Attention: Dan Dolan

Dear Mr. Dolan:

As a governmental entity, the City University of New York is exempt from the payment of New York State and local sales and use taxes on its purchases of tangible personal property and services.

Governmental entities are not usually issued exemption numbers. Vendors who request a tax exemption number or an Exempt Organization Certification may be given copies of this letter.

Notice to Vendors

The City University of New York may make tax free purchases by presenting you with its official purchase order. Governmental purchase orders are the only evidence you need to substantiate exempt sales to governmental purchasers.

Very truly yours,

Phyllis Van Patten
