Re: MTA Fare Increase

As you may be aware, effective Sunday, April 21st, 2019, the MTA New York City Transit (MTA NYCT) will be raising the fares of various MTA NYCT products including but not limited to the 30-Day Unlimited Ride MetroCard from \$121.00 to \$127.00 per month. Fare increases will also take effect for the MTA Metro North Rail Road and Long Island Rail Road trips. Please visit www.MTA.info for a complete list of changes.

If you wish to increase your contribution and maximize your benefit given the new rate, or if you wish to enroll, suspend payroll deductions or discontinue enrollment in the Commuter Benefits Program, you must complete the [Transit Benefit Enrollment Form](#).

All completed forms must be returned to the Office of Human Resources for processing.

Should you have any additional questions and/or concerns, please contact the Benefits Department at 646-660-6607 or 646-660-6598.

Regards,

Sabina Richards,
Deputy Director, Office of Human Resources
