How to Join a Self-Enrollment Organization on Blackboard
1. Log in to Blackboard. From the Home Page (shown below), locate the Organization Search module. You may need to scroll down on this page to locate it.
2. In the search text field, enter in the first word or two of the title of the Organization you want to Self-Enroll in.

In this example, I am searching for the Blackboard Admins Organization. So I just type in Blackboard Admin. Typing in the whole name results in a negative result, but typing in the first word or two of the title of the organization provides a positive result.

Click **Go** to begin searching...
3. Click on the **ORGANIZATION ID** associated with the **ORGANIZATION NAME** you will self-enroll in.
4. Click **Enroll** on the left to begin the Self-Enrollment process.
5. Click **Submit** on the right to go to the next step.
6. Success! Click **OK** on the right to be brought back to the *Organization* page.
You have successfully completed the Self-Enrollment process for the organization of your choosing!
