975, the Control Board was established to oversee the financial affairs of the City.

By June 1978, the City had brought its operating budget into balance in accordance with State law and accomplished other budgetary and accounting objectives. Despite this progress, it became clear that further actions would be necessary to enable the City to finance itself. As a result, the Debt Issuance Plan was developed to provide long-term financing to the City over the four fiscal years ending June 1982, during which time the City was required to follow a plan designed to bring its operating budget into balance in accordance with generally accepted accounting principles ("GAAP") by the 1982 fiscal year and to enable it to regain access to the public credit markets. Although the City's operating budget for the 1981 fiscal year was balanced in accordance with GAAP, one year earlier than required, and its operating budget for its 1982 fiscal year was similarly balanced, the Debt Issuance Plan was supplemented to give the City additional time to regain full access to the public credit markets. The City sold $75 million of its bonds publicly during its 1981 fiscal year, $250 million of its bonds publicly during its 1982 fiscal year and $352 million of its bonds publicly to date during its 1983 fiscal year.

To enable the Corporation to assist in financing the City's capital needs during its 1983 through 1985 fiscal years, the State enacted legislation in June 1980 increasing the amount of obligations which the Corporation may issue to $10 billion (excluding refunding obligations and certain short-term notes) and extending through December 31, 1984 the period during which such obligations, other than refunding obligations, may be issued. The 1980 legislation provides sufficient bond issuance authority to enable the Corporation to fulfill its role under the Debt Issuance Plan.

**Outstanding Debt of the Corporation**

After issuance of the Series 45 Bonds and assuming the exercise of all outstanding warrants, the Corporation will have issued approximately $8.859 billion aggregate principal amount of bonds and notes for purposes of the $10 billion statutory issuance limit (which limit excludes all refunding obligations). The Corporation will have outstanding (excluding bonds that have been refunded) $6.058 billion aggregate principal amount of bonds issued under the Second General Bond Resolution and $1.848 billion aggregate principal amount of bonds issued under the First General Bond Resolution. The Second General Bond Resolution provides that all outstanding Second Resolution Bonds will be on a parity with each other, regardless of the date of issuance.

First Resolution Obligations have no claim on Per Capita Aid, which is a principal source of payment for the Second Resolution Bonds. First Resolution Obligations have a claim prior to that of Second Resolution Bonds on all amounts available to the Corporation from the Sales Tax and the Stock Transfer Tax. The Corporation has covenanted not to issue additional First Resolution Obligations if the maximum annual debt service payments on all First Resolution Obligations would exceed $425 million.

In addition to First and Second Resolution obligations, the Corporation is issuing commercial paper under separate resolutions on a continuing refunding basis. The Corporation presently has outstanding approximately $250 million of such obligations. The commercial paper has no claim on Per Capita Aid, the Sales Tax or the Stock Transfer Tax prior to or on a parity with First or Second Resolution Bonds. For further information on the Corporation's commercial paper program, see "PART 5—DEBT ISSUANCE PLAN."
For additional information concerning the financial condition of the Corporation, see the audited financial statements of the Corporation as at June 30, 1982, and the unaudited financial statements of the Corporation for the six months ended December 31, 1982, annexed hereto as Exhibit A, and "PART 19—FINANCIAL STATEMENTS."

**PART 5—DEBT ISSUANCE PLAN**

In November 1978, the Corporation in conjunction with the City developed the Debt Issuance Plan to provide long-term financing for the City during the 1979 through 1982 fiscal years. The Debt Issuance Plan has been supplemented from time to time to include subsequent fiscal years and to adjust projections regarding the issuance of long-term obligations to the public and the City's capital needs.

(a) All $250 million of these commercial paper notes have been issued.
(b) Including the Series 45 Bonds, all of this amount will have been issued.
(c) All such bonds have been issued.
(d) Contingent upon the State enacting legislation for and the City developing a program for the financing of water and sewer projects through the issuance of revenue bonds.
(e) See discussion of Federally guaranteed City bonds in this Part 5.
(f) All proposed refundings are subject to market conditions.
(g) Differences between total sources and uses are a result of the deposit or withdrawal of funds held by the Corporation from the proceeds of sales of its bonds in prior fiscal years for use in fiscal years 1983 and 1984 or transfers from the City's general fund for capital purposes. The Sources of Funds reflects the principal amount of obligations issued and the Use of Funds reflects the receipt of such sources without giving effect to costs of issuance.
The current Debt Issuance Plan is intended to enable the Corporation to assist the City in financing the City's capital needs which the City currently projects to be approximately $1.1 billion to $1.4 billion during each of its 1983 through 1986 fiscal years. Substantial portions of the Debt Issuance Plan have been completed to date. To complete the Debt Issuance Plan, the Corporation intends to sell publicly $768 million of its obligations through December 31, 1984 of which the Series 45 Bonds are a portion, and the City plans to sell publicly $2.2 billion of its bonds through its 1986 fiscal year. The Plan assumes that the City will be able to meet, through sales of its bonds, its full capital needs after its 1985 fiscal year.

The actual amount of the Corporation's obligations to be issued during each fiscal year will depend upon the City's actual capital requirements, the amount which can be raised through public sales of City bonds on reasonable terms, the Corporation's requirements and other factors.

In connection with the Debt Issuance Plan, the City issued an aggregate of $1.65 billion of Federally guaranteed bonds from fiscal 1978 through 1982. The Agreement to Guarantee providing for such Federal guarantees requires the City under certain circumstances to prepay such bonds beginning in its 1983 fiscal year according to a prescribed formula. The Secretary of the Treasury of the United States denied the City's request to waive this requirement for fiscal 1983. Approximately $52 million in the 1983 fiscal year, obtained from proceeds of publicly issued City bonds, will be required to prepay federally-guaranteed city bonds. If the waiver were denied in each of the 1984 through 1986 fiscal years, approximately $548 million in bond proceeds presently allocated to capital financing may be required for such purpose.

In July 1982 and January 1983, respectively, the Corporation commenced sales of its Series 1 and Series 2 commercial paper notes (the "Commercial Paper Program"). Under the Commercial Paper Program, approximately $100 million of Series 1 short-term obligations and approximately $150 million of Series 2 short-term obligations were issued and will be continually refunded through the issuance of additional short-term obligations. The payment of these short-term obligations is secured for Series 1 by an irrevocable credit agreement with Citibank, N.A., and for Series 2 by an irrevocable credit agreement with Citibank, N.A. and Manufacturers Hanover Trust Company, each providing $75 million of the total Series 2 credit facility. If the Series 1 credit agreement is used to pay maturing Series 1 commercial paper notes or the Series 2 credit agreement is used to pay maturing Series 2 commercial paper notes, the Corporation's resulting obligations to the respective banks will be repaid over a period of not less than five years from the expiration of the applicable credit agreement. The Corporation developed the Commercial Paper Program in order to take advantage of the existing differential between short-term and long-term tax-exempt interest rates so that it could provide the City with capital funds at a lower cost. The Corporation intends to fund the commercial paper with proceeds of long-term bonds at such time as the markets make such option attractive.

**PART 6—PAYMENT OF THE BONDS**

**General**

The Second Resolution Bonds are general obligations of the Corporation payable out of certain pledged revenues as well as any other available revenues of the Corporation. The Second Resolution Bonds are entitled to a first lien, created by the pledge under the Second General Bond Resolution, on all moneys and securities paid or deposited into the Corporation's Bond Service Fund and Capital Reserve Aid Fund under
the Second General Bond Resolution, which are held by United States Trust Company of New York, as Trustee. Such moneys and securities include the following:

(i) amounts derived from Per Capita Aid, less certain prior statutory claims, none of which has been asserted since the inception of the Corporation;

(ii) amounts derived from the Sales Tax and Stock Transfer Tax, after satisfying annual funding requirements for the Corporation’s outstanding First Resolution obligations and operating expenses of the Corporation;

(iii) amounts received from the State to replenish the Capital Reserve Aid Fund, see “Maintenance of Capital Reserve Aid Fund” in this Part 6; and

(iv) any interest or income earned on investments of amounts deposited into the Bond Service Fund and Capital Reserve Aid Fund.

The amounts described in (i) and (ii) above are paid to the Corporation from two special funds established by the Finance Law and held in the custody of the State Comptroller, the Municipal Assistance State Aid Fund and the Municipal Assistance Tax Fund, respectively. The Finance Law provides that the State Comptroller shall make payments from these special funds to the Corporation’s Bond Service Fund and Capital Reserve Aid Fund, in accordance with certificates of the Corporation setting forth the amount and timing of its cash requirements on a quarterly basis in order to deposit these amounts in advance of interest and principal payment dates and capital reserve funding dates. (Although quarterly payments of Per Capita Aid are provided for by the Finance Law, substantially all of the Per Capita Aid payable to the Corporation is paid on an annual basis in June.) Payments of Sales Tax and Stock Transfer Tax revenues are made to the Corporation to meet requirements under the Second General Bond Resolution only to the extent such revenues are not needed to meet requirements under the First General Bond Resolution.

After the Corporation’s certified requirements have been satisfied in full for a particular quarter, excess moneys in such special funds are paid to the City. Stock Transfer Tax revenues not required by the Corporation are paid to a fund established to provide rebates of such Tax. Pursuant to the Finance Law, the State Comptroller may not disburse Sales or Stock Transfer Tax revenues or Per Capita Aid held by him to the City or any other entity so long as an amount certified by the Corporation as required to be paid by the date of disbursement to the City remains unpaid.

Payments to the Corporation by the State are required to be made by the State only if and to the extent that such amounts have been appropriated by the State Legislature or that revenues have otherwise been made available therefor by the State.

The holders of the Second Resolution Bonds do not have any lien on Per Capita Aid, Sales Tax or Stock Transfer Tax until the moneys derived therefrom are paid into the Corporation’s Bond Service Fund and Capital Reserve Aid Fund. The Act provides that any provisions of the Second General Bond Resolution and the Second Resolution Bonds with respect to provision for payment by the State to the Corporation of Per Capita Aid, the Sales Tax or the Stock Transfer Tax are executory only to the extent of the moneys available from time to time from such Aid and Tax sources and held by the State, which moneys shall have been theretofore appropriated to the Corporation, and no liability on account thereof shall be incurred by the State beyond the moneys available from such sources.

The Corporation currently holds substantial amounts of bonds of the City and will, as required by the Act, acquire substantial additional amounts of bonds in connection with providing capital financing for the City. Such obligations held from time to time by the Corporation are not subject to the lien created by the pledge under the First or Second General Bond Resolution. Some of such obligations have been pledged for the benefit of certain banks in connection with the Commercial Paper Program of the Corporation and a portion of such obligations to be acquired in the future may be so pledged. In certifying its requirements, the Corporation may not take into account any amounts payable on such City obligations but not yet received by the Corporation. However, the requirements for any fund may be reduced to the extent that such moneys are received and deposited into such fund of the Corporation.
The following chart illustrates the flow of money as described above:

1. Subject to appropriation by the State Legislature.
2. Upon certification by the Corporation.
3. And operating expenses of the Corporation.
4. After deduction of the amounts needed for First Resolution debt service and capital reserve funding and operating expenses.
5. After payment of all amounts certified by the Corporation and after payment of rebates of the Stock Transfer Tax. Amounts paid to the City are paid directly by the State.
The Corporation is a corporate governmental agency and instrumentality of the State and not of the City. The Corporation has no taxing power. The Second Resolution Bonds do not constitute an enforceable obligation, or a debt, of either the State or the City, and neither the State nor the City is liable thereon. Neither the faith and credit nor the taxing power of the State or the City is pledged to the payment of principal of or interest on the Second Resolution Bonds.

If the Corporation were to be authorized by State law to file such a petition under Chapter 9 of the Federal Bankruptcy Code, and if it were to meet other conditions specified in such Chapter, the Corporation could file a petition for relief under Chapter 9 pursuant to which the Corporation's securities could be adjusted or modified. The Corporation is not now authorized by the State to file a Chapter 9 petition and the Corporation does not anticipate that it will seek such authorization or need the relief provided by Chapter 9.

**Appropriation by Legislature**

The Finance Law provides that the State Legislature shall appropriate Per Capita Aid, the Sales Tax and the Stock Transfer Tax for the benefit of the Corporation, and the Legislature has so appropriated Per Capita Aid, the Sales Tax and the Stock Transfer Tax for each of the State's fiscal years since the inception of the Corporation. The Corporation expects that the Legislature will continue to make such appropriations so long as the Corporation's bonds are outstanding. Under the State Constitution, however, the Legislature cannot be bound or obligated to appropriate such revenues for the benefit of the Corporation.

The Corporation believes that any failure by the Legislature to make appropriations as expected would have a serious impact on the ability of the State and its agencies to raise funds in the public credit markets. See "PART 8—CERTAIN DEVELOPMENTS AFFECTING THE STATE."

The State is not bound or obligated to continue payment of Per Capita Aid or to impose either the Sales Tax or the Stock Transfer Tax or to make any appropriations to the Corporation of the revenues received therefrom. The Second General Bond Resolution, however, provides that each of the following shall constitute an event of default with respect to the Second Resolution Bonds: (i) the failure of the State to continue to pay Per Capita Aid, as the laws relating to Per Capita Aid may be amended, or a reduction by the State of the amount of Per Capita Aid payable during any fiscal year to an amount less than the maximum annual debt service payable on the outstanding Second Resolution Bonds; (ii) the failure of the State to continue the imposition of either the Sales Tax or the Stock Transfer Tax, each imposed by the Tax Law, as such Law may be amended, or a reduction of the rates of such taxes to rates less than those in effect on July 2, 1975; or (iii) the failure of the State Comptroller to pay to the Corporation the amounts certified by the Corporation.

The Finance Law provides that in no event shall the State Comptroller pay over and distribute to the City or any other entity other than the Corporation any Sales or Stock Transfer Tax revenues or Per Capita Aid held in the special funds (other than for State administrative charges), unless and until the aggregate of all cash required by the Corporation at the date of such distribution has been appropriated and has been paid to the Corporation.

Provisions of the State Constitution and the Finance Law require the setting aside of the first revenues received that are applicable to the State's General Fund if the State Legislature fails to make an appropriation for the payment of State indebtedness. Although the Sales Tax and the Stock Transfer Tax are revenues of the State, they are applicable to special funds, rather than the State's General Fund. Consequently, under existing law, the provisions requiring moneys to be set aside to pay State obligations would not apply to the Sales Tax and Stock Transfer Tax. However, Per Capita Aid is apportioned and paid from the State's General Fund and may be subject to being set aside to pay State obligations in the event the State fails to pay such obligations.
**Per Capita Aid**

Per Capita Aid consists of revenues that would otherwise be paid to the City as the City's share of the State's general revenue sharing program for localities throughout the State. The State has appropriated moneys which have been apportioned among local governmental entities, including the City, in each year since 1946 and has provided some measure of assistance to local governments since 1800.

The apportionment of general revenue sharing among localities is based on a statutory formula which takes into account the distribution of the State's population, the total assessed valuation of real property taxable within the State, personal income, and other factors. Both the determination of the amount of statewide general revenue sharing and the apportionment of such revenue sharing among localities are legislative acts and the Legislature may amend or repeal the statutes relating to statewide general revenue sharing and the formulas which determine the amount of Per Capita Aid payable to the Corporation. Such amendments could result in the increase or decrease of the amount of Per Capita Aid available for the payment of debt service on Second Resolution Bonds. However, certain of such acts by the Legislature would be events of default under the Second General Bond Resolution, see “Appropriation by Legislature” in this PART 6. The financial condition of the State may affect the amount of Per Capita Aid appropriated by the Legislature.

The following table, which presents data obtained from the City Office of Management and Budget, the State Comptroller’s office and the State Division of the Budget, indicates the aggregate payments of Per Capita Aid apportioned and paid to the City and, since 1976, to the Corporation, for the ten fiscal years ended June 30, 1983.

**Sales Tax**

The Sales Tax is imposed within the City at the rate of 4% on receipts from most retail sales of tangible personal property and certain services and at the rate of 6% on receipts from parking, garaging or storing motor vehicles in the City. The Sales Tax is in addition to the 4% sales and compensating use taxes levied statewide and the 1/4 of 1% sales and compensating use tax levied in the regions served by the Metropolitan Transportation Authority. The Sales Tax is subject to certain limited exceptions, exemptions and exclusions. Under the Finance Law, the Sales Tax is paid into a special fund held by the State Comptroller on a monthly basis.

The Sales Tax is imposed on substantially the same tax base as the sales and compensating use taxes previously imposed by the City and collected by the State. A tax on sales of certain tangible personal property and services had been imposed by the City since 1934.
Collections of the Sales Tax and the sales and compensating use taxes previously imposed by the City have increased in each of the last ten years, although the primary cause of the growth of Sales Tax collections in recent years has been inflation. The level of Sales Tax receipts is necessarily dependent upon economic and demographic conditions in the City, and there can be no assurance that the historical data with respect to collections of such Tax are necessarily indicative of future receipts. The City has experienced adverse trends in certain economic and demographic factors which contributed in some years to a slowing of the growth rate of Sales Tax collections.

The following table sets forth State collections of the sales and compensating use taxes imposed by the City prior to July 1, 1975, and the Sales Tax imposed by the State since July 1, 1975, on a quarterly basis for the last ten complete fiscal years of the City, after deductions of the costs of administration, collection and distribution. Footnotes to the tables detail changes in law and administrative procedures affecting the collection and distribution of the Sales Tax which are important to an understanding of the tables.

(a) Commencing March 1976, quarterly collections were distributed to localities based on historical collection data. Commencing June 1980, quarterly collections are distributed to localities based on historical collection and current unverified vendor data. Subsequent quarterly distributions to localities are adjusted to compensate for overdistributions or underdistributions when data on actual collections by locality are available. Such adjustments are reflected in the table for the quarter in which the subsequent distributions are made. Since March 1976, adjustments have ranged from $493,000 to $11.1 million to reflect overdistributions for certain prior periods and from $116,971 to $9.8 million to reflect underdistributions for other prior periods. Periods subsequent to June 1982 remain subject to the ongoing process of adjustment.

(b) The amounts of sales and compensating use taxes collected for fiscal 1975 and all subsequent years reflect the increases in the sales and compensating use taxes from 3% to 4%, effective July 1, 1974. The 6% tax on sales of certain parking services has remained the same.

(c) Commencing March 1976, certain large vendors (those with taxable receipts of $300,000 or more in any quarter of the preceding four quarters) are required to prepay in March estimated amounts of Sales Tax liability for March in addition to filing their normal quarterly reports for the December-February quarter. Any adjustments necessary to reflect actual amounts of Sales Tax liability for the month of March are reflected in the June collection figures.
Stock Transfer Tax

The Stock Transfer Tax is imposed at rates ranging from 1¼¢ to 5¢ (based on the selling price per share) on sales, agreements to sell, memoranda of sale and deliveries or transfers made within the State of shares or certificates of stock and certain other certificates. The imposition of the Stock Transfer Tax is subject to certain limited exceptions and is subject to a maximum tax of $350 on any taxable transaction which involves a sale on a single day of shares or certificates of the same class issued by the same issuer.

The level of Stock Transfer Tax revenues is related to the rate of tax imposed, the price of the shares traded and the volume of transactions on the securities exchanges located in the City. Such volume has fluctuated widely so that there can be no assurance that the historical data with respect to collections of such tax are necessarily indicative of future revenues.

The Corporation believes that it is not possible to predict the effect of developments with respect to the City's economic condition or other related economic developments in the City on Stock Transfer Tax collections. The volume of taxable securities transactions in the State may be adversely affected by (i) the evolution of a centralized nationwide securities market, (ii) the possible movement out of the State of the stock exchanges now located in the State, and (iii) other proposals which if implemented might tend to facilitate the execution of securities transactions not subject to the Stock Transfer Tax.

The revenues derived from the Stock Transfer Tax, including amounts subject to rebate as discussed below, after deduction of the costs of administration, collection and distribution of such Tax, are shown below for the previous ten complete fiscal years of the City, based upon the various rates prevailing and types of transactions taxable during the periods shown:

(a) Includes collections of the 25% surcharge imposed upon the Stock Transfer Tax effective as of August 1, 1975, which surcharge expired July 31, 1978.

In 1977, the State enacted a program of gradually increasing rebates for all Stock Transfer Tax payers. Rebates began October 1, 1977 with respect to transactions by non-residents subject to tax and began October 1, 1979 with respect to transactions by residents. Rebates equal to 100% of the tax began on October 1, 1981. The legislation provides that taxpayers are to continue to pay the Stock Transfer Tax at the above-stated rates and that revenues are to continue to be paid into the Stock Transfer Tax Fund, although a substantial portion of such revenues (the rebatable portion of the tax) will be paid into the Stock Transfer Tax Fund.
only at the end of each calendar quarter. To the extent that the Corporation does not require the use of Stock Transfer Tax revenues for debt service on its outstanding obligations, such revenues are available on a quarterly basis for payment of rebates.

To date, the Corporation has not found it necessary to use the revenues derived from the Stock Transfer Tax to pay its debt service. Based on present projections, the Corporation does not anticipate that it will be necessary to utilize these revenues in the future, although no assurance can be given that they will not be so required. See "PART 7—DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS." If the Corporation were to require a substantial portion of the Stock Transfer Tax revenues otherwise subject to rebate, the resulting reduction in the amounts available for rebate could have an adverse effect upon the New York securities industry.

The City, in its January 18, 1983 submission to the Control Board, has proposed enactment of a temporary three-year surcharge on the Stock Transfer Tax which it estimates would produce nonrebateable revenues of approximately $150 million annually, if enacted. Members of the securities industry have stated that the imposition of such a tax might have an adverse effect on the New York securities industry and the volume of taxable transactions within the State.

**Maintenance of Capital Reserve Aid Fund**

Under the Act, additional payments are to be made by the State, subject to appropriation by the Legislature, to the Capital Reserve Aid Fund if for any reason (including a payment from such Fund to the Bond Service Fund to make up a deficiency in the Bond Service Fund) the Capital Reserve Aid Fund falls below specified levels. The amount of any such payment, if required, is to be in accordance with a certificate of the Corporation, to be delivered on or before December 1, stating the sum, if any, required to restore the Capital Reserve Aid Fund to the required level. The specified level equals 100% of the amount of debt service payable in the succeeding calendar year on any Second Resolution Bonds then to be issued and on all other Second Resolution Bonds outstanding on the date of calculation. Such Fund is currently funded at an amount not less than the required level with securities valued in accordance with the requirements of the Act (which may differ from the market value of such securities). See Notes 4 and 9 to the financial statements of the Corporation contained in Exhibit A.

Moneys in the Capital Reserve Aid Fund may not be withdrawn at any time in such amounts as would reduce the amount of such Fund to less than the amount of debt service payable on the Second Resolution Bonds in the succeeding calendar year, except for the purpose of paying debt service on such Bonds if other moneys of the Corporation are not available. The Corporation has not found it necessary to use moneys in the Capital Reserve Fund to pay debt service on any of its bonds.

The provision of the Act referred to above does not constitute an enforceable obligation or debt of the State and no moneys may be paid to the Corporation pursuant thereto absent an appropriation by the Legislature. See "Appropriation by Legislature" in this PART 6.
PART 7—DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS

In order to estimate coverage ratios for the Second Resolution Bonds that will be outstanding, the Corporation has assumed certain amounts of Per Capita Aid and Sales Tax and Stock Transfer Tax collections. There is shown below the basis on which such amounts were calculated. The debt service payment requirements for the First and Second Resolution Bonds as well as certain coverage ratios are also shown below.

**Adjusted Per Capita Aid**

The Corporation has estimated the amounts of the following potential claims and liabilities on Per Capita Aid that are payable prior to the payment of Per Capita Aid to the Corporation, although since the inception of the Corporation no such claims have been asserted.

* Although State law purports to limit claims on Per Capita Aid, such limitation may not be effective in the event that the then outstanding bonds of the State Dormitory Authority issued to finance CUCF facilities are accelerated pursuant to the occurrence of an event of default under the related Dormitory Authority bond resolutions. In such event, all such outstanding bonds of the Dormitory Authority could be due and payable and could, to the extent of fifty percent of such principal amount, have a prior claim on Per Capita Aid. The Dormitory Authority has outstanding $905 million in such bonds. The State has, however, enacted legislation under which it commits, subject to annual appropriation, to reimburse the City for a portion of the CUCF share of the Dormitory Authority’s debt service. The portion has increased to 100% in the City’s 1983 fiscal year with respect to debt issued for senior colleges. See “PART 8—CERTAIN DEVELOPMENTS AFFECTING THE STATE—Problems of Authorities and Localities”.
Aggregate Sales and Stock Transfer Taxes

Assuming that the Sales Tax and Stock Transfer Tax collections (after deduction of costs of administration, collection and distribution) in each fiscal year remain at the levels for the 12 months ended February 28, 1983, see “PART 6—PAYMENT OF THE BONDS—Sales Tax” and “Stock Transfer Tax”, and operating expenses of the Corporation are $11.2 million (the estimate for the current fiscal year), the aggregate annual amount which would be available from the Sales Tax and the Stock Transfer Tax, if needed (the “Aggregate Sales and Stock Transfer Taxes”), to pay debt service of the Corporation is shown below:

Debt Service Requirements and Estimated Coverage Ratios

As shown above, Adjusted Per Capita Aid is approximately $409 million and Aggregate Sales and Stock Transfer Taxes are approximately $2,113 million, for a total of $2,522 million.

The following table shows the aggregate annual debt service payment requirements on the First Resolution obligations which have a prior claim to that of the Second Resolution Bonds on the Sales and Stock Transfer Taxes. The Series 45 Resolution and certain other resolutions include a covenant by the Corporation that it will not issue any obligations under the First General Bond Resolution, if the aggregate annual debt service in any fiscal year on all obligations issued and outstanding under the First General Bond Resolution would exceed $425 million (with certain adjustments with respect to up to $25 million of small denomination obligations).

In addition, the table shows the annual principal payments, interest payments and the aggregate debt service payment requirements on all outstanding Second Resolution Bonds assuming the issuance of all bonds which the Corporation is conditionally obligated to issue but excluding the Series 45 Bonds. The table also shows the coverage of aggregate annual debt service on Second Resolution Bonds by all revenues (Adjusted Per Capita Aid plus Aggregate Sales and Stock Transfer Taxes) after deducting from such revenues the aggregate annual debt service requirements with respect to the First Resolution Obligations.

There is no assurance that Adjusted Per Capita Aid, Aggregate Sales and Stock Transfer Taxes or operating expenses will in fact remain at the levels referred to above in subsequent years. Furthermore, the Corporation reserves the right to issue additional obligations pursuant to the First and Second General Bond Resolutions within the limitations contained in such Resolutions, the Series 45 Resolution, the credit agreements with the banks under the Commercial Paper Program and the Act.

(a) Includes Sinking Fund Installments

(b) Coverage ratios for the years 1996 to 2009 are not shown because of the relatively small amount of debt service in such years compared to the amount of revenues.

All revenues (Adjusted Per Capita Aid plus Aggregate Sales and Stock Transfer Taxes) would cover the aggregate of the debt service on all First and Second Resolution obligations, shown in the table above for the fiscal years 1984 through 1995, ranging from a low of 2.42 times in 1989 to a high of 3.05 times in 1995 and such coverages average approximately 2.67 times.
The Corporation anticipates that an aggregate of approximately $768 million, of which the Series 45 Bonds are a portion (excluding the bonds which the Corporation is conditionally obligated to issue) of additional First Resolution obligations and Second Resolution Bonds will be issued pursuant to the Debt Issuance Plan and that such issuance can be made within the issuance coverage tests imposed under the First and Second General Bond Resolutions, the Series 45 Resolution and certain other resolutions of the Corporation, see "PART 2—BONDS BEING OFFERED—Additional Bonds and Notes", on the basis of the assumptions described in this PART 7 and reflected in the above coverage table.

In addition to the aggregate debt service payments with respect to the First Resolution obligations shown in the above table, the Corporation is required to make deposits into the Capital Reserve Fund established pursuant to the First General Bond Resolution, which Fund is currently funded at not less than the required level.

PART 8—CERTAIN DEVELOPMENTS AFFECTING THE STATE

Although bonds of the Corporation are not obligations of the State, financial developments with respect to the State may affect the market for or market prices of the Corporation's securities and the sources of payment for the Corporation's securities. As described under "PART 6—PAYMENT OF THE BONDS", the revenues of the Corporation that are pledged to payment of debt service on the Second Resolution Bonds derive from Per Capita Aid and the Sales Tax and, in certain circumstances, the Stock Transfer Tax. The payment of these revenues to the Corporation is subject to appropriation by the State Legislature. The State Legislature has made appropriations to the Corporation for each of the State's fiscal years since the inception of the Corporation, including appropriations for the State's current fiscal year, and it is expected, but the Corporation has no assurance, that the State Legislature will make such appropriations for subsequent fiscal years. It is possible that the willingness of the State Legislature to make such appropriations in the future may be affected by the financial condition of the State, which may in turn depend upon the financial condition of the City. Such willingness might also be adversely affected if the Secretary of the Treasury withheld payments to the State as an offset against any claim the Secretary might have in connection with the issuance of Federal guarantees of obligations of the City.

The factors affecting the State's financial condition are complex, and the following description constitutes only a brief summary. This PART 8 is based entirely on information supplied by the State.

Long-Term Trends

The State and the City face serious potential long-term economic problems. The City accounts for approximately 40% of the State's population and personal income, and the City's financial health affects the State in numerous ways.

The State has long been one of the wealthiest states in the nation. For decades, however, the State economy has grown more slowly than that of the nation as a whole, resulting in the gradual erosion of its relative economic affluence. The causes of this relative decline are varied and complex, in many cases involving national and international developments beyond the State's control. Part of the reason for the long-term relative decline in the State economy has been attributed to the combined state and local tax burden, which is among the highest in the nation. The existence of this tax burden limits the State's ability to impose higher taxes in the event of future financial difficulties.

Recently, the State has been relatively successful in bringing the rate of growth in the public sector in the State into line with the slower expansion in the private economy. Prior to those efforts, annual increases in expenditures at both the State and local levels exceeded the increases in revenues generated by economic growth and were therefore financed in part through tax increases at both levels of government.
The burden of State and local taxation, in combination with the many other causes of regional economic dislocation, may have contributed to the decisions of businesses and individuals to relocate outside, or not locate within, the State. Certain manufacturing facilities have relocated to other states. This trend has been partially offset by the location of some new manufacturing facilities in the State and by expansion of existing facilities in the State. While no sustained reversal of the State's relative economic position has been projected, the actions taken to date, in combination with many other causes of regional economic changes, have slowed this trend. During 1980 and 1981, personal income growth in the State exceeded that of the rest of the nation. In the second half of 1981 and for 1982 the State unemployment rate was below that of the nation. Overall economic activity declined less in the State than in the nation as a whole over the last two years.

Financial Developments—Fiscal Years 1975-1983

During the last several years, some of the State's public benefit corporations (the "Authorities") and municipalities (in particular, the City) have faced extraordinary financial difficulties, which have affected the State's own financial condition. These events, including a default on short-term notes issued by the New York State Urban Development Corporation ("UDC") in February 1975, which default was cured shortly thereafter, and a continuation of the financial difficulties of the City, created substantial investor resistance to securities issued by the State and by some of its municipalities and Authorities. For a time, in late 1975 and early 1976, these difficulties resulted in a virtual closing of public credit markets for State and many State-related securities.

In response to the financial problems confronting it, the State developed and implemented programs for its 1977 fiscal year that included (i) the adoption of a balanced budget on a cash basis (a deficit of $92 million that actually resulted was financed by issuing notes that were paid during the first quarter of the State's 1978 fiscal year), (ii) a $4.53 billion borrowing plan, (iii) a plan (the "Authority Build-Out Plan") to meet the borrowing requirements through September 30, 1978 of four Authorities (the "Build-Out Authorities") and (iv) provisions for appropriations to certain Authorities as part of a program to complete projects under construction and to avoid defaults on their outstanding obligations. In addition, legislation was enacted limiting the incurrence of additional so-called "moral obligation" and certain other Authority debt, which legislation does not, however, apply to debt of the Corporation.

The 1978 fiscal year saw an improvement in the financial condition of the State, its Authorities and municipalities generally, although certain municipalities (including the City) and certain Authorities continued to face financial difficulties. The State adopted and adhered to a balanced budget, with receipts and expenditures of approximately $11.18 billion. For its 1979, 1980 and 1981 fiscal years, the State achieved balanced budgets with receipts and expenditures of $11.9 billion, $13.2 billion and $15.2 billion, respectively. For its 1982 fiscal year, the State achieved a balanced budget with receipts and expenditures of $16.782 billion. During the 1982 fiscal year, the State had full access to the public credit markets for its borrowing needs.

In addition to cash-based reports for fiscal years 1981 and 1982, the Comptroller has reported the State's 1981 and 1982 comprehensive (all funds) operating results and financial position for such fiscal years in accordance with generally accepted accounting principles ("GAAP"). Because the State's financial accounting system in effect during such fiscal years was designed to facilitate cash reporting and not GAAP modified accrual reporting, the Comptroller used certain accrual estimates and assumptions in preparing the GAAP financial statements. Such financial statements have not been audited by independent certified public accountants.

When reported in accordance with GAAP, the State's governmental funds group shows a net operating deficit of $328 million for fiscal year 1982. This net operating deficit reflects operating deficits in the General Fund and Capital Projects Funds of $339 million and $82 million, respectively, which were offset by operating surpluses of $55 million and $38 million in Debt Service Funds and Special Revenue Funds, respectively.
The State's combined balance sheet as of March 31, 1982 reflects an accumulated deficit in the State's governmental funds in the amount of $2.071 billion. This deficit includes an accumulated deficit in the General Fund of $2.697 billion and a net accumulated surplus of $626 million in the other three governmental fund types.

For its 1981 fiscal year, the State reported a restated GAAP operating deficit for its governmental funds of $239 million. This governmental funds operating deficit included restated operating deficits of $278 million in the General Fund and $80.6 million in the Special Revenue Funds Group, partially offset by operating surpluses of $46 million in the Capital Projects Fund Group and $73.6 million in the Debt Service Funds Group.

Although the General Fund in the 1983 State Financial Plan was balanced when formulated in May 1982, the State incurred a cash basis operating deficit of $549 million in that year. The deficit was caused, in part, by a reduction in receipts due to the failure of the national and State economies to recover from the recent recession at the time assumed in the original budget projections, the actions of the Legislature in mandating, over the Governor's veto, certain additional disbursements and the failure of the Legislature to enact certain proposals designed to prevent diversion of General Fund receipts to support mass transit. These unfavorable developments were, in part, offset by available reserves in the original 1983 State Financial Plan, higher than projected lottery receipts, and a series of expenditure control actions. The State financed this cash basis operating deficit through the issuance of $500 million in tax and revenue anticipation notes issued in January 1983 and maturing in December 1983, and through the use of available General Fund balances.

Program for the 1984 Fiscal Year

Until the 1983 fiscal year the State maintained its financial records and reported the results of its operations on a cash basis. The Accounting, Financial Reporting and Budget Accountability Reform Act of 1981 ("Chapter 405") provides for a phased changeover of the State's financial reporting systems from a cash basis to a system which will conform with GAAP. In preparation for the presentation of the financial plan of the State in accordance with GAAP beginning with the 1985 fiscal year, the financial plan for the State's 1984 fiscal year, although presented on a cash basis, incorporates the fund classifications required by GAAP. Therefore, the 1984 State Financial Plan includes considerably more transactions than plans of prior years, which included transactions in only one fund, the general fund. The major operating fund of the State remains the General Fund (as restructured). Therefore, this section summarizes the 1984 State Financial Plan (as defined below), with particular emphasis on the General Fund.

The State's General Fund projections for the 1984 fiscal year show anticipated receipts of $19.154 billion, an increase of $2.103 billion (12%) over the total receipts in the 1983 fiscal year. Of the projected amount, $500 million will be impounded for payment of the tax and revenue anticipation notes issued in January 1983 to finance the major portion of the State's 1983 deficit. Total disbursements in the State's 1984 fiscal year are projected to be $18.603 billion and the year-end balance in the General Fund is required by law to be increased by $51 million to restore certain fund balances depleted in prior years. The projection of disbursements reflects an increase of $1.090 billion (6%) over the total amount disbursed in the 1983 fiscal year.

General Fund receipts are categorized in the 1984 State Financial Plan as taxes, miscellaneous receipts, Federal grants and transfers from other funds.

Taxes, which account for 94% of total General Fund receipts, are projected to total $17.936 billion, up $2.491 billion (16%) from the amount collected during the 1983 fiscal year. Of this increase, $975 million reflects increases in the rates or bases or both of certain taxes and fees and other revenue measures. Of the
increase in total taxes, approximately $1.301 billion represents higher personal income tax collections, $546 million represents higher receipts from user taxes and fees, and $601 million represents higher receipts from business taxes. The projection of personal income tax receipts does not reflect the payment of any refunds on calendar 1983 tax liability during the 1984 fiscal year.

Miscellaneous receipts and Federal grants, which account for approximately 4% of General Fund receipts, or $991 million, are projected to decline 17%, largely due to the absence of several nonrecurring transfers of cash balances from insurance-related funds.

General Fund disbursements are categorized in the 1984 State Financial Plan as grants to local governments, State operations, general State charges, debt service and transfers to other funds.

Disbursements for grants to local governments from the General Fund are projected at $11.145 billion, or approximately $593 million (5.6%) greater than during the 1983 fiscal year. Spending increases in this area include: (i) $359 million for the funding of the Human Services Overburden Program; (ii) $251 million for the funding of Medicaid and other social services programs; (iii) $234 million for education, higher education and tuition assistance programs; and (iv) $43 million for mental hygiene programs. These increases are offset, in part, by reductions in spending for special mass transportation operation assistance ($105 million) and changes in payment schedules for education aid and certain other local assistance programs that have the effect of deferring $235 million in spending into the 1985 fiscal year.

Disbursements for State operations from the General Fund are projected at $4.734 billion, an increase of $278 million (6.0%) from the 1983 fiscal year. This level of disbursements reflects the reduction in the size of the State’s workforce projected in the 1984 State Financial Plan by approximately 11,000 positions through layoffs, attrition and transfers of positions to other funds and through the implementation of an incentive program to encourage early retirement. This projected level of spending reflects increases of (i) $76 million for agencies involved in criminal justice activities; (ii) $68 million for health-related and mental health-related activities; and (iii) $68 million for human services and educational agencies.

Disbursements for general State charges from the General Fund are projected at $1.398 billion, an increase of $108 million (8.4%) from the 1983 fiscal year, including: (i) $38 million for retirement system payments; (ii) $20 million for increased employer social security costs; and (iii) $38 million for health and dental insurance and contributions to employee benefit funds.

Disbursements for the payment of interest on tax and revenue anticipation notes and bond anticipation notes are projected at $236 million, approximately $1 million more than during the 1983 fiscal year.

Transfers to other funds, projected to aggregate $1.090 billion, primarily reflect the need to place moneys in other State funds for payment of debt service on State general obligation debt and for tax supported capital construction.

The State Comptroller will issue GAAP-based financial statements for the State’s 1983 fiscal year by July 29, 1983. The State's balance sheet as of March 31, 1983 is required by Chapter 405 to be certified by an independent firm of certified public accountants. Based on preliminary estimates made in March 1983, which could be materially different from the audited results, the State Comptroller projects that there will be a deficit on a GAAP basis in the General Fund of between $750 million and $850 million as compared to a GAAP operating deficit of $339 million in fiscal 1982. This GAAP-based operating deficit in the General Fund for the 1983 fiscal year, compared with the cash basis operating deficit of $549 million, is primarily attributable to an estimated decline in net receivables at March 31, 1983.
On November 10, 1982, Standard and Poor’s Corporation reduced its rating on the general obligation bonds of the State from AA- to A+, citing the State’s continued use of one-time revenues, increased use of income tax refund deferrals, rising seasonal cash requirements and borrowings and the increase in the size of the projected deficit for the 1983 fiscal year from the July 1982 projection. At the same time, Standard and Poor’s Corporation also reduced its rating on certain bond issues of various Authorities, not including the Corporation. On November 12, 1982, Moody’s Investors Service reduced its rating on outstanding State tax and revenue anticipation notes from MIG-1 to MIG-2. Ratings reflect the views of the respective rating agency and explanations of such ratings may be obtained from each of the rating agencies. Any action by a rating agency to lower the credit rating on any outstanding indebtedness of the State may have an adverse impact on the market for the Corporation’s bonds.

Problems of Authorities and Localities

The fiscal stability of the State is related, at least in part, to the fiscal stability of its localities and Authorities. Various Authorities have issued bonds secured, in part, by non-binding statutory provisions for State appropriations to maintain various debt service reserve funds established for such bonds (commonly referred to as “moral obligation” provisions).

At March 31, 1983, there was outstanding $17 billion aggregate principal amount of bonds issued by Authorities which are either guaranteed by the State or supported by the State through lease-purchase arrangements or moral obligation provisions of which the Corporation’s bonds totalled approximately $7.4 billion. Debt service on outstanding Authority obligations is normally paid out of revenues generated by the Authorities’ projects or programs, but in recent years the State has provided special financial assistance, in some cases of a recurring nature, to certain Authorities for operating and other expenses and for debt service pursuant to moral obligation indebtedness provisions or otherwise. Additional assistance is expected to be required in the State’s 1984 fiscal year and future years.

Certain Authorities continue to experience financial difficulties, especially those Authorities conducting housing programs. Rising operating costs require increased rents or fees on projects financed by various Authorities. The inability or unwillingness of the residents or users of such projects to pay such increases has led to increasingly serious financial difficulties at a number of such projects. These difficulties could adversely affect the fiscal stability of certain of the programs of the Authorities involved and have increased the likelihood that the State will be requested to make appropriations to such Authorities pursuant to moral obligation provisions or otherwise.

HFA and UDC face significant financial difficulties with some of the projects on which they hold mortgages. Seven HFA housing projects were more than one month in arrears in their monthly mortgage repayment escrow deposits as of February 15, 1983. The most significant of the projects in arrears is Co-op City, on which HFA holds a mortgage with an original principal amount of $390 million. Co-op City has been in arrears from time to time in its monthly mortgage payments and, from August 1980 until October 1981, made no cash payments. As a result of mortgage payment delinquencies of Co-op City and, to a substantially lesser extent, of certain other projects, HFA has been required to withdraw a total of $117.4 million between November 1975 and March 31, 1983 from the debt service reserve fund securing the Non-Profit Housing project bonds to make debt service payments on such bonds. Approximately $22.3 million of such withdrawals were made during the State’s 1983 fiscal year. At the end of each of the State’s fiscal years, HFA’s Non-Profit Housing debt service reserve fund must contain an amount equal to the maximum debt service on such bonds due in any succeeding calendar year. Such reserve fund has been replenished for all withdrawals made through March 31, 1983 by payments from the State of approximately $85.9 million pursuant to the moral obligation provisions of the statutes authorizing HFA’s Non-Profit Housing project bonds and from funds otherwise legally available to HFA for such purposes. In addition, between November
1979 and March 31, 1983, HFA was required to withdraw $13.6 million from the debt service reserve fund securing its General Housing bonds to make debt service payments on such bonds. Such reserve fund has been replenished by payments of approximately $4.8 million from the State and from funds otherwise legally available to HFA for such purposes. The 1984 State Financial Plan contains a reserve for HFA which will not be appropriated until HFA certifies the amount required, but which the State expects to be sufficient to replenish HFA’s debt service reserve funds for withdrawals from such funds made during the State’s 1984 fiscal year.

UDC has approximately $913 million of long-term general purpose bonds outstanding as of November 30, 1982. At that date the debt service arrears on UDC/PFA mortgages aggregated approximately $124.9 million, excluding an aggregate of $16.9 million in payments deferred pursuant to various workout arrangements. UDC, and for an extended period of time is expected to be, dependent upon the State for appropriations which will be substantial to enable it to meet its financial requirements including debt service on its general purpose bonds. In March 1982, UDC projected that it would need $192 million in State appropriations between 1980 and 1991. This projection included $92.5 million for State fiscal years 1984 through 1991. In a recent review of this projection, the State Comptroller, while recognizing the difficulty of accurately forecasting UDC’s long-term requirements for State appropriations for UDC’s housing programs and administrative expenses, determined that these requirements could be significantly higher than UDC’s estimates. In addition, UDC expects that it will need no State appropriations for debt service during the State’s 1984 fiscal year.

Battery Park City Authority ("BPCA"), which issued moral obligation bonds in 1972 to finance the development of Battery Park City in lower Manhattan, did not begin to receive revenues from this project until its 1981 fiscal year, but it is now receiving revenues from both residential and commercial development underway at the project site. The 1984 State Financial Plan includes $2.9 million for BPCA to cover debt service on BPCA’s 1972 moral obligation bonds, and BPCA expects to continue to require State appropriations totalling an additional $28.3 million for these purposes through the State’s 1987 fiscal year.

The Dormitory Authority (the “DA”), which finances facilities for various public and non-profit institutions in the State, had entered into approximately $304 million in repurchase agreements with Lombard-Wall, Incorporated when that firm filed for reorganization under the Federal Bankruptcy Code in August 1982. The DA believes, however, that the payments it has since received from Lombard-Wall, together with other moneys currently available to it, will enable the DA to complete the various projects for which moneys were invested in these repurchase agreements, and the State does not expect that the DA’s losses of approximately $19.6 million will have a material adverse effect on the State’s finances during the 1984 fiscal year.

Another problem faced by certain Authorities is that future increases in operating costs may result in a need for increased rents, fees or user charges in Authority-financed projects, particularly residential housing projects and medical care facilities. Inability or unwillingness to pass increased costs on to residents or users of such projects would adversely affect the fiscal stability of the Authorities, and possibly cause the State to be requested to make appropriations to support such projects. There is no assurance, however, that the Legislature would make such appropriations.

Failure of the State to appropriate necessary amounts or to take other action to permit the Authorities to meet their obligations could result in a default by one or more of the Authorities. If a default were to occur, it would likely have a significant adverse effect on the market price of obligations of the State and its Authorities, including the Corporation.

Certain localities other than the City may face financial problems during the State’s 1983 fiscal year and thereafter. The anticipated and potential problems stem, in part, from the litigations and judicial decisions relating to property tax assessments and rates and pension contributions by such localities, as well as from
longer range economic trends. Such factors may result in the inability of certain localities to achieve balanced budgets during the State's 1984 fiscal year.

New York City's metropolitan area is heavily dependent on the subway and bus lines within the City operated by the New York City Transit Authority and the Manhattan and Bronx Surface Transit Operating Authority (collectively, the "TA") and on the rail lines operated by the Metropolitan Transportation Authority (the "MTA"), which include the Long Island Railroad and rail lines serving suburban New York and Connecticut. Service levels on all such lines have been declining. The MTA attributes this decline in part to policies of equipment maintenance deferral and to the need to keep aging equipment and other assets in service as a result of low capital expenditure levels in recent years.

For the period ending December 31, 1983, the MTA is projecting a balanced budget, but only after receiving substantial assistance from the State. In 1981, several taxes were enacted to produce substantial revenues for the MTA and TA, but these revenues are expected to be substantially less than originally projected. In addition, the legality of certain of these taxes is the subject of pending litigation. In December 1982, in response to the MTA's projection of a $300 million deficit for the period July 1, 1982 through December 31, 1983, the Legislature enacted a two-year surcharge on taxes paid by banks, insurance companies, utilities and other corporations on business activity attributable to the twelve-county region served by the MTA, which is expected to produce an aggregate of $270 million each year for transportation purposes, including $135 million each year to subsidize the TA and $95 million each year to subsidize the MTA's commuter rail lines. The MTA expects the remaining funds needed to eliminate its projected deficit through December 31, 1983 to be derived from continued Federal operating subsidies enacted in December 1982.

Certain factors may affect the MTA's projections through calendar year 1983. In his proposed budget for the Federal fiscal year ending September 30, 1984, the President has recommended measures that would reduce by as much as 68% the currently anticipated $108 million in these Federal operating subsidies expected to be available to the MTA in the fourth quarter of 1983. However, unless Congress, which has failed to adopt similar recommendations in prior years, adopts the President's proposal, the level of such funding assumed by the MTA for 1983 will be available. In addition, the 1984 State Financial Plan includes an appropriation to the MTA under the mass transit operating assistance program of $115.7 million but, for the first time in several years, requires an equal appropriation from localities and counties within the MTA region, thus effectively increasing the local share of MTA operating assistance under this program by $19.1 million for the State's 1984 fiscal year as compared to the State's 1983 fiscal year. The MTA's projection of a balanced budget in calendar 1983 depends upon timely payment of this additional local share requirement by localities and counties within the MTA region. Should any of the assumptions used by the MTA in arriving at its 1983 projections prove incorrect, the MTA could incur deficits in calendar year 1983 and would therefore be required to seek additional State assistance or increase fares.

As a result of projected increases in operating expenses, the MTA is currently projecting a TA operating deficit of $225 million (compared with a $205 million gap projected in February 1983 by the Office of the State Special Deputy Comptroller ("OSDC") and a $232 million gap projected in the January Modification. For further information concerning the January Modification and the OSDC report, see "PART 9—Certain Developments Affecting the City" and a commuter rail operating deficit of approximately $75 million in calendar year 1984. To eliminate these projected deficits, the MTA is expected to request additional State or local assistance, to seek additional Federal aid, to increase user charges, to reduce service levels, or to seek some combination of these actions, prior to the beginning of calendar year 1984.

Legislation was also enacted in 1981 to provide for additional sources of capital financing for mass transportation in the metropolitan region. This legislation, which recognizes and expressly does not relieve the City of its obligation to provide for the capital needs of the TA, also recognizes that the capital needs of the MTA and TA are far in excess of the funding sources authorized in the legislation. The Legislature
expressed its intentions to follow the progress of the projects financed from the sources therein authorized and to review the limitations therein contained as necessary.

Litigation

Certain litigations pending against the State or its officers or employees could have a substantial or long-term adverse effect on State finances. Among the more significant of these litigations are those that involve: (i) the validity and fairness of agreements and treaties by which the Oneida and Cayuga Indians transferred title to the State of approximately 6 million acres of land in central New York; (ii) certain aspects of the State's Medicaid rates and regulations, including reimbursements to providers of mandatory and optional Medicaid services; (iii) the care and housing for individuals released from State mental health facilities; (iv) the treatment provided at several State mental hygiene facilities; (v) the conduct of the State, HFA, and the State Commissioner of Housing and Community Renewal in the construction, financing, supervision and management of Co-op City; (vi) contamination in the Love Canal area of Niagara Falls; (vii) certain aspects of the State's plan to construct Westway; (viii) educational accommodations for learning disabled students at a State University; (ix) alleged employment discrimination by the State University of New York; (x) alleged State negligence following polychlorinated biphenyl contamination of the Binghamton State Office Building; (xi) the constitutionality of State legislation providing for a gross receipts tax on oil company revenues; and (xii) the constitutionality of the imposition of an additional sales tax in the MTA region.

Additionally, a suit was commenced on April 13, 1982, in Supreme Court, New York County, in which the plaintiffs challenge a section of the 1982 budget bill. That section required the transfer of $190 million from the State Insurance Fund's assets to the State's General Fund. The State Insurance Fund is a State agency which provides Workers' Compensation Insurance for employers. Should the plaintiffs prevail the State would be required to return the monies it has received, plus interest. In February 1983, the court upheld the transfer in all respects against the plaintiffs' claims. An appeal is now pending.

On September 29, 1982, an additional suit was commenced which challenges the same section of the budget bill requiring the transfer of a total of $204 million from various other funds to the State's General Fund. The State received these monies during its 1983 fiscal year. Should the plaintiffs prevail, the consequences would be similar to those discussed in the preceding paragraph.

PART 9—CERTAIN DEVELOPMENTS AFFECTING THE CITY

Although bonds of the Corporation are not obligations of the City, financial developments with respect to the City may affect the market for or market prices of the Corporation's securities. The Corporation believes that its ability to repay the Second Resolution Bonds is not dependent upon the financial condition of the City. However, economic and demographic conditions in the City may affect the levels of Sales Tax receipts and Per Capita Aid. During the time the Series 45 Bonds are outstanding, financial developments and other matters concerning the City will be the subject of reviews and reports by various agencies of Federal and State Government, see "PART 10—VARIOUS CONTROL PROGRAMS."

This section describes the City's actual operating results for the 1982 fiscal year, projections for the 1983 and 1984 fiscal years, major assumptions and uncertainties with respect to such projections, and some of the financial difficulties the City is expected to face in the future. It provides only a brief summary of the complex factors affecting the City's financial condition. This section is based entirely on information reported to the Corporation by the City, the staff of the Control Board, and the OSDC, or as presented in the City's four year financial plans or the Official Statements prepared by the City in connection with the issuance of its securities, or contained in other reports and statements referred to herein.

Fiscal Years 1975-1982

During 1975 the City became unable to market its securities and entered a period of extraordinary financial difficulties. In response to this crisis, the State created the Corporation and enacted the Emergency Act, which created the Control Board. See "PART 10—VARIOUS CONTROL PROGRAMS." Among other State
actions was an advance to the City at the end of the City's 1975 fiscal year of $800 million of State assistance moneys due the City in the succeeding fiscal year (an action repeated in each of the next three fiscal years).

The City took a number of steps which were intended to enable it to balance its budget and to regain access to the public credit markets. As required by the Emergency Act, these included accounting reforms and development of a three year financial plan (the "Three Year Financial Plan") to provide for a budget balanced in accordance with accounting principles then permitted by State law by the 1978 fiscal year.

In order to provide both seasonal and long-term financing for the City for fiscal years 1976 through 1978, a number of actions were taken. The City and the Federal Government entered into an agreement which provided the City with seasonal financing for the period. Certain City pension funds agreed to provide the City with long-term financing by purchasing City bonds and the City's sinking funds exchanged City notes for City bonds. In addition, bonds of the Corporation were: (1) purchased by certain commercial banks and City pension funds, (2) sold to the public, and (3) exchanged for outstanding City notes. In November 1975, the State Legislature enacted the New York State Emergency Moratorium Act, which suspended the rights of holders of short-term notes of the City to bring suit to enforce payment of such notes. The State Court of Appeals subsequently held the Moratorium Act unconstitutional and all of such notes have either been paid or exchanged for bonds of the Corporation.

During the 1976 through 1978 fiscal years, the City, among other actions, took steps to reduce the number of its employees, entered into labor contracts consistent with the assumptions contained in the Three Year Financial Plan and with the wage guidelines adopted by the Control Board, began charging general tuition at the City University of New York, and received additional State and Federal aid. Under the Three Year Financial Plan, the City Comptroller reported, in accordance with the accounting principles permitted by State law, operating deficits of $968 and $329 million, for the 1976 and 1977 fiscal years, respectively. The City Comptroller has estimated that without the two major deviations from GAAP permitted by State law the reported deficits for the 1976 and 1977 fiscal years would have been approximately $1.870 billion and $1.039 billion, respectively. The financial statements for those two years, however, are unaudited and may contain substantial errors as well as other deviations from GAAP.

As required by the Act, beginning with its 1978 fiscal year, the City's financial statements have been audited by independent accounting firms. The statements for fiscal year 1978 through 1980 report results both in accordance with the accounting principles permitted by State law which allowed certain deviations from GAAP and in accordance with GAAP. Under the accounting principles permitted by State law, the General Fund balances for fiscal 1978, 1979, and 1980 showed surpluses of $32 million, $216 million and $145 million respectively; when reported in accordance with GAAP, the General Fund showed a deficit of $712 million, $422 million and $356 million, respectively. The City's financial statements for fiscal 1981 and 1982 were reported in accordance with GAAP and showed a surplus of $128 million and $41 million, respectively. During the 1982 fiscal year, the City took various measures which, had they not been taken, would have caused the surplus to increase by $338 million. These measures included $298 million of authorized transfers for debt service, $30 million representing the prepayment of a portion of the City's subsidy to the TA and $10 million prefunding of educational expenditures subject to Federal reimbursement. The opinion of the independent accountants for the 1982 audit was subject to pending real estate tax certiorari proceedings, which, if decided adversely to the City, could have a substantial financial impact on the City. See "Litigation" in this PART 9.

Although the City accomplished the budgetary and accounting objectives of the Three Year Financial Plan, it did not regain access to the public credit markets during its 1978 fiscal year. The City, the Corporation, the Control Board and others, therefore, proposed a combination of actions intended to provide for the City's long-term financing through the 1982 fiscal year and to enable the City to reenter the public credit markets. These proposals resulted in: (1) the development of the Debt Issuance Plan and a financial plan for the 1979 through the 1982 fiscal years, (2) an extension of the Control Board, (3) an increase in the Corporation's debt issuance authority, (4) authorization for the Federal guarantee of certain City bonds, (5)
elimination of the State advance and (6) reduction of the City’s seasonal financing requirements. The State and Federal legislation necessary to undertake this program was enacted, and in November 1978 the Agreements implementing the Debt Issuance Plan were signed.

In March 1981, the City reentered the long-term public credit markets with an issue of $75 million of its bonds and in July and November 1981, the City sold another $100 million and $75 million of its bonds, respectively. In March 1982, the City sold an additional $75 million of its bonds, thereby exceeding its portion of the bonds to be sold publicly during the 1982 fiscal year under the Debt Issuance Plan. The City has sold publicly approximately $352 million of its bonds in the 1983 fiscal year. These bond issues received an investment grade rating from Standard & Poor’s Corporation. Moody’s Investors Service, Inc. rates City bonds at the highest non-investment grade rating. Since 1979, the City has been able to obtain an increasing portion of its seasonal financing needs through the sale of short-term notes to the public, and in the 1981 and 1982 fiscal years, the City obtained all of its seasonal financing requirements in that manner. The City has sold $700 million of its short-term obligations for seasonal financing purposes in the 1983 fiscal year, thereby satisfying its projected requirement for such year.

Pursuant to the Act and the Emergency Act, the City is required to submit by May 12 of each year for review and approval by the Control Board a financial plan for the next four fiscal years, covering the City and certain agencies subject to the provisions of the Emergency Act (the “Covered Organizations”). The four year financial plan must be reviewed quarterly and may be modified from time to time during the fiscal year upon request of the City and approval of the Control Board. The Emergency Act requires that the City provide for a budget balanced in accordance with GAAP for fiscal years 1982 and thereafter, a requirement that the City has fulfilled for the 1981 and 1982 fiscal years.

Fiscal Years 1983-1986

Pursuant to the Financial Emergency Act, the City submitted to the Control Board on May 12, 1982 a proposed financial plan for the City and its Covered Organizations covering the 1983 through 1986 fiscal years. Subsequently, the City withdrew the submitted plan stating that, due to the City’s inability to project the cost of pending labor settlements and other uncertainties, it could not prepare a complete four year financial plan in conformance with the requirements of the Financial Emergency Act prior to the beginning of the fiscal year. Pursuant to State law, on June 30, 1982, the Control Board formulated and adopted for fiscal 1983 an interim financial plan for the City and its Covered Organizations (the “1983 Interim Plan”) on the basis of projections and assumptions developed and previously submitted by the City, the City’s Adopted Budget and certain other information. Tentative labor settlements were not concluded until October 1982.

As a result of the continued uncertainty with respect to the local impact of the weak national economy and the labor settlements with the City’s employees, the Mayor in October 1982 instituted a temporary hiring freeze, and ordered all City agencies to prepare plans to achieve expenditure reductions aggregating 2.25% in the 1983 fiscal year and 7.5% in the 1984 fiscal year.

The City, on November 17, 1982, submitted to the Control Board a proposed modification to the 1983 Interim Plan covering the 1983 through 1986 fiscal years (the “1983 Proposed Plan”). The 1983 Proposed Plan cited the increased costs of the labor settlements and the effects of the lingering national recession as major factors necessitating revisions in revenue and expenditure projections from those stated in the adopted budget for the 1983 fiscal year (the “Adopted Budget”). The City estimated that an additional $248 million in labor costs and a $100 million shortfall in projected tax revenues, partially offset by a $7 million increase in projected miscellaneous revenues, would create a $341 million budget gap in the 1983 fiscal year and that an additional $755 million of labor costs and $103 million in tax revenue reductions in the 1984 fiscal year, when added to an already projected gap of $406 million and a projected reduction in miscellaneous revenues of $76 million, would result in a $1.34 billion budget gap for fiscal 1984. The 1983 Proposed Plan included the costs of the recent labor settlements between the City and various unions representing its employees for the 1983 and 1984 fiscal years but assumed a 2% increase in labor costs beginning in the 1985 fiscal year.
The 1983 Proposed Plan included certain actions to reduce expenditures and raise revenues which it projected would result in a budget surplus of $13 million in the 1983 fiscal year and budget gaps of $841 million, $1.084 billion, and $922 million in the 1984 through 1986 fiscal years, respectively.

The City, in the 1983 Proposed Plan, included a variety of measures to eliminate the 1983 projected gap and to partially alleviate the 1984 projected gap. Among proposed expenditure reductions were $148 million and $280 million in agency spending in the 1983 and 1984 fiscal years, respectively. Personnel reductions were to be achieved primarily through attrition and reorganization. The resulting loss of services was to be partially offset by productivity and management improvements. Cost savings were also expected to be achieved through reductions in previously projected debt service, a reduction in the general reserve, and amendments related to calculation of pension cost estimates.

Revenue enhancement programs as set forth in the 1983 Proposed Plan consisted largely of proposed additional tax measures and State aid. The proposed tax package included a number of proposed tax measures which, if enacted in their entirety, would yield a maximum of $388 million of new taxes for fiscal 1984. These taxes are subject to the approval of the State Legislature or City Council or both. The 1983 Proposed Plan included revenue from additional taxes of $22 million in fiscal 1983 and $200 million of the above-referenced $388 million in fiscal 1984. The package included a new 10% tax on capital gains realized from real estate transfers valued over $1 million, increases in the real estate tax and the commuter earnings tax rates, and accelerated collections of certain corporations' estimated tax liabilities, conforming City practice to Federal tax requirements. The 1983 Proposed Plan contained $200 million of additional State aid for the 1984 fiscal year, a reduction from $297 million assumed for that year in the revised financial plan for the 1982 through 1985 fiscal years submitted to the Control Board in April 1982.

The budget gaps remaining for the 1984 through 1986 fiscal years, after giving effect to the expenditure reductions and revenue enhancements set forth above, were expected to be closed through a combination of City and State actions for such years, including Federal actions in fiscal 1985 and 1986, certain of which were expected to be detailed in the January submission of the City's 1984 preliminary budget.

After the City's submission of the 1983 Proposed Plan, in a report issued December 15, 1982, the OSDC stated that after the City gap closing actions contained in the 1983 Proposed Plan, the City would still face a $112 million budget gap in fiscal 1983, and projected that the 1984 budget gap would be $893 million.

The State Comptroller, in a letter to the Mayor dated November 12, 1982, stated that the City's fiscal problem was critical, given the significant decline in revenue growth, State budget problems and decreased Federal aid, combined with the $1.5 billion labor settlement. He also stated, in a letter to the Mayor dated November 19, 1982, that the 1983 Proposed Plan as it related to the 1983 fiscal year did not adequately address the City's financial problems.

In response to discussions with the Control Board and its own ongoing monitoring of financial developments, the City revised the 1983 Proposed Plan and, on December 22, 1982, submitted a complete Financial Plan for the City and the Covered Organizations including the TA, covering the 1983 through 1986 fiscal years (the "1983 Revised Plan"). After giving effect to additional reductions in the City work force, the receipt of accelerated corporate tax payments, a component of the City's tax package set forth in the 1983 Proposed Plan which has been enacted at the State level, and an expected reduction in certain additional State aid which had been included in the projections contained in the 1983 Proposed Plan, the 1983 Revised Plan projected a City budget balanced for fiscal 1983 and a projected 1984 gap of $611 million. The City proposed to close the projected 1984 gap through a combination of expenditure reductions and enhanced revenues in addition to those contained in the 1983 Proposed Plan. The expenditure reductions in the 1983 Revised Plan included a decrease of 14,400 planned City-funded positions by the end of the 1984 fiscal year, such decrease being 9,400 above the reduction level reflected in the 1983 Proposed Plan. These reductions were comprised of 6,600 to be achieved through attrition, 1,200 through the elimination of planned personnel additions and up to 6,600 through layoffs by the end of the 1984 fiscal year. Additional revenues included a
further $100 million in taxes which may include a tax on securities transfers. The City has not withdrawn its request for the additional State aid, the receipt of which would ameliorate the need to implement all or a portion of the expenditure reductions and revenue enhancements included in the 1983 Revised Plan.

The staff of the Control Board, in a report issued on December 21, 1982, concluded that the 1983 Revised Plan complied with the standards of the Financial Emergency Act and recommended its adoption. The 1983 Revised Plan was approved by the Control Board on December 22, 1982.

On January 18, 1983, the City submitted a proposed modification to the 1983 Revised Plan to the Control Board (the “January Modification”). This proposed modification, as supplemented for fiscal 1987 and prepared for submission to the City Council and Board of Estimate, also satisfies the requirement in the City Charter that the City prepare for submission to the Board of Estimate and City Council in January a financial plan for the four ensuing fiscal years and which, with respect to fiscal 1984, constitutes the 1984 Preliminary Budget. The January Modification projects a GAAP-balanced budget for the 1983 fiscal year with revenues and expenditures of $15.480 billion, and budget gaps of $580 million, $882 million, and $748 million for the 1984 through 1986 fiscal years, respectively. The supplemental information provided to the Board of Estimate and City Council projects a budget gap of $710 million for the 1987 fiscal year.

In the January Modification, the City includes measures necessary for it to increase its revenues and decrease its expenditures in order to balance its fiscal 1984 budget. The January Modification, in projecting balanced revenues and expenditures for fiscal 1984, takes account of continuing reductions of City tax revenues due to adverse developments with regard to the economy and new expenditure needs, while refining its expenditure reduction program.

The January Modification reflects the tax measures proposed in the 1983 Revised Plan with the addition of a proposed temporary stock transfer tax surcharge estimated to provide the City with additional revenues of approximately $150 million annually over a three year period, if enacted. Revenues from the proposed taxes are estimated to provide a maximum of $498 million, of which $260 million is sought by the City for the 1984 fiscal year. These taxes are subject to the approval of the State Legislature or City Council or both.

The City, in the January Modification, has not projected State aid levels above those contained in the 1983 Revised Plan because of the State’s own continuing fiscal difficulties but has continued to request additional aid from the State. The City has, however, proposed measures which, if enacted by the State, would provide relief from certain mandated City expenditures. Among the proposed aid measures are the continuation of the State’s assumption of a greater portion of City Medicaid costs with a view to a phased total assumption of such costs and a redistribution of State aid to education in line with the issues set forth in Levittown v. Nyquist. Other revenue measures, such as expanded tax enforcement and increases in user fees, charges and fines, are also set forth in the January Modification.

The Governor, in his submission of the Executive Budget to the Legislature on February 1, 1983, proposed measures the net effect of which would provide in excess of $200 million in additional aid above the level projected for fiscal years 1983 and 1984 in the January Modification, including the continuation of current funding for Medicaid costs and a redistribution of State education aid. On March 28, 1983, the Legislature concluded action on the State budget for the State fiscal year commencing on April 1, 1983. The State budget provides the City with a net of $34 million in additional aid for fiscal years 1983 and 1984 above the aid levels projected in the January Modification. The Governor has proposed a phased five-year takeover of up to 10 percent of the local costs of Medicaid and that the State assume 100% of the costs of growth in the Medicaid program commencing in calendar year 1984. The State estimates that these provisions, if enacted, would provide the City with an additional $195 million in aid in fiscal year 1984, which would represent a $75 million increase above the level of aid which would be received if existing Medicaid appropriation levels were to be continued in the State fiscal year commencing on April 1, 1984. For a discussion of the State’s financial difficulties, see “PART 8—CERTAIN DEVELOPMENTS AFFECTING THE STATE.”
The City, in the January Modification, has revised its estimate of agency spending, including the employee attrition and layoff program. Savings from management improvements, program reductions, changes in funding sources and other reductions are expected to provide $488 million in fiscal 1984. The City expects a reduction in personnel levels of 11,400 employees by the end of the 1984 fiscal year from the levels contained in the 1983 Adopted Budget. Of this amount, 4,600 is expected to result from layoffs. The City has also revised downward its debt service and general reserve estimates from the 1983 Revised Plan.

These revenue and expenditure measures, among others, are projected in the January Modification to result in a GAAP-balanced budget for the 1984 fiscal year. Budget gaps for the 1985 and 1986 fiscal years are projected to be closed by a combination of City, State and Federal actions.

On February 15, 1983, the OSDC issued a report on the January Modification. This report concludes that a GAAP-balanced budget for the 1983 fiscal year is clearly attainable, and that a surplus, potentially as great as $198 million (which would largely result from proposals contained in the State’s Executive Budget submitted after the January Modification), is possible. The OSDC report, citing overly optimistic tax and revenue estimates by the City and the possibility of certain expenditures exceeding the City’s forecasts, has estimated a fiscal 1984 gap of $729 million. After giving effect to continuing actions proposed to begin in the 1983 fiscal year, the carryforward of a portion of the 1983 potential surplus and those gap-closing actions proposed by the City which the OSDC considers likely to be realized for the 1984 fiscal year, the OSDC report has estimated a gap remaining of approximately $268 million in fiscal 1984.

The staff of the Control Board, in a report issued on February 16, 1983, has also concluded that the City should have little difficulty achieving a GAAP-balanced budget for fiscal 1983, taking into account the actions proposed in the State’s Executive Budget and certain debt service adjustments occurring after the submission of the January Modification. The staff report has also projected a gap for fiscal 1984 of $530 million, an amount which does not give effect to any of the gap-closing programs in the January Modification scheduled to begin in the 1984 fiscal year. After giving effect to certain of these gap-closing programs and assuming legislative enactment of substantially all City-related actions proposed in the State’s Executive Budget, the staff report has projected a GAAP-balanced budget for fiscal 1984 while citing various factors which could threaten the City’s ability to close the 1984 projected gap. These factors include sharp reductions in planned levels of State assistance, presently unforeseen difficulties with the City’s proposed expenditure reduction and revenue enhancement programs, and less favorable economic conditions.

The January Modification was approved by the Control Board on February 17, 1983. At a subsequent meeting held on April 8, 1983, the Control Board approved certain debt service payment and financing adjustments that would allow the use of $158 million of the current City-projected fiscal 1983 surplus over a two-year period commencing in the 1984 fiscal year.

**Litigation**

The notes to the City’s audited financial statements for the 1982 fiscal year report that the City is a defendant in a significant number of lawsuits pertaining to material matters including those claims asserted which are incidental to performing routine governmental and other functions. As of June 30, 1982, claims in excess of $42 billion were outstanding against the City for which the City estimated its aggregate potential future liability to be $936 million. The 1983 Revised Plan contains provisions for the settlement of judgments and claims, other than the real estate tax certiorari proceedings described below, in the amount of $120 million for each of the 1983 through 1986 fiscal years.

Numerous real estate tax certiorari proceedings are presently pending against the City on grounds of alleged overvaluation of assessed property, inequality of assessments and illegality of assessments. An adverse decision to the City involving the inequality issue could have a negative financial impact on the City. The City has reported that as of June 30, 1982, the estimated potential exposure to the City in these cases could amount to approximately $1.36 billion (in addition to $220 million provided for estimated refunds based on
overvaluation). Provision was made in the 1983 Revised Plan for estimated refunds for overpayments of real estate taxes in amounts of approximately $50 million in the 1983 through 1986 fiscal years based on an analysis of claims settled within recent fiscal years and pending certiorari proceedings. In response to these problems, on December 3, 1981, State legislation was enacted (the "1981 Legislation") which, among other things, authorized the City to assess real property according to four classes and makes certain evidentiary changes in real estate tax certiorari proceedings. On January 7, 1982, the State Court of Appeals held that assessments in the City may be challenged on the ground of inequality either on a section-wide or City-wide basis, and that the prohibition in the 1981 Legislation against introduction of the State equalization rate as a method of proving inequality in all such pending proceedings involving the City did not violate equal protection and due process rights. On June 17, 1982, the State Court of Appeals upheld the introduction at trial of the State equalization rate as a method of proving inequality where a judgment had been entered before the enactment of the 1981 Legislation.

Also pending are various proceedings commenced by Consolidated Edison Company of New York, Inc., against the City and others alleging that the assessments of its real property within the City for the fiscal years 1975 through 1982 were erroneous on several grounds, including inequality and overvaluation. The City has denied all material allegations and all liability.

On February 10, 1977, Alfred Kirshner, a retired City teacher, commenced an action in the United States District Court for the Southern District of New York against the trustees of the Teachers' Retirement System of The City of New York ("TRS") and certain other defendants. The complaint, as subsequently amended in November 1981, alleges that: (i) the TRS defendants have breached their fiduciary duties and violated the Federal securities laws in connection with certain TRS transactions in City securities and (ii) the City has failed to provide for its unfunded accrued liability to active members of the TRS in violation of the State Constitution. Plaintiff seeks: (i) damages from the allegedly improper TRS transactions; (ii) a ruling requiring the defendants to fund fully and segregate from other assets of the City certain reserve funds; and (iii) a judgment restoring certain investment standards with regard to such reserve funds. On December 23, 1981, the City answered, denying plaintiff's allegations. On March 8, 1983, the District Court granted the defendants' motion for summary judgment and dismissed the complaint.

On August 1, 1975, Women in City Government United, purporting to represent all female employees of the City and certain Covered Organizations, commenced a class action in the United States District Court for the Southern District of New York against the City, the City Employees' Retirement System and its officers and trustees and others. Plaintiffs allege that certain retirement plans discriminate against female employees in violation of the United States Constitution and certain Federal statutes and regulations. The complaint seeks a declaratory judgment that the alleged discriminatory practices are illegal and unconstitutional and injunctive relief. On April 24, 1981, the Court granted plaintiffs' motion for summary judgment in regard to liability on their federal statutory claim, but deferred judgment, pending a trial, as to the appropriate relief to be granted. On December 21, 1982, the District Court granted plaintiffs leave to amend the complaint to include claims under the Federal Equal Pay Act and the State Human Rights Law. The pension systems' chief actuary has estimated that an adverse decision applicable to the relevant actuarial pension systems could result in prospective liability of approximately $862 million present valued on an actuarial basis at 7½ percent per annum. The actual payments required to fund this liability over a period of 16 years covering the expected future working life of affected pension systems members total $991 million, consisting of $82 million per year for the first ten years, $31 million for the eleventh year and $28 million for each of the subsequent five years. If past benefit levels were required to be increased to the levels of the advantaged sex, an additional annual cost of approximately $29.8 million would be required for each year such levels were made retroactive. An adverse decision based on the Equal Pay Act may increase the estimated cost of such retroactive relief.

*Federal Bankruptcy Legislation*

The City projects meeting its cash needs through the 1986 fiscal year from its own revenues, Federal and State aid, seasonal borrowings, and the sale of the City's and the Corporation's bonds pursuant to the Debt
Issuance Plan. If the City's cash sources are insufficient to meet its obligations, Federal and State statutes provide for certain remedies under Chapter 9 of the Federal Bankruptcy Code.

Chapter 9 permits any State political subdivision or agency to file a petition for relief under its provisions if the subdivision or agency is authorized to do so by State law. Both the City and the Control Board (on behalf of the City) are so authorized, and either could file such a petition if the City were (a) insolvent or unable to meet its debts as they mature, (b) desirous of effecting a plan to adjust its debts, and (c) able to meet the other prerequisites for filing a Chapter 9 petition with respect to negotiations between the City and its creditors and other matters. Any plan to adjust the City's debts would become effective only upon court approval, after the requisite approval by creditors of the City has been obtained.

Although the filing of such petition might have a general adverse effect on the economic health of the City, the Corporation believes that such a filing would not have a materially adverse effect on the Corporation's ability to repay its obligations, including the Series 45 Bonds. The filing of such a petition, as with other financial developments with respect to the City, might affect the market for and market prices of the Corporation's securities.

**PART 10—VARIOUS CONTROL PROGRAMS**

This Part describes the powers of the Corporation to aid the City, the requirements imposed upon the City by the Act and the Emergency Act, and the powers of the Corporation and the Control Board to review and take action with respect to the City's compliance with such requirements.

**The Corporation**

The Act authorizes the Corporation to make direct payments to or purchase obligations of the City. At the time of payment to the City, the City is required to agree to observe and perform a number of statutory conditions which the Corporation may modify from time to time, but may not waive. The Act provides that the statutory conditions, as modified by the Corporation and agreed to by the City, shall cease to apply when all bonds and notes of the Corporation have been repaid or such payment is provided for as specified in the Act.

The statutory conditions are designed to (i) reform and unify the City's system of accounting, (ii) provide independent review of the City's expenditures, and (iii) establish limits and controls over the City's debt-incurring power. These conditions, and the City's compliance therewith to date, may be briefly summarized as follows:

(i) The City has adopted as its method of accounting the accounting principles permitted by State law. The City's audited financial statements provided to the Corporation for the City's 1978, 1979 and 1980 fiscal years were prepared and those to be prepared for each subsequent fiscal year are to be prepared in accordance with GAAP, with the adjustments necessary to show results in accordance with the accounting principles permitted by State law for fiscal years through 1981.

(ii) The Act requires the City to comply with various provisions of the Emergency Act relating to balanced budgets, provisions for debt service and other financial requirements. The City is required to submit its proposed operating budgets (and any subsequent increases in expenditures therein) and operations reports for each fiscal year and each quarter to the Corporation for review to determine whether the City is adhering to an operating budget in which revenues equal or exceed expenditures under the accounting principles permitted by State law.

(iii) The Act sets forth limitations for the issuance by the City of its short-term notes. The Corporation is required to police these limitations by making an advance determination as to whether a proposed issuance of short-term obligations by the City violates these limitations and by reporting any adverse determination to the City Comptroller, who is then prohibited from issuing such obligations.
The Corporation anticipates that these limitations will not prevent the City from issuing any short-term obligations to meet its seasonal needs.

If the Board of Directors of the Corporation determines, after review of the City's books and records and consultation with the Mayor, that the City's operating budget will not be balanced in accordance with State law, or that any of the conditions summarized above have not been fulfilled or should be modified, the Corporation must notify the Governor, the Mayor and certain other State and City officials and must disclose such determinations to the public.

Control Board

The Control Board, created pursuant to the Emergency Act in 1975, is composed of the Governor and the Comptroller of the State, the Mayor and the Comptroller of the City and three appointees of the Governor: G.G. Michelson, Stanley S. Shuman and Lee P. Oberst. Comer S. Coppie is the Executive Director of the Control Board. The Office of the Special Deputy State Comptroller assists the Control Board and the Corporation in carrying out their functions. Elinor B. Bachrach is Special Deputy State Comptroller.

The most significant powers of the Control Board are exercisable during a “control period,” defined in the Emergency Act to mean the period ending when (i) there is no longer effective or outstanding any Federal guarantee (see “PART 5—DEBT ISSUANCE PLAN”), (ii) the Control Board has determined that the City has adopted and adhered to an operating budget balanced in accordance with GAAP for each of the three immediately preceding fiscal years, and (iii) the State and City Comptrollers have jointly certified that securities sold by or for the benefit of the City during the preceding and current fiscal year in the public market satisfied the capital and seasonal financing requirements of the City during such period and that there is a substantial likelihood that such securities can be sold in the public credit markets through the end of the next succeeding fiscal year in amounts that will satisfy substantially all of the capital and seasonal financing requirements of the City during such period. Thereafter, a control period is to be reimposed by the Control Board at such times and for such durations as are made necessary by the actual (or substantially likely and imminent) occurrence of certain events relating to the City's ability to pay debt service on its bonds and notes when due or its ability to adopt or adhere to a balanced operating budget or to satisfy its capital and seasonal financing needs in the public credit markets. After the termination of a control period, the Control Board is required to consider annually whether, in its judgment, any of the specified events has occurred. No control period may extend beyond the earlier of (i) July 1, 2008 or (ii) the date when all notes or bonds containing the 1978 State Covenant remain outstanding and there is no longer effective or outstanding any Federal guarantee.

During a control period, the four year financial plans for the City and the Covered Organizations, including modifications thereof, are subject to review and approval by the Control Board. In addition, the Control Board must formulate and adopt a financial plan, in the event a plan shall not have been approved prior to the beginning of the first fiscal year covered by such plan, and may modify a plan, in the event a modification required pursuant to the Emergency Act shall not have been approved within the time period specified by such Act. The Control Board is required to disapprove a financial plan or financial plan modification if the plan or modification is incomplete or fails to comply with the applicable standards specified in the Emergency Act, except that the Control Board may authorize a method of phasing into the operating budgets the requirements of any changes in GAAP over a reasonable period if immediate compliance would cause a substantial adverse impact on the delivery of essential services. The Control Board may also approve modifications to a financial plan that would cause the financial plan to no longer be in compliance with the applicable standards if compliance would result in a material adverse impact upon the delivery of essential services because of unforeseen events during the fiscal year. Beginning with the 1983 fiscal year, any deficit in the results of the City's operations must be provided for in the following fiscal year.

The Control Board's current program for determining the City's compliance with its financial plan includes monitoring the City's system of monthly expenditure projections and quarterly allocations for each agency, review of cost reduction programs, and review of revenue by category on an ongoing basis.
For the duration of a control period all revenues, funds and accounts of the City and any covered organization are revenues, funds and accounts of a fund established pursuant to the Emergency Act (the "Board Fund") and are held for the account of the City or the appropriate covered organization except to the extent prohibited by law or previous agreement relating to outstanding securities and except for moneys deposited into the City general debt service fund or repayment accounts for tax or revenue anticipation notes. Responsibility for disbursements from and day-to-day management of the Board Fund is in the hands of the City, although the Control Board has established procedures through which it may assume immediate control of such fund, subject to certain conditions. The Control Board has the power to exempt revenues, funds or accounts from these requirements.

In addition to its responsibilities with respect to the four year financial plans, during a control period the Control Board is also charged with responsibility for the review and approval of proposed contracts and certain obligations of the City and the covered organizations, and, in coordination with the Corporation, the approval of long-term or short-term borrowing by the City or any covered organization.

PART II—AGREEMENT OF THE STATE OF NEW YORK

In the legislation which established the Corporation in 1975, the State pledged to and agreed with the holders of the Corporation's bonds, that the State will not limit or alter the rights vested by the Act in the Corporation to fulfill the terms of any agreements made with holders of any such bonds, or in any way impair the rights and remedies of such holders, until any such bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. The Corporation has included such pledge in the Second General Bond Resolution.

In addition, pursuant to legislation enacted in 1978, the City is authorized and the Corporation is required to include the 1978 State Covenant in any agreement with holders or guarantors of their notes or bonds. By the terms of the 1978 State Covenant, the State agrees not to take any action that will (a) substantially impair the authority of the Control Board during a control period to approve, disapprove or modify any financial plan or modification, to disapprove contracts of the City or covered organizations, to approve or disapprove proposed borrowings of the City or covered organizations, and to establish procedures for deposits to and disbursements from the Board Fund; (b) substantially impair the authority of the Control Board to review financial plans and modifications, contracts and proposed borrowings of the City or covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the Control Board so that a majority of the voting members are not elected State officials or appointees of the Governor; (e) terminate the existence of the Control Board before the earlier of July 1, 2008 or the date when all notes or bonds containing the 1978 State Covenant are no longer outstanding and there is no longer effective or outstanding any Federal guarantee; (f) substantially modify the requirement that the City's financial statements be independently audited; or (g) alter the definition of control period or substantially alter the authority of the Control Board to reimpose or terminate a control period. The Emergency Act provides that the pledge and agreement of the State shall cease to be effective when notes and bonds subject to the pledge are no longer outstanding or when sufficient moneys have been set aside for their payment.

Enactment of the 1978 State Covenant was considered by the Financial Institutions to be an essential condition to their participation in the Debt Issuance Plan. In the opinion of Bond Counsel, given to the Financial Institutions and City Pension Funds pursuant to the Financing Agreement, while the matter is not free from doubt, the 1978 State Covenant is enforceable, provided a court would hold that the pledge is an "important security provision" of the bonds, "subject at all times to the proper exercise of the State's reserved police power." The enforceability of the 1978 State Covenant is subject to various factual requirements and legal uncertainties and there can be no assurance that any purchaser seeking to enforce the 1978 State Covenant will be able to meet such factual requirements or that such legal uncertainties will be resolved in favor of such enforcement.
PART 12—MANAGEMENT

Under the Act, the Corporation is administered by a Board of Directors (the “Board”), consisting of nine directors. All of the directors are appointed by the Governor with the advice and consent of the State Senate; four of the directors are appointed upon written recommendation of the Mayor. The Act also provides for the appointment of representatives to the Board (the “Representatives”) by certain State or City officials or bodies politic. The Representatives are entitled to receive notice of and to attend all meetings of the Board but are not entitled to vote. In addition, the State Comptroller or his representative is entitled to attend and participate in the meetings of the Board but is not entitled to vote.

The Act provides that no director (and no Representative) may be an officer or employee of the Federal Government or of the State or of any political subdivision thereof.

Commission for the City of New York. She is presently an Adjunct Associate Professor at Columbia University Graduate School of Business. Ms. Ruth resides in New York City.

PART 13—LITIGATION

The Corporation is not party to any litigation. Various actions challenging the constitutionality of the imposition and appropriation of the Sales Tax and Stock Transfer Tax to the Corporation have all been dismissed with the State's highest court affirming the constitutionality of the Sales Tax and Stock Transfer Tax as security and sources of payment for the Corporation's obligations. The United States Supreme Court dismissed an appeal from the State court ruling for lack of a substantial Federal question.

PART 14—SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION

The following is a summary of certain provisions of the Second General Bond Resolution. The summary is not comprehensive or definitive and is subject to all of the terms and provisions of the Resolution, to which reference is hereby made and copies of which are available from the Corporation. The Capital Reserve Aid Fund is referred to hereinafter as the "Capital Reserve Fund." Section references, unless otherwise indicated, are to the Resolution.

Certain Defined Terms

"Bonds" means all bonds issued pursuant to the Second General Bond Resolution.

"Bond Service Fund" means the fund by that name established by Section 602.

"Capital Reserve Fund" means the fund by that name established by Section 602.

"Capital Reserve Fund Requirement" means, as of any date of calculation, the amount referred to as the capital reserve fund requirement in subdivision 4 of Section 3036-a of the Act, including, as provided in Section 901 for such purposes, any unpaid and matured amounts of principal and interest on the Bonds or such larger amounts as may hereafter be authorized pursuant to the Act as amended from time to time.

"First General Bond Resolution" means the General Bond Resolution dated July 2, 1975, as heretofore and hereafter supplemented in accordance with the terms thereof.

"Fiscal Year" means any twelve consecutive calendar months commencing with the first day of July and ending on the last day of the following June.

"Operating Expenses" means the Corporation's expenses of carrying out and administering its powers, duties and functions, as authorized by the Act, as then in effect, and includes administrative expenses, legal, accounting and consultants' services and expenses, payments to pension, retirement, health and hospitalization funds, and any other expenses required or permitted to be paid by the Corporation under the provisions of the Act, as then in effect, or the Resolution or the First General Bond Resolution or otherwise.

"Operating Fund" means the fund by the name established by Section 604 of the First General Bond Resolution.

"Outstanding" means, as of any date, Bonds theretofore or then being delivered under the provisions of the Resolution, except: (i) any Bonds cancelled by the Trustee at or prior to such date, (ii) any Bonds for the payment or redemption of which moneys equal to the principal amount or Redemption Price thereof, with interest to the date of maturity or redemption date, shall be held by the Trustee or the Paying Agents in
trust, (iii) any Bonds in lieu of or in substitution for which other Bonds shall have been delivered pursuant to Article III or Section 406 or Section 1106, and (iv) Bonds deemed to have been defeased.

"Paying Agent" for the Bonds of any Series means the bank or trust company and its successor or successors, appointed pursuant to the Resolution and a Series Resolution or any other resolution of the Corporation adopted prior to authentication and delivery of the Series of Bonds for which such Paying Agent or Paying Agents is so appointed.

"Per Capita Aid" shall mean the amounts of per capita aid payable to the City pursuant to Section 54 of the State Finance Law, as the same may be amended from time to time.

"Redemption Price" means, with respect to any Bonds, the principal amount thereof, plus the applicable premium, if any, payable upon redemption thereof pursuant to the Resolution and the Series Resolution.

"Resolution" means the Second General Bond Resolution as from time to time amended or supplemented by Supplemental Resolutions or Series Resolutions in accordance with the terms and provisions thereof.

"Revenues" means all payments to the Corporation pursuant to Section 3036 and 3036-a of the Act except any payments to the Operating Fund.

"Serial Bonds" means the Bonds so designated in a Series Resolution.

"Series of Bonds" or "Bonds of a Series" or words of similar meaning means the Series of Bonds authorized by a Series Resolution.

"Series Resolution" means a resolution of the Corporation authorizing the issuance of a Series of Bonds in accordance with the terms and provisions thereof adopted by the Corporation in accordance with Article X of the Resolution.

"Sinking Fund Installment" means as of any date of calculation and with respect to any Series of Bonds, so long as any Bonds thereof are outstanding, the amount of money required, by the relevant Series Resolution, to be paid at all events by the Corporation on a single future July 1 for the retirement of any Outstanding Bonds of that Series which mature after such July 1, but does not include any amount payable by the Corporation by reason only of the maturity of a Bond.

"Special Aid Account" means the special account created for the Corporation in the State Aid Fund.

"State" means the State of New York.

"State Aid Fund" means the Municipal Assistance State Aid Fund established pursuant to Section 92-e of the State Finance Law.

"Stock Transfer Tax" means the tax on the sale or transfer of stock or other certificates imposed by Article 12 of the Tax Law of the State.

"Supplemental Resolution" means a resolution supplemental to or amendatory of the Resolution, adopted by the Corporation in accordance with Article X of the Resolution.

"Term Bonds" means the bonds so designated in a Series Resolution and payable from Sinking Fund Installments.

"Trustee" means United States Trust Company of New York and its successor or successors and any other bank or trust company at any time substituted in its place pursuant to the Resolution.

(Resolution, Section 191)
The Pledge Effectuated by the Resolution

The proceeds of the sale of the Bonds, the Revenues and all Funds established by the Resolution (except for the Operating Fund) are pledged to the payment of the Bonds. The pledge created by the Resolution is subordinate to the pledge of the revenues, moneys and securities and funds pledged under the First General Bond Resolution.
(Resolution, Section 601)

Establishment of Funds

The Resolution establishes the Bond Service Fund and Capital Reserve Fund, both of which are held by the Trustee.
(Resolution, Section 602)

Application of Payments

If the amount of any payment received is less than the amount certified by the Chairman of the Corporation, such amount shall be applied pro rata to the respective Funds on the basis of the amounts as certified.
(Resolution, Section 603)

Operating Fund

The Corporation shall pay out of the Operating Fund the amounts required for the payment of Operating Expenses.
(Resolution, Section 604)

Bond Service Fund

1. On or before the business day preceding each date of a required payment on any Bonds, the Trustee shall pay, from the Bond Service Fund, to itself and the Paying Agents, the amount required for such payment.

2. If the amount in the Bond Service Fund shall be less than the amounts required to be paid pursuant to paragraph 1 above, the Trustee shall withdraw from the Capital Reserve Fund such amount as will be sufficient to make such payment.

3. As soon as practicable after the 45th day preceding the date of any Sinking Fund Installment, the Trustee shall call for redemption the specified amount of Term Bonds to be retired by such Sinking Fund Installment.

4. The Corporation may, after July 2 in any year but not less than 45 days prior to the date on which a Sinking Fund Installment is due, direct the Trustee to purchase, with moneys in the Bond Service Fund, at a price not in excess of par, plus unpaid interest accrued to the date of such purchase, Term Bonds payable from such Sinking Fund Installment. Term Bonds so purchased shall be credited against the Sinking Fund Installment due on such date.
(Resolution, Section 605)

Capital Reserve Fund

1. The Corporation shall deposit into the Capital Reserve Fund (i) all moneys paid to the Corporation pursuant to Section 3036-a of the Act for the purpose of maintaining or restoring the amount in such Fund to the Capital Reserve Fund Requirement; (ii) such portion of the proceeds of sale of Bonds as shall be prescribed by a Series Resolution; and (iii) any other moneys which may be made available to the Corporation for such purposes.
2. At any time after December 31, 1980, moneys and securities in the Capital Reserve Fund in excess of the Capital Reserve Fund Requirement, upon direction of the Corporation, may be deposited to the credit of the Bond Service Fund.

3. The Chairman of the Corporation shall annually, on or before December 1, make and deliver to the Governor and Director of the Budget of the State a certificate stating the sum, if any, required to restore the Capital Reserve Fund to an amount equal to the Capital Reserve Fund Requirement.

4. Moneys and securities held in the Capital Reserve Fund may, and at the direction of the Corporation shall, be withdrawn therefrom by the Trustee and deposited in the Bond Service Fund for the purchase or redemption of Bonds at any time; provided that subsequent to such withdrawal, the amount in the Capital Reserve Fund will not be less than the Capital Reserve Fund Requirement. (Resolution, Section 606)

**Maintenance of Certain Funds**

In order to assure the maintenance of the Operating Fund, the Bond Service Fund and the Capital Reserve Fund, not less than 120 days before the beginning of each Fiscal Year (but prior to February 12 in each calendar year), the Chairman of the Corporation shall certify to the State Comptroller and to the Mayor, with a copy of such Certificate to the Trustee, a schedule setting forth the cash requirements of the Corporation for such Fiscal Year and the time or times when such cash is required, which certification shall be revised from time to time as required. The total amount so certified by such Chairman for such Fiscal Year shall be equal to: (i) the amounts which are required to maintain the Capital Reserve Fund at the Capital Reserve Fund Requirement; (ii) the amounts required to be deposited in the Bond Service Fund to make all principal and interest payments on Bonds due during such Fiscal Year; and (iii) the amounts required to be deposited in the Operating Fund as determined by the Corporation, to meet the Operating Expenses of the Corporation during such Fiscal Year. In order further to secure the Bonds, each payment (to be made on or before April 12, June 25, October 12 and January 12) by the State Comptroller to the Corporation in accordance with such certification shall be an amount, after taking into account moneys then in the Bond Service Fund and available for purposes of the Bond Service Fund during such Fiscal Year, not less than the sum of (A) 50% of the interest on all outstanding Bonds payable within six months after the end of the quarterly period for which such payment is made plus (B) 25% of the principal and premium, if any, on all Bonds and Sinking Fund Installments of the Corporation payable within one year after the end of the quarterly period for which such payment is made and of such amount, if any, as may be required to be paid into the Capital Reserve Fund during the Fiscal Year of the Corporation of which such quarterly period is a part. Notwithstanding the foregoing, the Corporation covenanted to make the certifications referred to above at such times and in such amounts as shall be necessary to coincide with the State procedures for payment of Per Capita Aid or other sources of revenues and as shall be necessary to make the deposits required herein and to make principal and interest payments on the Bonds when due. If any increase shall occur in the cash requirements specified above, or if payments are required at a time or times earlier than previously certified, or if the City shall for any reason fail to make timely payment of the principal and accrued interest due on any obligation issued by the City to the Corporation and maturing within the same Fiscal Year, the Chairman shall certify a revised schedule of cash requirements for such Fiscal Year to the State Comptroller and to the Mayor. The schedule accompanying each certification (or revision thereof) shall provide for such payment dates as the Corporation deems appropriate to assure that sufficient funds will be available to meet the obligations of the Corporation as they become due. The Chairman shall exclude from consideration in making any such certification with respect to the funds required by the Corporation for payment of principal of or interest on the Bonds, any amounts due to be received as payment of principal of or interest on obligations of the City held by the Corporation. (Resolution 607)
Creation of Liens

The Corporation shall not issue any indebtedness, other than the Bonds secured by the Capital Reserve Fund, and shall not create any lien prior to the Bonds on the Bond Service Fund, provided, however, that nothing shall prevent the Corporation from issuing (i) indebtedness under a separate resolution if the lien created by such resolution is not prior or equal to the charge or lien created by the Resolution and (ii) obligations issued in accordance with the applicable provisions of the First General Bond Resolution. (Resolution, Section 907)

General

The Corporation shall not amend the First General Bond Resolution in any manner which would have a material adverse effect on the Bondholders, provided, however, that nothing shall prevent the issuance of obligations upon the terms as provided in the First General Bond Resolution. No such obligations shall be issued if such issuance would cause the amounts available for debt service on the Bonds to be less than 1.2 times the maximum aggregate amount of debt service on the Bonds for each Fiscal Year of the Corporation. (Resolution, Section 909)

Additional Obligations

The Corporation reserves the right to issue its obligations under a separate resolution so long as the same are not entitled to a prior or equal lien with respect to the moneys pledged under the Resolution or with respect to proceeds from the Per Capita Aid, the Sales Tax or the Stock Transfer Tax. (Resolution, Section 204)

Events of Default

The Resolution provides that it shall constitute an "event of default" if:

(a) the Corporation shall default in the payment of the principal of any Bond when due; or

(b) the Corporation shall default in the payment of interest on any of the Bonds and such default shall continue for a period of 30 days; or

(c) the Corporation shall fail or refuse to comply with the provisions of the Act relating to the certification of its quarterly requirements, or the State Comptroller shall fail to pay to the Corporation any amount or amounts as shall be certified by the Chairman of the Corporation pursuant to such provisions of the Act; or

(d) the Corporation shall fail or refuse to comply with the provisions of the Act relating to the certification of the amount required to maintain the Capital Reserve Fund at the Capital Reserve Fund Requirement, or the State shall fail to appropriate and pay to the Corporation any amount or amounts as shall be certified by the Chairman pursuant to such provisions of the Act; or

(e) the Corporation shall fail or refuse to comply with the provisions of the Act, other than as provided in (c) or (d) above, or shall default in the performance or observance of any other of the covenants, agreements or conditions on its part contained in the Resolution, any Series Resolution, any Supplemental Resolution, or in the Bonds, and such failure, refusal or default shall continue for a period of 45 days after written notice thereof by the holders of not less than 5% in principal amount of the Outstanding Bonds; or

(f) the State shall for any reason fail or refuse to continue the imposition of either the Sales Tax imposed by the Tax Law as the same may be from time to time amended or the Stock Transfer Tax
imposed by such Law as the same may be from time to time amended or if the rates of such taxes shall be reduced to rates less than those in effect on July 2, 1975; or

(g) the State shall fail to maintain the existence of either the special account in the Municipal Assistance Tax Fund or the Stock Transfer Tax Fund; or

(h) the State shall for any reason fail or refuse to apportion and pay Per Capita Aid or shall fail to maintain the State Aid Fund and the Special Aid Account therein or shall reduce the amount of Per Capita Aid payable during the current Fiscal Year to an amount less than the maximum amount of principal of and interest on the Outstanding Bonds maturing or otherwise coming due in the current or any future Fiscal Year.

(Resolution, Section 1202)

Remedies

The Resolution vests the Trustee with all rights, powers and duties of a trustee appointed by Bondholders pursuant to the Act.

(Resolution, Section 1201)

Upon the happening and continuance of any event of default specified in paragraph (a) or (b) of Section 1202 of the Resolution, the Trustee shall proceed, or upon the happening and continuance of any event of default specified in paragraph (c), (d), (e), (f), (g), or (h), of said Section, the Trustee may proceed, and upon the written request of the holders of not less than 25% in principal amount of the Outstanding Bonds shall proceed, in its own name, to protect and enforce its rights and the rights of the Bondholders by such one or more of the following remedies, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights;

(a) by mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the Bondholders and to require the Corporation to carry out any other covenant or agreement with Bondholders and to perform its duties under the Act;

(b) by bringing suit upon the Bonds;

(c) by action or suit in equity, to require the Corporation to account as if it were the trustee of an express trust for the holders of the Bonds;

(d) by action or suit in equity, to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the Bonds; or

(e) in accordance with the provisions of the Act (including the requirement of 30 days notice to the Governor, the Corporation and the Attorney General of the State) to declare all Bonds due and payable, and if all defaults shall be made good, then, with the written consent of the holders of not less than 25% in principal amount of the Outstanding Bonds, to annual such declaration and its consequences.

In the enforcement of any remedy under the Resolution, the Trustee shall be entitled to sue for, enforce payment on and receive any and all amounts then or during any default becoming, and at any time remaining, due under any provision of the Resolution or a Series Resolution or of the Bonds, together with any and all costs and expenses of collection and of all proceedings thereunder, without prejudice to any other right or remedy of the Trustee or of the Bondholders.

(Resolution, Section 1203)

Series Resolutions and Supplemental Resolutions

The Corporation may adopt (without the consent of any Bondholders) a Series Resolution or Supplemental Resolution not inconsistent with the Resolution, to provide for the issuance of a Series of Bonds and specify the terms thereof; to add additional covenants and agreements for the purpose of further
securing the payment of the Bonds; to prescribe further limitations and restrictions on the issuance of Bonds; to surrender any right, power, or privilege reserved to the Corporation; and, with the consent of the Trustee, to cure any ambiguity or defect or inconsistent provision in the Resolution.

(Resolution, Section 1001)

Any of the provisions of the Resolution may be amended by a Supplemental Resolution with the written consent of the holders of at least 66⅔% in principal amount in each case of (a) all Bonds then Outstanding, and (b) if less than all the Series of Bonds then Outstanding are affected, the Bonds of each affected Series; excluding, in each case, from such consent, and from the Outstanding Bonds, the Bonds of any specific Series and maturity, if such amendment by its terms will not take effect so long as any such Bonds remain Outstanding; provided that any such amendment shall not permit a change in the terms of redemption or maturity of the principal or any installment of interest on any such Bond or make any reduction in principal, Redemption Price, or interest without the consent of the affected holder, or reduce the percentages of consents required for a further amendment.

(Resolution, Section 1101)

Amendments may be made in any respect with the written consent of the holders of all of the Bonds then Outstanding.

(Resolution, Section 1103)

Investment of Funds

The Corporation may direct the Trustee to invest moneys in the Bond Service Fund and the Capital Reserve Fund in (a) direct obligations of the United States of America, direct obligations of the State or obligations the principal and interest of which are guaranteed by the United States of America or the State, (b) any obligation issued by certain Federal agencies, (c) any other obligation of the United States of America or any Federal agencies which may then be purchased with funds belonging to the State of New York or held in the State Treasury, (d) interest-bearing time deposits, and (e) repurchase agreements covering obligations of issuers enumerated as aforesaid.

The Trustee shall not be liable or responsible for the making of any authorized investment made in the manner provided in the Resolution or for any loss resulting therefrom.

(Resolution, Sections 702 and 703)

Defeasance

1. If the Corporation shall pay or cause to be paid to the holders of all Bonds and coupons then Outstanding, the principal and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Resolution, then the covenants, agreements and other obligations of the Corporation to the Bondholders shall be discharged and satisfied.

2. Bonds or coupons or interest installments for the payment or redemption of which moneys shall have been set aside and shall be held in trust by the Trustee or any Paying Agent (through deposit by the Corporation of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and, with the effect expressed in paragraph 1 above. All Outstanding Bonds of any Series and all coupons appertaining to such Bonds shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with the effect expressed in such paragraph 1 above if (a) there shall have been deposited with the Trustee either moneys in an amount which shall be sufficient, or direct obligations of the United States of America the principal of and the interest on which, when due, will provide moneys which, together with the moneys, if any, deposited with the Trustee at the same time, shall be sufficient to pay, when due, the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (b), the Corporation shall have given the Trustee in form
satisfactory to it irrevocable instructions to publish a notice to the effect and in accordance with the procedures provided in the Resolution. Neither direct obligations of the United States of America or moneys deposited with the Trustee nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if applicable, and interest on said Bonds.
(Resolution, Section 1401)

PART 15—TRUSTEE

United States Trust Company of New York (the "Trust Company") is the Trustee under the First and Second General Bond Resolutions. Its principal offices are located at 45 Wall Street, New York, New York 10005. The Trustee has accepted the duties and responsibilities imposed upon it by the First and Second General Bond Resolutions and is vested with all of the rights, powers and duties of a trustee appointed by Bondholders pursuant to the Act. Upon the happening of an "event of default" as defined in the Second General Bond Resolution, the Trustee may, and in certain circumstances is required to, proceed to protect and enforce its rights and the rights of the Bondholders. See "PART 14—SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION." In the performance of its duties, the Trustee is entitled to indemnification for any act which would involve it in expense or liability and will not be liable as a result of any action taken in connection with the performance of its duties except for its own negligence or default. The Trustee is protected in acting upon any direction or document believed by it to be genuine and to be signed by the proper party or parties or upon the opinion or advice of counsel. The Trustee may resign at any time upon 60 days' written notice to the Corporation and publication thereof. Any such resignation shall take effect on the date specified in the notice, but in the event that a successor has been appointed, the resignation shall take effect immediately.

As of the date hereof, the Trust Company, which is a party to the Financing Agreement, owns $6.633 million of First Resolution obligations and $9.710 million of Second Resolution Bonds for its own account. The Trust Company has performed, and may in the future perform, certain banking services for the Corporation, including acting as warrant agent in connection with the issuance of warrants by the Corporation. In addition, the Trust Company acts as collateral agent on behalf of certain commercial banks in connection with the Commercial Paper Program.

PART 16—LEGAL INVESTMENT

The Second Resolution Bonds are legal investments, under present provisions of State law, for all public officers and bodies of the State and political subdivisions of the State and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks, and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of the State. Pursuant to the Act, the Second Resolution Bonds may be deposited with, and may be received by, all public officers and bodies of the State and all political subdivisions thereof and public corporations for any purpose for which the deposit of bonds or other obligations of the State is now or may hereafter be authorized.

PART 17—TAX EXEMPTION

In the opinion of Bond Counsel, interest on the Series 45 Bonds is exempt from (i) Federal income taxes under the existing statutes, and (ii) personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York), and the Series 45 Bonds are exempt from all taxation
directly imposed thereon by or under authority of said State, except for estate or gift taxes and taxes on transfers.

PART 18—LEGAL OPINIONS

All legal matters incident to the authorization, issuance, sale and delivery of the Series 45 Bonds are subject to the approval of Hawkins, Delafield & Wood, New York, New York, Bond Counsel to the Corporation. The approving opinion of Bond Counsel with respect to the Series 45 Bonds will be in substantially the form attached to this Official Statement as Exhibit B. Certain legal matters, including the accuracy and completeness of this Official Statement, will be passed on for the Corporation by its General Counsel, Paul, Weiss, Rifkind, Wharton & Garrison, New York, New York. Carter, Ledyard & Milburn, New York, New York, have acted as counsel for the Trustee.

PART 19—FINANCIAL STATEMENTS

The audited financial statements of the Corporation as at June 30, 1982 and the accompanying report thereon by Price Waterhouse, the Corporation’s independent accountants, and the unaudited financial statements of the Corporation for the six months ended December 31, 1982 are annexed hereto as Exhibit A. These statements do not give effect to: (i) the receipt on January 12, 1983, of sales tax revenues in the amount of $49 million for First Resolution purposes and $56.8 million for Second Resolution purposes; (ii) the prepayment by the City on January 11, 1983 of $72.1 million of obligations of the City held by the Corporation; (iii) the issuance in January 1983 of $28.965 million of Series 28 Bonds and $12.98 million of Series 36 Bonds; (iv) the issuance in January 1983 of approximately $150 million of Series 2 commercial paper notes; (v) the payment on February 1, 1983 of $66.9 million principal amount of First Resolution Bonds; (vi) the issuance on March 3, 1983 of $210 million of Series 44 Bonds and the defeasance of $184.16 million of Series JJ Bonds; and (vii) the receipt on April 12, 1983 of sales tax revenues in the amount of $167 million for Second Resolution purposes. The exhibits to the financial statements give effect to certain of such events.

MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK

NOTES TO FINANCIAL STATEMENTS

(All data relating to December 31, 1982 and the period then ended are unaudited)

NOTE 1—Organization and Functions of the Corporation:

Municipal Assistance Corporation For The City of New York (the “Corporation”) is a corporate governmental agency and instrumentality of the State of New York (the “State”) constituting a public benefit corporation. The Corporation was created by State legislation adopted in June 1975 (as amended to date, the “Act”) for purposes of providing financing assistance and fiscal oversight for The City of New York (the “City”). To carry out such purposes, the Corporation, among other things, issues and sells bonds and notes to pay or loan funds received from such sales to the City and exchanges the Corporation’s obligations for those of the City.

NOTE 2—Summary of Significant Accounting Policies:

The Debt Service Fund follows the modified accrual basis of accounting. Receipts from tax allocations are recorded as received. Interest income from investments and interest expense on the Corporation’s debt are recorded on the accrual basis. The Corporation’s debt is recorded at the principal amount of the obligations outstanding. Original issue discounts are charged to the Debt Service Fund as incurred and become part of funding requirements. Amounts required for the payment of debt service due on July 1 and January 1 are accounted for as if paid on the immediately preceding June 30 and December 31, respectively, by which date such amounts are segregated for that purpose by the Trustee under the bond resolutions. The funding requirements of the Corporation reported in the Statement of Financial Position do not include future interest requirements.

Debt service funds paid to the Corporation in advance of disbursement to bondholders are temporarily invested pursuant to the terms of the bond resolutions and the income therefrom is credited to the Debt Service Fund.

Investments in marketable securities held in the Capital Reserve and Guaranty Funds are carried at amortized cost and investments in marketable securities in the Debt Service Fund are carried at the lower of cost or market value, inclusive of accrued interest, in accordance with the bond resolutions pursuant to which they were established. These investments consist of direct obligations of, or obligations guaranteed by, the State or the United States of America, or in certain other permitted investments.

NOTE 3—Bonds of the Corporation; Authorization, Funding, Payment and Refunded Bonds:

Debt Authorization: The Corporation is authorized by the Act to issue obligations in an aggregate principal amount of $10 billion, exclusive of obligations issued to refund outstanding obligations of the Corporation and of notes issued to enable the City to fulfill its seasonal borrowing requirements. Pursuant to the Act, new obligations of the Corporation may not mature later than July 1, 2008 and no new obligation may be issued after December 31, 1984 except to renew or refund outstanding obligations. The Corporation may issue such obligations provided their issuance would not cause certain debt service limitations and debt service coverage ratios to be exceeded. See Exhibits I, II and III, which are an integral part of the Corporation's Financial Statements.

Funding Methods: The Corporation funds its debt service requirements and operating expenses from the State’s collection of sales tax imposed by the State within the City at the rates formerly imposed by the City, the stock transfer tax and certain per capita aid, subject in each case to appropriation by the State Legislature. Net collections of such taxes and per capita aid not required by the Corporation are available to the City.
MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK
NOTES TO FINANCIAL STATEMENTS—(Continued)

(All data relating to December 31, 1982 and the period then ended are unaudited)

All outstanding bonds are general obligations of the Corporation. The Corporation has no taxing power. The bonds are entitled to liens, created by pledges under the respective resolutions, on moneys paid into the debt service and capital reserve funds.

Debt service for obligations issued under the First General Bond Resolution is payable from funds paid into the Debt Service Fund from the State's Municipal Assistance Tax Fund, which is funded from revenues collected, less the State's charges for collection and administration, from the sales tax and, if necessary, the stock transfer tax. In 1977, the State enacted a program of gradually increasing rebates for all stock transfer tax payers. Rebates equal to 100% of the tax began on October 1, 1981. The legislation provides that taxpayers are to continue to pay the stock transfer tax at the present rate but will be entitled to a 100% rebate should the Corporation not require the funds. To date, the Corporation has not found it necessary to use the revenues derived from the stock transfer tax to pay its debt service. Based on present projections, the Corporation does not anticipate that it will be necessary to utilize these revenues in the future, although no assurance can be given that they will not be so required.

The net revenues from such sales and stock transfer taxes which were collected by the State during the twelve month periods ending June 30, 1982 and December 31, 1982 amounted to $1,932.1 million and $2,106.8 million, respectively. Payments made to the Corporation from the Municipal Assistance Tax Fund are to be made quarterly and at such other times as the Corporation requests.

Debt service for obligations issued under the Second General Bond Resolution is payable from two sources: funds paid annually into the Debt Service Fund from the Municipal Assistance State Aid Fund, which is funded from per capita aid otherwise payable by the State to the City, and, after satisfying the debt service requirements for obligations issued under the First General Bond Resolution as described above, funds paid quarterly from the Municipal Assistance Tax Fund. Per capita aid is subject to prior claims asserted by certain other State or City entities; however, no such claims have been asserted since the inception of the Corporation. Total per capita aid paid into the Municipal Assistance State Aid Fund during the twelve months ended June 30, 1982 and December 31, 1982 amounted to $484 million.

To the extent that funds are available from investment income, receipt of principal and interest payments on obligations of the City and other sources, they may be used to reduce the Corporation's funding requirements.

The Corporation certified to and was paid on January 12, 1983, $49.0 million and $56.8 million of sales tax revenues from the Municipal Assistance Tax Fund for First General Bond Resolution and Second General Bond Resolution, respectively.

Payment Dates: Principal payments at maturity or mandatory sinking fund calls are made February 1 and interest is paid semiannually on February 1 and August 1 for bonds outstanding under the First General Bond Resolution. Principal payments at maturity or mandatory sinking fund calls are made July 1 and interest is paid semiannually on July 1 and January 1 for bonds outstanding under the Second General Bond Resolution. The Corporation may from time to time purchase at a price equal to or less than par certain of its securities to satisfy its sinking fund requirements.

NOTES TO FINANCIAL STATEMENTS—(Continued)

(All data relating to December 31, 1982 and the period then ended are unaudited)

Refunded Bonds: The Corporation’s bonds may be refunded in advance of their maturity in accordance with provisions of the First and Second General Bond Resolutions by placing in trust with the Trustee sufficient moneys or certain securities which together with investment income will be sufficient to pay principal and interest when due on the bonds which have been refunded. Although they remain valid debt instruments with regard to principal and interest payable thereon from the moneys or securities placed in trust, advance refunded bonds are deemed to have been paid within the meaning of the First and Second General Bond Resolutions and are therefore no longer presented as liabilities of the Corporation. In November 1982, the Corporation issued $175 million of its Second General Resolution Series 40 Bonds and $100 million of its Second Resolution Series 41 Bonds and used $269.1 million to advance reduce its previously issued Series CC Bonds in the aggregate principal amount of $256.3 million. At June 30, 1982 and December 31, 1982, $499.6 million and $755.9 million, respectively, of the Corporation’s bonds which have been advance refunded remain valid debt instruments.

NOTE 4—Capital Reserve Fund:

The Act provides for the establishment of a Capital Reserve Fund to provide security for payment of interest on and principal of the Corporation’s bonds. The amount required to be on deposit in the Capital Reserve Fund is 100% of the principal (including sinking fund installments) and interest maturing or otherwise due or becoming due on outstanding bonds during the succeeding calendar year.

The Capital Reserve Fund balance at June 30, 1982 of $1,038.1 million comprised $356.5 million relating to First General Resolution Bonds and $681.6 million relating to Second General Resolution Bonds.

The Capital Reserve Fund balance at December 31, 1982 of $1,102.9 million comprised $375.5 million relating to First General Resolution Bonds and $727.4 million relating to Second General Resolution Bonds.

NOTE 5—Guaranty Fund:

In connection with the issuance by the City of Federally guaranteed obligations, a Guaranty Fund has been established by the Corporation. The Corporation is required, at the time of each issuance of guaranteed City obligations, to have on deposit in the Guaranty Fund a specified amount. The moneys on deposit in the Guaranty Fund, up to a specified amount, are available for the benefit of the United States of America in the event the City is unable to meet debt service requirements on certain City obligations for which the payment of principal and interest is guaranteed by the United States of America. Such specified amount is presented as a liability of the Corporation. To the extent moneys on deposit in the Guaranty Fund exceed the amount required, the Corporation is entitled to withdraw such excess from the Guaranty Fund and the United States of America has no further claim on such moneys. At December 31, 1982, no claim has been asserted. Moneys on deposit in the Guaranty Fund are invested in direct obligations of the United States of America.

NOTE 6—Operating Fund:

The Operating Fund provides for the expenses of carrying out the Corporation’s duties and functions and is funded from the Municipal Assistance Tax Fund. The Operating Fund accounts have been prepared on the accrual basis of accounting. The Corporation’s administrative expenses of debt issuance and service are charged to the Operating Fund as incurred. The assets of the Operating Fund at June 30, 1982 include $1,737,000 of securities purchased under agreements to resell and approximately $421,000 for computer and related software which is being depreciated on a straight line basis over a five year period beginning January 1, 1982. The assets of the Operating Fund at December 31, 1982 include $121,000 of securities purchased.

under an agreement to resell and approximately $495,000 for computer and related software which is being
depreciated on a straight line basis over a five year period beginning January 1, 1982. The Corporation
entered into a loan agreement in fiscal 1982 with the United States Trust Company of New York to finance
the cost of the computer and related software. The $400,000 balance of this loan at June 30, 1982 and
December 31, 1982 bears interest at 9\%\%\% and is due in four equal annual installments of principal with
interest due semiannually. This loan is included in total operating fund liabilities.

NOTE 7—New York City Obligations Held by the Corporation:

At June 30, 1982 and December 31, 1982, the Corporation held $743.8 million and $987.6 million
respectively principal amount of City bonds. The City obligations held at December 31, 1982 bear interest at
rates ranging from 7\%\%\% to 13\%\%\% and will mature on September 15 in each year as shown below:

On July 26, 1982 and January 6, 1983, the Corporation, in connection with the issuance of commercial
paper, entered into credit agreements under which it pledged certain City obligations as collateral. The City
has agreed that all bonds pledged as collateral may be sold without the consent of the City. All bonds not
pledged as collateral may not be sold without the consent of the City. At January 6, 1983, approximately
$332 million of bonds were pledged.

On January 11, 1983 the City redeemed $72.146 million of its bonds maturing in 2000-2004 held by the
Corporation.

The Corporation, in making its certification for funds, is required to exclude from consideration any
amounts it expects to receive as payment on city obligations until such amounts are received.

NOTE 8—Commitments:

The Corporation and the City have developed a Debt Issuance Plan (the “Plan”) to provide for a
significant portion of the City’s long-term financing requirements through 1984. Under the Plan, proceeds of
debt issuances of the Corporation will be used principally to purchase obligations of the City when issued to
provide a source of funding for a portion of the City’s capital program. At June 30, 1982 and December 31,
1982, $812.7 million and $618.6 million, respectively, was available to purchase City obligations. The Plan
provides for additional public sales of $860 million of the Corporation’s obligations through 1984.
The amount of the Corporation's obligations to be sold publicly under the Plan will depend upon many conditions, including the City's actual capital requirements, the City's ability to continue raising funds in the public bond markets and the general conditions in the public bond markets.

In November 1982, the Corporation sold $100 million of Second General Resolution Series 41 Bonds with detachable Warrants which entitle the holders of these Warrants to purchase up to an aggregate of $100 million principal amount of Series 42 Bonds periodically between November 19, 1982 and January 18, 1984. As of December 31, 1982, Warrants were exercised for the issuance of $5,000 of Series 42 Bonds. The financial statements and Exhibits I and II do not give effect to the remaining unissued principal amounts of $99,995 million Series 42 Bonds however, such are included in Exhibit III in summarizing the pro forma future payment requirements as explained therein.

On July 26, 1982, the Corporation issued short-term obligations secured by a credit arrangement with Citibank, N.A. Such short-term obligations have a claim on the sales tax, stock transfer tax or per capita aid revenues subordinate to First and Second Resolution Bonds. If the credit arrangement is used to pay the short-term obligations, the Corporation's obligation to Citibank, N.A. will be repayable over a period of at least five years through the issuance of bonds or otherwise. The Corporation has authorized the issuance of up to $100 million of such short-term obligations, which will serve as an alternative to selling bonds publicly in such amount during its 1983 fiscal year. At December 31, 1982, the Corporation had $99 million of such short-term obligations outstanding at interest rates ranging from 4.25% to 5.625% and maturities ranging from 3 days to 45 days. On January 6, 1983, the Corporation entered into an agreement which calls for Citibank, N.A. and Manufacturers Hanover Trust Company to provide an additional $150 million line of credit to secure the issuance by the Corporation of an additional $150 million of short-term obligations of which $148 million were subsequently issued during January 1983.

On January 25, 1983, the Corporation issued $28,965 million of Series 28 Bonds and $12,98 million of Series 36 Bonds. As the period for exercising warrants for Series 28 and Series 36 Bonds ended on January 18, 1983, no additional Series 28 or Series 36 Bonds will be issued by the Corporation. The financial statements do not give effect to these transactions, although the exhibits do.

The Corporation has agreed to reimburse the New York State Office of the Special Deputy Comptroller for the City of New York and the Financial Control Board for the cost of providing certain oversight services of the City's financial affairs.

MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK
NEW YORK, NEW YORK

DEAR SIRS:

We have examined a record of proceedings relating to the issuance of $118,345,000 aggregate principal amount of Series 45 Bonds (the “Series 45 Bonds”) of the Municipal Assistance Corporation For The City of New York (the “Corporation”), a corporate governmental agency and instrumentality of the State of New York (the “State”) constituting a public benefit corporation, created and existing under and pursuant to the Constitution and statutes of the State, including the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the city of New York Act, being Titles I, II and III of Article 10 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State, as amended to the date hereof (the “Act”).

The Series 45 Bonds are authorized and issued under and pursuant to the Act and the Second General Bond Resolution of the Corporation, adopted November 25, 1975, as amended and supplemented to the date hereof (the “Second General Bond Resolution”) and the Series 45 Resolution, adopted April 12, 1983 (the “Series Resolution”) and are authorized in accordance with the Certificate of Determination of the Corporation dated April 12, 1983 (the “Certificate of Determination”). The Second General Bond Resolution and the Series Resolution are herein collectively called the “Resolutions”.

The Series 45 Bonds are part of an issue of bonds of the Corporation (the “Bonds”) which the Corporation has established and created under the terms of the Second General Bond Resolution and is authorized to issue from time to time for the corporate purposes of the Corporation authorized by the Act, as then in effect and without limitation as to amount except as provided in the Resolutions and certain agreements of the Corporation or as may be limited by law. The Corporation has covenanted with the holders of certain bonds of the Corporation and with certain others to limit the issuance of additional bonds. The Series 45 Bonds are being issued for purposes set forth in the Resolutions.

The Corporation is authorized to issue Bonds, in addition to the Series 45 Bonds, only upon the terms and conditions set forth in the Second General Bond Resolution and such Bonds, when issued, shall with the Series 45 Bonds and with all other such Bonds theretofore issued, be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Second General Bond Resolution.

The Series 45 Bonds are dated May 1, 1983 except as otherwise provided in the Resolutions with respect to registered Series 45 Bonds, will mature on July 1 in each of the years and will bear interest payable
semi-annually on January 1 and July 1 of each year, commencing on January 1, 1984 at the respective rates per annum shown below:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount Maturing</th>
<th>Interest Rate</th>
</tr>
</thead>
</table>

The Series 45 Bonds are issued either in coupon form in the denomination of $5,000, registrable as to principal only, or in registered form without coupons in the denomination of $5,000 or an integral multiple thereof. Coupon and fully registered Series 45 Bonds are interchangeable as provided in the Resolutions. Coupon Series 45 Bonds are numbered 45- - and fully registered Series 45 Bonds are lettered and numbered 45R- - followed, in each case, by the last two digits of the year of maturity and the number of the Series 45 Bond. Coupon Series 45 Bonds and fully registered Series 45 Bonds are numbered consecutively from one upward in order of issuance.

The Series 45 Bonds maturing on July 1, are subject to redemption, commencing on July 1, and on each July 1 thereafter prior to maturity, in part, as provided in the Resolutions, by operation of the Bond Service Fund through application of Sinking Fund Installments as defined in the Second General Bond Resolution in the amounts set forth in the Certificate of Determination, at the redemption price of 100% of the principal amount of each Series 45 Bond or portion thereof to be redeemed, plus accrued interest, if any, to the date of redemption.

In addition, the Series 45 Bonds are subject to redemption at the election of the Corporation on and after July 1, 1993, as a whole on any date or in part, by lot, on any interest payment date, at the redemption prices (expressed as percentages of the principal amount), plus accrued interest, if any, to the date of redemption, as set forth in the Series Resolution.

Chapters 168, 196, 868 and 870 of the Laws of 1975, as amended to the date hereof, each enacted by the People of the State, represented in Senate and Assembly of the State and signed into law by the Governor of the State (the "Enabling Legislation") provide for, among other things, the insertion of the Act in the Public Authorities Law, creating the Corporation as aforesaid, adding a new section 92-e to Article 6 of the State Finance Law, constituting Chapter 56 of such Consolidated Laws, establishing a municipal assistance aid fund (the "Aid Assistance Fund") and a special account for the Corporation within the Aid Assistance Fund (the "Special Aid Account"), amending section 54 of the State Finance Law to provide for the apportionment and payment into the Special Aid Account of amounts of per capita aid appropriated by the Legislature of the State and otherwise payable out of the General Fund of the State to The City of New York, New York ("The City") thereunder subject to payments being made as follows: (i) any amounts required to be paid to the City University Construction Fund pursuant to the City University Construction Fund Act, Article 125-B of the Education Law, constituting Chapter 16 of such Consolidated Laws; (ii) any amounts required to be paid to the New York City Housing Development Corporation pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law, constituting Chapter 41 of such Consolidated Laws; (iii) any amounts required to be paid by The City to the New York City Transit Authority pursuant to the provisions of Chapter seven of the laws of the State of nineteen hundred seventy-two; (iv) any amounts required to be paid by The City to the State to repay an advance made in 1974 to subsidize the fare of the New York City Transit Authority; and (v) five hundred thousand dollars to the chief fiscal officer of The City for payment to the trustees of the police pension fund of such City pursuant to the provisions of paragraph e of subdivision 7 of such section 54 of the State Finance Law,

suspending the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes pursuant to sections 1210 and 1212-A of Article 29 of the Tax Law, constituting Chapter 60 of such Consolidated Laws, and the taxes imposed pursuant to said sections, until all notes and bonds of the Corporation, including the Series 45 Bonds, and interest thereon have been fully paid and discharged, adding a new section 92-d to Article 6 of the State Finance Law establishing a municipal assistance tax fund (the "Tax Assistance Fund") and a special account for the Corporation within the Tax Assistance Fund (the "Special Tax Account"), and adding a new section 1107 to Article 28 of said Tax Law imposing sales and compensating use taxes in The City at a rate of four percent (4%) on certain items therein described and at a rate of six percent (6%) on the sale of certain parking services (the "Sales Tax"), the revenues derived from which, less such amounts as the Commissioner of Taxation and Finance determines to be necessary for reasonable costs in administering, collecting and distributing such taxes, are required to be paid into the Special Tax Account, together with, after deducting such costs, such amounts, as may be required under the Enabling Legislation to be transferred from the Stock Transfer Tax Fund established by section 92-b of Article 6 of said State Finance Law, into which the revenues derived from a tax imposed by Article 12 of the Tax Law (the "Stock Transfer Tax") are deposited.

We are of the opinion that:

1. The Corporation is duly created and validly exists as a corporate governmental agency and instrumentality of the State constituting a public benefit corporation under the laws of the State, including the Constitution of the State and the Act, with the good right and lawful authority and power to adopt the Resolutions, to issue the Bonds including the Series 45 Bonds thereunder and to perform the obligations and covenants contained in the Resolutions and the Series 45 Bonds. Under the laws of the State, including the Constitution of the State, and under the Constitution of the United States, the Enabling Legislation, including the Act, is valid with respect to all provisions thereof material to the subject matters of this opinion letter.

2. The Series Resolution has been duly and lawfully adopted in accordance with the provisions of the Second General Bond Resolution and is authorized and permitted by the Second General Bond Resolution. The Resolutions have been duly and lawfully adopted by the Corporation and both are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms, except for the covenant on behalf of the State required to be set forth in each Series 45 Bond pursuant to Chapter 201 of the Laws of New York of 1978 (the "State Covenant") as to which a separate opinion has been rendered on the date hereof, and no other authorization for the Resolutions is required. The Resolutions create the valid pledge and lien which they purport to create of the revenues, moneys, securities and funds held or set aside under the Resolutions, subject only to the application thereof to the purposes and on the conditions permitted by the Resolutions. The lien created by the Resolutions on such revenues, moneys, securities and funds in the Bond Service Fund and the Capital Reserve Fund is and will be prior to all other liens thereon. All revenues, moneys and securities, as and when received, in the Bond Service Fund and the Capital Reserve Fund in accordance with the Resolutions, will be validly subject to the pledge and lien created by the Resolutions.

3. The Series 45 Bonds have been duly and validly authorized and issued by the Corporation in accordance with the laws of the State, including the Constitution of the State and the Act, and in accordance with the Resolutions and the Certificate of Determination. The Series 45 Bonds are valid and binding general obligations of the Corporation payable as provided in the Resolutions, are enforceable in accordance with their terms, respectively, and the terms of the Resolutions, except as the enforceability thereof may be limited by bankruptcy, insolvency or similar laws validly enacted affecting creditors' rights or remedies generally, and, except as otherwise set forth with respect to the State Covenant as to which a separate opinion has been rendered as aforesaid, are entitled, together with additional Bonds issued under the Second General Bond Resolution, to the equal benefit, protection and security of the provisions, covenants and obligations of the Second General Bond Resolution and of the Act.

B-3
4. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenanted that the Chairman of the Corporation shall annually, on or before December 1, make and deliver to the Governor and Director of the Budget of the State his certificate stating such sum, if any, as shall be necessary to restore the amount in the Capital Reserve Fund to an amount equal to the Capital Reserve Fund requirement under the Second General Bond Resolution. Subdivision 3 of Section 3036-a of the Act providing for the appropriation and payment to the Corporation for deposit in the Capital Reserve Fund of such sum as shall be so certified by the Chairman, does not constitute an enforceable obligation or debt of the State, the amount of such sum being subject to annual appropriation for such purpose by the Legislature of the State, which is empowered, but is not bound or obligated, to appropriate such amount.

5. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenanted that the Chairman of the Corporation shall certify to the State Comptroller and the Mayor of The City, the amounts required, pursuant to subdivision 1 of Section 3036 and of Section 3036-a of the Act, for deposit in the funds established by the Second General Bond Resolution at the time or times and in the manner provided therein, including the amounts required for deposit in the Bond Service Fund to pay all interest and all principal and redemption premium, if any, on bonds maturing or otherwise coming due and for deposit in the Capital Reserve Fund to maintain such Fund at such Capital Reserve Fund requirement. Said subdivisions provide for the State Comptroller to pay such amounts to the Corporation for deposit as aforesaid, the source of such payments being the Aid Assistance Fund into which is paid such per capita aid, subject to certain prior claims as described above, and, to the extent required, subject to the prior claim of the holders of obligations of the Corporation issued or to be issued pursuant to the First General Bond Resolution (as such term is defined in the Second General Bond Resolution), the Tax Assistance Fund into which is paid the Sales Tax, and to the extent required, out of the Stock Transfer Tax Fund, the Stock Transfer Tax. The amount of per capita aid payable to The City and available for apportionment and payment from the General Fund of the State treasury and of such payments out of the Aid and Tax Assistance Funds to the Corporation are subject to annual appropriation for such purposes by the Legislature of the State which is empowered, but is not bound or obligated, to appropriate any such amounts so certified by the Chairman, as aforesaid.

6. The Series 45 Bonds do not constitute a debt either of the State or of The City, and neither the State nor The City shall be liable thereon, nor shall the Series 45 Bonds be payable out of any funds other than those of the Corporation.

7. The State has the good right and lawful authority:

(a) to provide for the appropriation of, and at least annually to appropriate out of the General Fund of the State amounts for the purpose of per capita aid and to provide, with respect to certain amounts of such per capita aid payable to The City in accordance with the provisions of section 54 of the State Finance Law, for the apportionment and payment into the Special Aid Account, of amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make any, or maintain any level of, such appropriation of per capita aid or to continue such procedure for apportionment and payment of such aid;

(b) to provide for the appropriation of, and at least annually to appropriate to, the Corporation, from the Special Tax Account and from the Stock Transfer Tax Fund, amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make such appropriations;

(c) to suspend the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes and the taxes levied thereunder, in accordance with the Enabling Legislation;

(d) to impose and to increase or decrease the Sales Tax and the Stock Transfer Tax but the State is not bound or obligated to continue the imposition of said taxes; and
(e) to establish the Aid Assistance Fund and the Special Aid Account within the Aid Assistance Fund, the Stock Transfer Tax Fund, the Tax Assistance Fund and the Special Tax Account within the Tax Assistance Fund but the State is not bound or obligated to maintain the existence of said funds or accounts.

8. The Corporation, the holders of the Bonds, holders of any evidence of indebtedness of the Corporation or the holders of bonds or notes of The City do not have nor will they have a lien on the per capita aid referred to hereinbefore or the Stock Transfer Tax or the Stock Transfer Tax Fund, the Sales Tax, or the Special Accounts for the Corporation in the Aid and Tax Assistance Funds. We are further of the opinion that, in any suit, action or other proceeding (whether under Chapter 9 of the Federal Bankruptcy Code or otherwise) wherein a creditor of The City or The City seeks to assert a right to any such Taxes, such Stock Transfer Tax Fund or such Special Accounts superior or equal to the rights of holders of bonds issued under the Second General Bond Resolution, neither The City nor such creditor will prevail in the court of final jurisdiction.

9. Under existing law, upon any failure of the State Legislature to make required appropriations for State debt obligations or upon the establishment of a note repayment account pursuant to Section 55 of the State Finance Law, moneys on deposit in the Stock Transfer Tax Fund and the Tax Assistance Fund, including the Special Tax Account therein (each such account or fund as presently constituted being a special fund of the State), would not constitute revenues applicable to the General Fund of the State and hence neither Article 7, Section 16 of the State Constitution nor said Section 55 authorizes or mandates such moneys to be set apart by the State Comptroller either for the payment of State obligations or for deposit into such note repayment account. We are further of the opinion that, under existing law, collections of the Sales Tax and the Stock Transfer Tax which are to be deposited into the Special Tax Account and the Stock Transfer Tax Fund, do not constitute revenues applicable to the General Fund of the State and hence such collections would likewise not be authorized or mandated to be set apart or applied by the State Comptroller either for the payment of the State obligations or for deposit into such note repayment account. Per capita aid is, under existing law, derived from the General Fund of the State and hence, in the event of a failure to appropriate as above described, revenues of the State, otherwise applicable to the General Fund and therefore available for appropriation as per capita aid will be subject to being set apart, or applied as aforesaid.

10. Interest on the Series 45 Bonds is exempt from (i) Federal income taxes under the existing statutes, and (ii) personal income taxes imposed by the State of New York or any political subdivision thereof (including the City of New York), and the Series 45 Bonds are exempt from all taxation directly imposed thereon by or under authority of said State, except for estate or gift taxes and taxes on transfers.

11. No registration with, consent of, or approval by any governmental agency or commission is necessary for the execution and delivery and the issuance of the Series 45 Bonds.

12. The adoption and performance of, and compliance with, all of the terms and conditions of the Resolutions and the Series 45 Bonds, and the execution and delivery of the Series 45 Bonds, will not result in a violation of or be in conflict with any term or provision of any existing law.

We have examined the executed Series 45 Bond numbered 45-1 and, in our opinion, the form of said Bond and its execution are regular and proper.

Very truly yours,
MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK

EXTRACT OF MINUTES OF MEETING OF BOARD OF DIRECTORS
HELD ON APRIL 12, 1983

After discussion, upon motion duly made, seconded and unanimously carried, it was:

RESOLVED, that the Series 45 Resolution, substantially in the form as presented to the meeting, with such non-substantive changes as General Counsel and Bond Counsel may in their discretion require, be and hereby is adopted.
MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK

SECOND GENERAL BOND RESOLUTION

Adopted November 25, 1975

Section 163 of this Resolution on pages 5 and 6 has been amended, effective November 17, 1973.
RESOLUTION OF THE MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK

Pursuant to the provisions of Section 1001 of each of the General Bond Resolutions of the Municipal Assistance Corporation For The City of New York, adopted July 2, 1975 and November 25, 1975, respectively, each as amended and supplemented to the date hereof (the "Resolutions"), Section 103 of each of the Resolutions is amended and supplemented by the addition thereto of the following paragraph:

"The Corporation covenants that it will issue no obligations pursuant to the Resolution the payment of which is guaranteed pursuant to the New York City Loan Guarantee Act of 1978, P.L. 95-339 (the "Guarantee Act"). The Corporation further covenants that it will issue no obligations pursuant to any other resolution the payment of which is guaranteed pursuant to the Guarantee Act unless, prior to the issuance of such guaranteed obligations, the Secretary of the Treasury of the United States has waived as to all obligations of the Corporation pursuant to Section 105(e) of the Guarantee Act any priority granted to the United States of America to payment on any debt owed to it by Section 3466 of the Revised Statutes of the United States of America."

This resolution shall take effect immediately upon the filing of a certified copy with the Trustee as identified in each of the Resolutions.

SECOND GENERAL BOND RESOLUTION

Be It Resolved by the Board of Directors of the Municipal Assistance Corporation For The City of New York as follows:

ARTICLE I
DEFINITIONS AND STATUTORY AUTHORITY

101. Definitions. The following terms shall, for all purposes of this Resolution, except as otherwise defined, have the following meanings:

"Act" shall mean the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the city of New York Act, and as further amended by Chapters 868 and 870 of the Laws of 1975, said Acts being Titles I, II and III of Article 10 of the Public Authorities Law, both as amended to the date of adoption of this Second General Bond Resolution.

"Authorized Newspaper" shall mean a newspaper customarily published at least once a day for at least five days (other than legal holidays) in each calendar week, printed in the English language and of general circulation in the Borough of Manhattan, City and State of New York.

"Authorized Officer" shall mean any member of the Corporation, its Treasurer, Secretary, any Assistant Secretary, its Executive Director, and any other person authorized by resolution of the Corporation to perform the act or sign the document in question.

"Board" shall mean the Board of Directors of the Corporation, the members of which are appointed and qualified pursuant to the Act.

"Bond" or "Bonds" shall mean any Bond or the issue of Bonds, as the case may be, established and created by this Resolution and issued pursuant to a Series Resolution.

"Bond Service Fund" means the fund by that name established by Section 602.

"Bondholders" or "Holder of Bonds" or "Holder" (when used with reference to Bonds) or any similar term, shall mean any person or party who shall be the bearer of any Outstanding Bond or Bonds.
registered to bearer or not registered or the registered owner of any Outstanding Bond or Bonds which shall at the time be registered other than to bearer and "Holder" (when used with reference to coupons) shall mean any person who shall be the bearer of such coupons.

"Capital Reserve Fund" means the fund by that name established by Section 602.

"Capital Reserve Fund Requirement" shall mean, as of any date of calculation, the amount referred to as the capital reserve fund requirement in subdivision 4 of Section 3036-a of the Act, including, as provided in Section 901 hereof, for such purposes any unpaid and matured amounts of principal and interest on the Bonds, or such larger amount as may hereafter be authorized pursuant to the Act as amended from time to time.

"Chairman" shall mean the Chairman of the Board of the Corporation.

"City" shall mean The City of New York.

"Corporation" shall mean the Municipal Assistance Corporation For The City of New York, a corporate governmental agency and instrumentality of the State of New York constituting a public benefit corporation created by the Act, or any body, agency or instrumentality of the State which shall hereafter succeed to the rights, powers, duties and functions of the Corporation.

"Counsel's Opinion" shall mean an opinion signed by an attorney or firm of attorneys selected by or satisfactory to the Corporation (who may be counsel to the Corporation); provided, however, that for the purposes of Article II of this Resolution such term shall mean an opinion signed by an attorney or firm of attorneys of recognized standing in the field of law relating to municipal bonds (who may be counsel to the Corporation) selected by the Corporation.

"Fiduciary" or "Fiduciaries" shall mean the Trustee, any Paying Agent, or any or all of them, as may be appropriate.

"First General Bond Resolution" shall mean the General Bond Resolution adopted by the Corporation on July 2, 1975 as heretofore and hereafter supplemented in accordance with the terms thereof.

"Fiscal Year" shall mean any twelve (12) consecutive calendar months commencing with the first day of July and ending on the last day of the following June.
"Governor" shall mean the Governor of the State.

"Mayor" shall mean the Mayor of the City.

"Operating Expenses" shall mean the Corporation's expenses of carrying out and administering its powers, duties and functions, as authorized by the Act, as then in effect, and shall include, without limiting the generality of the foregoing: administrative expenses, legal, accounting and consultant's services and expenses, payments to pension, retirement, health and hospitalization funds, and any other expenses required or permitted to be paid by the Corporation under the provisions of the Act, as then in effect, or this Resolution or the First General Bond Resolution or otherwise.

"Operating Fund" shall mean the fund by that name established by Section 602 of the First General Bond Resolution.

"Outstanding," when used with reference to Bonds, other than Bonds referred to in Section 1105 hereof, shall mean, as of any date, Bonds theretofore or then being delivered under the provisions of this Resolution, except: (i) any Bonds cancelled by the Trustee at or prior to such date, (ii) any Bonds for the payment or redemption of which monies equal to the principal amount or Redemption Price thereof, as the case may be, with interest to the date of maturity or redemption date, shall be held by the Trustee or the Paying Agents in trust (whether at or prior to the maturity or redemption date), provided that if such Bonds are to be redeemed, notice of such redemption shall have been given as in Article IV provided or provision satisfactory to the Trustee shall have been made for the giving of such notice, (iii) any Bonds in lieu of or in substitution for which other Bonds shall have been delivered pursuant to Article III or Section 406 or Section 1106, and (iv) Bonds deemed to have been paid as provided in subsection 2 of Section 1401.

"Outstanding Note Resolutions" shall mean the note resolutions adopted by the Corporation on September 15, 1975 and November 17, 1975.

"Outstanding Notes" means the notes issued by the Corporation pursuant to the Outstanding Note Resolutions.

"Paying Agent" for the Bonds of any Series shall mean the bank or trust company and its successor or successors, appointed pursuant to the provisions of this Resolution and a Series Resolution or any other resolution of the Corporation adopted prior to authentication and
delivery of the Series of Bonds for which such Paying Agent or Paying Agents shall be so appointed.

"Per Capita Aid" shall mean the amounts of per capita aid payable to the City pursuant to Section 54 of the State Finance Law as the same may be amended from time to time.

"Redemption Price" shall mean, with respect to any Bond, the principal amount thereof, plus the applicable premium, if any, payable upon redemption thereof pursuant to this Resolution and the Series Resolution pursuant to which the same was issued.

"Refunding Bonds" shall mean all Bonds constituting the whole or a part of a Series of Bonds delivered on original issuance pursuant to Section 203.

"Resolution" shall mean this Second General Bond Resolution as from time to time amended or supplemented by Supplemental Resolutions or Series Resolutions in accordance with the terms and provisions hereof. The Resolution is sometimes referred to hereinafter as "this Resolution" or "the Resolution".

"Revenues" shall mean all payments to the Corporation pursuant to Sections 3036 and 3036-a of the Act except any payments to the Corporation for credit to the Operating Fund.

"Sales Tax" shall mean the sales and compensating use taxes imposed by Section 1107 of Article 28 of the Tax Law of the State.

"Serial Bonds" shall mean the bonds so designated in a Series Resolution.

"Series of Bonds" or "Bonds of a Series" or words of similar meaning shall mean the Series of Bonds authorized by a Series Resolution.

"Series Resolution" shall mean a resolution of the Corporation authorizing the issuance of a Series of Bonds in accordance with the terms and provisions hereof adopted by the Corporation in accordance with Article X.

"Sinking Fund Installment" shall mean as of any date of calculation and with respect to any Series of Bonds, so long as any Bonds thereof are Outstanding, the amount of money required by a Series Resolution, pursuant to which such Bonds were issued, to be paid at all events by the Corporation on a single future July 1 for the retirement of any Outstanding Bonds of said Series which mature after said future July 1, but does not include any amount payable by the Corporation by reason only of the maturity of a Bond, and said future
July 1 is deemed to be the date when a Sinking Fund Installment is payable and the date of such Sinking Fund Installment and said Outstanding Bonds are deemed to be the Bonds entitled to such Sinking Fund Installment.

"Special Aid Account" shall mean the special account created for the Corporation in the State Aid Fund.

"State" shall mean the State of New York.

"State Aid Fund" shall mean the Municipal Assistance State Aid Fund established pursuant to Section 92-c of the State Finance Law.

"Stock Transfer Tax" shall mean the tax on the sale or transfer of stock or other certificates imposed by Article 12 of the Tax Law of the State.

"Supplemental Resolution" shall mean a resolution supplemental to or amendatory of this Resolution, adopted by the Corporation in accordance with Article X.

"Term Bonds" shall mean the bonds so designated in a Series Resolution and payable from Sinking Fund Installments.

"Trustee" shall mean the bank or trust company appointed pursuant to Section 801 to act as trustee hereunder, and its successor or successors and any other bank or trust company at any time substituted in its place pursuant to this Resolution.

Words of the masculine gender shall be deemed and construed to include correlative words of the feminine and neuter genders. Unless the context shall otherwise indicate, words importing the singular number shall include the plural number and vice versa, and words importing persons shall include corporations and associations, including public bodies, as well as natural persons.

The terms "hereby," "hereof," "herein," "hereunder," and any similar terms, as used in this Resolution, refer to this Resolution.

102. **Authority for this Resolution.** This Second General Bond Resolution is adopted pursuant to the provisions of the Act.

103. **Resolution to Constitute Contract.** In consideration of the purchase and acceptance of any and all of the Bonds authorized to be
issued hereunder by those who shall hold the same from time to time, the Resolution shall be deemed to be and shall constitute a contract between the Corporation and the Holders from time to time of the Bonds and coupons; and the pledge made in the Resolution and the covenants and agreements therein set forth to be performed on behalf of the Corporation shall be for the equal benefit, protection and security of the Holders of any and all of the Bonds and coupons, all of which, regardless of the time or times of their issue or maturity, shall be of equal rank without preference, priority or distinction of any of the Bonds or coupons over any other thereof except as expressly provided in or permitted by this Resolution.

ARTICLE II

AUTHORIZATION AND ISSUANCE OF BONDS

201. Authorization of Bonds. There is hereby established and created an issue of Bonds of the Corporation to be known and designated as "Bonds," which Bonds may be issued as hereinafter provided without limitation as to amount except as provided in this Resolution or as may be limited by law. There is hereby created by this Resolution, in the manner and to the extent provided herein, a continuing pledge and lien to secure the full and final payment of the principal, Sinking Fund Installments, if any, and Redemption Price of and interest on all of the Bonds issued pursuant to this Resolution. The Bonds shall be general obligations of the Corporation and are secured by the pledge effected pursuant to Section 601 hereof.

The Bonds of the Corporation shall not be a debt of either the State or The City, and neither the State nor The City shall be liable thereon, nor shall they be payable out of any funds other than those of the Corporation; and such Bonds shall contain on the face thereof a statement to such effect.

Any provision hereof relating to the Stock Transfer Tax, the Sales Tax, or Per Capita Aid, or the funds created by Sections 92-b, 92-d or 92-e of the State Finance Law shall be deemed executory only to the extent of the moneys available to the State in such funds from time to time and no liability on account thereof shall be incurred by the State beyond moneys available in such funds.

202. Provisions for Issuance of Bonds. 1. The issuance of the Bonds shall be authorized by a Series Resolution or Series Resolutions
of the Corporation adopted subsequent hereto and the Bonds may be
issued in one or more Series. The Bonds of each Series, including Re-
financing Bonds, shall contain an appropriate Series designation.

Each Series Resolution authorizing the issuance of a Series of
Bonds shall also specify:

(1) The authorized principal amount of said Series of Bonds;

(2) The purposes for which such Series of Bonds are being
issued, which shall be purposes authorized by the Act, as then in
effect;

(3) The date or dates of issue, maturity date or dates and
amounts of each maturity of the Bonds of said Series;

(4) The interest rate or rates, or the manner of determining
such rate or rates of the Bonds of said Series, and the interest pay-
ment dates therefor;

(5) The denomination or denominations of, and the manner of
numbering and lettering, the Bonds of such Series, provided that
each Bond shall be of the denomination of $5,000 (or such lesser
amount as shall be specified in the Series Resolution) or a multiple
thereof not exceeding the aggregate principal amount of the Bonds
of such Series maturing in the year of maturity of the Bond for
which the denomination is to be specified;

(6) The Paying Agent or Paying Agents and, subject to the
provisions of Section 802, the place or places of payment of the
principal, Sinking Fund Installments, if any, and Redemption
Price, if any, of and interest on the Bonds of such Series; pro-
duced, however, that such Paying Agent or Paying Agents may be
appointed by resolution of the Corporation adopted prior to
authentication and delivery of such Series of Bonds in accordance
with the provision of Section 802;

(7) The Redemption Price or Redemption Prices, if any, and,
subject to Article IV, the redemption terms, if any, for the Bonds
of such Series;

(8) If so determined by the Corporation, provisions for the
sale or exchange of the Bonds of such Series and for the delivery
thereof;
(9) The form or forms of the Bonds of such Series and the coupons to be attached to the coupon Bonds, if any, of such Series and of the Trustee's certificate of authentication;

(10) The officer or employee of the Corporation directed to attest by manual or facsimile signature, the seal (or a facsimile thereof) to be affixed, imprinted, engraved or otherwise reproduced on the Bonds of such Series; and

(11) Any other provisions deemed advisable by the Corporation, not in conflict with the provisions of this Resolution.

2. All of the Bonds of such Series shall be executed by the Corporation for issuance under the Resolution and delivered to the Trustee and thereupon shall from time to time and in such amounts as directed by the Corporation be authenticated by the Trustee and by it delivered to the Corporation or upon its order, but only upon the receipt by the Trustee of:

   (1) A Counsel's Opinion dated as of the date of such delivery by the Trustee to the effect that (i) the Corporation has the right and power under the Act as amended to the date of such Opinion to adopt the Resolution (with such approvals as may be required by the Act as so amended), and the Resolution has been duly and lawfully adopted by the Corporation and such approvals given, is in full force and effect and is valid and binding upon the Corporation and enforceable in accordance with its terms, and no other authorization for the Resolution is required; (ii) the Resolution creates the valid pledge which it purports to create of the Revenues, moneys, securities and funds held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution; and (iii) the Bonds of such Series are valid and binding obligations of the Corporation as provided in the Resolution, enforceable in accordance with their terms and the terms of the Resolution and entitled to the benefits of the Resolution and of the Act as amended to the date of such Opinion, and such Bonds have been duly and validly authorized and issued in accordance with law, including the Act as amended to the date of such Opinion, and in accordance with the Resolution;

   (2) A written order as to the delivery of such Bonds, signed by an Authorized Officer of the Corporation;
(3) A copy of the Series Resolution authorizing such Bonds, certified by an Authorized Officer of the Corporation;

(4) Except in the case of Refunding Bonds, a certificate of an Authorized Officer of the Corporation stating that the Corporation is not in default in the performance of any of the covenants, conditions, agreements or provisions contained in the Resolution or in the First General Bond Resolution; and

(5) Such further documents, moneys and securities as are required by the provisions of this Section 202, and Section 203, or Article X or any Supplemental Resolution adopted pursuant to Article X.

3. No Series of Bonds, other than any Series of Bonds authorized by one or more Series Resolutions adopted prior to November 30, 1975, issued under the Resolution shall be authenticated and delivered by the Trustee except upon receipt by the Trustee of:

(1) A certificate by the New York State Commissioner of Taxation and Finance setting forth the most recent collections for the 12 consecutive calendar months ended not more than two months prior to the date of such certificate, of the Sales Tax and Stock Transfer Tax, and such other taxes, which as of the date of issuance of any such Series of Bonds are levied and collected by the State and are payable into the special account in the Municipal Assistance Tax Fund established for the Corporation.

Where the amount for such 12 consecutive calendar months is greater than the revenue expected by said Commissioner for the next succeeding 12 months from such Sales Tax, Stock Transfer Tax and such other taxes, the certificate shall set forth the estimated amount which is expected to be levied and collected in such next succeeding 12 months and paid into such special account. Any distortion for any such prior 12 consecutive month period occasioned by a change in payment dates, prepayments, and late payments of such Sales Tax, Stock Transfer Tax or such other taxes shall be taken into account in such certification by increasing or decreasing the estimated amount of Sales Tax, Stock Transfer Tax or such other taxes to be levied and collected. In the event the Sales Tax or such other taxes have not been in effect for 12 calendar months
said Commissioner shall use, respectively, collections of the sales and compensating use taxes previously imposed by the City or collections of the tax similarly based to the other taxes referred to above if such tax was previously imposed by the City, as the amount to be certified in lieu of actual collections of the Sales Tax or other taxes, for those months the Sales Tax or other taxes were not in effect;

(2) A certificate of the State Comptroller or the State Director of the Budget setting forth the estimated amount of Per Capita Aid available to be apportioned and paid (or to the extent previously apportioned and paid, the actual amount so apportioned and paid and the estimated amount, if any, available to be apportioned and paid) into the Special Aid Account for the fiscal year of the State during which such Series of Bonds are issued, provided, however, that for the fiscal year of the State ending March 31, 1976, such certificate shall set forth the amount actually apportioned and paid to the City;

(3) A certificate by an Authorized Officer setting forth (a) the maximum amount of principal and interest maturing or otherwise coming due in the current or any succeeding Fiscal Year on any outstanding obligations issued pursuant to the First General Bond Resolution and the Outstanding Note Resolutions (b) the aggregate amount of the principal on Serial Bonds, the Sinking Fund Installments, maturities of Term Bonds not required to be paid from Sinking Fund Installments and interest on all Outstanding Bonds, including such Series, for each Fiscal Year and (c) the aggregate amount of Operating Expenses as estimated by an Authorized Officer for the current Fiscal Year; and

(4) A certificate by an Authorized Officer stating that the aggregate of the amounts set forth pursuant to paragraphs (1) and (2) above after deducting the amount set forth pursuant to paragraph (3)(a) above and the Operating Expenses set forth pursuant to paragraph (3)(c) above, will be at least 1.2 times such aggregate amount set forth in (3)(b) above for each Fiscal Year set forth pursuant to paragraph (3)(b) above.

203. Provisions for Refunding Bonds. (1) All or any part of one or more Series of Refunding Bonds may be authenticated and delivered
upon original issuance to refund all Outstanding Bonds or any part of one or more Series of Outstanding Bonds. No part of a Series of Bonds may be refunded if the Bonds being refunded bear interest at a rate lower than the Bonds of such Series not being refunded. Refunding Bonds shall be issued in a principal amount sufficient, together with other moneys available therefor, to accomplish such refunding and to make such deposits required by the provisions of the Act, this Section and of the Series Resolution authorizing said Series of Refunding Bonds.

(2) A Series of Refunding Bonds may be authenticated and delivered only upon receipt by the Trustee (in addition to the receipt by it of the documents required by Section 202) of:

(a) Irrevocable instructions to the Trustee, satisfactory to it, to give due notice of redemption of all the Bonds to be refunded on the redemption date specified in such instructions;

(b) Irrevocable instructions to the Trustee, satisfactory to it, to make due publication of the notice provided for in Section 1401 to the Holders of the Bonds and coupons being refunded;

(c) Either (i) moneys in an amount sufficient to effect payment at the applicable Redemption Price of the Bonds to be refunded, together with accrued interest on such Bonds to the redemption date, which moneys shall be held by the Trustee or any one or more of the Paying Agents in a separate account irrevocably in trust for and assigned to the respective Holders of the Bonds to be refunded, or (ii) direct obligations of the United States of America in such principal amounts, of such maturities, bearing such interest, and otherwise having such terms and qualifications, as shall be necessary to comply with the provisions of subsection 2 of Section 1401 and any moneys required pursuant to said subsection 2, which direct obligations of the United States of America and moneys shall be held in trust and used only as provided in said subsection 2; and

(d) A certificate of an Authorized Officer containing such additional statements as may be reasonably necessary to show compliance with the requirements of subsection 1 and this subsection 2 of this Section 203.
204. Additional Obligations. The Corporation reserves the right to issue bonds, notes or any other obligations, under another and separate resolution so long as the same are not entitled to a charge or lien or right prior or equal to the charge or lien created by, or prior or equal to the rights of the Corporation and Holders of the Bonds provided by, this Resolution and the Act, or with respect to the monies pledged under the Resolution or with respect to proceeds from the Per Capita Aid, the Sales Tax or the Stock Transfer Tax or the sources set forth in the Act, provided however, that, except as otherwise provided in Section 909 hereof the foregoing shall not limit any right, including the right to issue additional obligations, which the Corporation has on the date of adoption of this Resolution under the First General Bond Resolution.

ARTICLE III
GENERAL TERMS AND PROVISIONS OF BONDS

301. Medium of Payment; Form and Date. The Bonds shall be payable, with respect to interest, principal and Redemption Price, in any coin or currency of the United States of America which at the time of payment is legal tender for the payment of public and private debts.

The Bonds of each Series shall be issued in the form of coupon Bonds, registrable as to principal only, or in the form of fully registered Bonds without coupons, or in both such forms.

Coupon Bonds of each Series shall be dated as of the date specified in the Series Resolution authorizing the issuance thereof. Coupon Bonds of each Series shall bear interest from the date specified in the Series Resolution authorizing the issuance thereof, payable in accordance with, and upon surrender of, the appurtenant interest coupons as they severally mature. Registered Bonds of each Series issued prior to the first interest payment date thereof shall be dated as of the date specified in the Series Resolution authorizing the issuance thereof. Registered Bonds issued on or subsequent to the first interest payment date thereof shall be dated as of the date six months preceding the interest payment date next following the date of delivery thereof, unless such date of delivery shall be an interest payment date, in which case they shall be dated as of such date of delivery; provided, however, that if, as shown by the records of the Trustee, interest on the Bonds of any Series shall be in default, the registered Bonds of such Series issued in lieu of Bonds surrendered for transfer or ex-
change may be dated as of the date to which interest has been paid in full on the Bonds surrendered. Registered Bonds of each Series shall bear interest from their date except as may be otherwise provided in a Series Resolution.

For all purposes of the Act relating to or dealing with the date of the Bonds, registered Bonds of any Series shall be deemed to be dated as of the date specified for the Bonds of such Series in the Series Resolution authorizing the issuance thereof.

All Bonds of each Series shall mature on July 1 of each year in which a maturity is fixed by a Series Resolution. Interest on all Bonds of each Series, except the first installment of interest due on the Bonds of a Series, shall be payable semi-annually on July 1 and January 1 of each year in which an installment of interest becomes due as fixed by a Series Resolution. The first installment of interest due on the Bonds of a Series may be for such period as the Corporation shall fix by Series Resolution provided that the due date thereof shall be January 1 or July 1.

302. Legends. The Bonds of each Series may contain or have endorsed thereon such provisions, specifications and descriptive words not inconsistent with the provisions of this Resolution as may be necessary or desirable to comply with custom, or otherwise, as may be determined by the Corporation prior to the delivery thereof.

303. Execution and Authentication. (1) The Bonds shall be executed in the name of the Corporation by the manual or facsimile signature of its Chairman or other Authorized Officer and its corporate seal (or a facsimile thereof) shall be thereunto affixed, imprinted, engraved or otherwise reproduced, and attested by the manual or a facsimile signature of such officer or employee of the Corporation as shall be authorized and directed pursuant to the Series Resolution authorizing the issuance thereof, or in such other manner as may be required by law. In case any one or more of the officers or employees who shall have signed or sealed any of the Bonds shall cease to be such officer or employee before the Bonds so signed and sealed shall have been actually authenticated and delivered by the Trustee, such Bonds may, nevertheless, be authenticated and delivered as herein provided, and may be issued as if the persons who signed or sealed such Bonds
had not ceased to hold such offices or be so employed. Any Bond of a Series may be signed and sealed on behalf of the Corporation by such persons as at the actual time of the execution of such Bond shall be duly authorized or hold the proper office in or employment by the Corporation, although at the date of the Bonds of such Series such persons may not have been so authorized or have held such office or employment.

(2) The coupons to be attached to the coupon Bonds of each Series shall be signed by the facsimile signature of the present or any future Chairman of the Corporation, or in such other manner as may be required by law, and the Corporation may adopt and use for that purpose the facsimile signature of any person or persons who shall have been Chairman of the Corporation at any time on or after the date of the Bonds of such Series, notwithstanding that he may not have been such Chairman at the date of any such Bond or may have ceased to be such Chairman at the time when any such Bond shall be actually authenticated and delivered.

(3) The Bonds of each Series shall bear thereon a certificate of authentication, in the form set forth in the Series Resolution authorizing such Bonds, executed manually by the Trustee unless the Series Resolution shall authorize execution by the Trustee by facsimile signature. Only such Bonds as shall bear thereon such certificate of authentication shall be entitled to any right or benefit under the Resolution and no Bond and no coupon thereunto appertaining shall be valid or obligatory for any purpose until such certificate of authentication shall have been duly executed by the Trustee. Such certificate of the Trustee upon any Bond executed on behalf of the Corporation shall be conclusive evidence that the Bond so authenticated has been duly authenticated and delivered under the Resolution and that the Holder thereof is entitled to the benefits of the Resolution.

(4) Except as otherwise provided in Section 309, the Trustee, before authenticating and delivering any coupon Bonds, shall cut off, cancel and destroy all matured coupons thereto attached, except matured coupons for which payment in full has not been provided; provided, however, that when coupon Bonds are issued in exchange for registered Bonds of any Series upon which interest is in default, as shown by the records of the Trustee, such coupon Bonds shall have attached thereto all coupons maturing after the date to which interest has been paid.
in full, as shown by the records of the Trustee, and in case any interest installments shall have been paid in part, appropriate notation shall be made on the coupons to evidence such fact.

304. *Interchangeability of Bonds.* Coupon Bonds, upon surrender thereof at the corporate trust office of the Trustee with all unmatured coupons attached, may, at the option of the Holder thereof, be exchanged for an equal aggregate principal amount of registered Bonds of the same Series and maturity of any of the authorized denominations.

Registered Bonds, upon surrender thereof at the corporate trust office of the Trustee with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of coupon Bonds of the same Series and maturity with appropriate coupons attached, or of registered Bonds of the same Series and maturity of any other authorized denominations.

305. *Negotiability, Transfer and Registry.* All the Bonds issued under this Resolution shall be negotiable as provided in the Act, subject to the provisions for registration and transfer contained in this Resolution and in the Bonds. So long as any of the Bonds shall remain Outstanding, the Corporation shall maintain and keep, at the corporate trust office of the Trustee, books for the registration and transfer of Bonds; and, upon presentation thereof for such purpose at said office, the Corporation shall register or cause to be registered therein, and permit to be transferred thereon, under such reasonable regulations as it or the Trustee may prescribe, any Bond entitled to registration or transfer. So long as any of the Bonds remain Outstanding, the Corporation shall make all necessary provisions to permit the exchange of Bonds at the corporate trust office of the Trustee.

306. *Transfer and Registration of Coupon Bonds.* All coupon Bonds shall pass by delivery, unless registered as to principal other than to bearer in the manner provided in this Section 306. Any coupon Bond may be registered as to principal on the books of the Corporation at the corporate trust office of the Trustee, upon presentation
thereof at said office and the payment of a charge sufficient to reimburse the Corporation or the Trustee for any tax, fee or other governmental charge required to be paid with respect to such registration, and such registration shall be noted on such Bond. After said registration no transfer thereof shall be valid unless made on said books by the registered owner in person or by his attorney duly authorized in writing, and similarly noted on such Bond; but such Bond may be discharged from registration by being in like manner transferred to bearer, after which it shall again become transferable by delivery. Thereafter such Bond may again, from time to time, be registered or discharged from registration in the same manner. Registration of any coupon Bond as to principal, however, shall not affect the negotiability by delivery of the coupons appertaining to such Bond, but every such coupon shall continue to pass by delivery and shall remain payable to bearer.

As to any coupon Bond registered as to principal other than to bearer the person in whose name the same shall be registered upon the books of the Corporation may be deemed and treated as the absolute owner thereof, whether such Bond shall be overdue or not, for all purposes, except for the purpose of receiving payment of coupons; and payment of, or on account of, the principal or Redemption Price, if any, of such Bond shall be made only to, or upon the order of, such registered owner thereof, but such registration may be changed as above provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid. The Corporation, the Trustee and any Paying Agent may deem and treat the bearer of any coupon as the absolute owner thereof, whether such coupon shall be overdue or not, for the purpose of receiving payment thereof and for all other purposes whatsoever, and may deem and treat the bearer of any coupon Bond which shall not at the time be registered as to principal other than to bearer, or the person in whose name any coupon Bond for the time being shall be registered upon the books of the Corporation, as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of the principal or Redemption Price thereof and for all other purposes whatsoever except for the purpose of receiving payment of coupons, and neither the Corporation, nor the Trustee nor any Paying Agent shall be affected by any notice to the contrary. The Corporation agrees to indemnify and save the Trustee and each Paying Agent harmless from
and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such bearer or registered owner.

307. Transfer of Registered Bonds. Each registered Bond shall be transferable only upon the books of the Corporation, which shall be kept for the purpose at the corporate trust office of the Trustee, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer satisfactory to the Trustee duly executed by the registered owner or his duly authorized attorney. Upon the transfer of any such registered Bond, the Corporation shall issue in the name of the transferee a new registered Bond or Bonds or, at the option of the transferee, coupon Bonds, with appropriate coupons attached, of the same aggregate principal amount and Series and maturity as the surrendered Bond.

The Corporation and the Trustee may deem and treat the person in whose name any Outstanding registered Bond shall be registered upon the books of the Corporation as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal and Redemption Price, if any, of and interest on such Bond and for all other purposes whatsoever, and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the Corporation nor the Trustee shall be affected by any notice to the contrary. The Corporation agrees to indemnify and save the Trustee harmless from and against any and all loss, cost, charge, expense, judgment or liability incurred by it, acting in good faith and without negligence hereunder, in so treating such registered owner.

308. Regulations with Respect to Exchanges and Transfers. In all cases in which the privilege of exchanging Bonds or transferring registered Bonds is exercised, the Corporation shall execute and the Trustee shall authenticate and deliver Bonds in accordance with the provisions of this Resolution. All Bonds and coupons surrendered in any such exchanges or transfers shall forthwith be cancelled by the Trustee, provided however, the Trustee is authorized to retain any coupon Bond so surrendered and to re-issue any Bond so retained with unmatured coupons representing interest to become due attached thereto in exchange for a registered Bond or Bonds in accordance with the provisions of Section 304 hereof (any Bond or coupons so retained by the Trustee
shall not be deemed Outstanding while so retained). For every such exchange or transfer of Bonds, whether temporary or definitive, the Corporation or the Trustee may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. Notwithstanding any other provision of this Resolution, the cost of preparing each new coupon Bond or registered Bond upon each exchange or transfer, and any other expenses of the Corporation or the Trustee incurred in connection therewith (except any applicable tax, fee or other governmental charge) shall be paid by the Corporation as an Operating Expense. The Corporation shall not be obliged to make any such exchange or transfer of Bonds of any Series during the ten (10) days next preceding an interest payment date on the Bonds of such Series or, in the case of any proposed redemption of Bonds of such Series, next preceding the date of the selection of Bonds to be redeemed.

309. Bonds Mutilated, Destroyed, Stolen or Lost. In case any Bond shall become mutilated or be destroyed, stolen or lost, the Corporation shall execute and the Trustee shall authenticate and deliver a new Bond (with appropriate coupons attached in the case of coupon Bonds) of like Series, maturity and principal amount as the Bond and attached coupons, if any, so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Bond, upon surrender and cancellation of such mutilated Bond and attached coupons, if any, or in lieu of and substitution for the Bond and coupons, if any, destroyed, stolen or lost, upon filing with Corporation evidence satisfactory to the Corporation and the Trustee that such Bond and attached coupons, if any, have been destroyed, stolen or lost and proof of ownership thereof, and upon furnishing the Corporation and the Trustee with indemnity satisfactory to them and complying with such other reasonable regulations as the Corporation and the Trustee may prescribe and paying such expenses as the Corporation and the Trustee may incur in connection therewith. All Bonds and coupons so surrendered to the Trustee shall be cancelled by it and evidence of such cancellation shall be given to the Corporation.

310. Preparation of Definitive Bonds; Temporary Bonds. The definitive Bonds of each Series shall be lithographed or printed on steel engraved borders. Until the definitive Bonds of any Series are prepared, the Corporation may execute, in the same manner as is provided in
Section 303, and upon the request of the Corporation, the Trustee shall authenticate and deliver, in lieu of definitive Bonds, but subject to the same provisions, limitations and conditions as the definitive coupon Bonds, except as to the denominations thereof and as to exchangeability for registered Bonds, one or more temporary Bonds (which may be registrable as to principal and interest), substantially of the tenor of the definitive coupon Bonds in lieu of which such temporary Bond or Bonds are issued, but with or without coupons, in authorized denominations or any whole multiples thereof authorized by the Corporation, and with such omissions, insertions and variations as may be appropriate to temporary Bonds. The installments of interest payable on such temporary Bonds in bearer form shall be payable only upon the presentation and surrender of the coupons therefor attached thereto or, if no coupons for such interest are attached thereto, then only upon presentation of such temporary Bonds for notation thereon of the payment of such interest. The Corporation at its own expense shall prepare and execute and, upon the surrender at the corporate trust office of the Trustee of such temporary Bonds, with all unmatured coupons, if any, and all matured coupons, if any, for which no payment or only partial payment has been provided, attached, for exchange and the cancellation of such surrendered temporary Bonds and coupons, the Trustee shall authenticate and, without charge to the Holder thereof, deliver in exchange therefor, at the corporate trust office of the Trustee, definitive coupon Bonds, with appropriate coupons attached, or, at the option of the Holder, definitive registered Bonds, of the same aggregate principal amount and Series and maturity as the temporary Bonds surrendered. Until so exchanged, the temporary Bonds shall in all respects be entitled to the same benefits and security as definitive Bonds authenticated and issued pursuant to this Resolution.

All temporary Bonds surrendered in exchange for a definitive Bond or Bonds shall be forthwith cancelled by the Trustee.

ARTICLE IV
Redemption of Bonds

401. Privilege of Redemption and Redemption Price. Bonds subject to redemption prior to maturity pursuant to the provisions of a Series Resolution shall be redeemable, upon published notice as provided in this Article IV, at such times, at such Redemption Prices and upon such terms as may be specified in the Series Resolution authorizing such Series.
402. Redemption at the Election or Direction of the Corporation. In the case of any redemption of Bonds other than as provided in Section 403, the Corporation shall give written notice to the Trustee of its election or direction so to redeem, of the redemption date, of the Series, of the principal amounts of the Bonds of each maturity of such Series to be redeemed (which Series, maturities and principal amounts thereof to be redeemed shall be determined by the Corporation in its sole discretion, subject to any limitations with respect thereto contained in the Act or this Resolution and any Series Resolution) and of the monies to be applied to the payment of the Redemption Price. Such notice shall be given at least sixty (60) days prior to the redemption date or such shorter period as shall be acceptable to the Trustee. In the event notice of redemption shall have been given as in Section 405 provided, the Trustee, if it holds the monies to be applied to the payment of the Redemption Price, or otherwise the Corporation, shall, prior to the redemption date, pay to the Trustee and the appropriate Paying Agent or Paying Agents an amount in cash which, in addition to other monies, if any, available therefor held by the Trustee and such Paying Agent or Paying Agents, will be sufficient to redeem, on the redemption date at the Redemption Price thereof, together with interest accrued to the redemption date, all of the Bonds to be redeemed. The Corporation shall promptly notify the Trustee in writing of all such payments made by the Corporation to a Paying Agent.

403. Redemption Other Than at Corporation's Election or Direction. Whenever by the terms of this Resolution the Trustee is required to redeem Bonds other than at the election or direction of the Corporation, the Trustee shall select the Bonds to be redeemed, give the notice of redemption and pay the Redemption Price thereof, together with interest accrued to the redemption date, to itself and the appropriate Paying Agents in accordance with the terms of this Article IV and, to the extent applicable, the provisions of Section 605.

404. Selection of Bonds to Be Redeemed by Lot. In the event of redemption of less than all of the Outstanding Bonds of like Series and maturity, the Trustee shall assign to each such Outstanding registered Bond of the Series and maturity to be redeemed a distinctive number for each unit of the principal amount of such Bond equal to the lowest
denomination of the coupon Bonds of such Series and shall select by lot, using such method of selection as it shall deem proper in its discretion, from the numbers of all such coupon Bonds then Outstanding and the numbers assigned to such registered Bonds as many numbers as, at such unit amount equal to the lowest denomination of coupon Bonds of such Series for each number, shall equal the principal amount of such Bonds to be redeemed. In making such selections the Trustee may draw the Bonds by lot (a) individually or (b) by one or more groups, the grouping for the purpose of such drawing to be by serial numbers (or, in the case of Bonds of a denomination of more than the lowest denomination of the coupon Bonds of such Series, by the numbers assigned thereto as in this Section 404 provided) which end in the same digit or in the same two digits. In case, upon any drawing by groups, the total principal amount of Bonds drawn shall exceed the amount to be redeemed, the excess may be deducted from any group or groups so drawn in such manner as the Trustee may determine. The Trustee may in its discretion assign numbers to aliquot portions of Bonds and select part of any Bond for redemption. The Bonds to be redeemed shall be the coupon Bonds bearing the numbers so selected and the registered Bonds to which were assigned numbers so selected; provided, however, that only so much of the principal amount of each such registered Bond of a denomination of more than the lowest denomination of the coupon Bonds of such Series shall be redeemed as shall equal the lowest denomination of the coupon Bonds of such Series for each number assigned to it and so selected.

405. Notice of Redemption. When the Trustee shall receive notice from the Corporation of its election or direction to redeem Bonds pursuant to Section 402, and when redemption of Bonds is required by this Resolution pursuant to Section 403, the Trustee shall give notice, in the name of the Corporation, of the redemption of such Bonds, which notice shall specify the Series and maturities of the Bonds to be redeemed, the redemption date and the place or places where amounts due upon such redemption will be payable and, if less than all of the Bonds of any like Series and maturity are to be redeemed, the letters and numbers or other distinguishing marks of such Bonds so to be redeemed, and, in the case of registered Bonds to be redeemed in part only, such notice shall also specify the respective portions of the principal amount thereof to be redeemed. Such notice shall further state
that on such date there shall become due and payable upon each Bond to be redeemed the Redemption Price thereof, or the Redemption Price of the specified portions of the principal thereof in the case of registered Bonds to be redeemed in part only, together with interest accrued to the redemption date, and that from and after such date interest thereon shall cease to accrue and be payable. Such notice shall be given by publication once a week for at least two (2) successive weeks in an Authorized Newspaper, the first such publication to be not less than thirty (30) days nor more than sixty (60) days prior to the redemption date. In case, by reason of the temporary or permanent suspension of publication of any newspaper, or by reason of any other cause, it shall be impossible to make publication of any required notice as herein provided, then such publication or other notice in lieu thereof as shall be made with the approval of the Trustee shall constitute a sufficient publication of such notice, provided that such publication or other notice shall, so far as may be possible, approximate the terms and conditions of the publication in lieu of which it is given. The Trustee shall also mail a copy of such notice, postage prepaid, not less than thirty (30) days before the redemption date, to the registered owners of any Bonds or portions of Bonds which are to be redeemed, at their last addresses, if any, appearing upon the registry books, but such mailing shall not be a condition precedent to such redemption and failure so to mail any such notice shall not affect the validity of the proceedings for the redemption of Bonds.

406. Payment of Redeemed Bonds. Notice having been given by publication in the manner provided in Section 405, the Bonds or portions thereof so called for redemption shall become due and payable on the redemption date so designated at the Redemption Price, plus interest accrued and unpaid to the redemption date, and, upon presentation and surrender thereof at the offices specified in such notice, together with, in the case of Bonds registered other than to bearer presented by other than the registered owner, a written instrument of transfer duly executed by the registered owner or his duly authorized attorney, and, in the case of coupon Bonds, all appurtenant coupons maturing subsequent to the redemption date, such Bonds, or portions thereof, shall be paid at the Redemption Price plus interest accrued and unpaid to the redemption date not represented by coupons for matured interest installments. All interest installments represented by
coupons which shall have matured on or prior to the redemption date shall continue to be payable to the bearers of such coupons. If there shall be drawn for redemption less than all of a registered Bond, the Corporation shall execute and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the owner thereof, for the unredeemed balance of the principal amount of the registered Bond so surrendered, at the option of the owner thereof, either coupon Bonds or registered Bonds of like Series and maturity in any of the authorized denominations. If, on the redemption date, monies for the redemption of all the Bonds or portions thereof of any like Series and maturity to be redeemed, together with interest to the redemption date, shall be held by the Trustee and Paying Agents so as to be available therefor on said date and if notice of redemption shall have been published as aforesaid, then, from and after the redemption date, interest on the Bonds or portions thereof of such Series and maturity so called for redemption shall cease to accrue, and the coupons for interest appertaining thereto maturing subsequent to the redemption date shall be void. If said monies shall not be so available on the redemption date, such Bonds or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

ARTICLE V
CUSTODY AND APPLICATION OF CERTAIN PROCEEDS OF BONDS

501. Application of Certain Proceeds. (1) The Corporation shall apply the amount of the proceeds derived from the sale of each Series of Bonds as shall be specified in the Series Resolution authorizing such Series.

(2) Accrued interest, if any, received upon the delivery of such Series of Bonds shall be deposited in the Bond Service Fund unless such amount is to be otherwise applied as provided in the Series Resolution authorizing such Series. The amount received as a premium over the principal amount of such Series of Bonds, if any, upon the delivery of such Series shall be applied as provided in the Series Resolution authorizing such Series.
ARTICLE VI

ESTABLISHMENT OF FUNDS AND APPLICATION THEREOF

601. The Pledge Effectuated by the Resolution. The proceeds of sale of the Bonds, the Revenues, and all funds established by the Resolution, and other monies and securities referred to herein (other than monies and securities in the Operating Fund) are hereby pledged for the payment of the principal of and interest on the Bonds in accordance with their terms and the provisions of the Resolution, subject only to the provisions of the Resolution permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution. The pledge created by this Resolution, insofar as it relates to revenues, monies and securities and funds pledged either under the First General Bond Resolution or the Outstanding Note Resolutions is, and is hereby expressly declared to be, subordinate in all respects to the pledge of such revenues, monies and securities and funds created by the First General Bond Resolution or the Outstanding Note Resolutions. This pledge shall be valid and binding from and after the time of adoption of this Resolution, and the proceeds of sale of the Bonds, the Revenues as received by the Corporation, all funds and other monies and securities herein pledged shall immediately be subject to the lien of this pledge without any physical delivery thereof or further act, and the lien of this pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Corporation irrespective of whether such parties have notice thereof.

602. Establishment of Funds. The following funds are hereby established:

1. Bond Service Fund, to be held by the Trustee,

2. Capital Reserve Fund, to be held by the Trustee.

603. Application of Payments. The payments received in accordance with subdivision 1 of Section 3036-a of the Act shall be applied to the Operating Fund, the Bond Service Fund and to the Capital Reserve Fund in accordance with certificates of the Chairman pursuant to which the payment is made, provided, however, that if the amount
of the payment is less than the amount certified, the payment shall be applied pro rata to the respective Funds on the basis of the respective amounts certified. No Revenues received as such payments shall be deposited in the Operating Fund.

604. Operating Fund. The Corporation shall pay out of the Operating Fund the amounts required for the payment of Operating Expenses.

605. Bond Service Fund.

1. The Trustee shall on or before the business day preceding each interest payment date for any of the Bonds pay, out of the amounts then held in the Bond Service Fund, to itself and the Paying Agents, the amounts respectively required for the payment of principal, Sinking Fund Installments, if any, and Redemption Price of, if any, and interest on any Bonds due and payable on such date, and such amounts so paid out shall be irrevocably pledged to and applied to such payments.

2. In the event that on the business day preceding any interest payment date, the amount in the Bond Service Fund shall be less than the amounts respectively required for payment of interest on the Outstanding Bonds and for the payment of the principal and Sinking Fund Installments of the Outstanding Bonds of any Series due and payable on such interest payment date, the Trustee shall withdraw from the Capital Reserve Fund and deposit into the Bond Service Fund such amounts as will increase the amount in the Bond Service Fund to an amount sufficient to make such payment or payments.

3. As soon as practicable after the 45th day preceding the due date of any such Sinking Fund Installment, the Trustee shall proceed to call for redemption, pursuant to Section 403 hereof on such due date, Term Bonds of the Series and maturity for which such Sinking Fund Installment was established in such amount as shall be necessary to complete the retirement of the principal amount specified for such Sinking Fund Installment of the Term Bonds of such Series and maturity. The Trustee shall so call such Term Bonds for redemption whether or not it then has monies in the Bond Service Fund sufficient to pay the applicable principal amount thereof, together with interest thereon to the redemption date. The Trustee shall pay out of the Bond Service Fund
to the appropriate Paying Agents, on the day preceding each such redemption date, the amount required for the redemption of the Term Bonds so called for redemption, and such amount shall be applied by such Paying Agents to such redemption.

4. The Corporation may, at any time subsequent to the second day of July of any year but in no event less than forty-five (45) days prior to the succeeding first day of July on which a Sinking Fund Installment is scheduled to be due, direct the Trustee to purchase, with monies in the Bond Service Fund, at a price not in excess of par, plus unpaid interest accrued to the date of such purchase, Term Bonds payable from such Sinking Fund Installment and any Term Bonds so purchased prior to the first day of July shall be cancelled by the Trustee and evidence of such cancellation shall be given to the Corporation and the aggregate principal amount of the Term Bonds so purchased shall be credited against the Sinking Fund Installment due on such first day of July.

606. Capital Reserve Fund.

1. The Corporation shall deposit into the Capital Reserve Fund (i) all monies paid to the Corporation pursuant to subdivisions 1, 2 and 3 of Section 3036-a of the Act for the purpose of maintaining or restoring the amount in the Capital Reserve Fund to the amount of the Capital Reserve Fund Requirement; (ii) such portion of the proceeds of sale of Bonds, if any, as shall be prescribed by Series Resolution; and (iii) any other monies which may be made available to the Corporation for the purposes of the Capital Reserve Fund from any other source or sources.

2. Monies and securities held for the credit of the Capital Reserve Fund shall be withdrawn by the Trustee and deposited to the credit of the Bond Service Fund at the times and in the amounts required to comply with the provisions of paragraph 2 of Section 605. At any time after December 31, 1980, monies and securities in the Capital Reserve Fund in excess of the Capital Reserve Fund Requirement, upon direction of the Corporation, may be withdrawn by the Trustee and deposited to the credit of the Bond Service Fund.

3. In order further to assure the maintenance of the Capital Reserve Fund in an amount equal to the Capital Reserve Fund Requirement and in compliance with the requirements of subdivision 3 of Section 3036-a of the Act, the Chairman shall annually, on or before December 1, make and deliver to the Governor and Director of the
Budget of the State (with a copy to the Trustee) his certificate stating the sum, if any, required to restore the Capital Reserve Fund to an amount equal to the Capital Reserve Fund Requirement. All monies received by the Corporation from the State pursuant to any such certification, in accordance with the provisions of subdivision 3 of Section 3036-a of the Act, as amended, shall be deposited in the Capital Reserve Fund, as required by paragraph 1 of this Section 606.

4. Monies and securities held for the credit of the Capital Reserve Fund may, and at the direction of the Corporation shall, be withdrawn from the Capital Reserve Fund by the Trustee and deposited in the Bond Service Fund for the purchase or redemption of Bonds at any time provided that subsequent to such purchase or redemption the amount in the Capital Reserve Fund will not be less than the Capital Reserve Fund Requirement.

607. Certificate to the State Comptroller and to the Mayor of The City of New York. In order to assure the maintenance of the Operating Fund, the Bond Service Fund and the Capital Reserve Fund, not less than one hundred and twenty days before the beginning of each Fiscal Year (but prior to February 12 in each calendar year) (but not later than March 1, 1976 for the Fiscal Year ending June 30, 1976), the Chairman shall certify to the State Comptroller and to the Mayor (with a copy to the Trustee) a schedule setting forth the cash requirements of the Corporation for such Fiscal Year and the time or times when such cash is required, which certification shall be revised from time to time as required. The total amount so certified by such Chairman for such Fiscal Year shall be equal to: (i) the amounts which are required to be deposited in the Capital Reserve Fund during such Fiscal Year in order to maintain the Capital Reserve Fund at the Capital Reserve Fund Requirement; (ii) the amounts required to be deposited in the Bond Service Fund to pay all interest on and all payments of principal, Sinking Fund Installments, if any, and Redemption Price, if any, of Bonds maturing or otherwise coming due during such Fiscal Year; and (iii) the amounts required to be deposited in the Operating Fund as determined by the Corporation, to meet the Operating Expenses of the Corporation during such Fiscal Year. In order further to secure the obligations of the Corporation, including the Bonds, each quarterly payment (to be made on or before April 12, June 25, October 12 and January 12) by the State Comptroller to the Corporation in accordance with such certification, shall be an amount,
after taking into account monies then in the Bond Service Fund and available for the purposes of such Fund during such Fiscal Year, not less than the sum of (A) 50% of the interest on all outstanding Bonds the interest on which is payable from the Bond Service Fund of the Corporation payable within six months after the end of the quarterly period for which such payment is made plus (B) 25% of the principal and premium, if any, on all Bonds and Sinking Fund Installments of the Corporation payable within one year after the end of the quarterly period for which such payment is made and of such amount, if any, as may be required to be paid into the Capital Reserve Fund during the Fiscal Year of which such quarterly period is a part. Notwithstanding the foregoing, the Corporation hereby covenants to make the certifications referred to in this Section at such times and in such amounts as shall be necessary to coincide with the State procedures for payment of Per Capita Aid or other sources of revenues and as shall be necessary to make the deposits required herein and to pay the principal of, Redemption Price, if any, and interest on the Bonds when due. If any increase shall occur in the cash requirements specified above, or if payments are required at a time or times earlier than previously certified or if the City shall for any reason fail to make timely payment of the principal and accrued interest due on any obligation issued by the City to the Corporation and maturing within the same Fiscal Year, the Chairman shall certify a revised schedule of cash requirements for such Fiscal Year to the State Comptroller and to the Mayor (with a copy to the Trustee). The schedule accompanying each certification (or revision thereof) shall provide for such payment dates as the Corporation deems appropriate to assure that sufficient funds will be available to meet the obligations of the Corporation as they become due. The Chairman shall exclude from consideration in making any such certification with respect to the funds required by the Corporation for payment of principal of or interest on the Bonds any amounts due to be received as payment of principal of or interest on obligations of the City held by the Corporation.

ARTICLE VII
SECURITY FOR DEPOSITS AND INVESTMENT OF FUNDS

701. Security for Deposits. All monies held hereunder by the Trustee shall be continuously and fully secured, for the benefit of the Corporation and the Holders of the Bonds by direct obligations of the State or of the United States of America or obligations the principal
and interest of which are guaranteed by the State or the United States of America of a market value equal at all times to the amount of the deposit so held by the Trustee; provided, however, (a) that if the securing of such monies is not permitted by applicable law, then in such other manner as may then be required or permitted by applicable state or federal laws and regulations regarding the security for, or granting a preference in the case of, the deposit of trust funds, and (b) that it shall not be necessary for the Trustee or any Paying Agent to give security for the deposit of any monies with them held in trust for the payment of the principal or Redemption Price of or interest on any Bonds, or for the Trustee to give security for any monies which shall be represented by obligations purchased under the provisions of this Resolution as an investment of such monies.

702. *Investment of Funds and Accounts Held by the Trustee.*

(1) Monies in the Bond Service Fund and the Capital Reserve Fund shall, as nearly as may be practicable, be invested by the Trustee upon direction of the Corporation in writing, signed by an Authorized Officer (which direction shall specify the amount thereof to be so invested and the Corporation in issuing such direction shall take into consideration the dates and times when monies in such Fund will be required for the purposes of this Resolution) in (a) direct obligations of the United States of America, direct obligations of the State or obligations the principal and interest of which are guaranteed by the United States of America or the State, (b) any bond, debenture, note, participation or other similar obligation issued by any of the following Federal agencies: Government National Mortgage Association, Federal Land Banks, Federal Home Loan Banks, Federal Intermediate Credit Banks, Banks for Cooperatives, Tennessee Valley Authority, Farmers' Home Administration and Export-Import Bank, (c) if permitted by law, any bond, debenture, note, participation or other similar obligation issued by the Federal National Mortgage Association to the extent such obligations are guaranteed by the Government National Mortgage Association, and (d) any other obligation of the United States of America or any Federal agencies which may then be purchased with funds belonging to the State of New York or held in the State treasury. The maturity or redemption date at the option of the holder of any such investment shall coincide as nearly as practicable with but in no event later than the times at which monies in the Bond Service Fund and Capital Reserve Fund will be required for the purposes in this Resolution provided.
(2) Obligations purchased as an investment of monies in any fund or account held by the Trustee under the provisions of this Resolution shall be deemed at all times to be a part of such fund or account and the income or interest earned, profits realized or losses suffered by a fund or account due to the investment thereof shall be retained in, credited or charged, as the case may be, to such fund or account.

(3) In computing the amount in any fund or account held by the Trustee under the provisions of this Resolution, excepting the Capital Reserve Fund, obligations purchased as an investment of monies therein shall be valued at the cost or market price thereof, whichever is lower, inclusive of accrued interest. In computing the amount of the Capital Reserve Fund, obligations purchased as an investment of monies therein shall be valued at par if purchased at par or at Amortized Value if purchased at other than par. Amortized Value, when used with respect to an obligation purchased at a premium above or a discount below par, means the value as of any given time obtained by dividing the total premium or discount at which such obligation was purchased by the number of interest payments remaining on such obligation after such purchase and deducting the amount thus calculated for each interest payment date after such purchase from the purchase price in the case of an obligation purchased at a premium and adding the amount thus calculated for each interest payment date after such purchase to the purchase price in the case of an obligation purchased at a discount. Valuation on any particular date shall include the amount of interest then earned or accrued to such date on any monies or investments in the Capital Reserve Fund.

(4) Except as otherwise provided in the Resolution, the Trustee shall sell at the best price obtainable, or present for redemption or exchange, any obligation purchased by it as an investment pursuant to this Resolution whenever it shall be necessary in order to provide monies to meet any payment or transfer from the fund or account for which such investment was made. The Trustee shall advise the Corporation in writing, on or before the twentieth day of each calendar month, of the details of all investments held for the credit of each fund and account in its custody under the provisions of this Resolution as of the end of the preceding month.
(5) In lieu of the investments of monies in obligations authorized in paragraph (1) above, the Trustee shall, to the extent permitted by the Act then in effect, upon direction of the Corporation in writing, signed by an Authorized Officer, deposit monies from any fund or account held by the Trustee under the terms of this Resolution, in interest-bearing time deposits, or shall make other similar investment arrangements, including, but not limited to, repurchase agreements covering obligations of issuers enumerated as authorized for investments pursuant to the provisions of paragraph (1) above, with itself or a member bank or banks of the Federal Reserve System or banks the deposits of which are insured by the Federal Deposit Insurance Corporation or securities dealers approved by an Authorized Officer; provided, that each such interest-bearing time deposit or other similar investment arrangement shall permit the monies so placed to be available for use at the times provided with respect to the investment or reinvestment of such monies; and provided further, that all monies in each such interest-bearing time deposit or other similar investment arrangement shall be continuously and fully secured by obligations of issuers enumerated as authorized for investments pursuant to the provisions of paragraph (1) above, of a market value equal at all times to the amount of the deposit or of the other similar investment arrangement.

(6) No part of the proceeds of any Series of Bonds or any other funds of the Corporation shall be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any Bond to be an “arbitrage bond” as defined in subsection (d)(2) of section 103 of the Internal Revenue Code of 1954 [Title 26 of the United States Code] as then in effect and to be subject to treatment under subsection (d)(1) of said section as an obligation not described in subsection (a) of said section.

703. Liability of Trustee for Investments. The Trustee shall not be liable or responsible for the making of any investment authorized by the provisions of this Article, in the manner provided in this Article, or for any loss resulting from any such investment so made.

ARTICLE VIII
THE TRUSTEE AND THE PAYING AGENTS

801. Appointment and Acceptance of Duties of Trustee. United States Trust Company of New York, in the City, County and State of
New York, is hereby appointed as Trustee. The Trustee shall signify its acceptance of the duties and obligations imposed upon it by this Resolution by written instrument of acceptance deposited with the Corporation.

802. Appointment and Acceptance of Duties of Paying Agents. The Corporation shall appoint one or more Paying Agents for the Bonds of any Series in the Series Resolution authorizing such Bonds or shall appoint such Paying Agent or Paying Agents by resolution of the Corporation adopted prior to the authentication and delivery of such Bonds, and may at any time or from time to time appoint one or more other Paying Agents in the manner and subject to the conditions set forth in Section 812 for the appointment of a successor Paying Agent. The Trustee may be appointed to act as Paying Agent notwithstanding that it may then be acting in the capacity of Trustee.

Each Paying Agent shall signify its acceptance of the duties and obligations imposed upon it by this Resolution by written instrument of acceptance deposited with the Corporation and the Trustee.

The corporate trust offices of the Paying Agents are hereby designated as the respective agencies of the Corporation for the payment of the interest on and principal or Redemption Price of the Bonds, except that interest on all registered Bonds and the principal and Redemption Price of all registered Bonds and of all coupon Bonds registered as to principal shall be payable at the corporate trust office of the Trustee.

803. Responsibilities of Trustee and Paying Agents. The recitals of fact herein and in the Bonds contained shall be taken as the statements of the Corporation and neither the Trustee nor any Paying Agent assumes any responsibility for the correctness of the same. Neither the Trustee nor any Paying Agent shall be deemed to make any representations as to the validity or sufficiency of this Resolution or of any Bonds or coupons issued hereunder or in respect of the security afforded by this Resolution, and neither the Trustee nor any Paying Agent shall incur any responsibility in respect thereof. Neither the Trustee nor any Paying Agent shall be under any responsibility or duty with respect to the issuance of the Bonds for value or the applica-
tion of the proceeds thereof or the application of any monies paid to the Corporation. Neither the Trustee nor any Paying Agent shall be under any obligation or duty to perform any act which would involve it in expense or liability or to institute or defend any suit in respect thereof, or to advance any of its own monies, unless properly indemnified. Neither the Trustee nor any Paying Agent shall be liable in connection with the performance of its duties hereunder except for its own negligence or default. Neither the Trustee nor any Paying Agent shall be under any responsibility or duty with respect to the application of any monies paid to any one of the others.

804. Evidence on Which Fiduciaries May Act. The Trustee and any Paying Agent shall be protected in acting upon any notice, direction, resolution, request, consent, order, certificate, report, opinion, bond or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties. The Trustee and any Paying Agent may consult with counsel, who may or may not be of counsel to the Corporation, and the opinion or advice of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under this Resolution in good faith and in accordance therewith.

Whenever the Trustee or any Paying Agent shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Resolution, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an Authorized Officer, and such certificate shall be full warrant for any action taken or suffered in good faith under the provisions of this Resolution upon the faith thereof, but in its discretion the Trustee or any Paying Agent may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as to it may seem reasonable.

Except as otherwise expressly provided in this Resolution, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision thereof by the Corporation to the Trustee or any Paying Agent shall be sufficiently executed if executed in the name of the Corporation by an Authorized Officer.
805. Compensation. The Corporation shall pay to the Trustee and to each Paying Agent from time to time reasonable compensation for all services rendered under this Resolution, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents and employees, incurred in and about the performance of their powers and duties under this Resolution, and the Trustee and each Paying Agent shall have a lien therefor on any and all monies in the Operating Fund. The Corporation further agrees to indemnify and save the Trustee and each Paying Agent harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its negligence or default.

806. Permitted Acts and Functions. The Trustee and any Paying Agent may become the owner of any Bonds and coupons, with the same rights it would have if it were not such Trustee or Paying Agent. The Trustee and any Paying Agent may act as depository for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bondholders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Resolution, whether or not any such committee shall represent the Holders of a majority in principal amount of the Bonds then Outstanding.

807. Resignation of Trustee. The Trustee may at any time resign and be discharged of the duties and obligations created by this Resolution by giving not less than sixty (60) days' written notice to the Corporation and publishing notice thereof, specifying the date when such resignation shall take effect, once in an Authorized Newspaper, and such resignation shall take effect upon the day specified in such notice unless previously a successor shall have been appointed, as provided in Section 809, in which event such resignation shall take effect immediately on the appointment of such successor.

808. Removal of Trustee. The Trustee shall be removed by the Corporation if at any time so requested by an instrument or concurrent instruments in writing, filed with the Trustee and the Corporation, and
signed by the Holders of a majority in principal amount of the Bonds then Outstanding or their attorneys-in-fact duly authorized, excluding any Bonds held by or for the account of the Corporation.

809. Appointment of Successor Trustee. In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, the Corporation covenants and agrees that it will thereupon appoint a successor Trustee. The Corporation shall publish notice of any such appointment made by it in an Authorized Newspaper, such publication to be made within twenty (20) days after such appointment.

If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within forty-five (45) days after the Trustee shall have given to the Corporation written notice, as provided in Section 807, or after a vacancy in the office of the Trustee shall have occurred by reason of its inability to act, the Trustee or the Holder of any Bond may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any Trustee appointed under the provisions of this Section 809 in succession to the Trustee shall be a bank or trust company organized under the laws of the State of New York, or a national banking association doing business and having its principal office in such State, and having a capital and surplus aggregating at least Fifty Million Dollars ($50,000,000) if there be such a bank or trust company or national banking association willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by this Resolution.

810. Transfer of Rights and Property to Successor Trustee. Any successor Trustee appointed under this Resolution shall execute, acknowledge and deliver to its predecessor Trustee, and also to the Corporation, an instrument accepting such appointment, and thereupon
such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all monies, estates, properties, rights, powers, duties and obligations of such predecessor Trustee, with like effect as if originally named as Trustee; but the Trustee ceasing to act shall nevertheless, on the written request of the Corporation, or of the successor Trustee, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right, title and interest of the predecessor Trustee in and to any property held by it under this Resolution, and shall pay over, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions herein set forth. Should any deed, conveyance or instrument in writing from the Corporation be required by such successor Trustee for more fully and certainly vesting in and confirming to such successor Trustee any such estates, rights, powers and duties, any and all such deeds, conveyances and instruments in writing shall, on request, and so far as may be authorized by law, be executed, acknowledged and delivered by the Corporation. Any such successor Trustee shall promptly notify the Paying Agents of its appointment as Trustee.

811. Merger, Conversion or Consolidation. Any company into which the Trustee or any Paying Agent may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee or any Paying Agent may sell or transfer all or substantially all of its corporate trust business, shall be the successor to such Trustee or Paying Agent without the execution or filing of any paper or the performance of any further act, provided with respect to the Trustee that such company shall be a bank or trust company organized under the laws of any states of the United States or the District of Columbia or a national banking association and shall have an office for the transaction of its business in any of such states or the District of Columbia and shall be authorized by law to perform all the duties imposed upon it by this Resolution.

812. Resignation or Removal of the Paying Agents and Appointment of Successors. Any Paying Agent may at any time resign and be discharged of the duties and obligations created by this Resolution by
giving at least sixty (60) days' written notice to the Corporation and Trustee. Any Paying Agent may be removed at any time by an instrument filed with such Paying Agent and the Trustee and signed by an Authorized Officer of the Corporation. Any successor Paying Agent shall be appointed by the Corporation and (subject to the requirements of Section 903) shall be a bank or trust company organized under the laws of any state of the United States of America or a national banking association, having a capital and surplus aggregating at least Three Million Dollars ($3,000,000), and willing and able to accept the office of Paying Agent on reasonable and customary terms and authorized by law to perform all the duties imposed upon it by this Resolution.

In the event of the resignation or removal of any Paying Agent, such Paying Agent shall pay over, assign and deliver any monies held by it to its successor, or if there be no successor then appointed, to the Trustee until such successor be appointed.

ARTICLE IX
COVENANTS OF THE CORPORATION

The Corporation covenants and agrees with the Holders of the Bonds and coupons as follows:

901. Payment of Bonds. The Corporation shall duly and punctually pay or cause to be paid the principal or Redemption Price, if any, of every Bond and the interest thereon, at the dates and places and in the manner provided in the Bonds and in the coupons thereto appertaining, according to the true intent and meaning thereof, and shall duly and punctually pay or cause to be paid all Sinking Fund Installments, if any, becoming payable with respect to any Series of Bonds. All such payments, to the extent not paid when due and payable, shall continue to be due and payable and, accordingly, shall be deemed to be becoming due until the same shall be paid.

902. Extension of Payment of Bonds and Coupons. The Corporation shall not directly or indirectly extend or assent to the extension of the maturity of any of the Bonds or the time of payment of any of the coupons or claims for interest by the purchase or funding of such Bonds, coupons or claims for interest or by any other arrangement and in case the maturity of any of the Bonds or the time for payment of
any such coupons or claims for interest shall be extended, such Bonds, coupons or claims for interest shall not be entitled in case of any default under this Resolution to the benefit of this Resolution or to any payment out of any assets of the Corporation or the funds (except funds held in trust for the payment of particular Bonds, coupons or claims for interest pursuant to this Resolution) held by the Trustee or any Paying Agent, except subject to the prior payment of the principal of all Bonds issued and Outstanding the maturity of which has not been extended and of such portion of the accrued interest on the Bonds as shall not be represented by such extended coupons or claims for interest. Nothing herein shall be deemed to limit the right of the Corporation to issue Refunding Bonds as provided in Section 203 and such issuance shall not be deemed to constitute an extension of maturity of Bonds or the time of payment of any of the coupons or claims for interest.

903. Offices for Payment and Registration of Bonds and Coupons. The Corporation shall at all times maintain an office or agency in the Borough of Manhattan, City and State of New York where Bonds and coupons may be presented for payment. The Corporation may pursuant to a Series Resolution or pursuant to resolution adopted in accordance with Section 802 designate an additional Paying Agent or Paying Agents where Bonds and coupons of the Series authorized thereby or referred to therein may be presented for payment. The Corporation shall at all times maintain an office or agency in the Borough of Manhattan, City and State of New York, where Bonds may be presented for registration, transfer or exchange and the Trustee is hereby appointed as its agent to maintain such office or agency for the registration, transfer or exchange of Bonds.

904. Further Assurances. At any and all times the Corporation shall, so far as it may be authorized or permitted by law, pass, make, do, execute, acknowledge and deliver, all and every such further resolutions, acts, deeds, conveyances, assignments, transfers and assurances as may be necessary or desirable for the better assuring, conveying, granting, assigning, confirming and effecting all and singular the rights, Revenues and other monies, securities and funds hereby pledged or assigned, or intended so to be, or which the Corporation may hereafter become bound to pledge or assign. The Corporation further covenants that it
shall cause the Chairman to make and deliver the certificates referred to in sub-section 3 of Section 606 and Section 607 hereof at the times required therein and shall cause the amounts received to be deposited in the appropriate Funds, respectively.

905. Power to Issue Bonds and Make Pledges. The Corporation is duly authorized pursuant to law to create and issue the Bonds and to adopt this Resolution and to pledge the Revenues and other monies, securities and funds purported to be pledged by this Resolution in the manner and to the extent provided in this Resolution. Except to the extent otherwise provided in Section 601, the Revenues and other monies, securities and funds so pledged are and will be free and clear of any pledge, lien, charge or encumbrance thereon or with respect thereto prior to, or of equal rank with, the pledge created by this Resolution, and all corporate action on the part of the Corporation to that end has been duly and validly taken. The Bonds and the provisions of this Resolution are and will be the valid and legally enforceable obligations of the Corporation in accordance with their terms and the terms of this Resolution. The Corporation shall at all times, to the extent permitted by law, defend, preserve and protect the pledge of the Revenues and other monies, securities and funds pledged under this Resolution and all the rights of the Bondholders under this Resolution against all claims and demands of all persons whomsoever.

906. Agreement of the State. In accordance with the provisions of Section 3015 of the Act, the Corporation hereby includes in this Resolution the pledge of and agreement with the Holders of the Bonds that the State will not limit or alter the rights vested pursuant to the Act in the Corporation to fulfill the terms of any agreements made with Bondholders, or in any way impair the rights and remedies of such Holders until the Bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such Holders, are fully paid and discharged.

907. Creation of Liens. The Corporation shall not issue any bonds or other evidences of indebtedness, other than the Bonds, secured by a pledge of the revenues, monies and securities in the Capital Reserve Fund, and shall not create or cause to be created any lien or charge
prior to the Bonds on revenues, monies and securities in the Bond Service Fund; provided, however, that nothing contained in this Resolution shall prevent the Corporation from issuing (i) bonds, notes, or any other obligations under another and separate resolution so long as the charge or lien created by such resolution is not prior or equal to the charge or lien created by the Resolution, (ii) obligations issued in accordance with Article II of the First General Bond Resolution except as limited in Section 909 hereof and (iii) obligations issued in lieu of or in substitution for other obligations pursuant to Sections 304 and 306 through 310 or Sections 406 or 1106 of the First General Bond Resolution.

908. Accounts and Reports. The Corporation shall keep or cause to be kept proper books of record and account in which complete and correct entries shall be made for its transactions relating to all Funds established by this Resolution which shall at all reasonable times be subject to the inspection of the Holders of an aggregate of not less than five per cent (5%) in the principal amount of the Bonds then Outstanding or their representatives duly authorized in writing.

909. General. The Corporation shall do and perform or cause to be done and performed all acts and things required to be done or performed by or on behalf of the Corporation under the provisions of the Act as then in effect and the Resolution in accordance with the terms of such provisions.

Upon the date of issuance of any of the Bonds, all conditions, acts and things required by the Constitution and statutes of the State of New York and the Resolution to exist, to have happened and to have been performed precedent to and in the issuance of such Bonds, shall exist, have happened and have been performed and the issue of such Bonds, together with all other indebtedness of the Corporation, shall be within every debt and other limit prescribed by the laws of said State.

If the Corporation shall exercise its power to limit the implementation of the conditions set forth in Section 3038 of the Act or thereafter to permit such conditions to be further limited, any such action shall
be taken by resolution of the Board. When so acting the Board shall make a determination that any such limitation is not so substantial as effectively to constitute a waiver of any of the conditions in Section 3038, or shall make a determination that the conditions shall impose a further condition on the City which determination shall be conclusive and binding upon the holders of the Bonds and the Trustee. A copy of such resolution shall promptly be delivered to the Trustee and to the Governor, the State Legislature, the State Comptroller, the Mayor, the Board of Estimate, the City Council and the City Comptroller and promptly be published by the Corporation.

Subject to the rights of holders of obligations issued pursuant to the First General Bond Resolution, the Corporation shall not modify or amend the First General Bond Resolution in any manner which would have a material adverse effect on the Bondholders, provided, however, that nothing herein shall prevent the Corporation from amending or supplementing the First General Bond Resolution to provide for the issuance of Bonds, Notes or Other Obligations (as such terms are defined in the First General Bond Resolution) as provided in the First General Bond Resolution. No such Bonds, Notes or Other Obligations shall be issued in accordance with Article II of the First General Bond Resolution if such issuance would cause the amounts stated in paragraph (1) and (2) of Subsection 3 of Section 202 after making the deductions provided in subparagraphs 3(a) and 3(c) to be less than 1.2 times such aggregate amount set forth in paragraph 3(b) of subsection 3 of Section 202 for each Fiscal Year set forth pursuant to said paragraph 3(b) if such certifications required to be made pursuant to such Subsection 3 had been made at the time of, and gave effect to, the issuance of such Bonds, Notes or Other Obligations.

The Corporation hereby covenants and agrees with all who may be holders of the Bonds that it shall not issue and the Corporation represents hereby that there are presently not outstanding any Bonds, Notes, or Other Obligations (as such terms are defined in the First General Bond Resolution), or any bonds, notes or other obligations pursuant to any resolution, including the Outstanding Note Resolutions, of the Corporation, the holders of which would have a right to payment from the State Aid Fund prior or equal to the right of the Holders of the Bonds to payment from such Fund.
ARTICLE X

SERIES RESOLUTIONS AND SUPPLEMENTAL RESOLUTIONS

1001. Modification and Amendment Without Consent. Notwithstanding any other provisions of this Article X, or Article XI, the Corporation may adopt at any time or from time to time Series Resolutions or Supplemental Resolutions for any one or more of the following purposes, and any such Series Resolution or Supplemental Resolution shall become effective in accordance with its terms upon the filing with the Trustee of a copy thereof certified by an Authorized Officer:

1. To provide for the issuance of a Series of Bonds pursuant to the provisions of this Resolution and to prescribe the terms and conditions pursuant to which such Bonds may be issued, paid or redeemed;

2. To add additional covenants and agreements of the Corporation for the purpose of further securing the payment of the Bonds, provided such additional covenants and agreements are not contrary to or inconsistent with the covenants and agreements of the Corporation contained in this Resolution;

3. To prescribe further limitations and restrictions upon the issuance of Bonds and the incurring of indebtedness by the Corporation which are not contrary to or inconsistent with the limitations and restrictions thereon theretofore in effect;

4. To surrender any right, power or privilege reserved to or conferred upon the Corporation by the terms of this Resolution, provided that the surrender of such right, power or privilege is not contrary to or inconsistent with the covenants and agreements of the Corporation contained in this Resolution;

5. To confirm as further assurance any pledge under and the subjection to any lien, claim or pledge created or to be created by the provisions of this Resolution, of the Revenues or of any other monies, securities or funds;

6. To modify any of the provisions of this Resolution or any previously adopted Series Resolution in any other respects, provided that such modifications shall not be effective until after all Bonds of any Series of Bonds Outstanding as of the date of adop-
tion of such Series Resolution or Supplemental Resolution shall cease to be Outstanding, and all Bonds issued under such resolutions shall contain a specific reference to the modifications contained in such subsequent resolutions; or

(7) With the consent of the Trustee, to cure any ambiguity or defect or inconsistent provision in this Resolution or to insert such provisions clarifying matters or questions arising under this Resolution as are necessary or desirable in the event any such modifications are not contrary to or inconsistent with this Resolution as theretofore in effect.

1002. Supplemental Resolutions Effective With Consent of Bondholders. The provisions of this Resolution may also be modified or amended at any time or from time to time by a Supplemental Resolution, subject to the consent of Bondholders in accordance with and subject to the provisions of Article XI hereof, such Supplemental Resolution to become effective upon the filing with the Trustee of a copy thereof certified by an Authorized Officer.

1003. General Provisions Relating to Series Resolutions and Supplemental Resolutions. This Resolution shall not be modified or amended in any respect except in accordance with and subject to the provisions of this Article X and Article XI. Nothing contained in this Article X or Article XI shall affect or limit the rights or obligations of the Corporation to adopt, make, do, execute or deliver any resolution, act or other instrument pursuant to the provisions of Section 904 or the right or obligation of the Corporation to execute and deliver to the Trustee or any Paying Agent any instrument elsewhere in this Resolution provided or permitted to be delivered to the Trustee or any Paying Agent.

A copy of every Series Resolution and Supplemental Resolution adopted by the Corporation when filed with the Trustee shall be accompanied by a Counsel's Opinion stating that such Series Resolution or Supplemental Resolution has been duly and lawfully adopted in accordance with the provisions of this Resolution, is authorized or permitted by this Resolution and is valid and binding upon the Corporation and enforceable in accordance with its terms.
The Trustee is hereby authorized to accept delivery of a certified copy of any Series Resolution or Supplemental Resolution permitted or authorized pursuant to the provisions of this Resolution and to make all further agreements and stipulations which may be contained therein, and, in taking such action, the Trustee shall be fully protected in relying on Counsel's Opinion that such Series Resolution or Supplemental Resolution is authorized or permitted by the provisions of this Resolution.

No Series Resolution or Supplemental Resolution changing, amending or modifying any of the rights or obligations of the Trustee or of any Paying Agent may be adopted by the Corporation without the written consent of the Trustee or Paying Agent affected thereby.

ARTICLE XI
AMENDMENTS OF RESOLUTIONS

1101. **Powers of Amendment.** Any modification or amendment of this Resolution and of the rights and obligations of the Corporation and of the Holders of the Bonds and coupons hereunder, in any particular, may be made by a Supplemental Resolution, with the written consent given as hereinafter provided in Section 1102, (a) of the Holders of at least two-thirds in principal amount of the Bonds Outstanding at the time such consent is given, or (b) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of the Holders of at least two-thirds in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given, or (c) in case the modification or amendment changes the amount or date of any Sinking Fund Installment, of the Holders of at least two-thirds in principal amount of the Bonds of the particular Series, maturity and interest rate entitled to such Sinking Fund Installment Outstanding at the time such consent is given; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the Holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this Section. No such modification or amendment shall permit a change in the terms of redemption or
maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Holder of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the Holders of which is required to effect any such modification or amendment. For the purposes of this Section, a Series shall be deemed to be affected by a modification or amendment of this Resolution if the same adversely affects or diminishes the rights of the Holders of Bonds and coupons of such Series. The Trustee may in its discretion determine whether or not in accordance with the foregoing provisions Bonds of any particular Series or maturity would be affected by any modification or amendment of this Resolution and any such determination shall be binding and conclusive on the Corporation and all Holders of Bonds. The Trustee may receive an opinion of counsel, including Counsel's Opinion, as conclusive evidence as to whether Bonds of any particular Series or maturity would be so affected by any such modification or amendment of this Resolution.

1102. Consent of Bondholders. The Corporation may at any time adopt a Supplemental Resolution making a modification or amendment permitted by the provisions of Section 1101 to take effect when and as provided in this Section. A copy of such Supplemental Resolution (or brief summary thereof or reference thereto in form approved by the Trustee) together with a request to Bondholders for their consent thereto in form satisfactory to the Trustee, shall promptly after adoption be mailed by the Corporation to Bondholders and be published at least once a week for two (2) successive weeks (but failure to mail such copy and request shall not affect the validity of the Supplemental Resolution when consented to as in this Section provided). Such Supplemental Resolution shall not be effective unless and until (a) there shall have been filed with the Trustee (i) the written consents of Holders of the percentages of Outstanding Bonds specified in Section 1101 and (ii) a Counsel's Opinion stating that such Supplemental Resolution has been duly and lawfully adopted and filed by the Corporation in accordance with the provisions of this Resolution, is authorized or permitted by this Resolution, and is valid and binding upon the Corporation and enforceable in accordance with its terms, and (b) a notice shall have been published as hereinafter in this Section 1102
provided. Each such consent shall be effective only if accompanied by proof of the holding at the date of such consent, of the Bonds with respect to which such consent is given, which proof shall be such as is permitted by Section 1301. A certificate or certificates by the Trustee filed with the Trustee that it has examined such proof and that such proof is sufficient in accordance with Section 1301 shall be conclusive that the consents have been given by the Holders of the Bonds described in such certificate or certificates of the Trustee. Any such consent shall be binding upon the Holder of the Bonds giving such consent and, anything in Section 1301 to the contrary notwithstanding, upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing with the Trustee, prior to the time when the written statement of the Trustee hereinafter in this Section 1102 provided for is filed, such revocation and, if such Bonds are transferable by delivery, proof that such Bonds are held by the signer of such revocation in the manner permitted by Section 1301. The fact that a consent has not been revoked may likewise be proved by a certificate of the Trustee filed with the Trustee to the effect that no revocation thereof is on file with the Trustee. At any time after the Holders of the required percentages of Bonds shall have filed their consents to the Supplemental Resolution, the Trustee shall make and file with the Corporation and the Trustee a written statement that the Holders of such required percentages of Bonds have filed such consents. Such written statement shall be conclusive that such consents have been so filed. At any time thereafter notice, stating in substance that the Supplemental Resolution (which may be referred to as a Supplemental Resolution adopted by the Corporation on a stated date, a copy of which is on file with the Trustee) has been consented to by the Holders of the required percentages of Bonds and will be effective as provided in this Section 1102, shall be given to Bondholders by the Corporation by mailing such notice to Bondholders (but failure to mail such notice shall not prevent such Supplemental Resolution from becoming effective and binding as in this Section 1102 provided) and by publishing the same at least once not more than ninety (90) days after the Holders of the required percentages of Bonds shall have filed their consents to the Supplemental Resolution and the written statement of the Trustee herein-
above provided for is filed. The Corporation shall file with the Trustee proof of the publication of such notice, and, if the same shall have been mailed to Bondholders, of the mailing thereof. A transcript, consisting of the papers required or permitted by this Section 1102 to be filed with the Trustee, shall be proof of the matters therein stated. Such Supplemental Resolution making such amendment or modification shall be deemed conclusively binding upon the Corporation, the Trustee, each Paying Agent and the Holders of all Bonds and coupons at the expiration of thirty (30) days after the filing with the Trustee of the proof of the first publication of such last mentioned notice, except in the event of a final decree of a court of competent jurisdiction setting aside such Supplemental Resolution in a legal action or equitable proceeding for such purpose commenced within such thirty (30) day period; provided, however, that the Corporation, the Trustee and any Paying Agent during such thirty (30) day period and any such further period during which any such action or proceeding may be pending shall be entitled in their reasonable discretion to take such action, or to refrain from taking such action, with respect to such Supplemental Resolution as they may deem expedient.

1103. Modifications by Unanimous Consent. The terms and provisions of this Resolution and the rights and obligations of the Corporation and of the Holders of the Bonds and coupons thereunder may be modified or amended in any respect upon the adoption and filing with the Trustee by the Corporation of a copy of a Supplemental Resolution certified by an Authorized Officer and the consent of the Holders of all of the Bonds then Outstanding, such consent to be given as provided in Section 1102, except that no notice to Bondholders either by mailing or publication shall be required.

1104. Mailing and Publication. (1) Any provision in this Article for the mailing of a notice or other document to Bondholders shall be fully complied with if it is mailed postage prepaid only (i) to each registered owner of Bonds then Outstanding at his address, if any, appearing upon the registry books of the Corporation, (ii) to each Holder of any Bond payable to bearer who shall have filed with the Trustee within two (2) years preceding such mailing an address for notices, and (iii) to the Trustee.

(2) Any provision in this Article for publication of a notice or
other matter shall require the publication thereof only in an Authorized Newspaper.

1105. **Exclusion of Bonds.** Bonds owned or held by or for the account of the Corporation shall not be deemed Outstanding for the purpose of consent or other action or any calculation of Outstanding Bonds provided for in this Resolution, and the Corporation shall not be entitled with respect to such Bonds to give any consent or take any other action provided for in this Resolution. At the time of any consent or other action taken under this Resolution, the Corporation shall furnish the Trustee a certificate of an Authorized Officer, upon which the Trustee may rely, describing all Bonds so to be excluded.

1106. **Notation on Bonds.** Bonds delivered after the effective date of any action taken as in Article X or this Article XI provided may, and if the Trustee so determines, shall, bear a notation by endorsement or otherwise in form approved by the Corporation and the Trustee as to such action, and in that case upon demand of the Holder of any Bond Outstanding at such effective date and upon presentation of his Bond for such purpose at the corporate trust office of the Trustee suitable notation shall be made on such Bond by the Trustee as to any such action. If the Corporation or the Trustee shall so determine, new Bonds so modified as in the opinion of the Trustee and the Corporation to conform to such action shall be prepared and delivered, and upon demand of the Holder of any Bond then Outstanding shall be exchanged, without cost to such Bondholder, for Bonds of the same Series and maturity then Outstanding, upon surrender of such Bonds with all unpaid coupons, if any, appertaining thereto.

**ARTICLE XII**  
**Defaults and Remedies**

1201. **Trustee to Exercise Powers of Statutory Trustee.** The Trustee shall be and hereby is vested with all of the rights, powers and duties of a trustee appointed by Bondholders pursuant to Section 3017 of the Act and the right of Bondholders to appoint a trustee pursuant to Section 3017 of the Act is hereby abrogated in accordance with the provision of subdivision 2(g) of Section 3012 of the Act.

1202. **Events of Default** Each of the following events is hereby declared an “event of default,” that is to say; if
(a) the Corporation shall default in the payment of the principal, Sinking Fund Installments, if any, or Redemption Price of any Bond when and as the same shall become due, whether at maturity or upon call for redemption or otherwise; or

(b) the Corporation shall default in the payment of interest on any of the Bonds and such default shall continue for a period of thirty (30) days; or

(c) the Corporation shall fail or refuse to comply with the provisions of subdivision 1 of Section 3036-a of the Act, or the State Comptroller shall fail to pay to the Corporation, as and when required by such Section, for deposit in the Capital Reserve Fund, the Bond Service Fund or the Operating Fund any amount or amounts as shall be certified by the Chairman pursuant to such provisions of the Act or the Corporation shall fail or refuse to deposit in the Capital Reserve Fund or the Bond Service Fund the amount or amounts received by the Corporation for deposit in such Funds, respectively; or

(d) the Corporation shall fail or refuse to comply with the provisions of subdivisions 2 and 3 of Section 3036-a of the Act, or the State shall fail to appropriate and pay to the Corporation, as and when required by such Section, for deposit in the Capital Reserve Fund any amount or amounts as shall be certified by the Chairman pursuant to such provisions of the Act or the Corporation shall fail or refuse to deposit in the Capital Reserve Fund the amount or amounts received by the Corporation for deposit in such Fund; or

(e) the Corporation shall fail or refuse to comply with the provisions of the Act, other than as provided in (c) or (d) above, or shall default in the performance or observance of any other of the covenants, agreements or conditions on its part contained in this Resolution, any Series Resolution, any Supplemental Resolution, or in the Bonds, and such failure, refusal or default shall continue for a period of forty-five (45) days after written notice thereof by the Holders of not less than five per centum (5%) in principal amount of the Outstanding Bonds; or

(f) the State shall for any reason fail or refuse to continue the imposition of either the Sales Tax imposed by Section 1107
of Article 28 of the Tax Law as the same may be from time to
time amended or the Stock Transfer Tax imposed by Sections 270
and 270-a of Article 12 of such Law as the same may be from time
to time amended or if the rates of such taxes shall be reduced to
rates less than those in effect on July 2, 1975; or

(g) the State shall fail to maintain the existence of either the
special account for the Corporation in the municipal assistance
tax fund established pursuant to Section 92-d of the State Finance
Law or the stock transfer tax fund established by Section 92-b of
said Law; or

(h) the State shall for any reason fail or refuse to apportion
and pay Per Capita Aid or shall fail to maintain the State Aid
Fund and the Special Aid Account therein or shall reduce the
amount of Per Capita Aid payable during the current Fiscal Year
to an amount less than the maximum amount of principal of and
interest maturing or otherwise coming due on the Outstanding
Bonds in the current or any future Fiscal Year.

1203. Remedies. (1) Upon the happening and continuance of any
event of default specified in paragraph (a) or (b) of Section 1202, the
Trustee shall proceed, or upon the happening and continuance of any
event of default specified in paragraphs (c), (d), (e), (f), (g) or (h) of
Section 1202, the Trustee may proceed, and upon the written request
of the Holders of not less than twenty-five per centum (25%) in prin-
cipal amount of the Outstanding Bonds shall proceed, in its own name,
to protect and enforce its rights and the rights of the Bondholders by
such of the following remedies, as the Trustee, being advised by counsel,
shall deem most effectual to protect and enforce such rights:

(a) by mandamus or other suit, action or proceeding at law
or in equity, to enforce all rights of the Bondholders, and to require
the Corporation to carry out any other covenant or agreement
with Bondholders and to perform its duties under the Act;

(b) by bringing suit upon the Bonds;

(c) by action or suit in equity, to require the Corporation to
account as if it were the trustee of an express trust for the Holders
of the Bonds;

(d) by action or suit in equity, to enjoin any acts or things
which may be unlawful or in violation of the rights of the Holders of the Bonds;

(e) in accordance with the provisions of the Act, to declare all Bonds due and payable, and if all defaults shall be made good, then, with the written consent of the Holders of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds, to annul such declaration and its consequences.

(2) In the enforcement of any remedy under this Resolution, the Trustee shall be entitled to sue for, enforce payment on and receive any and all amounts then or during any default becoming, and at any time remaining, due from the Corporation for principal, Redemption Price, interest or otherwise, under any provision of this Resolution or a Series Resolution or of the Bonds, and unpaid, with interest on overdue payments at the rate or rates of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings hereunder and under such Bonds, without prejudice to any other right or remedy of the Trustee or of the Bondholders, and to recover and enforce a judgment or decree against the Corporation for any portion of such amounts remaining unpaid, with interest, costs and expenses, and to collect from any monies available for such purpose, in any manner provided by law, the monies adjudged or decreed to be payable.

1204. Priority of Payments After Default. In the event that the funds held by the Trustee and Paying Agents shall be insufficient for the payment of interest and principal, Sinking Fund Installments or Redemption Price then due on the Bonds, such funds (other than funds held for the payment or redemption of particular Bonds or coupons which have theretofore become due at maturity or by call for redemption) and any other monies received or collected by the Trustee acting pursuant to the Act and this Article XII, after making provision for the payment of any expenses necessary in the opinion of the Trustee to protect the interests of the Holders of the Bonds, and for the payment of the charges and expenses and liabilities incurred and advances made by the Trustee or any Paying Agents in the performance of their respective duties under this Resolution, shall be applied as follows:

(a) Unless the principal of all of the Bonds shall have become or have been declared due and payable,
First: To the payment to the persons entitled thereto of all installments of interest then due in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference; and

Second: To the payment to the persons entitled thereto of the unpaid principal, Sinking Fund Installments or Redemption Price of any Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference.

(b) If the principal of all of the Bonds shall have become or have been declared due and payable, to the payment of the principal and interest then due and unpaid upon the Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds and coupons.

The provisions of this Section 1204 are in all respects subject to the provisions of Section 902.

Whenever monies are to be applied by the Trustee pursuant to the provisions of this Section, such monies shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such monies available for application and the likelihood of additional money becoming available for such application in the future; the deposit of such monies with the Paying Agents, or otherwise setting aside such monies in trust for the proper purpose, shall constitute proper application by the Trustee; and the Trustee shall incur no liability whatsoever
to the Corporation, to any Bondholder or to any other person for any delay in applying any such monies, so long as the Trustee acts with reasonable diligence, having due regard for the circumstances, and ultimately applies the same in accordance with such provisions of this Resolution as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such monies, it shall fix the date (which shall be an interest payment date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate for the fixing of any such date. The Trustee shall not be required to make payment to the Holder of any unpaid coupon or any Bond unless such coupon or such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

1205. Termination of Proceedings. In case any proceeding taken by the Trustee on account of any event of default shall have been discontinued or abandoned for any reason, then in every such case the Corporation, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no such proceeding had been taken.

1206. Bondholders’ Direction of Proceedings. Anything in this Resolution to the contrary notwithstanding, the Holders of the majority in principal amount of the Bonds then Outstanding shall have the right by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings to be taken by the Trustee hereunder, provided that such direction shall not be otherwise than in accordance with law or the provisions of this Resolution, and that the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would be unjustly prejudicial to Bondholders not parties to such direction.

1207. Limitation on Rights of Bondholders. No Holder of any Bond shall have any right to institute any suit, action, mandamus or other proceeding in equity or at law hereunder, or for the protection or
enforcement of any right under this Resolution or any right under law unless such Holder shall have given to the Trustee written notice of the event of default or breach of duty on account of which such suit, action or proceeding is to be taken, and unless the Holders of not less than twenty-five per centum (25%) in principal amount of the Bonds then Outstanding shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have occurred, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers herein granted or granted under the law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time; and such notification, request and offer of indemnity are hereby declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers under this Resolution or for any other remedy hereunder or under law. It is understood and intended that no one or more Holders of the Bonds hereby secured shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of this Resolution, or to enforce any right hereunder or under law with respect to the Bonds or this Resolution, except in the manner herein provided, and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the benefit of all Holders of the Outstanding Bonds and coupons. Notwithstanding the foregoing provisions of this Section or any other provisions of this Article XII, the obligation of the Corporation shall be absolute and unconditional to pay the principal and Redemption Price of and interest on the Bonds to the respective Holders thereof and the coupons pertaining thereto at the respective due dates thereof, and nothing herein shall affect or impair the right of action, which is absolute and unconditional, of such Holders to enforce such payment.

Anything to the contrary notwithstanding contained in this Section 1207, or any other provision of this Resolution, each Holder of any Bond by his acceptance thereof shall be deemed to have agreed that any court in its discretion may require, in any suit for the enforcement of any right or remedy under this Resolution or any Series Resolution, or in any suit against the Trustee for any action taken or omitted by
it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the reasonable costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in any such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this paragraph shall not apply to any suit instituted by the Trustee, to any suit instituted by any Bondholder, or group of Bondholders, holding at least twenty-five per centum (25%) in principal amount of the Bonds Outstanding, or to any suit instituted by any Bondholder for the enforcement of the payment of the principal or Redemption Price of or interest on any Bond on or after the respective due date thereof expressed in such Bond.

1208. Possession of Bonds by Trustee Not Required. All rights of action under this Resolution or under any of the Bonds, enforceable by the Trustee, may be enforced by it without the possession of any of the Bonds or the coupons appertaining thereto or the production thereof on the trial or other proceeding relative thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all the Holders of such Bonds and coupons, subject to the provisions of this Resolution.

1209. Remedies Not Exclusive. No remedy herein conferred upon or reserved to the Trustee or to the Holders of the Bonds is intended to be exclusive of any other remedy or remedies, and each and every such remedy shall be cumulative and shall be in addition to any other remedy given hereunder or now or hereafter existing at law or in equity or by statute.

1210. No Waiver of Default. No delay or omission of the Trustee or of any Holder of the Bonds to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Resolution to the Trustee and the Holders of the Bonds, respectively, may be exercised from time to time and as often as may be deemed expedient.

1211. Notice of Event of Default. The Trustee shall give to the Bondholders notice of each event of default hereunder known to the Trustee within ninety (90) days after knowledge of the occurrence
thereof, unless such event of default shall have been remedied or cured before the giving of such notice; provided that, except in the case of default in the payment of the principal, Sinking Fund Installment, or Redemption Price of or interest on any of the Bonds, or in the making of any payment required to be made into the Operating Fund, the Bond Service Fund or the Capital Reserve Fund, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee, or a trust committee of directors or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the interests of the Bondholders. Each such notice of event of default shall be given by the Trustee by mailing written notice thereof: (1) to all registered Holders of Bonds, as the names and addresses of such Holders appear upon the books for registration and transfer of Bonds as kept by the Trustee; (2) to such Bondholders as have filed their names and addresses with the Trustee for that purpose; and (3) to such other persons as is required by law.

ARTICLE XIII

EXECUTION OF INSTRUMENTS BY BONDHOLDERS AND PROOFS OF OWNERSHIP OF BONDS

1301. Evidence of Signatures of Bondholders and Ownership of Bonds. Any request, direction, consent, revocation of consent, or other instrument in writing required or permitted by this Resolution to be signed or executed by Bondholders may be in any number of concurrent instruments of similar tenor, and may be signed or executed by such Bondholders in person or by their attorneys or agents appointed by an instrument in writing for that purpose, or, in the case of coupon Bonds, by any bank, trust company, or other depository of such Bonds. Proof of the execution of any such instrument, or of any instrument appointing any such attorney or agent, and of the holding and ownership of Bonds shall be sufficient for any purpose of this Resolution (except as otherwise herein provided), if made in the following manner:

(a) The fact and date of the execution by any Bondholder or his attorney or agent of any such instrument and of any instrument appointing any such attorney or agent, may be proved by delivery of a certificate, which need not be acknowledged or veri-
fied, of an officer of any bank, trust company, or other depository, or of any notary public, or other officer authorized to take acknowledgements. Where any such instrument is executed by an officer of a corporation or association or a member of a partnership on behalf of such corporation, association or partnership, such certificate shall also constitute sufficient proof of his authority.

(b) The fact of the holding of coupon Bonds by any Bondholder and the amount and the numbers of such Bonds and the date of his holding the same (unless such Bonds be registered as to principal other than to bearer) may be proved by a certificate executed by an officer of any bank, trust company, or other depository, if such certificate shall be deemed by the Trustee to be satisfactory, showing that at the date therein mentioned such person had on deposit with or exhibited to such bank, trust company, or other depository the Bonds described in such certificate. The Trustee may conclusively assume that such ownership continues until written notice of the contrary is served upon the Trustee. The ownership of registered Bonds shall be proved by the registry books kept by the Trustee under the provisions of this Resolution.

Nothing contained in this Article shall be construed as limiting the Trustee to such proof, it being intended that the Trustee may accept any other evidence of the matters herein stated which may seem sufficient. Any request or consent of the Holder of any Bond shall bind every future Holder of the same Bond in respect of anything done or suffered to be done by the Corporation, the Trustee or any Paying Agent in pursuance of such request or consent.

ARTICLE XIV
Destruction

1401. Destruction. 1. If the Corporation shall pay or cause to be paid to the Holders of all Bonds and coupons then Outstanding, the principal and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the Resolution, then, at the option of the Corporation, expressed in an instrument in writing signed by an Authorized Officer and delivered to the Trustee, the covenants, agreements and other obligations of the
Corporation to the Bondholders shall be discharged and satisfied. In such event, the Trustee shall, upon the request of the Corporation, execute and deliver to the Corporation all such instruments as may be desirable to evidence such discharge and satisfaction and the Fiduciaries shall pay over or deliver to the Corporation all money, securities and funds held by them pursuant to the Resolution which are not required for the payment or redemption of Bonds or coupons not theretofore surrendered for such payment or redemption.

2. Bonds or coupons or interest installments for the payment or redemption of which moneys shall have been set aside and shall be held in trust by the Fiduciaries (through deposit by the Corporation of funds for such payment or redemption or otherwise) at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with effect expressed in subsection 1 of this Section. All Outstanding Bonds of any Series and all coupons appertaining to such Bonds shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with the effect expressed in subsection 1 of this Section if (a) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Corporation shall have given to the Trustee in form satisfactory to it irrevocable instructions to publish as provided in Article IV of the Resolution notice of redemption on said date of such Bonds, (b) there shall have been deposited with the Trustee either monies in an amount which shall be sufficient, or direct obligations of the United States of America the principal of and the interest on which when due will provide monies which, together with the monies, if any, deposited with the Trustee at the same time, shall be sufficient, to pay, when due, the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event said Bonds are not by their terms subject to redemption within the next succeeding 60 days, the Corporation shall have given the Trustee in form satisfactory to it irrevocable instructions to publish, as soon as practicable, at least twice, at an interval of not less than seven days between publications, in an Authorized Newspaper a notice to the Holders of such Bonds and coupons that the deposit required by (b) above has been made with the Trustee and that said Bonds and coupons are deemed to have been paid in accordance with this Section and stating such maturity or
redemption date upon which monies are to be available for the payment of the principal or Redemption Price, if applicable, on said Bonds. Neither direct obligations of the United States of America or monies deposited with the Trustee pursuant to this Section nor principal or interest payments on any such securities shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if applicable, and interest on said Bonds; provided that any cash received from such principal or interest payments on such direct obligations of the United States of America deposited with the Trustee, if not then needed for such purpose, shall, to the extent practicable, be reinvested in direct obligations of the United States of America maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if applicable, and interest to become due on said Bonds on and prior to such redemption date or maturity date thereof, as the case may be, and interest earned from such reinvestment shall be paid over to the Corporation, as received by the Trustee, free and clear of any trust, lien or pledge.

3. Anything in the Resolution to the contrary notwithstanding, any monies held by a Fiduciary in trust for the payment and discharge of any of the Bonds or coupons which remain unclaimed for six years after the date when such Bonds have become due and payable, either at their stated maturity dates or by call for earlier redemption, if such monies were held by the Fiduciary at such date, or for six years after the date of deposit of such monies if deposited with the Fiduciary after the said date when such Bonds became due and payable, shall, at the written request of the Corporation, be repaid by the Fiduciary to the Corporation, as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect thereto and the Bondholders shall look only to the Corporation for the payment of such Bonds and coupons; provided, however, that before being required to make any such payment to the Corporation, the Fiduciary shall, at the expense of the Corporation, cause to be published at least twice, at an interval of not less than seven days between publications, in an Authorized Newspaper, a notice that said monies remain unclaimed and that, after a date named in said notice, which date shall be not less than 30 days after the date of the first publication of such notice, the balance of such monies then unclaimed will be returned to the Corporation.
ARTICLE XV

MISCELLANEOUS

1501. Preservation and Inspection of Documents. All documents received by the Trustee or any Paying Agent under the provisions of this Resolution or any Series Resolution shall be retained in its possession and shall be subject at all reasonable times to the inspection of the Corporation, the Trustee or any Paying Agent and after written request received by the Trustee at least five business days prior to the date of inspection, by any Holder of Outstanding Bonds and their agents and representatives, any of whom may make copies thereof.

1502. Parties of Interest. Nothing in this Resolution or in any Series Resolution adopted pursuant to the provisions hereof, expressed or implied, is intended to or shall be construed to confer upon or to give to any person or party other than the Corporation, Trustee, Paying Agents and the Holders of the Bonds and coupons pertaining thereto any rights, remedies or claims under or by reason of this Resolution or any Series Resolution or any covenants, conditions or stipulation thereof; and all covenants, stipulations, promises and agreements in this Resolution and any Series Resolution contained by or on behalf of the Corporation shall be for the sole and exclusive benefit of the Corporation, Trustee and Paying Agents and the Holders from time to time of the Bonds and the coupons pertaining thereto.

1503. No Recourse Under Resolution or on Bonds. All covenants, stipulations, promises, agreements and obligations of the Corporation contained in this Resolution shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Corporation and not of any member, officer or employee of the Corporation in his individual capacity, and no recourse shall be had for the payment of the principal or Redemption Price of or interest on the Bonds or for any claim based thereon or on this Resolution against any member, officer or employee of the Corporation or any natural person executing the Bonds.

1504. Severability. If any one or more of the covenants, stipulations, promises, agreements or obligations provided in this Resolution on the part of the Corporation, Trustee or any Paying Agent to be performed should be determined by a court of competent jurisdiction to be contrary to law, then such covenant or covenants, stipulation or stipu-
lations, promise or promises, agreement or agreements, obligation or obligations shall be deemed and construed to be severable from the remaining covenants, stipulations, promises, agreements and obligations herein contained and shall in no way affect the validity of the other provisions of this Resolution.

1505. *Headings*. Any headings preceding the texts of the several Articles and Sections hereof, and any table of contents or marginal notes appended to copies hereof, shall be solely for convenience of reference and shall not constitute a part of this Resolution, nor shall they affect its meaning, construction or effect.

1506. *Conflict*. All resolutions or parts of resolutions or other proceedings of the Corporation in conflict herewith be and the same are repealed insofar as such conflict exists.

1507. *Effective Date*. This Resolution shall take effect immediately upon its adoption.

SERIES 45 RESOLUTION AUTHORIZING

$118,345,000

SERIES 45 BONDS

Be It Resolved by the Board of Directors of the Municipal Assistance Corporation For The City of New York, as follows:

ARTICLE I

DEFINITIONS AND STATUTORY AUTHORITY

SECTION 101. Series 45 Resolution. This Series 45 Resolution Authorizing $118,345,000 Series 45 Bonds is supplemental to, and constitutes a Series Resolution within the meaning of and is adopted in accordance with Article X of, the resolution adopted by the Corporation on November 25, 1975, as amended and supplemented, entitled "Second General Bond Resolution" and referred to herein as the "Resolution".

SECTION 102. Definitions. (a) All terms which are defined in Section 101 of the Resolution shall have the same meanings, respectively, in this Series 45 Resolution Authorizing $118,345,000 Series 45 Bonds as such terms are given in said Section 101 of the Resolution.

(b) In addition, as used in this Series 45 Resolution Authorizing $118,345,000 Series 45 Bonds, unless the context shall otherwise require, the following terms shall have the following respective meanings:

"Bid Form" means the official bid form of the Corporation with respect to the Series 45 Bonds, in substantially the form presented at this meeting.

"Certificate of Determination" means a certificate of an Authorized Officer of the Corporation delivered to the Trustee, electing to issue the Series 45 Bonds as Serial Bonds or as Term Bonds or as a combination of Serial Bonds and Term Bonds, and establishing the maturity date or dates of the Series 45 Bonds,
the interest rate or rates which the Series 45 Bonds will bear, the principal amount or amounts payable at the maturity or maturities of the Series 45 Bonds, the amount and date of Sinking Fund Installments, if any, with respect to the Series 45 Bonds, the date of delivery of the Series 45 Bonds and the forms of the Series 45 Bonds, all in accordance with Sections 204, 210, 212 and 301 of this Series 45 Resolution and the terms set forth in the Bid Form of the successful bidder.

"Notice of Sale" means the notice of sale of the Corporation dated April 13, 1983 with respect to the Series 45 Bonds, in substantially the form presented at this meeting.

"Series 45 Bonds" shall mean the Bonds authorized by Article II of this Series 45 Resolution.

"Series 45 Resolution" shall mean this Series 45 Resolution Authorizing $118,345,000 Series 45 Bonds.

(c) Words of the masculine gender shall be deemed and construed to include correlative words of the feminine and neuter genders. Unless the context shall otherwise indicate, words importing the singular number shall include the plural number and vice versa, and words importing persons shall include corporations and associations, including public bodies, as well as natural persons, but shall not include the Corporation.

(d) The terms "hereby", "hereof", "hereto", "herein", "hereunder", and any similar terms, as used in this Series 45 Resolution, refer to the Series 45 Resolution.

SECTION 103. Authority for the Series 45 Resolution. This Series 45 Resolution is adopted pursuant to the provisions of the Act and the Resolution.
ARTICLE II

AUTHORIZATION, TERMS AND ISSUANCE OF
SERIES 45 BONDS

SECTION 201. Authorization of Series 45 Bonds.
Principal Amount, Designation and Series. The Series 45 Bonds are
hereby authorized to be issued in the aggregate principal amount
of $118,345,000 pursuant to and subject to the terms, conditions
and limitations established in the Resolution and this Series 45
Resolution. In addition to the title "Bonds", such Series of
Bonds shall bear the additional designation of "Series 45" and
each as so designated shall be entitled "Series 45 Bond" and may
be issued in coupon form payable to bearer and registrable as to
principal only or in fully registered form.

SECTION 202. Purpose. The purpose for which the Series
45 Bonds are being issued is to pay a portion of the proceeds to
the City upon certification by the Mayor of the City to the
Corporation that the amount is required by the City to pay for
items permitted by law to be included in the City's capital
budget during the fiscal year in which the amount is to be paid
to the City.

SECTION 203. Date of Series 45 Bonds. The Series 45
Bonds shall be dated May 1, 1983, except as otherwise provided in
Section 301 of the Resolution with respect to certain registered
Series 45 Bonds issued on or after the first interest payment
date. Registered Series 45 Bonds issued prior to the first
interest payment date thereof shall be dated May 1, 1983.

SECTION 204. Maturities and Interest Rates. The Series
45 Bonds shall mature on July 1 in such years and in such
principal amounts as shall be set forth in the Certificate of
Determination; provided, however, that no Series 45 Bonds shall
mature later than July 1, 1998 and provided, further, that the
principal amount of the Series 45 Bonds payable at maturity,
together with the Sinking Fund Installments, if any, payable with
respect to the Series 45 Bonds, shall, for each year set forth in
Schedule I hereto, equal the amount of principal set forth
opposite each such year in Schedule I hereto. The Series 45
Bonds shall bear interest at the rate(s) per annum set forth in
the Certificate of Determination, but in no event greater than
the maximum rate permitted by applicable law.

SECTION 205. Interest Payments. The Series 45 Bonds
shall bear interest from May 1, 1983, payable on January 1, 1984
and on July 1, 1984 and semiannually thereafter on January 1 and
on July 1 in each year, to the date of maturity or earlier
redemption, and thereafter shall bear interest at the same rate
until the Corporation's obligation with respect to the payment of
the principal sum of the Series 45 Bonds is discharged.

SECTION 206. Denominations, Numbers and Letters. The
Series 45 Bonds shall be issued in the denomination of $5,000 in
the case of Series 45 Bonds in coupon form payable to bearer and
in the denomination of $5,000 or an integral multiple of $5,000
in fully registered form without coupons. The Series 45 Bonds in
coupon form in the denomination of $5,000 shall be designated 45-
and the Series 45 Bonds in fully registered form without coupons
shall be designated 45R-. Each such number and each such
number and letter designated above shall be followed by the last
two digits of the year of maturity of the Series 45 Bonds and the
number of the Series 45 Bond. Series 45 Bonds in coupon form so
designated shall be numbered consecutively from 1 upwards in
order of issuance. Any Series 45 Bond in coupon form payable to
bearer surrendered to the Trustee in any exchange or transfer
pursuant to Section 308 of the Resolution shall be cancelled
forthwith by the Trustee upon its books, provided, however, that
the Trustee is authorized to retain any Series 45 Bond in such
coupon form so surrendered and to re-issue, if necessary, any
such Bond so retained with unmatured coupons representing
interest to become due attached thereto in exchange for a
registered Series 45 Bond or Bonds in accordance with the
provisions of Section 304 of the Resolution (any such Series 45
Bond or coupon so retained by the Trustee shall not be deemed
Outstanding while so retained).

SECTION 207. CUSIP Numbers. The Corporation is hereby
authorized, in its discretion, to provide for the assignment of
one or more CUSIP numbers for the Series 45 Bonds and to have
such CUSIP numbers printed thereon, and the Corporation may
direct the Trustee to use such CUSIP numbers on notices of
redemption and on checks payable to registered Bondholders as a
convenience to Bondholders, provided that any such notice shall
state that no representation is made as to the correctness of
such number either as printed on the Series 45 Bonds or as
contained in any notice of redemption.

SECTION 208. Places of Payment and Paying Agent. The
principal and Redemption Price of, and interest on, the Series 45
Bonds in coupon form payable to bearer shall be payable at the
following, hereby appointed Paying Agent hereunder: the corporate
trust office of Citibank, N.A. in the Borough of Manhattan, City
and State of New York. The interest on all registered Series 45
Bonds, and the principal and Redemption Price of all registered
Series 45 Bonds and of all Series 45 Bonds issued in coupon form
payable to bearer and registered as to principal shall be payable
at the corporate trust office of the Trustee.

-5-
SECTION 209. Optional Redemption of Series 45 Bonds and Terms. The Series 45 Bonds maturing after July 1, 1993 shall be subject to redemption at the election of the Corporation, at any time on and after July 1, 1993, as a whole on any date or dates, or in part, by lot, on any interest payment date at the Redemption Prices (expressed as a percentage of the principal amount) plus accrued interest, if any, to the date of redemption, as set forth below:

SECTION 210. Sinking Fund Installments. In the event that the Certificate of Determination provides for the issuance of all or any part of the Series 45 Bonds as Term Bonds, such Series 45 Bonds shall be subject to redemption, in part, by operation of the Bond Service Fund through application of Sinking Fund Installments beginning on July 1, of each year or years as the Certificate of Determination shall provide, upon published notice, all as prescribed in Article IV of the Resolution, at the Redemption Price of one hundred per centum (100%) of the principal amount of each Series 45 Bond or portion thereof to be redeemed, plus accrued interest, if any, to the date of redemption. In such event, provided that the amount of such Sinking Fund Installments, together with the amount of principal payable at the maturity of the Series 45 Bonds, shall, for each year set forth in the Bid Form, equal the amount of principal set forth opposite each such year in the Bid Form, unless none of the Series 45 Bonds shall then be Outstanding and, subject to the provisions of Section 605 of the Resolution permitting amounts to be credited to part or all of any one or more Sinking Fund Installments, there shall be due and the Corporation shall be required to pay for the retirement of the Series 45 Bonds, on July 1 of each of the years set forth in the Certificate of Determination, such amount as shall be set forth in such certificate, and the said amount to be paid on each such date is hereby established as and shall constitute a Sinking Fund Installment for retirement of the Series 45 Bonds.

SECTION 211. Selection by Lot. If less than all of the Series 45 Bonds are to be redeemed, the particular Bonds to be redeemed shall be selected by lot in accordance with Section 404 of the Resolution.
SECTION 212. **Sale of the Series 45 Bonds.** The forms of Notice of Sale and Bid Form are hereby approved and authorized, and any Authorized Officer is hereby authorized to cause to be published and distributed the Notice of Sale and Bid Form. The Series 45 Bonds shall be sold, unless all bids are rejected, to the lowest bidder in accordance with the terms of the Notice of Sale at the purchase price set forth in the successful bid, plus accrued interest on the Series 45 Bonds from May 1, 1983 to the date of delivery thereof and payment therefor, and an Authorized Officer is hereby authorized to award the Series 45 Bonds to the lowest bidder in accordance with the terms of the Notice of Sale in the name and on behalf of the Corporation and to deliver the same to the successful bidder.

The Preliminary Official Statement dated April 13, 1983, in substantially the form presented at this meeting, is hereby approved, and any Authorized Officer is hereby authorized to prepare and to distribute, a final Official Statement in substantially the form of the Preliminary Official Statement with such changes, omissions, insertions and revisions as such officer shall deem advisable and to sign and deliver such final Official Statement in the name and on behalf of the Corporation to the successful bidder.

The Series 45 Bonds shall be delivered to the successful bidder at such time and place as shall be set forth in the Certificate of Determination, subject to the conditions of the Notice of Sale and the Resolution.

**ARTICLE III**

FORMS AND EXECUTION OF SERIES 45 BONDS AND COUPONS

SECTION 301. **Forms of Bonds and Coupons of Series 45 Bonds.** Subject to the provisions of the Resolution, the Series 45 Bonds in coupon form and coupons to be attached thereto and the Series 45 Bonds in registered form, together with the form of assignment therefor, and the Trustee's Certificate of Authentication, shall be in substantially the following forms and tenors:
FORM OF COUPON BOND

No. 45- $5,000

MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK

SERIES 45 BOND

The Municipal Assistance Corporation For The City Of New York (hereinafter sometimes called the "Corporation"), a corporate governmental agency and instrumentality of the State of New York (herein sometimes called the "State") constituting a public benefit corporation, organized and existing under and pursuant to the laws of the State of New York, acknowledges itself indebted to, and for value received, hereby promises to pay to the bearer or, if this Bond be registered as herein provided, to the registered owner hereof, upon presentation and surrender of this Bond, the principal sum of FIVE THOUSAND DOLLARS ($5,000) on the first day of July, ___ unless redeemed prior thereto as hereinafter provided, and to pay interest thereon at the rate of _____ per centum (___%) per annum, on January 1, 1984 and on July 1, 1984 and semiannually thereafter on January 1 and on July 1, in each year, from the date hereof to the date of maturity or earlier redemption of this Bond and thereafter at the same rate, until the Corporation's obligation with respect to the payment of such principal sum shall be discharged, but with respect to interest due on or before the maturity of this Bond only according to the tenor and upon presentation and surrender of the attached coupons as they respectively become due and payable. Both principal and redemption premium, if any, of and interest on this Bond are payable in any coin or currency of the United States of America which, on the respective dates of payment thereof, shall be legal tender for the payment of public and private debts, at the corporate trust office of Citibank, N.A., in the Borough of Manhattan, City and State of New York. The principal of this Bond, if registered, is payable only at the corporate trust office of United States Trust Company of New York, in the Borough of Manhattan, City and State of New York, as trustee under the resolution of the Corporation adopted November 25, 1975, as amended and supplemented, entitled "Second General Bond Resolution" (herein called the "Second General Bond Resolution"), or its successor as trustee (herein called the "Trustee"), in like coin or currency.

This Bond is one of a duly authorized issue of bonds of the Corporation designated as its "Bonds" (herein called the
"Bonds"), issued and to be issued in various series under and pursuant to the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the City of New York Act, said Acts being Titles I, II and III of Article 10 of the Public Authorities Law (Chapter 43-A of the Consolidated Laws of the State of New York), as amended (herein called the "Act"), and under and pursuant to the Second General Bond Resolution and the series resolution authorizing each such series.

The Bonds are general obligations of the Corporation payable out of any payments to the Corporation pursuant to Sections 3036 and 3036-a of the Act except for amounts pledged pursuant to the General Bond Resolution of the Corporation adopted July 2, 1975, as amended and supplemented (the "First General Bond Resolution"), and the rights of the holders of the Bonds to such amounts are declared to be expressly subordinate to the rights of the holders of obligations issued pursuant to the First General Bond Resolution and any payments to the Corporation for credit to the Operating Fund as defined in and established pursuant to the First General Bond Resolution. The Bonds are entitled to a first lien created by the pledge under the Second General Bond Resolution of all revenues, moneys and securities in the Bond Service Fund and the Capital Reserve Fund (as defined therein). The Second General Bond Resolution provides for the application of the amounts in the Capital Reserve Fund and in the Bond Service Fund to the payment, when due, of the principal or redemption price, if any, of and interest on the Bonds. Pursuant to the Second General Bond Resolution, such revenues, moneys and securities include each of the following: (i) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Aid Fund established by the State Finance Law (Chapter 56 of said Consolidated Laws), which are required to be made only if and to the extent that moneys appropriated by the Legislature of the State of New York as per capita aid pursuant to Section 54 of the State Finance Law payable to The City of New York (herein sometimes called the "City") shall have been apportioned and paid into and be available in the Special Aid Account established within such Municipal Assistance Aid Fund for the Corporation; (ii) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Tax Fund established by the State Finance Law, which are required to be made only if and to the extent that moneys from the sales and compensating use taxes as imposed by Section 1107 of Article 28 of the Tax Law (Chapter 60 of said Consolidated Laws) and, if required, the stock transfer tax imposed by Article 12 of said Tax Law, have been appropriated by the Legislature of the State of New York from the Special Tax Account established within such Municipal Assistance Tax Fund for the Corporation or that
revenues shall have otherwise been made available therefor by the State of New York; (iii) all amounts received by the Corporation from the State of New York as payments for deposit into the Capital Reserve Fund (pursuant to the Act by certification annually on or before December 1, of the Chairman to the Governor and the Director of the Budget of the State of New York, of the amount necessary to restore the Capital Reserve Fund to its required amount); and (iv) investment earnings of moneys in the Capital Reserve Fund and Bond Service Fund; provided, however, that pursuant to the Act, any provision therein or in the Resolutions or in any other agreement between the Corporation and the holders of Bonds, relating to said per capita aid, taxes and such Municipal Assistance Aid Fund, the Special Aid Account, the Municipal Assistance Tax Fund, the Special Tax Account and the Stock Transfer Tax Fund established by the State Finance Law, shall be deemed executory only to the extent of the moneys available to the State of New York in such Funds from time to time and the State of New York shall incur no liability on account thereof beyond such moneys.

As provided in the Second General Bond Resolution, the Bonds may be issued from time to time pursuant to series resolutions in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Second General Bond Resolution. The aggregate principal amount of Bonds which may be issued pursuant to the Second General Bond Resolution is not limited except as provided in the Second General Bond Resolution and in certain other resolutions and agreements of the Corporation, or as may be limited by law, and all Bonds issued and to be issued pursuant to the Second General Bond Resolution are and will be equally secured by the pledges and covenants made therein, except as otherwise expressly provided or permitted in the Second General Bond Resolution.

This Bond is one of a series of Bonds designated "Series 45 Bonds" (herein called the "Series 45 Bonds"), issued in the aggregate principal amount of $118,345,000 pursuant to the Second General Bond Resolution and the series resolution of the Corporation, adopted April 12, 1983, entitled "Series 45 Resolution Authorizing $118,345,000 Series 45 Bonds" (said resolutions being herein collectively called the "Resolutions") and in accordance with the Certificate of Determination of the Corporation, for purposes authorized by the Act. Copies of the Resolutions are on file at the office of the Corporation and at the corporate trust office of the Trustee and reference to the Resolutions and any and all supplements thereto and modifications and amendments thereof and to the Act is made for a description of the pledges and covenants securing the Series 45 Bonds, the nature, extent and manner of enforcement of such pledges, the rights and remedies of the bearers or registered owners of the
Series 45 Bonds with respect thereto and the terms and conditions upon which the Series 45 Bonds are issued and may be issued thereunder.

Pursuant to the provisions of Section 10-a of the New York State Financial Emergency Act for The City of New York, as amended (constituting Chapter 1 of Title 16 of McKinney's Unconsolidated Laws of the State of New York) (herein called the "Control Act"), the State has authorized and requires the Corporation to include in any agreement made by the Corporation with holders of its bonds issued after September 28, 1978, including the Series 45 Bonds, and the Corporation hereby includes in this Series 45 Bond, a pledge and agreement of the State that it will not take any action which will (a) substantially impair the authority of the board (as defined in the Control Act) during a control period, as defined in subdivision twelve of Section two of the Control Act as in effect on the date the Series 45 Bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraph a, c, d, e and f of subdivision one of Section eight of the Control Act as in effect on the date the Series 45 Bonds are issued and paragraph b of such subdivision one as in effect from time to time, (ii) to disapprove a contract of the City or a covered organization (as defined in the Control Act) if the performance of such contract would be inconsistent with the financial plan or to approve or disapprove a proposed short-term or long-term borrowing of the City or a covered organization or any agreement or other arrangement referred to in subdivision four of Section seven of the Control Act, or (iii) to establish and adopt procedures with respect to the deposit in and disbursement from the board fund (as defined in the Control Act) of City revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the City or the covered organizations and proposed short-term or long-term borrowings of the City and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the State elected in a statewide election or appointees of the Governor of the State; (e) terminate the existence of the board prior to the time to be determined in accordance with Section thirteen of the Control Act as in effect on the date the Series 45 Bonds are issued; (f) substantially modify the requirements that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the definition of a control period set forth in such subdivision twelve of Section
two of the Control Act, as in effect on the date the Series 45 Bonds are issued, or substantially alter the authority of the board, as set forth in said subdivision twelve to reimpose or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect with respect to a holder of a Series 45 Bond if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 45 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 45 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holder of this Series 45 Bond is in full force and effect.

To the extent and in the manner permitted by the terms of the Resolutions, the provisions of the Resolutions or any resolution amendatory thereof or supplemental thereto, may be modified or amended by the Corporation with the written consent of the holders of at least two-thirds in principal amount of the Bonds then Outstanding (as defined in the Second General Bond Resolution), or, in case less than all of the series of Bonds would be affected thereby, with such consent of the holders of at least two-thirds in principal amount of the Bonds of each series so affected then Outstanding, or, in case of a Sinking Fund Installment (as defined in the Second General Bond Resolution) change, with such consent of the holders of at least two-thirds in principal amount of the Outstanding Bonds affected thereby; provided, however, that, if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds.

This Series 45 Bond is transferable by delivery except when registered as to principal otherwise than to bearer. It may be registered as to principal in the name of the owner on the books of the Corporation kept for that purpose at the corporate trust office of the Trustee, such registration to be noted hereon, after which no transfer hereof shall be valid unless made on said books by the registered owner in person, or by his attorney duly authorized in writing, and similarly noted hereon; but this Series 45 Bond may be discharged from registration by being in like manner transferred to bearer, after which it shall
again become transferable by delivery; and this Series 45 Bond may again and from time to time be registered or discharged from registration in the same manner. Registration of this Series 45 Bond shall not affect the negotiability of the coupons, which shall continue to be payable to bearer and transferable by delivery.

The Series 45 Bonds are issuable in the form of coupon Bonds payable to bearer in the denomination of $5,000 and in the form of registered Bonds without coupons in the denomination of $5,000 or an integral multiple thereof, not exceeding the aggregate principal amount of the Series 45 Bonds. Coupon Series 45 Bonds, upon surrender thereof at the corporate trust office of the Trustee, with all unmatured coupons attached, may, at the option of the holder thereof, be exchanged for an equal aggregate principal amount of registered Series 45 Bonds, of any of the authorized denominations and bearing the same rate of interest in the manner, subject to the conditions, and upon the payment of the charges, if any, provided in the Resolutions. In like manner, subject to such conditions and upon payment of such charges, if any, registered Series 45 Bonds, upon surrender thereof at the corporate trust office of the Trustee, with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Series 45 Bonds with appropriate coupons attached, and/or Series 45 Bonds without coupons, of any other authorized denominations, of the same maturity and bearing the same rate of interest.

*The Series 45 Bonds maturing on or prior to July 1, _____ are not subject to redemption prior to maturity. The Series 45 Bonds maturing July 1, _____ are not subject to redemption prior to maturity at the election of the Corporation.

The Series 45 Bonds maturing after July 1, _____ are subject to redemption at the election of the Corporation at any time on and after July 1, 1993, as a whole on any date, or in part, by lot, on any interest payment date, as provided in the Resolutions, at the following Redemption Prices (as defined in the Resolutions) (expressed as a percentage of the principal amount), plus accrued interest, if any, to the date of redemption:

The Series 45 Bonds shall not be a debt of either the
State of New York or The City of New York, and neither the State
of New York nor The City of New York shall be liable thereon, nor
shall the Series 45 Bonds be payable out of any funds other than
those of the Corporation.

This Series 45 Bond is fully negotiable for all purposes
of the Uniform Commerical Code (Chapter 38 of said Consolidated
Laws), and each holder or owner of this Series 45 Bond, or of any
coupon appurtenant hereto, by accepting this Series 45 Bond or
coupon shall be conclusively deemed to have agreed that this
Series 45 Bond or coupon is fully negotiable for those purposes.

SERIES 45 BOND

__% Due July 1, ____

This Bond is one of a duly authorized issue of bonds of the Corporation designated as its "Bonds" and herein so referred to, issued and to be issued in various series under and pursuant to the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the city of New York Act, said Acts being Titles I, II and III of Article 10 of the Public Authorities Law (Chapter 43-A of the Consolidated Laws of the State of New York), as amended (herein called the "Act"), and under and pursuant to the resolution of the Corporation adopted November 25, 1975, as amended and supplemented, entitled "Second General Bond Resolution" and the series resolution authorizing each such series.

The Bonds are general obligations of the Corporation payable out of any payments to the Corporation pursuant to Sections 3035 and 3035-a of the Act except for amounts pledged pursuant to the General Bond Resolution of the Corporation adopted July 2, 1975, as amended and supplemented (the "First General Bond Resolution"), and the rights of the holders of the Bonds to such amounts are declared to be expressly subordinate to the rights of the holders of obligations issued pursuant to the First General Bond Resolution and any payments to the Corporation for credit to the Operating Fund as defined in and established pursuant to the First General Bond Resolution. The Bonds are entitled to a first lien created by the pledge under the Second General Bond Resolution of all revenues, moneys and securities in the Bond Service Fund and the Capital Reserve Fund (as defined therein). The Second General Bond Resolution provides for the application of the amounts in the Capital Reserve Fund and in the Bond Service Fund to the payment, when due, of the principal or redemption price, if any, of and interest on the Bonds. Pursuant to the Second General Bond Resolution, such revenues, moneys and securities include each of the following: (i) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Aid Fund established by the State Finance Law (Chapter 56 of said Consolidated Laws), which are required to be made only if and to the extent that moneys appropriated by the Legislature of the State of New York as per capita aid pursuant to Section 54 of the State Finance Law payable to The City of New York shall have been apportioned and paid into and be available in the Special Aid Account established within such Municipal

Assistance Aid Fund for the Corporation; (ii) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Tax Fund established by the State Finance Law, which are required to be made only if and to the extent that moneys from the sales and compensating use taxes as imposed by Section 1107 of Article 28 of the Tax Law (Chapter 60 of said Consolidated Laws) and, if required, the stock transfer tax imposed by Article 12 of said Tax Law, have been appropriated by the Legislature of the State of New York from the Special Tax Account established within such Municipal Assistance Tax Fund for the Corporation or that revenues shall have otherwise been made available therefor by the State of New York; (iii) all amounts received by the Corporation from the State of New York as payments for deposit into the Capital Reserve Fund (pursuant to the Act by certification annually on or before December 1, of the Chairman to the Governor and the Director of the Budget of the State of New York, of the amount necessary to restore the Capital Reserve Fund to its required amount); and (iv) investment earnings of moneys in the Capital Reserve Fund and Bond Service Fund; provided, however, that pursuant to the Act, any provision therein or in the Resolutions or in any other agreement between the Corporation and the holders of Bonds, relating to said per capita aid, taxes and such Municipal Assistance Aid Fund, the Special Aid Account, the Municipal Assistance Tax Fund, the Special Tax Account and the Stock Transfer Tax Fund established by the State Finance Law, shall be deemed executory only to the extent of the moneys available to the State of New York in such Funds from time to time and the State of New York shall incur no liability on account thereof beyond such moneys.

The Bonds may be issued from time to time in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Second General Bond Resolution. The aggregate principal amount of Bonds which may be issued pursuant to the Second General Bond Resolution is not limited except as provided therein and in certain other resolutions and agreements of the Corporation, or as may be limited by law, and all Bonds issued and to be issued pursuant to the Second General Bond Resolution are and will be equally secured by the pledges and covenants made therein, except as otherwise expressly provided or permitted in the Second General Bond Resolution.

This Bond is one of a series of Bonds designated "Series 45 Bonds" (herein called the "Series 45 Bonds"), issued in the aggregate principal amount of $118,345,000 pursuant to the Second General Bond Resolution and the series resolution of the Corporation, adopted April 12, 1983, entitled "Series 45 Resolution Authorizing $118,345,000 Series 45 Bonds" (said resolutions being herein collectively called the "Resolutions")
and in accordance with the Certificate of Determination of the Corporation, for purposes authorized by the Act. Copies of the Resolutions are on file at the office of the Corporation and at the corporate trust office of United States Trust Company of New York, in the Borough of Manhattan, City and State of New York, as trustee under Second General Bond Resolution (said trustee and any successor thereto being herein referred to as the "Trustee" and reference to the Resolutions and any and all supplements thereto and modifications and amendments thereof and to the Act is made for a description of the pledges and covenants securing the Series 45 Bonds, the nature, extent and manner of enforcement of such pledges, the rights and remedies of the bearers or registered owners of the Series 45 Bonds with respect thereto and the terms and conditions upon which the Series 45 Bonds are issued and may be issued thereunder.

Pursuant to the provisions of Section 10-a of the New York State Financial Emergency Act for The City of New York, as amended (constituting Chapter 1 of Title 16 of McKinney's Unconsolidated Laws of the State of New York) (herein called the "Control Act"), the State has authorized and requires the Corporation to include in any agreement made by the Corporation with holders of its bonds issued after September 28, 1978, including the Series 45 Bonds, and the Corporation hereby includes in this Series 45 Bond, a pledge and agreement of the State that it will not take any action which will (a) substantially impair the authority of the board (as defined in the Control Act) during a control period, as defined in subdivision twelve of Section two of the Control Act as in effect on the date the Series 45 Bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraph a, c, d, e and f of subdivision one of Section eight of the Control Act as in effect on the date the Series 45 Bonds are issued and paragraph b of such subdivision one as in effect from time to time, (ii) to disapprove a contract of the City or a covered organization (as defined in the Control Act) if the performance of such contract would be inconsistent with the financial plan or to approve or disapprove a proposed short-term or long-term borrowing of the City or a covered organization or any agreement or other arrangement referred in subdivision four of Section seven of the Control Act, or (iii) to establish and adopt procedures with respect to the deposit in and disbursement from the board fund (as defined in the Control Act) of City revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the City or the covered organizations and proposed short-term or long-term borrowings of the City and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on
bonds and notes of the City; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the State elected in a statewide election or appointees of the Governor of the State; (e) terminate the existence of the board prior to the time to be determined in accordance with Section thirteen of the Control Act as in effect on the date the Series 45 Bonds are issued; (f) substantially modify the requirements that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the definition of a control period set forth in such subdivision twelve of Section two of the Control Act, as in effect on the date the Series 45 Bonds are issued, or substantially alter the authority of the board, as set forth in said subdivision twelve to reissue or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect with respect to a holder of a Series 45 Bond if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 45 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 45 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holder of this Series 45 Bond is in full force and effect.

To the extent and in the manner permitted, by the terms of the Resolutions, the provisions of the Resolutions or any resolution amendatory thereof or supplemental thereto, may be modified or amended by the Corporation with the written consent of the holders of at least two-thirds in principal amount of the Bonds then Outstanding (as defined in the Second General Bond Resolution), or, in case less than all of the series of Bonds would be affected thereby, with such consent of the holders of at least two-thirds in principal amount of the Bonds of each series so affected then Outstanding, or, in case of a Sinking Fund Installment (as defined in the Second General Bond Resolution) change, with such consent of the holders of at least two-thirds in principal amount of the Outstanding Bonds affected thereby; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the holders of such Bonds shall not be required and
such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds.

This Series 45 Bond is transferable as provided in the Resolutions, only upon the books of the Corporation kept for that purpose at the corporate trust office of the Trustee, by the registered owner hereof in person or by his attorney duly authorized in writing, upon surrender hereof together with a written instrument of transfer satisfactory to the Trustee duly executed by the registered owner or such duly authorized attorney, and thereupon the Corporation shall issue in the name of the transferee, a new registered Series 45 Bond or Bonds and/or, at the option of the transferee, a coupon Series 45 Bond or Bonds of the denomination of $5,000 each with appropriate coupons attached, of the same aggregate principal amount, maturity and interest rate as the surrendered Series 45 Bond, as provided in the Resolutions and upon the payment of the charges, if any, therein prescribed. The Corporation and the Trustee may treat and consider the person in whose name this Series 45 Bond is registered as the holder and absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or Redemption Price (as defined in the Resolutions) hereof and interest due hereon and for all other purposes whatsoever.

The Series 45 Bonds are issuable in the form of coupon Bonds payable to bearer in the denomination of $5,000 and in the form of registered Bonds without coupons in the denomination of $5,000 or an integral multiple thereof, not exceeding the aggregate principal amount of the Series 45 Bonds. Coupon Series 45 Bonds, upon surrender thereof at the corporate trust office of the Trustee, with all unmatured coupons attached, may, at the option of the holder thereof, be exchanged for an equal aggregate principal amount of registered Series 45 Bond of any of the authorized denominations, and bearing the same rate of interest in the manner, subject to the conditions, and upon the payment of the charges, if any, provided in the Resolutions. In like manner, subject to such conditions and upon payment of such charges, if any, registered Series 45 Bonds, upon surrender thereof at the corporate trust office of the Trustee, with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Series 45 Bonds with appropriate coupons attached and/or Series 45 Bonds without coupons, of any other authorized denominations, of the same maturity and bearing the same rate of interest.
The Series 45 Bonds maturing on or prior to July 1, ____ are not subject to redemption prior to maturity. The Series 45 Bonds maturing on July 1, ____ are not subject to redemption prior to maturity at the election of the Corporation.

The Series 45 Bonds maturing after July 1, ____ are subject to redemption at the election of the Corporation at any time on and after July 1, 1993, as a whole on any date or in part, by lot, on any interest payment date, as provided in the Resolutions, at the following Redemption Price (expressed as a percentage of the principal amount), plus accrued interest, if any, to the date of redemption:

SECTION 302. No Recourse on Series 45 Bonds. No recourse shall be had for the payment of the principal or Redemption Price of or interest on the Series 45 Bonds or for any claim based thereon or on the Series 45 Resolution against any member or officer of the Corporation or any person executing the Series 45 Bonds and neither the Directors of the Corporation nor any other person executing the Series 45 Bonds of the Corporation shall be subject to any personal liability or accountability by reason of the issuance thereof.

SECTION 303. Execution and Authentication of Series 45 Bonds. Pursuant to the provisions of Section 303 of the Resolution, the Chairman of the Corporation is hereby authorized and directed to execute by his manual or facsimile signature the Series 45 Bonds in the name of the Corporation and the corporate seal (or a facsimile thereof) shall be thereunto affixed, imprinted, engraved or otherwise reproduced thereon. The Secretary or an Assistant Secretary of the Corporation is hereby authorized and directed to attest by his manual or facsimile signature the execution of the Series 45 Bonds.

The Trustee is hereby authorized to authenticate by manual or facsimile signature the Series 45 Bonds, and deliver
the same to or upon the order of the Corporation, in such amounts and at such times as the Trustee shall be directed in writing by an Authorized Officer.
ARTICLE IV

Miscellaneous

SECTION 501. Special Covenants. (1) As used in this subsection (1) all defined terms other than Series 45 Bonds are as defined in the First General Bond Resolution. The Corporation hereby covenants with the holders of the Series 45 Bonds that it shall not issue any Bonds, Notes or Other Obligations which would cause the aggregate amount of the principal on Serial Bonds, the Sinking Fund Installments, maturities of Terms Bonds not required to be paid from Sinking Fund Installments and interest on all Outstanding Bonds, and the principal of and interest on Notes and the interest on Other Obligations to be paid in any one Fiscal Year to exceed four hundred twenty-five million dollars. Notwithstanding the foregoing sentence, with respect to up to an aggregate principal amount of twenty-five million dollars of small denomination Notes, as defined in the First General Bond Resolution, for purposes of the foregoing test, debt service shall be determined by assuming that a pro rata amount of such Notes will be redeemed in each Fiscal Year during the period from the date of issuance to the stated date of maturity and interest will accrue on such Notes from the date of issuance and be paid at such assumed dates of redemption; provided, however, that such debt service shall be so determined in such manner only if the resolution or other instrument authorizing the issuance of such small denomination Notes requires the Corporation to deposit annually in a sinking fund established for the payment of such small denomination Notes an amount at least equal to such pro rata amount and interest thereon.

(2) The Corporation hereby covenants further with the holders of the Series 45 Bonds that it shall not issue any additional Bonds unless, in addition to the certificates required pursuant to subsection 3 of Section 202 of the Resolution, it delivers to the Trustee at the time of the delivery of such additional Bonds a certificate of an Authorized Officer setting forth that the aggregate of the amounts set forth in paragraphs (1) and (2) of such subsection after deducting the amount set forth pursuant to paragraph (3)(a) of such subsection 3 and the Operating Expenses set forth pursuant to paragraph (3)(c) of such subsection, will be at least 2.0 times the aggregate amount set forth in (3)(b) of such subsection for each Fiscal Year.

(3) The Corporation shall publish (a) within forty-five (45) days after the end of each calendar quarter on an unaudited basis and (b) within ninety (90) days after the end of each Fiscal Year, on the basis of an audit conducted by independent certified public accountants of recognized national standing, a statement of financial position of the Corporation at the end of the period, and the related Debt Service Fund and Capital Reserve.
Fund statement of transactions and the Operating Fund statement of transactions for the period then ended, together with notes and exhibits thereto, similar in form to the notes and exhibits (which in any case shall include exhibits showing (i) all Bonds and Notes of the Corporation then Outstanding, (ii) a summary of annual debt service funding requirements, and (iii) a summary of total annual debt service payment requirements) published by the Corporation for the Fiscal Year ended June 30, 1978, and both such audited and unaudited financial statements to be prepared in accordance with generally accepted accounting principles consistently applied.

SECTION 502. State Covenant. In accordance with the provisions of Section 10-a of the New York State Financial Emergency Act for The City of New York, as amended to the date hereof, being Chapter 1 of Title 16 of McKinney's Unconsolidated Laws of the State of New York (hereinafter called the "Control Act"), the Corporation hereby includes in this Series 45 Resolution the pledge and agreement of the State with the holders of the Series 45 Bonds that the State will not take any action which will (a) substantially impair the authority of the board (as defined in the Control Act) during a control period, as defined in subdivision twelve of Section two of the Control Act as in effect on the date the Series 45 Bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraphs a, c, d, e and f of subdivision one of Section eight of the Control Act as in effect on the date the Series 45 Bonds are issued and paragraph b of such subdivision one as in effect from time to time, (ii) to disapprove a contract of the City or a covered organization (as defined in the Control Act) if the performance of such contract would be inconsistent with the financial plan or to approve or disapprove a proposed short-term or long-term borrowing of the City or a covered organization or any agreement or other arrangement referred to in subdivision four of Section seven of the Control Act or (iii) to establish and adopt procedures with respect to the deposit in and disbursement from the board fund (as defined in the Control Act) of City revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the City or the covered organizations and proposed short-term or long-term borrowings of the City and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the State elected in a statewide election or appointees of the Governor of the State; (e) terminate the existence of the board prior to the time to be determined in accordance with Section thirteen of the Control Act as in effect.

-31-
on the date the Series 45 Bonds are issued; (f) substantially modify the requirements that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the definition of a control period set forth in such subdivision twelve of Section two of the Control Act, as in effect on the date the Series 45 Bonds are issued, or substantially alter the authority of the board, as set forth in said subdivision twelve to reimpose or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 45 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 45 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holders of these Series 45 Bonds is in full force and effect.

SECTION 503. Authorized Officers. The Chairman, Vice Chairman, Chairman of the Finance Committee, Executive Director, Deputy Executive Director, Treasurer, Counsel, Secretary and Assistant Secretary of the Corporation are each hereby authorized to deliver and execute in the name and on behalf of the Corporation any certificate, opinion, record or other document required by or authorized pursuant to the Resolution, this Series 45 Resolution or the Notice of Sale in connection with the issuance of the Series 45 Bonds.

SECTION 504. When Effective. The Series 45 Resolution shall become effective immediately upon the filing with the Trustee of a copy hereof certified by an Authorized Officer.

4. The Bonds in coupon form and coupons to be attached thereto and the Bonds in registered form, together with the form of assignment therefor, and the Trustee's Certificate of Authentication, shall be in substantially the following forms and tenors:

(FORM OF COUPON BOND)

No. 45- $5,000

MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK
SERIES 45 BOND

The Municipal Assistance Corporation For The City Of New York (hereinafter sometimes called the "Corporation"), a corporate governmental agency and instrumentality of the State of New York (herein sometimes called the "State") constituting a public benefit corporation, organized and existing under and pursuant to the laws of the State of New York, acknowledges itself indebted to, and for value received, hereby promises to pay to the bearer or, if this Bond be registered as herein provided, to the registered owner hereof, upon presentation and surrender of this Bond, the principal sum of FIVE THOUSAND DOLLARS ($5,000) on the first day of July, ____, unless redeemed prior thereto as hereinafter provided, and to pay interest thereon at the rate of ____ per centum (___%) per annum, payable on January 1, 1984 and on July 1, 1984 and semi-annually thereafter on January 1 and on July 1, in each year, from the date hereof to the date of maturity or earlier redemption of this Bond and thereafter at the same rate, until the Corporation's obligation with respect to the payment of such principal sum shall be discharged, but with respect to interest due on or before the maturity of this Bond only according to the tenor and upon presentation and surrender of the attached coupons as they respectively become due and payable. Both principal and redemption premium, if any, of and interest on this Bond are payable in any coin or currency of the United States of America which, on the respective dates of payment thereof, shall be legal tender for the payment of public and private debts, at the corporate trust office of Citibank, N.A. in the Borough of Manhattan, City and State of New York. The principal of this Bond, if registered, is payable only at the corporate trust office of United States Trust Company of New York, in the Borough
of Manhattan, City and State of New York, as trustee under the
resolution of the Corporation adopted November 25, 1975, as
amended and supplemented, entitled "Second General Bond
Resolution" (herein called the "Second General Bond Resolution"),
or its successor as trustee (herein called the "Trustee"), in
like coin or currency.

This Bond is one of a duly authorized issue of bonds of
the Corporation designated as its "Bonds" (herein called the
"Bonds"), issued and to be issued in various series under and
pursuant to the New York State Municipal Assistance Corporation
Act, as amended by the Municipal Assistance Corporation for the
city of New York Act, said Acts being Titles I, II and III of
Article 10 of the Public Authorities Law (Chapter 43-A of the
Consolidated Laws of the State of New York), as amended (herein
called the "Act"), and under and pursuant to the Second General
Bond Resolution and the series resolution authorizing each such
series.

The Bonds are general obligations of the Corporation
payable out of any payments to the Corporation pursuant to
Sections 3036 and 3036-a of the Act except for amounts pledged
pursuant to the General Bond Resolution of the Corporation
adopted July 2, 1975, as amended and supplemented (the "First
General Bond Resolution"), and the rights of the holders of the
Bonds to such amounts are declared to be expressly subordinate to
the rights of the holders of obligations issued pursuant to the
First General Bond Resolution and any payments to the Corporation
for credit to the Operating Fund as defined in and established
pursuant to the First General Bond Resolution. The Bonds are
entitled to a first lien created by the pledge under the Second
General Bond Resolution of all revenues, moneys and securities in
the Bond Service Fund and the Capital Reserve Fund (as defined
therein). The Second General Bond Resolution provides for the
application of the amounts in the Capital Reserve Fund and in the
Bond Service Fund to the payment, when due, of the principal or
redemption price, if any, of and interest on the Bonds. Pursuant
to the Second General Bond Resolution, such revenues, moneys and
securities include each of the following: (i) all amounts
received by the Corporation for deposit into the Bond Service
Fund and into the Capital Reserve Fund, as payments from the
Municipal Assistance Aid Fund established by the State Finance
Law (Chapter 56 of said Consolidated Laws), which are required to
be made only if and to the extent that moneys appropriated by the
Legislature of the State of New York as per capita aid pursuant
to Section 54 of the State Finance Law payable to The City of New
York (herein sometimes called the "City") shall have been
apportioned and paid into and be available in the Special Aid
Account established within such Municipal Assistance Aid Fund for
the Corporation; (ii) all amounts received by the Corporation for
deposit into the Bond Service Fund and into the Capital Reserve
Fund, as payments from the Municipal Assistance Tax Fund established by the State Finance Law, which are required to be made only if and to the extent that moneys from the sales and compensating use taxes as imposed by Section 1107 of Article 28 of the Tax Law (Chapter 50 of said Consolidated Laws) and, if required, the stock transfer tax imposed by Article 12 of said Tax Law, have been appropriated by the Legislature of the State of New York from the Special Tax Account established within such Municipal Assistance Tax Fund for the Corporation or that revenues shall have otherwise been made available therefor by the State of New York; (iii) all amounts received by the Corporation from the State of New York as payments for deposit into the Capital Reserve Fund (pursuant to the Act by certification annually on or before December 1, of the Chairman to the Governor and the Director of the Budget of the State of New York, of the amount necessary to restore the Capital Reserve Fund to its required amount); and (iv) investment earnings of moneys in the Capital Reserve Fund and Bond Service Fund; provided, however, that pursuant to the Act, any provision therein or in the Resolutions or in any other agreement between the Corporation and the holders of Bonds, relating to said per capita aid, taxes and such Municipal Assistance Aid Fund, the Special Aid Account, the Municipal Assistance Tax Fund, the Special Tax Account and the Stock Transfer Tax Fund established by the State Finance Law, shall be deemed executory only to the extent of the moneys available to the State of New York in such Funds from time to time and the State of New York shall incur no liability on account thereof beyond such moneys.

As provided in the Second General Bond Resolution, the Bonds may be issued from time to time pursuant to series resolutions in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Second General Bond Resolution. The aggregate principal amount of Bonds which may be issued pursuant to the Second General Bond Resolution is not limited except as provided in the Second General Bond Resolution and in certain other resolutions and agreements of the Corporation, or as may be limited by law, and all Bonds issued and to be issued pursuant to the Second General Bond Resolution are and will be equally secured by the pledges and covenants made therein, except as otherwise expressly provided or permitted in the Second General Bond Resolution.

This Bond is one of a series of Bonds designated "Series 45 Bonds" (herein called the "Series 45 Bonds"), issued in the aggregate principal amount of $118,345,000 pursuant to the Second General Bond Resolution and the series resolution of the Corporation, adopted April 12, 1983, entitled "Series 45 Resolution Authorizing $118,345,000 Series 45 Bonds" (said resolutions being herein collectively called the "Resolutions")
and in accordance with the Certificate of Determination of the Corporation, for purposes authorized by the Act. Copies of the Resolutions are on file at the office of the Corporation and at the corporate trust office of the Trustee and reference to the Resolutions and any and all supplements thereto and modifications and amendments thereof and to the Act is made for a description of the pledges and covenants securing the Series 45 Bonds, the nature, extent and manner of enforcement of such pledges, the rights and remedies of the bearers or registered owners of the Series 45 Bonds with respect thereto and the terms and conditions upon which the Series 45 Bonds are issued and may be issued thereunder.

Pursuant to the provisions of Section 10-a of the New York State Financial Emergency Act for The City of New York, as amended (constituting Chapter 1 of Title 16 of McKinney's Unconsolidated Laws of the State of New York) (herein called the "Control Act"), the State has authorized and requires the Corporation to include in any agreement made by the Corporation with holders of its bonds issued after September 28, 1978, including the Series 45 Bonds, and the Corporation hereby includes in this Series 45 Bond, a pledge and agreement of the State that it will not take any action which will (a) substantially impair the authority of the board (as defined in the Control Act) during a control period, as defined in subdivision twelve of Section two of the Control Act as in effect on the date the Series 45 Bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraph a, c, d, e and f of subdivision one of Section eight of the Control Act as in effect on the date the Series 45 Bonds are issued and paragraph b of such subdivision one as in effect from time to time, (ii) to disapprove a contract of the City or a covered organization (as defined in the Control Act) if the performance of such contract would be inconsistent with the financial plan or to approve or disapprove a proposed short-term or long-term borrowing of the City or a covered organization or any agreement or other arrangement referred to in subdivision four of Section seven of the Control Act, or (iii) to establish and adopt procedures with respect to the deposit in and disbursement from the board fund (as defined in the Control Act) of City revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the City or the covered organizations and proposed short-term or long-term borrowings of the City and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the State elected in a statewide election or...
appointees of the Governor of the State; (e) terminate the existence of the board prior to the time to be determined in accordance with Section thirteen of the Control Act as in effect on the date the Series 45 Bonds are issued; (f) substantially modify the requirements that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the definition of a control period set forth in such subdivision twelve of Section two of the Control Act, as in effect on the date the Series 45 Bonds are issued, or substantially alter the authority of the Board, as set forth in said subdivision twelve to reimburse or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect with respect to a holder of a Series 45 Bond if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 45 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 45 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holder of this Series 45 Bond is in full force and effect.

To the extent and in the manner permitted by the terms of the Resolutions, the provisions of the Resolutions or any resolution amending or supplemental thereto, may be modified or amended by the Corporation with the written consent of the holders of at least two-thirds in principal amount of the Bonds then Outstanding (as defined in the Second General Bond Resolution), or, in case less than all of the series of Bonds would be affected thereby, with such consent of the holders of at least two-thirds in principal amount of the Bonds of each series so affected then Outstanding, or, in case of a Sinking Fund installment (as defined in the Second General Bond Resolution) change, with such consent of the holders of at least two-thirds in principal amount of the Outstanding Bonds affected thereby; provided, however, that, if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds.
This Series 45 Bond is transferable by delivery except when registered as to principal otherwise than to bearer. It may be registered as to principal in the name of the owner on the books of the Corporation kept for that purpose at the corporate trust office of the Trustee, such registration to be noted hereon, after which no transfer hereof shall be valid unless made on said books by the registered owner in person, or by his attorney duly authorized in writing, and similarly noted hereon; but this Series 45 Bond may be discharged from registration by being in like manner transferred to bearer, after which it shall again become transferable by delivery; and this Series 45 Bond may again and from time to time be registered or discharged from registration in the same manner. Registration of this Series 45 Bond shall not affect the negotiability of the coupons, which shall continue to be payable to bearer and transferable by delivery.

The Series 45 Bonds are issuable in the form of coupon Bonds payable to bearer in the denomination of $5,000 and in the form of registered Bonds without coupons in the denomination of $5,000 or an integral multiple thereof, not exceeding the aggregate principal amount of the Series 45 Bonds. Coupon Series 45 Bonds, upon surrender thereof at the corporate trust office of the Trustee, with all unmatured coupons attached, may, at the option of the holder thereof, be exchanged for an equal aggregate principal amount of registered Series 45 Bonds, of any of the authorized denominations, of the same maturity and bearing the same rate of interest, in the manner, subject to the conditions, and upon the payment of the charges, if any, provided in the Resolutions. In like manner, subject to such conditions and upon payment of such charges, if any, registered Series 45 Bonds, upon surrender thereof at the corporate trust office of the Trustee, with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Series 45 Bonds with appropriate coupons attached, and/or Series 45 Bonds without coupons, of any other authorized denominations, of the same maturity and bearing the same rate of interest.

The Series 45 Bonds maturing on or prior to July 1, 1993 are not subject to redemption prior to maturity.

The Series 45 Bonds maturing on and after July 1, 1994 are subject to redemption at the election of the Corporation at any time on and after July 1, 1993, as a whole on any date, or in part, by lot, on any interest payment date, as provided in the Resolutions, at the following Redemption Prices (as defined in the Resolutions) (expressed as a percentage of the principal
amount), plus accrued interest, if any, to the date of redemption:

In the event that any or all of the Series 45 Bonds are to be redeemed, notice of such redemption (a) shall be given by publication once a week for at least two (2) successive weeks in a newspaper customarily published at least once a day for at least five (5) days (other than legal holidays) in each calendar week, printed in the English language and of general circulation in the Borough of Manhattan, City and State of New York, as provided in the Resolutions, the first of such publication to be not less than thirty (30) days nor more than sixty (60) days prior to the redemption date, and (b) shall be mailed, postage prepaid, not less than thirty (30) days before the redemption date to the registered owners of any Series 45 Bonds or portions of the Series 45 Bonds to be redeemed, provided, however, that such mailing shall not be a condition precedent to such redemption and failure so to mail any such notice shall not affect the validity of the proceedings for the redemption of the Series 45 Bonds. Notice of redemption having been given, as aforesaid, the Series 45 Bonds or portions thereof so called for redemption shall become due and payable at the applicable Redemption Price hereinabove provided, and, from and after the date so fixed for redemption, interest on the Series 45 Bonds, or portions thereof so called for redemption, shall cease to accrue and become payable, and the coupons for interest appertaining to coupon Series 45 Bonds maturing subsequent to the redemption date shall be void.

The Series 45 Bonds shall not be a debt of either the State of New York or The City of New York, and neither the State of New York nor The City of New York, shall be liable thereon, nor shall the Series 45 Bonds be payable out of any funds other than those of the Corporation.

This Series 45 Bond is fully negotiable for all purposes of the Uniform Commercial Code (Chapter 38 of said Consolidated Laws), and each holder or owner of this Series 45 Bond, or of any coupon appurtenant hereto, by accepting this Series 45 Bond or coupon shall be conclusively deemed to have agreed that this Series 45 Bond or coupon is fully negotiable for those purposes.
Neither this Series 45 Bond nor any coupon for interest thereon shall be entitled to any security, right or benefit under the Resolutions or be valid or obligatory for any purpose unless the Certificate of Authentication hereon has been duly executed by the Trustee.

Neither the Directors of the Corporation nor any other person executing the Series 45 Bonds shall be subject to any personal liability or accountability by reason of the issuance thereof.

IT IS HEREBY CERTIFIED, RECITED AND DECLARED that all acts, conditions and things required by the Constitution and statutes of the State of New York and the Resolutions to exist, to have happened and to have been performed precedent to and in the issuance of this Series 45 Bond, exist, have happened and have been performed in due time, form and manner as required by law and that the issue of the Series 45 Bonds, together with all other indebtedness of the Corporation, is within every debt and other limit prescribed by law.
IN WITNESS WHEREOF, the MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK has caused this Series 45 Bond to be executed in its name by the manual or facsimile signature of its Chairman and its corporate seal (or a facsimile thereof) to be affixed, imprinted, engraved or otherwise reproduced hereon, and attested by the manual or facsimile signature of its Secretary or an Assistant Secretary and the interest coupons hereto attached to be executed by the facsimile signature of said Chairman, all as of the first day of May, 1983.

MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK

SERIES 45 BOND

% Due July 1, ___

This Bond is one of a duly authorized issue of bonds of the Corporation designated as its "Bonds" and herein as referred to, issued and to be issued in various series under and pursuant to the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the City of New York Act, said Acts being Titles I, II and III of Article 10 of the Public Authorities Law (Chapter 43-A of the Consolidated Laws of the State of New York), as amended (herein called the "Act"), and under and pursuant to the resolution of the Corporation adopted November 25, 1975, as amended and supplemented, entitled "Second General Bond Resolution" and the series resolution authorizing each such series.

The Bonds are general obligations of the Corporation payable out of any payments to the Corporation pursuant to Sections 3036 and 3036-a of the Act except for amounts pledged pursuant to the General Bond Resolution of the Corporation adopted July 2, 1975, as amended and supplemented (the "First General Bond Resolution"), and the rights of the holders of the Bonds to such amounts are declared to be expressly subordinate to the rights of the holders of obligations issued pursuant to the First General Bond Resolution and any payments to the Corporation for credit to the Operating Fund as defined in and established pursuant to the First General Bond Resolution. The Bonds are entitled to a first lien created by the pledge under the Second General Bond Resolution of all revenues, moneys and securities in the Bond Service Fund and the Capital Reserve Fund (as defined therein). The Second General Bond Resolution provides for the application of the amounts in the Capital Reserve Fund and in the Bond Service Fund to the payment, when due, of the principal or redemption price, if any, of any interest on the Bonds. Pursuant to the Second General Bond Resolution, such revenues, moneys and securities include each of the following: (1) all amounts received by the Corporation for deposit into the Bond Service
Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Aid Fund established by the State Finance Law (Chapter 56 of said Consolidated Laws), which are required to be made only if and to the extent that moneys appropriated by the Legislature of the State of New York as per capita aid pursuant to Section 54 of the State Finance Law payable to The City of New York shall have been apportioned and paid into and be available in the Special Aid Account established within such Municipal Assistance Aid Fund for the Corporation; (ii) all amounts received by the Corporation for deposit into the Bond Service Fund and into the Capital Reserve Fund, as payments from the Municipal Assistance Tax Fund established by the State Finance Law, which are required to be made only if and to the extent that moneys from the sales and compensating use taxes as imposed by Section 1107 of Article 28 of the Tax Law (Chapter 60 of said Consolidated Laws) and, if required, the stock transfer tax imposed by Article 12 of said Tax Law, have been appropriated by the Legislature of the State of New York from the Special Tax Account established within such Municipal Assistance Tax Fund for the Corporation or that revenues shall have otherwise been made available therefor by the State of New York; (iii) all amounts received by the Corporation from the State of New York as payments for deposit into the Capital Reserve Fund (pursuant to the Act by certification annually on or before December 1, of the Chairman to the Governor and the Director of the Budget of the State of New York, of the amount necessary to restore the Capital Reserve Fund to its required amount); and (iv) investment earnings of moneys in the Capital Reserve Fund and Bond Service Fund; provided, however, that pursuant to the Act, any provision therein or in the Resolutions or in any other agreement between the Corporation and the holders of Bonds, relating to said per capita aid, taxes and such Municipal Assistance Aid Fund, the Special Aid Account, the Municipal Assistance Tax Fund, the Special Tax Account and the Stock Transfer Tax Fund established by the State Finance Law, shall be deemed executory only to the extent of the moneys available to the State of New York in such Funds from time to time and the State of New York shall incur no liability on account thereof beyond such moneys.

The Bonds may be issued from time to time in one or more series, in various principal amounts, may mature at different times, may bear interest at different rates and may otherwise vary as provided in the Second General Bond Resolution. The aggregate principal amount of Bonds which may be issued pursuant to the Second General Bond Resolution is not limited except as provided therein and in certain other resolutions and agreements of the Corporation, or as may be limited by law, and all Bonds issued and to be issued pursuant to the Second General Bond Resolution are and will be equally secured by the pledges and covenants made therein, except as otherwise expressly provided or permitted in the Second General Bond Resolution.
This Bond is one of a series of Bonds designated "Series 45 Bonds" (herein called the "Series 45 Bonds"), issued in the aggregate principal amount of $118,345,000 pursuant to the Second General Bond Resolution and the series resolution of the Corporation, adopted April 12, 1983, entitled "Series 45 Resolution Authorizing $118,345,000 Series 45 Bonds" (said resolutions being herein collectively called the "Resolutions") and in accordance with the Certificate of Determination of the Corporation, for purposes authorized by the Act. Copies of the Resolutions are on file at the office of the Corporation and at the corporate trust office of United States Trust Company of New York, in the Borough of Manhattan, City and State of New York, as trustee under the Second General Bond Resolution (said trustee and any successor thereto being herein referred to as the "Trustee") and reference to the Resolutions and any and all supplements thereto and modifications and amendments thereof and to the Act is made for a description of the pledges and covenants securing the Series 45 Bonds, the nature, extent and manner of enforcement of such pledges, the rights and remedies of the bearers or registered owners of the Series 45 Bonds with respect thereto and the terms and conditions upon which the Series 45 Bonds are issued and may be issued thereunder.

Pursuant to the provisions of Section 10-a of the New York State Financial Emergency Act for the City of New York, as amended (constituting Chapter 1 of Title 16 of McKinney's Unconsolidated Laws of the State of New York) (herein called the "Control Act"), the State has authorized and requires the Corporation to include in any agreement made by the Corporation with holders of its bonds issued after September 28, 1978, including the Series 45 Bonds, and the Corporation hereby includes in this Series 45 Bond, a pledge and agreement of the State that it will not take any action which will (a) substantially impair the authority of the board (as defined in the Control Act) during a control period, as defined in subdivision twelve of Section two of the Control Act as in effect on the date the Series 45 Bonds are issued (i) to approve, disapprove, or modify any financial plan or financial plan modification, including the revenue projections (or any item thereof) contained therein, subject to the standards set forth in paragraph a, c, d, e and f of subdivision one of Section eight of the Control Act as in effect on the date the Series 45 Bonds are issued and paragraph b of such subdivision one as in effect from time to time, (ii) to disapprove a contract of the City or a covered organization (as defined in the Control Act) if the performance of such contract would be inconsistent with the financial plan or to approve or disapprove a proposed short-term or long-term borrowing of the City or a covered organization or any agreement or other arrangement referred to in subdivision four of Section seven of the Control Act, or (iii) to establish and adopt procedures with respect to the deposit in and
disbursement from the board fund (as defined in the Control Act) of City revenues; (b) substantially impair the authority of the board to review financial plans, financial plan modifications, contracts of the City or the covered organizations and proposed short-term or long-term borrowings of the City and the covered organizations; (c) substantially impair the independent maintenance of a separate fund for the payment of debt service on bonds and notes of the City; (d) alter the composition of the board so that the majority of the voting members of the board are not officials of the State elected in a statewide election or appointees of the Governor of the State; (e) terminate the existence of the board prior to the time to be determined in accordance with Section thirteen of the Control Act as in effect on the date the Series 45 Bonds are issued; (f) substantially modify the requirements that the City's financial statements be audited by a nationally recognized independent certified public accounting firm or consortium of firms and that a report on such audit be furnished to the board; or (g) alter the definition of a control period set forth in such subdivision twelve of Section two of the Control Act, as in effect on the date the Series 45 Bonds are issued, or substantially alter the authority of the Board, as set forth in said subdivision twelve to reimpose or terminate a control period; provided, however, that the foregoing pledge and agreement shall be of no further force and effect with respect to a holder of a Series 45 Bond if at any time (i) there is on deposit in a separate trust account with a bank, trust company or other fiduciary sufficient moneys or direct obligations of the United States or obligations guaranteed by the United States, the principal of and/or interest on which will provide moneys to pay punctually when due at maturity or prior to maturity by redemption, in accordance with their terms, all principal of and interest on all outstanding Series 45 Bonds and irrevocable instructions from the Corporation to such bank, trust company or other fiduciary for such payment of such principal and interest with such moneys shall have been given, or (ii) such Series 45 Bonds, together with interest thereon, have been paid in full at maturity or have otherwise been refunded, redeemed, defeased, or discharged. The foregoing pledge and agreement with the holder of this Series 45 Bond is in full force and effect.

To the extent and in the manner permitted by the terms of the Resolutions, the provisions of the Resolutions or any resolution amendatory thereof or supplemental thereto, may be modified or amended by the Corporation with the written consent of the holders of at least two-thirds in principal amount of the Bonds then Outstanding (as defined in the Second General Bond Resolution), or, in case less than all of the series of Bonds would be affected thereby, with such consent of the holders of at least two-thirds in principal amount of the Bonds of each series so affected then Outstanding, or, in case of a Sinking Fund Installment (as defined in the Second General Bond Resolution)
change, with such consent of the holders of at least two-thirds in principal amount of the Outstanding Bonds affected thereby; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like series and maturity remain Outstanding, the consent of the holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Bonds.

This Series 45 Bond is transferable as provided in the Resolutions, only upon the books of the Corporation kept for that purpose at the corporate trust office of the Trustee, by the registered owner hereof in person or by his attorney duly authorized in writing, upon surrender hereof together with a written instrument of transfer satisfactory to the Trustee duly executed by the registered owner or such duly authorized attorney, and thereupon the Corporation shall issue in the name of the transferee, a new registered Series 45 Bond or Bonds and/or, at the option of the transferee, a coupon Series 45 Bond or Bonds of the denomination of $5,000 each with appropriate coupons attached, of the same aggregate principal amount, maturity and interest rate as the surrendered Series 45 Bond, as provided in the Resolutions and upon the payment of the charges, if any, therein prescribed. The Corporation and the Trustee may treat and consider the person in whose name this Series 45 Bond is registered as the holder and absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or Redemption Price (as defined in the Resolutions) hereof and interest due hereon and for all other purposes whatsoever.

The Series 45 Bonds are issuable in the form of coupon Bonds payable to bearer in the denomination of $5,000 and in the form of registered Bonds without coupons in the denomination of $5,000 or an integral multiple thereof, not exceeding the aggregate principal amount of the Series 45 Bonds. Coupon Series 45 Bonds, upon surrender thereof at the corporate trust office of the Trustee, with all unmatured coupons attached, may, at the option of the holder thereof, be exchanged for an equal aggregate principal amount of registered Series 45 Bond, of any of the authorized denominations, of the same maturity and bearing the same rate of interest, in the manner, subject to the conditions, and upon the payment of the charges, if any, provided in the Resolutions. In like manner, subject to such conditions and upon payment of such charges, if any, registered Series 45 Bonds, upon surrender thereof at the corporate trust office of the Trustee, with a written instrument of transfer satisfactory to the Trustee, duly executed by the registered owner or his attorney duly authorized in writing, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Series 45 Bonds with appropriate coupons attached and/or Series 45 Bonds without coupons, of any other authorized
denominations, of the same maturity and bearing the same rate of interest.

The Series 45 Bonds maturing on or prior to July 1, 1993 are not subject to redemption prior to maturity.

The Series 45 Bonds maturing on and after July 1, 1994 are subject to redemption at the election of the Corporation at any time on and after July 1, 1993, as a whole on any date, or in part, by lot, on any interest payment date, as provided in the Resolutions, at the following Redemption Price (expressed as a percentage of the principal amount), plus accrued interest, if any, to the date of redemption:

MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK
Series 45 Bonds

NOTICE OF SALE

Sealed proposals will be received by the Municipal Assistance Corporation For The City of New York at its offices at One World Trade Center (Suite 8901), New York, N.Y., until 11:00 A.M., Eastern Time, on Tuesday, April 19, 1983, for the purchase of $118,345,000 Series 45 Bonds (hereinafter referred to as "Bonds"), maturing or coming due through mandatory sinking fund payments on July 1, 1984 and annually thereafter to and including July 1, 1996. Principal amounts to be paid in each year have been determined by the Corporation, and each bidder shall determine the years in which the Bonds will mature and the sinking fund payments related thereto in accordance with the Official Bond Form. The purchase price for the Bonds shall not be less than $115,500,000, plus accrued interest to the date of delivery.

The Bonds, as authorized by the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation Act, as yet effective, shall be issued pursuant to the Corporation's Second General Bond Resolution for the purpose of providing funds to assist The City of New York in financing capital needs, all as more fully described in the Preliminary Official Statement dated April 13, 1983, with interest payable semi-annually on January 1 and July 1 in each year, commencing January 1, 1984, and will mature or be payable through mandatory sinking fund payments on July 1 in each year as set forth on the Official Bond Form.

The Bonds will be issued as coupon Bonds in the denomination of $5,000 each, registrable as to principal only, and as fully registered Bonds in the denomination of $5,000 or any integral multiple of $5,000, as shall be specified by the successful bidder within seven (7) days after the award of the Bonds. Coupon and registered Bonds will be interchangeable, as more fully described in the Preliminary Official Statement.

The Bonds maturing after July 1, 1993 are redeemable at the option of the Corporation at such times and at such redemption prices as are set forth in the Preliminary Official Statement. Principal and interest on the Bonds are payable at the corporate trust office of Citibank, N.A., New York, New York, unless registered. The principal of and interest on registered Bonds and principal of coupon Bonds registered as to principal will be payable at United States Trust Company of New York, the Trustee under the Second General Bond Resolution.

The Bonds are general obligations of the Corporation and are additionally secured by a pledge of and lien on the funds and accounts established by the Second General Bond Resolution, all as more fully described in the Preliminary Official Statement. The State of New York and The City of New York are not liable on the Bonds and the Bonds are not a debt of the State or the City.

Proposals must be (a) for all of the Bonds and shall: (1) be submitted on the Official Bond Form for Corporation; (2) prescribe the rate or rates of interest to be borne by the Bonds, which rate or rates must be not more than zero and in a multiple of one-eighth or one-twentieth of one per cent, provided that all Bonds maturing must bear a single rate of interest, and provided further that the interest rate for any maturity, exceed the interest rate for any other maturity by more than six percentage points; and (3) set forth the years in which the Bonds will mature and the sinking fund payments relate thereto, if any.

The award, if any, will be made to the bidder complying with the terms of sale and offering to purchase the Bonds at the lowest true interest cost to the Corporation, calculated by the Corporation. The true interest cost will be the annual interest rate, compounded semi-annually, which, when used to discount all payments of principal and interest on the Bonds, results in an amount equal to the purchase price for the Bonds, exclusive of interest due to the date of delivery. If there is more than one proposal resulting in the same lowest true interest cost, the Corporation will select by lot the successful bidder, if any, from among such proposals.

In order to be considered, each bid must be unconditional and must be accompanied by a certified or cashier's check payable to the Municipal Assistance Corporation For The City of New York in the amount of $1 million and drawn upon an incorporated bank or trust company located in New York City. The check of the successful bidder will be cashed and the proceeds thereof invested by the Corporation. All other checks will be returned promptly after the award of the Bonds. No interest upon the deposit of the successful bidder will be credited to the successful bidder. The deposit of the successful bidder will be applied as a part payment for the Bonds or, if such bidder fails to comply with the terms of its proposal, will be retained as liquidated damages in full satisfaction of any claim of the Corporation against the successful bidder or, if the Corporation fails to fulfill the conditions stated in the proposal, the deposit, without interest, will be returned.

All proposals must be submitted in a sealed envelope marked "Proposal for Series 45 Bonds" and be directed to Executive Director, Municipal Assistance Corporation For The City of New York, One World Trade Center (Suite 8901), New York, N.Y. 10048.

The Corporation reserves the right to waive any irregularity in any proposal and to reject any and all proposals.

The successful bidder will be required to pay for the Bonds by check payable in Federal funds to the order of the Corporation upon delivery of the Bonds. Delivery of the Bonds is expected to be made at the Corporation's offices on May 5, 1983, but not later than May 19, 1983.

On the date of delivery, the successful bidder will be furnished with the approves opinion of Messrs. Hawkins, Delafield & Wood, Bond Counsel to the Corporation, together with copies of all of the documents delivered at the closing. Copies of the Series 45 Resolution and a final Official Statement will be provided by the Corporation to the successful bidder, not later than April 22, 1983, in such reasonable quantities as may be requested by the successful bidder.

Copies of the Notice of Sale, the Official Bond Form and the Preliminary Official Statement and issuance of the Bonds may be obtained from the Corporation's offices at the address indicated.

An information meeting will be held at the offices of the Corporation on Thursday, April 14, 11:00 A.M., Eastern Time, to provide information to interested bidders with regard to the bidding procedures and the Corporation.

PROPOSAL FOR SERIES 45 BONDS
OFFICIAL BID FORM

Executive Director
Municipal Assistance Corporation
For The City of New York
One World Trade Center (Suite 6901)
New York, New York 10048

Subject to the provisions and in accordance with the terms of the Notice of Sale, dated April 13, 1983, which made this proposal, we hereby offer to purchase all, but not less than all, of the $118,345,000 Series Bonds of the Municipal Assistance Corporation For The City of New York described in the Notice of Sale and if The Bonds shall bear interest from May 1, 1983, until their maturity or earlier redemption at the respective per annum stated below.

An interest rate is stated in Table 1 only for those years in which Serial Bonds, if any, mature and app. to such Serial Bonds. No rate is stated for any year in which all of the Required Principal Payment is to through Mandatory Sinking Fund Redemption. The amount of Serial Bonds maturing need not be stated the Required Principal Payment is Serial Bonds. Where less than all of a Required Principal Payment is represented by Serial Bonds maturing during such year, the principal amount of such Serial Bonds is in the balance of such Required Principal Payment is to be made through Mandatory Sinking Fund Redemption.

The principal amount, maturity date and interest rate for each Term Bond, if any, are separately stated below:

Each Mandatory Sinking Fund Redemption shall be allocated to the payment of the maturing within the same year or the next subsequent year. If the principal amount of a Term Bond, a Table 2, is inconsistent with the total of all Mandatory Sinking Fund Redemptions allocated to such Term Bond, the stated principal amount will be disregarded and the Mandatory Sinking Fund Redemption will determine the actual principal amount of such Term Bond. Because the amount of a Required Principal Payment allocated to a Serial Bond maturity will constitute a Mandatory Sinking Fund Redemption, the amount of the Mandatory Sinking Fund Redemption need not be stated. If the Mandatory Sinking Fund Redemption is not specified, the amount is provided for convenience only, and an error shall not invalidate this offer.

The principal of all Serial Bonds and Term Bonds, and each Mandatory Sinking Fund Redemption, is the amount of $5,000 or an integral multiple of $5,000.

This offer shall be null and void if, among other reasons stated herein and in the Notice of Sale, (i) an interest rate has not been stated for each Serial Bond specified in Table 1 and each Term Bond specified in Table 2 and (ii) the principal amount of the Serial Bonds and the Term Bonds do not together equal $118,345,000.

MUNICIPAL ASSISTANCE CORPORATION FOR THE CITY OF NEW YORK

Series 45 Bonds

Sealed proposals will be received by the Municipal Assistance Corporation For The City of New York at its offices at One World Trade Center (Suite 8901), New York, N.Y., until 11:00 A.M., Eastern Time, on Tuesday, April 19, 1983, for the purchase of $118,345,000 Series 45 Bonds (hereinafter referred to as "Bonds"), maturing or coming due through mandatory sinking fund payments on July 1, 1984 and annually thereafter to and including July 1, 1998. Principal amounts to be paid in each year have been determined by the Corporation as set forth on the Official Bid Form. However, each bidder shall determine the years in which the Bonds will mature and the sinking fund payments related thereto in accordance with the Official Bid Form. The purchase price for the Bonds shall not be less than $115,500,000, plus accrued interest to the date of delivery.

Sealed proposals will be received by the Municipal Assistance Corporation For The City of New York, in accordance with the Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation For The City of New York Act, said acts being Title I, II and III of Article 10 of the Public Authorities Law of the State of New York, will be issued pursuant to the Corporation's Second General Bond Resolution for the purpose of providing funds to assist The City of New York in financing its capital needs, all as more fully described in the Preliminary Official Statement dated April 13, 1983.

All of the Bonds will be dated May 1, 1983, with interest payable semi-annually on January 1 and July 1 of each year, commencing January 1, 1984, and will mature or be payable through mandatory sinking fund payments on July 1, in each year as set forth on the Official Bid Form.

The Bonds will be issued as coupon Bonds in denominations of $5,000 each, registrable as to principal only, or as fully registered Bonds in the denomination of $5,000 or any integral multiple of $5,000, as shall be specified by the successful bidder within seven (7) days after the award of the Bonds. Coupon and registered Bonds will be interchangeable, as more fully described in the Preliminary Official Statement.

The Bonds maturing after July 1, 1993 are redeemable at the option of the Corporation at such times and at such redemption prices as are set forth in the Preliminary Official Statement. Principal of and interest on the Bonds are payable at the corporate trust office of Citibank, N.A., New York, New York, unless registered. The principal of and interest on registered Bonds and principal of coupon Bonds registered as to principal will be payable at United States Trust Company of New York, the Trustee under the Second General Bond Resolution.

The Bonds are general obligations of the Corporation and are additionally secured by a pledge of and lien on the funds and accounts established by the Second General Bond Resolution, all as more fully described in the Preliminary Official Statement. The State of New York and The City of New York are not liable on the Bonds and the Bonds are not a debt of the State or the City.

Proposals must be for all of the Bonds and shall: (i) be submitted on the Official Bid Form furnished by the Corporation; (ii) prescribe the rate or rates of interest to be borne by the Bonds, which rate or rates shall be greater than zero and in a multiple of one-eighth or one-twentieth of one percent, provided that all Bonds of the same maturity must bear a single rate of interest, and provided further that the interest rate for any maturity may not exceed five (5) percent maturity by more than six percentage points; and (iii) set forth the years in which the Bonds will mature and the sinking fund payments related thereto, if any.

The award, if any, will be made to the bidder complying with the terms of sale and offering to purchase the Bonds at the lowest true interest cost to the Corporation, calculated by the Corporation. The true interest cost will be the annual interest rate, compounded semi-annually, which, when used to discount all payments of principal and interest payable on the Bonds, results in an amount equal to the purchase price for the Bonds, excluding interest to the date of delivery. If there is more than one proposal resulting in the same lowest true interest cost, the Bonds, as authorized by the New York State Municipal Assistance Corporation Act, will be awarded to the successful bidder, if any, among such proposals.

In order to be considered, each bid must be unconditional and must be accompanied by a certified or cashier's check payable to the Municipal Assistance Corporation For The City of New York in the amount of $1 million and drawn upon an incorporated bank or trust company located in New York City, The check or cashier's check must be made payable to the Corporation and must be delivered to the Corporation by the successful bidder. The deposit of the successful bidder will be credited to the successful bidder. The deposit of the successful bidder will be applied as a part payment for the Bonds or, if such bidder fails to comply with the terms of its proposal, will be retained as liquidated damages in full satisfaction of any claim of the Corporation against the successful bidder or, if the Corporation fails to fulfill the conditions stated in the proposal, the deposit, without interest, will be returned.

All proposals shall open at 4:00 P.M., Eastern Time, on Tuesday, April 19, 1983, or an award of the Bonds shall be made. The Corporation reserves the right to waive any irregularity in any proposal and to reject any and all proposals.

The successful bidder will be required to pay for the Bonds by check payable in Federal funds to the order of the Corporation upon delivery of the Bonds. Delivery of the Bonds is expected to be made to the Corporation's office on May 1, 1983, but not later than May 19, 1983.

The date of delivery, the successful bidder will be furnished with the approving opinions of Messrs. Hasbrouck, Dufief & Wood, Bond Counsel to the Corporation, together with copies of all of the documents delivered at the closing.

Copies of the Series 45 Resolution and a final Official Statement will be provided by the Corporation to the successful bidder, not later than April 23, 1983, in such reasonable quantities as may be requested by the successful bidder.

Copies of the Notice of Sale, the Official Bid Form and the Preliminary Official Statement relating to the issuance of the Bonds may be obtained from the Corporation at the address indicated below, beginning Wednesday, April 13, 1983.

An information meeting shall be held at the offices of the Corporation on Thursday, April 14, 1983, at 10:00 A.M., Eastern Time, to provide information to interested bidders with regard to the bidding procedures and the Corporation.

Subject to the provisions and in accordance with the terms of the Notice of Sale, dated April 13, 1988, which is a part of this proposal, we hereby offer to purchase all, but not less than all, of the $118,345,000 Series 45 Bonds of the Municipal Assistance Corporation For The City of New York described in the Notice of Sale and below. The Bonds shall bear interest from May 1, 1988, until their maturity of earlier redemption at the respective rates per annum stated below.

An interest rate is stated in Table 1 only for those years in which Serial Bonds, if any, mature and apply only to such Serial Bonds. No rate is stated for any year in which all of the Required Principal Payment is to be made through Mandatory Sinking Fund Redemption. The amount of Serial Bonds maturing need not be stated if all of the Required Principal Payment is Serial Bonds. Where less than all of a Required Principal Payment in a year is represented by Serial Bonds maturing during such year, the principal amount of such Serial Bonds is also stated and the balance of such Required Principal Payment is to be made through Mandatory Sinking Fund Redemption.

The principal amount, maturity date and interest rate for each Term Bond, if any, are separately stated in Table 2 below. Each Mandatory Sinking Fund Redemption shall be allocated to the payment of the Serial Bond maturing in the same year or the nearest subsequent year. If the principal amount of a Term Bond, as stated in Table 2, is inconsistent with the total of all Mandatory Sinking Fund Redemption allocations to such Term Bond, the stated principal amount will be disregarded and the Mandatory Sinking Fund Redemption will be used to determine the actual principal amount of such Term Bond. Because the amount of a Required Principal Payment not allocated to a Serial Bond maturity will constitute a Mandatory Sinking Fund Redemption, the amount of such Mandatory Sinking Fund Redemption need not be stated. If the Mandatory Sinking Fund Redemption allocated, such statement is provided for convention only, and an error shall not invalidate this offer.

The principal of all Serial Bonds and Term Bonds, and each Mandatory Sinking Fund Redemption, must be the amount of $5,000 or an integral multiple of $5,000.

This offer shall be null and void if, among other reasons stated herein and in the Notice of Sale, (i) the rate has not been stated for each Serial Bond specified in Table 1 and each Term Bond specified in Table 2; (ii) the principal amount of the Serial Bonds and the Term Bonds do not not together equal $118,345,000.

Subject to the provisions and in accordance with the terms of the Notice of Sale, dated April 13, 1983, which is made a part of this proposal, we hereby offer to purchase all, but not less than all, of the $118,345,000 Series 45 Bonds of the Municipal Assistance Corporation For The City of New York described in the Notice of Sale and below. The Bonds shall bear interest from July 1, 1983, until their maturity or earlier redemption at the respective rates per annum stated below.

An interest rate is stated in Table 1 only for those years in which Serial Bonds, if any, mature and applies only to such Serial Bonds. No rate is stated for any year in which all of the Required Principal Payment is to be made through Mandatory Sinking Fund Redemption. The amount of Serial Bonds maturing shall not be stated if all of the Required Principal Payment is Serial Bonds. Where less than all of a Required Principal Payment is represented by Serial Bonds maturing during such year, the principal amount of such Serial Bonds is also stated; the balance of such Required Principal Payment is to be made through Mandatory Sinking Fund Redemption.

The principal amount, maturity date and interest rate for each Term Bond, if any, are separately stated in Table 2. Each Mandatory Sinking Fund Redemption shall be allocated to the payment of the Term Bond maturing in the same year or the nearest subsequent year. If the principal amount of a Term Bond, as stated in Table 2, is inconsistent with the total of all Mandatory Sinking Fund Redemptions allocated to such Term Bond, the stated principal amount will be disregarded and the Mandatory Sinking Fund Redemption will be as determined the actual principal amount of such Term Bond. Because the amount of a Required Principal Payment not allocated to a Serial Bond maturity will constitute a Mandatory Sinking Fund Redemption, the amount of a Mandatory Sinking Fund Redemption need not be stated. If the Mandatory Sinking Fund Redemption in such statement is provided for convenience only, an error shall not invalidate this offer.

The principal of all Serial Bonds and Term Bonds, and each Mandatory Sinking Fund Redemption, must amount to $5,000 or an integral multiple of $5,000.

This offer shall be null and void if, among other reasons stated herein and in the Notice of Sale, (i) an interest rate has not been stated for each Serial Bond specified in Table 1 and each Term Bond specified in Table 2 or (ii) the principal amount of the Serial Bonds and the Term Bonds do not together equal $118,345,000.

ORDER AS TO AUTHENTICATION
AND DELIVERY OF SERIES 45 BONDS

5 May 1983

United States Trust Company
of New York
45 Wall Street
New York, New York 10005

Ladies and Gentlemen:

We have heretofore delivered to you, as Trustee under the Second General Bond Resolution adopted November 25, 1975, as amended and supplemented (the "Second General Resolution"), by the Municipal Assistance Corporation For The City of New York (the "Corporation"), $118,345,000 principal amount of Series 45 Bonds dated May 1, 1983, in definitive form (the "Bonds"), authorized, printed, executed and issued pursuant to the Second General Resolution and the Series 45 Resolution of the Corporation adopted April 12, 1983, and to be sold in accordance with the Certificate of Determination of the Corporation dated May 5, 1983 and the Official Statement of the Corporation dated April 20, 1983. We have also delivered to you, as Trustee, on April 19, 1983, the $1,000,000 deposit for the purchase price of the Bonds.

You are hereby requested, authorized and ordered as Trustee to authenticate the Bonds and when so authenticated to deliver them, upon receipt of the documents and opinions which together with this order constitute all the conditions precedent to the delivery of the Bonds pursuant to the Second General Resolution and upon receipt of payment in the amount of $115,143,535.85 (representing the purchase price of the Bonds in the amount of $116,048,095.95 minus the sum of $1,000,000 which was received by us as the deposit and delivered to you on April 19, 1983, plus the sum of $95,439.90 which represents the accrued interest on the Bonds from May 1, 1983 to the date hereof) to or in accordance with the order of Salomon Brothers Inc, against their receipt therefor.

MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK

By:  
Deputy Executive Director and Treasurer
CERTIFICATE OF THE DIRECTOR OF THE BUDGET
OF THE STATE OF NEW YORK

I, MICHAEL FINNERTY, Director of the Budget of the State of New York (the "State"), HEREBY CERTIFY as follows:

1. Responsible and knowledgeable officials of the Division of the Budget of the State under my supervision have reviewed the information contained in the Official Statement dated April 20, 1983 (the "Official Statement") of the Municipal Assistance Corporation For The City of New York under the section captioned "Certain Developments Affecting the State."

2. Such section of the Official Statement does not contain any untrue statement of a material fact concerning the State of New York or omit any statement of a material fact necessary to make the statements therein concerning the State, in light of the circumstances under which they were made, not misleading.

3. Such officials have also reviewed the information contained in the Official Statement under the section captioned "Payment of the Bonds-Per Capita Aid."

4. The numerical information concerning the amounts of the Per Capita Aid referred to in such section of the Official Statement and the footnotes which refer to such numerical information are true in all material respects and there are no material omissions, except that with respect to footnote (a) the amount of aid paid by the State in the State's 1978 fiscal year pursuant to section 54 of the State Finance Law was approximately $468 million although the amount payable out of the local assistance fund and paid to the Corporation was as stated.

Witness my signature this 5th day of May 1983.

Michael Finnerty
Director of the Budget
State of New York
CERTIFICATION OF THE COMMISSIONER
OF TAXATION AND FINANCE

I, Roderick G. W. Chu, Commissioner of Taxation and Finance of the State of New York, do HEREBY CERTIFY as follows:

I have reviewed the tabular data and footnotes set forth under the charts "Quarterly Collections of Sales and Compensating Use Taxes in the City" and "Quarterly Collections of Stock Transfer Tax" contained in the Official Statement of the Municipal Assistance Corporation for the City of New York dated April 20, 1983, with respect to the Series 45 Bonds (th Official Statement") under the sections captioned "Payment of the Bonds--Sales Tax" and "Payment of the Bonds--Stock Transfer Tax." Such tabular data and footnotes are accurate in all material respects and there are no material omissions.

This Certification constitutes my sole opinion and conclusion, and I express no opinion nor give certification with respect to any other portion of the Official Statement.

IN WITNESS WHEREOF, I have hereunto set my hand this 5th day of May 1983.

Commissioner
CERTIFICATE OF THE DIRECTOR OF MANAGEMENT AND BUDGET
OF THE CITY OF NEW YORK

Series 45 Bonds

I, ALAIR A. TOWNSEND, Director of Management and Budget of The City of New York (the "City"), on behalf of the City and to the best of my knowledge and belief, do HEREBY CERTIFY as follows:

1. I have reviewed the information contained in the Official Statement dated April 20, 1983 relating to the Series 45 Bonds of the Municipal Assistance Corporation For The City of New York (the "Corporation") under the section captioned "Part 9--Certain Developments Affecting the City." Certain of such information which is referred to in the paragraphs numbered 2 through 24 of this certificate represents certain public information contained in the official reports, statements or other documents of the City, including a final Official Statement issued February 25, 1983, by the City in connection with the sale of $201.7 million aggregate principal amount of its general obligation bonds. Reference should be made to such official reports, statements, Official Statement, or other documents for a more complete expansion of such information.

2. The information set forth in such section under the subheading "Fiscal Years 1975-1982" to the effect that the City, after it lost access to the public credit markets, took a number of steps which were intended to enable it to balance its budget and to regain access to the public credit markets, including accounting reforms and development of a three-year financial plan (the "Three Year Financial Plan"), is accurate and not misleading in any material respect.

3. The information contained in such section under the subheading "Fiscal Years 1975-1982" to the effect that the City, among other actions, took steps to reduce the number of its employees, entered into labor contracts consistent with
the assumptions contained in the Three Year Financial Plan and with the wage guidelines adopted by the Control Board (as defined in the Official Statement), began charging general tuition at the City University of New York, and received additional State and Federal aid, is accurate and not misleading in any material respect.

4. The information set forth in such section under the subheading "Fiscal Years 1975-1982" with respect to: (a) the City's failure to regain access to the public credit markets during its 1978 fiscal year; (b) actions proposed by the City and others to provide for the City's long-term financing through the 1982 fiscal year and to enable the City to reenter the public credit markets; and (c) the results of those proposals, is accurate and not misleading in any material respect.

5. The information set forth in such section under the subheading "Fiscal Years 1975-1982" to the effect that: (a) in March 1981, the City reentered the long-term public credit markets with an issue of $75 million of its bonds and in July and November 1981, the City sold another $100 million and $75 million of its bonds; (b) in March 1982, the City sold an additional $75 million of its bonds, thereby exceeding its portion of the bonds to be sold publicly during the 1982 fiscal year under the Debt Issuance Plan; (c) in fiscal 1983 the City has sold approximately $352 million of its bonds; (d) these bond issues are rated investment grade by Standard & Poor's Corporation; (e) Moody's Investors Service, Inc. rates these bond issues at the highest non-investment grade rating; (f) since 1979, the City has been able to obtain an increasing portion of its seasonal financing needs through the sale of short-term notes to the public; (g) in the 1981 and 1982 fiscal years, the City obtained all of its seasonal financing requirements through the sale of short-term notes to the public; and (h) the City has sold $700 million of its short-term obligations for seasonal financing purposes.
in the 1983 fiscal year, thereby satisfying its projected requirement for such year, is accurate and not misleading in any material respect.

6. The information set forth in such section under the subheading "Fiscal Years 1975-1982" to the effect that: (a) pursuant to the Act and the Emergency Act, the City is required to submit to the Control Board by May 12 of each year a financial plan for the next four fiscal years, covering the City and certain agencies subject to the provisions of the Emergency Act (the "covered organizations"); (b) the four year financial plan must be reviewed quarterly and may be modified from time to time during the fiscal year upon request of the City and approval of the Control Board; (c) the Emergency Act requires that the City provide for a budget balanced in accordance with GAAP for fiscal 1982 and thereafter, and (d) the City's budget for the 1981 and 1982 fiscal years was balanced in accordance with GAAP, is accurate and not misleading in any material respect.

7. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that the City withdrew its May 1982 submission of a proposed financial plan, stating that it was unable to prepare a complete financial plan for the 1983 through 1986 fiscal years pending, among other things, labor settlements which were not concluded until October 1982, and that an interim plan covering only fiscal 1983 (the "1983 Interim Plan") was formulated and adopted by the Control Board on June 30, 1982, is accurate and not misleading in any material respect.

8. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that as a result of the continued uncertainty with respect to the local impact of the weak national economy and the labor
settlements with the City's employees, the Mayor: (a) in October 1982 instituted a temporary hiring freeze and (b) ordered all City agencies to prepare plans to achieve expenditure reductions aggregating 2.25% in the 1983 fiscal year and 7.5% in the 1984 fiscal year, is accurate and not misleading in any material respect.

9. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that on November 17, 1982, the City submitted to the Control Board a financial plan for fiscal 1983 through 1986 (the "1983 Proposed Plan") which: (a) cited the increased costs of the labor settlements and the effects of the lingering national recession as major factors necessitating revision in revenue and expenditure projections from those stated in the Adopted Budget; (b) estimated that an additional $248 million in labor costs and a $100 million shortfall in projected tax revenues, partially offset by a $7 million increase in projected miscellaneous revenues, would create a $341 million budget gap in the 1983 fiscal year and that an additional $755 million of labor costs and $103 million in tax revenue reductions in the 1984 fiscal year, when added to an already projected gap of $406 million and a projected reduction in miscellaneous revenues of $76 million, would result in a $1.34 billion budget gap for fiscal 1984; (c) included the costs of recently concluded labor settlements but assumed a 2% increase in labor costs beginning in the 1985 fiscal year; and (d) proposed certain actions to reduce expenditures and raise revenues which it projected would result in a budget surplus of $13 million in the 1983 fiscal year, and budget gaps of $841 million, $1.084 billion, and $922 million in fiscal 1984 through 1986, respectively, is accurate and not misleading in any material respect.

10. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that the City, in the 1983 Proposed Plan,
proposed a variety of measures to eliminate the 1983 projected gap and partially alleviate the 1984 projected gap, including expenditure reductions of $148 million and $280 million in agency spending in the 1983 and 1984 fiscal years, respectively, which would include (a) personnel reductions to be accomplished through attrition and reorganization, (b) reductions in previously projected debt service and the general reserve, and (c) bookkeeping amendments related to pension cost estimates, is accurate and not misleading in any material regard.

11. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that: (a) revenue enhancement programs set forth in the 1983 Proposed Plan consisted largely of proposed additional tax measures and State aid; (b) the proposed tax package was subject to the approval of the State Legislature or City Council or both, and, if enacted, was sought to provide the City with $22 million in fiscal 1983 and $200 million of an estimated maximum yield of $388 million, in fiscal 1984; (c) the proposed tax package included a new 10% tax on capital gains realized from real estate transfers valued over $1 million, increases in the real estate tax and commuter earnings tax rates, and accelerated collections of certain corporations' estimated tax liabilities, conforming City practice to Federal tax requirements, and (d) the 1983 Proposed Plan contained $200 million of additional State aid for the 1984 fiscal year, a reduction from $297 million assumed for that year in the revised financial plan for the 1982 through 1985 fiscal years submitted to the Control Board in April 1982, is accurate and not misleading in any material respect.

12. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that the budget gaps remaining for fiscal 1984 through 1986, after giving effect to the expenditure reductions and revenue
enhancements set forth in such subsection, were expected to be closed through a combination of City and State actions for such years, including Federal actions in fiscal 1985 and 1986, certain of which were expected to be detailed in the January submission of the City's 1984 preliminary budget, is accurate and not misleading in any material respect.

13. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that (a) the City revised the 1983 Proposed Plan and, on December 22, 1982 submitted a complete Financial Plan for the City and the covered organizations, including the TA, covering the 1983 through 1986 fiscal years, (the "1983 Revised Plan"); (b) the 1983 Revised Plan, after giving effect to additional reductions in the City work force, the receipt of accelerated corporate tax payments (a component of the City's tax package set forth in the 1983 Proposed Plan which has been enacted at the State level), and an expected reduction in certain additional State aid set forth in the 1983 Proposed Plan, projected a City budget balanced for fiscal 1983 and a gap for fiscal 1984 of $611 million; (c) the City proposed to close the projected 1984 gap with a combination of revenue enhancements and expenditure reductions beyond those contained in the 1983 Proposed Plan, including a projected reduction of 14,400 City-funded positions by the end of fiscal 1984, 9,400 above the reduction level reflected in the 1983 Proposed Plan, including 6,600 through attrition, 1,200 through the elimination of planned personnel additions and possible layoffs of up to 6,600 employees; and a proposed additional $100 million in taxes which may include a tax on securities transfers; and (d) the City did not withdraw its request for additional State aid, the receipt of which would ameliorate the need to implement all or a portion of the expenditure reductions and additional revenues included in the 1983 Revised Plan, is accurate and not misleading in any material respect.
14. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that the 1983 Revised Plan was approved by the Control Board on December 22, 1982, is accurate and not misleading in any material respect.

15. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that (a) on January 18, 1983, the City submitted a proposed modification (the "January Modification") of the 1983 Revised Plan to the Control Board which modification, as supplemented for fiscal 1987, also satisfied certain City Charter requirements; (b) the January Modification projects a GAAP-balanced budget for fiscal 1983 and budget gaps of $580 million, $882 million, and $748 million for the 1984 through 1986 fiscal years, respectively; and (c) the supplemental information provided to the Board of Estimate and City Council projects a budget gap of $710 million for the 1987 fiscal year, is accurate and not misleading in any material respect.

16. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that the January Modification (a) includes measures necessary for the City to balance its budget in fiscal 1984; and (b) takes account of continuing reductions of City revenues, is accurate and not misleading in any material respect.

17. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that (a) the January Modification reflects the tax measures proposed in the 1983 Revised Plan with the addition of a proposed temporary stock transfer tax surcharge estimated to provide the City with additional revenues of $150 million annually over a three year period, if enacted; (b) revenues
from these taxes are estimated to provide a maximum of $498 million, of which $260 million is sought by the City for fiscal 1984 and (c) these taxes are subject to the approval of the State Legislature or City Council or both, is accurate and not misleading in any material respect.

18. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that (a) the City did not project State aid measures in the January Modification beyond those contained in the 1983 Revised Plan but continued to request additional State aid and proposed measures which, if enacted by the State, would provide relief from certain mandated expenditures; and (b) among the additional revenue measures are the continuation of the State takeover of a portion of Medicaid costs with a view to a phased total resumption of such costs, a redistribution of State aid to education in line with the issues set forth in *Levittown v. Nyquist*, and expanded tax enforcement and increases in user fees, charges and fines, is accurate and not misleading in any material respect.

19. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that (a) the Governor's Executive Budget submitted on February 1, 1983 proposed certain aid measures for the City; (b) the net effect of the proposed additional aid would provide in excess of $200 million above State aid levels for fiscal years 1983 and 1984 projected in the January Modification, including the continuation of current funding for Medicaid costs and a redistribution of State education aid, (c) the State budget as enacted provides the City with a net of $34 million in additional aid for fiscal 1983 and 1984 above the levels projected in the January Modification; (d) the Governor proposed a phased five-year takeover of all but 10 percent of the local costs of Medicaid and also proposed that the State assume
100% of the costs of growth in the Medicaid program commencing in calendar 1984; and (e) the State estimates that these provisions, if enacted, would provide the City with an additional $195 million in aid in fiscal 1984, which would represent a $75 million increase above the level of aid which would be received if existing Medicaid appropriation levels were to be continued in the State's fiscal year commencing on April 1, 1984, is accurate except for the items to which reference is made in paragraph 22 of this certificate, and is not misleading in any material respect.

20. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that the City, in the January Modification (a) has revised its estimate of agency spending, including the employee attrition and layoff program, to save $488 million in fiscal 1984 through management improvements, program reductions, changes in funding sources and other reductions, including the reduction in personnel levels of 11,400 employees by the end of fiscal 1984 from the levels contained in the 1983 Adopted Budget, of which 4,600 is expected to result from layoffs; and (b) has also revised downward its estimates for debt service and the general reserve, is accurate and not misleading in any material respect.

21. The information set forth in such section under the subheading "Fiscal Years 1983-1986" to the effect that (a) these revenue and expenditure measures are projected in the January Modification to result in a GAAP-balanced budget for fiscal 1984; and (b) budget gaps for fiscal 1985 through 1987 are projected to be closed by a combination of City, State, and Federal actions, is accurate and not misleading in any respect.

22. The information set forth in such section under the subheading "Fiscal Years 1983 - 1986" to the effect that (a) the January Modification was
approved by the Control Board on February 17, 1983; (b) at a subsequent meeting on April 8, 1983, the Control Board approved certain debt service payment and financing adjustments that would allow the use of $158 million of the current City-projected fiscal 1983 surplus over a two-year period commencing in the 1984 fiscal year, (c) the City expects to submit a proposed fiscal 1984 budget by April 26, 1983, which is expected to reflect a reduced need for additional taxes and lower workforce reductions than those projected in the January Modification, is accurate except with respect to subsection (c) in this paragraph 22, the City submitted the fiscal year 1984 Executive Budget on April 26, 1983 which, in addition to making certain downward adjustments in the January Modification tax package and need for workforce reductions, adjusts the amount of anticipated State aid set forth in paragraph 19 of this certificate to show a net increase of $44 million in aid for fiscal 1983 and 1984 over the levels projected in the January Modification and an additional $120 million of Medicaid-related aid in fiscal 1984 assuming the continuation of existing appropriation levels. Such information is not misleading in any material respect.

23. The information set forth in such section under the subheading "Litigation" in relation to: (a) the 1983 Revised Plan containing provisions for the settlement of judgments and claims, other than real estate tax certiorari proceedings, in the amount of $120 million for each of the 1983 through 1986 fiscal years; (b) numerous real estate tax certiorari proceedings presently pending against the City on grounds of alleged overvaluation of assessed property, inequality of assessments and illegality of assessments and the possible impact on the City of an adverse decision involving these issues; (c) the City's report that as of June 30, 1982, the estimated potential exposure to the City in these proceedings could amount to approximately
$1.36 billion; (d) provision in the 1983 Revised Plan for estimated refunds for overpayment of real estate taxes in the amount of approximately $50 million in each of the 1983 through 1986 fiscal years; (e) legislation with respect to real property assessment and real estate tax certiorari proceedings; and (f) decisions by the Court of Appeals on January 7, 1982 and June 17, 1982, is accurate and not misleading in any material respect.

24. The information set forth in such section under the subheading "Litigation" in relation to: (a) the various proceedings commenced by Consolidated Edison Company of New York, Inc., alleging that the assessments of its real property within the City for the fiscal years 1975 through 1983 were erroneous; (b) the pending action challenging purchases of City bonds by the Teachers' Retirement System; and (c) the action challenging alleged discriminatory practices of certain City retirement systems, is accurate and not misleading in any material respect.

IN WITNESS WHEREOF, I have hereunto set my hand this 5th day of May 1983.

THE CITY OF NEW YORK

Director of Management & Budget
CERTIFICATE OF THE COMPTROLLER
OF THE CITY OF NEW YORK

Series 45 Bonds

I, Harrison J. Goldin, Comptroller of the City of New York, HEREBY CERTIFY as follows:

1. I have reviewed the information contained in the Official Statement relating to the Series 45 Bonds, dated April 20, 1983 as the same may have been heretofore supplemented or amended, of the Municipal Assistance Corporation for the City of New York (the "Corporation") under the section captioned "PART 9 -- Certain Developments Affecting the City". Certain of such information, which is referred to in the paragraphs numbered 2 through 7 of this certificate, represents certain information contained in official reports, statements or other documents made public by the Office of the Comptroller of the City of New York (the "City"). Reference is made to such official reports, statements or other documents for a more complete explanation of such information.

2. The information set forth in such section under the subheading "Fiscal Years 1975-1982" to the effect that the State advanced $800 million to the City in each of the 1975 through 1978 City fiscal years is true and accurate.

3. The information set forth in such section under the subheading "Fiscal Years 1975-1982" relating to provisions for seasonal and long-term financing for the City through June 30, 1978, as described, and to provision for the notes affected by the Moratorium Act (as defined in the Official Statement) is true and accurate.

4. The information set forth in such section under the subheading "Fiscal Years 1975-1982" with respect to the operating deficits reported in accordance with
the accounting principles permitted by State law and estimated in accordance with
GAAP for the 1976 and 1977 fiscal years and the results of the audit of the City's
1978 through 1980 financial statements is true and accurate.

5. The information set forth in such section under the subheading "Fiscal
Years 1975-1982" with respect to the results of the audits of the City's 1981 and
1982 financial statements and the opinion of the independent accountants with re-
spect to the 1982 financial statements is true and accurate.

6. The information set forth in such section under the subheading "Fiscal
Years 1975-1982" with respect to the actions taken by the City during the 1982
fiscal year which had the effect of reducing that year's surplus is true and ac-
curate.

7. The information set forth in such section under the subheading "Litiga-
tion" to the effect that the notes to the City's audited financial statements re-
port certain information regarding outstanding claims against the City, and the
City's estimated potential future liability thereon, is true and accurate.

IN WITNESS WHEREOF, I have hereunto set my hand this 5th day of May, 1983.

(1) Holdover pursuant to law.

3. That each of the said persons named in paragraph 2 is the duly elected or appointed, designated, qualified and acting Director of the Corporation holding the office, if any, indicated above.
4. That the firm of Paul, Weiss, Rifkind, Wharton & Garrison, New York, New York, was appointed General Counsel to the Corporation on June 10, 1975.

5. That the seal of the Corporation, an impression of which appears below, was duly adopted by the Corporation as its official seal, and is the legally adopted, proper and only official seal of the Corporation.

6. That the By-Laws of the Corporation adopted April 7, 1978, as amended March 28, 1979, September 23, 1981 and June 3, 1982 are in full force and effect on the date hereof and have not been repealed, modified or amended.

7. That except as set forth in the final Official Statement dated April 20, 1983, attached to the Record of Proceedings as document no. 1 and by this reference made a part hereof, there is no action, suit, proceeding or investigation at law or in equity before or by any court or public board or body pending (or to the best of the knowledge of the Corporation threatened) against the Corporation or (to the best of the knowledge of the Corporation, no independent investigation having been made) any other person, wherein an unfavorable decision, ruling or finding might in any material respect adversely affect the issuance of the $118,345,000 Series 45 Bonds (the "Series 45 Bonds"), or which in any way might adversely affect provisions for the payment of principal, premium, if any, or interest on the Series 45 Bonds or the validity of the Series 45 Bonds, the Resolutions (as defined below), or any agreement or instrument to which the Corporation is a party which is required in connection with the issuance of the Series 45 Bonds.

8. That the Second General Bond Resolution of the Corporation adopted November 25, 1975, as amended and supplemented (the "Second General Bond Resolution"), and the Series 45 Resolution of the Corporation adopted April 12, 1983 (such resolutions being hereinafter collectively called the "Resolutions"), attached to the Record of Proceedings as documents no. 4 and 5 respectively, copies of which are being delivered contemporaneously herewith to the Trustee named in such Resolutions, which I hereby certify pursuant to Section 202 of the Second General Bond Resolution are true and correct copies of the duly adopted originals thereof in their entireties on file and of record in the principal office of the Corporation and that the same are in full force and effect on the date hereof and have not been repealed, modified or amended.

9. That the Extract of the Minutes of the Meeting of the Corporation attached to the Record of Proceedings as document no. 3 is a true and correct copy of the original thereof on file and of record in the principal office of the Corporation and that the same is in full force and effect on the date hereof and has not been repealed, modified or amended.
10. That the specimens of the Series 45 Bonds attached hereto as Exhibit B are identical in all respects, except as to number and denomination, and name of registered owner, with the Series 45 Bonds this day delivered to the Purchasers (the "Purchasers") referred to in the Certification of Determination for the Series 45 Bonds attached to the Record of Proceedings as document no. 6 (the "Certificate of Determination") and said specimens are substantially in the forms required by the Resolutions.

11. The Notice of Sale of the Corporation dated April 13, 1983 (the "Notice of Sale") and the Official Bid Form of the Corporation, copies of which are attached to the Record of Proceedings as document no. 7, are true and complete copies of the duly approved originals thereof on file and of record in the principal office of the Corporation.

12. The proposals, true and complete copies of which are attached to the Record of Proceedings as document no. 9, were the only proposals received by the Corporation pursuant to the Notice of Sale.

WE, STEVEN J. KANTOR and MAXINE H. GILLMAN, Deputy Executive Director and Treasurer, and Secretary, respectively, of the Corporation, HEREBY CERTIFY as follows:

1. That the Series 45 Bonds delivered to the Purchasers on this date, specimens of which are attached hereto, which Series 45 Bonds are more fully described in the Resolutions and the Certificate of Determination, have been duly and completely executed in the name of the Corporation and on its behalf by the affixing thereon of the facsimile signature of Felix G. Rohatyn, Chairman of the Corporation, who has adopted such signature and the affixing thereof of a facsimile of the official seal of the Corporation attested to by the facsimile signature of Maxine H. Gillman, Secretary of the Corporation, who did and does hereby adopt such signature.

2. That at the time of the signing and execution of the Series 45 Bonds and on the date hereof, Felix G. Rohatyn was and is the duly chosen, qualified and acting Chairman of the Corporation authorized to execute the Series 45 Bonds and Maxine H. Gillman was and is the duly chosen, qualified and acting Secretary of the Corporation authorized to attest to the execution of the Series 45 Bonds.

3. That a facsimile of the seal, an impression of which appears below, has been imprinted on the Series 45 Bonds, and it is the legally adopted, proper and only official corporate seal of the Corporation.

4. That the Corporation is not in default in the performance of any of the covenants, conditions, agreements or provisions contained in the Resolutions or
the General Bond Resolution adopted by the Corporation on July 2, 1975, as amended and supplemented (the "First General Bond Resolution").

5. That (a) the maximum amount of principal and interest maturing or otherwise becoming due in the current or any succeeding Fiscal Year on any outstanding obligations issued pursuant to the First General Bond Resolution and the Outstanding Note Resolutions is $343,718,350; (b) the aggregate amount of principal on Serial Bonds, the Sinking Fund Installments, maturities of Term Bonds not required to be paid from Sinking Fund Installments and interest on all Outstanding Bonds, including the Series 45 Bonds, for each Fiscal Year is as set forth in Exhibit A attached hereto; and (c) the aggregate estimated amount of Operating Expenses for the current Fiscal Year is $11,200,000. (All defined terms in this paragraph number 5 are defined in the Second General Bond Resolution.)

6. That the aggregate of (i) the amount set forth in the Certificate of the New York State Commissioner of Taxation and Finance, a copy of which is attached to the Record of Proceedings as document no. 16, as representing the Sales Tax and Stock Transfer Tax, and (ii) the amount set forth in the certificate attached to the Record of Proceedings as document no. 17, as representing the actual amount of Per Capita Aid apportioned and paid into the Special Aid Account, after deducting (iii) the aggregate amount set forth in paragraphs 5(a) and 5(c) herein, will be at least 2.0 times the aggregate amount set forth in paragraph 5(b) herein, and maximum annual debt service on notes of the Corporation not issued under the Second General Bond Resolution or the First General Bond Resolution, for each Fiscal Year set forth pursuant to paragraph 5(b) herein.

7. That the information concerning the Corporation and the Bonds in the final Official Statement dated April 20, 1983 does not contain any untrue statement of a material fact or omit any statement of such a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

8. That the Bonds and the Resolutions conform in all material respects to the descriptions thereof in the Official Statement.

9. That with regard to any representations, agreements or descriptions with respect to the final Official Statement, this certificate is based on the final Official Statement as the same may have been supplemented or amended as of the date hereof.
10. That the Corporation has not issued any Bonds, Notes or Other Obligations which would cause the aggregate amount of principal on Serial Bonds, the Sinking Fund Installments, maturities of Term Bonds not required to be paid from Sinking Fund Installments and interest on all Outstanding Bonds, and the principal of and interest on Notes and the interest on Other Obligations to be paid in any one Fiscal Year to exceed four hundred twenty-five million dollars. (All defined terms in this paragraph number 10 are defined in the First General Bond Resolution.)

IN WITNESS WHEREOF, we have hereunto set our hands and the seal of the Corporation this 5th day of May, 1983.

SERIES 45 BOND

8.65% DUE JULY 1, 1989

This Bond is not registered in any name and holds the irrevocable obligation of the Corporation to pay the principal of this Bond and the interest thereon at the dates and at the rates fixed therein. The Corporation is an instrumentality of the State of New York for the purpose of providing funds for the development, improvement and extension of its public service facilities, including public housing projects, water, sewer and public service system projects, and facilities and activities necessary for the operation of such projects. The Corporation has all the powers and rights which are possessed and exercisable by the State of New York. The Corporation's obligations are not the obligation of the State of New York.
I, Roderick G. W. Chu, Commissioner of Taxation and Finance of the State of New York, do HEREBY CERTIFY as follows:

A. Reference is made to the Second General Bond Resolution (the "Resolution") adopted November 25, 1975 by the Municipal Assistance Corporation for the City of New York (the "Corporation"). All terms defined in the Resolution are used in this certificate with the meanings ascribed to them at the indicated page in the Resolution.

B. 1. The most recent collections for the twelve (12) consecutive calendar months ended March 31, 1983 of the Sales Tax (p. 4) after deduction of cost of administering, collecting and distributing such tax was $1,388,612,588.

2. The most recent collections for the twelve (12) consecutive calendar months ended March 31, 1983 of the Stock Transfer Tax (p. 5) after deduction of cost of administering, collecting and distributing such tax was $ 792,946,315.

3. The most recent collections for the twelve (12) consecutive calendar months ended March 31, 1983 of other taxes which, as of the date hereof, are levied and collected by New York State and are payable into the Special Account in the Municipal Assistance Tax...
Fund described in section 92-d of the State Finance Law established for the Corporation was 

\[
\text{Total of } \frac{0}{2,181,558,903}
\]

The figures for Sales Tax, Stock Transfer Tax, and the total of these two taxes are rounded to the nearest whole dollar. Although each of these figures is correct, the sum of the figures for Sales Tax and Stock Transfer Tax may not equal the figure for the total of these two taxes due to the rounding of the figures.

C. The total amount of $2,181,558,903 for the twelve (12) consecutive calendar months ended March 31, 1983 as set forth in Paragraph B above (taking into account, among other factors, those factors set forth in Paragraph E below), is less than the revenues expected by me, taking into account the statements set forth in Paragraph D below, for the next succeeding twelve (12) consecutive calendar months from the Sales Tax and Stock Transfer Tax.

D. While the undersigned believes that it is not presently possible to predict the effect of a future material adverse change in the economic and/or financial conditions of the State of New York and/or the City of New York upon the Sales Tax and Stock Transfer Tax revenue the undersigned, as of this date, has no reasonable basis upon which to form a conclusion that the total revenues for the next succeeding twelve (12) consecutive calendar months commencing April 1, 1983 from the Sales Tax and Stock Transfer Tax will be less than $2,181,558,903.

E. With respect to Sales Tax collection for the twelve (12) consecutive calendar months ended March 31, 1983, several factors which occasioned a change in the pattern of revenue flow from and distribution of Sales Tax during the period should be noted. Such factors include the requirement of monthly filing by certain large vendors, an authorized method of monthly payments on a historical basis and distribution of Sales Tax on such basis.

Commencing March 1976, in addition to regular quarterly reporting, a monthly sales tax report and remittance was required from certain large vendors, i.e., all vendors with taxable receipts of $300,000 or more in any quarter of the preceding four quarters. Such vendors are also required to make an estimated payment of Sales Tax
liability for the month of March by the twentieth (20th) day thereof. In filing and making such monthly report and remittance, such large vendors may estimate sales tax liability for certain months based upon historical experience rather than upon actual sales tax liability for such months. Moreover, commencing March 1976, Sales Tax distribution to the Special Tax Account of the Corporation is made upon a historical rather than upon an actual basis and commencing June 1, 1980, a greater consideration is given to current unverified vendor quarterly collection data in making distribution for a quarterly period. As a consequence, in order to reflect actual experience, adjustments to subsequent distributions to such Special Account will be required to be made from time to time during the twelve (12) consecutive calendar months commencing April 1983. Overdistributions were made to the Special Account which ranged from $221,401 to $11,122,699 for certain prior periods. The State Department of Taxation and Finance has made reductions in subsequent distributions to the Special Account to reflect these overpayments and, in addition, has made increases in distributions commencing January 1976 in approximate amounts ranging from $117,000 to $9.8 million to reflect underdistributions for certain prior periods. The statements herein do not purport to be a full and complete statement of existing law and its effect and reference is made to Chapter 89 of the Laws of 1976 and all amendments thereto.

In addition, legislation (Chapter 878 of the Laws of 1977) with respect to the Stock Transfer Tax alters the pattern of flow of Stock Transfer Tax moneys into the Stock Transfer Tax fund. However, it is not expected, at the present time, that such legislation or the implementation of a nationwide market system in securities pursuant to Congressional mandate and Securities and Exchange Commission rules would occasion a change in my expectations set forth in Paragraph C above.

IN WITNESS WHEREOF, I have hereunto set my hand on this 5th day of May 1983.

RODERICK G. W. CHU

To: United States Trust Company of New York as Trustee
under the Resolution (as defined above).
CERTIFICATE OF THE DIRECTOR OF THE BUDGET
OF THE STATE OF NEW YORK

I, Michael Finnerty, Director of the Budget of the State of New York, do HEREBY CERTIFY as follows:

The amount of per capita aid payable to The City of New York pursuant to Section 54 of the State Finance Law, as amended, available to be apportioned and paid into the Special Aid Account of the Municipal Assistance Corporation For The City of New York in the Municipal Assistance State Aid Fund established pursuant to Section 92-e of the State Finance Law for the fiscal year of the State ending March 31, 1984 is $484,037,000.

IN WITNESS WHEREOF, I have hereunto set my hand this 5th day of May 1983.

Michael Finnerty
Director of the Budget
State of New York
I. GENERAL

1.1 I, Steven J. Kantor, Deputy Executive Director and Treasurer of the Municipal Assistance Corporation For The City of New York (the "Corporation"), HEREBY CERTIFY with respect to the Corporation's $118,345,000 Series 45 Bonds (the "Bonds") which are being issued and delivered on the date of this certificate pursuant to a general bond resolution of the Corporation dated November 25, 1975, as amended and supplemented (the "Second Resolution") and a series resolution adopted April 12, 1983 (the "Series Resolution"), as follows:

1.2. I am an officer of the Corporation charged with the responsibility for issuing the Bonds.

1.3. This certificate is made for the purpose of establishing the reasonable expectations of the Corporation as to the amount and use of the proceeds of the Bonds. It is intended and may be relied upon as a certification described in Section 1.103-13(a)(2)(ii) of the Treasury Regulations under Section 103(c) of the Internal Revenue Code of 1954, as amended (the "Code") and is being executed and delivered as part of the record of proceedings in connection with the Bonds.

1.4. The Commissioner of Internal Revenue has not published notice of, nor has the Corporation been notified of any listing or proposed listing of the Corporation by the Internal Revenue Service as an issuer whose certification may not be relied upon for arbitrage purposes by holders of its obligations.

1.5. This certificate sets forth the facts, estimates and circumstances now in existence which are the basis for the Corporation's expectation that the proceeds of
the Bonds will not be used in a manner that would cause the Bonds to be arbitrage bonds under Section 103(c) of the Code. To the best of my knowledge and belief, the expectations contained herein, including the expectations relating to the use of the proceeds of the Bonds, are reasonable and there are no other facts, estimates or circumstances that would materially change such expectations.

II. PURPOSES OF ISSUE

2.1. The Corporation is issuing the Bonds pursuant to the modification to and extension of the four year plan of financing developed in November 1978 (the "Four Year Plan"), which is designed to provide alternative methods of financing the capital program of the City of New York (the "City") until such time as the City has regained full access to the long-term public credit markets. In order to implement the objectives of the modified Four Year Plan, the proceeds of the Bonds will be used to finance a portion of the City's capital requirements through the purchase of bonds issued by the City (the "City Bonds").

2.2. The original proceeds of the Bonds will not exceed the amount necessary for the purposes of the issue.

III. AMOUNT AND USE OF PROCEEDS

3.1. The proceeds from the sale of the Bonds are $116,048,095.95 (exclusive of original issue discount of $2,296,904.05 and of accrued interest on the Bonds for 4 days of $95,439.90). All of such proceeds will be used to finance City capital requirements through the purchase of City Bonds.
3.2 The accrued interest on the Bonds in the amount of $95,439.90 will be applied on July 1, 1983, to payment of interest on all bonds of the Corporation issued pursuant to the Second Resolution and may be invested prior to such expenditure without restriction as to yield.

3.3 With respect to the proceeds of the Bonds to be used to finance City capital requirements through the purchase of City Bonds:

a. Section 3037 of the New York State Municipal Assistance Corporation Act, as amended (the "Act"), requires the Corporation to take back City Bonds in exchange for monies paid to the City for true capital purposes, and the Series Resolution sets forth as the purpose for the issuance of the Bonds the payment of the proceeds to the City as required for capital financing purposes. As a result of Section 3037 of the Act and the terms of the Series Resolution, the Corporation, by issuing the Bonds, has entered into a binding commitment to purchase the City Bonds.

b. The City will use the proceeds of sale of the City Bonds to finance a portion of its capital program. The Corporation reasonably expects, on the basis of a letter from the Comptroller's office and the Office of Management and Budget of the City attached hereto as Exhibit B and an arbitrage certificate of the City to be delivered at such time(s) as the City Bonds are purchased pursuant to the Bond Purchase Agreement, that such proceeds will be used in a manner consistent with the arbitrage regulations promulgated under Section 103(c) of the Code as though the City Bonds had been issued as of the date hereof.
c. All such proceeds will be expended on or before May 5, 1986, upon certification by the City for its capital financing requirements as described in Exhibit B, and will be invested without restriction as to yield during the interim. Interest received from the investment of these proceeds will be deposited in the Bond Service Fund, will be applied to the payment of debt service on all Second Resolution Bonds within one year of receipt, and will be invested without restriction as to yield during the interim.

3.4. The Corporation will use principal and interest payments to be received on the City Bonds for debt service on all its outstanding obligations. Such payments will be deposited in either the Debt Service Fund (for obligations issued under a general bond resolution of the Corporation dated July 2, 1975) or the Bond Service Fund (for Second Resolution Bonds), as described in paragraph 5.2 herein, will be so used within one year of receipt, and will be invested without restriction as to yield during the interim.

IV. TERMS OF THE BONDS AND CALCULATION OF YIELD

4.1 The date, maturities, denominations, rates of interest and redemption features of the Bonds are shown on Exhibit A attached hereto.

4.2 The Bonds were sold pursuant to a competitive bidding process. The Corporation accepted the bid of the underwriting syndicate whose structure, rates of interest, and proposed purchase price for the Bonds, within the parameters set by the Corporation, produced the lowest true interest cost to the Corporation, as calculated by the Corporation. The Bonds have been offered to the public at the prices listed on Exhibit A attached hereto, plus accrued interest. As a result of the competitive
bidding process and the resale of the Bonds to the public by the successful bidder which has occurred to date, the Corporation believes that the initial offering prices of the Bonds to the public purchasers thereof at the time of the sale thereof to the successful bidder reasonably reflects the fair market value of the Bonds applicable in the established tax-exempt securities market.

V. DEBT SERVICE

5.1. The Corporation expects to pay debt service on the Bonds from amounts received from the State of New York (the "State") as per capita state aid and, to the extent necessary and available, from revenues from the State sales tax imposed only in the City of New York and State stock transfer tax (collectively, the "Revenues"), as well as monies received as principal and interest payments on City Bonds, which are deposited in the Bond Service Fund.

5.2. The Bond Service Fund is a debt service fund for all bonds of the Corporation issued pursuant to the Second Resolution. It is expected that the amount of Revenues, principal and interest payments on all City Bonds held by the Corporation and all other amounts which may be deposited in the Bond Service Fund will be expended on the payment of debt service on all such bonds within 13 months of the date of deposit. Further it is expected that the amount deposited in the Bond Service Fund will be depleted at least once a year except possibly for a carryover amount which will not exceed the greater of one year's earnings on such Fund or one-twelfth of annual debt service. Consequently, monies deposited in the Bond Service Fund may be invested without restriction as to yield.
5.3. The Bonds will be secured by the Capital Reserve Fund established under the Second Resolution. Such Capital Reserve Fund is a debt service reserve fund for all bonds issued pursuant to the Second Resolution. Moneys in such fund are derived both from Revenues (as defined in Section 5.1 hereof) and from proceeds of the Corporation's bonds and do not substantially exceed on any given date debt service on all Second Resolution Bonds coming due in the succeeding calendar year(s) taking into account the terms of letter rulings issued to the Corporation by the Internal Revenue Service on April 29, 1980 (as supplemented and clarified) and on March 23, 1981 (the "Letter Rulings"). This amount has never exceeded, and will never exceed, 15% of the face amount of all bonds issued pursuant to the Second Resolution, taking into account the terms of the Letter Rulings. No proceeds of the Bonds will be deposited in such Fund.

5.4. The Corporation has not created, nor intends to create or establish, any funds other than the Bond Service Fund and the Capital Reserve Fund established under the Second Resolution for the payment of debt service on the Bonds or which may be pledged as security for the Bonds. While other funds and accounts of the Corporation are subject to a general pledge in favor of the holders of the Bonds, if amounts in such funds and accounts are needed for corporate purposes of the Corporation other than the payment of debt service on the Bonds, they will be so used. Accordingly, it cannot be said with any reasonable assurance that any of these amounts will be available for the payment of debt service on the Bonds if such need should ever arise.

5.5. Interest received from the investment of amounts deposited in the Bond Service Fund will be expended on the payment of debt service within one year of receipt and will be invested without restriction as to yield during the interim.
5.6. Interest received from the investment of amounts deposited in the Capital Reserve Fund established under the Second Resolution will be retained for investment in such Fund to the extent permitted by the terms of the Letter Rulings. Any substantial excess amount, taking into account the terms of the Letter Rulings, will be transferred to the Bond Service Fund and expended on the payment of debt service within one year of receipt.

IN WITNESS WHEREOF, I have hereunto set my hand this 5th day of May, 1983.

Attn: Mr. Steven Kantor

Re: $118,345,000 Series 45 Bonds
Dated as of May 1, 1983

Dear Sirs:

In connection with the issuance by the Municipal Assistance Corporation for the City of New York (the "Corporation") of its $118,345 million Series 45 Bonds, dated as of May 1, 1983, and the proposed use of all the proceeds thereof to purchase bonds to be issued by the City of New York (the "City"), we hereby advise you that the City will sell to the Corporation on or before May 5, 1986, its bonds (the "Bonds") in an aggregate principal amount at least equal to $118,345 million and that, on or before such date, the City will use the proceeds of the Bonds for the purpose of financing capital expenditures for capital improvement projects permitted to be included in its capital budget for the fiscal year during which the City issues the Bonds, or to reimburse its General Fund for temporary advances authorized to be made for such purposes. The City has incurred as of the date hereof, or reasonably expects to incur within six months or, to the extent there are good business reasons, within one year, from the date hereof, substantial binding obligations to commence or acquire capital improvement projects undertaken for the purposes for which the Bonds will be issued.

In addition, the City reasonably expects to proceed with due diligence to completion on capital improvement projects, in-
cluding those to be financed with such proceeds of the Series 45 Bonds, having at least the periods of probable usefulness set forth in Exhibit A after substantial binding obligations have been incurred.

Very truly yours,

Harrison J. Goldin

CERTIFICATE OF THE TREASURER OF THE
MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK

I, STEVEN J. KANTOR, Treasurer of the Municipal Assistance Corporation For The City of New York (the "Corporation"), HEREBY CERTIFY as follows:

1. That, after the issuance of the Corporation's Series 45 Bonds in the aggregate principal amount of $118,345,000, the Capital Reserve Fund Requirement (the "Requirement"), as defined in the Corporation's Second General Bond Resolution adopted November 25, 1975 (the "Resolution") and in Section 3036-a of the Act, as defined in the Resolution (the "Act"), is $740,307,000 which is the amount of principal and interest maturing or otherwise coming due in calendar year 1984 on all bonds issued and outstanding under the Resolution.

2. That, as of March 31, 1983, the Capital Reserve Fund established by Section 602 of the Second General Bond Resolution consists of monies and securities, valued in accordance with the Resolution and the Act, in the amount of $751,034,000 and, as of the date hereof, the value of the Capital Reserve Fund is not less than $751,034,000.

3. That, as of the date hereof, no additional deposit into the Capital Reserve Fund from the proceeds of the sale of the Series 45 Bonds or otherwise is required under Section 606 of the Resolution and Section 3036-a of the Act in order to maintain or restore the amount in the Capital Reserve Fund to the amount of the Requirement; and

4. That, after the issuance of the Series 45 Bonds, and assuming the exercise of all outstanding warrants, the Corporation will have issued $8,854,531,813 aggregate principal amount of bonds and notes, excluding bonds and notes issued to refund outstanding bonds and notes.

IN WITNESS WHEREOF, I have hereunto set my hand this 5th day of May, 1983.

Steven J. Kantor
Treasurer
To the Board of Directors of

Municipal Assistance Corporation
For The City of New York

In accordance with Mr. Stephen J. Weinstein's letter request of April 25, 1983, we have performed the procedures enumerated below with respect to the total amount of bonds and notes issued by the Municipal Assistance Corporation For The City of New York (the Corporation) from its inception on June 10, 1975 through and including the issuance of Series 45 Bonds on May 5, 1983, as set forth in the accompanying exhibits. Our review was made solely to assist you and your attorneys in determining the total amount of bonds and notes issued, and our report is not to be used for any other purpose. The procedures we performed are summarized as follows:

EXHIBITS II AND III:

1. We compared the amounts representing par amount of bonds issued to the corresponding amounts in the closing documents prepared in connection with the indicated issuances, except for Series 28 and 36 bonds which were issued pursuant to the exercise of warrants (see 4. below), and found such amounts to be in agreement.

2. We compared the amounts representing the par amount of bonds issued to refund previously issued bonds to the amounts computed by multiplying the percentage relationship of proceeds used to refund previously issued bonds to the total proceeds from the issuance, each as presented in the closing documents prepared in connection with the issuance, by the par amount issued by series and found such amounts to be in agreement except for immaterial rounding differences.
3. We compared the amounts representing statutory amount issued to the amount computed by subtracting the amounts labelled "refunding" from the amounts labelled "par amount issued" for the respective series and found such amounts to be in agreement.

4. We compared the information contained in footnotes 2 and 3 of Exhibit III, relating to the amounts of Series 28 and 36 bonds issued, to the unaudited financial statements of the Corporation for the nine month period ended March 31, 1983 and found such information to be in agreement.

EXHIBIT IV:

5. We compared the amounts representing the par value of notes issued to the corresponding amounts in the closing documents prepared in connection with the indicated issuances and found such amounts to be in agreement.

EXHIBIT V:

6. We compared the amounts representing the par amount of bonds authorized to the corresponding amounts in the Series Resolution prepared in connection with the indicated issuance of commercial paper and found such amounts to be in agreement.

Because the above procedures do not constitute an examination made in accordance with generally accepted auditing standards, we do not express an opinion on the total amount of bonds and notes issued by the Corporation during the period June 10, 1975 through and including May 5, 1983. In connection with the procedures referred to above, no matters came to our attention that caused us to believe that the total amount of bonds and notes issued as summarized on Exhibit I might require adjustment. This report relates only to the items specified above and does not extend to any financial statements of the Corporation, taken as a whole.

*See footnotes on following page.*
Footnotes to Exhibit III:

(1) Series 21 and 22 were issued simultaneously at a private placement on December 14, 1979. From the aggregate proceeds of $360,000,000, a total of $328,000,000 was used for refunding.

(2) In February 1981 the Corporation sold $100 million of Series 27 Bonds with detachable warrants which entitle the holders of those Warrants to purchase up to an aggregate of $100 million principal amount of Series 28 Bonds. When the Warrants expired on January 18, 1983, a total of $31,590,000 of Series 28 Bonds had been issued. Since no additional Series 28 Bonds may be issued, this balance only includes the issued Series 28 Bonds.

(3) In November 1981 the Corporation sold $59.505 million of Series 35 Bonds with detachable Warrants which entitle the holders of the Warrants to purchase up to an aggregate of $59.505 million principal amount of Series 36 Bonds. When the Warrants expired on January 18, 1983, a total of $57,600,000 of Series 36 Bonds had been issued. Since no additional Series 36 Bonds may be issued, this balance only includes the issued Series 36 Bonds.

(4) In November 1982 the Corporation sold $100 million of Series 41 Bonds with detachable Warrants which entitle the holders of those Warrants to purchase up to an aggregate of $100 million principal amount of Series 42 Bonds periodically between November 19, 1982 and January 18, 1984. Since the period for issuing Series 42 bonds has not ended, the entire principal amount of $100 million has been included as issued for purposes of this report.

(5) These amounts exclude the Series 37 and 43 Bonds authorized to be issued in connection with the Corporation's commercial paper program (See Exhibit V).

TRUSTEE'S ACCEPTANCE AND CERTIFICATE OF AUTHORITY

United States Trust Company of New York (the Trust Company), as Trustee (the Trustee) appointed by Municipal Assistance Corporation For The City of New York (the Corporation), a public benefit corporation of the State of New York, under and pursuant to the Second General Bond Resolution adopted November 25, 1975, as amended and supplemented, and the Series 45 Resolution adopted by the Corporation on April 12, 1983 (collectively, the Resolutions), authorizing the issuance of the Corporation's Series 45 Bonds (the Bonds) in the aggregate principal amount of $118,345,000, HEREBY CERTIFIES that:

1. The Trust Company accepts the duties and obligations of Trustee under the Resolutions.

2. The Trust Company is duly empowered by the laws of the State of New York to do and to perform all acts and things required of it by the Resolutions.

3. Pursuant to the provisions of the Resolutions and the order of the Corporation dated today, the Trust Company has today authenticated and delivered $118,345,000 principal amount of the Bonds.

4. Each person who authenticated the Bonds was duly elected or appointed, qualified and acting as an authorized officer of the Trust Company and empowered to perform such act, and the attached copy of an Executive Order Pursuant to Article VII of the By-Laws of the Trust Company conferring such authority is a true and correct copy of the original thereof on file in the principal office of the Trust Company and such document as of the date hereof is in full force and effect in accordance with its terms.

5. The Trust Company has received from the Corporation copies of the Resolutions, certified to this day by an Authorized Officer of the Corporation, as required by Section 202.2(3) of the Second General Bond Resolution.
IN WITNESS WHEREOF, the Trust Company has caused this Certificate to be executed by the officers thereunto duly authorized this 5th day of May, 1983.

EXECUTIVE ORDER PURSUANT
TO ARTICLE VII OF THE
BY-LAWS AUTHORIZING
CORPORATE TRUST AND AGENCY DIVISION
SIGNING AUTHORITIES

Pursuant to the authority vested in me by Article VII of the By-Laws of United States Trust Company of New York (the "Trust Company") and in order to facilitate the exercise of the Trust Company's corporate trust and agency powers, the following signing authorities are hereby granted to the officers of the Corporate Trust and Agency Division:

Any officer of such Division shall have authority on behalf of the Trust Company to sign or endorse checks, drafts, notes, and any orders issued by or payable to the Trust Company in any corporate trust or agency capacity;

Any Executive Vice President, Senior Vice President, Vice President, or Assistant Vice President of such Division shall have authority to transfer stocks, mortgages, and securities held by the Trust Company in any corporate trust or agency capacity and to execute deeds of real estate held by the Trust Company in any corporate trust or agency capacity;

Any Executive Vice President, Senior Vice President, Vice President, or Assistant Vice President of such Division shall have authority to execute on behalf of the Trust Company indentures, trust agreements and all other instruments under which the Trust Company is to act in any corporate trust or agency capacity, or relating to the Trust Company's acting in any corporate trust or agency capacity, and to execute on behalf of the Trust Company all contracts, agreements, notes, releases, forms, assignments, security documents, and other instruments contemplated thereby or related thereto;

Any Executive Vice President, Senior Vice President, Vice President, or Assistant Vice President of such Division shall, to the extent permitted by law, have authority to execute any agreements, contracts, or other documents pertaining to the investment of funds held by the Trust Company in any corporate trust or agency capacity; and
Any officer of such Division shall have authority to authenticate, execute, countersign, or certify on behalf of the Trust Company bonds, debentures, and other evidences of indebtedness, coupons, certificates, warrants, and proxies with respect to which the Trust Company is trustee, registrar, depositary, transfer agent, fiscal agent, or other agent, as the case may be, and to certify as to the incumbency and specimen signature of any of the officers of the Corporate Trust and Agency Division. The Chairman of the Board or the President or a Vice Chairman or an Executive Vice President of the Trust Company, or such Senior Vice Presidents of the Trust Company as may be authorized by the Chief Executive Officer, may, from time to time, designate employees who shall be authorized, for and under the supervision of an officer of the Corporate Trust and Agency Division and subject in each case to such conditions or limitations as the Chief Executive Officer may prescribe, to authenticate, execute, countersign, or certify such bonds, debentures, other evidences of indebtedness, coupons, certificates, or warrants and proxies, using the title "Authorized Officer" or "Authorized Signature." The Chairman of the Board or the President or a Vice Chairman or an Executive Vice President of the Trust Company, or such Senior Vice Presidents of the Trust Company as may be authorized by the Chief Executive Officer, may also, from time to time, designate employees who shall be authorized, for and under the supervision of an officer of the Corporate Trust and Agency Division, and subject in each case to such conditions or limitations as the Chief Executive Officer may prescribe, to sign advices, receipts, and other documents in connection with the transfer, receipt, delivery, subscription, redemption or exchange of securities, guarantee signatures upon sale, transfer or assignment of stocks and bonds, and erasures in connection therewith, using the title "Authorized Officer" or "Authorized Signature."

The Municipal Assistance Corporation
For The City of New York
Suite 8901
One World Trade Center
New York, New York 10048

Dear Sirs:

We have been requested by the Municipal Assistance Corporation For The City of New York, a corporate governmental agency and instrumentality of the State of New York constituting a public benefit corporation (the "Corporation"), to furnish our opinion as to the matters herein set forth in connection with the sale of the Corporation's Series 45 Bonds (the "Bonds").

In this connection, we have examined the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation For The City of New York Act, being Titles I, II and III of Article 10 of the Public Authorities Law, each as further amended (the "Act"), the final Official Statement of the Corporation, dated April 20, 1983, with respect to the Bonds, as amended or supplemented to the date hereof (the "final Official Statement"), the By-Laws of the Corporation, records of its corporate proceedings, including the Second General Bond Resolution and the Series 45 Resolution adopted by the Board of Directors of the Corporation on November 25, 1975 and on April 12, 1983, respectively (the "Resolutions"), and the Certificate of Determination of the Corporation dated May 5, 1983 (the "Certificate of Determination"), and have made such further examination of law and fact as we considered necessary in order to form the opinions herein expressed.

Based on the foregoing, we are of the opinion that:

1. The Corporation is a corporate governmental agency and instrumentality of the State of New York (the "State") constituting a public benefit corporation, duly created by and validly existing under the Act, with the right and power under the Act, to adopt the Resolutions and to issue the Bonds thereunder and under the Certificate of Determination.

2. Under the Act, it is a purpose of the Corporation to assist The City of New York (the "City") in providing essential services to its inhabitants without interruption and in creating investor confidence in the soundness of the obligations of the City.

3. The issuance of the Bonds has been duly authorized by proper corporate proceedings of the Corporation. The Resolutions have been duly and lawfully adopted by the Corporation and both are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms except as enforceability may be limited by bankruptcy, moratorium or similar laws validly enacted and applicable to the rights of the holders of the
Bonds, and no other authorization for, or filing or recording of, the Resolutions is required. Anything in this opinion to the contrary notwithstanding, we express no opinion with respect to the 1978 State Covenant as that term is defined in the final Official Statement.

4. The Bonds have been duly authorized, executed, authenticated, issued and delivered and constitute legal, valid, binding, direct and general obligations of the Corporation and are entitled to the benefits of the Resolutions except as enforceability may be limited by bankruptcy, moratorium or similar laws validly enacted and applicable to the rights of holders of the Bonds.

5. The execution, delivery and receipt of the final Official Statement, the Bonds and the Resolutions, under the circumstances contemplated by the final Official Statement, and compliance with the provisions thereof, will not conflict with or constitute on the part of the Corporation a breach of, or a default under, any existing law, court or administrative regulation, decree, order, or any agreement, indenture, mortgage, lease or other instrument, in each such case of which we have knowledge, to which the Corporation is subject or by which it is bound.

6. Except as set forth in the final Official Statement, to the best of our knowledge, there is no action, suit, proceeding or investigation at law or in equity before or by any court or public board or body pending or threatened against the Corporation wherein an unfavorable decision, ruling or finding would in any way adversely affect provisions for the payment of principal or interest on the Bonds or the validity of the Bonds, the Resolutions, or any agreement or instrument to which the Corporation is a party which is used or contemplated for use in connection with consummation of the sale of the Bonds.

7. The offering and sale of the Bonds by the Corporation, and the resale of the Bonds as contemplated by the final Official Statement and the Certificate of Determination are exempt from registration under the Securities Act of 1933, as amended, pursuant to Section 3(a) (2) of such Act and there is no requirement for the qualification of the Resolutions or any indenture with respect to the Bonds pursuant to the Trust Indenture Act of 1939, as amended. The Bonds constitute “municipal securities” as such term is defined in the Securities Exchange Act of 1934, as amended.

8. In the course of the preparation by the Corporation of the final Official Statement, we participated in numerous conferences and conversations with certain of the Corporation's officials. In this connection, with the Corporation's concurrence, we did not undertake any independent examination or review of, or otherwise attempt to make any independent verification of, (i) any records or proceedings of, or any factual matters relating to or otherwise involving, the Corporation, the State of New York or any authority, agency or political subdivision thereof or therein, or (ii) any other factual matters contained in the final Official Statement. Accordingly, except with respect to the statements and summaries referred to in paragraph 9 hereof, we do not assume any responsibility for the accuracy, completeness or fairness of the statements contained in the final Official Statement. Further, we are not in a position to provide, and we hereby expressly disclaim, any commentary or assurances as to the adequacy or accuracy of the financial statements and other financial and statistical data contained in the final Official Statement. Subject to the foregoing limitations with respect to our engagement, no information was disclosed to us in connection with the preparation of the final Official Statement or in our conferences or conversations referred to above which has caused us to believe that the final Official Statement, as of the date thereof, and as of the date hereof, contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.
9. The statements set forth in the final Official Statement under the headings "Debt Issuance Plan", "Certain Developments Affecting the City—Federal Bankruptcy Legislation", "Various Control Programs" and "Litigation" are in all material respects accurate statements or summaries of the statutory provisions, documents or matters therein set forth.

All opinions rendered herein relating to the enforceability of the Corporation's obligations under the Resolutions or the Bonds are subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

All opinions rendered herein relating to the effect of the Constitution of the State of New York, or state or local finance laws upon the validity, binding effect or enforceability of the Resolutions or the Bonds are rendered in reliance upon the opinions of Hawkins, Delafield & Wood, Bond Counsel, of even date herewith addressed to the Corporation and, although we have made no independent investigation with respect thereto, such opinions are in form and substance satisfactory to us, and we believe that you and we are justified in relying thereon.

Gentlemen:

We have delivered to the Municipal Assistance Corporation For The City of New York (the "Corporation") an opinion dated the date hereof with respect to the issuance of $118,345,000 aggregate principal amount of the Series 45 Bonds of the Corporation, a copy of which is attached hereto. You are entitled to rely on such opinion as if the same were addressed to you.

Very truly yours,

Paul, Weiss, Rifkind, Wharton & Garrison
MUNICIPAL ASSISTANCE CORPORATION
FOR THE CITY OF NEW YORK
NEW YORK, NEW YORK

DEAR SIRS:

We have examined a record of proceedings relating to the issuance of $118,345,000 aggregate principal amount of Series 45 Bonds (the “Series 45 Bonds”) of the Municipal Assistance Corporation For The City of New York (the “Corporation”), a corporate governmental agency and instrumentality of the State of New York (the “State”) constituting a public benefit corporation, created and existing under and pursuant to the Constitution and statutes of the State, including the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the city of New York Act, being Titles I, II and III of Article 10 of the Public Authorities Law, Chapter 43-A of the Consolidated Laws of the State, as amended to the date hereof (the “Act”).

The Series 45 Bonds are authorized and issued under and pursuant to the Act and the Second General Bond Resolution of the Corporation, adopted November 25, 1975, as amended and supplemented to the date hereof (the “Second General Bond Resolution”) and the Series 45 Resolution, adopted April 12, 1983 (the “Series Resolution”) and are authorized in accordance with the Certificate of Determination of the Corporation dated May 5, 1983 (the “Certificate of Determination”). The Second General Bond Resolution and the Series Resolution are herein collectively called the “Resolutions”.

The Series 45 Bonds are part of an issue of bonds of the Corporation (the “Bonds”) which the Corporation has established and created under the terms of the Second General Bond Resolution and is authorized to issue from time to time for corporate purposes of the Corporation authorized by the Act, as then in effect and without limitation as to amount except as provided in the Resolutions and certain agreements of the Corporation or as may be limited by law. The Corporation has covenanted with the holders of certain bonds of the Corporation and with certain others to limit the issuance of additional bonds. The Series 45 Bonds are being issued for purposes set forth in the Resolutions.

The Corporation is authorized to issue Bonds, in addition to the Series 45 Bonds, only upon the terms and conditions set forth in the Second General Bond Resolution and such Bonds, when issued, shall with the Series 45 Bonds and with all other such Bonds theretofore issued, be entitled to the equal benefit, protection and security of the provisions, covenants and agreements of the Second General Bond Resolution.

The Series 45 Bonds are dated May 1, 1983 except as otherwise provided in the Resolutions with respect to registered Series 45 Bonds, will mature on July 1 in each of the years and will bear interest payable
semi-annually on January 1 and July 1 of each year, commencing on January 1, 1984 at the respective rates per annum shown below:

The Series 45 Bonds are issued either in coupon form in the denomination of $5,000, registrable as to principal only, or in registered form without coupons in the denomination of $5,000 or an integral multiple thereof. Coupon and fully registered Series 45 Bonds are interchangeable as provided in the Resolutions. Coupon Series 45 Bonds are numbered 45- and fully registered Series 45 Bonds are lettered and numbered 45R- followed, in each case, by the last two digits of the year of maturity and the number of the Series 45 Bond. Coupon Series 45 Bonds and fully registered Series 45 Bonds are numbered consecutively from one upward in order of issuance.

The Series 45 Bonds maturing after July 1, 1993 are subject to redemption at the election of the Corporation on and after July 1, 1993, as a whole on any date or in part, by lot, on any interest payment date, at the redemption prices (expressed as percentages of the principal amount), plus accrued interest, if any, to the date of redemption, as set forth in the Series Resolution.

Chapters 168, 196, 868 and 870 of the Laws of 1975, as amended to the date hereof, each enacted by the People of the State, represented in Senate and Assembly of the State and signed into law by the Governor of the State (the "Enabling Legislation") provide for, among other things, the insertion of the Act in the Public Authorities Law, creating the Corporation as aforesaid, adding a new section 92-e to Article 6 of the State Finance Law, constituting Chapter 56 of such Consolidated Laws, establishing a municipal assistance aid fund (the "Aid Assistance Fund") and a special account for the Corporation within the Aid Assistance Fund (the "Special Aid Account"), amending section 54 of the State Finance Law to provide for the apportionment and payment into the Special Aid Account of amounts of per capita aid appropriated by the Legislature of the State and otherwise payable out of the General Fund of the State to the City of New York, New York ("The City") thereunder subject to payments being made as follows: (i) any amounts required to be paid to the City University Construction Fund pursuant to the City University Construction Fund Act, Article 125-B of the Education Law, constituting Chapter 16 of such Consolidated Laws; (ii) any amounts required to be paid to the New York City Housing Development Corporation pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law, constituting Chapter 41 of such Consolidated Laws; (iii) any amounts required to be paid by The City to the New York City Transit Authority pursuant to the provisions of Chapter seven of the laws of the State of nineteen hundred seventy-two; (iv) any amounts required to be paid by The City to the State to repay an advance made in 1974 to subsidize the fare of the New York City Transit Authority; and (v) five hundred thousand dollars to the chief fiscal officer of The City for payment to the trustees of the police pension fund of such City pursuant to the provisions of paragraph e of subdivision 7 of such section 54 of the State Finance Law, suspending the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes pursuant to sections 1210 and 1212-A of Article 29 of the Tax Law, constituting Chapter 60 of such Consolidated Laws, and the taxes imposed pursuant to said sections, until all notes and bonds of the Corporation, including the Series 45 Bonds, and interest thereon have been fully paid and discharged, adding
a new section 92-d to Article 6 of the State Finance Law establishing a municipal assistance tax fund (the "Tax Assistance Fund") and a special account for the Corporation within the Tax Assistance Fund (the "Special Tax Account"), and adding a new section 1107 to Article 28 of said Tax Law imposing sales and compensating use taxes in The City at a rate of four percent (4%) on certain items therein described and at a rate of six percent (6%) on the sale of certain parking services (the "Sales Tax"), the revenues derived from which, less such amounts as the Commissioner of Taxation and Finance determines to be necessary for reasonable costs in administering, collecting and distributing such taxes, are required to be paid into the Special Tax Account, together with, after deducting such costs, such amounts, as may be required under the Enabling Legislation to be transferred from the Stock Transfer Tax Fund established by section 92-b of Article 6 of said State Finance Law, into which the revenues derived from a tax imposed by Article 12 of the Tax Law (the "Stock Transfer Tax") are deposited.

We are of the opinion that:

1. The Corporation is duly created and validly exists as a corporate governmental agency and instrumentality of the State constituting a public benefit corporation under the laws of the State, including the Constitution of the State and the Act, with the good right and lawful authority and power to adopt the Resolutions, to issue the Bonds including the Series 45 Bonds thereunder and in accordance with the Certificate of Determination and to perform the obligations and covenants contained in the Resolutions and the Series 45 Bonds. Under the laws of the State, including the Constitution of the State, and under the Constitution of the United States, the Enabling Legislation, including the Act, is valid with respect to all provisions thereof material to the subject matters of this opinion letter.

2. The Series Resolution has been duly and lawfully adopted in accordance with the provisions of the Second General Bond Resolution and is authorized and permitted by the Second General Bond Resolution. The Resolutions have been duly and lawfully adopted by the Corporation and both are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms, except for the covenant on behalf of the State required to be set forth in each Series 45 Bond pursuant to Chapter 201 of the Laws of New York of 1978 (the "State Covenant") as to which a separate opinion has been rendered on the date hereof, and no other authorization for the Resolutions is required. The Resolutions create the valid pledge and lien which they purport to create of the revenues, moneys, securities and funds held or set aside under the Resolutions, subject only to the application thereof to the purposes and on the conditions permitted by the Resolutions. The lien created by the Resolutions on such revenues, moneys, securities and funds in the Bond Service Fund and the Capital Reserve Fund is and will be prior to all other liens thereon. All revenues, moneys and securities, as and when received, in the Bond Service Fund and the Capital Reserve Fund in accordance with the Resolutions, will be validly subject to the pledge and lien created by the Resolutions.

3. The Series 45 Bonds have been duly and validly authorized and issued by the Corporation in accordance with the laws of the State, including the Constitution of the State and the Act, and in accordance with the Resolutions and the Certificate of Determination. The Series 45 Bonds are valid and binding general obligations of the Corporation payable as provided in the Resolutions, are enforceable in accordance with their terms, respectively, and the terms of the Resolutions, except as the enforceability thereof may be limited by bankruptcy, insolvency or similar laws validly enacted affecting creditors' rights or remedies generally, and, except as otherwise set forth with respect to the State Covenant as to which a separate opinion has been rendered as aforesaid, are entitled, together with additional Bonds issued under the Second General Bond Resolution, to the equal benefit, protection and security of the provisions, covenants and obligations of the Second General Bond Resolution and of the Act.

4. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenanted that the Chairman of the Corporation shall annually, on or before December 1, make and deliver to the Governor and Director of the Budget of the State his certificate stating such sum, if any, as shall be necessary to restore the amount in the Capital Reserve Fund to an amount equal to the Capital Reserve Fund requirement under the Second General Bond Resolution. Subdivision 3 of Section 3036-a of the Act
providing for the appropriation and payment to the Corporation for deposit in the Capital Reserve Fund of such sum as shall be so certified by the Chairman, does not constitute an enforceable obligation or debt of the State, the amount of such sum being subject to annual appropriation for such purpose by the Legislature of the State, which is empowered, but is not bound or obligated, to appropriate such amount.

5. Pursuant to the Act and the Second General Bond Resolution, the Corporation has validly covenanted that the Chairman of the Corporation shall certify to the State Comptroller and the Mayor of The City, the amounts required, pursuant to subdivision 1 of Section 3036 and of Section 3036-a of the Act, for deposit in the funds established by the Second General Bond Resolution at the time or times and in the manner provided therein, including the amounts required for deposit in the Bond Service Fund to pay all interest and all principal and redemption premium, if any, on bonds maturing or otherwise coming due and for deposit in the Capital Reserve Fund to maintain such Fund at such Capital Reserve Fund requirement. Said subdivisions provide for the State Comptroller to pay such amounts to the Corporation for deposit as aforesaid, the source of such payments being the Aid Assistance Fund into which is paid such per capita aid, subject to certain prior claims as described above, and, to the extent required, subject to the prior claim of the holders of obligations of the Corporation issued or to be issued pursuant to the First General Bond Resolution (as such term is defined in the Second General Bond Resolution), the Tax Assistance Fund into which is paid the Sales Tax, and to the extent required, out of the Stock Transfer Tax Fund, the Stock Transfer Tax. The amount of per capita aid payable to The City and available for apportionment and payment from the General Fund of the State treasury and of such payments out of the Aid and Tax Assistance Funds to the Corporation are subject to annual appropriation for such purposes by the Legislature of the State which is empowered, but is not bound or obligated, to appropriate any such amounts so certified by the Chairman, as aforesaid.

6. The Series 45 Bonds do not constitute a debt either of the State or of The City, and neither the State nor The City shall be liable thereon, nor shall the Series 45 Bonds be payable out of any funds other than those of the Corporation.

7. The State has the good right and lawful authority:

(a) to provide for the appropriation of, and at least annually to appropriate out of the General Fund of the State amounts for the purpose of per capita aid and to provide, with respect to certain amounts of such per capita aid payable to The City in accordance with the provisions of section 54 of the State Finance Law, for the apportionment and payment into the Special Aid Account, of amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make any, or maintain any level of, such appropriation of per capita aid or to continue such procedure for apportionment and payment of such aid;

(b) to provide for the appropriation of, and at least annually to appropriate to, the Corporation, from the Special Tax Account and from the Stock Transfer Tax Fund, amounts sufficient to enable the Corporation to fulfill the terms of the Resolutions and to carry out its corporate purposes, but the State is not bound or obligated to make such appropriations;

(c) to suspend the power of The City to adopt local laws for the imposition of certain sales and compensating use taxes and the taxes levied thereunder, in accordance with the Enabling Legislation;

(d) to impose and to increase or decrease the Sales Tax and the Stock Transfer Tax but the State is not bound or obligated to continue the imposition of said taxes; and
(c) to establish the Aid Assistance Fund and the Special Aid Account within the Aid Assistance Fund, the Stock Transfer Tax Fund, the Tax Assistance Fund and the Special Tax Account within the Tax Assistance Fund but the State is not bound or obligated to maintain the existence of said funds or accounts.

8. The Corporation, the holders of the Bonds, holders of any evidence of indebtedness of the Corporation or the holders of bonds or notes of The City do not have nor will they have a lien on the per capita aid referred to hereinbefore or the Stock Transfer Tax or the Stock Transfer Tax Fund, the Sales Tax, or the Special Accounts for the Corporation in the Aid and Tax Assistance Funds. We are further of the opinion that, in any suit, action or other proceeding (whether under Chapter 9 of the Federal Bankruptcy Code or otherwise) wherein a creditor of The City or The City seeks to assert a right to any such Taxes, such Stock Transfer Tax Fund or such Special Accounts superior or equal to the rights of holders of bonds issued under the Second General Bond Resolution, neither The City nor such creditor will prevail in the court of final jurisdiction.

9. Under existing law, upon any failure of the State Legislature to make required appropriations for State debt obligations or upon the establishment of a note repayment account pursuant to Section 55 of the State Finance Law, moneys on deposit in the Stock Transfer Tax Fund and the Tax Assistance Fund, including the Special Tax Account therein (each such account or fund as presently constituted being a special fund of the State), would not constitute revenues applicable to the General Fund of the State and hence neither Article 7, Section 16 of the State Constitution nor said Section 55 authorizes or mandates such moneys to be set apart by the State Comptroller either for the payment of State obligations or for deposit into such note repayment account. We are further of the opinion that, under existing law, collections of the Sales Tax and the Stock Transfer Tax which are to be deposited into the Special Tax Account and the Stock Transfer Tax Fund, do not constitute revenues applicable to the General Fund of the State and hence such collections would likewise not be authorized or mandated to be set apart or applied by the State Comptroller either for the payment of the State obligations or for deposit into such note repayment account. Per capita aid is, under existing law, derived from the General Fund of the State and hence, in the event of a failure to appropriate as above described, revenues of the State, otherwise applicable to the General Fund and therefore available for appropriation as per capita aid will be subject to being set apart, or applied as aforesaid.

10. Interest on the Series 45 Bonds is exempt from (i) Federal income taxes under the existing statutes, and (ii) personal income taxes imposed by the State of New York or any political subdivision thereof (including the City of New York), and the Series 45 Bonds are exempt from all taxation directly imposed thereon by or under authority of said State, except for estate or gift taxes and taxes on transfers.

11. No registration with, consent of, or approval by any governmental agency or commission is necessary for the execution and delivery and the issuance of the Series 45 Bonds.

12. The adoption and performance of, and compliance with, all of the terms and conditions of the Resolutions and the Series 45 Bonds, and the execution and delivery of the Series 45 Bonds, will not result in a violation of or be in conflict with any term or provision of any existing law.

We have examined the executed Series 45 Bond numbered 45-84-1 and, in our opinion, the form of said Bond and its execution are regular and proper.

Very truly yours,

Municipal Assistance Corporation
For The City of New York
New York, New York

Salomon Brothers Inc
New York, New York

Gentlemen:

We are Bond Counsel to the Municipal Assistance Corporation For The City of New York (the "Corporation") and are this day rendering our final approving opinion (the "Opinion") relating to the authorization and issuance of the Corporation's Series 45 Bonds (the "Bonds"), dated May 1, 1983 and authorized by the Second General Bond Resolution adopted by the Corporation on November 25, 1975, as amended and supplemented and the Series 45 Resolution, adopted April 12, 1983 (collectively, the "Resolutions").

In connection with the rendering of the Opinion, we have reviewed records of the acts taken by the Corporation in connection with the authorization, sale and issuance of the Bonds, were present at various meetings in connection therewith and have participated with others in the preparation of various parts of the Official Statement with respect to the Bonds dated April 20, 1983 (the "Official Statement").

In connection with the sale of the Bonds, at the request of the Corporation, we participated and assisted as Bond Counsel in the preparation of the Official Statement and have reviewed the information and representations contained therein. Rendering such assistance involved, among other things, discussions and inquiries concerning various and related subjects, and reviews of and reports on certain documents and proceedings. We also participated in conferences with the board of directors of the Corporation and its officers, agents and employees, the State Comptroller and his deputy and Paul, Weiss, Rifkind, Wharton & Garrison, General Counsel for the Corporation at which the
contents of the Official Statement and related matters were discussed and revised.

The statements set forth in the Official Statement under the headings PAYMENT OF THE BONDS (other than the statistical and financial information or statements of expectation or anticipation of the Corporation under the headings "Per Capita Aid", "Sales Tax", "Quarterly Collections of Sales and Compensating Use Taxes in the City" and "Quarterly Collections of Stock Transfer Tax"), DEBT SERVICE PAYMENT REQUIREMENTS AND ESTIMATED COVERAGE RATIOS (other than the statistical and financial information set forth therein), BONDS BEING OFFERED, AGREEMENT OF THE STATE OF NEW YORK and SUMMARY OF CERTAIN PROVISIONS OF THE SECOND GENERAL BOND RESOLUTION are accurate statements or summaries of the statutory provisions, documents or matters therein set forth.

In the course of the preparation of the Official Statement and in rendering the Opinion and this opinion we have received and relied upon the certificate of no litigation of the Corporation including statements to the effect that, except as noted in the Official Statement, there is no litigation of any nature now pending or threatened restraining or enjoining the issuance, sale, execution or delivery of the Bonds, or in any way contesting or affecting the validity of the Bonds, any proceedings of the Corporation taken with respect to the issuance thereof, the pledge or application of any revenues, moneys or securities provided for the payment of the Bonds or the existence or powers of the Corporation. In such connection, we have also received and relied upon the opinion of Paul, Weiss, Rifkind, Wharton & Garrison, dated the date hereof, with respect to the absence of litigation against the Corporation. While, except as above stated with respect to information under certain specific headings, we have not undertaken to verify independently and take no responsibility for the correctness or completeness of the statements made in the Official Statement (or in the statistical and financial information, as to which we express no opinion), we can and do advise you that in the course of our participation in the preparation of the Official Statement and in our review thereof in the light of the discussion, inquiries and conferences referred to above, nothing has come to our attention which would lead us to believe that the Official Statement contains any untrue statement of a material fact or omits to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

We are further of the opinion that the issuance and sale to you of the Bonds is exempt from registration under the Securities Act of 1933, as amended, and the resale of the Bonds by you would be similarly exempt from registration under the Securities Act of 1933, as amended, and there is no requirement
for the qualification of the Resolutions or any indenture with respect to the Bonds pursuant to the Trust Indenture Act of 1939, as amended, and the Bonds constitute "municipal securities" within the meaning of the Securities Exchange Act of 1934, as amended.

We are further of the opinion that the Bonds are legal investments, under present provisions of New York law, for all public officers and bodies of the State and political subdivisions of the State and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of the State.

Very truly yours,

Municipal Assistance Corporation
For The City of New York
New York, New York

Gentlemen:

We have reviewed the accompanying arbitrage certificate of Mr. Steven J. Kantor, Treasurer of the Municipal Assistance Corporation For The City of New York (herein called the "Corporation") relating to the reasonable expectation as of the date of issuance of the Corporation's Series 45 Bonds, dated May 1, 1983 (herein called the "Bonds"), that the proceeds of the Bonds will not be used in a manner that would cause the Bonds to be "arbitrage bonds" within the meaning of Section 103(c) of the Internal Revenue Code of 1954, as amended to the date hereof.

Based upon our examination of law and review of such certification, it is our opinion that the facts, estimates and circumstances set forth in such certification are sufficient to satisfy the criteria which are necessary under said Section 103(c) and Sections 1.103-13, 1.103-14 and 1.103-15 of the regulations thereunder to support the conclusion that the Bonds will not be "arbitrage bonds" within the meaning of said Section of the Code. No matters have come to our attention which, in our opinion, make unreasonable or incorrect the representations made in such certification.

Very truly yours,

Municipal Assistance Corporation

New York, New York

Dear Sirs:

You have requested our opinion as to (i) the validity of the New York State Financial Emergency Act For The City of New York (Chapter 868 of the Laws of New York of 1975) as amended to the date hereof (the "Act") and (ii) the enforceability by a holder of obligations of the Municipal Assistance Corporation For The City of New York (the "Corporation") of the covenant of the State of New York (the "State") authorized and required to be included in certain of such obligations pursuant to Section 10-a of the Act (the "State Covenant"), assuming the State Covenant is included in such obligations.

Although the matter is not free from doubt, we are of the opinion that a court of final jurisdiction would hold:

1. That the Act has been duly enacted, and under the Constitution and laws of the State, is valid; provided, however, that we express no opinion with respect to those portions of the Act relating to collective bargaining.

2. That the State Covenant is enforceable against the State by any holder of an obligation of the Corporation reciting the State Covenant, provided that the court in which enforcement is sought holds that its inclusion in such obligation constitutes an important security provision of such obligation.

The foregoing is limited to the extent that the enforceability of the Act or any part thereof is subject at all times to the proper exercise of the State's re-serve police power.

Very truly yours,

Re: United States Trust Company of
New York - Municipal Assistance
Corporation For The City of
New York - Series 45 Bonds

Mesdames and Gentlemen:

Our client, United States Trust Company of New York, has requested that we furnish you with our opinion as to its authority to act as Trustee pursuant to its appointment by Municipal Assistance Corporation For The City of New York (the Corporation) in the Second General Bond Resolution adopted by the Corporation on November 25, 1975 (the Second General Bond Resolution), as amended and supplemented, and as to its due authentication and delivery of the Corporation's Series 45 Bonds issued today in the aggregate principal amount of $118,345,000 (the Bonds) pursuant to the Second General Bond Resolution and the Series 45 Resolution adopted by the Corporation on April 12, 1983 (collectively, the Resolutions), and being sold today pursuant to the Official Statement dated April 20, 1983 of the Corporation.

We have examined the Resolutions, the certificate dated today of the Trustee as to the due authentication and delivery of the Bonds, and such other documents as we have deemed necessary in order to render our opinions hereinafter expressed.
Based upon the foregoing, we are of the opinion that:

1. United States Trust Company of New York is a duly organized and validly existing corporation having the powers of a trust company under the laws of the State of New York and is authorized to act as Trustee under the Resolutions and to exercise all of the rights, powers and obligations of the Trustee.

2. The Trustee has duly authenticated and delivered the Bonds.

Very truly yours,

OF SERIES 45 BOND PROCEEDS

5 May 1983

United States Trust Company
of New York
45 Wall Street
New York, New York 10005

Ladies and Gentlemen:

You have today received the amount of $115,143,535.85 from the Municipal Assistance Corporation For The City of New York (the "Corporation") by check payable in Federal funds which, together with the deposit of $1,000,000 received on April 19, 1983, constitutes the aggregate proceeds, including accrued interest, of the Corporation's sale of its $118,345,000 aggregate principal amount of Series 45 Bonds dated May 1, 1983 (the "Proceeds"). You are hereby requested, authorized and ordered to deposit the Proceeds in the Corporation's Proceeds Account (the "Proceeds Account").

You are hereby further requested, authorized and ordered to deposit on May 5, 1983 $95,439.90 of the Proceeds Account in the Bond Service Fund under the Second General Bond Resolution adopted November 25, 1975, as amended and supplemented (the "Second General Resolution"). The balance of $116,048,095.95 shall continue to be held in the Proceeds Account pending further written direction from the Corporation, which direction shall cause such balance to be used to purchase bonds issued by the City of New York to finance capital improvements.

Pending directions as to the expenditure of the Proceeds Account and the Bond Service Fund for the purposes authorized by the Second General Resolution, you are hereby requested, authorized and directed to invest monies in the Bond Service Fund and the Proceeds Account, and any accrued interest thereon, in the manner provided in Section 702 of the Second General Resolution.

SERIES 45 BONDS

MEMORANDUM OF CLOSING ON MAY 5, 1983

At a closing held on May 5, 1983, the Municipal Assistance Corporation For The City of New York (the "Corporation") issued and sold to Salomon Brothers Inc (the "Purchaser") $118,345,000 aggregate principal amount of the Corporation's Series 45 Bonds maturing in the amounts and on the dates and bearing interest at the rates per annum set forth in the Corporation's Official Statement dated April 20, 1983 (the "Official Statement").

Prior to the Closing, the Corporation solicited bids from interested purchasers pursuant to a Notice of Sale with respect to the Series 45 Bonds dated April 13, 1983 and published in The Daily Bond Buyer on April 13, 1983 (the "Notice of Sale"). Pursuant to said Notice of Sale, the bids were opened on April 19, 1983, and the Series 45 Bonds were awarded by the Corporation's Executive Director to the Purchaser.

The Series 45 Bonds were issued pursuant to the New York State Municipal Assistance Corporation Act, as amended by the Municipal Assistance Corporation for the city of New York Act, each as further amended, said Acts being Titles I, II and III of Article 10 of the Public Authorities Law (constituting Chapter 43-A of the Consolidated Laws of the State of New York), the Second General Bond Resolution, adopted by the Corporation on November 25, 1975, as amended and supplemented (the "Second General Bond Resolution"), and the Series 45 Resolution (the "Series 45 Resolution"), adopted by the Corporation on April 12, 1983 and the Certificate of Determination of the Corporation dated May 5, 1983 (the "Certificate of Determination").
