Baruch College Smoking Policy

Baruch College is a non-smoking institution except in designated locations. If you have any questions about where you may go to smoke, check with a public safety officer or the school's website for the location of the nearest smoking designated areas. Smoking is not allowed inside any building on campus, including entry canopies. Smoking is limited to outdoor designated smoking areas. These areas will be identified with signage. No smoking is permitted within 20 feet of any building door, window or air intake. The smoking areas are located near the center of the South side and at the Northeast side of the Vertical Campus and the Southeast corner of the Library.

Smokers are responsible for the proper and safe disposal of smoking materials in designated smoking receptacles. This policy protects the rights of non-smokers to enjoy a smoke free environment. It relies on the cooperation of the entire college community, smokers and non-smokers. It is the responsibility of all members of our college community to observe the smoking policy and to direct those who choose to smoke to do so only in the designated smoking areas.
