Better Test-Taking: Ten Steps

- Review all notes and relevant material beforehand.
- Quickly preview the entire test.
- Be sure you understand the questions.
- Gauge how much time you'll need for each part of the test.
- Answer easy questions.
- Skip difficult questions.
- Review skipped questions.
- Guess at remaining questions.
- Review the entire test.
- Use ALL the test time!

Be Sure to Analyze Your Test Results

- Did you misread directions?
- Did you make careless errors?
- Did you make concept errors?
- Did you make application errors?
- Did you make test-taking errors?
- Did you make study errors?

Why did you make errors? Find out by going to www.baruch.cuny.edu/sacc/assessment.htm
