[NOTE: We highly recommend that you complete all fields, so you can easily re-activate your account.]

Students! It is strongly recommended that you login to your e-mail account at least once every 6 months, to ensure that your messages and attachments are kept intact. In the event that you do not login to your email account for an extended period of time, it will be disabled. While a campus Live account will never be actually deleted from the system, the contents of your inbox will be cleared.
