1. Log in & Select Course:
Visit the website, click "Faculty" at the top of the page, and then click "Log in." Sign in with your CUNY Login account to view the courses you are scheduled to teach. Click the "Fix" button on one of your courses to begin the adoption process.

2a. Add Textbooks:
Use the search box to type in the ISBN or title of a text. When you click on a search result, a pop-up page will appear with pricing and edition information. Click "Adopt" to add it to your course. Continue adding texts to your course as needed.

2b. Re-select Textbooks:
If you have submitted textbooks to the Bookstore in prior terms and would like to use them again, locate your Course History, directly under the search box, and simply re-select them.

2c. Set Textbook Requirements:
   a. Required or Optional: Mark whether students are required to have this text for your class or if it is optional.
   b. New Only: If your course requires digital courseware materials, like access codes, lab manuals, or other one-time-use products, select "New Only." When you leave "New Only" unchecked, the Bookstore will also offer used, eBook, rental, and marketplace options for sale in addition to new.
   c. Alternate Adoption Settings: If your course does not require textbooks at all, check the box next to "Alternate Adoption Settings" and then select the reason why.

3. Optional Step:
Add Course Notes (e.g. attach a syllabus or leave a message for students to read).

4. Review Course:
Review how students will see your course when they visit the Bookstore website.

5. Submit Course:
Click "Submit" to complete your course material adoption. If you teach two or more sections of the same course, you can copy the information to all sections.
