The Annual Giving program is focusing on growing the percentage of alumni supporting the College and significantly increasing the number of donors at the $1,000 and $20,000+ levels. **PLEDGED TO THE ANNUAL FUND TO DATE:** $1,080,000.

4. **PLANNED GIVING:** We are recruiting a Director of Planned Giving to market and secure $5 million per year in long-term planned and estate gifts from alumni and friends. We have rolled out our program in four states (NY, NJ, CA, and FL).

5. **COMMUNICATIONS & MARKETING:** The Advertising plan is fully implemented (“The American Dream Still Works”), and we are moving forward with Year Two of the advertising campaign, adjusting as needed as a result of market research study and institutional needs. We are conducting follow-up research to determine effectiveness of marketing and advertising strategies and integrating marketing and communications efforts of all schools and other units into strategy and tactics. The C&M team is focusing on supporting the College’s fundraising goals, and leading the marketing strategy for Top our25 campaign. We are pursuing a plan to create a Public Index that would attract attention to Baruch and establish it as an authoritative source in a strategic area, such as small business and entrepreneurship. A major emphasis is being put on enhancing our web and e-mail communication with key external audiences, including maintaining monthly E-Newsletter. Lastly, we are seeking to use the Web and e-mail effectively for College-wide communication.

6. **UNDERGRADUATE CAREER DEVELOPMENT CENTER (CDC):** The President asked the VP/OCA to temporarily supervise the CDC beginning in June 2003. A plan for a new organizational model has been drafted and approved by the President and should be in place for January 2004. (An interim report to the President is attached.) Overall, We have established a goal of insuring that at least 50% of all Baruch graduates are employed in the field of their choice at graduation.
