

ESRI International Data

 Datasets on this page are copyrighted for use by current City University of New York (CUNY) students, faculty, and staff for non-profit, educational, and research purposes. Commercial use and redistribution of the data is prohibited. Some of these datasets (marked with an asterisk *) cannot be distributed publicly over the Internet; current members of CUNY should use their CUNY email address and contact the [geospatial data librarian](#) to access restricted datasets. **If you are NOT affiliated with CUNY you may NOT request access.**

Datasets on this page were produced by ESRI, the makers of ArcGIS, between 2006 and 2013 (Arc 9.2 to 10.2). The datasets that can be publicly shared (i.e. that have a download link) are copyrighted; see [ESRI's Redistribution Rights](#) for use restrictions. For public, freely accessible alternatives to this data visit [External Links to GIS Data](#).

World

Datasets marked with an asterisk are not available for download.

Name	Features	File Type	Year	Download	Metadata
