

Real Estate (MS)

For additional program information see the [Zicklin School website](#)

The Master of Science in Real Estate delivers core real estate business knowledge and management skills including knowledge and technical training specific to the real estate industry. Students who earn the MS degree in real estate complete a 30-credit curriculum consisting of 18 credits (6 courses) of required study and 12 credits (4 courses) of elective study. The 30-credit MS Program in Real Estate is available as a Zicklin School flex-time program, which allows candidates to take courses on either a part-time or full-time schedule each semester. Graduates are typically positioned for many varied and promising positions with real estate investment and development firms in the country and abroad, as well as appraisal and market and financial analysis consulting firms, property accounting firms, insurance companies, pension funds, banks and financial institutions, investment banks, real estate investment trusts, mortgage security underwriters, commingled real estate funds, regulatory agencies, and firms with large real estate holdings.
