## Core Courses

Students who have completed twelve undergraduate credits, with a grade in each course of at least B, in a Zicklin core course area within five years prior to enrolling in Zicklin's part-time MBA program may petition the Zicklin Office of Graduate Programs to substitute an advanced course in the same area for the core course requirement. This option is not available to students in Zicklin's cohort programs: Full-Time MBA, Executive MBA, and MBA in Healthcare Administration.

## Major (12 - 15 credits)

Students choose from a wide array of MBA majors, and may pursue a single or a double major, or they can tailor a program to their specific needs through a self-designed major. In order to satisfy the current requirements for New York State CPA certification, accountancy majors require additional courses as determined by the Stan Ross Department of Accountancy.

## Electives (Minimum of 3 courses; 9 - 12 credits)

Students customize their program by selecting a minimum of three elective courses (9 credits) from among any 9000-level courses given by departments offering courses in the MBA program (or interdisciplinary courses). Students can use electives for a second major or to pursue course work in areas outside of their major, including study abroad, and can include one graduate-level course in either the School of Public Affairs or the Weissman School of Arts and Sciences, with permission of these schools. Eligible students may seek a graduate internship to satisfy elective credit. Special conditions apply to the 150-credit-hour accountancy program.

**Note:** The number of required major and elective credits is adjusted as of spring 2016 to reflect changes in business communication core course credits; the MBA remains 57 credits.
