

Factbook Graphs 2013

Office of Institutional Research

Introduction

Welcome to the the Baruch College Factbook compiled by the Office of Institutional Research and Program Assessment. The Factbook provides a comprehensive overview of the demographic characteristics and enrollment patterns of undergraduate and graduate students attending Baruch College. Trends are presented by time status, gender, ethnicity, discipline, county of residence and school. The data are displayed in a chart format for this report.

The Factbook is a resource for Baruch College administrators involved in the operation, decision-making and planning functions of the college. The Office of Institutional Research also makes available additional information to individual schools, departments and programs to meet their needs in the assessment of outcomes to improve teaching and student learning.

The table of contents (located on the left panel) is organized into several categories that contain enrollment and demographic data. By clicking on the categories that are hyperlinked one can examine data associated with a particular category.

Acknowledgements

Many thanks to the CUNY Central Office of Institutional Research and Assessment for creating a centralized data warehouse, which was the main source of data used to compile this eFactbook. We are also grateful to faculty and staff of Baruch College for providing ideas and suggestions on the format and presentation of the eFactbook.
