Get Immunized!

Don’t let measles, mumps or rubella keep you out of school!

You must fulfill immunization requirements before you register.

Baruch College requires that all students comply with NYS Public Health Law 2165 and NYS Public Health Law 2167.

State Law 2165 requires that all students born after December 31, 1956, provide proof of immunity against measles, mumps and rubella.

State Law 2167 requires colleges and universities, to distribute information about Meningococcal disease (meningitis) and vaccination to all students meeting enrollment criteria, whether they live on or off campus. This law became effective on August 15, 2003.

Due Dates for Payment of Tuition and New Cancellation Policy

Any student who registers between April 18 and May 2 will receive a confirmation/invoice in the mail. **If you do not receive your bill in the mail, you must pick one up from the Bursar's Office and pay by the due dates below.** No additional warning of cancellation will be sent to students. This is your official notification of tuition due dates. Be sure to read the payment instructions on the following page.

Failure to pay your tuition and fees by the date due will result in the cancellation of your registration requests for both summer sessions. Students cancelled for nonpayment will not be able to register again until the next available registration dates listed below. Most students will find that their original requests unavailable at the time and will have to register for alternate programs.

*Please note: your due date is calculated from the date of your first registration transaction on the system even if you do not successfully register. A change of program (adding, dropping, or exchanging a class) does not change your original payment due date.

Students who need to speak with a college representative regarding deferments should go to the Registration Center in the front lobby of the Library Building, 151 East 25th Street. The Office of the Bursar is open from 9:15am to 6:00pm Monday through Thursday and on Fridays from 9:15am to 4:45pm. The college will be closed on Fridays from the last week of June till the first week of August.

**NOTE:** While students may receive a deferment for the summer sessions, they will not be able to register for the Fall 2005 semester until summer tuition and fees are paid in full. For example, if your due date for your deferred tuition is June 28 and your Fall 2005 registration appointment is June 21, you will not be able to register until all summer tuition and fees are paid in full.

Detach the bottom portion of the payment invoice when making your payment. Space is provided for you to record your 16-digit credit card number, the expiration date, and signature. If you are using a credit card to pay your tuition and fees in person, the owner of the card must be present. Baruch will not process a credit card payment if the owner of the card is not present. The College does not accept requests for credit and payment or refund by FAX or telephone.

As of September 1, 2003 all students pursuing an associate or bachelor’s degree at CUNY must take and pass the CPE. Passage of the examination is a requirement for the associate degree, while students pursuing a bachelor’s degree must pass by the time they have completed their 60th credit. Effective September 1, 2003, these requirements apply to all students pursuing these two degrees, no matter when they first entered CUNY. (Exemptions that previously had been in effect for freshmen who had matriculated at CUNY before Fall 1999 and for transfers who first arrived before Fall 2000 are no longer in force.)

Transfer Students from outside CUNY

No previous attendance at CUNY. All new transfers must take and pass the CPE.
- Students transferring to a senior college who enter with 45 or more credits must take the CPE in their first semester at CUNY and must pass it by their 60th credits.
- Those who enter with 60 or more credits (unless exempted) must take the CPE at the first administration of the exam after they enter.
- Transfers entering with fewer than 45 credits must take the CUNY Basic Skills Tests (unless exempted) before entering and follow placement recommendations. They must pass the CPE by the time they have completed their 60th credit.

Students transferring within CUNY

Previous attendance at CUNY. All students in this category now must take and pass the CPE, no matter when they first enrolled at CUNY. (Same credit conditions as above.)
- All students transferring with CUNY must fulfill the CUNY basic skills requirements before transferring.
- Students transferring within CUNY with more than 45 credits should have taken the CPE at least once before transferring.
- Senior colleges may (but are not required to) admit CUNY students to a baccalaureate program if they have completed all requirements for the associate degree except passing the CPE. These transfer students must take the examination during the first semester of baccalaureate study and thereafter as required. These transfer students are not eligible for the benefits accorded by the articulation policy of 2000 to associate degree recipients at the senior colleges until they pass the CPE and are awarded the associate degree. Under the articulation policy, students who have completed an associate degree are able to transfer all of their credits to the senior college.

Exemptions: Students who have earned a bachelor’s degree or a higher degree from an accredited program are exempted from CPE requirements.

What are the rules and procedures that apply to taking the CPE?
- You must take the CPE after you have completed 45 credits. If you are a new transfer student with 45 or more credits, you will take the CPE in your first semester at CUNY.
- You may take the CPE for the first time during the semester in which you register for your 45th credit.
- You must be in good academic standing – students whose GPA is below 2.0 may not take the CPE.
- You must have met the CUNY basic skills requirements in reading and writing in order to qualify to take the CPE.
- You may take the CPE three times and may appeal for a fourth attempt if necessary.

How do I register for the CPE?

You may register for the CPE at your college Testing Office early in the semester, 2-3 weeks before the test date:
- Colleges will send letters to students who have completed 45 or more credits reminding them to register.
- If you have completed 45 or more credits, you must register for and take the CPE even if you do not receive a letter from your college. You will forfeit one of your chances to take the CPE if you skip a required administration.

Other Information

Grade Index And Retention:

Students will be placed on grade point average probation at the end of the Spring semester if their cumulative GPA falls below the minimum level indicated below:

- For Undergraduate students: 2.0
- For Graduate students: 3.0

Students will have one full academic year (Fall and Spring semesters) in which to raise their cumulative GPA. Failure to raise their cumulative GPA will result in academic dismissal from the College.

N.B.: Students who reenter the College on probation in the Spring semester must meet the terms of probation in that semester or they will be dismissed.

While on probation, students are restricted to no more than 4 courses (12 equated credits) each semester.

The following are violations of probation:

- Grades of FIN, FAB, FPN, WU, WF, or F in any course that have not been removed from the cumulative GPA by the repetition of the course with a grade of C or better;
- Students on probation are urged to take advantage of the Student Academic Consulting Center. SACC is located in Room 02-116 in the Vertical Campus. The telephone number is (646) 312-4830.

Students who are on probation may not hold office in student government or on publications, sit on College committees, or engage in varsity sports; they are also advised to limit club activities.

Make-up of ABS and INC Grades:

Permission to take a make-up examination is given only under special circumstances and must be obtained only from the Department in which you earned the ABS grade. Failure to resolve an incomplete or absence grade within the designated time will result in the grade being computed as an F.

INC is given only at the discretion of an instructor to allow a student who has been doing passing work additional time to complete a project or a report.

ABS is assigned if the student is doing passing work and is absent with cause from the final examination.

Students with either ABS or INC are not permitted to “sit-in” in the same course during the succeeding semester nor may they register for the same course in the semester immediately following the receipt of the INC or ABS grade.

How to Proceed if you are given an INC:

1. Contact your instructor to determine the coursework missed.
2. Turn in the work early enough to allow the instructor to submit a grade by the end of the succeeding semester.

How to Proceed if you are given an ABS:

1. Present documentary evidence (medical or legal) for your absence to the department in which you earned the ABS before November 1 (Spring) or April 1 (Fall) and request to take a make-up examination.
2. If your request is approved, take the form to the Bursar’s Office and have them record receipt of the $15 fee to take the examination. The form is then to be returned to the department.
3. You must then report to the department to find out the date of the examination, and you will take the examination on the date so designated.
4. The department will report the grade to the Registrar’s Office to enter the change of grade.
5. Check your transcript for the change of grade.
Repeating Failing Grades:

Undergraduate students may replace a maximum of 16 credits of failing grades if the same courses are repeated with a minimum grade of C. The cumulative GPA will be recomputed to reflect only the passing grade; the semester GPA will not be changed. The following points should be noted:

- A maximum of 16 credits of failing grades (F, FIN, FAB, FPN, WU, or WF) may be deleted from the calculation of the cumulative GPA during an undergraduate’s enrollment in CUNY. Whether students remain at a single college or transfer from one CUNY college to another, no more than 16 credits of failing grades can be replaced in the calculation of the cumulative GPA. Should the 16 credit limit be reached at a college other than Baruch, a student will not be permitted to replace failing credits.
- The course(s) used to replace failing grades must have been taken in the Fall’90 semester or later.
- For a grade of C or better to replace a grade of F in the calculation of the cumulative GPA, the failing grade must have been received at Baruch; it may not have been received at another college. Courses taken at another college may not be used to replace a failing grade at Baruch.
- If a course for which a student wants the failing grade to be replaced by a grade of C or better was taken prior to September 1, 1984, the student must receive the approval of the appropriate committee on academic standing.
- A failing grade may not be partially replaced; if a student has replaced 14 credits of failing grades and subsequently receives a grade of C or better in another 3 credit course which was previously failed, the failing grade cannot be replaced.
- If a student has received more than one failing grade for the same course and subsequently earns a grade of C or better in the course, the initial failing grades will be deleted from the calculation of the cumulative GPA, subject to the 16 credit limit.
- If a student fails a course which was taken on a pass/fail basis and subsequently retakes the course, the grade of C or better must be earned in order for the failing grade to be replaced.
- If the course number or title of a course was changed in the period between the receipt of the failing grade and the repetition of the course but the content remained the same, the failing grade will be replaced if a grade of C or better was received in the repeated course.
- If the content of the course was changed in the period between the receipt of the failing grade and the repetition of the course, or when a student has been allowed to substitute one course for another, the declaration of course equivalency for the purpose of deleting the failing grade from the calculation of the cumulative GPA will be at the discretion of the appropriate committee on academic standing.
- The cumulative GPA calculated on the basis of this policy is to be used for purposes of retention and graduation from the College and the admission to and continuance in a major or specialization. It will not be used to calculate graduation honors, the deans list, or departmental honors at graduation.

Any student who does not want a repeated course to replace a previously recorded failing grade should notify the Registrar so that the replacement does not take place. This request may be made at any time after the second enrollment provided the student is enrolled in the College.

Note: Students may not repeat courses where a passing grade has been earned.
Readmission Policy

Students who have been absent from the college for a term must apply for readmission at the Registrar’s Office.

Students who complete the term in which they are currently enrolled but do not register for the following term must file an application for Readmission at the Registrar’s Office prior to the semester they wish to return.

Students who withdraw from all courses during the first three weeks of the semester must apply for readmission prior to the semester they wish to return. When students are readmitted to the College, they are subject to any new curriculum requirements in effect at the date of their return.

How to Proceed: Application for readmission is available at the Registrar’s Office as well as www.baruch.cuny.edu/registrar. Submit the application along with a $10.00 check or money order payable to Baruch College at the Registrar’s Office by the due date posted on the website.

Application and Registration for Credit Overload

Fall/Spring Semester:
A student’s initial program load in either the Fall or Spring semester may not exceed 18 equated credits. Permission to register for credit overload to exceed 18 credits (maximum 21 credits) must be obtained in advance of registration from the Center for Advisement and Orientation.

Summer Sessions:
The program load for the summer sessions is a maximum of two (2) courses in summer sessions which begin in June and two (2) courses in summer sessions that begin in July for a maximum of four courses. Permission to register for a credit overload to exceed two (2) courses in one summer session must be obtained in advance from the Center for Advisement and Orientation. Students may not take more than three (3) courses in one summer session. The maximum course load for the summer semester is five (5) courses.

Additional Requirements/Restrictions:
1. The minimum grade point average required for approval of a credit overload is 3.5 in the Zicklin School of Business. The Weissman School and the School of Public Affairs require a 3.0 GPA.
2. First semester transfer students and first semester freshmen are not permitted to register for a credit overload.
3. Students enrolled in CSTM; or CSTE are not permitted to register for a credit overload.
4. Applications must be submitted to the Center for Advisement and Orientation, One Bernard Baruch Way, Vertical Campus, Room 5-215, prior to registration.
5. Students who receive permission for a credit overload and register for excess credits may not drop any of their courses during the semester.
6. Students who receive permission to register for more than 18 credits will be charged the CUNY Accelerated Study Fee listed in this schedule.
Late Registration

If you do not register during the scheduled registration period, you may register in-person during the Late Registration Period, June 2, 3 for Summer Session I and July 11, 12 for Summer Session II. A $15.00 fee will be charged for Late Registration.

If you need to alter an existing program by dropping, adding, and/or substituting courses, you may do so via eSIMS during the regular registration period or in-person during late registration. When substituting courses it is important that you use the ADD/REPLACE option of e-SIMS, otherwise erroneous charges are incurred. A fee of $10.00 is charged each time you change your program during the late registration period. Please note that a change of program is any change of a prior approved registration involving the addition of a course or a substitution of a section. A change of program fee may be waived if the change is made due to a cancelled course. The confirmation/bill must be adjusted at the Registrar’s Office.

As a convenience, instructors’ names are listed in this Schedule of Classes. These are subject to change. A Change of Program fee will not be waived because of a change of instructor.

If, as a result of a program change, tuition is due, you are required to pay additional tuition at the Bursar’s Office. Even if the “balance due” indicates zero, your confirmation/bill must be processed at the cashier’s window. Contact the Bursar’s office if a refund is due.

CUNYCard

Once you have paid your tuition and fees, bring your CUNYCard and Bursar’s receipt to the lobby of 151 E 25 Street. New students need to bring their Bursar’s receipt to the ID center, room 137, 151E 25 Street to have their ID photo taken. Continuing students who must obtain a replacement ID card should go to the ID center. There is a $10.00 fee (cash only) for the replacement. Obtaining a validated ID card is of the utmost importance. The library building at 151 E 25 Street and the new Vertical Campus require a validated ID card to gain access.

International Students

International students must register and complete 12 credits per semester (excluding summer). A student who drops below a full-time course of study has violated their F-1/J-1 immigration status even if the academic advisor recommends the drop, unless the drop is permissible under strict Immigration And Naturalization Service (INS) and Department of State regulations. If you need additional information contact International Student Office, Room 880, 151 East 25 St.

- A local address must be on file with the Registrar at all times for all International students.
- Change of major must be noted on your I-20
- Whenever traveling outside of the United States, all International students must contact the ISSC in person two weeks prior to departure.

Registration Using eSIMS
http://esims.cuny.edu/bb

Enter your Student ID Number and PIN. Once you are logged in, you may:

- Change your PIN
- Update your e-mail address
- Check Open Sections for Summer 2005
- Check your grades and schedule for previous semesters.
- Register for the Summer 2005 sessions
- Check your transcript
- Check your tuition and financial aid information

You may add up to 5 courses at a time. Enter the 4-digit registration codes for each request and then press ADD. If your courses are open and you have the prerequisites for them, they will appear with the indication CURRENTLY REGISTERED. For each course you are currently registered for, you will see two buttons: DROP or REPLACE. Use DROP to drop the section completely; use REPLACE to replace the section with another section.

When you select the option to review your schedule, you will see a grid showing the classes for which you are registered by each day of the week. For summer sessions, the grid will reflect the sessions by starting and ending dates.

Be sure to sign off completely at the end so that the next person using the computer does not access your records.

Your web browser must be able to accommodate 128-bit encryption in order to use eSIMS. You can check your web browser by following the directions on the sign in page of eSIMS.
